13 SPECIAL ASSISTANCE AUTHORIZATION

14 SEC. 806. Section 305 (c) of the Federal National  
 15 Mortgage Association Charter Act is amended—

16 (1) by striking out “and” after “July 1, 1967,”  
 17 and inserting in lieu thereof “by”; and

18 (2) by striking out the period and inserting in lieu  
 19 thereof “, and by \$500,000,000 on July 1, 1969.”

20 AMENDMENTS TO OTHER LAWS

21 SEC. 807. (a) Section 306 (b) of the Housing Act of  
 22 1959 is amended by striking out “Federal National Mort-  
 23 gage Association pursuant” and inserting in lieu thereof  
 24 “Government National Mortgage Association pursuant”.

25 (b) Section 312 (d) of the Housing Act of 1964 is

1 amended by striking out “Federal” and inserting in lieu  
2 thereof “Government”.

3 (c) Section 5 (b) of the Department of Housing and  
4 Urban Development Act is amended—

5 (1) by striking out “The Federal” and inserting  
6 in lieu thereof “The Government”; and

7 (2) by striking out “, and the position of Presi-  
8 dent of said Association is hereby allocated among the  
9 positions referred to in section 7 (c) hereof”.

10 (d) Section 7 (b) of the Department of Housing and  
11 Urban Development Act is repealed.

12 (e) Section 101 of the Government Corporation Control  
13 Act is amended by striking out “Federal National Mortgage  
14 Association” and inserting in lieu thereof “Government Na-  
15 tional Mortgage Association”.

16 (f) Section 13 (4) (F) of the Public Buildings Act  
17 of 1959 is amended by striking out “Federal” and inserting  
18 in lieu thereof “Government”.

19 (g) Section 6 (b) of the Participation Sales Act of  
20 1966 is amended by striking out “secondary market opera-  
21 tions carried on by the Federal” and inserting in lieu thereof  
22 “the Government”.

23 (h) Section 1820 (e) of title 38, United States Code, is  
24 amended by striking out “Federal National” in three places

1 and inserting in lieu thereof, in each such place, "Govern-  
2 ment National".

3 (i) Section 709 of title 18, United States Code, is  
4 amended by striking out "Federal National Mortgage As-  
5 sociation" each place it appears and inserting in lieu thereof,  
6 in each such place, "Government National Mortgage As-  
7 sociation".

8 (j) Section 5136 of the Revised Statutes is amended  
9 by inserting "or the Government National Mortgage Asso-  
10 ciation" immediately following "Federal National Mortgage  
11 Association".

12 (k) Section 11 (h) of the Federal Home Loan Bank  
13 Act is amended by inserting "or the Government National  
14 Mortgage Association, in the stock of the Federal National  
15 Mortgage Association" immediately following "Federal Na-  
16 tional Mortgage Association".

17 (l) Section 16 of the Federal Home Loan Bank Act  
18 is amended by inserting "or the Government National Mort-  
19 gage Association" immediately following "Federal National  
20 Mortgage Association".

21 (m) Section 5 (c) of the Home Owners' Loan Act of  
22 1933 is amended by inserting "or the Government National  
23 Mortgage Association," immediately following "Federal Na-  
24 tional Mortgage Association" and by inserting "or the stock

1 of the Federal National Mortgage Association” immediately  
2 after “any other agency of the United States”.

3 (n) Section 8 (8) (E) of the Federal Credit Union  
4 Act is amended by inserting “or the Government National  
5 Mortgage Association” immediately following “Federal Na-  
6 tional Mortgage Association”.

7 **EFFECTIVE DATE**

8 SEC. 808. The amendments made by this title shall be  
9 effective from and after a date, no more than one hundred  
10 and twenty days following the date of enactment of this  
11 Act, as established by the Secretary of Housing and Urban  
12 Development. Notice of the establishment of such effective  
13 date shall be published in the Federal Register at least thirty  
14 days prior thereto.

15 **SAVINGS PROVISIONS**

16 SEC. 809. (a) No cause of action by or against the  
17 Federal National Mortgage Association existing prior to the  
18 effective date established pursuant to section 808 shall abate  
19 by reason of this enactment. Any such cause of action may  
20 thereafter be asserted by or against the appropriate corpo-  
21 ration.

22 (b) No suit, action, or other proceeding commenced  
23 by or against the Federal National Mortgage Association,  
24 or any officer thereof in his official capacity, prior to the

1 effective date established pursuant to section 808 shall abate  
2 by reason of this enactment. A court may at any time there-  
3 after during the pendency of any such litigation, on its own  
4 motion or that of any party, order that the same may be  
5 maintained by or against the appropriate corporation or the  
6 appropriate corresponding officer thereof.

## 7 TRANSITIONAL PROVISIONS

8 SEC. 810. (a) On the effective date established pursuant  
9 to section 808 of this Act, each share of outstanding non-  
10 voting common stock, with a par value of \$100 per share,  
11 of the Federal National Mortgage Association shall be  
12 changed into and shall become one share of voting common  
13 stock, without par value, of such corporation.

(b) (1) The provisions of section 308 (b) of the Federal National Mortgage Association Charter Act (as added by section 802 (x) (7) of this Act) shall be applicable only to the extent that its provisions do not conflict with this subsection.

(2) For a transitional period after the effective date established pursuant to section 808 of this Act, the board of directors of the Federal National Mortgage Association shall consist of nine persons. For a term expiring on the date of the first annual meeting of the corporation's stockholders, all members of the board shall be appointed by the Secretary of Housing and Urban Development. For a term beginning

1 on such date, seven members of the board shall be appointed  
2 by the Secretary, and two members shall be elected by the  
3 common stockholders. For subsequent terms beginning prior  
4 to the termination of the transitional period, five members  
5 shall be appointed by the Secretary, and four members shall  
6 be elected by the common stockholders. For each term be-  
7 ginning prior to the termination of the transitional period,  
8 the Secretary shall appoint as a member of the board the  
9 president of the corporation. During the transitional period,  
10 the president of the corporation shall be appointed by the  
11 President, by and with the advice and consent of the Senate.

12 (3) The transitional period referred to in paragraph  
13 (2) shall come to an end at such time as the board of di-  
14 rectors shall find, with the approval of the Secretary, that  
15 not less than one-third of the corporation's common stock  
16 is owned by persons or institutions in the mortgage lending,  
17 homebuilding, real estate, or related businesses; but in no  
18 event shall it end sooner than May 1, 1970, nor later than  
19 May 1, 1973.

20 (c) From the effective date established pursuant to sec-  
21 tion 808 and until the retirement of the last of the outstand-  
22 ing shares of its preferred stock, the Federal National Mort-  
23 gage Association shall be deemed to be a wholly owned  
24 corporation for the purposes of the Government Corporation

1 Control Act. Notwithstanding the foregoing provisions of this  
2 paragraph, the financial transactions of the Federal National  
3 Mortgage Association shall continue to be subject to audit by  
4 the General Accounting Office for such period as there may  
5 be outstanding obligations of the Federal National Mortgage  
6 Association which are guaranteed as to principal or interest  
7 by the Government National Mortgage Association.

8 (d) Those persons who are the officers and employees  
9 of the Federal National Mortgage Association immediately  
10 prior to the effective date established pursuant to section  
11 808 shall become the officers and employees of the Govern-  
12 ment National Mortgage Association on such date. The  
13 Federal National Mortgage Association and the Government  
14 National Mortgage Association shall provide by contract for  
15 the conditions and methods under which and by which the  
16 Federal National Mortgage Association during the transi-  
17 tional period may employ those individuals who are em-  
18 ployees of the Government National Mortgage Association  
19 on such effective date; and may provide by contract for the  
20 operation by either of such corporations of any of the func-  
21 tions of the other. The Secretary of Housing and Urban  
22 Development shall make every reasonable effort to place in  
23 other comparable Federal positions any individuals who are  
24 career or career-conditional employees of the Government  
25 National Mortgage Association on such effective date and

1 who are subsequently during the transitional period neither  
2 employed by the Federal National Mortgage Association nor  
3 retained by the Government National Mortgage Association.

#### 4 TITLE IX—NATIONAL HOUSING PARTNERSHIPS

##### 5 STATEMENT OF PURPOSE

6 SEC. 901. The Congress finds that the volume of  
7 housing being produced for families and individuals of low  
8 or moderate income must be increased to meet the national  
9 goal of a decent home and a suitable living environment for  
10 every American family, and declares that it is the policy of  
11 the United States to encourage the widest possible partici-  
12 pation by private enterprise in the provision of housing for  
13 low and moderate income families. The Congress has there-  
14 fore determined that one or more private organizations should  
15 be created to encourage maximum participation by private  
16 investors in programs and projects to provide low or mod-  
17 erate income housing.

##### 18 CREATION OF CORPORATIONS

19 SEC. 902. (a) There is hereby authorized to be created  
20 a private corporation for profit (hereinafter in this title  
21 referred to as the "corporation"). The corporation will not  
22 be an agency or establishment of the United States Govern-  
23 ment. The corporation shall be subject to the provisions of  
24 this title and, to the extent consistent with this title, to the

1 District of Columbia Business Corporation Act (D.C. Code,  
2 sec. 29-901 et seq.) .

3 (b) Whenever the President finds it in the national  
4 interest to do so, he may cause the creation of an additional  
5 corporation or additional corporations to carry out the pur-  
6 poses of this title. All the provisions of this title shall there-  
7 upon become applicable to each such corporation, and to the  
8 limited partnership formed by it pursuant to section 907 of  
9 this title.

10 (c) Nothing in this title shall be construed to preclude  
11 private persons from creating other corporations and organiz-  
12 ing other partnerships, joint ventures, or associations for the  
13 purposes set forth in this title as the purposes of the corpora-  
14 tion and the partnership described in section 907 of this title.

15 PROCESS OF ORGANIZATION

16 SEC. 903. (a) The President of the United States shall  
17 appoint, by and with the advice and consent of the Senate,  
18 incorporators of the corporation, one of whom shall be desig-  
19 nated by the President to serve as chairman. The incorpora-  
20 tors shall serve as the initial board of directors until the first  
21 annual meeting of stockholders or until their successors are  
22 elected and have qualified.

23 (b) The incorporators shall take whatever actions are  
24 necessary or appropriate to establish the corporation, includ-

1 ing the filing of articles of incorporation as approved by the  
2 President.

3 (c) The incorporators shall also arrange for an initial  
4 offering of shares of stock in the corporation and of interests  
5 in the partnership described in section 907 of this title. If the  
6 incorporators deem it advisable in order to carry out the pur-  
7 poses of this title, the initial offering may be made upon  
8 terms which require the purchase of other securities of the  
9 corporation or of interests in such partnership.

#### 10 DIRECTORS

11 SEC. 904. The corporation shall have a board of di-  
12 rectors (hereinafter in this section referred to as the  
13 "board"), consisting of fifteen members. Three members of  
14 the board shall be appointed by the President of the United  
15 States, by and with the advice and consent of the Senate,  
16 effective the date on which the other members are elected,  
17 and for terms of three years or until their successors have  
18 been appointed and have qualified, except that the first three  
19 members of the board so appointed shall continue in office  
20 for terms of one, two, and three years, respectively, and any  
21 member so appointed to fill a vacancy shall be appointed  
22 only for the unexpired term of the director whom he suc-  
23 ceeds. Twelve members of the board shall be elected by the  
24 stockholders.

## 1 FINANCING THE CORPORATION

2 SEC. 905. The corporation shall have the power to  
3 create and issue the number of shares stated in its articles  
4 of incorporation. Such shares may be divided into one or  
5 more classes, any or all of which classes may consist of  
6 shares with par value or shares without par value, with such  
7 designations, preferences, voting powers, special or relative  
8 rights and such limitations, restrictions, or qualifications  
9 thereof as shall be stated in the articles of incorporation.  
10 The articles of incorporation may limit or deny the voting  
11 power of the shares of any class.

## 12 PURPOSES AND POWERS OF THE CORPORATION

13 SEC. 906. (a) In order to achieve the objectives and  
14 to carry out the purposes of this title, the corporation is  
15 authorized to—

16 (1) plan, initiate, and carry out, pursuant to Fed-  
17 eral programs or otherwise, the building or rehabilita-  
18 tion of housing and related facilities primarily for the  
19 benefit of families and individuals of low and moderate  
20 income;

21 (2) buy, own, manage, lease, or otherwise acquire  
22 or dispose of property in connection with the develop-  
23 ments, projects, or undertakings referred to in clause  
24 (1) of this subsection (a) ; and

1           (3) provide such funds as may be necessary to  
2       accomplish the developments, projects, or undertakings  
3       referred to in clause (1) of this subsection (a).

4       (b) Included in the activities authorized to the corpora-  
5       tion for the accomplishment of the purposes indicated in  
6       subsection (a) of this section are, among others not spe-  
7       cifically named—

8           (1) to enter into partnerships, limited partnerships,  
9       joint ventures, and other associations with individuals,  
10      corporations, and private and governmental agencies,  
11      organizations, and institutions;

12          (2) to act as manager or general partner of any  
13      such partnership, venture, or association;

14          (3) to conduct or contract for research and studies  
15      related to the development, demonstration, and evalua-  
16      tion of improved techniques and methods of constructing,  
17      rehabilitating, and maintaining housing;

18          (4) to provide technical assistance to nonprofit  
19      corporations, limited dividend corporations, and others  
20      with respect to the planning, financing, construction,  
21      rehabilitation, maintenance, and management of housing  
22      for low and moderate income families and individuals;

23          (5) to make loans or grants, including grants of  
24      interests in housing and related facilities, to nonprofit

1 corporations, limited dividend corporations, and others  
2 in carrying out its activities under subsection (a) of this  
3 section; and

4 (6) to hire or accept the voluntary services of con-  
5 sultants, experts, advisory boards, and panels to aid the  
6 corporation in carrying out the purposes of this title.

7 (c) To carry out the foregoing purposes and engage in  
8 the foregoing activities, the corporation shall have the usual  
9 powers conferred upon a stock corporation by the District of  
10 Columbia Business Corporation Act.

11 NATIONAL HOUSING PARTNERSHIP

12 SEC. 907. (a) The corporation is authorized to arrange  
13 for the formation, as a separate organization, of a limited  
14 partnership (hereinafter in this title referred to as the "part-  
15 nership") under the District of Columbia Uniform Limited  
16 Partnership Act (D.C. Code, sec. 41-401 et seq.) for the  
17 purpose of engaging in any of the activities authorized for  
18 the corporation under section 906 of this title, and to enter  
19 into a partnership agreement governing the affairs of such  
20 limited partnership.

21 (b) The partnership shall be subject to the provisions,  
22 to the extent consistent with this title, of (1) the District of  
23 Columbia Uniform Limited Partnership Act, and (2) those  
24 provisions of the District of Columbia Uniform Partnership  
25 Act (D.C. Code, sec. 41-301 et seq.) made applicable by

1 section 6 (2) of that Act (D.C. Code, sec. 41-305 (2) ). Not-  
2 withstanding any inconsistency between the provisions of  
3 such Acts, or of any other law, and the provisions of this  
4 section, the partnership organized pursuant to this section  
5 shall be deemed to have the legal status of a limited partner-  
6 ship.

7 (c) The partnership is authorized to enter into partner-  
8 ships, limited partnerships, or joint ventures organized under  
9 applicable State or local law for the purpose of engaging in  
10 lower income housing developments, projects, or undertak-  
11 ings in particular localities.

12 (d) The corporation shall be the general partner in the  
13 partnership. The capital of the partnership and the contri-  
14 butions of the partners shall be in such amounts and at such  
15 times as are set forth in or pursuant to the partnership  
16 agreement.

17 (e) The partnership agreement shall include provi-  
18 sions designed to assure that (1) the partnership shall par-  
19 ticipate in lower income housing developments, projects, or  
20 undertakings in a manner designed to encourage the par-  
21 ticipation therein of local interests, and (2) in any such  
22 development, project, or undertaking the partnership shall  
23 not subscribe to more than 25 per centum (including equity  
24 investments made in services or property) of the aggregate  
25 initial equity investment unless, in the judgment of the cor-

1 poration as general partner, the balance of the required  
2 equity investment is not readily obtainable from other respon-  
3 sible investors residing or doing business in the local  
4 community.

5 (f) The partnership agreement may without limita-  
6 tion (1) permit each of the stockholders of the Corporation  
7 to become a member of the partnership as a limited partner,  
8 (2) authorize the inclusion of other limited partners in ad-  
9 dition to the stockholders of the corporation, (3) provide  
10 that the assignee of the partnership interest of a limited  
11 partner of the partnership who is also a stockholder of the  
12 corporation may not become a substituted limited partner  
13 unless he also acquired the assignor's stock of the corpora-  
14 tion, (4) include provisions requiring that the corporation  
15 as a general partner approve the substitution or addition  
16 of a member of the partnership.

17 (g) A corporation which is a limited partner in the  
18 partnership shall not become liable as a general partner by  
19 reason of the fact that (1) such corporation is a holder of  
20 shares of voting stock of the corporation constituting not  
21 more than 5 per centum of the total number of outstanding  
22 shares of such stock and exercises any of the rights (including  
23 voting rights) of a holder of such shares, and/or (2) a per-  
24 son who is an officer or director of such corporation (or of  
25 another corporation which controls, or is subject to the con-

1 trol of, or is under common control with, such corporation)  
2 is a director of the corporation and performs the duties of  
3 that office. The interest of a limited partner in the partnership  
4 shall not be treated as a stock interest in the corporation,  
5 notwithstanding that such interest of a limited partner may  
6 be proportionate to his stock interest in the corporation.

7 (h) The certificate of the partnership and any amend-  
8 ment thereof required by the District of Columbia Uniform  
9 Limited Partnership Act shall be executed and acknowledged  
10 by the corporation as member and by each other member  
11 of the partnership or his attorney-in-fact duly authorized by  
12 power of attorney in writing. The corporation may execute  
13 and acknowledge the certificate and any amendment thereof  
14 as attorney-in-fact for any member, member to be substi-  
15 tuted or added, or assigning member, by whom the certificate  
16 or amendment is required to be executed and acknowledged  
17 and who has appointed the corporation as such attorney.

18 REPORT TO CONGRESS AND RECORDS

19 SEC. 908. (a) The corporation shall submit an annual  
20 report to the President for transmittal to the Congress within  
21 six months after the end of its fiscal year. The report shall  
22 include a comprehensive and detailed report of the opera-  
23 tions, activities, and financial condition of the corporation  
24 and the partnership under this title.

1       (b) The accounts of the corporation and of the part-  
2 nership shall be audited annually in accordance with generally  
3 accepted auditing standards by independent certified public  
4 accountants or independent licensed public accountants certi-  
5 fied or licensed by a regulatory authority of a State or other  
6 political subdivision of the United States.

7                                   ANTITRUST LAWS

8       SEC. 909. Nothing contained herein shall affect the ap-  
9 plicability of the Federal antitrust laws to the activities of the  
10 corporation and the partnership created under this Act and  
11 of the persons participating therein or in partnerships, limited  
12 partnerships, or joint ventures with either of them.

13                               RIGHT TO REPEAL, ALTER, OR AMEND

14       SEC. 910. The right to repeal, alter, or amend this title  
15 at any time is expressly reserved.

16                               AMENDMENT TO BANKING LAWS

17       SEC. 911. Paragraph "Seventh" of section 5136 of the  
18 Revised Statutes, as amended (12 U.S.C. 24), is amended  
19 by adding at the end thereof the following: "Notwithstand-  
20 ing any other provision in this paragraph, the association  
21 may purchase for its own account shares of stock issued by  
22 a corporation authorized to be created pursuant to title IX  
23 of the Housing and Urban Development Act of 1968, and  
24 may make investments in a partnership, limited partnership,

1 or joint venture formed pursuant to section 907 (a) or  
2 907 (c) of that title.”

### 3 TITLE X—RURAL HOUSING

4 HOUSING FOR LOW AND MODERATE INCOME PERSONS AND  
5 FAMILIES

6 SEC. 1001. Title V of the Housing Act of 1949 is  
7 amended by adding at the end thereof the following new  
8 section:

9 “LOANS TO PROVIDE OCCUPANT-OWNED, RENTAL, AND CO-  
10 OPERATIVE HOUSING FOR LOW AND MODERATE INCOME  
11 PERSONS AND FAMILIES

12 “SEC. 521. (a) Notwithstanding the provisions of sec-  
13 tions 502, 517 (a), and 515, loans to persons of low or  
14 moderate income under section 502 or 517 (a) (1), and  
15 loans under section 515 to provide rental or cooperative  
16 housing and related facilities for persons and families of  
17 low or moderate income or elderly persons and elderly  
18 families, shall bear interest at a rate prescribed by the  
19 Secretary at not less than a rate determined by the Secre-  
20 tary of the Treasury taking into consideration the current  
21 average market yield on outstanding marketable obligations  
22 of the United States with remaining periods to maturity  
23 comparable to the average maturities of such loans, adjusted  
24 to the nearest one-eighth of 1 per centum, less not to exceed

1 the difference between the adjusted rate determined by the  
2 Secretary of the Treasury and 1 per centum per annum:  
3 *Provided*, That such a loan may be made only when the  
4 Secretary determines that the needs of the applicant for  
5 necessary housing cannot be met with financial assistance  
6 from other sources including assistance under section 235  
7 or 236 of the National Housing Act.

8 “(b) Housing and related facilities provided with loans  
9 described in subsection (a) shall be located in rural areas;  
10 and applicants eligible for such loans under section 502 or  
11 517 (a) (1), or for occupancy of housing provided with  
12 such loans under section 515, shall include otherwise quali-  
13 fied nonrural residents who will become rural residents.

14 “(c) There shall be reimbursed to the Rural Housing  
15 Insurance Fund by annual appropriations the amounts by  
16 which nonprincipal payments made from the fund during  
17 each fiscal year to the holders of insured loans described in  
18 subsection (a) exceed interest due from the borrowers dur-  
19 ing each year; and the Secretary from time to time may  
20 issue notes to the Secretary of the Treasury under section  
21 517 (h) to obtain amounts equal to such unreimbursed excess  
22 payments, pending the annual reimbursement by appro-  
23 priation.”

## HOUSING FOR RURAL TRAINEES

SEC. 1002. Title V of the Housing Act of 1949 is amended by adding after section 521 (as added by section 1001 of this Act) the following new section:

## “HOUSING FOR RURAL TRAINEES

“SEC. 552. (a) Upon the application of any State or political subdivision thereof, or any public or private non-profit organization, the Secretary is authorized, after consultation with the Secretary of Labor, the Secretary of Health, Education, and Welfare, the Secretary of Housing and Urban Development, and the Director of the Office of Economic Opportunity, and after the Secretary determines that the housing and related facilities cannot reasonably be provided in any other way, to provide financial and technical assistance for the establishment, in rural areas, of housing and related facilities for trainees and their families who are residents of a rural area and have a rural background, while such trainees are enrolled and participating in training courses designed to improve their employment capability. The selection of training sites and location of housing shall be made with due regard to the economic viability of the area, and only after consideration of a labor area survey

1 and full coordination among all Government agencies having  
2 primary responsibility for administering related programs.

3 “(b) Housing and related facilities assisted under this  
4 section shall be safe and sanitary, constructed in the most eco-  
5 nomical manner, and of modest design, giving due consid-  
6 eration to the purposes to be served and the needs of the  
7 occupants, and may, in the discretion of the Secretary, in-  
8 clude mobile family quarters. Design and location shall be  
9 such as to facilitate, as feasible, the use of such housing and  
10 related facilities for other purposes when no longer needed for  
11 the primary purpose.

12 “(c) The applicant shall contribute the necessary land,  
13 or funds to acquire such land, from its own resources, includ-  
14 ing land acquired by donation or from funds repayable under  
15 subsection (e) or borrowed from other sources.

16 “(d) No financial assistance shall be made available  
17 under this section unless, to the extent and for the periods re-  
18 quired by the Secretary, the applicant agrees that—

19 “(1) such housing will be maintained at all times  
20 in a safe and sanitary condition in accordance with stand-  
21 ards prescribed by State or local law, or, in the absence  
22 of such standards, with requirements prescribed by the  
23 Secretary;

24 “(2) priority shall be given at all times in grant-  
25 ing occupancy of such housing and facilities to the

1 trainees and their families described in subsection (a) ;  
2 and

3 “(3) rentals charged them shall not exceed amounts  
4 approved by the Secretary after considering the portion  
5 of the actual total family income which the family can  
6 afford to pay for rent while meeting its other immedi-  
7 ate needs during occupancy.

8 “(e) The Secretary may make advances pursuant to  
9 any contract for financial assistance under this section at such  
10 times and in such manner as may be specified in the contract.  
11 Such advances for the purchase of land shall be repayable  
12 with interest and within a period not to exceed thirty-three  
13 years and may be made upon such security, if any, as the  
14 Secretary requires. Advances for other purposes may be  
15 made repayable with or without interest or nonrepayable, as  
16 determined by the Secretary on the basis of the anticipated  
17 income and cost of operation of the housing and related facili-  
18 ties, and the ability of each applicant to finance such facilities.  
19 Any advances shall be limited to cover the capital costs of  
20 constructing such facilities, plus interest on borrowings to  
21 cover such costs.

22 “(f) Should housing and related facilities assisted pur-  
23 suant to a contract under this section be sold to an ineligible  
24 transferee or diverted to a use other than its primary purpose

1 within a period specified in the contract, all advances made  
2 under such contract shall be repaid to the Secretary, up to the  
3 amount of the sales price or the fair value of the property as  
4 determined by the Secretary, whichever is higher, with inter-  
5 est from the date of the sale or diversion. If no suitable alter-  
6 nate use of the property is available, as determined by the  
7 Secretary, after the purpose of this section can no longer be  
8 served, the property shall be returned to its original condition  
9 by the recipient of the assistance.

10 “(g) Interest charged on advances made under this sec-  
11 tion shall be at a rate, prescribed by the Secretary, which  
12 shall be not less than a rate determined by the Secretary of  
13 the Treasury taking into consideration the current average  
14 market yield on outstanding marketable obligations of the  
15 United States with remaining periods to maturity comparable  
16 to the average maturities of such loans, adjusted to the near-  
17 est one-eighth of 1 per centum, less not to exceed the differ-  
18 ence between the adjusted rate determined by the Secretary  
19 of the Treasury and 1 per centum per annum, as determined  
20 by the Secretary.

21 “(h) The Secretary shall prescribe regulations to insure  
22 that Federal funds expended under this section are not  
23 wasted or dissipated.

1       “(i) As used in this section: (1) the term ‘related  
2 facilities’ shall include any necessary community rooms or  
3 buildings, infirmaries, utilities, access roads, water and sewer  
4 services, and the minimum fixed or movable equipment de-  
5 termined by the Secretary to be necessary to make the  
6 housing reasonably habitable by trainees and their families;  
7 and (2) the term ‘trainee’ means any person receiving train-  
8 ing under any federally assisted training program.

9       “(j) There are authorized to be appropriated such sums  
10 as may be necessary to carry out this section.”

11                               APPROPRIATIONS

12       SEC. 1003. Section 513 of the Housing Act of 1949 is  
13 amended by—

14               (1) striking out “and (e)” and inserting in lieu  
15 thereof “(e)”; and

16               (2) inserting before the period at the end thereof  
17 the following: “; and (f) such sums as may be required  
18 by the Secretary to administer the provisions of sections  
19 235 and 236 of the National Housing Act”.

20                               PURCHASE OF LAND FOR BUILDING SITES

21       SEC. 1004. Section 514 (f) (2) of the Housing Act of  
22 1949 is amended by—

1 (1) striking out "and (B)" and inserting in lieu  
2 thereof "(B)"; and

3 (2) inserting before the semicolon a comma and  
4 the following: "and (C) land necessary for an adequate  
5 site".

6 TITLE XI—NATIONAL INSURANCE DEVELOP-  
7 MENT CORPORATION

8 SHORT TITLE

9 SEC. 1101. This title may be cited as the “National  
10 Insurance Development Corporation Act of 1968”.

11 FINDINGS AND DECLARATION OF PURPOSE

SEC. 1102 (a) The Congress finds that (1) the vitality of many American cities is being threatened by the deterioration of their inner city areas; responsible owners of well-maintained residential, business, and other properties in many of these areas are unable to obtain adequate property insurance coverage against fire, crime, and other perils; the lack of such insurance coverage accelerates the deterioration of these areas by discouraging private investment and restricting the availability of credit to repair and improve property; and this deterioration poses a serious threat to the national economy; (2) recent riots and other civil commotion in many American cities have brought about abnor-

1 mally high losses to the property insurance industry for  
2 which adequate reinsurance cannot be obtained at reasonable  
3 cost, and the risk of such losses will make most lines of  
4 property insurance even more difficult to obtain; (3) the  
5 capacity of the property insurance industry to provide ade-  
6 quate insurance is threatened, and the continuity of such  
7 property insurance protection is essential to the extension  
8 of credit in these areas; and (4) the national interest de-  
9 mands urgent action by the Congress to assure that essential  
10 lines of property insurance, including protection against riot  
11 and civil commotion damage, will be available to property  
12 owners at reasonable cost.

13 (b) It is therefore the purpose of this title to (1) en-  
14 courage and assist the various State insurance authorities and  
15 the property insurance industry to develop and carry out  
16 statewide programs which will make necessary property in-  
17 surance coverage against the fire, crime, and other perils  
18 more readily available for residential, business, and other  
19 properties meeting reasonable underwriting standards; and  
20 (2) provide a Federal program of reinsurance against abnor-  
21 mally high property insurance losses resulting from riots and  
22 other civil commotion and placing appropriate financial  
23 responsibility upon the States to share in such losses.

1           AMENDMENT OF THE NATIONAL HOUSING ACT

2           SEC. 1103. The National Housing Act is amended by  
3 adding at the end thereof the following new title:

4           “TITLE XII—NATIONAL INSURANCE  
5           DEVELOPMENT CORPORATION

6           “CREATION AND DISSOLUTION OF NATIONAL INSURANCE  
7           DEVELOPMENT CORPORATION

8           “SEC. 1201. (a) There is created within the Depart-  
9 ment of Housing and Urban Development, under the author-  
10 ity of the Secretary, a body corporate to be known as the  
11 National Insurance Development Corporation (hereinafter  
12 referred to as the ‘Corporation’).

13           “(b) (1) The powers of the Corporation under this title  
14 shall terminate on April 30, 1973, except to the extent  
15 necessary—

16           “(A) to continue reinsurance in accordance with  
17 the provisions of section 1223 (b) until April 30, 1976;

18           “(B) to process, verify, and pay claims for rein-  
19 sured losses and perform other necessary functions in  
20 connection therewith; and

21           “(C) to complete the liquidation and termination of  
22 the Corporation.

23           “(2) On April 30, 1976, or as soon thereafter as pos-  
24 sible, the Secretary shall submit to the Congress for approval,  
25 a plan for the liquidation and termination of the Corporation.

1                   “EXECUTIVE DIRECTOR

2           “SEC. 1202. (a) Subject to the provisions of section  
3 1201 (a), the management of the Corporation shall be vested  
4 in an Executive Director who shall be appointed by the  
5 President, by and with the advice and consent of the Senate.

6           “(b) The Executive Director shall not be an officer,  
7 director, or employee of any private insurance company  
8 nor shall he hold any stock in any such company.

9           “ADVISORY BOARD, MEETINGS, DUTIES, COMPENSATION,

10                               AND EXPENSES

11           “SEC. 1203. (a) (1) There is established an Advisory  
12 Board (hereinafter called the ‘Board’) consisting of nine-  
13 teen members appointed by the Secretary. Members of the  
14 Board shall be selected from among representatives of the  
15 general public, the insurance industry, State and local gov-  
16 ernments, including State insurance authorities, and the  
17 Federal Government. Of these members of the Board, not  
18 more than six shall be regular, full-time employees of the  
19 Federal Government, and not less than four shall be repre-  
20 sentatives of the private insurance industry and not less than  
21 four shall be representatives of State insurance authorities.

22           “(2) The Secretary shall designate a Chairman and a  
23 Vice Chairman of the Board.

24           “(3) Each member shall serve for a term of two years  
25 or until his successor has been appointed, except that no

1 person who is appointed while a full-time employee of a  
2 State or the Federal Government shall serve in such position  
3 after he ceases to be so employed, unless he is reappointed.

4 “(4) Any member appointed to fill a vacancy occurring  
5 prior to the expiration of the term for which his predecessor  
6 was appointed shall be appointed for the remainder of that  
7 term.

8 “(b) The Chairman shall preside at all meetings, and  
9 the Vice Chairman shall preside in the absence or disability  
10 of the Chairman. The Board may, in the absence of both the  
11 Chairman and Vice Chairman, elect any member to act as  
12 Chairman pro tempore. The Board shall meet at such times  
13 and places as it may fix and determine, but shall hold at least  
14 four regularly scheduled meetings a year. Special meetings  
15 may be held at the call of the Chairman or any three mem-  
16 bers of the Board.

17 “(c) The Board shall review the general policies of the  
18 Corporation, and shall advise the Secretary and the Corpora-  
19 tion with respect thereto, and shall perform such other func-  
20 tions as specified in this title.

21 “(d) The members of the Board shall not, by reason of  
22 such membership, be deemed to be employees of the United  
23 States, and such members, except those who are regular full-  
24 time employees of the Government, shall receive for their  
25 services, as members, the per diem equivalent to the rate for

1 GS-18 when engaged in the performance of their duties, and  
2 each member of the Board shall be allowed travel expenses  
3 including per diem in lieu of subsistence, as authorized by  
4 section 5703 of title 5, United States Code, for persons in  
5 the Government service employed intermittently.

6 "DEFINITIONS

7 "SEC. 1204. (a) When used in this title, unless the  
8 context otherwise requires, the term—

9 "(1) 'environmental hazard' means any hazardous  
10 condition that might give rise to loss under an insurance  
11 contract, but which is beyond the control of the property  
12 owner;

13 "(2) 'essential property insurance' means insurance  
14 against direct loss to property as defined and limited  
15 in standard fire policies and extended coverage endorse-  
16 ment thereon, as approved by the State insurance au-  
17 thority, and insurance for such types, classes, and loca-  
18 tions of property against the perils of vandalism, ma-  
19 licious mischief, burglary, or theft, as the Corporation by  
20 rule shall designate. Such insurance shall not include  
21 automobile insurance and shall not include insurance of  
22 such types of manufacturing risks as may be excluded  
23 by the State insurance authority;

24 "(3) 'inspection facility' means the rating bureau  
25 or other person designated by the State insurance au-

1       thority to perform inspections under fair access to in-  
2       surance requirements plans under part A;

3       “(4) ‘insurer’ includes any insurance company or  
4       group of companies under common ownership which is  
5       authorized to engage in the insurance business under the  
6       laws of any State;

7       “(5) ‘pool’ means any pool or association of in-  
8       surance companies in any State which is formed, asso-  
9       ciated, or otherwise created for the purpose of making  
10      property insurance more readily available;

11      “(6) ‘losses resulting from riots or civil disorders’  
12      means losses resulting from riots or civil disorders  
13      under policies for standard lines of property insurance for  
14      which reinsurance is offered under section 1221, as deter-  
15      mined under regulations of the Corporation;

16      “(7) ‘property owner’ means any person having an  
17      insurable interest in real, personal, or mixed real and  
18      personal property;

19      “(8) ‘person’ includes any individual or group of  
20      individuals, corporation, partnership, association, or any  
21      other organized group of persons;

22      “(9) ‘reinsured losses’ means losses on reinsurance  
23      claims and all direct expenses incurred in connection  
24      therewith including, but not limited to, expenses for  
25      processing, verifying, and paying such losses;

1           “(10) ‘standard line of property insurance’ in-  
2 cludes—

3           “(A) fire and extended coverage;

4           “(B) vandalism and malicious mischief;

5           “(C) other allied lines of fire insurance;

6           “(D) burglary and theft;

7           “(E) those portions of multiple peril policies  
8 covering similar perils to those provided in (A),  
9 (B), (C), and (D);

10          “(F) inland marine;

11          “(G) glass;

12          “(H) boiler and machinery;

13          “(I) ocean marine;

14          “(J) aircraft physical damage; and

15          “(K) such other lines generally offered to the  
16 public which include protection against damage from  
17 riot or civil commotion as the Corporation by regu-  
18 lation may designate;

19          “(11) ‘State’ means the several States, the Dis-  
20 trict of Columbia, the Commonwealth of Puerto Rico,  
21 Guam, American Samoa, and the Trust Territory of the  
22 Pacific;

23          “(12) ‘urban area’ includes any municipality or  
24 other political subdivision of a State, subject to popula-  
25 tion or other limitations defined in rules and regulations

1 of the Corporation and such additional areas as design-  
2 nated by the State insurance authority; and

3 “(13) ‘year’ means a calendar year, fiscal year of  
4 a company, or such other period of twelve months as  
5 designated by the Corporation.

6 “(b) The Corporation is authorized to define, by rules  
7 and regulations, any technical or trade term, insofar as such  
8 definition is not inconsistent with the provisions of this title.

9 “PART A—STATEWIDE PLANS TO ASSURE FAIR ACCESS  
10 TO INSURANCE REQUIREMENTS

11 “FAIR PLANS

12 “SEC. 1211. (a) Each insurer reinsured under this  
13 title by the Corporation shall cooperate with the State  
14 insurance authority in each State in which it is to acquire  
15 such reinsurance in establishing and carrying out statewide  
16 plans to assure fair access to insurance requirements (FAIR  
17 plans).

18 “(b) Such plans must be approved by, and ad-  
19 ministered under the supervision of, the State insur-  
20 ance authority, or be authorized or required by State law,  
21 and shall be designed to make essential property insurance  
22 more readily available in, but not necessarily limited to,  
23 urban areas. Such plans may vary in detail from State to  
24 State because of local conditions, but all plans shall contain  
25 provision that—

1           “(1) no risk shall be written at surcharged rates  
2           or be denied insurance coverage for essential property  
3           insurance unless there has first been an inspection of  
4           the risk, without cost to the owner, by the inspection  
5           facility and a determination by the insurer, based on  
6           information in the inspection report and other sources,  
7           that the risk does not meet reasonable underwriting  
8           standards at the applicable premium rate;

9           “(2) inspections under the plan may be requested  
10          by the property owner, or his representative, an insurer,  
11          an insurance agent, broker or other producer, and such  
12          requests need not be made in writing;

13          “(3) the absence of a building owner or his repre-  
14          sentative during an inspection shall not preclude a tenant  
15          seeking insurance from obtaining an inspection under the  
16          plan;

17          “(4) following the inspection, a copy of the inspec-  
18          tion report shall be promptly sent by the inspection  
19          facility to the insurer or insurers, or to an all-industry  
20          placement facility, referred to under section 1212, as  
21          may be designated by the person requesting the  
22          inspection;

23          “(5) after the inspection report is received by an  
24          insurer, it shall promptly determine if the risk meets

1       reasonable underwriting standards at the applicable  
2       premium rate, and shall promptly return to the inspec-  
3       tion facility the inspection report and provide an action  
4       report setting forth:

5               “(A) the amount of coverage it agrees to  
6       write; and if the insurer agrees to write the cover-  
7       age with a surcharge (if such a surcharge is au-  
8       thorized by the State insurance authority), the im-  
9       provements necessary before it will provide cover-  
10      age at an unsurcharged premium rate;

11              “(B) the amount of coverage it agrees to write  
12      if certain improvements specified in the action re-  
13      port are made; or

14              “(C) the specific reasons it declines to write  
15      coverage;

16              “(6) if the insurer declines the risk, or agrees to  
17      write it on condition that the property will be improved,  
18      it shall also promptly send a copy of both the inspection  
19      and action reports to the property owner and the State  
20      insurance authority, and at the time the insurer sends  
21      such reports to the property owner, it shall also explain  
22      his right, under applicable State laws, to appeal the  
23      decision of the insurer to the State insurance authority,  
24      setting forth the procedures to be followed for such  
25      appeal;

1           “(7) all policies written pursuant to the plan shall  
2       be promptly written after inspection or reinspection and  
3       shall be separately coded so that appropriate records  
4       may be compiled for purposes of performing loss pre-  
5       vention and other studies of the operation of the plan;

6           “(8) the inspection facility shall submit to the  
7       State insurance authority, and to the Corporation,  
8       periodic reports setting forth information, by individual  
9       insurers, including the number of risks inspected under  
10      the plan, the number of risks accepted, the number of  
11      risks conditionally accepted and reinspections made,  
12      the number of risks declined, and such other informa-  
13      tion as the State insurance authority may request;

14          “(9) notice will be given to any policyholder a  
15      reasonable time prior to the cancellation or nonrenewal  
16      of any risk eligible under the plan (except in case of  
17      nonpayment of premium or evidence of incendiarism),  
18      to allow ample time for an application for new coverage  
19      to be made and a new policy to be written under the  
20      plan, and the insurer shall, in writing, explain to the  
21      policyholder the procedures for obtaining an inspection  
22      under the plan in the notice of cancellation or nonre-  
23      newal; and

24          “(10) a continuing public education program will  
25      be undertaken by the participating insurers, agents, and

1       brokers to assure that the plan receives adequate public  
2       attention.

3               “ALL-INDUSTRY PLACEMENT FACILITY

4       “SEC. 1212. Any plan under this part shall include an  
5       all-industry placement facility doing business with every  
6       insurer participating in the plan in the State, and shall pro-  
7       vide that this facility shall perform certain functions includ-  
8       ing, but not limited to, the following:

9               “(1) upon request by, or on behalf of, any property  
10       owner requesting an inspection under the plan, seek to  
11       distribute risks equitably among the insurers with which  
12       it is doing business; and

13              “(2) seek to place insurance up to the full insurable  
14       value of the risk to be insured with one or more insurers  
15       with which it is doing business, except to the extent that  
16       deductibles, percentage participation clauses, and other  
17       underwriting devices are employed to meet special prob-  
18       lems of insurability.

19               “INDUSTRY COOPERATION

20       “SEC. 1213. (a) Every insurer seeking reinsurance from  
21       the Corporation shall file a statement with the State insur-  
22       ance authority in each State in which it is participating in  
23       such plan, pledging its full participation and cooperation in  
24       carrying out the plan, and shall file a copy of such statement  
25       with the Corporation.

1       “(b) No insurer acquiring reinsurance from the Cor-  
2       poration shall direct any agent or broker or other producer  
3       not to solicit business through such a plan, nor shall any  
4       agent, broker, or other producer be penalized by such insurer  
5       in any way for submitting applications for insurance to an  
6       insurer under the plan.

7                       “PLAN EVALUATION

8       “SEC. 1214. (a) In accordance with such rules and  
9       regulations as the Corporation may prescribe, the State  
10      insurance authority shall—

11               “(1) transmit to the Corporation any proposed or  
12      adopted plan, or amendments thereto; and

13               “(2) advise the Corporation, from time to time,  
14      concerning the operation of the plan, its effectiveness in  
15      providing essential property insurance, and the need to  
16      form a pool of insurers or adopt other programs to make  
17      essential property insurance more readily available in  
18      urban areas of the State.

19       “(b) The Corporation may, after full consultation with  
20      the Board, by rules and regulations, modify the plan criteria  
21      set forth under this part, if it finds, on the basis of experience,  
22      that such action is necessary or desirable to carry out the  
23      purposes of this title. The Corporation may also, with respect  
24      to any State, waive compliance with one or more of the plan

1 criteria, upon certification by the State insurance authority  
2 that compliance is unnecessary or inadvisable under local  
3 conditions or State law.

4 "PART B—REINSURANCE COVERAGE

5 "REINSURANCE OF LOSSES FROM RIOTS OR CIVIL

6 DISORDERS

7 "SEC. 1221. (a) (1) The Corporation is authorized to  
8 offer to any insurer or pool, subject to the conditions set forth  
9 in section 1223, reinsurance against property losses resulting  
10 from riots or civil disorders in any one or more States.

11 "(2) Reinsurance shall be offered to any such insurer  
12 only on all standard lines of property insurance enumerated  
13 under subparagraphs (A) through (E) of section 1204 (a)  
14 (10) together, and any insurer or pool purchasing such  
15 reinsurance shall also be eligible to purchase reinsurance  
16 on any one or more standard lines of property insurance  
17 enumerated under subparagraphs (F) through (J) of  
18 section 1204 (a) (10) or which may be designated by  
19 regulation pursuant to subparagraph (K) of that section.

20 "(b) Reinsurance coverage under this section may be  
21 provided by the Corporation immediately following the  
22 enactment of this title to any insurer or pool in any State  
23 on a temporary basis, and on such terms and conditions as  
24 may be agreed upon, and coverage under such terms and  
25 conditions may be bound with respect to any such insurer

1 or pool by means of a written binder which shall remain  
2 in force not more than ninety days and shall expire at the  
3 earlier of either—

4 “(1) the termination of such ninety-day period, or

5 “(2) the effective date of any governing contract.  
6 agreement, treaty, or other arrangement entered into  
7 between the insurer or pool and the Corporation under  
8 section 1222 for the purpose of providing reinsurance  
9 coverage against losses resulting from riots or civil  
10 disorders.

11 “(c) No reinsurance will be offered to any insurer or  
12 pool in a State after the expiration of the written binder  
13 entered into under subsection (b), unless there is in effect  
14 in such State a plan as set forth under part A, and the in-  
15 surer is participating in such plan, and unless in those States  
16 where a pool has been established pursuant to State law,  
17 the insurer is participating in such a pool.

18 “REINSURANCE AGREEMENTS AND PREMIUMS

19 “SEC. 1222. (a) During the first year following enact-  
20 ment of this title, the Corporation is authorized to enter into  
21 any contract, agreement, treaty, or other arrangement with  
22 any insurer or pool for reinsurance coverage, in considera-  
23 tion of payment of such premiums, fees, or other charges by  
24 insurers or pools which the Corporation, after full consulta-

1   tion with the Board, deems to be adequate to obtain aggregate  
2   reinsurance premiums for deposit in the National Insurance  
3   Development Fund in excess of the estimated amount of  
4   insured riot losses during the calendar year 1967, on the  
5   assumption that a substantial proportion of the property in-  
6   surance written will be reinsured under this title, and there-  
7   after the Corporation may increase or decrease such premi-  
8   ums for reinsurance if it is found, after full consultation with  
9   the Board and the National Association of Insurance Com-  
10   missioners, that such action is necessary or appropriate to  
11   carry out the purposes of this title.

12       “(b) Reinsurance offered by the Corporation shall re-  
13   imburse an insurer for its total proved and approved claims  
14   for losses resulting from riots or civil disorders during the  
15   term of the reinsurance contract, agreement, treaty, or other  
16   arrangement, in excess of the amount of the insurer’s  
17   retention of such losses as provided in such reinsur-  
18   ance contract, agreement, treaty, or other arrangement  
19   entered into under this section.

20       “(c) Such contracts, agreements, treaties, or other ar-  
21   rangements may include any terms and conditions which  
22   the Corporation deems necessary to carry out the purposes  
23   of this title. The premium rates, terms and conditions of  
24   such contracts with insurers or pools, throughout the coun-  
25   try, in any one year shall be uniform.

1       “(d) Any contract, agreement, treaty, or other arrange-  
2       ment for reinsurance under this section shall be for a term  
3       expiring on April 30, 1969, and on April 30 each year  
4       thereafter, and shall be entered into within ninety days after  
5       the effective date of this title or within ninety days prior  
6       to April 30 each year thereafter, or within ninety days after  
7       an insurer is authorized to write insurance eligible for re-  
8       insurance in a State which it was not authorized to write  
9       in the preceding year.

10               “CONDITIONS OF REINSURANCE

11       “SEC. 1223. (a) Subject to the provisions of subsection  
12       (b) reinsurance shall not be offered by the Corporation in  
13       a State or be applicable to insurance policies written in that  
14       State by an insurer—

15       “(1) after one year following the effective date of  
16       this title, or, if the appropriate State legislative body  
17       has not met in regular session during that year, by the  
18       close of its next regular session, in any State which has  
19       not adopted appropriate legislation, retroactive to the  
20       effective date of this title, under which the State, its  
21       political subdivisions, or a governmental corporation or  
22       fund established pursuant to State law, will reimburse  
23       the Corporation, in an amount up to 5 per centum of  
24       the aggregate property insurance premiums earned in

1       that State during the preceding calendar year on those  
2       lines of insurance reinsured by the Corporation in that  
3       State during that year, such that the Corporation may be  
4       reimbursed for amounts paid by it in respect to reinsured  
5       losses that occurred in that State during a calendar year  
6       in excess of reinsurance premiums received in that State  
7       during the same calendar year in which the losses oc-  
8       curred plus the excess of the total premiums received by  
9       the Corporation for reinsurance in that State during a  
10      preceding period measured from the end of the most  
11      recent calendar year with respect to which the Corpora-  
12      tion was reimbursed for losses under this Act over any  
13      amounts paid by the Corporation for reinsured losses that  
14      occurred during this same period;

15           “(2) after thirty days following notification to the  
16      insurer that the Corporation finds (after consultation  
17      with the State insurance authority) that there has not  
18      been adopted by the State, or the property insurance  
19      industry in that State, a suitable program or programs,  
20      in addition to plans under part A, to make essential  
21      property insurance available without regard to environ-  
22      mental hazards, and that such action is necessary to  
23      carry out the purposes of this title, except that this  
24      paragraph shall not become effective until two years

1 after the effective date of this title, or at such earlier  
2 date as the Corporation, after consultation with the  
3 State insurance authority may determine.

4 “(3) after thirty days following notification to any  
5 insurer that the Corporation or the State insurance au-  
6 thority, finds that such insurer is not fully participating

7 “(A) in the plan in the State;

8 “(B) where it exists, in a pool; and

9 “(C) where it exists, in any other program  
10 found by the Corporation to aid in making essential  
11 property insurance more readily available in the  
12 State:

13 *Provided*, That the Corporation shall not make any  
14 such finding with respect to any insurer unless (i) prior  
15 to making such finding the Corporation has requested  
16 and considered the views of the State insurance author-  
17 ity as to whether such findings should be made, or (ii)  
18 the Corporation has made such a request in writing to  
19 the State insurance authority and such authority has  
20 failed to respond thereto within a reasonable period of  
21 time after receiving such request;

22 “(4) following a merger, acquisition, consolidation  
23 or reorganization involving one or more insurers having

1 lines of property insurance in the State reinsured by the  
2 Corporation and one or more insurers with or without  
3 such reinsurance, unless the surviving company

4 “(A) meets the criteria of eligibility for rein-  
5 surance, other than as provided under section 1222  
6 (d) ; and

7 “(B) within ten days pays any reinsurance  
8 premiums due; or

9 “(5) upon receipt of notice from the insurer or pool  
10 that it desires to cancel its reinsurance agreement with  
11 the Corporation in the State.

12 “(b) Notwithstanding the foregoing provisions of this  
13 section, reinsurance may be continued for the term of the  
14 policies written prior to the date of termination or non-  
15 renewal of reinsurance under this section, for as long as the  
16 insurer pays reinsurance premiums annually in such amounts  
17 as determined under section 1222, based on the annual pre-  
18 miums earned on such reinsured policies, and for the pur-  
19 pose of this subsection, the renewal, extension, modification,  
20 or other change in a policy, for which any additional pre-  
21 mium is charged, shall be deemed to be a policy written on  
22 the date such change was made.

1       “RECOVERY OF PREMIUMS: STATUTE OF LIMITATIONS

2       “SEC. 1224. (a) The Corporation, in a suit brought in a  
3   United States district court, shall be entitled to recover from  
4   any insurer the amount of any unpaid premiums lawfully  
5   payable by such insurer to the Corporation.

6       “(b) No action or proceeding shall be brought for the  
7   recovery of any premium due to the Corporation for reinsur-  
8   ance, or for the recovery of any premium paid to the Cor-  
9   poration in excess of the amount due to it, unless such action  
10   or proceeding shall have been brought within five years after  
11   the right accrued for which the claim is made, except that,  
12   where the insurer has made or filed with the Corporation a  
13   false or fraudulent annual statement, or other document with  
14   the intent to evade, in whole or in part, the payment of  
15   premiums, the claim shall not be deemed to have accrued  
16   until the discovery by the Corporation.

17       “PART C—PROVISIONS OF GENERAL APPLICABILITY

18               “CLAIMS AND JUDICIAL REVIEW

19       “SEC. 1231. (a) All reinsurance claims for losses under  
20   this title shall be submitted by insurers in accordance with  
21   terms and conditions as may be established by the  
22   Corporation.

1       “(b) (1) Upon disallowance of any claim against the  
2 Corporation under color of reinsurance made available under  
3 this title, or upon refusal of the claimant to accept the amount  
4 allowed upon any such claim, the claimant may institute an  
5 action against the Corporation on such claim in the United  
6 States district court for the district in which a major portion  
7 (in terms of value) of the claim arose.

8       “(2) Any such action must be begun within one year  
9 after the date upon which the claimant received from the  
10 Corporation written notice of disallowance or partial dis-  
11 allowance of the claim, and exclusive jurisdiction is hereby  
12 conferred upon United States district courts to hear and  
13 determine such actions without regard to the amount in  
14 controversy.

15       “FISCAL INTERMEDIARIES AND SERVICING AGENTS

16       “SEC. 1232. (a) In order to provide for maximum  
17 efficiency in the administration of the reinsurance program  
18 under this title, and in order to facilitate the expeditious pay-  
19 ment of any funds under such program, the Corporation may  
20 enter into contracts with any insurer, or pool, or other person  
21 for the purpose of providing for the performance of any  
22 or all of the following functions:

23               “(1) estimating or determining any amounts of  
24 payments for reinsurance claims;

1           “(2) receiving from the Corporation and disbursing  
2           and accounting for funds in making payments for rein-  
3           surance claims;

4           “(3) auditing the records of any insurer or other  
5           person to the extent necessary to assure that proper pay-  
6           ments are made;

7           “(4) establishing the basis of liability for reinsur-  
8           ance payments, including the total amount of proved  
9           and approved claims which may be payable to any  
10          insurer, and the total amount of premiums earned by  
11          any insurer in the respective States for reinsured lines  
12          of property insurance; and

13          “(5) otherwise assisting in any manner provided  
14          in the contract to further the purposes of this title.

15          “(b) (1) Any such contract may require the insurer,  
16          pool, or other person, or any of its officers or employees certi-  
17          fying payments or disbursing funds pursuant to the contract,  
18          or otherwise participating in carrying out the contract, to  
19          give surety bond to the Corporation in such amounts as it  
20          may deem appropriate.

21          “(2) In the absence of gross negligence or intent to  
22          defraud the Corporation—

23               “(A) no individual designated pursuant to a con-  
24               tract under this section to certify payments shall be

1        liable with respect to any payment certified by him  
2        under this section; and

3            “(B) no officer of the United States disbursing  
4        funds shall be liable with respect to any otherwise  
5        proper payment by him if it was based on a voucher  
6        signed by an individual designated pursuant to a contract  
7        under this section to certify payments.

8            “NATIONAL INSURANCE DEVELOPMENT FUND

9            “SEC. 1233. (a) To carry out the programs authorized  
10        under this title, the Secretary is authorized to establish a  
11        National Insurance Development Fund (hereinafter called  
12        the fund) which shall be available, without fiscal year limi-  
13        tation—

14            . “(1) to make such payments as may, from time  
15        to time, be required of the Corporation under reinsur-  
16        ance contracts under this title;

17            “(2) to pay such administrative expenses of the  
18        Corporation as may be necessary or appropriate to carry  
19        out the purposes of this title; and

20            “(3) to repay to the Secretary of the Treasury such  
21        sums, including interest thereon, as may be borrowed  
22        from him under section 520 (b) .

1 “(b) The fund shall be credited with—

2 “(1) reinsurance premiums, fees, or other charges  
3 which may be paid or collected in connection with re-  
4 insurance provided under part B;

5 “(2) interest which may be earned on investments  
6 of the fund;

7 “(3) such amounts as may be advanced to the  
8 fund from appropriations in order to maintain the fund  
9 in an operative condition adequate to meet its liabilities;

10 “(4) receipts from any other source which may,  
11 from time to time, be credited to the fund; and

12 “(5) funds borrowed by the Secretary under sec-  
13 tion 520 (b) and deposited in the fund.

14 “(c) If, after any amounts which may have been ad-  
15 vanced to the fund from appropriations have been credited  
16 to the appropriation from which advanced (including inter-  
17 est thereon at the rate prescribed under section 520 (b) ), the  
18 Secretary determines that the moneys of the fund are in  
19 excess of current needs, he may request the investment of  
20 such amounts as he deems advisable by the Secretary of the  
21 Treasury in obligations issued or guaranteed by the United  
22 States.

1           “RECORDS, ANNUAL STATEMENT, AND AUDITS

2           “SEC. 1234. (a) Any insurer acquiring reinsurance  
3 from the Corporation shall furnish the Corporation with  
4 such summaries and analyses of information in their records  
5 as may be necessary to carry out the purposes of this title,  
6 in such form as the Corporation, in cooperation with the  
7 State insurance authority, shall, by rules and regulations,  
8 prescribe. The Corporation shall make use of State insurance  
9 authority examination reports and facilities to the maximum  
10 extent feasible.

11          “(b) Any insurer acquiring reinsurance from the Corpo-  
12 ration shall file with the Corporation a true and correct copy  
13 of any annual statement, or amendment thereof, filed with  
14 the State insurance authority of its domiciliary State, at the  
15 time it files such statement or amendment with such State  
16 insurance authority.

17          “(c) Any insurer or other person executing any con-  
18 tract, agreement, or other appropriate arrangement with the  
19 Corporation under section 1222 or section 1232, shall keep  
20 reasonable records which fully disclose the total costs of  
21 the programs undertaken or the services being rendered, and  
22 such other records as will facilitate an effective audit of  
23 liability for reinsurance payments by the Corporation.

24          “(d) The Corporation and the Comptroller General of  
25 the United States, or any of their duly authorized repre-

1   sentatives, shall have access for the purpose of investigation,  
2   audit, and examination to any books, documents, papers,  
3   and records of any insurer or other person that are pertinent  
4   to the costs of any program undertaken for, or services  
5   rendered to, the Corporation. Such audits shall be conducted  
6   to the maximum extent feasible in cooperation with the State  
7   insurance authorities and through the use of their examining  
8   facilities.

9       STUDY OF REINSURANCE AND OTHER PROGRAMS

10       “SEC. 1235. (a) The Corporation is authorized and  
11   directed to conduct a study of reinsurance and other means  
12   to help assure—

13       “ (1) an adequate market for burglary and theft and  
14   other property insurance in urban areas; and

15       “ (2) adequate availability of surety bonds for con-  
16   struction contractors in urban areas.

17       “ (b) The Corporation shall submit the results of this  
18   study, together with appropriate recommendations to the  
19   Secretary for transmittal to the President and the Congress  
20   no later than one year following the date of enactment of  
21   this title.

22       “OTHER STUDIES

23       “SEC. 1236. (a) The Corporation, in cooperation with  
24   State insurance authorities and the private insurance indus-

1 try, is authorized to undertake such studies as may be neces-  
2 sary to carry out the purposes of this title, including, but not  
3 limited to, inquiries concerning—

4 “(1) the operation of plans under part A ;

5 “(2) the extent to which essential property insur-  
6 ance is unavailable in urban areas ;

7 “(3) the market for private reinsurance, and

8 “(4) loss prevention methods and procedures, in-  
9 surance marketing methods, and underwriting tech-  
10 niques.

11 “GENERAL POWERS OF CORPORATION

12 “SEC. 1237. (a) For the purpose of carrying out its  
13 functions under this title, the Corporation shall have powers:

14 “(1) to have a corporate seal which may be altered  
15 at pleasure and to use the same by causing it, or a fac-  
16 simile thereof, to be impressed or affixed or in any other  
17 manner reproduced ;

18 “(2) to sue and be sued ;

19 “(3) to enter into and perform contracts, leases,  
20 cooperative agreements, or other transactions, on such  
21 terms as the Corporation may deem appropriate, and  
22 consent to modification thereof, without regard to sec-  
23 tions 3648 and 3709 of the Revised Statutes, as amended  
24 (31 U.S.C. 529 and 41 U.S.C. 5), and section 322 of

1 the Act of June 30, 1932, as amended (40 U.S.C.  
2 278a) ;

3 “(4) to appoint and fix the compensation of such  
4 personnel as may be necessary for the conduct of its  
5 business in accordance with the provisions of title 5,  
6 United States Code, governing appointment in the com-  
7 petitive service, and chapter 51 and subchapter III  
8 of chapter 53 of such title relating to classification and  
9 General Schedule pay rates, and to obtain the services  
10 of experts and consultants in accordance with section  
11 3109 of title 5, United States Code, at rates for indi-  
12 viduals not to exceed the per diem equivalent for  
13 GS-18;

14 “(5) except as may be otherwise provided in this  
15 title, in the Government Corporation Control Act, or in  
16 any other laws specifically applicable to Government  
17 corporations, to determine the necessity for and the char-  
18 acter and amount of its obligations and expenditures and  
19 the manner in which they shall be incurred, allowed,  
20 paid, and accounted for, except that necessary expenses  
21 in connection with the payment of reinsured losses, in-  
22 cluding any audits or other inquiries, shall be considered  
23 nonadministrative expenses;

1           “(6) to issue such rules and regulations deemed  
2           necessary or appropriate by the Executive Director,  
3           after full consultation with the Board, after notice, and  
4           hearing if granted, as required by the Administrative  
5           Procedure Act, to carry out the purposes of this title;  
6           and

7           “(7) to exercise all powers specifically granted by  
8           the provisions of this title and such incidental powers as  
9           are necessary to carry out the purposes of this title.

10          “(b) All suits of a civil nature at common law or in  
11          equity to which the Corporation shall be a party shall be  
12          deemed to arise under the laws of the United States, except  
13          that no attachment, injunction, garnishment, or other similar  
14          process, mesne or final, shall be issued against the Corpora-  
15          tion or its property.

16          “SERVICES AND FACILITIES OF OTHER AGENCIES—UTILIZA-  
17          TION OF PERSONNEL, SERVICES, FACILITIES, AND  
18          INFORMATION

19          “SEC. 1238. The Corporation may, with the consent of  
20          the agency concerned, accept and utilize on a reimbursable  
21          basis, the officers, employees, services, facilities, and infor-  
22          mation of any agency of the Federal Government, except  
23          that any such agency having custody of any data relating  
24          to any of the matters within the jurisdiction of the Corpora-

1 tion shall, to the extent permitted by law, upon request of  
2 the Corporation, make such data available to the Corpora-  
3 tion without reimbursement.

4 "ADVANCE PAYMENTS AND FINALITY OF CERTAIN  
5 FINANCIAL TRANSACTIONS

6 "SEC. 1239. (a) Notwithstanding the provisions of  
7 any other law to the contrary, any financial transaction  
8 relating to reinsurance under this title shall be final and con-  
9 clusive upon all officers of the United States.

10 "(b) Any payments which are made under the authority  
11 of this Act may be made, after necessary adjustments on  
12 account of previously made underpayments or overpayments,  
13 in advance or by way of reimbursement. Payments by the  
14 Corporation may be made in such installments and on such  
15 conditions as the Corporation may determine.

16 "TAXATION

17 "SEC. 1240. (a) The Corporation, including its re-  
18 serves, surplus, and income shall be exempt from all taxation  
19 now or hereafter imposed by the United States, or by any  
20 State, or any subdivision thereof, except any real property  
21 acquired by the Corporation as a result of reinsurance shall  
22 be subject to taxation by any State or political subdivision  
23 thereof, to the same extent, according to its value as other  
24 real property is taxed.

1       “(b) Any measures undertaken by any State to meet or  
2 to fund its obligations under section 1223 (a) (1) shall not  
3 be the subject of any retaliatory or fiscal imposition by any  
4 other State.

5                               “ANNUAL REPORT

6       “SEC. 1241. The Secretary shall include in his annual  
7 report a report of operations of the Corporation and its  
8 activities.

9                               “APPROPRIATIONS

10       “SEC. 1242. There are hereby authorized to be appro-  
11 priated such sums as may be necessary to carry out this  
12 title.”

13                               FINANCING

14       SEC. 1104. Section 520 (b) of the National Housing Act  
15 is amended by inserting “(1)” after the word “necessary”  
16 in the first sentence, and by striking out the period at the end  
17 of such sentence and inserting in lieu thereof “, and (2) to  
18 make payments for reinsured losses under XII of this Act.”.

19                               GOVERNMENT CORPORATION CONTROL ACT

20       SEC. 1105. Section 101 of the Government Corporation  
21 Control Act is amended by inserting after “Federal Housing  
22 Administration,” “National Insurance Development Cor-  
23 poration,”.

## COMPENSATION OF EXECUTIVE DIRECTOR

SEC. 1106. Section 5315 of title 5, United States Code, is amended by inserting the following new paragraph at the end thereof:

“(90) Executive Director, National Insurance Development Corporation.”

# CLARIFYING AMENDMENTS TO ACTS REFERRING TO DISASTERS

SEC. 1107. (a) Section 2 (a) of the Act entitled "An Act to authorize Federal assistance to States and local governments in major disasters, and for other purposes", approved September 30, 1950, as amended (42 U.S.C. 1855a (a) ), is amended by inserting "riot or civil disorder," before "or other catastrophe".

(b) Section 7(b)(1) of the Small Business Act is amended by inserting “, riots or civil disorders,” before “or other catastrophes”.

(c) Section 101 (c) (2) (E) of the Housing and Urban Development Act of 1965 is amended by striking out “natural”.

(d) Section 111 of the Housing Act of 1949 is amended by inserting “riot or civil disorder,” before “or other catastrophe”.

1       (e) Section 203 (h) of the National Housing Act is  
2 amended by inserting "riot or civil disorder," before "or  
3 other catastrophe".

## 4       TITLE XII—NATIONAL FLOOD INSURANCE

### 5                       SHORT TITLE

6       SEC. 1201. This title may be cited as the "National  
7 Flood Insurance Act of 1968".

### 8                       FINDINGS AND DECLARATION OF PURPOSE

9       SEC. 1202. (a) The Congress finds that (1) from time  
10 to time flood disasters have created personal hardships and  
11 economic distress which have required unforeseen disaster  
12 relief measures and have placed an increasing burden on the  
13 Nation's resources; (2) despite the installation of preventive  
14 and protective works and the adoption of other public pro-  
15 grams designed to reduce losses caused by flood damage,  
16 these methods have not been sufficient to protect adequately  
17 against growing exposure to future flood losses; (3) as a  
18 matter of national policy, a reasonable method of sharing  
19 the risk of flood losses is through a program of flood insur-  
20 ance which can complement and encourage preventive and  
21 protective measures; and (4) if such a program is initiated  
22 and carried out gradually, it can be expanded as knowledge  
23 is gained and experience is appraised, thus eventually mak-

1 ing flood insurance coverage available on reasonable terms  
2 and conditions to persons who have need for such protection.

3 (b) The Congress also finds that (1) many factors have  
4 made it uneconomic for the private insurance industry alone  
5 to make flood insurance available to those in need of such  
6 protection on reasonable terms and conditions; but (2) a  
7 program of flood insurance with large-scale participation of  
8 the Federal Government and carried out to the maximum  
9 extent practicable by the private insurance industry is feasi-  
10 ble and can be initiated.

11 (c) The Congress further finds that (1) a program of  
12 flood insurance can promote the public interest by providing  
13 appropriate protection against the perils of flood losses and  
14 encouraging sound land use by minimizing exposure of prop-  
15 erty to flood losses; and (2) the objectives of a flood insur-  
16 ance program should be integrally related to a unified  
17 national program for flood plain management and, to this  
18 end, it is the sense of Congress that within two years follow-  
19 ing the effective date of this title, the President should  
20 transmit to the Congress for its consideration any further  
21 proposals necessary for such a unified program, including  
22 proposals for the allocation of costs among beneficiaries of  
23 flood protection.

1       (d) It is therefore the purpose of this title to (1) au-  
2   thorize a flood insurance program by means of which flood  
3   insurance, over a period of time, can be made available on  
4   a nationwide basis through the cooperative efforts of the  
5   Federal Government and the private insurance industry, and  
6   (2) provide flexibility in the program so that such flood  
7   insurance may be based on workable methods of pooling  
8   risks, minimizing costs, and distributing burdens equitably  
9   among those who will be protected by flood insurance and  
10  the general public.

11       (e) It is the further purpose of this title to (1) en-  
12  courage State and local governments to make appropriate  
13  land use adjustments to constrict the development of land  
14  which is exposed to flood damage and minimize damage  
15  caused by flood losses, (2) guide the development of pro-  
16  posed future construction, where practicable, away from loca-  
17  tions which are threatened by flood hazards, (3) encourage  
18  lending and credit institutions, as a matter of national policy,  
19  to assist in furthering the objectives of the flood insurance  
20  program, (4) assure that any Federal assistance provided  
21  under the program will be related closely to all flood-related  
22  programs and activities of the Federal Government, and  
23  (5) authorize continuing studies of flood hazards, in order

1 to provide for a constant reappraisal of the flood insurance  
2 program and its effect on land use requirements.

3 AMENDMENTS TO THE FEDERAL FLOOD INSURANCE ACT OF  
4 1956

5 SEC. 1203. (a) The second sentence of section 15 (e)  
6 of the Federal Flood Insurance Act of 1956 (79 Stat. 1078)  
7 is amended—

8 (1) by striking out “rate” the second time it  
9 appears in such sentence, and inserting in lieu thereof  
10 “market yield”, and

11 (2) by striking out “as of the last day of”, and  
12 inserting in lieu thereof “during”.

13 (b) Section 15 (e) of such Act is further amended by  
14 striking out the last sentence thereof.

15 (c) Sections 2 through 14, subsections (a) through  
16 (d), and (f) and (g) of section 15, and sections 16 through  
17 23 of such Act are hereby repealed.

18 DEFINITIONS

19 SEC. 1204. As used in this title, the term—

20 (1) “Flood” shall have such meaning as may be  
21 prescribed in regulations of the Secretary, and may in-  
22 clude inundation from the overflow of streams, rivers,  
23 or other bodies of water, and from tidal surges, abnor-

1 mally high tidal water, tidal waves, hurricanes, and other  
2 severe storms or deluge;

3 (2) "United States" (when used in a geographic  
4 sense), and "State", respectively, include the several  
5 States, the District of Columbia, the territories and pos-  
6 sessions, and the Commonwealth of Puerto Rico;

7 (3) "Insurance company", "other insurer", "insur-  
8 ance agents and brokers" include any organizations and  
9 persons authorized to engage in the insurance business  
10 under the laws of any State (as "State" is defined in  
11 paragraph (2) ) ;

12 (4) "Insurance adjustment organizations" includes  
13 any organizations and persons engaged in the business of  
14 adjusting loss claims arising under insurance policies  
15 issued by any insurance company or other insurer au-  
16 thorized to engage in the insurance business under the  
17 laws of any State (as "State" is defined in paragraph  
18 (2) ) ;

19 (5) "Person" includes any individual or group  
20 of individuals, corporation, partnership, association, or  
21 any other organized group of persons, including State  
22 and local governments and agencies thereof; and

23 (6) "Secretary" means the Secretary of Housing  
24 and Urban Development.

## 1 CHAPTER I—THE NATIONAL FLOOD INSURANCE PROGRAM

## 2 BASIC AUTHORITY

3 SEC. 1205. (a) To carry out the purposes of this title,  
4 the Secretary is authorized to establish and carry out a na-  
5 tional flood insurance program which will enable interested  
6 persons to purchase insurance against loss resulting from  
7 physical damage to or loss of real property or personal prop-  
8 erty related thereto arising from any flood occurring in the  
9 United States.

10 (b) In carrying out the flood insurance program the  
11 Secretary shall, to the maximum extent practicable, encour-  
12 age and arrange for—

13 (1) appropriate financial participation and risk-  
14 sharing in the program by insurance companies or other  
15 insurers, and

16 (2) other appropriate participation on other than a  
17 risk-sharing basis by insurance companies or other in-  
18 surers, insurance agents and brokers, and insurance  
19 adjustment organizations,

20 in accordance with the provisions of chapter II.

## 21 SCOPE OF PROGRAM AND PRIORITIES

22 SEC. 1206. (a) In carrying out the flood insurance pro-  
23 gram the Secretary shall afford a priority to making flood

1 insurance available to cover residential properties which are  
2 designed for the occupancy of from one to four families.

3 (b) If on the basis of—

4 (1) studies and investigations undertaken and car-  
5 ried out and information received or exchanged under  
6 section 1208, and

7 (2) such other information as may be necessary,  
8 the Secretary determines that it would be feasible to  
9 extend the flood insurance program to cover other prop-  
10 erties, he may take such action under this title as from  
11 time to time may be necessary in order to make flood  
12 insurance available to cover, on such basis as may be  
13 feasible, any types and classes of—

14 (A) other residential properties,

15 (B) business properties,

16 (C) agricultural properties,

17 (D) properties occupied by private nonprofit  
18 organizations, and

19 (E) properties owned by State and local gov-  
20 ernments and agencies thereof,

21 and any such extensions of the program to any types  
22 and classes of these properties shall from time to time be  
23 prescribed in regulations.

1 (c) The Secretary shall make flood insurance available  
2 in only those States or areas (or subdivisions thereof) which  
3 he has determined have—

4 (1) evidenced a positive interest in securing flood  
5 insurance coverage under the flood insurance program,  
6 and

7 (2) given satisfactory assurance that by June 30,  
8 1970, permanent land use and control measures will have  
9 been adopted for the State or area (or subdivision)  
10 which are consistent with the comprehensive criteria for  
11 land management and use developed under section 302,  
12 and that the application and enforcement of such meas-  
13 ures will commence as soon as technical information on  
14 floodways and on controlling flood elevations is available.

15 NATURE AND LIMITATION OF INSURANCE COVERAGE

16 SEC. 1207. (a) The Secretary from time to time shall,  
17 after consultation with the advisory committee authorized  
18 under section 1219 and appropriate representatives of the in-  
19 surance authorities of the respective States, provide by regu-  
20 lation for general terms and conditions of insurability which  
21 shall be applicable to properties eligible for flood insurance  
22 coverage under section 1206, including—

1           (1) the types, classes, and locations of any such  
2 properties which shall be eligible for flood insurance;

3           (2) the nature of and limits of loss or damage in  
4 any areas (or subdivisions thereof) which may be  
5 covered by such insurance;

6           (3) the classification, limitation, and rejection of  
7 any risks which may be advisable;

8           (4) appropriate minimum premiums;

9           (5) appropriate loss-deductibles; and

10          (6) any other terms and conditions relating to in-  
11 surance coverage or exclusion which may be necessary  
12 to carry out the purpose of this title.

13          (b) In addition to any other terms and conditions under  
14 subsection (a), such regulations shall provide that—

15           (1) any flood insurance coverage based on charge-  
16 able premium rates (under section 1209) which are less  
17 than estimated premium rates (under section 1208 (a)  
18 (1) ), shall not exceed—

19           (A) in the case of residential properties which  
20 are designed for the occupancy of from one to four  
21 families,

22           (i) \$15,000 aggregate liability for any  
23 dwelling unit, and \$30,000 for any single dwell-

1           ing structure containing more than one dwell-  
2           ing unit, and

3           (ii) \$5,000 aggregate liability per dwell-  
4           ing unit for any contents related thereto; and

5           (B) in the case of any other properties which  
6           may become eligible for flood insurance coverage  
7           under section 1206, \$30,000 aggregate liability for  
8           any single structure; and

9           (2) any flood insurance coverage which may be  
10          made available in excess of any of the limits specified  
11          in subparagraphs (A) and (B) shall be based only on  
12          chargeable premium rates (under section 1209) which  
13          are not less than estimated premium rates (under sec-  
14          tion 1208 (a) (1) ), and the amount of such excess  
15          coverage shall not in any case exceed an amount which  
16          is equal to any such limit so specified.

17                   ESTIMATES OF PREMIUM RATES

18          SEC. 1208. (a) The Secretary is authorized to undertake  
19          and carry out such studies and investigations, and to receive  
20          or exchange such information as may be necessary, to esti-  
21          mate on an area, subdivision, or other appropriate basis—

22               (1) the risk premium rates for flood insurance  
23          which,

1           (A) based on consideration of the risk involved  
2           and accepted actuarial principles, and

3           (B) including—

4                 (i) applicable operating costs and allow-  
5                 ances prescribed under section 1212 to be re-  
6                 flected in such rates, and

7                 (ii) any administrative expenses (or por-  
8                 tion of such expenses) of carrying out the flood  
9                 insurance program which, in his discretion,  
10                should properly be reflected in such rates,

11           would be required in order to make such insurance avail-  
12           able on an actuarial basis for any types and classes of  
13           properties for which insurance coverage shall be avail-  
14           able under section 1206;

15           (2) the rates, if less than the rates estimated under  
16           paragraph (1), which would be reasonable, would en-  
17           courage prospective insureds to purchase flood insurance,  
18           and would be consistent with the purposes of this title;  
19           and

20           (3) the extent, if any, to which federally assisted  
21           or other flood protection measures initiated after the  
22           effective date of this title affect such rates.

23           (b) In carrying out subsection (a), the Secretary shall,  
24           to the maximum extent feasible and on a reimbursement  
25           basis, utilize the services of the Department of the Army,

1 the Department of the Interior, the Department of Agricul-  
 2 ture, the Department of Commerce, and the Tennessee Valley  
 3 Authority, and, as appropriate, other Federal departments  
 4 or agencies, and for such purposes, may enter into agree-  
 5 ments or other appropriate arrangements with any persons.

6 (c) The Secretary shall give priority to conducting  
 7 studies and investigations, or making estimates under this  
 8 section in those States or areas (or subdivisions thereof)  
 9 which he has determined have evidenced a positive interest  
 10 in securing flood insurance coverage under the flood in-  
 11 surance program.

#### 12 ESTABLISHMENT OF CHARGEABLE PREMIUM RATES

13 SEC. 1209. (a) On the basis of estimates made under  
 14 section 1208 and such other information as may be necessary,  
 15 the Secretary from time to time shall, after consultation with  
 16 the advisory committee authorized under section 1219 and  
 17 appropriate representatives of the insurance authorities of  
 18 the respective States, by regulation prescribe—

19 (1) chargeable premium rates for any types and  
 20 classes of properties for which insurance coverage shall  
 21 be available under section 1206 (at less than the esti-  
 22 mated risk premium rates under section 1208 (a) (1),  
 23 if necessary), and

24 (2) the terms and conditions under which and

1 areas (including subdivisions thereof) within which  
2 such rates shall apply.

3 (b) Such rates shall, insofar as practicable, be—

4 (1) based on a consideration of the respective risks  
5 involved, including differences in risks due to land use  
6 measures, floodproofing, flood forecasting, and similar  
7 measures,

8 (2) adequate, on the basis of accepted actuarial  
9 principles, to provide reserves for anticipated losses, or,  
10 if less than such amount, consistent with the objective  
11 of making flood insurance available, where necessary,  
12 at reasonable rates so as to encourage prospective in-  
13 sureds to purchase such insurance, and

14 (3) stated so as to reflect the basis for such rates,  
15 including the differences (if any) between the estimated  
16 risk premium rates under paragraph (1) of section  
17 1208 (a), and the estimated rates under paragraph (2)  
18 of such section.

19 (c) Notwithstanding any other provision of this title,  
20 the chargeable rate with respect to any property, the con-  
21 struction or substantial improvement of which the Secretary  
22 determines has been started after identification of the area  
23 in which such property is located has been published un-  
24 der paragraph (1) of section 1260, shall not be less than

1 the estimated risk premium rate for such area (or subdivi-  
2 sion thereof) under section 1208 (a) (1).

3 (d) In the event any chargeable premium rate pre-  
4 scribed under this section is—

5 (1) at a rate which is not less than the estimated  
6 risk premium rate under section 1208 (a) (1), and

7 (2) such rate includes any amount for administra-  
8 tive expenses of carrying out the flood insurance program  
9 which have been estimated under clause (ii) of section  
10 1208 (a) (1) (B),

11 a sum equal to such amount shall be paid to the Secretary,  
12 and he shall deposit such sum in the fund authorized under  
13 section 1211.

14 **TREASURY BORROWING AUTHORITY**

15 **SEC. 1210.** (a) All authority which was vested in the  
16 Housing and Home Finance Administrator by virtue of  
17 section 15 (e) of the Federal Flood Insurance Act of 1956  
18 (70 Stat. 1084) (pertaining to the issue of notes or other  
19 obligations to the Secretary of the Treasury), as amended  
20 by subsections (a) and (b) of section 1203, shall be avail-  
21 able to the Secretary for the purpose of carrying out this title.

22 (b) Any funds borrowed by the Secretary under this  
23 authority shall, from time to time, be deposited in the

1 National Flood Insurance Fund established under section  
2 1211.

3 NATIONAL FLOOD INSURANCE FUND

4 SEC. 1211. (a) To carry out the flood insurance pro-  
5 gram authorized by this title, the Secretary is authorized to  
6 establish in the Treasury of the United States a National  
7 Flood Insurance Fund (hereinafter referred to as the "fund")  
8 which shall be available, without fiscal year limitation—

9 (1) for making such payments as may, from time  
10 to time, be required under section 1234;

11 (2) to pay reinsurance claims under the excess  
12 loss reinsurance coverage provided under section 1235;

13 (3) to repay to the Secretary of the Treasury such  
14 sums as may be borrowed from him (together with  
15 interest) in accordance with the authority provided in  
16 section 1210; and

17 (4) to pay such administrative expenses (or por-  
18 tion of such expenses) of carrying out the flood insurance  
19 program as he may deem necessary; and

20 (5) for the purposes specified in subsection (d)  
21 under the conditions provided therein.

22 (b) The fund shall be credited with—

23 (1) such funds borrowed in accordance with the  
24 authority provided in section 1210 as may from time  
25 to time be deposited in the fund;

1           (2) premiums, fees, or other charges which may be  
2       paid or collected in connection with the excess loss  
3       reinsurance coverage provided under section 1235;

4           (3) such amounts as may be advanced to the fund  
5       from appropriations in order to maintain the fund in  
6       an operative condition adequate to meet its liabilities;

7           (4) interest which may be earned on investments  
8       of the fund pursuant to subsection (c) ;

9           (5) such sums as are required to be paid to the  
10      Secretary under section 1209 (d) ; and

11          (6) receipts from any other operations under this  
12      title which may, from time to time, be credited to the  
13      fund (including premiums under the conditions specified  
14      in subsection (d) , and salvage proceeds, if any, resulting  
15      from reinsurance coverage) .

16      (c) If after—

17          (1) all outstanding obligations have been liquidated,  
18      and

19          (2) any outstanding amounts which may have been  
20      advanced to the fund from appropriations authorized  
21      under section 1275 (a) (2) (B) have been credited to  
22      the appropriation from which advanced, with interest  
23      accrued at the rate prescribed under section 15 (e) of  
24      the Federal Flood Insurance Act of 1956, as amended  
25      by section 1203 (a) of this title,

1 the Secretary determines that the moneys of the fund are in  
2 excess of current needs, he may request the investment of  
3 such amounts as he deems advisable by the Secretary of the  
4 Treasury in obligations issued or guaranteed by the United  
5 States.

6 (d) In the event the Secretary makes a finding in  
7 accordance with the provisions of section 1240 that operation  
8 of the flood insurance program, in whole or in part, should  
9 be carried out through the facilities of the Federal Govern-  
10 ment, the fund shall be available for all such purposes inci-  
11 dent thereto, including—

12 (1) the costs incurred in the adjustment and pay-  
13 ment of any claims for losses, and

14 (2) payment of applicable operating costs pre-  
15 scribed under section 1212,

16 for so long as the program is so carried out, and in such  
17 event any premiums paid shall be deposited by the Secretary  
18 to the credit of the fund.

19 OPERATING COSTS AND ALLOWANCES

20 SEC. 1212. (a) The Secretary from time to time shall  
21 negotiate with appropriate representatives of the insurance  
22 industry for the purpose of establishing—

23 (1) a current schedule of operating costs applicable  
24 to both risk-sharing insurance companies or other in-

1       surers, and insurance companies and other insurers, insur-  
2       ance agents and brokers, and insurance adjustment orga-  
3       nizations participating on other than a risk-sharing  
4       basis, and

5           (2) a current schedule of operating allowances ap-  
6       plicable to risk-sharing insurance companies or other  
7       insurers,

8       which may be payable in accordance with the provisions of  
9       chapter II, and such schedules, from time to time, shall be  
10      prescribed in regulations.

11      (b) For purposes of subsection (a) —

12           (1) the term “operating costs” shall include, with-  
13      out limiting such term, the following:

14           (A) expense reimbursements covering the  
15       direct, actual, and necessary expenses incurred in  
16       connection with selling and servicing flood insurance  
17       coverage;

18           (B) reasonable compensation payable for sell-  
19       ing and servicing flood insurance coverage, or com-  
20       missions or service fees paid to producers;

21           (C) loss adjustment expenses;

22           (D) other direct, actual, and necessary ex-  
23       penses which the Secretary finds are incurred in

1 connection with selling or servicing flood insurance  
2 coverage; and

3 (2) the term "operating allowances" shall include,  
4 without limiting such term, amounts for profit and con-  
5 tingencies which the Secretary finds reasonable and  
6 necessary to carry out the purposes of this title.

7 PAYMENT OF CLAIMS

8 SEC. 1213. The Secretary is authorized to prescribe  
9 regulations establishing the general method or methods by  
10 which proved and approved claims for losses may be adjusted  
11 and paid for any damage to or loss of property which is  
12 covered by flood insurance made available under the pro-  
13 visions of this title.

14 DISSEMINATION OF FLOOD INSURANCE INFORMATION

15 SEC. 1214. The Secretary shall take such action as may,  
16 from time to time, be necessary in order to make informa-  
17 tion and data available to the public and to any State or  
18 local agency or official, with regard to—

19 (1) the flood insurance program, its coverage and  
20 objectives, and

21 (2) estimated and chargeable flood insurance  
22 premium rates, including the basis for and differences  
23 between such rates in accordance with the provisions  
24 of section 1209.

## PROHIBITION AGAINST CERTAIN DUPLICATIONS OF BENEFITS

SEC. 1215. (a) Notwithstanding the provisions of any other law, no Federal disaster assistance shall be made available to any person—

(1) for the physical loss, destruction, or damage of real or personal property, to the extent that such loss, destruction, or damage is covered by a valid claim which may be adjusted and paid under flood insurance made available under the authority of this title, or

(2) except in the situation provided for under paragraph (3) for the physical loss, destruction, or damage of real and personal property, to the extent that such loss, destruction, or damage could have been covered by a valid claim under flood insurance which had been made available under the authority of this title, if—

(A) such loss, destruction, or damage occurred subsequent to one year following the date flood insurance was made available in the area (or subdivision thereof) in which such property or the major part thereof was located, and

(B) such property was eligible for flood insurance under this title at that date,

1       and in such circumstances the extent that such loss,  
2       destruction, or damage could have been covered shall  
3       be presumed (for purposes of this subsection) to be an  
4       amount not less than the maximum limit of insurable  
5       loss or damage applicable to such property in such  
6       area (or subdivision thereof), pursuant to regulations  
7       under section 1207, at the time insurance was made  
8       available in such area (or subdivision thereof) ;

9           (3) in order to assure that the provisions of para-  
10       graph (2) will not create undue hardship for low-income  
11       persons who might otherwise benefit from the provision  
12       of Federal disaster assistance, the Secretary shall provide  
13       by regulation, for the circumstances in which the pro-  
14       visions of paragraph (2) shall not be applicable to any  
15       such persons.

16       (b) For purposes of this section "Federal disaster assist-  
17       ance" shall include any Federal financial assistance which  
18       may be made available to any person as a result of—

19           (1) a major disaster (within the meaning of that  
20       term as determined by the President pursuant to the  
21       Act entitled "An Act to authorize Federal assistance to  
22       State and local governments in major disasters, and for  
23       other purposes", as amended (42 U.S.C. 1855-  
24       1855g.),

(2) a natural disaster, as determined by the Secretary of Agriculture pursuant to section 321 of the Consolidated Farmers Home Administration Act of 1961 (7 U.S.C. 1961), and

(3) a disaster with respect to which loans may be made under section 7 (b) of the Small Business Act, as amended (15 U.S.C. 636 (b) ).

(c) For purposes of section 10 of the Disaster Relief Act of 1966 (80 Stat. 1316), the term "financial assistance" shall be deemed to include any flood insurance which is made available under this title.

#### STATE AND LOCAL LAND USE CONTROLS

SEC. 1216. After June 30, 1970, no new flood insurance coverage shall be provided under this title in any area (or subdivision thereof) unless an appropriate public body shall have adopted permanent land use and control measures (with effective enforcement provisions) which the Secretary finds are consistent with the comprehensive criteria for land management and use under section 1261.

#### PROPERTIES IN VIOLATION OF STATE AND LOCAL LAW

SEC. 1217. No new flood insurance coverage shall be provided under this title for any property which the Secretary finds has been declared by a duly constituted State or

1 local zoning authority, or other authorized public body, to  
2 be in violation of State or local laws, regulations, or ordi-  
3 nances which are intended to discourage or otherwise restrict  
4 land development or occupancy in flood-prone areas.

5 COORDINATION WITH OTHER PROGRAMS

6 SEC. 1218. In carrying out this title, the Secretary shall  
7 consult with other departments and agencies of the Federal  
8 Government, and interstate, State, and local agencies having  
9 responsibilities for flood control, flood forecasting, and flood  
10 damage prevention, in order to assure that the programs of  
11 such agencies and the flood insurance program authorized  
12 under this title are mutually consistent.

13 ADVISORY COMMITTEE

14 SEC. 1219. (a) The Secretary shall appoint a flood  
15 insurance advisory committee without regard to the civil  
16 service laws, and such committee shall advise the Secretary  
17 in the preparation of any regulations prescribed in accordance  
18 with this title, with respect to policy matters arising in the  
19 administration of this title, and shall perform such other  
20 responsibilities as the Secretary may, from time to time,  
21 assign to such committee.

22 (b) Such committee shall consist of not more than  
23 fifteen persons and such persons shall be selected from among  
24 representatives of—

- (1) the insurance industry,
- (2) State and local governments,
- (3) lending institutions,
- (4) the home building industry, and
- (5) the general public.

(c) Members of the committee shall, while attending conferences or meetings thereof, be entitled to receive compensation at a rate fixed by the Secretary but not exceeding \$100 per day, including traveltime, and while so serving away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as is authorized under section 5703 of title 5, United States Code, for persons in the Government service employed intermittently.

#### INITIAL PROGRAM LIMITATION

SEC. 1220. The face amount of flood insurance coverage outstanding and in force at any one time under this title shall not exceed the sum of \$2,500,000,000.

#### REPORT TO THE PRESIDENT

SEC. 1221. The Secretary shall include a report of operations under this title in the annual report to the President for submission to the Congress required by section 8 of the Department of Housing and Urban Development Act.

1 CHAPTER II—ORGANIZATION AND ADMINISTRATION OF  
2 THE FLOOD INSURANCE PROGRAM

3 ORGANIZATION AND ADMINISTRATION

4 SEC. 1230. Following such consultation with representa-  
5 tives of the insurance industry as may be necessary, the Sec-  
6 retary shall implement the flood insurance program author-  
7 ized under chapter I in accordance with the provisions of part  
8 A of this chapter and, if a determination is made by him  
9 under section 1240, under part B of this chapter.

10 PART A—INDUSTRY PROGRAM WITH FEDERAL FINANCIAL  
11 ASSISTANCE

12 INDUSTRY FLOOD INSURANCE POOL

13 SEC. 1231. (a) The Secretary is authorized to encour-  
14 age and otherwise assist any insurance company or companies  
15 and other insurers which meet the requirements prescribed  
16 under subsection (b) to form, associate, or otherwise join  
17 together in a pool—

18 (1) in order to provide the flood insurance coverage  
19 authorized under chapter I; and

20 (2) for the purpose of assuming, on terms and  
21 conditions as may be agreed upon, such financial respon-  
22 sibility as will enable such companies and other insurers,  
23 with the Federal financial and other assistance available  
24 under this title, to assume a reasonable proportion of

responsibility for the adjustment and payment of claims for losses under the flood insurance program.

(b) In order to promote the effective administration of the flood insurance program under this part, and to assure that the objectives of this title are furthered, the Secretary is authorized to prescribe appropriate requirements for insurance companies or other insurers participating in such pool including, but not limited to, minimum requirements for capital or surplus or assets.

#### AGREEMENTS WITH FLOOD INSURANCE POOL

SEC. 1232. (a) The Secretary is authorized to enter into such agreements with any pool which is formed, associated, or otherwise created under this part, as he deems necessary to carry out the purpose of this title.

(b) Such agreements shall specify—

(1) the terms and conditions under which risk capital will be available for the adjustment and payment of claims,

(2) the terms and conditions under which such pool (and the companies or other insurers participating therein) shall participate in premiums received and profits or losses realized or sustained,

(3) the maximum amount of profit established by the Secretary under section 1212 (and prescribed in

1 regulations under section 1212 (a) ), which may be  
2 realized by such pool (and the companies or other  
3 insurers participating therein),

4 (4) the terms and conditions under which operat-  
5 ing costs and allowances prescribed under section 1212  
6 may be paid, and

7 (5) the terms and conditions under which pre-  
8 mium equalization payments under section 1234 will  
9 be made and reinsurance claims under section 1235  
10 will be paid.

11 (c) In addition, such agreements shall contain such  
12 provisions as the Secretary finds necessary to assure that—

13 (1) no company or other insurer which meets the  
14 requirements prescribed under section 1231 (b) and  
15 which has indicated an intention to participate in the  
16 flood insurance program on a risk-sharing basis, will be  
17 excluded from participating in any such pool,

18 (2) the companies or other insurers participating in  
19 such pool will take whatever action may be necessary  
20 to provide continuity of flood insurance coverage by  
21 such pool, and

22 (3) any insurance companies, other insurers, agents  
23 and brokers, and insurance adjustment organizations will  
24 be permitted to cooperate with such pool as fiscal agents

1 or otherwise, on other than a risk-sharing basis, to the  
2 maximum extent practicable.

3 JUDICIAL REVIEW

4 SEC. 1233. Such companies and other insurers which  
5 form, associate, or otherwise join together in a pool under  
6 this part may adjust and pay all claims for proved and  
7 approved losses covered by flood insurance in accordance  
8 with the provisions of this title and, upon disallowance by  
9 any such companies or other insurers of any such claim, or  
10 upon the refusal of the claimant to accept the amount allowed  
11 upon any such claim, the claimant, within one year after the  
12 date of mailing of notice of disallowance or partial disallow-  
13 ance of the claim, may institute an action on such claim  
14 against the companies or other insurers in the United States  
15 district court for the district in which the insured property  
16 or the major part thereof shall have been situated, and  
17 jurisdiction is hereby conferred upon such court to hear  
18 and determine such action without regard to the amount  
19 in controversy.

20 PREMIUM EQUALIZATION PAYMENTS

21 SEC. 1234. (a) The Secretary shall, on such terms  
22 and conditions as he may from time to time prescribe, make  
23 periodic payments to such pool as may be formed, associated,

1 or otherwise created under section 1231, in recognition of  
2 such reductions in chargeable premium rates under section  
3 1209 below estimated premium rates under section 1208  
4 (a) (1) as are required in order to make flood insurance  
5 available on reasonable terms and conditions.

6 (b) Such payments shall be based only on the aggregate  
7 amount of flood insurance retained by such pool after ceding  
8 reinsurance in accordance with the provisions of section  
9 1235, and shall not exceed an aggregate amount in any  
10 payment period equal to the sum of the following:

11 (1) (A) an amount for losses which bears the same  
12 ratio to the amount of all proved and approved claims  
13 for losses under this title during any designated period as

14 (B) the amount equal to the difference between

15 (i) the sum of all premium payments for flood  
16 insurance coverage in force under this title during  
17 such designated period which would have been pay-  
18 able during such period if all such coverage were  
19 based on estimated risk premium rates under section  
20 1208 (a) (1) (excluding any administrative ex-  
21 penses which may be reflected in such rates, as  
22 specified in clause (ii) of section 1208 (a) (1) (B),  
23 and

(ii) the sum of premium payments actually paid or payable for such insurance under this title during such period,

bears to the amount specified in clause (i) of this subparagraph; and

(2) subject to the terms and conditions specified in the agreement entered into under section 1232, a proportionate amount for appropriate operating costs and allowances prescribed under section 1212 during any designated period, which bears the same ratio to a total amount during such period as the ratio specified in paragraph (1) (B).

(c) Designated periods under this section and the methods for determining the sum of premiums paid or payable during such periods shall be established by the Secretary.

#### REINSURANCE COVERAGE

SEC. 1235. (a) The Secretary is authorized to take such action as may be necessary in order to make available to such pool as may be formed, associated, or otherwise created under section 1231, reinsurance for losses (due to claims for proved and approved losses covered by flood insurance) which are in excess of losses assumed by such pool

1 in accordance with the excess loss agreement entered into  
2 under subsection (c).

3 (b) Such reinsurance shall be made available pursuant  
4 to contract, agreement, or any other arrangement, in con-  
5 sideration of such payment of a premium, fee, or other charge  
6 as the Secretary finds necessary to cover anticipated losses  
7 and other costs of providing such reinsurance.

8 (c) The Secretary is authorized to negotiate an excess  
9 loss agreement, from time to time, under which the amount  
10 of flood insurance retained by such pool, after ceding rein-  
11 surance, shall be adequate to further the purposes of this  
12 title, consistent with the objective of maintaining appropriate  
13 financial participation and risk sharing to the maximum ex-  
14 tent practicable on the part of participating insurance com-  
15 panies and other insurers.

16 (d) All reinsurance claims for losses in excess of losses  
17 assumed by such pool shall be submitted on a portfolio basis  
18 by such pool in accordance with terms and conditions as may  
19 be established by the Secretary.

20 (e) Such pool shall make no distribution of earnings for  
21 a period of up to five years based on flood insurance pre-  
22 miums, unless the aggregate cumulative premiums, fees, or  
23 other charges established for excess loss reinsurance under  
24 subsection (b) and collected for deposit in the National

1 Flood Insurance Fund exceeds the aggregate cumulative ex-  
2 penses paid for reinsurance claims by such fund.

3           PART B—GOVERNMENT PROGRAM

4           FEDERAL OPERATION OF THE PROGRAM

5       SEC. 1240. (a) If at any time after consultation with  
6 representatives of the insurance industry, the Secretary deter-  
7 mines that operation of the flood insurance program as pro-  
8 vided under part A cannot be carried out, or that such opera-  
9 tion, in itself, would be assisted materially by the Federal  
10 Government's assumption, in whole (or in part), of the  
11 operational responsibility for flood insurance under this title  
12 (on a temporary or other basis) he shall promptly under-  
13 take any necessary arrangements to carry out the program  
14 of flood insurance authorized under chapter I through the  
15 facilities of the Federal Government, utilizing, for purposes of  
16 providing flood insurance coverage, either—

17           (1) insurance companies and other insurers, insur-  
18       ance agents and brokers, and insurance adjustment orga-  
19       nizations, as fiscal agents of the United States,

20           (2) officers and employees of the Department of  
21       Housing and Urban Development, and such other officers  
22       and employees of any executive agency (as defined in  
23       section 105 of title 5 of the United States Code) as the  
24       Secretary and the head of any such agency may, from

1       time to time, agree upon, on a reimbursement or other  
2       basis, or

3               (3) both the alternatives specified in paragraphs  
4       (1) and (2).

5       (b) Upon making the determination referred to in sub-  
6       section (a), the Secretary shall make a report to Congress  
7       of his determination to implement the program of flood in-  
8       surance authorized under chapter I through the facilities of  
9       the Federal Government. This report shall—

10              (1) state the reasons for such determination,

11              (2) be supported by pertinent findings,

12              (3) indicate the extent to which it is anticipated  
13       that the insurance industry will be utilized in providing  
14       flood insurance coverage under the program, and

15              (4) contain such recommendations as the Secretary  
16       deems advisable.

17       No action may be taken to implement this report until after  
18       it has been before the Congress for at least ninety days,  
19       during all of which time the Congress has been in session.

20                               ADJUSTMENT AND PAYMENT OF CLAIMS

21       SEC. 1241. In the event the program is carried out as  
22       provided in section 1240, the Secretary shall be authorized to  
23       adjust and make payment of any claims for proved and  
24       approved losses covered by flood insurance, and upon dis-

1 allowance by the Secretary of any such claim, or upon the  
2 refusal of the claimant to accept the amount allowed upon any  
3 such claim, the claimant, within one year after the date of  
4 mailing of notice of disallowance or partial disallowance  
5 by the Secretary, may institute an action against the Secre-  
6 tary on such claim in the United States district court for the  
7 district in which the insured property or the major part  
8 thereof shall have been situated, and jurisdiction is hereby  
9 conferred upon such court to hear and determine such action  
10 without regard to the amount in controversy.

11 PART C—PROVISIONS OF GENERAL APPLICABILITY

12 SERVICES BY INSURANCE INDUSTRY

13 SEC. 1245. (a) In administering the flood insurance  
14 program under this chapter, the Secretary is authorized to  
15 enter into any contracts, agreements, or other appropriate  
16 arrangements as may, from time to time, be necessary for the  
17 purpose of utilizing, on terms and conditions which may be  
18 agreed upon, the facilities and services of any insurance com-  
19 panies or other insurers, insurance agents and brokers, or in-  
20 surance adjustment organizations, and such contracts, agree-  
21 ments, or arrangements may also include provision for pay-  
22 ment of applicable operating costs and allowances for such  
23 facilities and services prescribed under section 1212.

1       (b) Any such contracts, agreements, or other arrange-  
2 ments may be entered into without regard to the provisions  
3 of section 3709 of the Revised Statutes, as amended (41  
4 U.S.C. 5), or any other provision of law requiring com-  
5 petitive bidding.

6       USE OF INSURANCE POOLS, COMPANIES, OR OTHER PRIVATE  
7       ORGANIZATIONS FOR CERTAIN PAYMENTS

8       SEC. 1246. (a) In order to provide for maximum effi-  
9 ciency in the administration of the flood insurance program  
10 and in order to facilitate the expeditious payment of any  
11 Federal funds under the flood insurance program authorized  
12 by this title, the Secretary may enter into contracts with  
13 any pool which may be formed, associated, or otherwise  
14 created under section 1231, or any insurance companies or  
15 other private organizations, for the purpose of securing per-  
16 formance by such pool, company, or organization of any or  
17 all of the following responsibilities:

18       (1) estimate and later determine any amounts of  
19 payments to be made;

20       (2) receive from the Secretary, disburse, and ac-  
21 count for funds in making such payments;

22       (3) make such audits of the records of any insur-  
23 ance company, other insurers, agent or broker, or in-

1 insurance adjustment organization, as may be necessary  
2 to assure that proper payments are made; and

3 (4) otherwise assist in such manner as the con-  
4 tract may provide to further the purposes of this title.

5 (b) Any contract with any pool, insurance company, or  
6 other private organization under this section may contain  
7 such terms and conditions as the Secretary finds necessary or  
8 appropriate for carrying out responsibilities under subsec-  
9 tion (a), and may provide for payment of any costs which  
10 the Secretary determines are incidental to carrying out such  
11 responsibilities which are covered by the contract.

12 (c) Any contract entered into under subsection (a)  
13 may be entered into without regard to section 3709 of the  
14 Revised Statutes (41 U.S.C. 5) or any other provision of  
15 law requiring competitive bidding.

16 (d) No such contract may be entered into with any  
17 pool, insurance company, or other private organization under  
18 this section unless the Secretary finds that it will perform  
19 its obligations under the contract efficiently and effectively,  
20 and will meet such requirements as to financial responsibility,  
21 legal authority, and other matters as he finds pertinent.

22 (e) (1) Any such contract may require such pool,  
23 company, or organization or any of its officers or employees

1 certifying payments or disbursing funds pursuant to the con-  
2 tract, or otherwise participating in carrying out the contract,  
3 to give surety bond to the United States in such amount as  
4 the Secretary may deem appropriate.

5 (2) No individual designated pursuant to a contract  
6 under this section to certify payments shall, in the absence  
7 of gross negligence or intent to defraud the United States, be  
8 liable with respect to any payments certified by him under  
9 this section.

10 (3) No officer disbursing funds shall, in the absence of  
11 gross negligence or intent to defraud the United States, be  
12 liable with respect to any payment by him under this section  
13 if it was based upon a voucher signed by an individual desig-  
14 nated to certify payments as provided in paragraph (2) of  
15 this subsection.

16 (f) Any contracts entered into under this section shall  
17 be for a term of one year, and may be made automatically  
18 renewable from term to term in the absence of notice by  
19 either party of an intention to terminate at the end of the  
20 current term; except that the Secretary may terminate any  
21 such contract at any time (after reasonable notice to the  
22 pool, company, or organization involved) if he finds that  
23 the pool, company, or organization has failed substantially  
24 to carry out the contract, or is carrying out the contract

1 in a manner inconsistent with the efficient and effective  
2 administration of the flood insurance program authorized  
3 under this title.

#### 4 SETTLEMENT AND ARBITRATION

5 SEC. 1247. (a) The Secretary is authorized to make  
6 final settlement of any claims or demands which may arise  
7 as a result of any financial transactions which he is author-  
8 ized to carry out under this chapter, and may, to assist him  
9 in making any such settlement, refer any disputes relating  
10 to such claims or demands to arbitration, with the consent  
11 of the parties concerned.

12 (b) Such arbitration shall be advisory in nature, and  
13 any award, decision, or recommendation which may be  
14 made shall become final only upon the approval of the  
15 Secretary.

#### 16 RECORDS AND AUDITS

17 SEC. 1248. (a) Any flood insurance pool formed, asso-  
18 ciated, or otherwise created under section 1231 of this title  
19 receiving financial assistance under part A of this chapter  
20 and any such pool, or insurance company or other private  
21 organization executing any contract, agreement, or other ap-  
22 propriate arrangement with the Secretary under parts B and  
23 C of this chapter shall keep such records as the Secretary  
24 shall prescribe, including records which fully disclose the

1 total costs of the program undertaken or the services being  
2 rendered, and other records as will facilitate an effective  
3 audit.

4 (b) The Secretary and the Comptroller General of the  
5 United States, or any of their duly authorized representatives,  
6 shall have access for the purpose of audit and examination to  
7 any books, documents, papers, and records of the pool, in-  
8 surance company, or other private organizations that are  
9 pertinent to the costs of the program undertaken or the  
10 services being rendered.

11 CHAPTER III—COORDINATION OF FLOOD INSURANCE  
12 WITH LAND-MANAGEMENT PROGRAMS IN FLOOD-  
13 PRONE AREAS

14 IDENTIFICATION OF FLOOD-PRONE AREAS

15 SEC. 1260. The Secretary is authorized to consult with,  
16 receive information from, and to enter into any agreements  
17 or other arrangements with the Secretaries of the Army, the  
18 Interior, Agriculture, and Commerce, the Tennessee Valley  
19 Authority, and the heads of other Federal departments or  
20 agencies (on a reimbursement basis), or the head of any  
21 State or local agency, in order that he may—

22 (1) identify and publish information with respect  
23 to all flood plain areas, including coastal areas located  
24 in the United States, which have special flood hazards,

1 within five years following the effective date of this  
2 title, and

3 (2) establish flood risk zones in all such areas, and  
4 make estimates with respect to the rates of probable  
5 flood-caused loss for the various flood risk zones for  
6 each of these areas, within fifteen years following such  
7 date.

8 CRITERIA FOR LAND MANAGEMENT AND USE

9 SEC. 1261. (a) The Secretary is authorized to carry out  
10 studies or investigations, utilizing the existing facilities and  
11 services of other Federal departments or agencies to the  
12 maximum extent practicable, and State and local govern-  
13 mental agencies, and any other organizations, with respect to  
14 the adequacy of State and local measures in flood-prone  
15 areas, as to land management and use, flood control, flood  
16 zoning, and flood damage prevention, and may enter into  
17 any contracts, agreements, or other appropriate arrangements  
18 to carry out such authority.

19 (b) Such studies and investigations shall include, but  
20 not be limited to, laws, regulations, or ordinances relating to  
21 encroachments and obstructions on stream channels and  
22 floodways, the orderly development and use of flood plains  
23 of rivers or streams, floodway encroachment lines, or flood

1 plain zoning, building codes, building permits, and subdi-  
2 vision or other building restrictions.

3 (c) On the basis of such studies and investigations, and  
4 such other information as he deems necessary, the Secre-  
5 tary from time to time shall develop comprehensive criteria  
6 designed to encourage, where necessary, the adoption of  
7 permanent State and local measures which, to the maximum  
8 extent feasible, will—

9 (1) constrict the development of land which is ex-  
10 posed to flood damage where appropriate,

11 (2) guide the development of proposed construc-  
12 tion away from locations which are threatened by flood  
13 hazards,

14 (3) assist in reducing damage caused by floods, and

15 (4) otherwise improve the long-range land man-  
16 agement and use of flood-prone areas,

17 and shall work closely with and provide any necessary tech-  
18 nical assistance to State, interstate, and local governmental  
19 agencies, to encourage the application of such criteria and  
20 the adoption and enforcement of such measures.

21 PURCHASE OF CERTAIN INSURED PROPERTIES

22 SEC. 1262. The Secretary may, when he determines that  
23 the public interest would be served thereby, enter into nego-

1 tiations with any owner of real property or interests therein  
2 which—

3 (1) was located in any flood-risk area, as deter-  
4 mined by the Secretary;

5 (2) was covered by flood insurance under the flood  
6 insurance program authorized under this title; and

7 (3) was damaged substantially beyond repair by  
8 flood;

9 and may purchase such property or interests therein, for sub-  
10 sequent transfer, by sale, lease, donation, or otherwise, to  
11 any State or local agency which enters into an agreement  
12 with the Secretary that such property shall, for a period not  
13 less than forty years following transfer, be used for only such  
14 purposes as the Secretary may, by regulation, determine to  
15 be consistent with sound land management and use in such  
16 area.

17 CHAPTER IV—APPROPRIATIONS AND MISCELLANEOUS  
18 PROVISIONS

19 STUDIES OF OTHER NATURAL DISASTERS

20 SEC. 1270. (a) The Secretary is authorized to under-  
21 take such studies as may be necessary for the purpose of de-  
22 termining the extent to which insurance protection against  
23 earthquakes or any other natural disaster perils, other than

1 flood, is not available from public or private sources, and the  
2 feasibility of such insurance protection being made available.

3 (b) Studies under this section shall be carried out, to  
4 the maximum extent practicable, with the cooperation of  
5 other Federal departments and agencies and State and local  
6 agencies, and the Secretary is authorized to consult with,  
7 receive information from, and to enter into any necessary  
8 agreements or other arrangements with such other Federal  
9 departments or agencies (on a reimbursement basis) or State  
10 and local agencies.

#### 11 PAYMENTS

12 SEC. 1271. Any payments under this title may be  
13 made (after necessary adjustment on account of previously  
14 made underpayments or overpayments) in advance or by  
15 way of reimbursement, and in such installments and on such  
16 conditions as the Secretary may determine.

#### 17 GOVERNMENT CORPORATION CONTROL ACT

18 SEC. 1272. The provisions of the Government Corpora-  
19 tion Control Act, as amended, shall apply to the program  
20 authorized under this title to the same extent as applicable  
21 to wholly owned Government corporations.

#### 22 FINALITY OF CERTAIN FINANCIAL TRANSACTIONS

23 SEC. 1273. Notwithstanding the provisions of any other  
24 law to the contrary, any—

(1) financial transaction authorized to be carried out under this title, and

(2) payment authorized to be made or to be received in connection with any such financial transaction, shall be final and conclusive upon all officers of the Government.

#### ADMINISTRATIVE EXPENSES

SEC. 1274. Any administrative expenses which may be sustained by the Federal Government in carrying out the flood insurance program authorized under this title may be paid out of appropriated funds.

#### APPROPRIATIONS

SEC. 1275. (a) There are hereby authorized to be appropriated such sums as may from time to time be necessary to carry out this title, including sums—

(1) to cover administrative expenses authorized under section 1274;

(2) to reimburse the fund established under section 1211 for—

(A) premium equalization payments under section 1234 which have been made from such fund; and

(B) reinsurance claims paid under the excess

1           loss reinsurance coverage provided under section  
2           1235; and

3           (3) to make such other payments as may be neces-  
4           sary to carry out the purposes of this title.

(b) All such funds shall be available without fiscal  
year limitation.

## 7 EFFECTIVE DATE

8        SEC. 1276. This title shall take effect one hundred and  
9    twenty days following the date of its enactment, except that  
10   the Secretary, on the basis of a finding that conditions exist  
11   necessitating the prescribing of an additional period, may  
12   prescribe a later effective date which in no event shall be  
13   more than one hundred and eighty days following such date  
14   of enactment.

## 15 TITLE XIII—INTERSTATE LAND SALES

16 SHORT TITLE

17 SEC. 1301. This title may be cited as the “Interstate  
18 Land Sales Full Disclosure Act”.

## 19 DEFINITIONS

20 SEC. 1302. For the purposes of this title, the term—

(1) "Secretary" means the Secretary of Housing  
and Urban Development;

23 (2) "person" means an individual, or an unincor-  
24 porated organization, partnership, association, corpora-  
25 tion, trust, or estate;

(3) "subdivision" means any land which is divided or proposed to be divided into fifty or more lots, whether contiguous or not, for the purpose of sale or lease as part of a common promotional plan and where subdivided land is offered for sale or lease by a single developer, or a group of developers acting in concert, and such land is contiguous or is known, designated, or advertised as a common unit or by a common name such land shall be presumed, without regard to the number of lots covered by each individual offering, as being offered for sale or lease as part of a common promotional plan;

(4) "developer" means any person who, directly or indirectly, sells or leases, or offers to sell or lease, or advertises for sale or lease any lots in a subdivision;

(5) "agent" means any person who represents, or acts for or on behalf of, a developer in selling or leasing, or offering to sell or lease, any lot or lots in a subdivision; but shall not include an attorney at law whose representation of another person consists solely of rendering legal services;

(6) "blanket encumbrance" means a trust deed, mortgage, or any other lien or encumbrance, including an option or contract to sell or a trust agreement, affecting a subdivision or affecting more than one lot offered

1       there is a residential, commercial, or industrial building,  
2       or to the sale or lease of land under a contract obligating  
3       the seller to erect such a building thereon within a pe-  
4       riod of two years;

5           (4) the sale or lease of real estate under or pur-  
6       suant to court order;

7           (5) the sale of evidences of indebtedness secured  
8       by a mortgage or deed of trust on real estate;

9           (6) the sale of securities issued by a real estate in-  
10      vestment trust;

11          (7) the sale or lease of real estate by any govern-  
12      ment or government agency;

13          (8) the sale or lease of cemetery lots;

14          (9) the sale or lease of lots to any person who  
15      acquires such lots for the purpose of engaging in the  
16      business of constructing residential, commercial, or in-  
17      dustrial buildings or for the purpose of resale or lease of  
18      such lots to persons engaged in such business.

19      (b) The Secretary may from time to time, pursuant  
20      to rules and regulations issued by him, exempt from any of  
21      the provisions of this title any subdivision or any lots in a sub-  
22      division, if he finds that the enforcement of this title with  
23      respect to such subdivision or lots is not necessary in the  
24      public interest and for the protection of purchasers by reason

1 of the small amount involved or the limited character of  
2 the public offering.

3 PROHIBITIONS RELATING TO THE SALE OR LEASE OF LOTS  
4 IN SUBDIVISIONS

5 SEC. 1304. (a) It shall be unlawful for any developer  
6 or agent, directly or indirectly, to make use of any means or  
7 instruments of transportation or communication in inter-  
8 state commerce, or of the mails—

9 (1) to sell or lease any lot in any subdivision unless  
10 a statement of record with respect to such lot is in effect  
11 in accordance with section 1307 and a printed property  
12 report, meeting the requirements of section 1308, is fur-  
13 nished to the purchaser in advance of the signing of any  
14 contract or agreement for sale or lease by the purchaser;  
15 and

16 (2) in selling or leasing, or offering to sell or lease,  
17 any lot in a subdivision—

18 (A) to employ any device, scheme, or artifice  
19 to defraud, or

20 (B) to obtain money or property by means of  
21 a misrepresentation with respect to any information  
22 included in the statement of record or the property  
23 report or with respect to any other information  
24 pertinent to the lot or the subdivision and upon  
25 which the purchaser relies, or

1 (C) to engage in any transaction, practice, or  
2 course of business which operates or would operate  
3 as a fraud or deceit upon a purchaser.

4 (b) Any contract or agreement for the purchase or  
5 leasing of a lot in a subdivision covered by this title, where  
6 the property report has not been given to the purchaser in  
7 advance or at the time of his signing, shall be voidable at  
8 the option of the purchaser. A purchaser may revoke such  
9 contract or agreement within forty-eight hours, where he has  
10 received the property report less than forty-eight hours be-  
11 fore he signed the contract or agreement, and the contract  
12 or agreement shall so provide; except that the contract or  
13 agreement may stipulate that the foregoing revocation au-  
14 thority shall not apply in the case of a purchaser who (1)  
15 has read the property report and inspected the lot to be  
16 purchased or leased in advance of signing the contract or  
17 agreement, and (2) acknowledges by his signature that he  
18 has made such inspection and has read and understood such  
19 report.

20 REGISTRATION OF SUBDIVISIONS

21 SEC. 1305. (a) A subdivision may be registered by  
22 filing with the Secretary a statement of record, meeting the  
23 requirements of this title and such rules and regulations as  
24 may be prescribed by the Secretary in furtherance of the

1 provisions of this title. A statement of record shall be deemed  
2 effective only as to the lots specified therein.

3 (b) At the time of filing a statement of record, or any  
4 amendment thereto, the developer shall pay to the Secre-  
5 tary a fee, not in excess of \$1,000, in accordance with a  
6 schedule to be fixed by the regulations of the Secretary.

7 (c) The filing with the Secretary of a statement of  
8 record, or of an amendment thereto, shall be deemed to have  
9 taken place upon the receipt thereof, accompanied by pay-  
10 ment of the fee required by subsection (b).

11 (d) The information contained in or filed with any state-  
12 ment of record shall be made available to the public under  
13 such regulations as the Secretary may prescribe and copies  
14 thereof shall be furnished to every applicant at such reason-  
15 able charge as the Secretary may prescribe.

16 INFORMATION REQUIRED IN STATEMENT OF RECORD

17 SEC. 1306. The statement of record shall contain the  
18 information and be accompanied by the documents specified  
19 hereinafter in this section—

20 (1) the name and address of each person having  
21 an interest in the lots in the subdivision to be covered  
22 by the statement of record and the extent of such  
23 interest;

24 (2) a legal description of, and a statement of the  
25 total area included in, the subdivision and a statement of

1 the topography thereof, together with a map showing  
2 the division proposed and the dimensions of the lots to be  
3 covered by the statement of record and their relation to  
4 existing streets and roads;

5 (3) a statement of the condition of the title to the  
6 land comprising the subdivision, including all encum-  
7 brances thereon;

8 (4) a statement of the general terms and condi-  
9 tions, including the range of selling prices or rents at  
10 which it is proposed to dispose of the lots in the sub-  
11 division;

12 (5) a statement of the present condition of access  
13 to the subdivision, the availability of sewage disposal  
14 facilities and other public utilities (including water, elec-  
15 tricity, gas, and telephone facilities) in the subdivision,  
16 the proximity in miles of the subdivision to nearby mu-  
17 nicipalities, and the nature of any improvements to be  
18 installed by the developer and his estimated schedule for  
19 completion;

20 (6) in the case of any subdivision or portion thereof  
21 against which there exists a blanket encumbrance, a  
22 statement of the consequences for an individual pur-  
23 chaser of a failure, by the person or persons bound, to  
24 fulfill obligations under the instrument or instruments

1       creating such encumbrance and the steps, if any, taken  
2       to protect the purchaser in such eventuality;

3               (7) (A) copy of its articles of incorporation, with all  
4       amendments thereto, if the developer is a corporation;  
5       (B) copies of all instruments by which the trust is  
6       created or declared, if the developer is a trust; (C)  
7       copies of its articles of partnership or association and  
8       all other papers pertaining to its organization, if the  
9       developer is a partnership, unincorporated association,  
10      joint stock company, or any other form of organization;  
11      and (D) if the purported holder of legal title is a person  
12      other than developer, copies of the above documents  
13      for such person;

14             (8) copies of the deed or other instrument estab-  
15      lishing title to the subdivision in the developer or other  
16      person and copies of any instrument creating a lien or  
17      encumbrance upon the title of developer or other person,  
18      or copies of the opinion or opinions of counsel in respect  
19      to the title to the subdivision in the developer or other  
20      person, or copies of the title insurance policy guarantee-  
21      ing such title;

22             (9) copies of all forms of conveyance to be used  
23      in selling or leasing lots to purchasers;

(10) copies of instruments creating easements or other restrictions;

(11) such certified and uncertified financial statements as the Secretary may require; and

(12) such other information and such other documents and certifications as the Secretary may require as being reasonably necessary or appropriate for the protection of purchasers.

TAKING EFFECT OF STATEMENTS OF RECORD AND  
AMENDMENTS THERETO

SEC. 1307. (a) Except as hereinafter provided, the effective date of a statement of record, or any amendment thereto, shall be the thirtieth day after the filing thereof or such earlier date as the Secretary may determine, having due regard to the public interest and the protection of purchasers. If any amendment to any such statement is filed prior to the effective date of the statement, the statement shall be deemed to have been filed when such amendment was filed; except that such an amendment filed with the consent of the Secretary, or filed pursuant to an order of the Secretary, shall be treated as being filed as of the date of the filing of the statement of record. When a developer records additional lands to be offered for disposition, he may consolidate the subsequent

1 statement of record with any earlier recording offering sub-  
2 divided land for disposition under the same promotional plan.  
3 At the time of consolidation the developer shall include in  
4 the consolidated statement of record any material changes in  
5 the information contained in the earlier statement.

6 (b) If it appears to the Secretary that a statement of  
7 record, or any amendment thereto, is on its face incomplete  
8 or inaccurate in any material respect, the Secretary shall so  
9 advise the developer within a reasonable time after the filing  
10 of the statement or the amendment, but prior to the date the  
11 statement or amendment would otherwise be effective. Such  
12 notification shall serve to suspend the effective date of the  
13 statement or the amendment until thirty days after the  
14 developer files such additional information as the Secretary  
15 shall require. Any developer, upon receipt of such notice,  
16 may request a hearing, and such hearing shall be held within  
17 twenty days of receipt of such request by the Secretary.

18 (c) If, at any time subsequent to the effective date of a  
19 statement of record, a change shall occur affecting any ma-  
20 terial fact required to be contained in the statement, the  
21 developer shall promptly file an amendment thereto. Upon  
22 receipt of any such amendment, the Secretary may, if he  
23 determines such action to be necessary or appropriate in the  
24 public interest or for the protection of purchasers, suspend

1 the statement of record until the amendment becomes effec-  
2 tive.

3 (d) If it appears to the Secretary at any time that a  
4 statement of record, which is in effect, includes any untrue  
5 statement of a material fact or omits to state any material  
6 fact required to be stated therein or necessary to make the  
7 statements therein not misleading, the Secretary may, after  
8 notice by personal service or by sending of confirmed tele-  
9 graphic notice, and after opportunity for hearing (at a time  
10 fixed by the Secretary) within fifteen days after such notice,  
11 issue an order suspending the statement of record. When such  
12 statement has been amended in accordance with such order,  
13 the Secretary shall so declare and thereupon the order shall  
14 cease to be effective.

15 (e) The Secretary is hereby empowered to make an  
16 examination in any case to determine whether an order  
17 should issue under subsection (d). In making such examina-  
18 tion, the Secretary or anyone designated by him shall have  
19 access to and may demand the production of any books and  
20 papers of, and may administer oaths and affirmations to and  
21 examine, the developer, any agents, or any other person, in  
22 respect of any matter relevant to the examination. If the  
23 developer or any agents shall fail to cooperate, or shall ob-

1   struct or refuse to permit the making of an examination, such  
2   conduct shall be proper ground for the issuance of an order  
3   suspending the statement of record.

4       (f) Any notice required under this section shall be sent  
5   to or served on the developer or his authorized agent.

6           INFORMATION REQUIRED IN PROPERTY REPORT

7       SEC. 1308. (a) A property report relating to the lots in  
8   a subdivision shall contain such of the information contained  
9   in the statement of record, and any amendments thereto, as  
10  the Secretary may deem necessary, but need not include the  
11  documents referred to in paragraphs (7) to (11), inclusive,  
12  of section 1306. A property report shall also contain such  
13  other information as the Secretary may by rules or regulations  
14  require as being necessary or appropriate in the public inter-  
15  est or for the protection of purchasers.

16       (b) The property report shall not be used for any  
17  promotional purposes before the statement of record becomes  
18  effective and then only if it is used in its entirety. No per-  
19  son may advertise or represent that the Secretary approves  
20  or recommends the subdivision or the sale or lease of lots  
21  therein. No portion of the property report shall be under-  
22  scored, italicized, or printed in larger or bolder type than the  
23  balance of the statement unless the Secretary requires or  
24  permits it.

## COOPERATION WITH STATE AUTHORITIES

SEC. 1309. (a) In administering this title, the Secretary shall cooperate with State authorities charged with the responsibility of regulating the sale of lots in subdivisions which are also subject to this title and may accept for filing under section 1305 and declare effective as a statement of record, if he finds such action to be appropriate in the public interest or for the protection of purchasers, material filed with and found acceptable by such authorities.

(b) Nothing in this title shall affect the jurisdiction of the real estate commission (or any agency or office performing like functions) of any State over any subdivision or any person.

## CIVIL LIABILITIES

SEC. 1310. (a) Where any part of a statement of record, when such part became effective, contained an untrue statement of a material fact or omitted to state a material fact required to be stated therein, any person acquiring a lot in the subdivision covered by such statement of record from the developer or his agent during such period the statement remained uncorrected (unless it is proved that at the time of such acquisition he knew of such untruth or omission) may, either at law or in equity, in any court of competent jurisdiction, sue the developer.

1       (b) Any developer or agent, who sells or leases a lot  
2 in a subdivision—

3           (1) in violation of section 1304, or

4           (2) by means of a property report which contained  
5 an untrue statement of a material fact or omitted to  
6 state a material fact required to be stated therein, may  
7 be sued by the purchaser of such lot.

8       (c) The suit authorized under subsection (a) or (b)  
9 may be to recover such damages as shall represent the  
10 difference between the amount paid for the lot and the cost  
11 of any improvements thereto, and the lesser of (1) the  
12 value thereof as of the time such suit was brought, or (2)  
13 the price at which such lot shall have been disposed of in  
14 a bona fide market transaction before suit, or (3) the price  
15 at which such lot shall have been disposed of after suit in  
16 a bona fide market transaction but before judgment. In any  
17 suit under this section the court may, in its discretion, require  
18 an undertaking for the payment of the costs of such suit,  
19 including reasonable attorney's fees, and if judgment shall  
20 be rendered against a party litigant, upon the motion of the  
21 other party litigant, such costs may be assessed in favor of  
22 such party litigant (whether or not such undertaking has  
23 been required), if the court believes the suit or the defense  
24 to have been without merit, in an amount sufficient to reim-

1 burse him for the reasonable expenses incurred by him,  
2 in connection with such suit, such costs to be taxed in the  
3 manner usually provided for taxing of costs in the court in  
4 which the suit was heard.

5 (d) Every person who becomes liable to make any  
6 payment under this section may recover contribution as in  
7 cases of contract from any person who, if sued separately,  
8 would have been liable to make the same payment, unless  
9 the person who has become liable was, and the other was  
10 not, guilty of fraudulent misrepresentation.

11 (e) In no case shall the amount recoverable under this  
12 section exceed the sum of the purchase price of the lot, the  
13 cost of improvements, and reasonable court costs.

14 COURT REVIEW OF ORDERS

15 SEC. 1311. (a) Any person, aggrieved by an order or  
16 determination of the Secretary issued after a hearing, may  
17 obtain a review of such order or determination in the court of  
18 appeals of the United States, within any circuit wherein such  
19 person resides or has his principal place of business, or in the  
20 United States Court of Appeals for the District of Columbia,  
21 by filing in such court, within sixty days after the entry of  
22 such order or determination, a written petition praying that  
23 the order or determination of the Secretary be modified or

1 be set aside in whole or in part. A copy of such petition shall  
2 be forthwith transmitted by the clerk of the court to the  
3 Secretary, and thereupon the Secretary shall file in the court  
4 the record upon which the order or determination complained  
5 of was entered, as provided in section 2112 of title 28, United  
6 States Code. No objection to an order or determination of  
7 the Secretary shall be considered by the court unless such  
8 objection shall have been urged before the Secretary. The  
9 finding of the Secretary as to the facts, if supported by evi-  
10 dence, shall be conclusive. If either party shall apply to the  
11 court for leave to adduce additional evidence, and shall show  
12 to the satisfaction of the court that such additional evidence  
13 is material and that there were reasonable grounds for failure  
14 to adduce such evidence in the hearing before the Secretary,  
15 the court may order such additional evidence to be taken  
16 before the Secretary and to be adduced upon a hearing in  
17 such manner and upon such terms and conditions as to the  
18 court may seem proper. The Secretary may modify his find-  
19 ings as to the facts by reason of the additional evidence so  
20 taken, and shall file such modified or new findings, which, if  
21 supported by evidence, shall be conclusive, and his recom-  
22 mendation, if any, for the modification or setting aside of the  
23 original order. The jurisdiction of the court shall be exclusive  
24 and its judgment and decree, affirming, modifying, or setting

1 aside, in whole or in part, any order of the Secretary, shall  
2 be final, subject to review by the Supreme Court of the  
3 United States upon certiorari or certification as provided in  
4 section 1254 of title 28, United States Code.

5 (b) The commencement of proceedings under subsec-  
6 tion (a) shall not, unless specifically ordered by the court,  
7 operate as a stay of the Secretary's order.

#### 8 LIMITATION OF ACTIONS

9 SEC. 1312. No action shall be maintained to enforce any  
10 liability created under section 1310 (a) or (b) (2) unless  
11 brought within one year after the discovery of the untrue  
12 statement or the omission, or after such discovery should  
13 have been made by the exercise of reasonable diligence, or,  
14 if the action is to enforce a liability created under section  
15 1310 (b) (1), unless brought within two years after the viola-  
16 tion upon which it is based. In no event shall any such ac-  
17 tion be brought by a purchaser more than three years after  
18 the sale or lease to such purchaser.

#### 19 CONTRARY STIPULATIONS VOID

20 SEC. 1313. Any condition, stipulation, or provision bind-  
21 ing any person acquiring any lot in a subdivision to waive  
22 compliance with any provision of this title or of the rules and  
23 regulations of the Secretary shall be void.

## ADDITIONAL REMEDIES

2        SEC. 1314. The rights and remedies provided by this  
3 title shall be in addition to any and all other rights and reme-  
4 dies that may exist at law or in equity.

5 INVESTIGATIONS, INJUNCTIONS, AND PROSECUTION OF  
6 OFFENSES

7        SEC. 1315. (a) Whenever it shall appear to the Secre-  
8        tary that any person is engaged or about to engage in any  
9        acts or practices which constitute or will constitute a viola-  
10       tion of the provisions of this title, or of any rule or regula-  
11       tion prescribed pursuant thereto, he may, in his discretion,  
12       bring an action in any district court of the United States, or  
13       the United States District Court for the District of Columbia  
14       to enjoin such acts or practices, and, upon a proper showing,  
15       a permanent or temporary injunction or restraining order  
16       shall be granted without bond. The Secretary may transmit  
17       such evidence as may be available concerning such acts or  
18       practices to the Attorney General who may, in his discretion,  
19       institute the appropriate criminal proceedings under this title.

(b) The Secretary may, in his discretion, make such investigations as he deems necessary to determine whether any person has violated or is about to violate any provision of this title or any rule or regulation prescribed pursuant thereto, and may require or permit any person to file with

1 him a statement in writing, under oath or otherwise as the  
2 Secretary shall determine, as to all the facts and circum-  
3 stances concerning the matter to be investigated. The Secre-  
4 tary is authorized, in his discretion, to publish information  
5 concerning any such violations, and to investigate any facts,  
6 conditions, practices, or matters which he may deem neces-  
7 sary or proper to aid in the enforcement of the provisions  
8 of this title, in the prescribing of rules and regulations there-  
9 under, or in securing information to serve as a basis for  
10 recommending further legislation concerning the matters to  
11 which this title relates.

12 (c) For the purpose of any such investigation, or any  
13 other proceeding under this title, the Secretary, or any of-  
14 ficer designated by him, is empowered to administer oaths  
15 and affirmations, subpoena witnesses, compel their attendance,  
16 take evidence, and require the production of any books,  
17 papers, correspondence, memorandums, or other records  
18 which the Secretary deems relevant or material to the in-  
19 quiry. Such attendance of witnesses and the production of  
20 any such records may be required from any place in the  
21 United States or any State at any designated place of hearing.

22 (d) In case of contumacy by, or refusal to obey a sub-  
23 pena issued to, any person, the Secretary may invoke the  
24 aid of any court of the United States within the jurisdiction

1 of which such investigation or proceeding is carried on, or  
2 where such person resides or carries on business, in requir-  
3 ing the attendance and testimony of witnesses and the pro-  
4 duction of books, papers, correspondence, memorandums,  
5 and other records and documents. And such court may issue  
6 an order requiring such person to appear before the Sec-  
7 retary or any officer designated by the Secretary, there to  
8 produce records, if so ordered, or to give testimony touching  
9 the matter under investigation or in question; and any fail-  
10 ure to obey such order of the court may be punished by  
11 such court as a contempt thereof. All process in any such  
12 case may be served in the judicial district whereof such  
13 person is an inhabitant or wherever he may be found. Any  
14 person who shall, without just cause, fail or refuse to attend  
15 and testify or to answer any lawful inquiry or to produce  
16 books, papers, correspondence, memorandums, and other  
17 records and documents, if in his power so to do, in obedience  
18 to the subpoena of the Secretary, shall be guilty of a mis-  
19 demeanor and, upon conviction, shall be subject to a fine of  
20 not more than \$1,000 or to imprisonment for a term of not  
21 more than one year, or both.

22 (e) No person shall be excused from attending and  
23 testifying or from producing books, papers, correspondence,  
24 memorandums, and other records and documents before the

1 Secretary, or in obedience to the subpoena of the Secretary or  
2 any officer designated by him, or in any cause or proceeding  
3 instituted by the Secretary, on the ground that the testimony  
4 or evidence, documentary or otherwise, required of him may  
5 tend to incriminate him or subject him to a penalty or for-  
6 feiture; but no individual shall be prosecuted or subject to  
7 any penalty or forfeiture for or on account of any transaction,  
8 matter, or thing concerning which he is compelled, after hav-  
9 ing claimed his privilege against self-incrimination, to testify  
10 or produce evidence, documentary or otherwise, except that  
11 such individual so testifying shall not be exempt from prose-  
12 cution and punishment for perjury committed in so  
13 testifying.

#### 14 ADMINISTRATION

15 SEC. 1316. (a) The authority and responsibility for ad-  
16 ministering this title shall be in the Secretary of Housing  
17 and Urban Development who may delegate any of his func-  
18 tions, duties, and powers to employees of the Department of  
19 Housing and Urban Development or to boards of such em-  
20 ployees, including functions, duties, and powers with respect  
21 to investigating, hearing, determining, ordering, or otherwise  
22 acting as to any work, business, or matter under this title.  
23 The persons to whom such delegations are made with respect  
24 to hearing functions, duties, and powers shall be appointed

1 and shall serve in the Department in compliance with sec-  
2 tions 3105, 3344, 5362, and 7521 of title 5 of the United  
3 States Code. The Secretary shall by rule prescribe such  
4 rights of appeal from the decisions of his hearing examiners  
5 to other hearing examiners or to other officers in the Depart-  
6 ment, to boards of officers or to himself, as shall be appro-  
7 priate and in accordance with law.

8 (b) All hearings shall be public and appropriate records  
9 thereof shall be kept.

#### 10 UNLAWFUL REPRESENTATIONS

11 SEC. 1317. The fact that a statement of record with re-  
12 spect to a subdivision has been filed or is in effect shall not be  
13 deemed a finding by the Secretary that the statement of  
14 record is true and accurate on its face, or be held to mean the  
15 Secretary has in any way passed upon the merits of, or given  
16 approval to, such subdivision. It shall be unlawful to make,  
17 or cause to be made, to any prospective purchaser any repre-  
18 sentation contrary to the foregoing.

#### 19 PENALTIES

20 SEC. 1318. Any person who willfully violates any of the  
21 provisions of this title or the rules and regulations prescribed  
22 pursuant thereto, or any person who willfully, in a statement  
23 of record filed under, or in a property report issued pursuant  
24 to, this title, makes any untrue statement of a material fact

1 or omits to state any material fact required to be stated  
2 therein, shall upon conviction be fined not more than \$5,000  
3 or imprisoned not more than five years, or both.

4 RULES, REGULATIONS, AND ORDERS

5 SEC. 1319. The Secretary shall have authority from time  
6 to time to make, issue, amend, and rescind such rules and  
7 regulations and such orders as are necessary or appropriate  
8 to the exercise of the functions and powers conferred upon  
9 him elsewhere in this title. For the purpose of his rules and  
10 regulations, the Secretary may classify persons and matters  
11 within his jurisdiction and prescribe different requirements  
12 for different classes of persons or matters.

13 JURISDICTION OF OFFENSES AND SUITS

14 SEC. 1320. (a) The district courts of the United States,  
15 the United States courts of any territory, and the United  
16 States District Court for the District of Columbia shall have  
17 jurisdiction of offenses and violations under this title and  
18 under the rules and regulations prescribed by the Secretary  
19 pursuant thereto, and, concurrent with State courts, of all  
20 suits in equity and actions at law brought to enforce any  
21 liability or duty created by this title. Any such suit or action  
22 may be brought to enforce any liability or duty created by  
23 this title. Any such suit or action may be brought in the

1 district wherein the defendant is found or is an inhabitant  
2 or transacts business, or in the district where the offer or  
3 sale took place, if the defendant participated therein, and  
4 process in such cases may be served in any other district of  
5 which the defendant is an inhabitant or wherever the de-  
6 fendant may be found. Judgments and decrees so rendered  
7 shall be subject to review as provided in sections 1254 and  
8 1291 of title 28, United States Code. No case arising under  
9 this title and brought in any State court of competent juris-  
10 diction shall be removed to any court of the United States,  
11 except where the United States or any officer or employee of  
12 the United States in his official capacity is a party. No costs  
13 shall be assessed for or against the Secretary in any proceed-  
14 ing under this title brought by or against him in the Supreme  
15 Court or such other courts.

#### 16 APPROPRIATIONS

17 SEC. 1321. There are authorized to be appropriated such  
18 sums as may be necessary to carry out this title.

#### 19 EFFECTIVE DATE

20 SEC. 1322. This title shall take effect upon the expira-  
21 tion of one hundred and eighty days after the date of its  
22 enactment.

## 1        TITLE XIV—TEN-YEAR HOUSING PROGRAM

## 2                        DECLARATION OF PURPOSE

3        SEC. 1401. The Congress finds and declares that the  
4 national commitment to the goal of “a decent home and a  
5 suitable living environment for every American family”,  
6 as set forth in section 2 of the Housing Act of 1949, can  
7 be fulfilled in a ten-year period by the effective utilization,  
8 in accordance with a definite plan, of the available resources  
9 and capabilities existing in the public and private sectors of  
10 the economy. It is the purpose of this title to provide for  
11 the development of such a plan and to require periodic  
12 reporting with respect to the execution thereof.

## 13                        REPORT OUTLINING PLAN

14        SEC. 1402. Not later than January 15, 1969, the  
15 President shall make a report to the Congress setting forth  
16 a plan, to be carried out over a period of ten years (June 30,  
17 1968, to June 30, 1978), for the elimination of all substand-  
18 ard housing and the realization of the goal referred to in sec-  
19 tion 1401. Such plan shall—

20                (1) indicate the number of new or rehabilitated  
21 housing units which it is anticipated will have to be  
22 provided, with or without Government assistance, during

1       each fiscal year of the ten-year period, in order to achieve  
2       the objectives of the plan, showing the number of such  
3       units which it is anticipated will have to be provided  
4       under each of the various Federal programs designed to  
5       assist in the provision of housing;

6           (2) indicate the reduction in the number of oc-  
7       cupied substandard housing units which it is anticipated  
8       will have to occur during each fiscal year of the ten-  
9       year period in order to achieve the objectives of the plan;

10          (3) provide an estimate of the cost of carrying out  
11       the plan for each of the various Federal programs and  
12       for each fiscal year during the ten-year period to the  
13       extent that such costs will be reflected in the Federal  
14       budget;

15          (4) make recommendations with respect to any  
16       legislative action which is necessary or desirable to  
17       achieve the objectives of the plan; and

18          (5) provide such other pertinent data, estimates,  
19       and recommendations as the President deems advisable.

20       Such report shall, in addition, contain a projection of the resi-  
21       dential mortgage market needs and prospects during the com-  
22       ing year, including an estimate of the requirements with  
23       respect to the availability, need, and flow of mortgage funds  
24       (particularly in declining urban and rural areas) during such

1 year, together with such recommendations as may be deemed  
2 appropriate for encouraging the availability of such funds.

3 PERIODIC REPORTS

4 SEC. 1403. On January 15, 1970, and on each suc-  
5 ceeding year through 1978, the President shall submit to the  
6 Congress a report which shall—

7 (1) compare the results achieved during the pre-  
8 ceding fiscal year for the completion of new or reha-  
9 bilitated housing units and the reduction in occupied  
10 substandard housing with the objectives established for  
11 such year under the plan;

12 (2) if the comparison provided under clause (1)  
13 shows a failure to achieve the objectives set for such  
14 year, indicate (A) the reasons for such failure; (B)  
15 the steps being taken to achieve the objectives of the  
16 plan during each of the remaining fiscal years of the  
17 ten-year period; and (C) any necessary revision in the  
18 objectives established under the plan for each such  
19 year;

20 (3) project residential mortgage market needs  
21 and prospects for the coming calendar year including an  
22 estimate of the requirements with respect to the avail-  
23 ability, need, and flow of mortgage funds (particularly

1 in declining urban and rural areas) during such period,  
2 in order to achieve the objectives of the plan;

3 (4) provide an analysis of the monetary and fiscal  
4 policies of the Government for the coming calendar year  
5 required to achieve the objectives of the plan and the  
6 impact upon the domestic economy of achieving the  
7 plan's objectives for such period;

8 (5) make recommendations with respect to any  
9 additional legislative action which is necessary or desir-  
10 able to achieve the objectives of the plan; and

11 (6) provide such other pertinent data, estimates,  
12 and recommendations as the President deems advisable.

### 13 FINAL REPORT

14 SEC. 1404. On January 15, 1979, the President shall  
15 submit to the Congress a final report showing in detail the  
16 extent to which the objectives of the plan have been realized  
17 If such objectives have not been achieved, such report shall  
18 contain an analysis of the reasons therefor, together with  
19 such recommendations as the President deems advisable for  
20 achieving such objectives at the earliest possible date.

## 21 TITLE XV—MISCELLANEOUS

### 22 MODEL CITIES

23 SEC. 1501. (a) Section 111 (a) of the Demonstration  
24 Cities and Metropolitan Development Act of 1966 is  
25 amended by—

(1) striking out the word “and” the second time it appears; and

(2) inserting before the period at the end thereof “, and not to exceed \$12,000,000 for the fiscal year ending June 30, 1969”.

(b) Section 111 (b) of such Act is amended by—

(1) striking out the word “and” the third time it appears; and

(2) inserting before the period at the end thereof “, and not to exceed \$1,000,000,000 for the fiscal year ending on June 30, 1970”.

(c) Section 111 (c) of such Act is amended to read as follows:

“(c) Any amounts appropriated under this section shall remain available until expended, and any amounts authorized for any fiscal year under this section but not appropriated may be appropriated for any succeeding fiscal year commencing prior to July 1, 1970.”

#### URBAN RENEWAL DEMONSTRATION GRANT PROGRAM

SEC. 1502. (a) Section 314 (a) of the Housing Act of 1954 is amended by—

(1) striking out in the first sentence “to public bodies, including cities and other political subdivisions,” and inserting in lieu thereof “to public bodies (includ-

1       ing cities and other political subdivisions) and nonprofit  
2       organizations”;

3               (2) inserting after the first sentence the following:

4       “In the case of any such grant to a nonprofit organiza-  
5       tion, the Secretary shall require that the assisted activi-  
6       ties and undertakings are not inconsistent with the  
7       program of the local public agency.”; and

8               (3) striking out in the second sentence “No such  
9       grant shall exceed two-thirds of the cost, as determined  
10      or estimated by the Secretary, of such activities or  
11      undertakings,” and inserting in lieu thereof the follow-  
12      ing: “No such grant shall exceed 90 per centum of the  
13      cost, as determined or estimated by the Secretary, of  
14      the assisted activities or undertakings,”.

15      (b) Section 314 (c) of such Act is amended by striking  
16      out “\$10,000,000” and inserting in lieu thereof “\$20,-  
17      000,000.”

18      AUTHORIZATION FOR URBAN INFORMATION AND TECHNICAL  
19                      ASSISTANCE SERVICES PROGRAM

20      SEC. 1503. (a) The first sentence of section 906 of the  
21      Demonstration Cities and Metropolitan Development Act of  
22      1966 is amended by striking out “and not to exceed \$5,000,-  
23      000 for the fiscal year ending June 30, 1968” and inserting  
24      in lieu thereof “not to exceed \$5,000,000 for each of the

1 fiscal years 1968 and 1969, and not to exceed \$15,000,000  
2 for fiscal year 1970”.

3 (b) The second sentence of section 906 of such Act is  
4 amended to read as follows: “Any amounts appropriated  
5 under this section shall remain available until expended, and  
6 any amounts authorized for any fiscal year under this section  
7 but not appropriated may be appropriated for any succeeding  
8 fiscal year commencing prior to July 1, 1970.”

9     ADVANCES IN TECHNOLOGY IN HOUSING AND URBAN  
10                     DEVELOPMENT

11     SEC. 1504. (a) Section 1010 (d) of the Demonstration  
12 Cities and Metropolitan Development Act of 1966 is  
13 amended by inserting before the period at the end of the  
14 first sentence the following: “, and not to exceed such sums  
15 for subsequent fiscal years as may be necessary”.

16     (b) Section 1010 (c) of such Act is amended by strik-  
17 ing out “two years” in the second sentence and inserting in  
18 lieu thereof “four years”.

19                     COLLEGE HOUSING

20     SEC. 1505. (a) The heading of section 401 of the  
21 Housing Act of 1950 is amended by striking out “LOANS”  
22 and inserting in lieu thereof “ASSISTANCE IN THE FORM OF  
23 LOANS OR ANNUAL GRANTS”.

1       (b) Section 401 (a) of such Act is amended to read  
2 as follows:

3       “(a) To assist educational institutions in providing  
4 housing and other educational facilities for students and  
5 faculties, the Secretary may make loans of funds to such  
6 institutions for the construction of such facilities or may, as  
7 an alternative to all or part of the loan (in the case of any  
8 such institution), make annual grants to the institution to  
9 reduce the cost of its borrowing from other sources for such  
10 construction: *Provided*, That no such assistance shall be pro-  
11 vided unless (1) the educational institution involved is un-  
12 able to secure the necessary funds for the construction from  
13 other sources upon terms and conditions equally as favorable  
14 as the terms and conditions applicable to loans under this  
15 title, and (2) the Secretary finds that such construction will  
16 be undertaken in an economical manner, and that it is not or  
17 will not be of elaborate or extravagant design or materials.”

18       (c) Section 401 (c) of such Act is amended—

19               (1) by inserting “(1)” after “(c)”;

20               (2) by striking out “of (1)” and “or (2)” and  
21 inserting in lieu thereof “of (A)” and “or (B)”, respec-  
22 tively; and

23               (3) by adding at the end thereof the following new  
24 paragraph:

25       “(2) Annual grants to an educational institution with

1 respect to any housing or other educational facilities shall be  
2 made over a fixed period not exceeding 40 years, and  
3 provision for such grants shall be embodied in a contract  
4 guaranteeing their payment over such period. Each such  
5 grant shall be in an amount equal to the difference between  
6 (A) the average annual debt service which would be required  
7 to be paid, during the life of the loan, on the amount bor-  
8 rowed from other sources for the construction of such facili-  
9 ties, and (B) the average annual debt service which the  
10 institution would have been required to pay, during the  
11 life of the loan, with respect to such amounts if the applicable  
12 interest rate were the rate specified in paragraph (1):  
13 *Provided*, That the amount on which such grant is based  
14 shall be approved by the Secretary but in no event shall  
15 exceed the total development cost of the facilities.”

16 (d) Section 401 (d) of such Act is amended by insert-  
17 ing “(1)” after “(d)”, and by adding at the end thereof  
18 the following new paragraph:

19 “(2) There are hereby authorized to be appropriated  
20 to the Secretary such sums as may be necessary, together  
21 with loan principal and interest payments made by educa-  
22 tional institutions assisted with loans made hereunder, for  
23 payments on notes or other obligations issued by the Secre-  
24 tary under this section.”

1       (e) Section 401 (f) of such Act is amended to read as  
2 follows:

3       “(f) (1) There are hereby authorized to be appropri-  
4 ated to the Secretary such sums as may be necessary for the  
5 payment of annual grants to educational institutions in ac-  
6 cordance with this section.

7       “(2) Contracts for annual grants under this section shall  
8 not be entered into in an aggregate amount greater than is  
9 authorized in appropriation Acts; and in any event the total  
10 amount of annual grants which may be paid to educational  
11 institutions in any year pursuant to contracts entered into  
12 under this section shall not exceed \$10,000,000, which  
13 amount shall be increased by \$10,000,000 on July 1, 1969.”

14       (f) Section 403 of such Act is amended by striking  
15 out “the funds provided for in this title in the form of loans”  
16 and inserting in lieu thereof “the amount of the funds pro-  
17 vided for in this title in the form of loans, and not more than  
18  $12\frac{1}{2}$  per centum of the funds provided for in this title for  
19 grants,”.

20       (g) (1) Section 401 (g) of such Act is amended to  
21 read as follows:

22       “(g) Except as otherwise provided in the second para-  
23 graph of section 404 (b), in the case of any loan which is  
24 made under this section to a nonprofit student housing co-  
25 operative corporation referred to in clause (5) of section  
26 404 (b), or which is obtained from other sources by such a

1 corporation and is the subject of a contract for annual grants  
2 entered into under this section, the Secretary shall require  
3 that the note securing such loan be cosigned by the educa-  
4 tional institution (referred to in clause (1) of such section)  
5 at which such corporation is located, and that, in the event  
6 of the dissolution of such corporation, title to the housing  
7 constructed with such loan will vest in such educational  
8 institution.”

9 (2) Clause (3) (B) of section 404 (b) of such Act is  
10 amended by striking out “of any loan secured under this  
11 title” and inserting in lieu thereof the following: “of any  
12 loan which is made under section 401, or is the subject of a  
13 contract for annual grants entered into under section 401,”.

14 (3) Clause (4) of section 404 (b) of such Act is  
15 amended by striking out “to obtain loans” and inserting in  
16 lieu thereof “to obtain loans or grants”.

17 (4) The second paragraph of section 404 (b) of such  
18 Act is amended by inserting after “clause (5) of this sub-  
19 section,” the followng: “and in the case of any loan which  
20 is obtained from other sources by such a corporation and  
21 is the subject of a contract for annual grants entered into  
22 under section 401,”.

23 **FEDERAL-STATE TRAINING PROGRAMS**

24 **SEC. 1506.** (a) Title VIII of the Housing Act of 1964  
25 is amended—

1           (1) by inserting after "urban centers," in section  
2       801 (b) the following: "and with business firms and  
3       associations, labor unions, and other interested associa-  
4       tions and organizations,";

5           (2) by striking out "technical and professional  
6       people" in sections 801 (b) (1) and 802 (a) (1) and  
7       inserting in lieu thereof "technical, professional, and  
8       other persons with the capacity to master and employ  
9       such skills"; and

10          (3) by inserting after "which has responsibility  
11       for community development" in sections 801 (b) (1)  
12       and 802 (a) (1) the following: " , or by a private non-  
13       profit organization which is conducting or has responsi-  
14       bility for housing and community development pro-  
15       grams".

16          (b) Section 805 of such Act is amended by inserting  
17       "Guam, American Samoa, the Trust Territory of the Pacific  
18       Islands," after "the Commonwealth of Puerto Rico,".

19                ADDITIONAL ASSISTANT SECRETARY OF HOUSING

20                        URBAN DEVELOPMENT

21       SEC. 1507. (a) The first sentence of section 4 (a) of  
22       the Department of Housing and Urban Development Act is  
23       amended by striking out "five" and inserting in lieu thereof  
24       "six".

25          (b) Paragraph (87) of section 5315 of title 5, United

1 States Code, is amended by striking out “(4)” and inserting  
2 in lieu thereof “(6)”.

3 INTERNATIONAL HOUSING

4 SEC. 1508. Section 604 of the Housing Act of 1957 is  
5 amended to read as follows:

6 “SEC. 604. (a) The Secretary of Housing and Urban  
7 Development may exchange data relating to housing and  
8 urban planning and development with other nations and  
9 assemble such data from other nations, through participation  
10 in international conferences and other means, where such ex-  
11 change or assembly is deemed by him to be beneficial in  
12 carrying out his responsibilities under the Department of  
13 Housing and Urban Development Act or other legislation.  
14 In carrying out his responsibilities under this subsection the  
15 Secretary may—

16 “(1) pay the expenses of participation in activi-  
17 ties conducted under authority of this section including,  
18 but not limited to, the compensation, travel expense, and  
19 per diem in lieu of subsistence, of persons serving in an  
20 advisory capacity while away from their homes or reg-  
21 ular places of business in connection with attendance at  
22 international meetings and conferences, or other travel  
23 for the purpose of exchange or assembly of data relating  
24 to housing and urban planning and development; but  
25 such travel expenses shall not exceed those authorized

1 for regular officers and employees traveling in connec-  
2 tion with said activities; and

3 “(2) accept from international organizations, for-  
4 eign countries, and private nonprofit foundations, funds,  
5 services, facilities, materials, and other donations to be  
6 utilized jointly in carrying out activities under this  
7 section.

8 “(b) International programs and activities carried out  
9 by the Secretary under the authority provided in subsection  
10 (a) shall be subject to the approval of the Secretary of  
11 State for the purpose of assuring that such authority shall  
12 be exercised in a manner consistent with the foreign policy  
13 of the United States.”

14 LOW-RENT PUBLIC HOUSING—CORPORATE STATUS

15 SEC. 1509. (a) The first sentence of section 3 of the  
16 United States Housing Act of 1937 is amended by striking  
17 “a body corporate of perpetual duration to be known as”.

18 (b) Section 17 of such Act is repealed. The capital stock  
19 referred to in such section shall be retired, and the sum of  
20 \$1,000,000 represented by such stock shall be returned to  
21 the Treasury of the United States.

22 (c) Such Act is amended by adding a new section 17  
23 as follows:

1       “SEC. 17. In the performance of, and with respect to,  
2 functions, powers, and duties under this Act, the Secretary  
3 shall have (in addition to any authority otherwise vested in  
4 him) the functions, powers, and duties set forth in subsec-  
5 tions (a), (b), and (e) of section 402 of the Housing  
6 Act of 1950.”

7       (d) Section 101 of the Government Corporation Con-  
8 trol Act is amended by striking out “Federal Public Hous-  
9 ing Authority (or United States Housing Authority) and  
10 including public housing projects financed through appropri-  
11 ated funds and operations thereof;”.

12       ELIGIBILITY FOR RENT SUPPLEMENT PAYMENTS

13       SEC. 1510. Notwithstanding any other provision of law  
14 respecting the date after which a mortgage must have been  
15 approved for mortgage insurance under section 221 (d) (3),  
16 of the National Housing Act, the Secretary of Housing and  
17 Urban Development is authorized to make, and contract to  
18 make, rent supplement payments under the provisions of  
19 section 101 of the Housing and Urban Development Act of  
20 1965 to the owners of housing projects known as the 114th  
21 Street rehabilitation project and the 114th Street rehabili-  
22 tation project numbered 2, in New York City, New York,  
23 (project numbers 012-33501 and 012-33512).

1 CONSOLIDATION OF LOW-RENT PUBLIC HOUSING PROJECTS  
2 IN THE DISTRICT OF COLUMBIA

3 SEC. 1511. All projects now operated and maintained  
4 by the National Capital Housing Authority pursuant to title  
5 I of the District of Columbia Alley Dwelling Act are deemed  
6 to be low-rent housing projects and may be consolidated, pur-  
7 suant to section 15 (6) of the United States Housing Act of  
8 1937, into any contract of annual contributions covering proj-  
9 ects maintained and operated pursuant to title II of the Alley  
10 Dwelling Act.

11 URBAN RENEWAL PROJECT IN GARDEN CITY, MICHIGAN

12 SEC. 1512. Notwithstanding the date of commencement  
13 of construction of the Florence Primary School in Garden  
14 City, Michigan, local expenditures made in connection with  
15 such school shall, to the extent otherwise eligible, be counted  
16 as a local grant-in-aid toward the Cherry Hill urban renewal  
17 project (Mich. R-46) for purposes of title I of the Housing  
18 Act of 1949.

19 URBAN RENEWAL PROJECT IN SACRAMENTO, CALIFORNIA

20 SEC. 1513. Notwithstanding the date of commencement  
21 of construction of the storm drainage system in the Capitol  
22 Mall Riverfront urban renewal project (Calif. R-67) in  
23 Sacramento, California, local expenditures made in connec-  
24 tion with such storm drainage system located in that project,  
25 to the extent otherwise eligible, shall be counted as a local

1 grant-in-aid toward the Capitol Mall Riverfront urban re-  
2 newal project (Calif. R-67) for purposes of title I of the  
3 Housing Act of 1949.

#### 4 SELF-HELP STUDIES

5 SEC. 1514. (a) Section 207 of the Housing Act of 1961  
6 is amended by inserting after the words "improved means"  
7 the following: ", including the study of self-help in the con-  
8 struction, rehabilitation, and maintenance of housing for low-  
9 income persons and families and the methods of selecting,  
10 involving, and directing such persons and families in self-  
11 help activities,".

12 (b) The Secretary of Housing and Urban Development  
13 shall make a report to the Congress, within one year after  
14 the date of enactment of this Act, setting forth the results of  
15 the self-help studies and demonstrations carried out under  
16 section 207 of the Housing Act of 1961, together with such  
17 recommendations as he deems appropriate.

#### 18 EARTHQUAKE STUDY

19 SEC. 1515. Section 5 of the Southeast Hurricane Dis-  
20 aster Relief Act of 1965 is amended by striking out "three  
21 years after the appropriation of funds for this study" and  
22 inserting in lieu thereof "June 30, 1969".

#### 23 TECHNICAL AMENDMENTS

24 SEC. 1516. (a) Section 110(c) of the Housing Act of  
25 1949 is amended by striking "paragraphs (7), (8), and

1 (9)” in the second unnumbered paragraph following the  
2 numbered paragraphs and inserting in lieu thereof “para-  
3 graphs (7), (8), (9), and (10)”.

4 (b) Section 110 (d) of the Housing Act of 1949 is  
5 amended by striking out “clauses (2), (3)” and inserting in  
6 lieu thereof “clauses (2), (3), (7)”.

7 (c) Section 110 (e) of the Housing Act of 1949 is  
8 amended by striking out “and (9)” in clause (i) and insert-  
9 ing in lieu thereof “(9), and (10)”.

10 (d) Section 1101 (c) (3) of the National Housing Act  
11 is amended by inserting “from the beginning of amortiza-  
12 tion of the mortgage” immediately after “twenty-five years”.

13 (e) Section 213 (o) of the National Housing Act is  
14 amended by adding at the end thereof four new sentences  
15 as follows: “Moneys in the Cooperative Management Hous-  
16 ing Insurance Fund not needed for current operations of  
17 the fund shall be deposited with the Treasurer of the United  
18 States to the credit of the Cooperative Management Hous-  
19 ing Insurance Fund or invested in bonds or other obliga-  
20 tions of, or in bonds or other obligations guaranteed as to  
21 principal and interest by, the United States. The Secretary  
22 may, with the approval of the Secretary of the Treasury,  
23 purchase in the open market debentures which are the  
24 obligations of the Cooperative Management Housing Insur-

1   ance Fund. Such purchases shall be made at a price which  
2   will provide an investment yield of not less than the yield  
3   obtainable from other investments authorized by this sub-  
4   section. Debentures so purchased shall be canceled and not  
5   reissued.”

6       (f) Section 810 (e) of the National Housing Act is  
7   amended by—

8       (1) striking “private corporation, association, co-  
9       operative society, or trust” in the first sentence and  
10      inserting in lieu thereof “mortgagor approved by the  
11      Secretary”, and

12      (2) striking “corporation, association, cooperative  
13      society, or trust” in the third and fourth sentences and  
14      inserting in lieu thereof “mortgagor”.

15               HOME OWNERS’ LOAN ACT OF 1933

16      SEC. 1517. (a) (1) Section 5 (c) of the Home Owners’  
17   Loan Act of 1933, as amended (12 U.S.C. 1464 (c)), is  
18   amended by inserting after the first semicolon in the second  
19   proviso of the first paragraph the following: “or in time  
20   deposits, certificates, or accounts of any bank the deposits  
21   of which are insured by the Federal Deposit Insurance  
22   Corporation;”.

23      (2) The first sentence of the next to the last para-  
24   graph of section 5 (c) of such Act is amended—

1           (A) by inserting “(1)” immediately before  
2           “invest”;

3           (B) by striking out “(1)” before “secured”;

4           (C) by inserting “, now or hereafter in effect,”  
5           after “National Housing Act”; and

6           (D) by striking out all that follows “(2)” and  
7           inserting in lieu thereof the following: “acquire and hold  
8           investments in housing project loans, or interests therein,  
9           having the benefit of any guaranty under section 221  
10          of the Foreign Assistance Act of 1961, as now or here-  
11          after in effect, or loans, or interests therein, having the  
12          benefit of any guaranty under section 224 of such Act,  
13          or any commitment or agreement with respect to such  
14          loans, or interests therein, made pursuant to either of  
15          such sections.”

16          (b) Section 5 (c) of such Act is amended by inserting  
17          in the second paragraph after “property alteration, repair,  
18          or improvement” the following: “, including the construction  
19          of new structures related to residential use of the property”.

20          (c) Section 5 (c) of such Act is amended by adding  
21          at the end thereof a new paragraph as follows:

22          “Any such association may invest in loans, or interests  
23          in loans, to financial institutions, with respect to which  
24          the United States or any agency or instrumentality thereof  
25          has any function of examination or supervision, secured by

1 loans, obligations, or investments in which it has any  
2 statutory authority to invest directly.”

3 . FEDERAL HOME LOAN BANK ACT

4 SEC. 1518. Section 12 of the Federal Home Loan Bank  
5 Act, as amended (12 U.S.C. 1432), is amended by insert-  
6 ing “(a)” after “SEC. 12.”, and by adding at the end  
7 thereof a new subsection as follows:

8 “(b) Subject to such regulations as may be prescribed  
9 by the board, one or more Federal home loan banks may  
10 acquire, hold, or dispose of, in whole or in part, or facilitate  
11 such acquisition, holding, or disposition by members of any  
12 such bank of, housing project loans, or interest therein,  
13 having the benefit of any guaranty under section 221 of  
14 the Foreign Assistance Act of 1961, as now or hereafter in  
15 effect, or loans, or interests therein, having the benefit of  
16 any guaranty under section 224 of such Act, or any com-  
17 mitment or agreement with respect to such loans, or interests  
18 therein, made pursuant to either of such sections.”

19 FEDERAL RESERVE ACT

20 SEC. 1519. The third paragraph of section 24 of the  
21 Federal Reserve Act, as amended (12 U.S.C. 371), is  
22 amended by striking out “twenty-four months”, wherever it  
23 appears, and inserting in lieu thereof “thirty-six months”.

---

---

**A BILL**

---

---

To assist in the provision of housing for low and moderate income families, and to extend and amend laws relating to housing and urban development.

---

---

By Mr. SPARKMAN

---

---

MAY 15 (legislative day, MAY 14), 1968

Read twice and ordered to be placed on the calendar

Senate

May 23, 1968

- 3 -

9. OPINION POLL. Rep. Heckler inserted the results of a questionnaire including items of interest to this Department. p. H4246
10. LEGISLATIVE PROGRAM. Rep. Albert announced that on Mon. the House will consider the Federal credit union bill, on Tues. State, Justice, and Commerce, the Judiciary, and related agencies appropriations bill, and on Wed. the tax-expenditure bill and the grain standards bill. p. H4229
11. ADJOURNED until Mon., May 27. p. H4247

SENATE

12. SUBSIDIES; APPROPRIATIONS. Sen. Williams, Del., inserted a list of cash payments to farmers which in 1967 exceeded \$50,000 and said that the Government could save \$600 million per year by adopting an amendment to the agricultural appropriations bill which he has submitted to the Appropriations Committee. The amendment would place a \$10,000 ceiling on the amount which could be paid to any individual farmer in any one year under the farm subsidy program. pp. S6177-88
13. RESEARCH. Received the National Academy of Sciences annual report for fiscal year 1967 (S. Doc. 57). p. S6293
14. HOUSING. Began consideration of S. 3497, to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development. p. S6293 *Proxmire submitted amdt. S6294*  
Sen. Bennett inserted a constituent's statement favoring State regulation of certain land sales. pp. S6317-18
15. TAXATION. Sen. Williams, Del., stated he hoped the practice of "backstage lobbying is stopped now, once and for all" referring to his statement that the Administration has made an effort to defeat the conference report on H. R. 15414, the excise tax bill. pp. S6275-80
16. MEAT PACKERS. Sen. Monroney inserted an Okla. Legislature resolution "requesting the Small Business Administration to cooperate in aiding the Oklahoma meat packing industry to comply with new Federal and State laws and regulations; and directing distribution." pp. S6300-1
17. APPROPRIATIONS. Sen. Burdick commended REA programs in N. Dak. and inserted tables to support increased appropriations for REA loan programs. pp. S6306-7  
Sen. Long, Mo., recommended the Senate concur in the House action in providing funds for the small watershed program and agricultural conservation program. He urged the Senate to provide funds to staff new conservation districts organized during 1969 and provide funds for the increased cost of technical assistance resulting from the July 1 pay raise to government employees. p. S6310

18. OCEANOGRAPHY. Sen. Jackson discribed a marine research project which he believes will make a contribution to progress in the field of oceanography that will far exceed its dollar costs. pp. S6312-3

Sen. Pell inserted a speech by the Secretary of the Navy on the Navy's role in oceanography. pp. S6319-20

19. TOBACCO. Sen. Bennett inserted an article "Surgeon Hits Tobacco Use." p. S6313

20. TRUTH-IN-LENDING. Sens. McGee and Dodd commended the truth-in-lending legislation as a tribute to this Administration and Sen. Dodd inserted the President's remarks upon the signing of the automobile insurance study bill. pp. S6317, S6320-1

#### EXTENSION OF REMARKS

21. FARM PROGRAM. Rep. Cederberg stated that agriculture is one of the most important industries in Mich., that 90% of the national crop of beans is produced there, and inserted the House of Representatives recipe for bean soup. p. E4546

Rep. Findley inserted letter he sent to each Member of the House opposing a one-year extension of the farm program. p. E4568

22. PATENTS. Rep. Scott expressed support for revision of copyright laws and inserted an article on this subject. pp. E4551-4

23. WATER QUALITY. Rep. Wright inserted Hollis Williams', SCS, speech, "Water Quality Management." pp. E4563-5

24. MEAT INSPECTION. Rep. Smith, Ia., said that "attempts are still being made to justify opposition to the Wholesome Meat Act of 1968." p. E4566

25. OPINION POLL. Rep. Bush inserted the results of a questionnaire including items of interest to this Department. p. E4568

26. COMMITTEEMEN. Rep. Findley inserted an editorial which raises a "serious question as to the wisdom of policies undertaken by the National Association of Farmer Elected Committeemen", and "points out that this newest of farm organizations provides USDA with a readily available political arm." pp. E4587-8

27. POULTRY INSPECTION. Rep. Rhodes, Ariz., discussed provisions of proposed bill to update and expand the Poultry Products Inspection Act. p. E4597

row, the distinguished Senator from Wyoming [Mr. HANSEN] be recognized for not to exceed 15 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MANSFIELD. I ask unanimous consent that following the remarks of the distinguished, Senator from Wyoming, the distinguished Senator from New York [Mr. JAVITS] be recognized for not to exceed 1 hour.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 1106, S. 3497. I do this so that the bill will become the pending business.

The PRESIDING OFFICER. The bill will be stated by title.

The LEGISLATIVE CLERK. A bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana.

There being no objection, the Senate proceeded to consider the bill.

Mrs. SMITH. Mr. President, in advance of the debate on the housing bill, which I understand will start tomorrow, I wish to request that the Senate be fully informed by the chairman of the Committee on Banking and Currency on what portions of S. 1592 are retained in the housing bill and what portions are not—and the reasons therefor.

I ask this as one of the 30 cosponsors of S. 1592.

#### TRANSACTION OF ROUTINE BUSINESS

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that there be a brief period for the transaction of routine business and that statements made therein be limited to 3 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### ENROLLED BILLS AND JOINT RESOLUTIONS SIGNED DURING RECESS

The PRESIDING OFFICER announced that, under authority of the order of the Senate of May 22, 1968, the Vice President, on May 22, 1968, during the recess, signed the following enrolled bills and joint resolutions, which had previously been signed by the Speaker of the House of Representatives:

S. 561. An act to authorize the appropriation of funds for Cape Hatteras National Seashore;

H.R. 15131. An act to amend the District of Columbia Police and Firemen's Salary Act of 1958 to increase salaries, and for other purposes;

H.R. 15364. An act to provide for increased participation by the United States in the Inter-American Development Bank, and for other purposes;

H.R. 15822. An act to authorize the Secretary of Agriculture to establish the Robert S.

Kerr Memorial Arboretum and Nature Center in the Ouachita National Forest in Oklahoma, and for other purposes;

H.R. 15863. An act to amend title 10, United States Code, to change the name of the Army Medical Service to the Army Medical Department;

H.R. 16409. An act to amend the District of Columbia Teachers Salary Act of 1955 to provide salary increases for teachers and school officers in the District of Columbia public schools, and for other purposes;

S.J. Res. 142. Joint resolution to provide for the reappointment of Dr. Crawford H. Greenewalt as Citizen Regent of the Board of Regents of the Smithsonian Institution;

S.J. Res. 143. Joint resolution to provide for the reappointment of Dr. Caryl P. Haskins as Citizen Regent of the Board of Regents of the Smithsonian Institution; and

S.J. Res. 144. Joint resolution to provide for the reappointment of Dr. William A. M. Burden as Citizen Regent of the Board of Regents of the Smithsonian Institution.

#### REPORT OF NATIONAL ACADEMY OF SCIENCES (S. DOC. NO. 57)

The PRESIDING OFFICER laid before the Senate a letter from the President, National Academy of Sciences, transmitting, pursuant to law, an annual report of that Academy, for the fiscal year ended June 30, 1967, which, with the accompanying report, was referred to the Committee on Labor and Public Welfare, and the report was ordered to be printed, with an illustration, as a Senate document.

#### BILLS INTRODUCED

Bills were introduced, read the first time, and, by unanimous consent, the second time, and referred as follows:

By Mr. SCOTT:

S. 3533. A bill for the relief of Olga Laina; to the Committee on the Judiciary.

By Mr. MONRONEY (for himself and Mr. HARRIS):

S. 3534. A bill to designate Lock and Dam 17, being constructed on the Verdigris River, Okla., as the Chouteau Lock and Dam; to the Committee on Public Works.

(See the remarks of Mr. MONRONEY when he introduced the above bill, which appear under a separate heading.)

By Mr. McCLELLAN (for himself, Mr. MANSFIELD, and Mr. DIRKSEN) (by request):

S. 3535. A bill to authorize the exhibit and examination, within Presidential archival depositories, of certain motion-picture and other films prepared by the U.S. Information Agency; to the Committee on Foreign Relations.

By Mr. LONG of Missouri:

S. 3536. A bill for the relief of Mi Ja Rhee Park; to the Committee on the Judiciary.

S. 3537. A bill to authorize the Secretary of the Interior to study the feasibility and desirability of a Lower Meramec River National Recreation Area, in the State of Missouri, and for other purposes; to the Committee on Interior and Insular Affairs.

By Mr. INOUE:

S. 3538. A bill for the relief of Nan Ching Sau; and

S. 3539. A bill for the relief of Chung Wai Hung; to the Committee on the Judiciary.

By Mr. BREWSTER:

S. 3540. A bill for the relief of Zu Tsung Su and Ping Chan; to the Committee on the Judiciary.

By Mr. JACKSON:

S. 3541. A bill for the relief of Yuda Galaxan; to the Committee on the Judiciary.

By Mr. MAGNUSON (for himself, Mr. JACKSON, Mr. PASTORE, and Mr. ALLOTT):

S. 3542. A bill to amend the Military Selective Service Act of 1967 in order to provide for the advancement in grade, for retired pay purposes, of officers of the Armed Forces who serve in the position of State director of the Selective Service System or other comparable position in the Selective Service System for a period of 15 years or longer; to the Committee on Armed Services.

#### S. 3534—INTRODUCTION OF A BILL TO NAME LOCK AND DAM 17 THE CHOUTEAU LOCK AND DAM

Mr. MONRONEY. Mr. President, lock and dam 17 on the Verdigris River in Oklahoma are an integral part of the Arkansas River navigation project. We are extremely proud of this project and of the progress of the Corps of Engineers as it works toward completion of the project in order to have navigation to the Port of Tulsa in 1970.

But there was a man who built a shipyard at the falls of the Verdigris River in 1824 for the construction of large-keel boats to transport hides and produce down the Verdigris, Ark. and Miss., to the New Orleans market. He was Col. Auguste P. Chouteau. His enterprise was commendable and certainly deserving of our respect today.

To commemorate this pioneer, the Oklahoma Legislature has memorialized Congress to name lock and dam 17 the Chouteau lock and dam. I ask unanimous consent to insert that resolution into the RECORD at this point.

It is also my privilege to introduce a bill to so name lock and dam 17, and I am happy to have Senator HARRIS join with me on the measure.

The PRESIDING OFFICER. The bill will be received and appropriately referred; and, without objection, the resolution will be printed in the RECORD.

The bill (S. 3534) to designate lock and dam 17, being constructed on the Verdigris River, Okla., as the Chouteau lock and dam, introduced by Mr. MONRONEY (for himself and Mr. HARRIS), was received, read twice by its title, and referred to the Committee on Public Works.

The resolution presented by Mr. MONRONEY is as follows:

#### RESOLUTION 586

A concurrent resolution memorializing members of the Oklahoma congressional delegation to the Congress of the United States to introduce legislation which will result in an official designation of a certain lock and dam on the Verdigris River under construction near Okay, as part of the Arkansas River navigation project, as "Chouteau Lock and Dam"; and directing distribution

Whereas, the Arkansas River Navigation Project that is presently being constructed by the Tulsa District Corps of U.S. Engineers for the purpose of barge navigation of the Verdigris, Arkansas and Mississippi Rivers, and which operation will require the construction of a number of locks and dams; and

Whereas, it requires legislation by Congress to rename a lock and dam, and Lock and Dam No. 17, four miles northwest of Okay on the Verdigris River in Wagoner County, has not yet been so designated by Congress; and

Whereas, Col. Auguste P. Chouteau built a complete shipyard at the falls of the Verdigris River near the location of this lock and dam for the construction of large keel boats to transport hides and produce down the Verdigris, Arkansas and Mississippi Rivers to the New Orleans market that reached maximum shipment early in 1824; and

Whereas, the Corps of Engineers has written a letter stating that they have no objection to such designation by Congress and feel that in considering the known history of the area that the name "Chouteau Lock and Dam" be an appropriate name.

Now, therefore, be it resolved by the House of Representatives of the second session of the thirty-first Oklahoma Legislature, the Senate concurring therein:

SECTION 1. That members of the Oklahoma Congressional Delegation introduce legislation in the Congress of the United States officially designating Lock and Dam No. 17, now under construction on the Verdigris River as a part of the Arkansas River Navigation Project, as "Chouteau Lock and Dam" to honor the family who visioned the feasibility of navigation of these streams for commercial purposes and brought it to fruition.

SEC. 2. That duly authenticated copies of this Resolution, after consideration and enrollment, shall be prepared for and sent to C. E. Chouteau, Oklahoma City, Oklahoma, and other known descendants of Jean Pierre Chouteau and Col. Auguste P. Chouteau.

#### SENATE RESOLUTION 294—RESOLUTION TO AUTHORIZE THE PRINTING OF ADDITIONAL COPIES OF PART 6 OF SENATE HEARINGS ON COMPETITIVE PROBLEMS IN THE DRUG INDUSTRY

Mr. NELSON (for Mr. SMATHERS) submitted the following resolution (S. Res. 294); which was referred to the Committee on Rules and Administration:

S. RES. 294

*Resolved*, That there be printed for the use of the Senate Select Committee on Small Business one thousand, four hundred additional copies of part 6 of hearings before the committee during the 90th Congress, first and second sessions, entitled "Competitive Problems in the Drug Industry."

#### SENATE RESOLUTION 295—RESOLUTION TO AUTHORIZE THE PRINTING OF STUDY ENTITLED "AUTOMATIC DATA PROCESSING AND THE SMALL BUSINESSMAN" AS A SENATE DOCUMENT

Mr. RANDOLPH (for Mr. SMATHERS) submitted the following resolution (S. Res. 295); which was referred to the Committee on Rules and Administration:

S. RES. 295

*Resolved*, That there be printed, with illustrations, as a Senate document a study entitled "Automatic Data Processing and the Small Businessman," prepared for the Senate Select Committee on Small Business by the Legislative Reference Service, Library of Congress; and that four thousand, five hundred additional copies of such document be printed for the use of that committee.

#### ENROLLED BILL AND JOINT RESOLUTIONS PRESENTED

The Secretary of the Senate reported that on today, May 23, 1968, he presented to the President of the United States the following enrolled bill and joint resolutions:

S. 561. An act to authorize the appropriation of funds for Cape Hatteras National Seashore;

S.J. Res. 142. Joint resolution to provide for the reappointment of Dr. Crawford H. Greenwalt as Citizen Regent of the Board of Regents of the Smithsonian Institution;

S.J. Res. 143. Joint resolution to provide for the reappointment of Dr. Caryl P. Haskins as Citizen Regent of the Board of Regents of the Smithsonian Institution; and

S.J. Res. 144. Joint resolution to provide for the reappointment of Dr. William A. M. Burden as Citizen Regent of the Board of Regents of the Smithsonian Institution.

#### PROVISION OF HOUSING FOR LOW- AND MODERATE-INCOME FAMILIES—AMENDMENTS

AMENDMENT NO. 821

Mr. PROXMIRE submitted amendments, intended to be proposed by him, to the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development, which were ordered to lie on the table and to be printed.

#### NOTICE OF HEARINGS ON AIRCRAFT CRASH LITIGATION, S. 3305 AND S. 3306

Mr. TYDINGS. Mr. President, as chairman of the Senate Judiciary Committee's Subcommittee on Improvements in Judicial Machinery, I wish to announce a set of hearings for the consideration of S. 3305 and S. 3306. These bills would improve the judicial machinery by providing for Federal jurisdiction and a body of uniform Federal law for cases arising out of certain operations of aircraft.

The hearings will be held on June 13, 19, and 20, 1968, at 9:30 a.m. in the District of Columbia hearing room, 6226, New Senate Office Building.

Any person who wishes to testify or submit a statement for inclusion in the record should communicate as soon as possible with the Subcommittee on Improvements in Judicial Machinery, room 6306, New Senate Office Building.

#### NOTICE OF HEARINGS OF DISTRICT OF COLUMBIA BUSINESS AND COMMERCE SUBCOMMITTEE

Mr. TYDINGS. Mr. President, as chairman of the District of Columbia Subcommittee on Business and Commerce, I announce hearings on the following measures for Monday, May 27, and Tuesday, May 28, at 1:30 p.m. in room 6226:

S. 3200: District of Columbia Housing Revolving Fund Act—which will place in the custody of the District government bank accounts, insurance proceeds, and other deposits that have lain dormant for more than 7 years. The District government will be required to hold these funds for any claims made by owners, but can use the funds in the meantime.

S. 3195: District of Columbia Unclaimed Property Act—which establishes a fund to pay the cost of developing plans for housing for low- and moderate-income persons and families in the District.

Also on proposals which will give property owners, particularly in inner-

city areas, fair access to insurance protection, including the proposed District of Columbia Insurance Placement Act.

#### AN EXERCISE IN FUTILITY?

Mr. GRIFFIN. Mr. President, according to the Assistant Attorney General in charge of the Criminal Division of the Department of Justice, the work of the Senate earlier this week with respect to title II was an exercise in futility.

In an appearance before a House Judiciary Subcommittee on Wednesday, Assistant Attorney General Fred M. Vinson, Jr., was quoted as reminding Congress that "by merely legislating it cannot amend the Constitution."

Theoretically, of course, the Assistant Attorney General was absolutely correct: Congress cannot amend the Constitution by merely enacting a statute. But it would have been appropriate for him to point out also that, theoretically, the Supreme Court has no power to amend the Constitution either.

As a matter of fact, however, the Supreme Court has endeavored to amend the Constitution, and a number of its decisions have had precisely that effect.

It is not enough to say that when Members of Congress desire to amend the Constitution they should observe the procedures provided therefor in the Constitution. It is not enough, that is, without adding that when five members of the Supreme Court desire to amend the Constitution, they should observe the same procedures.

By its action on Tuesday with respect to title II of the pending bill, the Senate said in a loud, clear voice to the Supreme Court: "You were not applying the Constitution in your decisions in *Mallory*, *Miranda*, and *Wade*—you were amending the Constitution."

If the Supreme Court can reverse itself after 167 years, as it has done on points such as those dealt with in *Mallory*, *Miranda*, and *Wade*, then surely the Court, if it wishes, can take into account a clear expression by Congress at its next opportunity to review these points.

As I stated in remarks on the floor Tuesday with respect to the action taken by the Senate:

Congress may fail in this effort—to modify the *Miranda*, *Mallory*, and *Wade* decisions—when the Supreme Court reviews what we have done. Nevertheless, we are, with a clear and loud voice, giving the Supreme Court another opportunity to look at these questions—but after Congress has spoken.

On Tuesday, I was one of those who pleaded with the Senate not to take a drastic step proposed in the committee bill—the step of withdrawing appellate jurisdiction of the U.S. Supreme Court. It is noteworthy that a sizable majority of this body chose to exercise commendable restraint—at least at this point in history.

The junior Senator from Michigan and others were concerned about tampering with the delicate balance of power which is supposed to exist between the legislative and judicial branches of the Federal Government. However, it would only be realistic to observe that

HIGHLIGHTS: Senate committee reported agricultural appropriation bill. Senate debated housing bill. Senate committee voted to report bill to establish nationwide system of trails. Sen. Mondale criticized Senate committee's "cutting" school lunch program funds.

### SENATE

1. APPROPRIATIONS. The Senate Appropriations Committee reported with amendments H. R. 16913, the agricultural appropriation bill (S. Rept. 1138)(p. S6342). As reported by the Committee, the bill would provide a total of \$5,536,050,300, an increase of \$12,414,800 over the House-passed figure. Attached to this Digest is a copy of the committee report showing the committee actions.

2. BUDGET. Received from the President "proposed amendments to the budget for the fiscal year 1969, in the amount of \$1.2 million for the legislative branch, \$11.1 million to carry out the fair housing provision of the 1968 Civil Rights Act, \$775 thousand for a new Commission on Mortgage Credit and Interest Rates, and \$350 thousand to permit the Council of Economic Advisers to finance the activities of the Cabinet Committee on Price Stability" (S. Doc. 80); to Appropriations Committee. p. S6341
3. RESEARCH. Passed as reported H. R. 5404, to amend the National Science Foundation Act of 1950 to make changes and improvements in the organization and operation of the Foundation. Sen. Mansfield inserted an excerpt from the committee report which stated the purpose of the bill "is to facilitate the mission of the National Science Foundation by making much-needed reforms in the organization and the operation of both the Foundation and its governing body, the National Science Board. pp. S6332-8
4. RECREATION; WATER; ROADS; ECONOMIC DEVELOPMENT. The Interior and Insular Affairs Committee voted to report (but did not actually report) S. 444, to establish the Flaming Gorge National Recreation area (amended); S. 3058, to increase authorizations for water resources planning activities (amended); S. 224, to provide for the rehabilitation of the Eklutna Dam project, Alaska (amended); S. 3073, to authorize funds to promote economic development in the Trust Territory of the Pacific Islands (amended); and S. 827, to establish a nationwide system of trails (amended). p. D479
5. WATER QUALITY. Sen. Hansen inserted the statement by Gov. Love, Colo., and the resolution on water quality standards as adopted by the western Governor's conference which calls upon Federal authorities to rescind or amend certain proposed Federal requirements regarding State pollution abatement programs. pp. S6338-41
6. PERSONNEL. Received from GAO a report of the opportunity to reduce the Federal Government's cost of medical benefits furnished Foreign Service employees overseas. p. S6341
7. LOANS. Sen. Burdick was added as a cosponsor of S. 1971, to amend the Consolidated Farmers Home Administration Act of 1961 to authorize loans to certain cooperatives serving farmers and rural residents. p. S6343
8. HOUSING. Began debate on S. 3497, the proposed Housing and Urban Development Act of 1968. pp. S6357, S6386-403, S6407-17  
Sen. Fulbright inserted the text of his bill introduced in the 89th Congress and related items which correspond to the purposes of title XIV of S. 3497, the proposed Housing and Urban Development Act of 1968, which requires the President to submit to Congress annual reports on the progress in achieving our national goal of "a decent home and a suitable living environment for every American family." pp. S6403-4
9. HEALTH; SAFETY. Sen. Metcalf inserted an article from the Catholic Standard refuting the opposition of the U. S. Chamber of Commerce to the proposed Occupational Safety and Health Act of 1968. pp. S6360-1

This year, following the same selection process, by competitive examination, I was amazed to learn that three of my appointments come from the same school—Billings West High School in Billings, Mont. The Billings school system should indeed be proud with the academic record established for their young people.

On Tuesday of this week, May 21, the three boys from Billings West High received additional honors at the annual awards assembly in the Billings West High Auditorium. I was indeed sorry that I could not participate in the ceremony as it would have been a great personal pleasure to have made the presentations to these boys in person.

The three young men are William E. Roukema, son of Mr. and Mrs. Ralph Roukema, my principal appointment to the U.S. Naval Academy at Annapolis; Richard A. White, son of Mr. and Mrs. Robert White; and Frederick McCotter III, son of Mr. and Mrs. Frederick McCotter II, both of whom accepted appointments to the U.S. Air Force Academy at Colorado Springs.

The people of Montana are very proud of these young men, as we are of all of our Academy appointments. I wish to extend my personal congratulations for a most successful career to these three boys from Billings West High School, a school with a very fine faculty and academic record and, with these three appointees, an unusual distinction. They all graduate on June 5, 1968.

Mr. RUSSELL. Mr. President, I congratulate the Senator from Montana on his State turning out so many students who have achieved this distinction.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

Mr. RUSSELL. Mr. President, I should like to inquire of the distinguished majority leader as to the purpose of the leadership with respect to S. 3497 and whether any action is proposed to be taken on the bill today.

I have not had an opportunity to study the bill thoroughly. But there are some provisions contained in the bill that I think are fraught with grave peril and are very dangerous to the economy of the country and certainly to the granting of justice between the several cities and States of the Union.

I have not had an opportunity to fully prepare myself on the matter. If any action is going to be taken on it today, I want to suggest the absence of a quorum to see if we have a live quorum in the city to determine these issues.

Mr. MANSFIELD. Mr. President, first let me say that there are considerably more than enough Members present to make up a live quorum, there are enough Democrats alone.

Mr. RUSSELL. Mr. President, I do not object to submitting the issue to the Democrats alone if I can have time to prepare myself.

Mr. MANSFIELD. I simply wish to indicate how well off we are, even for a Friday. It is a little unusual.

Mr. RUSSELL. It is most unusual.

Mr. MANSFIELD. The Senator knows that this measure was discussed by the policy committee, and the policy committee approved of calling it up at an appropriate time.

Mr. RUSSELL. I am not opposed to calling up the bill. That is true even as to the bills to which I am opposed. That is the purpose of the policy committee, to insure that matters of general interest to the Senate and the country are submitted to the Senate whether a Senator who happens to be a member of the committee approves of the measure or not.

I have voted on the policy committee to submit dozens of bills of which I did not approve.

Mr. MANSFIELD. Mr. President, I am delighted to see that the distinguished chairman of the Committee on Banking and Currency, the Senator from Alabama [Mr. SPARKMAN], is present in the Chamber.

May I say, for the record, that the distinguished Senator from Georgia has never to my knowledge held up any bill in the policy committee, even though he may have been opposed and expressed his views quite strongly.

Mr. RUSSELL. I thank the Senator.

Mr. MANSFIELD. Finally, the distinguished chairman of the committee the Senator from Alabama [Mr. SPARKMAN] is far better able than I to answer questions on what is the unfinished and will very soon be the pending business.

Mr. RUSSELL. Mr. President, I understood the bill had been laid down and made the unfinished business.

Mr. SPARKMAN. The Senator is correct.

Mr. RUSSELL. Mr. President, I ask the distinguished chairman of the committee who reported the bill whether he intends to proceed with voting on the measure today.

Mr. SPARKMAN. Mr. President, of course, I do not have control over that.

Mr. RUSSELL. Not altogether, but the intentions of the distinguished Senator might have a good deal to do with whether we actually vote on some of the provisions.

Mr. SPARKMAN. I do not anticipate any votes today.

Mr. RUSSELL. The Senator does not anticipate any votes today.

Mr. SPARKMAN. That is correct. There are several members of the committee who want to make preliminary statements on the measure. Therefore I do not anticipate any votes.

Mr. RUSSELL. I thank the distinguished Senator.

Mr. SPARKMAN. That is as definite as I can be.

Mr. RUSSELL. We have here a bill of large proportions that deals with any number of Government policies.

Mr. SPARKMAN. I think it is much more simple than the size indicates.

I intend in my remarks today—and I hope the Senator will read them—to give a general statement of what the bill would do and then submit for the Record a section-by-section summary of the bill.

Mr. RUSSELL. Mr. President, I am sure the Senator from Alabama, who is always most thorough in his presentation of business, will do that.

I have undertaken to look at the report of the committee which contains some clarification of the provisions of the bill, but I am still not completely convinced of the wisdom of one or two of the provisions in the bill.

Mr. SPARKMAN. I can understand that.

The bill was reported unanimously.

Mr. RUSSELL. A great deal of it consists of programs developed by the Senator from Alabama in years long gone.

Mr. SPARKMAN. The Senator is correct. Amendments to those programs account a great deal for the volume of the volume of the bill.

The bill was reported unanimously from the committee.

Mr. RUSSELL. Sometimes that is an indication of great merit in a program. At other times it is an indication of overwhelming confidence in the author of the bill, in the chairman of the committee.

Mr. SPARKMAN. I assure the Senator that is not the truth here.

Mr. RUSSELL. Mr. President, the members of a committee do not inform themselves on all occasions. There might be disagreement even with the distinguished Senator from Alabama on some of the provisions.

Mr. SPARKMAN. Mr. President, let me disabuse that thought from the mind of the distinguished Senator from Georgia.

There are 14 members of the committee, and they all participated in the makeup of the committee bill. The bill really represents 2 years' work. There is another bill on the calendar, S. 2700. That measure was placed on the calendar last fall. The bill represents S. 2700 and the program for this year.

Mr. RUSSELL. It encompasses all that is in the bill that the Senator refers to and, in addition, brings in a great many other programs.

Mr. SPARKMAN. The Senator is correct. Programs have to be renewed and extended from time to time. The bill is the result of a thorough study by all members of the committee.

Mr. RUSSELL. Mr. President, that is perhaps so. However, there are some entirely new provisions in the bill.

Mr. SPARKMAN. The Senator is correct. And I intend to explain them as we go along.

#### EMPLOYEES OF THE GOVERNMENT PRINTING OFFICE VICTIMS OF STREET CRIME

Mr. BYRD of West Virginia. Mr. President, we all know that the CONGRESSIONAL RECORD of April 5 was delayed for a period of 4 days—a situation unparalleled since the Government Printing Office began using modern equipment—because of the riots which made it impossible for GPO employees to reach their place of work, which is located at North Capitol and H Streets NW., or approximately four blocks from the seat of government itself.

Some of us may not be aware, however, that a growing wave of crime in the very shadow of the Capitol stalks the 7,800 employees of this agency as they enter and leave the GPO. In the past few days

a surge of vicious crimes in this area against GPO employees raises a very real threat that the vital functions of this important agency will be crippled or curtailed.

This problem was originally brought to my attention by Mr. Charles F. Hines, president, and other representatives of the Columbia Typographical Union No. 101, AFL-CIO, on Monday, May 20, 1968, and is set forth in some detail in a letter directed to me the following day. I ask unanimous consent that this letter be printed at this point in the RECORD.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

MAY 21, 1968.

DEAR SENATOR BYRD: I am Charles F. Hines, President of Columbia Typographical Union No. 101, a local of the International Typographical Union, AFL-CIO. I represent approximately 4500 printers working in the Metropolitan area of Washington, D.C. of which approximately 1800 members are employed at the United States Government Printing Office.

I sincerely appreciate the opportunity to advise you of the deplorable conditions surrounding the United States Government Printing Office today. Conditions which if not corrected immediately, will surely lead to a number of deaths due to violence by gunshot, stabbing or a severe beating. These conditions, as you are probably already aware, actually exist in the immediate vicinity of the Government Printing Office and most of Washington, D.C.

I am more irate than anything else, because it seems that the police protection in the Metropolitan area of Washington, D.C. and the Government Printing Office in particular, is not adequate enough to protect decent citizens endeavoring to go to and from work. These employees actually go to work with fear in their hearts, fear that they will be next on the list of the hoodlums who wait like wild jungle beasts, ready to pounce on their prey. Irate because all I see and read in the newspapers of this city, are excuses as to what is going to be done next week, next month or next year and excuses as to why we should not have ill feelings in our hearts for the poor underprivileged person or persons who just robbed and beat you on the streets, while are on your way to work, or on your way home.

I cannot blame the Public Printer, Mr. Harrison, or any of his assistants, because they tell us that they are not getting as much response with their requests for more protection as they would like. The Police Department is hamstrung with a lack of manpower and of course their answers to the Public Printer are that they just do not have the men available to do this proper job.

The Vice President of our local, Mr. Donald Taylor, has worked long and hard in past years trying to get better protection and actually has succeeded in getting as much as the Police Captain of the First Precinct could possibly give. The Captain has his limits also and is hamstrung by lack of help and authority for his men to act.

At one time we had police with dogs patrolling the area and they were doing a reasonable job when suddenly some groups cried out that this was police brutality and the dogs disappeared. We were very fortunate though, because the right approach was made and the dogs were put back with the patrolmen on their beats. The only problem here is not enough of the patrolmen and their dogs and then if the hoodlums do get caught, the courts let them free to repeat what they did before.

I wonder sometime why it is when decent

taxpaying citizens get caught for a traffic violation, they never get handled in the same manner. It always costs us because we are supposed to know better.

Every night in the week, tires get slashed and stolen, batteries stolen and in some cases, the car itself, disappears. The Insurance Companies are getting fed up to the teeth and some companies will not insure people living and working in these areas.

I am enclosing a memorandum issued at the G.P.O., in which all men were asked to walk in groups for their protection—this only makes it more convenient for the thugs and hoodlums to hold us up and get a bigger haul. Just last night three of our men going home together at 1:00 a.m. were held-up at gunpoint and robbed of their wallets, watches and anything of value.

The wife of one of our members who was going to the Personnel Office of the GPO for her husband, at 10:00 a.m., in broad daylight, was jumped on at North Capitol Street and beaten and robbed. I believe they also fractured her shoulder and she was left severely bruised.

We have rules and regulations at the GPO forbidding the carrying of guns or concealed weapons into the building and I am not kidding you when I tell you that some of the employees at the GPO look like something out of the old western days. Many carry weapons because they fear for their lives. This is a very unhealthy condition and could, some night, set off a riot in the streets. I do not condone this but I do not blame these men one bit for doing it.

Some of our members have fought for this country in two wars and have come through unscathed and I don't think it is just for these men to have to be fearful for their lives when they are trying to earn a livelihood. These men tell me if something is not done soon that the GPO will suffer because of lack of help due to the fact that they will quit their jobs rather than risk life or limb.

We just finished negotiating for a raise in pay for these men at the GPO, now we are literally negotiating for their safety and their lives. I would like to have some of the bleeding hearts in our society come down and walk the streets with us, going to and from work with our members and to see how they appreciate being molested and robbed or having their cars wrecked or parts stolen off of them constantly. We should send a few of our top officials down there also, particularly the ones who are so full of love for their fellowmen and who are only fooling the public with their oratory. They say we need more laws—I do not agree, we need only enforce the laws presently on the books—laws for everybody, every color, every creed, but on the same equal basis of justice for all and laws that are enforced by the Courts equally for all races, majorities or minorities.

In a speech by the President of the United States, sometime back, he encouraged all Americans to put their shoulders to the wheel and take up their places of responsibility beginning with the home, the community and in every walk of life. I agree and I think we should. We should start right up on Capitol Hill and in the Courts by ending the coddling of these thugs and hoodlums in the District of Columbia and in our nation.

I say—give the law enforcement agency back their powers; give us some protection or gentlemen don't come crying to the Union leadership at the GPO because some day the Government's printing doesn't get out on time. Our men are fed up and disgusted with the lack of effort by people who were hired or elected to represent them.

You ask for suggestions, I have one big one. Federal troops—like during the Civil War or during our last civil disturbances, except

this time, load the guns and use them if necessary. There is a definite, urgent need for some large constantly patrolled area for GPO employees to park their cars in. Plenty of lights and adequate patrolmen. This parking area can be either underground or fence enclosed and by permit only.

Thank you for your courtesy and cooperation on this matter.

I sincerely hope that our request will not fall on deaf ears and I am sure it will not.

Sincerely yours,

CHARLES F. HINES,  
President, Columbia Typographical  
Union #101 (AFL-CIO).

OCTOBER, 24, 1966.

Subject: Self-protection.

To all Employees:

In recent weeks a number of GPO employees have been assaulted and robbed in the area adjacent to the Office. These assaults have taken place notwithstanding an extended effort on the part of the Captain and police officers of Precinct No. 1 to maintain law and order in the neighborhood.

It is incumbent upon each and every one of us to take reasonable measures for our own self-protection. A prudent employee will consider the following:

1. Employees who report for duty or leave the office after daylight should try wherever possible to move in groups of employees. It is not wise for an employee to walk streets alone after dark.

2. Employees should consider using the commercial parking lots, located near the office, and in no cases should they park in alleys, dark side streets, and isolated areas.

3. Employees should not walk down alleys or narrow passageways at any time.

4. Employees should give serious consideration to eating inside the building during the second and third shifts.

5. Employees should lock their cars and should not leave valuables in their cars.

It is not possible to guarantee that an employee taking the precautions listed above will be free of violence, but the steps will reduce to a minimum injury and property loss.

This office and your local police department will continue to take every reasonable step to ensure your safety.

PUBLIC PRINTER.

Mr. BYRD of West Virginia. At the time of Mr. Hines' original contact he was told by one of my aides that many Members of Congress, including myself, shared the concern of GPO employees and other citizens of the District of Columbia who were daily confronted with the growing crime wave and who have every reason to be fearful as they go to and from work in certain areas of this city. He was also advised, however, that the legislative branch had no authority whatsoever to enforce the law and he was strongly urged to seek the protection needed by GPO employees from the executive branch of the Government.

Acting on this suggestion, Mr. Hines sent a telegram on May 21 to the President of the United States, the Attorney General, Mayor Walter E. Washington, and others, seeking immediate augmentation of police patrols in the vicinity of the GPO in order to alleviate the apprehension and fear pervading employees of this important agency as they go about their work. I ask unanimous consent that this telegram be printed at this point in the RECORD.

There being no objection, the telegram was ordered to be printed in the RECORD, as follows:

**"CITY MANAGER" CALLED**

During the disturbance, Wiley placed a call to the Rev. Jesse Jackson, "city manager" of Resurrection City, who hurried from the camp to the arrest scene.

There he talked with Powell, who afterward agreed to let the rest of the crowd disperse without making further arrests. Mr. Jackson said later he had told Powell it would be wise to permit the others to leave, lest "he find himself with 3000 people down here."

Others on the scene to confer with police and the protest leaders were Rep. William F. Ryan (D-N.Y.) and Stephen J. Pollack, assistant attorney general in charge of the Civil Rights Division.

Rep. Mills who was at the Capitol the entire time, said the protesters "sent me a telegram Friday demanding that they be heard by my Committee."

"If the leaders want to see me all they have to do is ask, but no one told me today that they wanted to see me," Mills said. He added:

"I don't answer demands. And I don't convene the Committee on anyone's demand, not even the President's."

**CALLS MILLS "RACIST"**

Wiley afterward described Mills as a "racist" because of his support of a welfare amendment that would freeze the Federal Government's contribution to state welfare programs.

Wiley said Mills "has been putting it to black people for 30 years with bad welfare legislation and keeping us in a kind of slavery."

Wiley also told the women in his group they had won "a great victory" and that their presence had shed "light on that rat hole where Wilbur Mills does his dirty work."

After the arrests, Mr. Jackson led his group to the Rayburn Building, where they held a mass meeting in a hearing room, the use of which was arranged by Rep. Richard L. Ottinger (D-N.Y.). They returned to the camp after the meeting.

Two women had to be carried from the intensely emotional meeting at Rayburn auditorium, one who fainted and the other when she experienced a screaming fit.

Mrs. Etta Horn of Wiley's group said the woman "is only the first of many mothers who will cry out in anguish at the hideousness of this country."

Mr. Jackson said the new welfare amendments raise fears that mothers would lose their children because they were born out of wedlock. This, he said, "is something that touches close."

The 26-year-old minister, a native of Greenville, S.C., then told his hushed and moved audience of the circumstances of his own birth.

"I was born illegally, but not illegitimately . . . God placed his hand on me—and I am somebody," he said. The women, several in tears, burst into applause and one cried, "Keep him, God, keep him in Your care."

Freeman's announcement was made at a meeting with Mr. Abernathy and 200 of his followers, who made clear they felt the Agriculture Secretary could have taken much firmer action.

At one point, Mr. Abernathy asked him, "How many babies will have to die before you exercise the full power and authority at your command?"

The House-Senate group formed to aid the marchers in presenting their program was formed by a quartet composed of Sen. Brooke, Sen. Philip A. Hart (D-Mich.), and Reps. Ogden Reid (D-N.Y.) and Charles C. Diggs (D-Mich.). The latter three were named co-chairmen.

Sen. Brooke, who is chairman of the bipartisan group, said in making the announcement that the arrests were the kind of situation "we hope to be able to avoid."

Several members joined Brooke in cautioning the protesters against actions that could disturb the functioning of Government.

**STAY WITHIN LAW**

"We are against violence and disruption," said Brooke, adding that "We are not opposed to peaceful demonstrations within the confines of law."

Brooke noted that the committee does not have any official status, but said it has the approval of the majority and minority leaders of both Houses of Congress.

Members of the committee are:

Reps. William A. Barrett (D-Pa.), Frank J. Brasco (D-N.Y.), Edward P. Boland (D-Mass.), Jeffery Cohelan (D-Calif.), James C. Corman (D-Calif.), Diggs, Augustus F. Hawkins (D-Calif.), Patsy T. Mink (D-Hawaii), Robert N. C. Nix (D-Pa.), James G. O'Hara (D-Mich.), Carl D. Perkins (D-Ky.), John B. Anderson (R-Ill.), Silvio O. Conte (R-Mass.), William M. McCulloch (R-Ohio), Thomas J. Meskill (R-Conn.), Albert H. Quie (R-Minn.), Reid, Fred Schwengel (R-Iowa), Garner E. Shriver (R-Kansas), and William B. Widnall (R-N.J.); Sens. Joseph S. Clark (D-Pa.), Fred R. Harris (D-Okla.), Hart, Edmund S. Muskie (D-Maine), William Proxmire (D-Wis.), Brooke, John Sherman Cooper (R-Ky.), Jacob K. Javits (R-N.Y.), Charles H. Percy (R-Ill.), and Hugh Scott (R-Pa.).

**ORIGINATED IN CALIFORNIA**

The members of the Western caravan arrived in 18 buses at 5:30 p.m. at the Bradley Hills Presbyterian Church, 6601 Bradley Blvd., Bethesda, where they stayed briefly before dispersing to their overnight accommodations.

The caravan originated in the slums of Los Angeles and San Francisco and picked up other participants in Colorado, Arizona, Kansas, New Mexico, and Missouri. It has been on the road to Washington for four days.

Yesterday's announcement by Agriculture Secretary Freeman will mean the addition of six new commodities to the list of 15 foodstuffs now distributed free to the needy.

The additions are instant mashed potatoes, hot cereal, canned chicken, fruit juice, dried eggs and evaporated milk.

Freeman said these would be "major additions" to the usual diet of the poor, and that in some cases the foods would be fortified with iron to make up a notable deficiency in their menu.

An aide said the mashed potatoes were already being made available and the other items would be ready for distribution in one to three months.

The present list of commodities includes cheese, corn meal, flour, lard, canned meat, milk, rolled oats, peanut butter, raisins, rice and rolled wheat.

**POLICEMEN WHO CARED**

SIR: On May 12, while the Mother's Day March was going on down near Cardozo High School, I had an emergency. My eight-year-old son had to be rushed to Children's Hospital for possible appendicitis.

My son was staying at his grandmother's house. She called me to come and get him. I live in Landover, Md.

When I called my doctor he told me to rush him to Children's Hospital. So I rushed over and picked him up, was headed down 13th Street toward Children's Hospital. When at 13th and Harvard Streets I was told to turn right. I told the policeman that I had an emergency and what it was, but he told me to go on and he couldn't help me. At the next intersection the same thing, and so on.

I kept going in the direction I was told to go until I was somewhere in Washington that was unfamiliar. Finally, I saw a police wagon. I told the policemen what had happened and what the other policemen had told me. They gave me an escort to Children's.

I would like to thank those two officers in Wagon 13 very much.

I think that when people have emergencies like the one I had, they should be let through. I wasn't going to bother those marchers. All I wanted to do was get my child to the hospital. Maybe someone should think about it, and have an emergency route to hospitals ready for such cases.

What would have happened if some person had died while being rushed to some hospital? How would someone feel? I would feel pretty bad.

Mrs. NINA COLE.

LANDOVER HILLS, Md.

**DISTRICT OF COLUMBIA CURFEW ON YOUTH IS REQUESTED**

(By Ronald Sarro)

The D.C. Federation of Civic Associations, Inc., has asked Mayor Walter E. Washington to ban teen-agers from the District's streets at night in an effort to keep them out of trouble and promote safe streets.

The proposal was one of seven formal recommendations made by the predominantly Negro federation during a meeting with the mayor late yesterday.

Federation president Edward J. MacClane said after the hour-and-15-minute meeting that the group has no specific plans for prohibiting youths from being out at night. MacClane said he believed youths should be required to be off the streets by 9 or 10 p.m.

"There is strong support among federation members for a curfew in the District for teen-agers," MacClane said in the list of proposals given the mayor.

Mayor Washington said he would give serious consideration to all recommendations of the federation, which included a plea that the civic associations be directly involved in the rebuilding of the riot devastated areas of the city. The mayor asked the federation for specific ideas.

The federation's proposals also included a call for more effective cleaning of streets and alleys and an end to "the over concentration" of liquor stores in low-income areas.

The federation voiced its strong support for Public Safety Director Patrick V. Murphy and for the police department. But it added that there is an "immediate urgency" for District employees, particularly policemen and firemen who recently received salary increases, to be required to live within the city limits.

The federation also expressed its support for an effort to reduce traffic deaths, adding that more Negroes should be appointed as officials in this program and expressed grave concern over the city's financial condition.

On the latter point, the federation said destruction of many businesses and loss of a large amount of tourist business would affect every District resident.

**MILITANTS CALLED "ABSURD"**

(By Sarah Booth Conroy)

The "militants of the absurd" are threatening to trample under the successful people of the Negro community, a professional sorority of Negro beauty shop owners and operators was told yesterday by D.C. Board of Education member Dr. Benjamin H. Alexander.

The chemist with the National Institute of Health, where he is grant associate with the Division of Research, spoke to the Pi Omicron Rho Omega Sorority at a Statler Hilton Hotel luncheon honoring Mayor Walter E. Washington, who received the group's annual award.

"The time is almost noon," said Dr. Alexander. "A showdown must come in this city between those who believe in violence and guerrilla warfare—and those who do not."

"Your very rise to your present status in this community puts you ladies in a select circle—and you must use this to your ad-

vantage, or risk the danger of being trampled under the surge of unthinking feet—excited forward by careless power manipulators, people whom I call 'militants of the absurd.'"

The 47-year-old Negro leader said he was going to "talk openly about the main subject of private conservations since the trouble in D.C. I refuse to be 'chicken' and keep my thoughts in secret half-whispered discussions."

"Let me tell it like it is. During the past winter a young brown-skinned man (an obvious reference to militant Stokeley Carmichael), after a hate America trip around the world, came to live in Washington, D.C. . . . and in only a short time has really shown us oldsters how to take over a city."

"He 'jived' many black leaders of many responsible Negro organizations in this town, even some of the sweet old ladies at church."

"He's sympathized with our D.C. leaders' frustrations, he inflamed their resentments—but more importantly, he played up to their egos. Then all were invited to a secret meeting. And publicly our leaders nodded agreement to his plan to join forces and consented to take titles of offices and to serve on black only committees."

Dr. Alexander asked where the militant leaders were "when the time came."

"None to my knowledge were seen doing the violent acts that they had earlier urged on their poor black brothers."

"The D.C. disturbance was a criminal action and not a riot, Dr. Alexander said, because 'the few percentage of blacks who took part put their sights more on what they saw in store windows than on what Dr. Martin L. King Jr. taught, lived and died for.'"

Challenging the argument that only violence seems to frighten the power structure into turning more attention to the poor, Dr. Alexander said:

"This city or nation cannot allow the poor to believe that it is necessary to burn a slum house, the corner grocery store or clothing store to make Congress and the American public aware that existing hunger in rat and roach-infested quarters is hell."

Dr. Alexander spoke out against a racial split—"the only blacks that I know of who really want segregation are those who can't cut the mustard in an integrated society"—but he urged that Negro men pool their money to own stores, banks, hotels.

"We have been dallying with the white man for years, but we can't fool him any more because he has woke up and gone and given us our civil rights. Now we must seek justice—not generosity, not benevolence, not pity, not sympathy or handouts."

#### CONCLUSION OF MORNING BUSINESS

Mr. MANSFIELD. Mr. President, is there further morning business?

The PRESIDING OFFICER. Is there further morning business? If not, morning business is concluded.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of the unfinished business.

The PRESIDING OFFICER. The bill will be stated by title for the information of the Senate.

The ASSISTANT LEGISLATIVE CLERK. A bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

The PRESIDING OFFICER. Is there objection to the present consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

Mr. SPARKMAN. Mr. President, before we commence the debate on the Housing and Urban Development Act of 1968, S. 3497, I wish to make a brief comment.

As chairman of the Banking and Currency Committee and also the Subcommittee on Housing and Urban Affairs, I wish to express my appreciation to the members of the committee as well as to the members of the subcommittee for their cooperation and help in bringing S. 3497 to the floor of the Senate. In this connection, Mr. President, I express my gratitude to the members of the committee and the subcommittee for the wonderful cooperation they gave throughout the weeks—literally, throughout the months—in considering this bill. I also wish to express my appreciation and that of the members of both the committee and subcommittee to the staffs of the full committee and the subcommittee, as well as to the Senate legislative counsel's office; namely, Mr. John Reynolds—for the vast amount of work they did in the preparation of S. 3497 as well as in the preparation of Senate Report No. 1123 to accompany the bill.

I believe I can truthfully say that S. 3497 is the most comprehensive housing and urban development bill our committee has ever presented to the Senate. The bill has 15 titles, with numerous sections and subsections, which, on the one hand, establish several new housing and urban development programs and, on the other hand, contain provisions amending the majority of housing and urban development laws on the statute books today.

Mr. President, S. 3497 is not a bill which the committee "dreamed up" overnight. Quite to the contrary, S. 3497 represents a two-session effort on the part of the committee. Senators will recall that, after some 4½ months of deliberation during the first session of the 90th Congress, the committee reported on November 28, 1967, the proposed Housing and Urban Development Act of 1967—that is, S. 2700. Congress, however, adjourned before S. 2700 could be considered. As a matter of fact, S. 2700 is still pending on the Senate Calendar, although it has now been outdated by S. 3497, the bill which we commence to debate today.

Rather than proceeding to consider S. 2700 early in the second session of the Congress, the decision was made that we should hold that bill in abeyance until the administration submitted its proposals for 1968 housing and urban development legislation.

On February 26, 1968, the President submitted to the Congress a message on housing and cities. Accompanying the message were the administration's legislative proposals designed to implement the President's message.

The administration's proposed Housing and Urban Development Act of 1968 contained a majority of the basic ideas that were included in S. 2700. Therefore, the committee used S. 2700 as the basis for drafting the committee bill we have

before us today. One might say, then, that the committee has now spent some 8 months in bringing S. 3497 to the Senate.

Mr. President, with the enactment of the National Housing Act of 1934, the United States Housing Act of 1937, the Housing Acts of 1949, of 1954, of 1961, the Housing and Urban Development Act of 1965, and the Demonstration Cities and Metropolitan Development Act of 1966, plus other measures, the Congress has provided many tools with which the American people have been able to obtain decent, safe, and adequate housing. These acts have also provided ways and means by which our cities, towns, and communities have been able and are now able to fight blight, slums, and urban decay.

It must be remembered, however, that these acts taken as a whole, were never intended to be the complete answer—the sole solution—to our national housing problems nor to the multiplicity of problems we now find facing our cities. At best, these acts were intended to encourage and contribute to private enterprise and public efforts and initiative toward helping our people to achieve the goal expressed in the policy of the Housing Act of 1949, which is "a decent home and suitable living environment for every American family."

Mr. President (Mr. GORE in the chair), I shall digress long enough to say that that housing policy was written into the act of 1949. At the time it was known as the Taft-Ellender-Wagner Act. It was under the guidance and leadership of those three distinguished pioneers in the field of adequate housing that the goal I have just quoted was established—that there should be the opportunity to aspire to and hope for "a decent home and suitable living environment for every American family." Of course, Senator Taft and Senator Wagner are no longer with us, but the distinguished Senator from Louisiana [Mr. ELLENDER], who was the other member of that famous trio, is still one of our most active Senators and one of our most active supporters of safe, sanitary, and decent housing.

Under these acts, a great deal has been achieved. Literally millions of families have been able to obtain decent places in which to live commensurate with their needs and at prices they are able to pay. In fact, the FHA and VA housing programs alone have aided some 17 million families to obtain decent housing. Several thousand cities, towns and communities have been helped to rid themselves of their worst slums and blight and have thus become better places in which to work, play, worship, and live. One of the most notable achievements has been the development of a mortgage insurance system with a Government guarantee and a backup secondary mortgage market facility, the results of which have largely been responsible for the rising homeownership among the American people so that today more than two-thirds own their own homes.

However, from time to time serious gaps have been noted in these acts. As time went on, it was realized that many programs provided by these measures have not reached down far enough to

help those who need housing the most. Also, urban development programs were sometimes found lacking in the type of Federal support and assistance that was needed at the local level to meet the fast changing housing and urban development problems of the cities. Each time these gaps have been found or recognized, steps have been taken to close them with either new or amended legislation.

Let me make it clear, however, that while much success has been achieved over the last 35 years, this Nation still has a long way to go in meeting total housing and urban development needs. In the first place, our previous efforts have never been fully effective relative to the needs of the lower income people and, secondly, changing economic and social conditions have aggravated and worsened the urban housing problem so that, despite existing programs, many inner city areas have deteriorated at a faster rate than ever before.

The housing needs of the American people and the needs of the Nation's cities, towns, and communities are not something that can be defined, once and for all time, at any given period. These are ever-increasing needs of the low- and moderate-income American family which must be faced almost on a day-by-day basis. What appeared to be a satisfactory solution to yesterday's problem will be unacceptable today. On the reverse side of the coin, it must be realized by all concerned that these are needs that cannot be met on an overnight basis; fiscal and physical capabilities are just not at hand to bring about an immediate solution to all these problems.

Mr. President, the President's housing and cities message proposed a far-reaching goal to meet a massive national need—a program of Federal assistance for the construction and rehabilitation of 6 million housing units over a 10-year period for the low- and moderate-income families of this country. Such a program would replace the substandard units in which it is estimated more than 20 million Americans still live.

The President's 1968 proposals for housing legislation called for an initial 5-year program aimed at achieving the 10-year goal of the message. The committee certainly agrees that the President's 10-year goals are very admirable and are necessary and the committee believes that these goals can be attained. In order to do this, the committee is recommending stepped-up activity under existing programs, as well as proposing new programs to fill the gaps apparent under existing programs. These programs would be funded at levels to get a good start toward the 10-year goal. However, the committee did not agree with the administration's proposed 5-year program. It believes that another look should be taken at the progress of the new programs and current conditions after several years of experience and that a 3-year period would be more appropriate.

I would like now to describe in very general terms the major highlights and proposals contained in the committee bill.

#### TITLE I—LOWER INCOME HOUSING

One of the most important titles to this bill is title I which contains important new provisions to help lower income families become homeowners. There are nine sections to this title, the provisions of which are varied but all are aimed at meeting a real need in our economy, that is, making it possible for lower income families to obtain decent housing through homeownership. This matter was first considered last year and finally, after numerous conferences and consultations, the committee has brought forth a package of legislative provisions which we confidently believe, once they are implemented, will represent another milestone in Federal assistance toward helping lower income families of this Nation.

Under existing law, the FHA and VA programs are very effective in helping families of moderate income obtain decent housing through homeownership. In fact, over the years, the laws have been gradually liberalized so that today we can proudly say that we are truly a nation of homeowners, largely because of the contribution made by FHA and VA.

However, as construction costs have gone up and interest rates have risen to unprecedented heights, it has become more and more difficult for families of low and moderate income to afford to buy a home of their own.

Section 101 of this title is intended to remedy this difficulty. Under this section, the Federal Government would help reduce the housing load on the family by paying all but 1 percent of the interest charges to finance the mortgage loan. To make it fair for all, only lower income families would be eligible and each family would pay 20 percent of its income for housing costs. Lower income families are defined as those whose incomes do not exceed 70 percent of the income ceilings established by the Secretary for a particular area in administering the FHA below market interest rate program under section 221(d)(3). This income ceiling would vary from area to area but, in general, it would be at the level of about the lowest one-third of families on the income scale in any particular area. In my home city of Huntsville, Ala., the income ceiling for families of five and six persons would be \$4,900 per year. To permit flexibility and to make the program more workable, some few families with incomes above this could qualify also but, in no instance, could more than 20 percent of the contracted funds be used for families above this basic ceiling.

The committee also recommended an allowance of \$300 per minor child be made in determining eligibility under the income ceilings and in determining the minimum payment the family should pay on its own before Federal subsidy. Considering the cost of raising a family these days, this is nothing more than an effort to be fair and equitable for families with children.

Another feature of the interest subsidy provision for homeownership is the limitation on the maximum mortgage amount. In general, it would be limited to \$15,000 but, in high cost areas, it could go to \$17,500. These ceiling amounts could be raised to \$17,500 and \$20,000,

respectively, for a family with five or more persons.

Authority to enter into assistance payments contracts as approved in appropriation acts is limited to \$75 million for fiscal year 1969, \$100 million for fiscal year 1970 and \$125 million for fiscal year 1971. This authority could result in contracts for assistance payments for a total of nearly 500,000 units during the 3-year period.

Other sections of this title also represent significant proposals to make it easier for the lower income families to become homeowners. One of the provisions would authorize the FHA to qualify for assistance a lower income family who, under existing law, would be turned down because of marginal credit experience or irregular income patterns but who, it is found, is a satisfactory credit risk and would be capable of homeownership with proper counseling.

This title also contains a provision to authorize FHA to insure mortgages for families in the rundown neighborhoods of our cities without regard to economic soundness requirements and other limiting restrictions having in mind the need for adequate housing for families in these areas. This would meet the criticism often levied at FHA on red-lining areas and its refusing insurance only because of the area.

A special risk fund would be established, not necessarily actuarially sound, which would be used to meet probable higher losses in the more risky insurance cases that the Congress would be authorizing FHA to undertake.

Mr. President, I believe that it is about time the Congress realizes the dilemma it has placed the FHA in under existing law. On the one hand, FHA is required to run an actuarially sound operation with a minimum of losses while, on the other hand, it gets criticized because it shies away from the marginal risk cases and from neighborhoods where private enterprise has indicated as "off limits." Our committee has taken a firm stand on this, both in the pending legislation and in the committee's report. We believe that FHA was established to take risks and to bear the burden of helping to provide decent housing for all but the poorest of our people no matter where they live in. We believe that each case should be examined on its merits and, if it qualifies as a satisfactory risk, the FHA should accept it. The Congress, by these provisions of the bill, will be committing itself to stand back of FHA and help it truly perform the task it was created to do—that of providing the financial backup needed to help lower income families obtain decent housing.

This title contains provisions for assistance to nonprofit sponsors so that such sponsors can be effective in helping lower income families obtain decent housing. Also a Commission would be established by this title to study and report back to Congress on better ways and means to help house our lower income families. And, finally, the title contains authority to establish a National Home Ownership Foundation which would provide technical and limited financial assistance to private and public organiza-

tions desiring lower income families become decently housed.

**TITLE II—RENTAL HOUSING FOR LOWER INCOME FAMILIES**

Title II, Mr. President, deals with rental housing for lower income families. Let me say that section 201 of the title contains provisions similar to those which I described in title I for home ownership. In other words, what we are trying to do is to provide twin programs; namely, one for homeownership and one for rental opportunity for families of lower incomes, by having the houses built by private enterprise with a subsidy going where necessary and to the extent necessary in order to make it possible for the lower income families either to buy a home or to rent a unit.

This title is a companion title to title I, but for rental housing rather than homeownership. Section 201 of this title compares almost directly with section 101 in providing interest subsidy assistance to lower income families in rental projects. However, the renter would pay 25 percent of his income for housing costs before receiving a subsidy. It is believed that the 20 percent for a homeowner would be equivalent to 25 percent for a renter because the homeowner has other costs which the renter does not have, such as heat and maintenance. The authorization for assistance payments would be the same under this section as under the section 101 homeownership provision. It has been estimated that approximately 700,000 units would be contracted for under the moneys authorized to be appropriated for this program—\$75 million for fiscal year 1969, \$100 million for fiscal year 1970, and \$125 million for fiscal year 1971. These units would be both new construction and rehabilitated housing units.

Title II also includes authorizations to extend the public housing and rent supplement programs through fiscal year 1971. These programs are of benefit to the poorest families of our Nation whose incomes are so low that the new rent subsidy program explained above would be of little help. Under both the public housing and rent supplement programs, the tenants pay a certain portion of their income for rent—the public housing percentages determined locally and generally vary from 16 percent to 20 percent with allowance for children; the rent supplement percentage, as set by Federal law, is 25 percent. Under each of these programs, the Federal subsidy will make up the difference between what the tenant pays and the economic rent. However, the new rental program authorized by section 201 of this bill provides only limited subsidy—the difference between in amortization charges on a 6¾-percent mortgage and a 1-percent mortgage. Thus, it can reach and be of help to a more narrow segment of lower income families. Generally speaking, families below \$3,000 annual income would need rent supplement or public housing assistance and thus the committee believed it must be essential that adequate authority be made available to keep these programs operating at a good level.

**TITLE III—FEDERAL HOUSING ADMINISTRATION INSURANCE OPERATIONS**

This title contains 19 sections amending existing law to improve and make more effective existing FHA insurance programs. I said at the beginning that the committee bill consisted of several titles, and many provisions amending existing law. That accounts in large part for the great volume of the bill we have reported. We are amending, by and large, existing legislation. Title III is one of the titles containing many amendments to existing law.

Perhaps the most significant action of the committee relative to this title is its report language outlining FHA's responsibility in providing housing for all eligible families of this Nation regardless of the location of the property; also in helping to meet the need for better financing provisions in the rehabilitation of existing housing in connection with urban renewal.

**TITLE IV—GUARANTEES FOR FINANCING NEW COMMUNITY LAND DEVELOPMENT**

This title would establish a new Government bond insurance system to help finance the acquisition and development of new communities. Under existing law, FHA is authorized to insure mortgage loans used for this purpose. This authority was given in its present form in 1966 but no mortgage has yet been insured under it. The bond financing device would be a much superior method and should produce the financing at reasonable terms and with considerable flexibility to attract large private investors into this worthwhile endeavor.

**TITLE V—URBAN RENEWAL**

The most significant provision under this title is section 501 establishing a new neighborhood development program as part of urban renewal. Under this program, an annual grant would be made to a city to carry out small area redevelopment with the intent of speeding up the urban renewal process and showing visible accomplishments in short periods of time. This would replace much of the existing program whereby large areas are redeveloped over a 5- to 10-year period with no visible results until the end of a long planning and redevelopment process.

Another section of this title would initiate a new system of applying Federal funds for interim assistance to an area scheduled for urban renewal or code enforcement in the near future. By this device, much needed obvious work can be done well in advance of the slow-moving urban renewal process.

The committee also included provisions in this title to insure that a majority of housing units built in urban renewal areas are made available to low- and moderate-income families; it also increased the rehabilitation grant ceiling from \$1,500 to \$2,500 to help lower income families hold on to their homes and make the improvements needed to meet the rehabilitation standards.

Mr. President, one of the great objections so far to urban renewal has been that the undertaking requires such a long period of time to complete. This is true because urban renewal is a com-

plicated matter, and, sooner or later, when local planning agencies get started in the demolition process and finally remove the buildings, there is a vast area with nothing on it, and before it can be redeveloped, many years may have passed. The provision we have included in the committee bill would permit pursuing urban renewal undertakings by smaller areas which could be designated as neighborhood development programs. These smaller areas are a part of the whole which has been planned but permits such areas to be pursued with work and development in a limited way rather than taking the whole.

That, Mr. President, I may add, the neighborhood development programs would be undertaken on an annual basis. Let me cite an example right here in Washington—familiar to all of us in days not so long past—when one of the worst slums in the world was right in the shadow of the Capitol dome.

I referred, of course, to the Southwest Washington area. I have been down there. I remember being in a little alley and looking up, and there was the great, magnificent Capitol dome. It seemed the most ironic thing in the world that right in the shadow of the dome of the Capitol of the mightiest nation in the world we had slums that were absolutely incredible.

Finally, the slum clearance program under old title I of the Act of 1949 was set up. I guess the urban renewal program in Southwest Washington was one of the earliest in the country. As I remember, the total area covered was 555 acres. It took several years to get the buildings torn down. In fact, it seemed like it was going to be forever before any new buildings would be constructed in the area. Finally the buildings were started.

I remember saying to the director of our program, "When are we going to see some brick-and-mortar activity in the area?" There was always the same reply, and it was logical: "We have got to wait until we get the redevelopment plan and are ready to go." As we all know it took years. Frankly, I do not know how many years passed before redevelopment was started. But today, to look at it, one would never dream that it was the area it was several years ago. There are magnificent buildings there now—new homes and new rental units replacing that old slum. As a matter of fact, it is not fully developed yet. I am not saying we should have put the program into effect in 1949, because we were not ready for it, but now we have had the experience to profit from. Under the provision of the committee bill we could take the same tract and redevelop it in increments on an annual basis. This year we would redevelop a part of it. Next year we would redevelop more and so on down the line. We would make it progressive rather than try to take the entire area all at one time.

**TITLE VI—URBAN PLANNING FACILITIES**

The most important section in this title is section 601, which would rewrite the 701 urban planning provision and amend it to cover rural districts. This

would be a most significant step in our Government's efforts to stabilize and, in fact, reinvigorate the life and economy of rural districts, from which there has recently been such a high migration into our crowded cities.

Section 607 of this title would also encourage rural district development by providing for Federal incentive grants to such districts similar to those grants now available to metropolitan areas around our large cities.

I want to throw this thought in right here, because I think it is something most people overlook. When we talk about the slums and the rundown, deteriorated, unfit houses in city areas, we lose sight of the fact that the worst slums are in rural areas. There are more poor people living in the rural areas than in all the big cities combined. Over half of the poor people of this country live in rural areas. We are proposing in this bill provisions so that an attack may be made on conditions in rural areas, where there is a great demand for housing.

We need not be afraid of building houses in rural areas. We have had experience. In fact, in the act of 1949, 19 years ago, I offered an amendment and it was adopted. It became title V of the 1949 Housing Act. It was a simple provision. The provision authorized loans to be made to rural families and persons who needed housing. Under title V of the 1949 act hundreds of millions of dollars have been loaned to rural families for housing.

I am sure the present Presiding Officer [Mr. GORE in the chair], who is a farm boy like I am, can do as I do. When we ride around the country we can pick out, as we ride along, the housing that has been built under the title V program. This housing is one of the most cheering sights one can see. The program has a remarkable record of being financially sound. An enviable record has been achieved. In fact, that is true in the housing field in general. I think all housing programs must have exceeded any expectations that those who pioneered many years ago could have dreamed of.

#### TITLE VII—URBAN MASS TRANSPORTATION

The most significant provision in this title is section 704, which would authorize that 50 percent of the local share of the net project cost for mass transit projects could be made by the public or private transit systems rather than the local government. Also, in exceptional cases where the local government is fiscally unable to make the payment, the full amount of the local share may be paid by the local transit company. In making this payment, the funds could only come from undistributed cash surpluses, replacement, or depreciation funds or reserves available in cash or new capital.

#### TITLE VIII—SECONDARY MORTGAGE MARKET

This is something that I think is of great interest. It relates to what we call FNMA.

This title would amend the FNMA Charter Act of 1954 by providing for the spin-off of the secondary mortgage market facility into a privately owned corporation which would be called the Federal

National Mortgage Association, and the retention of the other functions of FNMA into a new Government National Mortgage Association—GNMA. This partition would take place gradually, but not earlier than May 1, 1970, nor later than May 1, 1973. The Government-owned preferred stock would be paid off promptly by FNMA issuing subordinated obligations. Once the preferred stock is paid off and the interim board of directors is appointed, the FNMA Corporation would no longer be considered a Government corporation and, thus, its financing operation would be excluded from the regular Government budget. FNMA would continue to have Federal backup support to the extent of \$2 billion borrowing authority from the Treasury.

GNMA would continue its special assistance and management and liquidation functions, would continue to issue participation certificates secured by mortgages, and would be given new authority to guarantee mortgage-backed securities issued by the new FNMA and other private-approved issuers. The security would be limited to FHA and VA mortgages.

By making the FNMA private, it is hoped to give it more strength and flexibility to carry out its charter responsibilities, but, to safeguard it from failing to perform in the best public interest, the Federal Government would continue to have a strong hand in the control of its management through the makeup of the Board and its charter provisions.

#### TITLE IX—NATIONAL HOUSING PARTNERSHIP

This title would authorize the creation of federally chartered, privately funded corporations to mobilize private investment and the application of business skills in the job of creating low- and moderate-income housing in large volume. It would work like this: A federally chartered corporation would be organized with expert staff proficient in the development and financing of housing projects. This corporation would get capital by forming a partnership with investors who, in return for favorable tax depreciation allowances, would be attracted to invest substantial sums of equity capital. With the equity capital thus available, the partnership could join with local partners to build housing with 90 percent of the cost financed with FHA assistance and 10 percent equity. With favorable refinancing terms, such as provided under the new section 236 of the 1968 Act, the operation can be most attractive to investors in the upper income brackets. Depreciation allowances are not new to housing investors, so that all of this can be accomplished without amendments to existing internal revenue laws. This provision was recommended by the President's Committee on Urban Housing, chaired by Mr. Edgar F. Kaiser, as a way of involving big business in solving the housing problems of our cities.

#### TITLE X—RURAL HOUSING

This title would provide for rural families the same benefits made available under section 101 of this bill for urban families, that is, an interest subsidy payment to help lower income families acquire homeownership.

#### TITLE XI—NATIONAL INSURANCE DEVELOPMENT CORPORATION

This title would establish the National Insurance Development Corporation in the Department of HUD. The NIDC would provide reinsurance to insurance companies for losses paid by them resulting from riots or civil disorders. By providing this reinsurance, NIDC will enable the insurance industry to continue to provide the necessary property insurance it is now providing to property owners in urban areas. Reinsurance losses would be shared among the insurance companies—through a loss retention and reinsurance premiums paid to NIDC—the States, and NIDC.

The NIDC would also encourage the private property insurance industry, in cooperation with State insurance authorities, to develop statewide plans to assure all property owners fair access to property insurance. These would be known as "Fair Access to Insurance Requirements plans"—FAIR plans. Minimum criteria would be provided in the bill for the FAIR plans. Although minimum criteria would be established, the State insurance authority would have the responsibility of determining the scope of the plans beyond the established minimum, working out the details of the operation of the plan, implementing the plan, and overseeing its operation. An insurance company obtaining reinsurance from NIDC would have to agree to participate in the State plan.

NIDC and the State insurance authority would maintain surveillance over the effectiveness of the FAIR plans in increasing insurance availability. If it is determined that the FAIR plan is not obtaining the desired results, additional programs may be required as a condition to continued NIDC reinsurance in the State.

#### TITLE XII—NATIONAL FLOOD INSURANCE ACT OF 1968

The Secretary of Housing and Urban Development will establish a program of flood insurance, as a joint venture between the Federal Government and the private insurance industry. The bill permits as an alternative, but only if necessary, an all Federal program with or without participation by companies, agents, or brokers as fiscal agents.

The facilities of the private insurance industry would be fully utilized in carrying out the program. Private insurance companies could either assume a portion of the risk in carrying out the program or could participate on a nonrisk basis. Risk sharing companies would commit risk capital to an industry pool of companies which would absorb a share of the losses and expenses of the program. The Federal Government would make premium equilization payments to the pool to cover losses and also would provide reinsurance coverage to the pool for excessively high losses. Insurance companies in the pool would pay a premium to the Government for this reinsurance coverage in years of low-flood losses. Other non-risk-bearing insurance companies would participate in the program as fiscal agents of the pool.

## TITLE XIII—INTERSTATE LAND SALES

This title would give to the Secretary of HUD authority to require full disclosure in the sale or lease of certain undeveloped land in interstate commerce or through the mails. All developers or sellers of such land would be required to file with the Secretary a statement of record listing certain required information about the ownership of the land, its title, its physical nature, its access and egress by roads and utilities and related matters. Pertinent extracts of this report would have to be included in a property report submitted to the purchaser before the sale is consummated.

## TITLE XIV—10-YEAR HOUSING PROGRAM

This title would require the President to make a report on or before January 15, 1969, setting forth a 10-year plan on the construction and financing of housing, both Government and conventionally financed, for each of the 10 years, together with a statement of what reduction in substandard units is expected; also an estimate of cost of various Federal programs for legislative action. Residential mortgage market needs would also be reported. Annual reports would subsequently be made for each of the 10 years thereafter on progress of the projected figures.

Mr. President, I said a few minutes ago that the President's 10-year proposal is a good proposal. I believe the committee will back me up in that statement.

Many people are not satisfied with this bill, thinking it does not go far enough. But, Mr. President, we have written a bill which we think goes just about as far as our present resources will permit. The organization of homebuilders in this country to do the job, the materials with which to do it, the labor force with which to do it, and all of that must necessarily be brought together as fast as we can, as we move into the program proposed by our bill. This is why the committee feels the need for annual reports on the housing needs of the Nation.

## TITLE XV—MISCELLANEOUS

One of the most important provisions under this title is the new interest subsidy financing device for college housing construction. Under existing law, direct Federal loans are made to colleges at 3-percent interest rates. This program has worked well but, because of recent expansion of colleges throughout the Nation, the funds needed to be appropriated for this purpose have been far short of the need.

To overcome this dilemma, this bill would authorize the Federal Government to pay interest subsidies amounting to the difference between a 3-percent loan and the market interest rate. The Federal commitment is far reduced by this means and it is believed a satisfactory quantity of housing can be built with a minimum of Federal outlay.

Mr. President, this is one of the most successful programs we have had. It was back in 1955 that I offered an amendment to the Housing Act of that year to provide a formula for lending money to colleges in order that they might expand their facilities to help take care of the ever-increasing load of GI's, veterans of World War II, and veterans who could be expected back from the Korean war.

Mr. JAVITS. Mr. President, will the Senator yield to me at that point?

Mr. SPARKMAN. Let me add one further thought.

That was adopted, and, with changes that have taken place from time to time since then, one of the most remarkable jobs in the history of this country has been done in building housing to house students and faculty members at our overcrowded and overcrowding colleges throughout this country.

I do not know what the colleges would have done without it. I believe I am safe in saying that there is not a single college in my State that has not benefited, and benefited immeasurably, from this program.

I cannot state exactly how much money has been loaned out so far, but I would say around \$3 billion. There has never been one dime of deficiency. I think it is a remarkable record.

We are making, this year, a change recommended by the distinguished Senator from New York, to whom I now yield.

Mr. JAVITS. I merely wish to say briefly, Mr. President, that it is such a creative program because it does operate with practically no impact on the budget. We struggled, if the Senator will recall, with an amendment of mine to increase the amount of college housing, and found it extremely trying because of the budgetary impact; and I was almost forced to this alternative as a means of escaping the budgetary impact. I express my appreciation to the Senator from Alabama and to the committee for having now embraced it and included it in the bill.

Mr. SPARKMAN. It was a most welcome suggestion.

Mr. JAVITS. I thank the Senator.

Mr. SPARKMAN. It was a happy solution of a problem that was becoming difficult because we could not provide the money in sufficient amounts to take care of all of the loans that the colleges needed.

We are not doing away with the direct loan program—we are merely setting up an alternative method of financing. I think it will be of tremendous help.

As the Senator from New York has pointed out, it would have relatively little impact on the budget.

Mr. JAVITS. I thank the Senator.

Mr. SPARKMAN. Under another section of this title, new authority would be given to the Secretary of HUD to increase the planning funds for the model cities program by \$12 million. By this action, the committee anticipates a third round of cities would apply for planning assistance under this program. The bill would also add \$1 billion for operating for fiscal year 1970 for model cities. These funds are used as supplementary grants to cities carrying out model cities programs and would be added to the \$900 million authorized under existing law.

In conclusion, Mr. President, S. 3497 is a bill like many others which we have brought the Senate from the Banking and Currency Committee. It is a bill that continues our many past efforts toward helping the American people obtain the goal declared in the Housing Act of 1949, "a decent home and suitable living environment for every American family." And like any other measure which comes

before this body, it is a bill that contains provisions that will be supported by some and opposed by others.

The bill was not easy to arrive at in our committee. The committee unanimously reported the measure, but many of the provisions represent a compromise view on the part of different members of the committee.

I can say very candidly that there are some provisions in the bill which, if I had been writing the bill, would not be in the bill. However, the bill represents the bringing together of the thinking of the members of the committee who worked long, hard, and earnestly on getting out a bill.

I call attention again to the fact that this bill is not something new that has just been developed or that the committee felt was forced upon it.

We started working on this bill nearly 2 years ago. We started working on housing and urban development legislation nearly a year and a half ago, in the early part of the first session of this Congress. And we have worked over the months on developing the committee bill. And the bill does represent the composite thinking of our committee.

I think that S. 3497 is by and large a good bill. In fact, I think it is one of the most comprehensive bills we have ever had. I want to go further and say that I think it is one of the best bills we have ever had, and that it is one that holds more promise for persons of low income to get decent housing, either rented or purchased, that we have ever had.

Mr. PERCY. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. PERCY. Mr. President, I should like to comment that, having been a member of the Housing Subcommittee, I have gone back over the history of some 30 years, and in my own comments this morning, which will follow those of the distinguished Senator from Texas [Mr. TOWER], I will comment more in detail on that. However, I think one point should be clearly made at this point.

This has been truly a bipartisan effort. The bill has been developed under the great leadership of the chairman, the distinguished Senator from Alabama, with great resourcefulness. He has been assisted by such members of the committee as the Senator from Minnesota [Mr. MONDALE], and, on the minority side, the distinguished Senator from Texas [Mr. TOWER], the ranking member of the committee, and the distinguished Senator from Utah [Mr. BENNETT].

We have been working for 2 years in the committee on the bill. We now have in Washington the representatives of the Poor People's Campaign. They have presented to the Secretary of HUD the requests they are making in the housing field. I believe that the distinguished Senator from Alabama will be particularly interested in the fact that as we go over the requests made by the Poor People's Campaign to the Secretary of HUD and look over in detail some of the things they have talked about, we find that we have anticipated in the past 2 years in the course of our hearings and in our response to the genuine need, many of the requests that they have

made of the Secretary. Anyone can clearly see that there is no question about our acceding to demands being made upon us.

We are sympathetic with the representatives of the poor who present to us that we had seen as a great need in this country.

Our response is a response that has gone back several years now, in anticipation of all of the things that have been presented in this bill that has been carefully worked on for many months now.

Every member of the committee has participated and worked cooperatively with representatives from HUD and with the Secretary of Housing and Urban Development.

It has been a great honor and privilege for me to work under the leadership of the Senator from Alabama.

I certainly support everything the chairman has said this morning.

Mr. SPARKMAN. Mr. President, I certainly thank the Senator from Illinois, and I share with him the feeling he has expressed that the bill represents the handiwork of 14 members of the committee.

Mr. President, I have expressed my thanks to the members of the committee and the subcommittee without mentioning their names. However, I believe I ought to say that the distinguished Senator from Texas [Mr. TOWER], the ranking minority member of the committee, is always most helpful and cooperative.

The same thing is true with respect to the Senator from Utah [Mr. BENNETT], the Senator from Iowa [Mr. HICKENLOOPER], the Senator from Illinois [Mr. PERCY], and the Senator from Massachusetts [Mr. BROOKE].

I could go right down the list on the Democratic side also.

Mr. President, perhaps I should just list the Democratic members of the committee. The members are WILLIAM PROXMIER, of Wisconsin; HARRISON A. WILLIAMS, JR., of New Jersey; EDMUND S. MUSKIE, of Maine; EDWARD V. LONG, of Missouri; THOMAS J. MCINTYRE, of New Hampshire; WALTER F. MONDALE, of Minnesota; GALE MCGEE, of Wyoming; WILLIAM B. SPONG, JR., of Virginia.

All of the members of the committee have been helpful and almost without exception suggestions have been adopted in the bill that have been made by each member of the committee. I pay tribute to all members of the committee for the dedicated service they have rendered in perfecting this piece of legislation. I feel somewhat safe in saying perfecting because I think it is an excellent piece of legislation.

Mr. President, I ask unanimous consent to have printed at this point in the RECORD a section-by-section analysis of the bill.

There being no objection, the section-by-section analysis of the bill was ordered to be printed in the RECORD, as follows:

HOUSING AND URBAN DEVELOPMENT ACT OF 1968 (S. 3497)—SECTION-BY-SECTION SUMMARY

Section 1.—Provides that the bill shall be cited as the "Housing and Urban Development Act of 1968."

Section 2.—States the declaration of policy of the bill.

Section 3.—Provides that in administering programs authorized by sections 221(d)(3), 235, and 236 of the National Housing Act; the low-rent public housing program of the U.S. Housing Act of 1937; and section 101 of the Housing and Urban Development Act of 1965, the Secretary of the Housing and Urban Development shall require, to the greatest extent feasible, opportunities for employment arising in connection with construction or rehabilitation of housing assisted under such programs be given to lower income persons residing in the area of such housing.

#### TITLE I—LOWER INCOME HOUSING

##### Homeownership for Lower Income Families

Section 101.—Adds a new section 235 to title II of the National Housing Act to establish a mortgage insurance program based on an interest rate subsidy to provide homeownership for lower income families. The interest rate subsidy payment which would be paid by the Secretary of the Housing and Urban Development to the mortgagee could not exceed the lesser of: (a) The difference between the monthly payment for principal, interest, and mortgage insurance premium for a market rate mortgage, and the amount the monthly payment would be for principal and interest with a 1-percent mortgage, or (b) the difference between 20 percent of the mortgagor's monthly income and the monthly payment under the mortgage. The subsidy payment would be available to a purchaser having an income not in excess of 70 percent of the limits prescribed for eligibility to occupy projects financed under the FHA section 221(d)(3) below-market interest rate program, except that 20 percent of the contract funds could be used to assist families with income above these limits. For each minor child in the household, \$300 would be deducted from family income. The interest subsidy payment would decrease as the homeowner's income rises.

The subsidy payment could only be made with respect to new or rehabilitated housing meeting the requirements of the FHA section 221(d)(2) sales housing program, the 234 condominium program, the 213 cooperative program, or section 221(h) as incorporated into the new section with some modifications. However, during the first 3 years after enactment assistance payments could be made with respect to existing housing as follows: 25 percent of the contract funds authorized by appropriation acts in the first year; 15 percent of the contract funds authorized in the second year; 10 percent of the contract funds authorized in the third year. In addition, payments could be made with respect to existing housing for displaced families, families with five or more minors, or families living in public housing, as well as for families who purchase dwelling units released from the project mortgage for a 236 project or a rent supplement project. The maximum mortgage under the program would be \$15,000 (\$17,500 in high-cost areas), but each limit would be increased by \$2,500 for families of five or more persons. The section 221(d)(2) mortgage ceilings would be raised to the same level. Counseling services are authorized.

This section also authorizes contract authority subject to appropriations acts to finance the program in the following manner: \$75 million annually prior to July 1, 1969, which amount may be increased by \$100 million on July 1, 1969, and by an additional \$125 million on July 1, 1970.

##### Credit assistance

Section 102.—Adds a new section 237 to title II of the National Housing Act to authorize mortgage insurance for families of low and moderate income who cannot qualify for mortgage insurance under existing FHA programs because of their credit histories or irregular income patterns, but who the Secretary finds are "reasonably satisfactory" credit risks and capable of homeownership

with the assistance of budget, debt management, and related counseling provided by the Secretary. Mortgage insurance under this program would have to meet the requirements (other than credit and income requirements) under certain existing FHA single-family sales program, except that the principal obligation of the mortgage could not exceed \$15,000 (\$17,500 in high-cost areas) and the mortgagor could not undertake a mortgage which, in combination with local real estate taxes, required monthly payments for principal and interest which exceeds 25 percent of the mortgagor's income. The amount of insurance under this section is limited to \$200 million outstanding at any one time.

Relaxation of mortgage insurance requirements in certain urban neighborhoods

Section 103.—Amends section 223 of the National Housing Act by adding a new subsection (e) to give FHA a more flexible authority in providing financing for the repair, rehabilitation, construction, or purchase of properties located in older, declining urban areas by authorizing FHA to accept for insurance mortgages on properties which may not, because of the areas in which they are located, be able to meet all the normal eligibility requirements for insurance. Permits such mortgages to be accepted for insurance where FHA is able to establish that the areas are reasonably viable, giving consideration to the need for providing adequate housing for families of low and moderate income in such areas and that the properties are an acceptable risk in view of such consideration.

##### Special risk insurance fund

Section 104.—Adds a new section 238 to title II of the National Housing Act to establish a "Special Risk Insurance Fund," which fund is not intended to be actuarially sound and out of which claims would be paid on mortgages insured under sections 101 (homeownership assistance), 102 (credit assistance), 103 (properties in older, declining urban areas) and 201 (rental and cooperative housing for lower income families) of the bill. Payments on claims would be made in cash or debentures. Income such as insurance premiums and service charges in connection with these programs would be deposited in the new fund. Authorizes \$5 million advance from general insurance fund to establish new fund, which is repayable and authorizes appropriations when necessary to supplement and maintain adequacy of the new fund.

Condominium and cooperative ownership for low and moderate income families

Section 105.—Amends section 221 of the National Housing Act by adding new subsections (i) and (j) to permit section 221 (d)(3) below-market interest rate rental projects: (1) To be converted to condominium ownership; or (2) to be converted to cooperative ownership. Families purchasing condominium or cooperative units would be generally required to meet income limits established for occupancy under the 221(d)(3) below-market interest rate program.

Assistance to nonprofit sponsors for low and moderate income housing

Section 106.—Establishes a new program within HUD under which the Secretary may provide technical assistance to nonprofit sponsors of low and moderate income housing. Also authorizes the Secretary to make non-interest-bearing loans to nonprofit organizations for financing up to 80 percent of preconstruction costs in connection with federally assisted low and moderate income housing projects. These loans could cover such preconstruction items as architectural fees, land options, and engineering surveys. A revolving fund would be established, with \$7.5 million authorized the first year and \$10 million the second year.

## Insurance protection for homeowners

**Section 107.**—Authorizes the Secretary of HUD, in cooperation with the private insurance industry, to develop a plan for establishing an insurance program to enable homeowners to meet their monthly mortgage payments in time of personal economic adversity. Also directs the Secretary to make a report on his actions along with his recommendation for establishing such a program within 6 months following enactment of this act.

## National advisory commission on low-income housing

**Section 108.**—Establishes a National Advisory Commission on Low-Income Housing to undertake a comprehensive study and investigation of the resources and capabilities in the public and private sectors of the economy which may be used to fulfill more completely the objectives of the national goal of "a decent home and suitable living environment for every American family," particularly as such goal relates to low-income families. The Commission is directed to submit to the President and the Congress an interim report with respect to its findings and recommendations not later than July 1, 1969, and a final report not later than July 1, 1970.

## National Homeownership Foundation

**Section 109.**—Creates a National Homeownership Foundation, the purpose of which would be to provide technical and limited financial assistance to public and private organizations which have as their purpose providing increased homeownership and housing opportunities for lower income families. The Foundation, which would be a Government-chartered nonprofit private corporation, would be administered by a Board consisting of 18 members, 15 of whom would be appointed by the President with the advice and consent of the Senate. The remaining three members would be the Secretary of Housing and Urban Development, Secretary of Agriculture, and the Director of the Office of Economic Opportunity. The Foundation would also be authorized an appropriation of \$10 million to be used in carrying out its prescribed functions.

## TITLE II—RENTAL HOUSING FOR LOWER INCOME FAMILIES

## Part A—Private Housing

## Rental and cooperative housing for lower income families

**Section 201.**—Adds a new section 236 to title II of the National Housing Act to provide rental and cooperative housing for lower income families. Mortgages insured under section 236 would carry a market interest rate, but the Secretary of HUD would pay to the mortgagee on behalf of the mortgagor an amount equal to the difference between the monthly payment for principal, interest, and mortgage insurance premium at the market rate and the monthly payment for principal and interest at 1 percent. Occupants, however, would pay 25 percent of their income as rent up to the full market rental. The sponsor would reimburse the Secretary for that part of rent receipts in excess of the amount which would be required under 1-percent financing, and this amount could be used to make other interest reduction payments. Occupancy of assisted projects would be available only to tenants whose incomes are not in excess of 70 percent of the limits prescribed for eligibility under the section 221(d)(3) below-market interest rate program, except that 20 percent of contract funds could be used with respect to families with incomes above these limits. For each minor child in the household, \$300 would be deducted from family income. Section 221(d)(3) BMIR mortgages (prior to final endorsement) and section 202 housing for the elderly mortgages (up to, or a reasonable time thereafter, project completion) could be refinanced under this program.

Contracts for interest reduction payments subject to approval in appropriations acts would be authorized in the following amounts: \$75 million annually prior to July 1, 1969, which amount may be increased by \$100 million on July 1, 1969, and by \$125 million on July 1, 1970.

## Rent supplement program

**Section 202.**—Amends section 101 of the Housing and Urban Development Act of 1965 to increase the appropriation authority for the rent supplement program by \$40 million for fiscal year 1970 and \$100 million for fiscal year 1971. Also authorizes State or locally assisted rent supplement benefits.

Part B—Low-Rent Public Housing  
Increased low-rent public housing authorization

**Section 203.**—Amends section 10(e) of the U.S. Housing Act of 1937 to increase the annual contribution contract authority by \$100 million on enactment and by \$150 million for each of fiscal years 1970 and 1971.

## Upgrading management and services in public housing projects

**Section 204.**—Amends section 15 of the U.S. Housing Act of 1937 to authorize the Secretary of HUD to enter into grant contracts with local housing authorities to assist them in upgrading their management activities and to provide tenant services to families occupying public housing. Authorizes appropriation of \$20 million in fiscal year 1969 and \$40 million in fiscal year 1970 for such contracts.

## Purchase of units by tenants

**Section 205.**—Amends section 15(9) of U.S. Housing Act of 1937 to broaden existing law to permit local housing authorities to sell any low-rent housing units to tenants if such units are suitable for individual ownership. (Existing law permits tenants to purchase only detached or semidetached units.)

## Public housing in Indian areas

**Section 206.**—Amends section 1 of U.S. Housing Act of 1937 to permit public housing assistance for Indian families living in rural farm areas. (Existing law limits public housing assistance to urban and rural nonfarm areas.)

TITLE III—FEDERAL HOUSING ADMINISTRATION  
INSURANCE OPERATIONS

## Mortgage insurance premiums for servicemen and their widows

**Section 301.**—Amends section 222 of the National Housing Act to permit payment of FHA insurance premium by the Secretaries of Defense and Transportation for servicemen who assume a mortgage previously insured under any other provision of the National Housing Act. Also requires Secretaries to continue premium payment after serviceman's death on behalf of his widow for a 2-year period or until she sells the house, whichever is sooner. Also directs Secretaries to notify promptly the widow of the increase in costs she must bear at end of 2-year period.

## Seasonal homes

**Section 302.**—Adds a new section 203(m) to the National Housing Act to authorize FHA to insure mortgages on seasonal homes not exceeding \$15,000 and 75 percent of the appraised value on an acceptable risk basis, taking into consideration the economic potential of the area and the effect the insurance of such mortgages would have on the availability of mortgage credit in the area. Also requires proper steps to preserve natural resources of the area.

## Modification in terms of insured mortgages covering multifamily projects

**Section 303.**—Adds a new section 239 to the National Housing Act to require the Secretary of HUD to approve a request for the extension of time for curing a default on any FHA multifamily mortgage or for a modification of the terms of such a mortgage only

pursuant to regulations prescribed by him. Under such regulations, the mortgagor would have to agree to place in trust any income or funds derived from the project in excess of what is required to meet actual and necessary operating expenses. The Secretary could provide for granting such consent in any case or class of cases without regard to the requirements of the regulations where he determined such action would not jeopardize the interests of the United States. Any knowing and willful misdistribution of the rents or other income received during the period of extension or modification would subject the party to criminal penalty (\$5,000 or 3-year imprisonment, or both).

## Condominiums

**Section 304.**—Amends section 234(c) and (f) of the National Housing Act to: (1) Provide the same downpayment and maximum mortgage limitations for FHA condominium programs as are provided for the regular single-family FHA section 203(b) program, (2) permit blanket mortgages to cover four or more units instead of the present limitation of five or more units, and (3) permit FHA insurance for individual units in a condominium project with two to 11 dwelling units without requiring that the project be first covered by an FHA-insured project mortgage.

## Insurance of loans for purchase of fee simple title from lessors

**Section 305(a).**—Adds a new section 240 to the National Housing Act to permit FHA to insure loans of homeowners financing the purchase of fee simple title to property on which their homes are located where the homeowners have only leasehold interests to the land.

**Section 305(b).**—Amends 5(c) of the Home Owners' Loan Act of 1933 to permit savings and loan associations to invest in the loans described above.

Extend section 221(d)(2) sales housing program for two-, three-, and four-family residences to all low and moderate income families

**Section 306.**—Amends section 221(d)(2) of the National Housing Act to authorize mortgage insurance for two-, three-, and four-family residences to all low and moderate income families. (Existing law limits mortgage insurance only to displaced low and moderate income families.)

Remove dividend restriction from nondwell-ing facilities in section 221 projects

**Section 307.**—Amends section 221(f) of the National Housing Act to remove the requirement that mortgagors of multifamily projects insured under section 221 and located in urban renewal areas waive the rights to remove dividends on the equity investment of the project devoted to community and shopping facilities where these facilities are designed to serve the needs of others than residents of the project. (The restriction would not be removed in the case of sec. 221(d)(3) BMIR projects.)

Supplemental loan program for projects financed with FHA insured mortgages

**Section 308.**—Adds a new section 223(f) to the National Housing Act to permit the Secretary of HUD to insure supplemental loans to finance improvements, repairs, and additions to multifamily rental projects (including nursing homes and housing for the elderly) and group practice facilities financed with an FHA-insured mortgage. Such financing would supplement existing insured mortgages and would be available without refinancing the existing mortgage.

Home improvement loans—Increase in maximum maturity, finance charge, and loan amount

**Section 309.**—Amends section 2(b) of the National Housing Act containing the title I home improvement program to: (1) Increase the maximum loan limitation from \$3,500 to

\$5,000; (2) increase the maximum maturity from 5 years and 32 days to 7 years and 32 days; and (3) increase the maximum financing charge from \$5 to \$5.50 per \$100 on the first \$2,500 of the loan and from \$4 to \$4.50 per \$100 on the amount in excess of \$2,500.

#### Experimental housing program

**Section 310.**—Amends section 223 of the National Housing Act, the FHA experimental housing program, to make the program available for use in connection with all FHA programs.

#### Term of FHA mortgages for land development

**Section 311.**—Amends section 1002(d) (1) of the National Housing Act to increase the maturity for FHA mortgages securing subdivision development from 7 to 10 years with further authority placed in the Secretary of HUD to go beyond a 10-year maturity if he deems such longer term is necessary.

#### Rehabilitated multifamily projects in urban renewal areas

**Section 312.**—Amends section 220(d) (3) (B) (ii) and 221(d) (3) (iii) of the National Housing Act to permit FHA insurance under sections 220 (urban renewal housing) and 221(d) (3) (low and moderate income families) for multifamily properties in urban renewal areas which have been rehabilitated by local agencies.

#### Miscellaneous housing insurance

**Section 313.**—Amends section 223 of the National Housing Act to permit refinancing of FHA mortgages insured under any of the sections or the titles of the National Housing Act. In addition, this section would permit FHA mortgages assigned to the Secretary or executed in the sale of an acquired property to be insured under any section or title of that act. It also authorizes insurance of supplementary loans to cover excess of expenses over income for first 2 years of multifamily projects at the interest rate in effect at the time the supplementary loan is insured.

#### Supplementary loans for cooperative housing purchased from the Federal Government

**Section 314.**—Amends section 213(j) of the National Housing Act to authorize mortgage insurance for supplementary loans to housing cooperatives which purchased wartime housing from the Federal Government.

#### Equipment in nursing homes

**Section 315.**—Amends section 232 of the National Housing Act to permit the cost of major items of equipment necessary for the operation of a nursing home to be included in the FHA insured mortgage.

#### Flexible interest rates for certain FHA insurance programs

**Section 316.**—Amends section 3(a) of Public Law 90-301 to permit the Secretary of HUD, until October 1, 1969, to establish the interest rate for new mortgage insurance programs authorized by new sections 223(f) 235(j), and 240 of the National Housing Act (added by secs. 101, 314, and 305, respectively, of the bill) at such rate he believes necessary to meet the market.

#### Sale of rehabilitated units in multifamily structures

**Section 317.**—Amends section 221(h) of the National Housing Act to: (1) Permit the rehabilitation and sale of individual units (with a 3-percent mortgage) in a multifamily structure; and (2) permit the blanket mortgage to cover four or more units instead of the present limitation of five or more units.

#### TITLE IV—GUARANTEES FOR FINANCING NEW COMMUNITY LAND DEVELOPMENT

**Sections 401-416.**—Add a new title to be referred to as the "New Communities Act of 1968" to the housing laws to permit the Secretary of HUD to guarantee the bonds, debentures, notes, and other obligations is-

sued by private new community developers to help finance the development of new community projects. This title would provide:

**Maximum guarantee:** Cannot exceed: (a) The lesser of 80 percent of the Secretary's estimate of the value of the property upon completion of the land development, or (b) the sum of 75 percent of the Secretary's estimate of the value of the land before development and 90 percent of his estimate of the actual cost of the land development.

**Guaranteed ceilings:** \$50 million for any single new development; \$500 million aggregate outstanding principal obligation at any one time.

**Revolving fund for guarantee:** Fees and charges collected by the Secretary will be deposited in a revolving fund to cover any liabilities under the guarantees. In addition, the full faith and credit of the United States is pledged to payment of the guarantees and appropriations to cover program operations and nonadministrative expenses and, if necessary, any guarantee payments are authorized.

**Small builders:** Requires HUD to adopt requirements encouraging small builders to participate in new community projects.

**Supplementary grants:** Authorizes supplemental grants to States and localities assisting new community development with basic water and sewer and open space projects. The additional grant is limited to 20 percent of cost of the facility and a substantial number of housing units for low and moderate income person must be made available through such development project. (Total Federal grant cannot exceed 80 percent of facility cost.) Authorizes an appropriation of not to exceed \$5 million for supplemental grants for fiscal year 1969 and not to exceed \$25 million for fiscal year 1970.

Sections of this title also require cost certifications in connection with a land development project and authorize the General Accounting Office to audit the transactions of developers whose obligations are guaranteed pursuant to this title.

#### TITLE V—URBAN RENEWAL

**Section 501.**—Amend title I of the Housing Act of 1949 by adding a new subtitle heading to read, "Part A—Urban Renewal Projects, Demolition Programs and Code Enforcement Programs" and further amends that title by adding a new "Part B—Neighborhood Development Programs." This new part B added to title I authorizes the Secretary of HUD to provide financial assistance to local public agencies on an annual basis to assist them in carrying out "neighborhood development programs." A neighborhood development program would consist of urban renewal project undertakings and activities in one or more urban renewal areas that are planned and carried out on the basis of annual increments. The requirements governing such undertakings and activities would be similar to those governing the provision of Federal financial assistance for regular urban renewal projects.

#### Increased authorization

**Section 502.**—Amends section 103(b) of the Housing Act of 1949 to increase the contract authority for urban renewal and other title I activities by \$1.4 billion on July 1, 1969. This section also authorizes an increase of \$350 million for urban renewal projects in model city areas.

#### Rehabilitation grants

**Section 503.**—Amends section 115(a) of the Housing Act of 1949 to increase the rehabilitation grant that can be made to low-income homeowners from \$1,500 to \$2,500. This section also makes a technical amendment to change the term "structure" to "real property" in order to permit the use of grant funds for rehabilitation relating to aspects of the property other than the dwelling structure itself. Finally, this section authorizes rehabilitation grants in areas (other than urban renewal and code enforcement areas)

which are scheduled for rehabilitation or concentrated code enforcement within a reasonable period of time.

#### Rehabilitation in urban renewal areas

**Section 504.**—Amends section 110(c) (8) of the Housing Act of 1949 to remove the present limitation on the acquisition and rehabilitation of residential properties by a local urban renewal agency. (Existing law permits the local agency to acquire and rehabilitate for demonstration purposes no more than 100 units or 5 percent of the total residential units in the urban renewal area, whichever is lesser.)

#### Disposition of property for low and moderate income housing

**Section 505.**—Amends section 107 of the Housing Act of 1949 to make it clear that land may be disposed of for low as well as moderate income housing purposes and to permit this disposition to be accomplished by lease as well as by sale. Would also permit land to be sold to a mortgagor qualified under section 236 of the National Housing Act (added by sec. 201 of this bill) and to non-profit organizations eligible under section 221(h) or under 235(j) (1) of the National Housing Act (added by sec. 101 of this bill) which rehabilitate property and sell it to low or moderate income families.

#### Grants for low and moderate income housing in open land projects

**Section 506.**—Amends section 103(a) (1) of the Housing Act of 1949 to permit grants to be made with respect to urban renewal open land projects (which now only qualify for loans) in an amount not to exceed two-thirds of the difference between the proceeds from any land disposed of at its value for low or moderate income housing (under sec. 107 of such act) and the proceeds which would have been realized if the land had been disposed of at its fair value without regard to the special provisions of section 107.

#### Urban renewal loan contracts

**Section 507.**—Amends section 102(c) of the Housing Act of 1949 to permit a local public agency to borrow funds to finance project undertakings on the private market at an interest rate in excess of the Federal lending rate set out in its loan contract with the Government. The difference between the interest cost on the private market and the interest cost at which the LPA could have borrowed from the Federal Government under its loan contract would be made up by a supplemental grant from the Government.

#### Project completion prior to disposition of certain property

**Section 508.**—Amends section 106 of the Housing Act of 1949 to permit the Secretary of HUD to allow an urban renewal project to be closed out where: (1) Not more than 5 percent of the total acquired land remains to be disposed; (2) the local public agency does not expect to be able, due to circumstance beyond its control, to dispose of that land in the near future; (3) all other project activities are completed; and (4) the local public agency has agreed to dispose of or retain such land in the future for uses in accordance with the urban renewal plan. This section would also amend section 110(f) of such act to include in the amount of land proceeds, for the purpose of computing net project cost, an amount equal to the value of the land not yet disposed of.

#### Demolition grants

**Section 509.**—Amends section 116(a) of the Housing Act of 1949 to authorize the Secretary of HUD to make grants for the demolition of nonresidential structures that are harborage or potential harborage of rats.

#### Air rights in urban renewal areas

**Section 510.**—Amends section 110(c) of the Housing Act of 1949 to permit the carrying out of air rights urban renewal projects and the construction of necessary foundations and platforms to provide educational facil-

ities. Under present law, these activities may be assisted only when they are for low and moderate income housing or for industrial development where the area is not suitable for low and moderate income housing.

#### Interim assistance for blighted areas

**Section 511.**—Adds a new section 118 to title I of the Housing Act of 1949 to authorize the Secretary of HUD to contract to make grants, in an aggregate amount not to exceed \$20 million in any fiscal year, to cities and other municipalities or counties to assist in taking interim steps to alleviate harmful conditions in any slum and blighted area of the community which is planned for substantial clearance, rehabilitation or federally assisted code enforcement in the near future but which needs some immediate short-term public action until permanent action can take place. Such interim assistance grants could not exceed two-thirds of the cost of planning and carrying out the interim program except that a three-fourths grant could be made to any community with a population of 50,000 or less. A workable program is a prerequisite of an interim assistance program. Also, relocation assistance and payments would be available to those displaced as a result of the interim program. This section also requires the Secretary of HUD, wherever feasible, to encourage the employment of unemployed or underemployed residents of the area in carrying out activities under this section.

#### Rehabilitation loans

**Section 512.**—Amends section 312 of the Housing Act of 1964 to: (1) Extend the rehabilitation loan program from October 1, 1969, to October 1, 1970, and (2) authorize such loans in areas, other than urban renewal and concentrated code enforcement areas, which are scheduled for rehabilitation or concentrated code enforcement within a reasonable period of time where the property is a owner-occupied residential structure and it is in violation of local housing or similar codes.

#### Low and moderate income housing in residential urban renewal areas

**Section 513.**—Rewrites section 105(f) of the Housing Act of 1949 to require that a majority of the housing units provided in urban renewal projects which are to be redeveloped for predominantly residential uses and which receive Federal recognition after the effective date of this bill be standard housing units for low or moderate income families or individuals.

#### TITLE VI—URBAN PLANNING AND FACILITIES Comprehensive planning

**Section 601.**—Rewrites section 701 of the Housing Act of 1954 (urban planning assistance). The principal change authorizes the Secretary of HUD to make planning grants to State planning agencies for assistance to district planning agencies for rural and other non-metropolitan areas. A grant authorization of \$20 million would be provided for such planning grants, to be increased by an additional \$10 million on July 1, 1969, both to come out of the regular increase. The Secretary of Agriculture would be given certain functions with respect to these district planning grants. The section also authorizes an additional \$10 million of the section 701 appropriations to be available for study, research, and demonstration projects covering such matters as the planning for entire systems of public facilities and services within metropolitan areas and other multijurisdictional regions. Other changes would authorize the Secretary to make planning grants directly to tribal planning councils or other bodies for planning on Indian reservations and would require that metropolitan, regional, and district planning agencies, to the greatest extent practical, be composed of or responsible to elected officials of local governments. This section also au-

thorizes grants under section 701(g) for regional and district councils of government as well as those organized on a metropolitan basis and a broadening of the definition of comprehensive planning for the provision of governmental services and for the development and utilization of human and natural resources. This section has added to the preamble of section 701 a statement to make it clear that the committee expects HUD to permit the judicious use of private planning consultants by State and local governments where these governments deem it appropriate in carrying out planning activities assisted under section 701. The section further authorizes grants to official governmental planning agencies for areas where rapid urbanization is expected to result on land developed or to be developed as a new community under title IV of the bill and to regional commissions established pursuant to the Public Works and Economic Development Act of 1965.

The bill also authorizes additional 701 planning funds amounting to \$35 million for fiscal year 1969 and \$125 million for fiscal year 1970.

#### Planned areawide development

**Section 602.**—Amends title II of the Demonstration Cities and Metropolitan Development Act of 1966 by changing the heading of such title to "Planned Areawide Development" and in keeping with this change in title amends the sections and subsections thereto to permit supplementary incentive grants authorized for certain federally assisted projects in metropolitan areas to be made for such projects being carried out in any multijurisdictional area such as the rural planning districts which are authorized by the amendments in section 601 of this bill. Also makes available for grant purposes through fiscal year 1970 any of the funds authorized for fiscal years 1967 and 1968, but which have not been appropriated.

#### Advance acquisition of land

**Section 603.**—Amends section 701 and rewrites section 704 of the Housing and Urban Development Act of 1965 to provide basic authority for a more efficient and effective program of Federal assistance to localities for the advance acquisition of land expected to be needed for public purposes. The amendments and rewriting would:

- (1) Change the definition of eligible land;
- (2) Require that the proposed use of the land be undertaken within 5 years except the Secretary could go beyond the 5-year period if, due to unusual circumstances, he deems a longer period necessary and if he advised the Banking and Currency Committees of the Congress of this action;
- (3) Clarify the status of the land in the interim between acquisition and utilization for the approved purpose;

- (4) Permit the Secretary to approve the diversion of the land to another public purpose when in accord with comprehensive planning and give him discretion to require repayment of the grant or the substitution of land of equivalent value when the land is diverted to a nonpublic purpose;

- (5) Provide that assistance under this section will not render a project ineligible for other Federal assistance programs and that the cost of land acquired with this assistance will not be an ineligible project cost in such other programs;

- (6) Provide for grant assistance for imputed interest charges when an applicant uses other than borrowed funds to finance the acquisition of the land; and

- (7) Clarify the authority of States to participate in the program.

#### Extension of interim planning requirements in water and sewer facilities program

**Section 604.**—Amends section 702(c) of the Housing and Urban Development Act of 1965 to extend interim planning requirements in

the water and sewer facilities program from July 1, 1968, to October 1, 1969.

Authorizations for water and sewer facilities, neighborhood facilities, and advance acquisition of land programs

**Section 605.**—Amends section 708(a) of the Housing and Urban Development Act of 1965 to provide that any funds authorized but not appropriated for the basic water and sewer facilities, neighborhood facilities, and the advance acquisition of land programs will remain available for appropriation through fiscal year 1970. (Present authorization for these programs expires with fiscal year 1969.) In addition, this section authorizes an appropriation of \$115 million for fiscal year 1970 for grants for water and sewer projects.

#### Open space land program

**Section 606.**—Amends section 702(b) of the Housing Act of 1961 to convert the funding provision for contracts under the open space land program from contract authority to regular authorization for appropriation and authorizes the appropriation of the unused portion of contract authority. This section would also increase the appropriation authority by \$150 million in fiscal year 1970. This section would further increase the amount of grant funds which can be used annually for studies and publications from \$50,000 to \$125,000.

Authorize the making of feasibility studies in the public works planning advances program

**Section 607.**—Amends section 702(a) of the Housing Act of 1954 to clarify the authority of the Secretary of HUD to make advances for the conduct of feasibility studies regarding specific public works, the planning of which may be assisted under section 702.

#### TITLE VII—URBAN MASS TRANSPORTATION

##### Grant authorizations

**Section 701.**—Amends section 4(b) of the Urban Mass Transportation Act of 1964 to authorize an appropriation of \$190 million for fiscal year 1970. In addition, it would increase the amount of funds which may be used from the current authorization for research development and demonstration programs by \$6 million for fiscal year 1969 and would authorize the Secretary after fiscal year 1969 to use for research and demonstration activities such funds as he deems appropriate from those authorized in section 4(b) of the 1964 act.

##### Definition of mass transportation

**Section 702.**—Amends section 12(c)(5) of the Urban Mass Transportation Act of 1964 to broaden the statutory definition of "mass transportation." The broadened definition would permit greater flexibility in developing and applying new concepts and systems in urban mass transportation programs.

##### Extension of emergency program under the Urban Mass Transportation Act

**Section 703.**—Amends section 5 of the Urban Mass Transportation Act of 1964 to extend the emergency provisions of the mass transportation program from November 1, 1968, to July 1, 1970.

##### Non-Federal share of net project cost

**Section 704.**—Amends sections 4(a) and 5 of the Urban Mass Transportation Act of 1964 to permit private transit companies to furnish up to 50 percent of the local share of the net project cost of a mass transit project, or in cases of an applicant's (State or local public body) financial inability to put up any portion of the local share, private companies would be permitted to put up 100 percent of such share.

#### TITLE VIII—SECONDARY MORTGAGE MARKET Purposes

**Section 801.**—States that the purpose of this title is to partition the Federal National Mortgage Association into two corporations:

(1) Government National Mortgage Association (GNMA); and (2) Federal National Mortgage Association (FNMA).

Amendments to the Federal National Mortgage Association Charter Act

**Section 802.**—Amends the Federal National Mortgage Association Charter Act (title III) of the National Housing Act to establish—

(a) *Government National Mortgage Association:*

Would operate existing special assistance and management and liquidating functions, and

Would be administered by Secretary of Housing and Urban Development (now under FNMA Board of Directors and a President).

(b) *Federal National Mortgage Association:*

**Purpose.**—Would operate a privately financed secondary mortgage market for government supported mortgages.

**Board of Directors.**—Would consist of 15 members of which five would be appointed annually by the Secretary of Housing and Urban Development. The remaining members would be elected by the stockholders. Of those members appointed by the Secretary, one shall be from the homebuilding industry, one from the real estate industry, and one from the mortgage lending industry.

**Powers of Secretary of Housing and Urban Development.**—Would have regulatory powers, including a requirement that a reasonable portion of mortgage purchases relate to low and moderate income housing; also issuance of securities would be subject to his approval.

**Treasury-held preferred stock.**—Would be retired as rapidly as possible after effective date.

**Common stock.**—Would continue to require mortgage sellers to purchase common stock; also each mortgage servicer would be required to hold up 2 percent of mortgages serviced in common stock.

#### Participations

**Section 803.**—Amends section 302(c) of the Federal National Mortgage Association Charter Act to permit GNMA, as trustee under trusts created for sales of participation certificates, to issue such certificates for refinancing purposes without regard to the requirement of appropriation act authority. Any appropriation for insufficiencies accompanying the original authorization would apply as well to any "rollover" sale.

#### Mortgage-backed securities

**Section 804.**—Amends section 304 of such act to authorize the new Federal National Mortgage Association to issue securities backed by an earmarked pool of portfolio mortgages. This section would also authorize the Government National Mortgage Association to guarantee such securities as well as those issued by approved private issuers.

#### Subordinated and convertible obligations

**Section 805.**—Amends section 304 of such act to authorize the Federal National Mortgage Association to issue subordinated obligations up to twice its capital and surplus.

#### Special assistance authorization

**Section 806.**—Amends section 305(c) of such act to authorize an additional \$500 million for the purchase of mortgages by the Government National Mortgage Association in its special assistance function.

#### Amendments to other laws

**Section 807.**—Makes numerous changes in other laws necessitated by the establishment of the new Federal National Mortgage Association and the new Government National Mortgage Association.

#### Effective date

**Section 808.**—Provides that the partition of the existing Federal National Mortgage Association would become effective no more than 120 days following the enactment of this act.

#### Savings provisions

**Section 809.**—Preserves causes of action and legal proceedings existing or instituted by or against the Federal National Mortgage Association prior to the effective date so that such actions and proceedings will not abate.

#### Transitional provisions

**Section 810.**—Provides that the transitional period would begin on the "effective date" and terminate when at least one-third of the stock is owned by private investors in the homebuilding, mortgage lending, real estate, and related industries but no sooner than May 1, 1970, or later than May 1, 1973. During this period the President of the Federal National Mortgage Association will be appointed by the President of the United States with the advice and consent of the Senate and the Board of Directors would be limited to nine members. In the first year all nine members would be appointed by the Secretary of Housing and Urban Development, in the second year seven would be appointed by the Secretary and two would be elected by the stockholders, and in the third year and subsequent period, five members would be appointed by the Secretary and the remainder elected by the stockholders. One of the Secretary's appointees would have to be the President of FNMA.

#### TITLE IX—NATIONAL HOUSING PARTNERSHIPS

**Sections 901–911.**—Authorizes the creation of National Housing Partnerships in order to encourage private investors to provide low and moderate income housing in substantial volume on a nationwide scale. Such a National Partnership would form partnership ventures with local investors for the construction of housing for low and moderate income families.

The title would authorize the creation of federally chartered privately funded corporations to be organized under the District of Columbia Business Corporation Act. Such a corporation in turn would form a partnership organized under this title and under the District of Columbia Uniform Limited Partnership Act. The federally chartered Corporation would serve as the general partner and managing agent of the National Partnership and each of the stockholders and others could be limited partners. The Corporation would provide the staff and expertise for the Partnership in connection with the organization and planning of specific local project undertakings in which the National Partnership would have an interest.

#### TITLE X—RURAL HOUSING

##### Housing for low and moderate income persons and families

**Section 1001.**—Adds a new section 521 to title V of the Housing Act of 1949 to authorize the Secretary of Agriculture to make direct and insured loans with interest-rate subsidies in rural areas to low and moderate income persons and families and to provide rental or cooperative housing for such persons and families where such persons and families are unable to obtain housing under sections 235 and 236 of the National Housing Act, proposed by sections 101 and 201 of this bill.

##### Housing for rural trainees

**Section 1002.**—Adds a new section 522 to title V of the Housing Act of 1949 to authorize financial and technical assistance to States or political subdivisions thereof, or any public or private nonprofit organization to provide, in rural areas, housing and related facilities for rural trainees (and their families) enrolled in federally assisted training courses to improve their employment capabilities when the Secretary determines that such housing and facilities could not be reasonably provided in any other way.

#### Appropriations

**Section 1003.**—Amends section 513 of the Housing Act of 1949 to authorize appropri-

tions to the Secretary of Agriculture for the cost of carrying out his administrative functions under sections 235 and 236 of the National Housing Act.

#### Purchase of land for building sites

**Section 1004.**—Amends section 514(f) (2) of the Housing Act of 1949 to broaden the eligibility purposes of domestic farm labor housing loans to include the purchase of necessary land for building sites.

#### TITLE XI—NATIONAL INSURANCE DEVELOPMENT CORPORATION

##### Short title

**Section 1101.**—Adds new title to be referred to as "The National Insurance Development Corporation Act of 1968."

##### Findings and declaration of purpose

**Section 1102.**—Includes a finding that the unavailability of property insurance in inner-city areas is accelerating the deterioration and threatening the economic well-being of cities. States that the purpose of the bill is to encourage the development of statewide programs to increase the availability of property insurance and to provide Federal reinsurance with appropriate State sharing in reinsured losses due to civil disorders.

#### Amendment of the National Housing Act

**Section 1103.**—Adds a new title XII to the National Housing Act to establish the National Insurance Development Corporation. The provisions of the proposed new title are summarized briefly below.

#### Creation and dissolution of National Insurance Development

**Section 1201.**—Creates the National Insurance Development Corporation within the Department of Housing and Urban Development, under the authority of the Secretary.

##### Executive director

**Section 1202.**—Provides that, subject to section 1201 the management of the Corporation shall be vested in an Executive Director appointed by the President, by and with the advice and consent of the Senate.

Advisory Board, meetings, duties, compensation, and expenses

**Section 1203.**—Establishes a 19-member Advisory Board appointed by the Secretary.

##### Definitions

**Section 1204.**—Contains definitions in this title.

#### Part A—Statewide Plans To Assure Fair Access to Insurance Requirements

##### Fair plans

**Section 1211.**—Requires every insurer reinsured by the Corporation to cooperate with the State insurance authority, in each State in which it acquires reinsurance, in establishing and carrying out statewide plans to assure fair access to insurance requirements ("FAIR" Plans). These plans, which must be approved by the State insurance authority or authorized by State law, are to be administered under the supervision of the State insurance authority and designed to make essential property insurance more readily available in, but not limited to, urban areas.

##### All industry placement facility

**Section 1212.**—Requires all plans to include an all-industry placement facility, doing business with all participating insurers, to help agents and brokers to place insurance up to the full insurable value of a property.

##### Industry cooperation

**Section 1213.**—Requires every participating insurer to pledge with the State insurance authority its full participation and cooperation of the plan and the need to form a pool or to adopt other programs to make essential property insurance more readily available.

##### Plan evaluation

**Section 1214.**—Provides for transmission of copies of plans and amendments by State

insurance authorities to the Corporation and for these authorities to advise the Corporation with regard to the operation of the plan and the need to form a pool or to adopt other programs to make essential property insurance more readily available. The Corporation may modify plan criteria as may be necessary or desirable and upon certification by the State insurance authority waive compliance with one or more of the plan criteria.

#### Part B—Reinsurance Coverage

##### Reinsurance of losses from riots or civil disorders

**Section 1221.**—Authorizes the Corporation to offer riot or civil disorder property loss reinsurance to any insurer or pool of insurers in any one or more States. Reinsurance may be provided immediately upon enactment of the title for a 90-day period, but thereafter only if the insurer is participating in the State's plan under part A.

##### Reinsurance agreements and premiums

**Section 1222.**—Authorizes the Corporation to provide reinsurance, to reimburse the insurer for losses in excess of the insurer's retention, at premium rates adequate to provide premiums which will exceed in aggregate amount the insured riot losses in 1967, and provides that thereafter the Corporation may adjust reinsurance premium rates as may be necessary or appropriate after consultation with the Board and the National Association of Insurance Commissioners.

##### Conditions of reinsurance

**Section 1223.**—Provides the conditions under which the Corporation will terminate existing reinsurance coverage and will not offer new coverage for insurance written after the termination date, including such conditions as State assumption of a share of reinsured losses, the adoption of additional programs such as pools, and insurer participation in State plans and programs.

##### Recovery of premiums: statute of limitations

**Section 1224.**—Authorizes the Corporation to recover any unpaid premiums for reinsurance; imposes a 5-year statute of limitations on the recovery by an insurer of excess premiums paid to the Corporation or the recovery by the Corporation of reinsurance premiums due to it.

#### Part C—Provisions of General Applicability

##### Claims and judicial review

**Section 1231.**—Authorizes the Corporation to adjust and pay claims for proved and approved losses, and allows a claimant to institute any action in the U.S. district court within 1 year after receipt of notice of disallowance of a claim.

##### Fiscal intermediaries and servicing agents

**Section 1232.**—Authorizes the Corporation to contract with any insurer, pool, or other person or organization for estimating or determining reinsurance claim payment amounts, receiving, disbursing, and accounting for reinsurance claim payments, auditing insurers' records to assure proper payments, establishing the basis of reinsurance liability, and otherwise assisting in carrying out the purposes of the title.

##### National insurance development fund

**Section 1233.**—Provides for the establishment of a national insurance development fund to be available to the Corporation without fiscal year limitation to pay reinsurance claims, to pay administrative expenses, and to repay with interest amounts borrowed under section 520(b) of the National Housing Act.

##### Records, annual statements, and audits

**Section 1234.**—Requires reinsured insurers to furnish the Corporation with annual statements and such data as may be necessary in carrying out this program and to keep records to facilitate an effective audit; author-

izes the Corporation and the Comptroller General to conduct audits; and provides that the Corporation is to make use of State insurance authority examination reports and facilities to the maximum extent feasible in connection with these activities.

##### Study of reinsurance and other programs

**Section 1235.**—Provides for the Corporation to study reinsurance and other means of assuring an adequate supply of burglary and theft and other property insurance in urban areas and the adequate availability of surety bonds for construction contractors in urban areas and to report to the President and the Congress within 1 year the results of its study and its recommendations.

##### Other studies

**Section 1236.**—Provides for the Corporation, in cooperation with State insurance authorities and the private insurance industry, to study the operation of the FAIR plans, the extent of the unavailability of essential property insurance in urban areas, the market for private reinsurance, loss-prevention methods and procedures, insurance marketing methods, and underwriting techniques.

##### General powers of corporation

**Section 1237.**—Authorizes the Corporation to have a corporate seal, to sue and be sued (with all civil actions in which the Corporation is a party deemed to arise under the laws of the United States), to enter into and perform contracts, leases, and other agreements without competitive bidding; to employ a staff; to make necessary or appropriate rules and regulations; and to exercise all powers specifically granted by the title and such incidental powers as are necessary to carry out its purposes.

Service and facilities of other agencies—utilization of personnel, services, facilities, and information

**Section 1238.**—Authorizes the Corporation, with the consent of the agency concerned, to utilize the personnel and information of any agency of the Federal Government on a reimbursable basis and to obtain data relevant to matters within its jurisdiction from any Federal agency on a nonreimbursable basis to the extent permitted by law.

Advance payments and finality of certain financial transactions

**Section 1239.**—Provides that the Corporation's financial transactions relating to reinsurance shall be final and conclusive on all officers of the United States and that the Corporation may make reinsurance payments in advance or by way of reimbursement and in such installments and on such conditions as it may determine.

##### Taxation

**Section 1240.**—Exempts the Corporation from local, State or Federal taxation and provides that any State undertaking measures in meeting its obligations for reinsured losses shall not be subject to retaliatory or fiscal imposition by any other State.

##### Annual report

**Section 1241.**—Requires the Secretary to include a report on the operations of the Corporation in his annual report.

##### Appropriations

**Section 1242.**—Authorizes to be appropriated such sums as may be necessary to carry out this title.

##### Financing

**Section 1104.**—Amends section 520(b) of the National Housing Act to authorize the Secretary to borrow funds necessary to pay for reinsured losses under title XII of the act.

##### Government Corporation Control Act

**Section 1105.**—Defines the National Insurance Development Corporation as a wholly owned Government corporation under the Government Corporation Control Act.

##### Compensation of executive director

**Section 1106.**—Provides for compensation of the Executive Director at the rate prescribed for level IV of the Federal Executive Salary Schedule.

Clarifying amendments to acts referring to disasters

**Section 1107.**—Would amend other acts to include "riot or civil disaster" in the definitions of "disaster" or "catastrophe."

#### TITLE XII—NATIONAL FLOOD INSURANCE ACT OF 1968

##### Short title

**Section 1201.**—Adds new title to be referred to as "National Flood Insurance Act of 1968."

##### Findings and declaration of purpose

**Section 1202.**—States that a flood insurance program is feasible and can be initiated, and should complement and encourage measures to prevent flood damage; that if the program is commenced on a gradual basis, time and experience will enable it to be reappraised and expanded; that the program can be carried out most effectively through a cooperative effort on the part of the Federal Government and the private insurance industry; and that a critical ingredient of such a program will be the encouragement of State and local governments to adopt land use regulations to govern the development of land exposed to flood damage. Calls for the President to submit to the Congress, within 2 years, a unified national program for flood plain management, including any further proposals for the allocation of costs among beneficiaries of flood protection.

##### Amendments to the Federal Flood Insurance Act of 1956

**Section 1203(a).**—Amends section 15(e) of the Federal Flood Insurance Act of 1956. That section vested the Administrator of the Housing and Home Finance Agency with authority to borrow \$500 million in the aggregate (or greater sums if authorized by the President) from the Secretary of the Treasury. The amendment in section 1203(a) relates to the interest formula which is to apply to borrowed funds. Under section 1210 of the bill, the borrowing authority would be made specifically available to the Secretary of Housing and Urban Development to carry out responsibilities which would be vested in him under the bill.

**Section 1203(b).**—Strikes out obsolete language from section 15(e) of the Federal Flood Insurance Act of 1956.

**Section 1203(c).**—Repeals all sections of the Federal Flood Insurance Act of 1956, except section 15(e), relating to Treasury borrowing authority.

##### Definitions

**Section 1204.**—Defines: (1) "flood" as having such meaning as prescribed in regulations of the Secretary, and including inundation from the overflow of streams, rivers, or other bodies of waters, and from tidal surges, abnormally high tidal water, tidal waves, hurricanes, and other severe storms or deluge; (2) "United States" and "State" as including the several States, the District of Columbia, the territories and possessions, and the Commonwealth of Puerto Rico; (3) "insurance company," "other insurers," "insurance agents and brokers," to include any organizations or individuals authorized to engage in the insurance business under the laws of any State; (4) "insurance adjustment organizations" to include any organizations or persons engaged in the business of adjusting loss claims arising under insurance policies issued by licensed insurance companies or other insurers; (5) "person" as any individual, group of individuals, corporation, partnership, association, or other organized group, including State and local governments and agencies; and (6) "Secretary" as the Secretary of Housing and Urban Development.

## Chapter I—The National Flood Insurance Program

## Basic authority

**Section 1205(a).**—Authorizes the Secretary of Housing and Urban Development to establish and carry out a program to facilitate the purchase of flood insurance to provide against physical damage to real or personal property resulting from flood.

**Section 1205(b).**—Provides that this program shall be implemented to the maximum extent practicable, through arrangements for financial participation and risk sharing by companies in the private insurance industry, and by other appropriate participation on a non-risk-sharing basis by insurance companies, agents, brokers, or adjustment organizations.

## Scope of program and priorities

**Section 1206(a).**—Authorizes the Secretary to make the flood insurance program available initially for one- to four-family residential properties.

**Section 1206(b).**—Authorizes the Secretary to extend coverage of the flood insurance program when, on the basis of studies and other information, he determines that extension would be feasible. Future coverage of the program could be extended to: (1) Other residential properties, (2) business properties, (3) agricultural properties, (4) properties occupied by private nonprofit organizations, and (5) properties owned by State and local governments and agencies thereof.

**Section 1206(c).**—Provides that flood insurance will be made available in only those States or areas (or subdivisions of areas) which the Secretary determines had evidenced a positive interest in the flood insurance program, and had given satisfactory assurances that by June 30, 1970, permanent land use and control measures, consistent with criteria prescribed in section 1261, or for land management and use, have been adopted, and that application and enforcement of these measures would commence as soon as technical information on floodways and on controlling flood elevations was available.

This would not require the same land management and use measures for all areas, since these measures must meet the particular flood problems of each area.

## Nature and limitation of insurance coverage

**Section 1207(a).**—Authorizes the Secretary, after consultation with the flood insurance advisory committee, and representatives of the State insurance commissioners, to provide by regulation for the general terms and conditions of insurability applicable to properties eligible for flood insurance. A representative organization of all State insurance authorities, such as the National Association of Insurance Commissioners, will be called upon for purposes of consulting State insurance authorities. These terms and conditions will include the types and locations of eligible properties; the nature and limits of insurable losses; the classification, limitation, and rejection of risks; and appropriate minimum premiums and loss-deductibles.

**Section 1207(b).**—Provides that insurance coverage for one- to four-family residential properties will be limited to \$15,000 aggregate liability for any dwelling unit and \$30,000 for any dwelling structure of from two to four units. Liability for personal property will be limited to \$5,000 for the contents of each dwelling unit. Both real property and contents will be subject to an appropriate loss-deductible clause. For any other properties which will become eligible for flood insurance coverage in the future (such as small business properties), the aggregate liability for any single structure will be \$30,000. These limits will apply to any insurance sold at premiums below full actuarial cost. Insurance coverage could be doubled under this section, but any excess over the limits specified will require the payment of premium rates at full cost.

## Estimates of premium rates

**Section 1208(a).**—Authorizes the Secretary, on the basis of studies and investigations, to estimate on an area, subdivision, or other appropriate basis: (1) Risk premium (full cost) rates for flood insurance, (2) the rate (at below full cost, if necessary) which would be reasonable, would encourage the purchase of flood insurance, and would be consistent with the purposes of the act, and (3) the extent to which federally assisted or other flood protection measures initiated after the effective date of the act affect the estimates of rates mentioned in (1) and (2). The Secretary will base estimates of risk premium rates on a consideration of the risks involved and accepted actuarial principles. The rates will reflect applicable operating costs and allowances of participating private insurers, and, on a discretionary basis, non-developmental Federal administrative expenses which may be incurred in carrying out the flood insurance program.

**Section 1208(b).**—Provides that, in conducting the necessary rate studies and investigations, the Secretary shall, to the extent feasible, utilize the services, or a reimbursement basis, of the Army Corps of Engineers, the Geological Survey, the Soil Conservation Service, the Environmental Science Services Administration, the Tennessee Valley Authority, and other appropriate Federal departments and agencies.

**Section 1208(c).**—Requires the Secretary to give priority to those States or areas that have evidenced a positive interest in flood insurance, in making rate studies and investigations.

## Establishment of chargeable premium rates

**Section 1209(a).**—Authorizes the Secretary, after consultation with the flood insurance advisory committee and representatives of the State insurance authorities, to establish chargeable premium rates and the areas, terms and conditions for the application of such rates. Rates will be determined on the basis of estimates made under section 1208 and other necessary information.

**Section 1209(b).**—Provides that, in prescribing chargeable rates, the Secretary shall be guided by a number of factors, including the consideration of the respective risks involved, the differences in risk due to land use measures, floodproofing, flood forecasting and similar measures. The Secretary would be authorized to prescribe chargeable rates at reasonable levels, lower than those at full cost where necessary, in order to encourage the purchase of flood insurance. In low-risk areas the chargeable rate for existing properties will be the same or close to the estimated full cost rate. The higher the flood risk for an area, the lower the chargeable rate would be, in relation to the estimated full-cost rate. Under this section, all chargeable rates will be stated so as to reflect their basis, including any differences from the estimated full-cost risk premium rates.

**Section 1209(c).**—Provides that after an area has been identified as being flood-prone and this information was published in the area, then newly constructed property or substantially improved property can be insured only at rates which are not less than the estimated (full cost) risk premium rate.

**Section 1209(d).**—Provides that where any chargeable premium rate is equal to the estimated risk premium rate (full cost) for the area, and if the rates include any amount for administrative expenses of the Federal Government in carrying out the flood insurance program (in the Secretary's discretion under section 1208), a sum equal to that amount is to be paid to the Secretary to be deposited in the insurance fund.

## Treasury borrowing authority

**Section 1210(a).**—Provides that the authority vested in the Housing and Home Finance Administrator by section 15(e) of the Federal Flood Insurance Act of 1956 (pertaining to the issue of notes or other obliga-

tions to the Secretary of the Treasury) shall be vested in the Secretary.

**Section 1210(b).**—Requires that borrowed Treasury funds must be deposited in the national flood insurance fund established under section 1211.

## National flood insurance fund

**Section 1211(a).**—Authorizes the Secretary to establish in the U.S. Treasury a national flood insurance fund. Premium equalization payments to the insurance pool, reinsurance claims of the pool, and repayments of borrowed moneys to the Secretary of the Treasury (available from appropriations or reinsurance premiums) will be charged to the fund. Administrative expenses of carrying out the program may also be paid out of the fund.

**Section 1211(b).**—Requires the fund to be credited with: (1) Borrowed Treasury funds, (2) reinsurance premiums payable by the insurance pool, (3) amounts advanced to the fund from appropriations in order to maintain it on adequate levels, (4) interest on the investment of surplus amounts in the fund, (5) administrative expenses included in chargeable premium rates and which have been paid to the Secretary, and (6) receipts from other operations incident to the insurance program; and, in the event the flood insurance program is carried out through the facilities of the Federal Government, the insurance premiums paid.

**Section 1211(c).**—Authorizes the Secretary of the Treasury to invest surplus moneys in the fund in obligations issued or guaranteed by the United States, if: (1) All outstanding obligations have been liquidated, and (2) any outstanding amounts that have been advanced to the fund from appropriations for reinsurance payments to the pool have been credited to that appropriation, with interest accrued at a rate based on the average current yield on outstanding marketable obligations of the United States of comparable maturities.

**Section 1211(d).**—Provides that the fund will be available to finance the operation of the flood insurance program if the Secretary finds that it should, in whole or in part, be carried out through the facilities of the Federal Government, including costs incurred in the adjustment and payment of loss claims and payment of applicable operating costs of private insurers if such companies are involved. Any premiums paid are to be deposited in the fund.

## Operating costs and allowances

**Section 1212(a).**—Directs the Secretary to negotiate with appropriate representatives of the insurance industry, from time to time, for the purpose of prescribing a current schedule of operating costs applicable to risk-sharing and non-risk-sharing participants in the flood insurance program, and a current schedule of operating allowances (profits) applicable to risk-sharing insurers. These schedules will be prescribed in regulations.

**Section 1212(b).**—Specifies that operating costs include: (1) Expense reimbursements covering the expenses of selling and servicing the insurance, (2) reasonable compensation or commissions payable for selling and servicing the insurance, (3) loss adjustment expenses, and (4) other expenses which the Secretary finds were incurred in selling or servicing the insurance. Operating allowances include amounts for profit and contingencies which the Secretary finds reasonable and necessary.

## Payment of claims

**Section 1213.**—Authorizes the Secretary to prescribe regulations establishing methods for the adjustment and payment of claims for losses to property insured under the flood insurance program.

## Dissemination of flood insurance information

**Section 1214.**—Directs the Secretary to make information and data available to the

public and to any State and local agency regarding: (1) The coverage and objectives of the flood insurance program, and (2) estimated and chargeable flood insurance premium rates, and the basis for the difference between such rates.

Prohibition against certain duplications of benefits

**Section 1215(a).**—Contains provisions which will prevent Federal disaster assistance from being made available to compensate for any loss to the extent it is covered by flood insurance. Also provides that no such assistance shall be made available to the extent losses of real or personal property could have been covered (at the maximum limits) if flood insurance was actually available more than 1 year prior to the loss. Authority is provided for the Secretary to prescribe, by regulations, an exception to this latter provision for low-income persons who might otherwise benefit from such assistance.

**Section 1215(b).**—Provides that "Federal disaster assistance" includes any Federal financial assistance made available to any person as a result of: (1) A major disaster, as determined by the President pursuant to "An Act to authorize Federal Assistance to State and local governments in major disasters, and for other purposes" (42 U.S.C. 1855-1855g); (2) a natural disaster, as determined by the Secretary of Agriculture pursuant to section 321 of the Consolidated Farmers Home Administration Act of 1961; (3) a disaster with respect to which loans may be made under section 7(b) of the Small Business Act.

**Section 1215(c).**—Makes the term "financial assistance" as used in section 10 of the Disaster Relief Act of 1966 (which directs that Federal assistance programs be administered to avoid duplication of benefits) include flood insurance.

State and local land use controls

**Section 1216.**—Provides that after June 30, 1970, no new flood insurance coverage (including renewals) will be provided in any area unless an appropriate public body had adopted permanent land use and control measures, with effective enforcement provisions, which the Secretary finds consistent with the comprehensive criteria for land management and use prescribed under section 1261.

Properties in violation of State and local law

**Section 1217.**—Prohibits any new flood insurance (including renewals) for property which violates State or local laws, regulations, or ordinances which are intended to discourage or otherwise restrict land development or occupancy in flood-prone areas.

Coordination with other programs

**Section 1218.**—Directs the Secretary to consult with Federal, State and local agencies having responsibilities for flood control, flood forecasting, and flood damage prevention, in order to assure mutual consistency between the programs of such agencies and the flood insurance program.

Advisory committee

**Section 1219(a).**—Directs the Secretary to appoint a flood insurance advisory committee. The purpose of the committee is to advise the Secretary with respect to the administration of this act and in the preparation of the regulations prescribed in the act.

**Section 1219(b).**—Provides that the committee shall consist of not more than 15 persons selected from: (1) The insurance industry, (2) State and local governments, (3) lending institutions, (4) the home-building industry, and (5) the general public.

**Section 1219(c).**—Provides that committee members, while attending conferences or meetings, will be compensated at a rate fixed by the Secretary not to exceed \$100 a day and to also receive travel and living expenses when serving away from their homes or regular places of business.

Initial program limitations

**Section 1220.**—Provides that the face amount of flood insurance coverage outstanding and in force at any given time cannot exceed \$2.5 billion.

Report to the President

**Section 1221.**—Directs the Secretary to include a report on the operations of the flood insurance program provided for under this act in his annual report to the president for submission to the Congress.

**Chapter II—Organization and Administration of the Flood Insurance Program**

Organization and administration

**Section 1230.**—Directs the Secretary, after such consultation with representatives of the insurance industry as may be necessary, to implement the flood insurance program by providing for an industry program with Federal financial assistance. In the event this program proves unworkable, the Secretary is directed to provide for a Federal program with industry assistance.

Part A—Industry Program With Federal Financial Assistance

Industry flood insurance pool

**Section 1231(a).**—Authorizes the Secretary to encourage and assist private insurers to join together in a pool to provide flood insurance coverage and to participate financially in underwriting the risk assumed and in assuming responsibility for some proportion of claims for losses.

**Section 1231(b).**—Authorizes the Secretary to prescribe requirements for private insurers participating in the pool, including, but not limited to, minimum requirements for capital or surplus or assets.

Agreements with flood insurance pool

**Section 1232(a).**—Authorizes the Secretary to enter into agreements with any insurance pool as he deems necessary to carry out the purposes of this act.

**Section 1232(b).**—Provides that any agreement with a pool shall specify the terms and conditions under which: (1) Risk capital will be available for the adjustment and payment of claims, (2) the pool and its participants will participate in premiums received and profits or losses, (3) the maximum amount of profit which may be realized as established by the Secretary under section 1212, (4) operating costs prescribed under section 1212 and allowances are to be paid, and (5) premium equalization payments and reinsurance claims will be paid.

**Section 1232(c).**—States that the agreements will also contain such provisions as the Secretary finds necessary to assure that: (1) No qualified insurer wishing to participate in the pool will be excluded, (2) insurers participating in the pool will provide continuity of flood insurance coverage, and (3) other insurance companies, agents, and brokers will to the maximum extent practicable be permitted to cooperate with the pool as fiscal agents or otherwise on a non-risk-sharing basis. This section assures that no insurance companies shall be excluded from the program on the basis of considerations such as size.

Judicial Review

**Section 1233.**—Authorizes private insurers participating in the pool to adjust and pay claims for losses and permits any claimant, upon disallowance of a claim, or upon the claimant's refusal to accept the amount allowed on a claim, to institute an action, within 1 year after notice of disallowance is mailed, in the U.S. district court for the district in which the insured property or the major portion of it was situated. Jurisdiction would be conferred on the district court without regard to the amount in controversy. Claimants could also avail themselves of legal remedies in State courts.

Premium equalization payments

**Section 1234(a).**—Directs the Secretary, on such terms and conditions as he shall provide, to make periodic payments to the pool in recognition of any reduction made in chargeable premium rates under estimated risk premium rates in order to provide flood insurance on reasonable terms.

**Section 1234(b).**—Provides that payments for a share of the claims paid in a given period will be based on the aggregate amount of flood insurance retained by the pool after ceding reinsurance in accordance with section 1235.

Subject to the limiting terms and conditions of the basic agreement between the Secretary and the pool under section 1232, the Secretary is also authorized to make payments to the pool for a proportionate amount of applicable operating costs (including only administrative expenses) and allowances on the same ratio basis as used to determine the sharing of claim payments.

**Section 1234(c).**—Authorizes the Secretary to establish designated pay periods and the methods for determining the sum of premiums paid or payable during such periods.

Reinsurance coverage

**Section 1235(a).**—Authorizes the Secretary to take such action as may be necessary to make available reinsurance coverage to the insurance pool for excess losses.

**Section 1235(b).**—Authorizes entering into contracts, agreements or other arrangements to provide reinsurance, in consideration of premiums, fees, or other charges as the Secretary finds necessary to cover anticipated losses.

**Section 1235(c).**—Authorizes the Secretary to negotiate an excess loss agreement with the insurance industry pool whereby claims above a certain limit will be submitted to the Secretary on a portfolio basis, and paid by the Federal Government.

**Section 1235(d).**—Provides that reinsurance claims must be submitted on a portfolio basis, in accordance with terms and conditions as may be established by the Secretary.

**Section 1235(e).**—Provides that such pool shall make no distribution of earnings for a period of up to 5 years based on flood insurance premiums, unless the aggregate cumulative premiums, fees, or other charges established for excess loss reinsurance under subsection (b) and collected for deposit in the national flood insurance fund exceeds the aggregate cumulative expenses paid for reinsurance claims by such fund.

Part B—Government Program

Federal operation of the program

**Section 1240(a).**—Authorizes the Secretary, after consultation with representatives of the insurance industry if he makes a determination that the flood insurance program cannot be effectively carried on through the insurance pool, to take the necessary steps to operate the program through the facilities of the Federal Government, either by: (1) Utilizing insurance companies, other insurers, agents, brokers, and adjustment organizations as fiscal agents of the United States, (2) by utilizing employees of the Department of Housing and Urban Development or other Government employees (by arrangement with the heads of other agencies), or (3) by a combination of alternatives (1) and (2) above.

**Section 1240(b).**—Provides that at least 90 days before an all-Federal program of insurance is entered into by the Secretary, during all of which time Congress shall be in session, he shall make a report to the Congress which will: (1) State the reasons for his determination that a program under the industry-Government option in part A cannot be carried out, (2) support such determination by pertinent findings, (3) indicate the extent to which he anticipates the in-

dustry will be utilized in the all-Federal program, and (4) make any other recommendations he deems advisable.

#### Adjustment and payment of claims

**Section 1241.**—Authorizes the Secretary to adjust and pay claims, and authorizes any claimant, upon disallowance of a claim, or upon refusal of the claimant to accept an amount allowed, to institute an action, within 1 year after notice of disallowance or partial disallowance, is mailed, in the U.S. district court for the district in which the insured property or the major portion of it was situated. Jurisdiction would be conferred on the district court without regard to the amount in controversy.

#### Part C—Provisions of General Applicability

##### Services by insurance industry

**Section 1245(a).**—Provides legal authority for the Secretary to enter into the necessary arrangements with the insurance industry to implement the flood insurance program set forth in the act, including provisions for payment of applicable operating costs and allowances for such facilities and services.

**Section 1245(b).**—Exempts any such arrangements from any provisions of Federal law requiring competitive bids or requiring that contracts or purchases of supplies or services by the Federal Government be made only after advertisement is provided for a sufficient time to allow competitive proposals to be made.

Use of insurance pools, companies, or other private organizations for certain payments

**Section 1246(a).**—Authorizes the Secretary to enter into contracts with any pool, insurance companies, or other private organizations he finds acceptable for use as fiscal intermediaries. Such intermediaries could (1) estimate and determine amounts of Federal payments, and (2) audit participating insurers, agents, brokers, or adjustment organizations, as may be necessary to assure that proper payments are made.

**Section 1246(b).**—Provide that any contract may contain provisions necessary to carry out the Secretary's responsibilities, under the provisions of the act.

**Section 1246(c).**—Provides that contracts authorized by this section would be exempted from any provisions of Federal law requiring competitive bidding or requiring that contracts or purchases of supplies or services by the Federal Government be made only after advertisement is provided for a sufficient time to allow competitive proposals to be made.

**Section 1246(d).**—Requires a finding by the Secretary that the contracting party can perform its obligations efficiently and effectively before a contract can be entered into.

**Section 1246(e).**—Provides that the Secretary is authorized to require a safety bond from any organization performing responsibilities under the authority granted and any of its officers and employees. No individual designated to certify payments will be liable with respect to payments certified by him in the absence of gross negligence or intent to defraud the United States. No officer disbursing funds in accordance with a proper certification of payments would be liable with respect to such payments in the absence of gross negligence or intent to defraud the United States.

**Section 1246(f).**—Specifies that contracts will be automatically renewable from year to year in the absence of notice from either party as to termination, except that the Secretary may terminate a contract after reasonable notice if he determines that the other party has substantially failed in its obligations or in carrying them out in a manner inconsistent with the efficient and effective administration of the flood insurance program.

##### Settlement and arbitration

**Section 1247(a).**—Authorizes the Secretary to make final determination and settlement

of any claims arising from the financial transactions which he is authorized to carry out under the act. The Secretary may, however, refer such disputes to arbitration.

**Section 1247(b).**—Specifies that this arbitration would only be advisory in nature.

##### Records and audit

**Section 1248(a).**—Provides that any flood insurance pool receiving financial assistance under the program, and any pool, company, or other private organization which has entered into any contract, agreement, or other arrangement with the Secretary under parts B and C of chapter II, shall keep such records as the Secretary prescribes. Such records are to fully disclose the total costs of the programs undertaken or services rendered, so as to facilitate an effective audit.

**Section 1248(b).**—Provides that the Comptroller General and the Secretary (or their duly authorized representatives shall have access to any books, documents, papers, and records of the pool, insurance company or other private organizations, which are pertinent to the costs of the programs set forth in this act.

#### Chapter III—Coordination of flood insurance with land-management programs in flood-prone areas

##### Identification of flood-prone areas

**Section 1260.**—Authorizes the Secretary, utilizing the Army Corps of Engineers, the Geological Survey, the Soil Conservation Service, the Environmental Science Services Administration, TVA, and other Federal departments and agencies, to identify and publish information within 5 years after the effective date of the act with respect to all flood plain areas, including coastal areas in the United States, which have special flood hazards. The Secretary is also required to establish within 15 years, flood risk zones in these areas and to make estimates with respect to the rates of probable flood-caused loss for the various flood risk zones for each area.

##### Criteria for land management and use

**Section 1261(a).**—Authorizes the Secretary to carry out studies or investigations with regard to the adequacy of State and local measures in flood-prone areas, as to land management and use, flood control, flood zoning, and flood damage prevention.

**Section 1261(b).**—Provides that these studies and investigations deal with laws, regulations or ordinances relating to encroachments and obstructions on stream channels and floodways, the orderly development and use of flood plains of rivers or streams, floodway encroachment lines or flood plain zoning, building codes, building permits, and subdivisions or other building restrictions.

**Section 1261(c).**—Provides that based on his studies and investigation, the Secretary is authorized to develop comprehensive criteria designed to encourage, where necessary, the adoption of permanent State or local measures which will lessen the exposure of property and facilities to flood losses, improve the long-range management and use of flood-prone areas, and inhibit, to the maximum extent feasible, unplanned and economically unjustifiable future development in such areas. The Secretary is also authorized to work closely with and provide any necessary technical assistance to State, interstate, and local governmental agencies to encourage the application of such criteria and the adoption and enforcement of such measures as may be necessary to help in reducing any unnecessary damages resulting from floods.

##### Purchase of certain insured properties

**Section 1262.**—Authorizes the Secretary to negotiate with owners of real property covered by flood insurance which are located in any flood-risk area, and damaged substantially beyond repair by flood, for the purchase

of such property. The Secretary is then authorized to transfer such property to those State or local agencies agreeing to use the property for at least 40 years for those purposes as the Secretary may, by regulation, determine to be consistent with sound land use and management. This authority is voluntary and no property owner would be required to sell or lease his property to the Secretary.

#### Chapter IV—Appropriations and miscellaneous provisions

##### Studies of other natural disasters

**Section 1270(a).**—Authorizes the Secretary to make studies to determine the extent to which insurance protection against earthquakes or other natural disasters is not available and the feasibility of making such protection available.

**Section 1270(b).**—Provides that studies under this section be made in cooperation with other Federal, State, or local agencies, and authorizes the Secretary to enter into agreements for the conduct of such studies with other Federal agencies, on a reimbursement basis, or with State and local agencies.

##### Payments

**Section 1271.**—Vests discretion in the Secretary to make payments under this program in advance of their actual need, or by way of reimbursement.

##### Government Corporation Control Act

**Section 1272.**—Makes the provisions of the Government Corporation Control Act applicable in the administration of the flood insurance program to the same extent as applicable to wholly owned Government corporations.

##### Finality of certain financial transactions

**Section 1273.**—Provides that any financial transaction under this act or payment received or made in connection therein shall be final and conclusive upon all officers of the Government.

##### Administrative expenses

**Section 1274.**—Provides that any administrative expenses of the Federal Government in carrying out the flood insurance program may be paid out of appropriated funds.

##### Appropriations

**Section 1275(a).**—Authorizes the appropriations necessary to carry out the flood insurance program, including sums to cover administrative expenses and to reimburse the national flood insurance fund for premium equalization payments and reinsurance claims paid out of the fund.

**Section 1275(b).**—Provides that these funds shall be available without fiscal year limitation.

##### Effective date

**Section 1276.**—Provides for the act to become effective 120 days following the date of enactment, except that the Secretary is authorized to extend the effective date up to 180 days after enactment if he finds conditions necessitate a long preparatory period.

#### TITLE XIII—INTERSTATE LAND SALES

##### Short title

**Section 1301.**—Provides that this title may be cited as "The Interstate Land Sales Full Disclosure Act".

##### Definitions

**Section 1302.**—Defines the terms contained in this title.

##### Exemptions

**Section 1303(a).**—Provides for specific exemptions from the provisions of the act.

**Section 1303(b).**—Provides that the Secretary of HUD may make exemptions from any of the provisions of the act if he finds the coverage is not necessary in the public interest and for the protection of purchasers due to the small amount of the offering or its limited character.

Prohibitions relating to the sale or lease of lots in subdivisions

**Section 1304(a).**—Makes it unlawful for any developer or agent engaged in interstate commerce (1) to sell or lease any lot unless a statement of record is in effect pursuant to section 1307 and a printed property report is furnished to each purchaser in accordance with section 1308; (2) to employ any device, scheme, or artifice to defraud; to obtain money or property by means of a misrepresentation with respect to information in the statement of record or the property report or any other information; or to engage in any transaction, practice, or course of business which operates or would operate as a fraud or deceit on the purchaser.

**Section 1304(b).**—Provides that a purchaser may revoke a contract or agreement of purchase if he is not given a copy of the property report before or at the time of his signing the contract. Where the purchaser does not receive the property report 48 hours before signing the contract, he may revoke it within 48 hours, unless the purchaser read the property report, and inspected the lot to be purchased before signing the contract and so stipulates in writing.

#### Registration of subdivisions

**Section 1305(a).**—Provides that a subdivision may be registered by filing a statement of record with the Secretary meeting the requirements of the act and the rules and regulations prescribed by the Secretary.

**Section 1305(b).**—Provides for payment to the Secretary by the developer of a registration fee not in excess of \$1,000 in accordance with a schedule to be fixed by regulations of the Secretary.

**Section 1305(c).**—Provides that the filing of a statement of record or an amendment takes place on its receipt accompanied by payment of the fee provided in subsection (b).

**Section 1305(d).**—Requires that information contained in or filed with a statement of record be available to the public under regulations prescribed by the Secretary.

#### Information required in statement of record

**Section 1306.**—Provides that the statement of record shall contain certain information and be accompanied by certain specified documents.

#### Taking effect of statements of record or amendments thereto

**Section 1307(a).**—Provides that a statement of record, or any amendment, shall take effect on the 30th day after filing or at an earlier date if the Secretary so determines. When additional lands are offered for disposition, a developer may consolidate the statement with any prior statement of record offering subdivided land under the same promotional plan.

**Section 1307(b).**—Provides that the Secretary advise the developer within a reasonable time if the statement is materially defective. Such notification suspends the effective date until 30 days after a corrective filing is made. The developer may, however, request a hearing which must be held within 20 days of the Secretary's receipt of the request.

**Section 1307(c).**—Requires the developer to file an amendment to a statement if any change occurs subsequent to its effective date which affects any material fact required to be contained in the statement.

**Section 1307(d).**—Permits the Secretary to suspend a statement of record if it appears to him that it includes an untrue statement of a material fact or omits to state a material fact required to be stated or necessary to make the statement not misleading.

**Section 1307(e).**—Empowers the Secretary to make an examination to determine whether an order should be issued under subsection (d) and allows him to have access to and demand production of any relative

books and papers of the developer, his agent, or any other person when the matter is relevant to the examination.

**Section 1307(f).**—Permits any notice required under section 1307 to be sent to or served on the developer or his authorized agent.

#### Information required in property report

**Section 1308(a).**—Provides that a property report shall contain any information in the statement of record that the Secretary deems necessary, as well as any other information prescribed under rules and regulations of the Secretary as necessary or appropriate.

**Section 1308(b).**—Requires that the property report not be used for any promotional purposes before the statement of record becomes effective and then only if used in its entirety. States that no person may advertise or represent that the Secretary approves or recommends the subdivision.

#### Cooperation with State authorities

**Section 1309(a).**—Provides that the Secretary of Housing and Urban Development shall cooperate with State authorities responsible for regulating the sale of lots in subdivisions subject to the act. It permits the Secretary to accept for filing under, and declare effective as a statement of record, material filed with and found acceptable by such authorities.

**Section 1309(b).**—Provides that nothing in the act shall affect the jurisdiction of any State real estate commission.

#### Civil liabilities

**Section 1310.**—Provides for civil liabilities against a developer or agent who sells or leases lots in a subdivision in violation of the provisions of the act.

#### Court review of orders

**Section 1311(a).**—Permits any person aggrieved by an order or determination of the Secretary, which was issued after a hearing, to obtain review in the U.S. court of appeals for the circuit in which the person resides or has his principal place of business or in the U.S. Court of Appeals for the District of Columbia.

**Section 1311(b).**—Provides that commencement of proceedings under subsection (a) will not stay the Secretary's order unless specifically ordered by the court.

#### Limitation of actions

**Section 1312.**—Bars the bringing of an action to enforce any liability created under section 1310 (a) or (b) (2) unless it is brought within 1 year after discovery of the untrue statement or the omission or after the discovery should have been made. If the action is to enforce a liability established under section 1310(b) (1), it must be brought within 2 years after the violation upon which it is based. No action under the act may be brought more than 3 years after the sale or lease of the property.

#### Contrary stipulations void

**Section 1313.**—Provides that any condition, stipulation, or provision requiring a person to waive compliance with the act, or rules and regulations of the Secretary pursuant to it, shall be void.

#### Additional remedies

**Section 1314.**—Provides that rights and remedies under the act are in addition to other rights and remedies at law or equity. Investigations, injunctions, and prosecution of offenses

**Section 1315(a).**—Authorizes the Secretary to file suit to prohibit violations of the act or any rule or regulation promulgated pursuant to the act in any U.S. district court or in the U.S. District Court for the District of Columbia. The Secretary is also authorized to transmit evidence concerning prohibited acts or practices to the Attorney General who may institute criminal proceedings.

**Section 1315(b).**—Authorizes the Secretary to initiate investigations to determine if any person has violated or is about to violate the act or rules or regulations prescribed pursuant to it.

**Section 1315(c).**—Empowers the Secretary or his designee to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records relevant or material to an investigation or proceeding under the act.

**Sections 1315 (d) and (e).**—Provide for enforcement of subpoenas issued by the Secretary in the U.S. district courts and for procedures concerning attendance and testifying at hearings prescribed by the Secretary.

#### Administration

**Section 1316(a).**—Vests authority and responsibility for administering the act in the Secretary of Housing and Urban Development and gives him authority to delegate any functions, duties, and powers under the act to employees of the Department or to boards of such employees in accordance with the provisions of sections 3105, 3344, 3562, and 7521 of title 5 of the United States Code.

**Section 1316(b).**—Requires that hearings be public and appropriate records be kept.

#### Unlawful representations

**Section 1317.**—Provides that the fact that a statement of record has been filed or is in effect does not constitute a finding by the Secretary of Housing and Urban Development that it is true and accurate on its face or that the Secretary has passed on the merits or approved a subdivision.

#### Penalties

**Section 1318.**—Establishes penalties for any person who violates the provisions of the act or any rules any regulations issued pursuant to the provisions of the act. The maximum penalty is a fine of not more than \$5,000 or imprisonment for not more than 5 years, or both.

#### Rules, regulations, and orders

**Section 1319.**—Authorizes the Secretary of Housing and Urban Development to make, issue, amend, and rescind rules, regulations, and orders necessary or appropriate to the exercise of his functions and powers under the act.

#### Jurisdiction of offenses and suits

**Section 1320.**—Provides that the U.S. district courts and the U.S. District Court for the District of Columbia shall have jurisdiction of offenses and violations under the act and the rules and regulations prescribed pursuant to it. It provides these courts concurrent jurisdiction with State courts for all suits in equity or at law to enforce liabilities or duties created by this act.

#### Appropriations

**Section 1321.**—Authorizes appropriation to carry out the purposes of this act.

#### Effective date

**Section 1322.**—Provides that the act shall be effective 180 days after enactment.

#### TITLE XIV—TEN-YEAR HOUSING PROGRAM

**Sections 1401-1404.**—Adds new provisions to the housing laws requiring the President to submit a report, not later than January 15, 1969, containing a 10-year plan for the national housing needs, along with legislative recommendations for fulfilling these needs. In addition, these sections require annual reports to be made by the President on January 15, 1970, and on each succeeding year through 1978 showing the progress made under the plan and the reasons why, if any, the goals set forth in the plan have not been reached along with estimates of the need for the following year. This title also requires a final report to be submitted by January 15, 1979.

## TITLE XV—MISCELLANEOUS

## Model cities

**Section 1501.**—Amends section 111(a) of the Demonstration Cities and Metropolitan Development Act of 1966 to authorize an appropriation of \$1 billion for the model cities program for fiscal year 1970. In addition, this section adds an authorization of \$12 million for planning assistance and administrative expenses for the demonstration cities program to be made available for fiscal year 1969.

## Urban renewal demonstration grant program

**Section 1502.**—Amends section 314(a) of the Housing Act of 1954 to permit demonstration grants to be made to nonprofit organizations for carrying on demonstration projects and other activities for the prevention of slum and blight. (Existing law permits grants to public bodies only.) This section provides that such demonstration undertakings by nonprofit organizations must be consistent with any plans of a local public agency. This section also increases the percentage of the Federal grant from two-thirds of project cost to 90-percent of project cost. This section further increases the amount of capital grant funds available for demonstration projects from \$10 million to \$20 million.

## Authorization for urban information and technical assistance services program

**Section 1503.**—Amends section 906 of the Demonstration Cities and Metropolitan Development Act of 1966 to authorize an appropriation of \$5 million for fiscal year 1969 and \$15 million for fiscal year 1970 to carry out the purposes of the "Title IX Program" under which matching grants are made to States to help them provide urban information and technical assistance services to communities of less than 100,000 population.

## Advances in technology in housing and urban development

**Section 1504.**—Amends section 1010(d) of the Demonstration Cities and Metropolitan Act of 1966 to authorize the appropriation of such money as may be necessary to continue the advances in technology in housing and urban development programs authorized under section 1010. This section would also permit the letting of research contracts for periods of up to 4 years instead of the present authorized 2-year period.

## College housing

**Section 1505.**—Amends title IV of the Housing Act of 1950 by adding to the existing college housing 3-percent direct loan program a new program of annual grants to cover the difference between the average annual debt service an educational institution is required to pay on borrowings from private sources and the average annual debt service it would be required to pay under the 3-percent rate presently available under the direct-loan program. Annual grants with respect to any project could be contracted to be made for periods up to 40 years. The total amount of annual contracts contracted to be made for this interest rate subsidy could not exceed \$10 million and this amount would be increased by an additional \$10 million on July 1, 1969.

## Federal-State training programs

**Section 1506.**—Amends sections 801, 802, and 805 of title VIII of the Housing Act of 1964 to expand the program to permit grants to States for the training of subprofessional as well as professional persons who will be employed by nonprofit organizations as well as public organizations in the field of housing and community development. This section would also allow grant assistance to be extended to Guam, American Samoa and the Trust Territory of the Pacific in order to meet the needs of these areas for training capable housing and community development technical and professional personnel.

## Additional assistant Secretary for Housing and Urban Development

**Section 1507.**—Amends the first sentence of section 4(a) of the Department of Housing and Urban Development Act to increase the number of assistant secretaries for such department from five to six.

## International housing

**Section 1508.**—Rewrites section 604 of the Housing Act of 1957 to clarify authority of HUD to: (1) Exchange data on housing and urban development with foreign countries; (2) employ private citizens to participate in intergovernmental and international meetings sponsored or attended by HUD; and (3) accept funds and other donations from international organizations, foreign countries, and private foundations in connection with activities carried on under international housing programs.

## Low-rent public housing—corporate status

**Section 1509 (Technical).**—Amends sections 3 and 17 of the United States Housing Act of 1937 to repeal language which is now obsolete.

## Eligibility for rent supplement payments

**Section 1510.**—Extend eligibility to participate in rent supplement program to two projects in New York City.

## Consolidation of the low-rent public housing in Washington, D.C.

**Section 1511.**—Allows the National Capital Housing Authority in Washington, D.C., to consolidate, pursuant to section 15(6) of the United States Housing Act of 1937, into its annual contributions contract for its 8,423 units of low-rent housing under title II of the District of Columbia Alley Dwelling Act, the operating income and operating expense accounts for its 72 units of low-rent housing under title I of such act.

## Urban renewal project in Garden City, Mich.

**Section 1512.**—Makes local expenditures in construction of the Florence Primary School in Garden City, Mich., eligible as a local grant-in-aid to the Cherry Hill urban renewal project in Garden City, Mich.

## Urban renewal project in Sacramento, Calif.

**Section 1513.**—Makes local expenditures in connection with the construction of a storm drainage stem eligible as a local grant-in-aid to the Capitol Mall Riverfront urban renewal project in Sacramento, Calif.

## Self-help studies

**Section 1514.**—Amends section 207 of the Housing Act of 1961 to permit the Secretary of HUD to include the study of self-help in construction, rehabilitation, and maintenance of housing for low-income persons and families in the low-income housing demonstration program. Also directs Secretary of HUD to make a report to Congress within 1 year after date of enactment of this act, setting forth the results of the self-help studies and demonstrations carried out under section 207 with such recommendations as he deems appropriate.

## Earthquake study

**Section 1515.**—Amends section 5 of the Southeast Hurricane Disaster Relief Act of 1965 to extend the time the Secretary of HUD is required to report his findings and recommendations on earthquake insurance from October 31, 1968 to June 30, 1969.

## Technical amendments

**Section 1516(a).**—Amends section 110(c) of the Housing Act of 1949 to make it clear that urban renewal project funds can be used for "the restoration of acquired properties of historical or architectural value."

**Section 1516(b).**—Amends section 110(d) of the Housing Act of 1949 to make it clear that grant-in-aid credit can be given for expenditures by a public body for the construction of foundations and platforms on air rights sites in urban renewal projects

to the same extent that such work could now be done with project funds.

**Section 1516(c).**—Amends section 110(e) of the Housing Act of 1949 to make it clear that the restoration of historic properties can be carried out as an urban renewal project cost for those projects approved for three-fourths Federal grant assistance on a limited project cost basis.

**Section 1516(d).**—Amends section 1101(c) (3) of the National Housing Act to permit amortization of the mortgage term under the medical group practice facilities program to commence after completion of construction of the facility rather than at the time the mortgage is executed.

**Section 1516(e).**—Amends section 213(o) of the National Housing Act to clarify the authority of the Secretary to invest all moneys, not currently needed for the operation of the cooperative management housing insurance fund, in Government bonds or obligations, or in the purchase on the open market of debentures which are the obligation of the fund.

**Section 1516(f).**—Amends section 810(e) of the National Housing Act to permit an individual, who is approved by the Secretary, to be a mortgagor under the FHA section 810 housing program for military personnel or employees or personnel of NASA or AEC research or development installations.

## Home Owners' Loan Act of 1933

**Section 1517(a).**—Amends section 5(c) of the Home Owners' Loan Act of 1933 to authorize Federal savings and loan associations to invest in time deposits or certificates of deposit in banks insured by the FDIC under regulations issued by the Federal Home Loan Bank Board and also amends section 5(c) to broaden the authority of a Federal savings and loan association to invest up to 1 percent of its assets in loans guaranteed by the Agency for International Development to help finance housing projects or home financing institutions in developing nations outside of Latin America.

**Section 1517(b).**—Amends section 5(c) of the Home Owners' Loan Act of 1933 to permit a Federal savings and loan association to make loans for the construction of new structures related to residential use of the property under the existing exception applicable to property improvement loans.

**Section 1517(c).**—Amends section 5(c) of the Home Owners' Loan Act of 1933 to authorize a Federal savings and loan association to invest in loans to federally supervised financial institutions secured by investments in which the association has statutory authority to invest directly.

## Federal Home Loan Bank Act

**Section 1518.**—Amends section 12 of the Federal Home Loan Bank Act to authorize Federal home loan banks, subject to regulations by the Federal Home Loan Bank Board, to purchase AID-guaranteed housing loans and to sell participations therein to any blank member.

## Federal Reserve Act

**Section 1519.**—Amends section 24 of the Federal Reserve Act to authorize construction loans up to 36 months in length as an exception to the limitation on real estate loans. (Under existing law, such construction loans may not exceed 24 months.)

## PRIVILEGE OF THE FLOOR

Mr. SPARKMAN. Mr. President, I ask unanimous consent that staff members of the Committee on Banking and Currency, including the Housing Subcommittee thereof, be authorized to be on the floor during the consideration of the bill.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPARKMAN. Mr. President, on yesterday afternoon, the distinguished

senior from Maine [Mrs. SMITH] asked a question and asked that it be answered in the course of the debate. I should like to answer the question of the Senator from Maine at this time. And if I omit anything, I should like the Senator from Illinois [Mr. PERCY] to feel free to prompt me.

Mr. President, the senior Senator from Maine [Mrs. SMITH] asked in the CONGRESSIONAL RECORD of yesterday, at page S6293, that I list the portions in the committee bill, S. 3497, which were adopted from S. 1592, a bill introduced by the Senator from Illinois [Mr. PERCY], of which the Senator from Maine was a cosponsor, as well as list those portions of S. 1592 which were not included in the committee bill.

Mr. President, I will ask the Senator from Illinois to check me on my statement if I am incorrect. I said that Mrs. SMITH was a cosponsor of the measure. I believe that every Member on the Republican side was a cosponsor, and there were three Democrats in addition to that. Furthermore, the bill was introduced by 112 Members of the House of Representatives. So it had very broad representation. Much of S. 1592 is in the committee bill, S. 3497. Some Senators on the minority side of the aisle have spoken to me about the committee bill, and I said, "Oh, sure, you certainly ought to support it, because you are one of the cosponsors." And that is just about what it amounts to.

Does the Senator from Illinois wish to be recognized?

Mr. PERCY. Mr. President, I should like to comment that not only was the Senator from New York [Mr. JAVITS] exceedingly gracious in working very closely with me on this bill, but also I believe it very important that the Senator from Washington [Mr. MAGNUSON] be recognized. He was an original cosponsor, and, of course, is chairman of the Independent Offices Subcommittee of the Senate Appropriations Committee.

Mr. SPARKMAN. The Senator is correct. I did not name the Democratic Senators, but I do know that there were three Democrats. I do recall that Senator MAGNUSON was one.

As the Senator from Maine knows, S. 1592 proposes the creation of a National Home Ownership Foundation which would have the authority to issue \$2 billion worth of federally guaranteed debentures. The funds raised by the issuance of these debentures would be loaned to local "eligible borrowers"—that is, nonprofit corporations and organizations. In turn, these local organizations would construct or rehabilitate housing units and sell them to families needing housing. When appropriate, an interest rate subsidy would be given to the purchaser.

Funds necessary to provide debt service for the debentures when not paid back to the National Home Ownership Foundation by the homeowner receiving the loan and subsidy would be made up by direct appropriations from the U.S. Treasury.

S. 1592 also proposed that the Foundation would be given very broad au-

thority to give assistance for training and other types of services and counseling that would help lower income families be more responsible homeowners.

As the Senator from Maine knows, several other bills, in addition to S. 1592, were introduced during the first session of the 90th Congress to provide assistance toward helping lower income families become homeowners. The bills, like S. 1592, contained a variety of ways in which such housing would be financed. The committee considered all of these matters and developed a committee bill which encompasses the best ideas for homeownership from all the bills submitted. The committee bill uses the established FHA mortgage insurance programs to promote homeownership rather than giving a nonprofit private foundation Federal guarantee backup for obtaining funds with which to promote housing as was proposed in S. 1592. That is, we did not authorize the issuance of debentures guaranteed by the United States, backed up by the Treasury.

In considering S. 1592, the committee was mainly concerned about giving a completely private nonprofit foundation a \$2 billion bonding authority where the Federal Government would have very little jurisdiction and supervision over any of the activities of the Foundation. The committee, did, however, accept the idea of creating a National Home Ownership Foundation with certain functions for the purpose of providing technical assistance and encouraging local nonprofit groups to sponsor housing programs for lower income families. The committee bill authorizes an appropriation of \$10 million for the Foundation to carry on its activities.

Since S. 1592 and the several other proposals before the committee were aimed toward providing homeownership for lower income families, it would be very difficult to list all of those portions which were included, or not included, from S. 1592 and the other bills in the committee bill.

Since S. 1592 was introduced by Senator PERCY, who is a member of the Banking and Currency Committee and who supports the committee bill, I invite him to elaborate on these remarks, if he wishes, for the benefit of the Senator from Maine.

Personally, I feel that a very refreshing idea was brought to the committee by the proposal of the Senator from Illinois, as embodied in S. 1592. Much of the essence of it was first contained in S. 2700, which the committee reported last year, and now is contained probably to a greater extent—certainly, the interest subsidy is more in line with what he advocated—in the present bill.

Again, I am glad to pay tribute to the distinguished Senator and to all those who joined in sponsoring that bill. It is largely included in the present bill.

Mr. PERCY. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. PERCY. I will be very happy to study carefully the distinguished Senator's statement.

In quick analysis, from what I have heard, it seems to me that the distin-

guished Senator has fully answered the question. I am happy to respond to the request of Senator SMITH. I was particularly pleased to have her cosponsor the National Home Ownership Foundation Act inasmuch as she is my senior colleague on the Aeronautical and Space Committee as well as chairman of the Republican conference. Her support of the principles embodied in S. 1592 has meant a great deal to me.

The spirit of the committee has been to embrace the principles of S. 1592. In only one point did we actually fail to achieve one important objective of the original bill, and this was in the ability of the National Home Ownership Foundation to issue debentures that would be guaranteed by the Federal Government.

Mr. SPARKMAN. The Senator is correct. The Senator knows that there was considerable question about it in the committee as a whole and downtown—the idea of the Treasury guaranteeing bonds issued by a private corporation. Yet, we said that the program we worked out would give us a chance to try it out, and then we could chart the course in the future.

Mr. PERCY. May I say at that point that no Senator, particularly a freshman Senator from the minority party, could have been given more time and attention on this particular point.

I recall one afternoon last year in a Capitol conference room, when we felt that the whole process of government would slow up because we had so many people from downtown tied up—from HUD, the Federal Reserve, the Treasury, and other agencies—to try to work out this principle.

The committee itself has directed that 6 months after the enactment of this bill, we take another look to see whether sufficient money is flowing into the depressed rural and slum areas of our cities. If we find that mortgage credit is not sufficient to do the job then the committee will come back to take another look, to see how greater capital can be created.

But in the meanwhile, I was very pleased that the principle of partnership and government reinforcement was included in the administration request this year.

Mr. SPARKMAN. The Senator is correct. S. 2700 did not contain that provision, but the new bill does.

Mr. PERCY. At some point in the future, the need may be so great and the impact on the budget so great that if we move ahead with the type of job that must be done we may come back—after we have had experience with the bill and the National Home Ownership Foundation—and give this bonding power to the National Home Ownership Foundation so that it can issue debentures backed up by the Federal Government.

I believe we have proceeded in a cautious, prudent manner, and I am fully satisfied that every consideration has been given to S. 1592. I believe we could have moved ahead faster by giving bonding authority to the Foundation now, but I am willing to wait and see whether or not we have fulfilled the need in the committee bill and to reassess the situation in the future.

Mr. SPARKMAN. I thank the Senator. I appreciate the patience of the Senator from New York in waiting for us to conclude these remarks.

Mr. JAVITS. Mr. President, first I should like to state to the Senator from Alabama that it is I who am indebted to him. I missed the time allocated to me because of a plane difficulty, and hence, quite properly, was called on to await my turn. He has been very gracious, and so have Senator PERCY and Senator TOWER for allowing me to proceed.

#### ECONOMIC POLICIES WHICH AFFECT THE HOMEBUILDING INDUSTRY

Mr. FULBRIGHT. Mr. President, I am pleased to note that title XIV of S. 3497 requires the President to submit to Congress annual reports upon progress in achieving our national goal of "a decent home and a suitable living environment for every American family." This has been our goal since the enactment of the Housing Act of 1949.

The requirements of title XIV are quite similar to a bill which I introduced on August 11, 1966. The purpose of my bill—S. 3714, 89th Congress, second session—was to require public debate of economic policies which affect the homebuilding industry.

I support title XIV wholeheartedly, and I hope that it may result in a national effort to achieve stability and expansion in the production of housing by the thousands of private businessmen engaged in homebuilding.

Mr. President, I ask unanimous consent to have printed in the RECORD: First, the text of my bill, S. 3714; second, excerpts from my remarks in the Senate on August 11, 1966; third, a letter which I wrote to the President of the National Association of Home Builders on October 19, 1966; fourth, an excerpt from the NAHB statement of policy for 1967; and, fifth, an excerpt from pages 119 and 120 of the report (No. 1123) of the Senate Committee on Banking and Currency on S. 3497.

There being no objection, the items were ordered to be printed in the RECORD, as follows:

#### S. 3714

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the program of the President as expressed in his annual message to the Congress shall include statements and recommendations concerning a residential construction goal. In furtherance of the realization of this goal the President shall transmit to the Senate and the House of Representatives, after the beginning of each session of the Congress, but not later than January 20, a report which shall include the following: (1) a statement indicating the minimum number of housing units which should be started during the then current calendar year, or such year and the next following calendar year, in order to be consistent with the program of the President, (2) an indication of the manner in which the law will be administered by the executive agencies to achieve the number of housing units specified under clause (1), and (3) any recommendations for legislative action that the President determines are necessary or desirable in order that the construction of such specified number of housing units may be started.

#### EXCERPTS FROM REMARKS OF SENATOR FULBRIGHT TO THE SENATE, AUGUST 11, 1966

Mr. FULBRIGHT. Mr. President, I congratulate the Senator from Alabama and his colleagues on the Banking and Currency Committee for their continuing attention to the housing needs of the Nation. For several years during my chairmanship of the Banking and Currency Committee, it was my privilege to serve under the capable leadership of the Senator in his capacity as chairman of the Housing Subcommittee—a position which he still holds.

Through these years and through many prior years, the committee was periodically faced with crises in the homebuilding industry, because our economy was allocating an inadequate quantity of savings to home mortgage credit. Time after time, the committee recommended and the Senate passed bills designed to relieve critical shortages of mortgage money. Today we are in the midst of another such crisis.

I intend to support the committee recommendations, and I urge other Senators to do likewise. I believe that the time has come, however, to treat the cause of this recurring ailment rather than to continue ministering doses of aspirin and antihistamines, which merely relieve the unpleasant symptoms.

Mr. President, the drastic curtailment of homebuilding—described in the committee report—is a result of national fiscal and monetary policies. But the effects of these policies on homebuilding are never publicly debated until they have been implemented and their damaging effects have begun to reverberate throughout the economy. We can no longer afford the waste and sacrifice inevitable in a cycle of boom and bust in homebuilding. Roller coasters are for amusement parks and should not be characteristic of an economic system capable of relative stability.

Even a cursory review of the effects of fiscal and monetary policies over the last 20 years will reveal the circumstances under which home mortgage credit will be plentiful or will be scarce. Decisions made by the Federal Reserve Board, by the Treasury Department, by the Bureau of the Budget, by the Department of Housing and Urban Development, and by the Federal Home Loan Bank Board, turn the volume of homebuilding up or down like water from a faucet.

But these policies are never discussed or debated in specific terms until the homebuilding industry is drowning in a sea of tight money and going down for the third time. The present crisis has been foreseeable for many months. Each time that the discount rate is raised, each time that competition for savings causes a rise in yields offered to investors, each time that rates to borrowers are raised, the ultimate effect upon the supply and price of home mortgage credit becomes clearer and more certain. But this effect of monetary and fiscal policies is never discussed specifically in terms of the homebuilding industry.

This unhealthy state of affairs was recognized by the Committee on Banking and Currency in 1960. In that year the committee concluded a 2-year study of home mortgage credit needs anticipated for the present decade. The first recommendation made by the committee was addressed to the problem I am discussing. The committee recognized that fluctuations in home building do not occur by accident.

The committee realized that these fluctuations are foreseeable and are a result of planned monetary and fiscal policies. To oversimplify, these policies require home building to quickly take up the slack when the economy is sagging, and to take it in the neck when the economy is booming.

Mr. President, we can plan better than we have been doing, and the time has come for the Congress to insist upon better planning.

Recommendations No. 1 of the Subcom-

mittee on Housing, April 15, 1960, read in part, as follows:

"The subcommittee recommends . . . an amendment of existing law to require the following annual report from the President: At the beginning of each session of the Congress, the President shall transmit to the Senate and the House of Representatives a report stating, among other things, (1) the minimum number of housing units which should be started during the calendar year, or 2 calendar years following submission of the report, in order to be consistent with the program of the President, (2) the manner in which discretion contained in law will be used by Federal agencies to achieve this minimum number of starts, and (3) recommendations for changes in law which may be required to enable the achievement of this minimum number of starts."

This recommendation was subsequently expressed in bill form—S. 3379 of 1960—and, in modified form was included in the omnibus housing bill of 1960—S. 3670, Senate Report No. 1575. During debate on S. 3670, on June 16, 1960, the provision to require an annual housing goal was deleted from the bill by a vote of 44 to 37. It is interesting to note, Mr. President, that the proposal for an annual housing goal was supported by the late President Kennedy, by President Johnson, and by Vice President HUMPHREY. In fact, a total of 50 Senators voted for or were announced in favor of the proposal, and only 47 Senators voted or were announced in opposition.

Mr. President, I submit that if section 101 of S. 3670 had been enacted into law in 1960, we would not today be debating emergency measures to relieve a critical depression in homebuilding. If section 101 had been enacted, the Congress would have deliberated the economic plans of the President in 1961, 1962, 1963, 1964, 1965, and 1966 as they specifically related to the supply of home mortgage credit, and there would have been appropriate action to maintain stability in this vital economic commodity.

So far as I know, the need for better planning has not attracted attention since 1960. This is because 1966 is the first crisis year since that time—but it will not be the last such crisis, if we continue to let homebuilding be the primary deflator of an overheated economy.

Mr. President, it has been our practice to rely upon economic policies which periodically victimize the homebuilding industry. I propose, that we devise economic policies which promise greater stability in allocating public and private savings to satisfy the growing shelter needs of the Nation.

I considered offering an amendment to the pending bill, but have decided instead to introduce a separate bill which may be studied prior to the next session of Congress. If there is no evidence of improvement in our national economic planning in the Economic Report of the President next January, the Congress should give prompt attention to the enactment of appropriate legislation.

OCTOBER 19, 1966.

Mr. LARRY BLACKMON,  
President, National Association of Home  
Builders, Washington, D.C.

DEAR MR. BLACKMON: Thank you for your letter of October 13 and for your kind remarks concerning my support of housing legislation. I agree with you that action should be taken to relieve the alarming reduction in residential construction, but I am not very hopeful about the prospect for meaningful action in the near future.

It seems clear to me that decisions made by the Treasury, the Bureau of the Budget, and the Federal Reserve Board, throughout 1966, have been made with knowledge that a reduced volume of homebuilding would be an inevitable result. In other words, efforts to deflate an overheated economy have

affected homebuilding in greater proportion than other segments of the economy, and this consequence was foreseeable.

Unfortunately, these decisions were made without any public debate of their effect upon homebuilding, and without any public discussion of alternative deflationary actions. The tremendous cost of the war in Vietnam—now engaging U.S. forces in a dimension exceeded in our history only by WW I and WW II—demands reduced economic activity in non-war related pursuits. Otherwise, the value of the dollar would erode at a faster rate than we are now experiencing.

Perhaps it would have been wiser to have imposed general wage and price controls, or restricted auto production, or deferred highway construction, the space program, and public works projects, or to have chosen a combination of these and other alternatives. The fact of the matter is, however, that none of these alternatives were chosen, and homebuilding is bearing a greater burden as a result.

I suggest, therefore, that it would be more prudent, and certainly more democratic, to discuss and debate national economic policies prior to their adoption and implementation. It is for this reason that I introduced S. 3714, about which we corresponded several months ago.

Based upon present estimates of the course of the war in Vietnam, its demand upon our economy will not diminish in 1967. Consequently, some hard decisions must be made with respect to continuing efforts to maintain national economic stability next year.

If the annual Economic Report to the Congress were to address itself specifically to prospects for homebuilding as estimated to be affected by Federal fiscal and monetary policies, it is possible that courses of action might be chosen which would lessen the burden upon your industry. If not, opportunity would have been afforded to face the issue squarely prior to adoption and implementation of policies predictably depressing to homebuilding.

If you are reluctant to support S. 3714 in its present form, I would be pleased to receive your recommendations for modification.

With best wishes, I am,  
Sincerely yours,

J. W. FULBRIGHT.

[Excerpt from NAHB statement of policy for 1967]

#### IV. NATIONAL HOUSING GOALS

The events of the past year emphasize the need for a statement of specific National Housing Goals to minimize the danger of constant change in the direction of housing without the kind of orderly national debate which should precede any major shift in important public policy.

NAHB will take the lead to establish such goals and to obtain recognition of them by all appropriate Federal, state, and local governments. We will seek the cooperation of all groups in home building and residential finance and all others concerned with housing opportunity for all.

[Excerpt from S. Rept. 1123 on S. 3497]

#### TITLE XIV—10-YEAR HOUSING PROGRAM

##### Declaration of purpose

Section 1401 of the bill declares that the national commitment made in the Housing Act of 1949 to the goal of "a decent home and a suitable living environment for every American family" can best be attained through a definite plan providing for the effective utilization of available resources and capabilities existing in both the public and private sectors of the economy over a fixed period of 10 years.

This statement and finding by Congress would be in furtherance of the policy declared in 1949 and would bring it more into current focus by stressing the need for housing goals in the immediate future as well as for a plan by which they may be brought to public realization. Such a legislative pronouncement would also be in line with the recent proposal by the President to construct 6 million federally assisted housing units for low and moderate income families over the next 10 years.

##### Report outlining plan

Section 1402 of the bill would require the President to make a report to Congress on or before January 15, 1969, setting forth a 10-year plan covering the period June 30, 1968, to June 30, 1978. This plan would contain the number of units anticipated in both the Government-assisted and the conventional markets for each of the 10 years, together with a statement of what reduction in substandard units is expected, an estimate of costs in the various Federal programs for legislative action. The report would also include an estimate of residential mortgage market needs, including availability and flow of mortgage funds, for the coming year, and such other data and recommendations as are deemed pertinent.

##### Periodic reports

Section 1403 of the bill would require annual reports by the President on January 15 of each year, which reports would compare the results for the previous year with the goals set forth in the plan for that year. These annual reports would be required to give reasons for not meeting objectives, if that be the case, and would also set forth any revised objectives as would be necessary, together with an estimate of the availability and flow of mortgage funds. The annual reports would also provide an analysis of the monetary and fiscal policies for the coming calendar year required to carry out the objectives of the plan, and could contain such further legislative recommendations as deemed appropriate by the President.

##### Final report

Section 1404 of the bill would provide for a final report by the President on January 15, 1979 showing in detail the success or failure of the plan and an analysis of the reasons therefor.

The committee believes that there should be unification toward national housing objectives among the several departments and agencies of the Federal Government. While the Department of Housing and Urban Development is primarily involved in this subject, both the Department of Agriculture and the Veterans' Administration have direct contact with the public regarding it. The operations of the Federal Reserve Board respecting the flow of credit and the volume of borrowings permitted through the Federal Home Loan Bank Board, as well as the marketing and purchasing prices and policies of the Federal National Mortgage Association should not be determined or conducted without a view toward achieving some minimum volume of housing production consistent with the need for both housing and general economic stability.

It is the view of the committee that the stating in definite terms of annual minimum housing goals with this added requirement of giving specific reasons in case they are not met, can do much toward achievement of the volume and stability of housing production that is so essential to the orderly growth of the country.

#### ORDER FOR ADJOURNMENT

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that when the Senate completes its business today,

it stand in adjournment until 12 noon on Monday next.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### THE VIETNAMESE PEACE NEGOTIATIONS

Mr. JAVITS. Mr. President, I speak today because I feel a conscientious duty toward our two Ambassadors in Paris, Ambassadors Harriman and Vance, with whom I talked at some length in Paris Tuesday night. I promised them I would make some observations in the Senate based on our talks.

I have just returned from presiding over a meeting of the Political Committee of the North Atlantic Assembly in Brussels, and from conferring in Paris with Ambassadors Harriman and Vance about Vietnam negotiations. Also, I had the great privilege of an audience with His Holiness Pope Paul who has been such a respected and persuasive advocate of peace in Vietnam.

There are certain observations and recommendations on Vietnam which these experiences have induced me to make, and I hope they will be of use to my colleagues and to our Nation.

I found a somewhat more sympathetic attitude in Europe regarding the Vietnam war. While we were being roundly condemned before by many, European criticism is being muted. However, I see no real prospect of material support for our efforts in the war.

There is, however, relief and a sense of confidence in Europe that a beginning has been made to attain the peace. In short, there is an attitude of sympathy in Europe as we carry on the negotiations.

As to the negotiations themselves, our negotiators are Ambassadors of the highest character and proven skill. They are, of course, bound by their brief from Washington and their efforts are subject to what is happening in the war itself so long as it continues. It is about this especially that I wish to speak.

For, we must have a clear idea of what we want to attain to be able to attain it. Also, we must be prepared to hear the other side uttering the abrasive words so typical of the Communists. All the while, the threat of a walkout hangs over the heads of all, as well as the use of the talks for propaganda purposes. This is standard operating procedure for the Communists. Therefore, we must have a basic concept from which we cannot depart even though there is always the risk that negotiations may break off for a time as a result. At the same time, this concept must be of such a basic nature that we are prepared to face a "moment of truth" with the Government of South Vietnam when we may feel that we are willing to make peace on a set of agreed negotiated terms and they may not. That may happen.

What we seek, as I understand it, is to end the war by transferring the struggle to the political forum. Also, that we intend that the political resolution be on a one-man, one-vote basis. In other words, the political forum must be gen-

Mr. MILLER. I thank the Senator for responding. I must say I appreciate his sincere attempt to make a contribution to what is going on. I have some misgivings over it, especially the prospect of a long delayed period of negotiations tying up all our troops over there for 3 or 4 or 5 or perhaps 20 years. I would hope we would have some way of reconciling our differences over a deadline. I think the understanding should be that this is not to be a repetition of what happened in Korea.

Mr. JAVITS. I submit to my colleague that is above personal, let alone party, considerations. One of the main purposes of my speaking is that right now it would be very much wiser to give our people an opportunity to negotiate there without a time deadline than with a deadline. I think that is critical. I have spoken on the floor today because I wanted to get that idea across.

I thank my colleague for his help.

Mr. HART. Mr. President, before the Senator from New York leaves, I want to thank him for the comments he has made. He was thoughtful enough to send us a draft copy of his remarks. What he has had to say, and the timing of it, are excellent.

The one point that had not occurred to me, frankly, and which ought not to be overlooked in the contribution of the Senator from New York is the caution that, in the several years of brutal military action, there remain military men who are deeply convinced that, if they had a little more elbow room, they could prove what they have said all along—that they could achieve victory. The Senator from New York and I have never bought that. I think a most useful point is made when he cautions us to recognize that, human nature being what it is, there are men who have this conviction. It would be tragic if our Ambassadors, Mr. Harriman and Mr. Vance, in support of the President, are to be undermined in any respect by this small group that wants to prove it can bring the war to an end by military victory, which is impossible.

Mr. JAVITS. I thank the Senator for his comments. I really believe there is a chance at Paris to get a serious negotiation. I have tried to chart a course which would help us, if humanly possible, to realize that goal.

Mr. HART. The people of this country want a negotiated peace, and they want it done within reason.

#### NORTH VIETNAM ESCALATES WHILE NEGOTIATING

Mr. MILLER. Mr. President, in today's newspapers we read that the U.S. command in Saigon reports that last week saw 549 more U.S. troops killed in the war in Vietnam, the second highest weekly toll of the war and second only to the 562 killed the week before.

These tragic figures are what the President predicted at the White House last February 1, when he said that cessation of the bombing of North Vietnam would surely lead to more casualties among our troops.

The mounting death toll among our troops, who are bearing the real burden of this war, is the direct result of the escalation by North Vietnam of the flow of troops and war materiel into South Vietnam in response to the President's curtailment of our air campaign over North Vietnam nearly 8 weeks ago.

As I pointed out last Friday and a week ago last Monday, the President's assumption that North Vietnam would not take advantage of our restraint has proved erroneous. Press reports from South Vietnam uniformly indicate that instead of deescalating the flow of troops and war materiel to the south, north Vietnam has escalated the flow. All evidence indicated that this is exactly the kind of response that would be made.

Yesterday the President is reported to have warned North Vietnam that under no circumstances will it be allowed to win on the battlefield while negotiating in Paris. Such a warning is of small comfort to those who have paid and are paying the price for the erroneous assumption of the President that North Vietnam would not take advantage of our restraint. It is not enough. Our fighting forces in South Vietnam should not be exposed to greater peril on the battlefield, even though North Vietnam may not win on the battlefield. They are entitled to maximum protection from the enemy in their battlefield engagements. They should face fewer, not more, invading enemy troops on the battlefield.

Again, for the third time in 2 weeks, I call upon the President to take the American people into his confidence and tell them how North Vietnam has failed to respond to our restraint, has escalated its fighting forces in the south in order to cause greater casualties to our troops. And I again call upon him to make the policy decision, which the Secretary of Defense said would be made if the assumption that North Vietnam would not take advantage of our restraint proved erroneous.

I repeat that this policy decision should be in favor of—and never against—those who fight for freedom in South Vietnam.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. TOWER. Mr. President, the Housing and Urban Development Act of 1968, which we are now taking up for consideration, is the end result of a long and concerted effort by the members of the Committee on Banking and Currency to analyze and come to grips with the housing needs of our Nation's lower-income citizens.

The enormity of the problems facing many of our cities and rural communities does not lend to oversimplified solutions. These problems are real, to be sure, and the fact that we must approach the tasks facing us with every resource at our command goes without saying.

All these problems can, in my opinion, be solved if approached by a direct rather than in a disconcerted manner. We need not be awed by the seeming complexities ahead of us as we strive for solutions. And, likewise, we should not be so awed by the problems of our cities that we abandon objectivity and prudent inquiry in our undertakings in this area.

The problems facing our cities are many, but they did not arise overnight, and they will not be solved overnight. To believe such would only give rise to false hope. Our task is to make as much progress as possible, utilizing such resources as are available to do the job.

I think a good deal of the unrest, the surliness, and the angriness in our cities today has been precipitated by those of us in public life who have promised far more than we can deliver. So it should be understood that what we propose here today is not going to be a panacea, and will not solve everything overnight. However, it certainly is a start; I believe it should be recognized as such.

As our Nation's population has grown over the years, so have the housing needs of our citizens increased. The private sector of our economy has done a magnificent job of producing this housing, and our cities and communities give visible testimony to the fact that this housing is for the most part sufficient by any standard.

But, with the passage of time, there has come deterioration of large numbers of dwelling units. The lag in replacing these structures has been compounded by the increasing need for new units.

As our cities have expanded along with our population growth, great numbers of our families have sought out new and better housing to serve their needs. Much of the housing they have left behind has become outmoded and subject to neglect.

These are the dwellings that in most instances have come to be occupied by families with meager financial resources. Such structures now comprise entire neighborhoods in many of our cities.

Of the approximately 53 million occupied housing units in the United States, some 15 percent are considered substandard. It is estimated that about 75 percent of these substandard units are occupied by families with incomes of \$4,000 or less. These families are the subject of our rightful concern. These are the families most in need of a helping hand if we are to make possible a decent living environment for every one of our citizens.

If there is to be continued Government assistance in the area of housing, these lower income families should be the beneficiaries.

The Government's past record in this area, however, is not in any sense enviable. Those programs now in existence have only served to make many of our needy families wards of the Government. They have displaced more families than they have housed. Entire neighborhoods and the lives of their inhabitants have been disrupted. Housing programs intended to rehouse these families have instead been out of their financial reach.

It is no small wonder that the families living in our deteriorated neighborhoods

have not welcomed the Government's activities. To perpetuate this situation rather than providing better alternatives would be to disregard past experience.

I would urge that those programs bogged down in their shortcomings be made to justify their existence. There is altogether too little effort or inclination in this regard. Instead, programs proliferate and the ones marked by failure continue forward in unrestrained fashion. There must be a point at which we take stock of this unjustifiable trend.

In answer to where we begin and how we do it, I would answer that we must stimulate a response at the local level, unleash the productive capability of the private sector, and involve every single individual in the task at hand.

The human factor is all important. Where there is incentive and opportunity, there will be a response of individual initiative and responsibility. Direct Government involvement should be restrained when it is obvious that the price of its participation will be the inhibiting of this self-initiative.

Such has not been the case in the past, and there are those that would urge even greater reliance on the Government by the individual in the future. I would say to them that now is the time to reverse this misguided philosophy lest it erode the very foundations we should be building upon.

Greater Government involvement is not, I submit, the answer to fulfilling our country's housing needs. We have long been a nation housed by the efforts and resources of the private sector.

There should be a greater effort than ever before to accelerate the involvement of free enterprise and of the individual in solving the problems of our cities, for the Government not only cannot do the job alone but it should not be expected to do so. Every individual in every city and community should be encouraged and afforded the opportunity to participate in and benefit by the private enterprise process. It is this opportunity that we must extend.

This bill has within it several innovative programs for the production of housing for our lower income citizens. These programs hold out promise that such housing can be produced through the efforts of private enterprise, both for rental and ownership purposes.

The committee has prefaced the bill with a "declaration of policy" which calls for the highest priority and emphasis in Government-assisted housing programs for families with incomes so low that they could not otherwise decently house themselves.

By so assisting these families, we have it within our means to insure that the national goal of a decent home and a suitable living environment for every American family will be fulfilled. Our efforts should likewise encourage private enterprise to serve as large a part of the total need as it can in striving for the fulfillment of the goal.

I view the committee's efforts in formulating these programs as possible alternatives to existing programs. We should, I believe, accept, amend, or reject them in this context.

But, most importantly, I would urge that we guard against any trend toward turning our Nation into one predominantly housed by its Government. Similarly, we must not encourage the Government to enter into competition with free enterprise. Government must instead encourage free enterprise. It must encourage all of our citizens to participate in free enterprise.

As the ranking minority member of the committee's Subcommittee on Housing and Urban Affairs, I commend our chairman and my committee colleagues for their diligent efforts during the formulation of this bill.

I think that Senator SPARKMAN is probably the most knowledgeable man in the entire Congress of the United States on this matter.

We experienced an atmosphere of cooperation and cooperation in the consideration of this measure in committee. Where we have disagreed, we have disagreed agreeably.

I believe that we have produced a bill, that, while I might have some disagreements with it, represents the sentiment of the committee.

There are areas of the bill with which I do not concur, and I intend to invite this body's close scrutiny of several of its provisions. I will offer amendments to these provisions.

Overall, however, the thrust of the committee's efforts touches upon an area of vital concern to every member and relates to our national well-being in general. It is my hope that the bill will provide workable solutions to many of the perplexing problems facing our cities and their inhabitants today.

Mr. President, noting that the distinguished Senator from Alabama is present on the floor, I thought I might raise a question or two with him regarding our procedure on the bill.

I am perfectly willing for my part to agree to controlled time on the bill and on any amendments that might be offered.

I wonder if that is the view of the distinguished Senator from Alabama.

Mr. SPARKMAN. Mr. President, may I say to the distinguished Senator from Texas, whom I complimented earlier for the wonderful help and cooperation he gave in preparing the bill and bringing it to the floor, that I surely share those feelings.

I earnestly hope that we can finish the bill before leaving here for the Memorial Day holiday.

Mr. TOWER. I thought it might be a good idea, even though we do not agree on the situation, to mention it here and thus to serve notice on the Senators that this is what we would like to do.

Mr. SPARKMAN. Mr. President, I would like to do so. At some time when it is convenient and when the majority leader is available, I would like to talk with the distinguished Senator from Texas and the majority leader and the minority leader, if he can be present—and if not, certainly we can communicate with him—and see if we cannot evolve some plan that will make it certain that we can bring the measure to a conclusion before the termination of busi-

ness on Wednesday, which does mark the beginning of the Memorial Day holiday.

Mr. TOWER. I believe that if we can agree on a controlled time situation by Monday, that will be helpful.

It is my understanding that the Senator from Alabama thought it would be a good idea if I were to offer one of my amendments and make it the pending business when we come in on Monday?

Mr. SPARKMAN. It is perfectly agreeable to me. I would say that one or two more speeches will be made today.

The Senator from Wisconsin [Mr. PROXMIRE] is prepared to speak. One or two other Senators have indicated to me that they might wish to speak.

I think it would be fine if the amendment were offered.

I did suggest earlier today, in response to inquiries, that it would be my thought that there would be no votes today.

Mr. TOWER. That was my understanding. I can submit the amendment now, at a time when we are not involved in a controlled-time situation. In that way some of our colleagues would be protected.

Mr. SPARKMAN. I think that would be very good.

#### AMENDMENT NO. 822

Mr. TOWER. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The bill clerk proceeded to state the amendment.

Mr. TOWER. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with and that the amendment be printed at this point in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment, ordered to be printed in the RECORD, is as follows:

On page 3, line 22, strike out "be of lower income" and insert "have an income not in excess of 70 per centum of the limits prescribed by the Secretary for occupants of a project financed with a mortgage insured under section 221(d) (3) which bears interest at the below-market interest rate prescribed in the proviso of section 221(d) (5)."

On page 7, strike out lines 14 through 22, as follows:

"(2) Not more than 20 per centum of the total amount of assistance payments authorized to be contracted to be made pursuant to appropriation Acts shall be contracted to be made on behalf of families whose incomes at the time of their initial occupancy are in excess of 70 per centum of the limits prescribed by the Secretary for occupants of projects financed with mortgages insured under section 221(d) (3) which bear interest at the below-market interest rate prescribed in the proviso of section 221(d) (5)."

On page 7, line 23, strike out "(3)" and insert "(2)".

Mr. PERCY. Mr. President, I rise to speak today on behalf of myself and 39 Senate colleagues who last year sponsored with me S. 1592, the National Home Ownership Foundation Act. They will not be held accountable for all that I am about to say, but I feel certain I do express their deep feelings when I discuss the stabilizing effect that homeownership

can have for low income families in rural and urban America.

The Federal Government has been involved in the housing field for more than 30 years. Since 1934, the Federal Housing Administration has insured more than \$121 billion in mortgages and loans, helped 8,750,000 families to become home owners, aided builders by financing about 1,250,000 apartment units and insured 28,000,000 home improvement loans. Unfortunately most of this effort has been directed toward benefiting middle income non-affluent America. For low-income families, it has made available an estimated 685,000 units of public housing, that have proven of more dubious value.

With all of this activity our Nation's housing supply has not kept pace with demand. An estimated 8.5 million families today live in substandard housing. There are many reasons for this lag in attaining the goal of the 1949 act of a decent home for all Americans. The number of families seeking housing has, of course, dramatically increased. Our economic system has not provided the employment opportunities to all our citizens which would enable them to compete economically for decent housing. Too often the Federal Government's offer of assistance has been only to those persons who qualified as "safe borrowers" living in stabilized communities. Low-income families, or those living in certain declining urban and rural areas seldom qualified as "safe borrowers."

The result is that since the 1930's middle and upper income Americans have increasingly become homeowners. Because lower income citizens have not had this opportunity and low-income rental housing was not readily available, they have gravitated in great numbers to substandard housing in slum areas.

Now we are faced with the need to build more houses in the next 30 years than exist at present in the entire Nation. The future offers a great and difficult challenge which must be met if we are to achieve the goal we all seek.

The Senate Banking and Currency Committee now recommends new legislation which we feel corrects some of the mistakes of the past as well as takes into account the realistic situation of the present. I will not take time to detail all of the various new provisions in the Housing and Urban Development Act of 1968. However, I want to make clear that I do not feel a housing program can hope for success if it does nothing but provide new housing units. When we speak of housing we are speaking of a matter which affects a man and his attitude toward life. We need to think in terms of creating homes, not just housing.

For years there has existed a split between those whose speciality was housing and financing and those concerned primarily with the human matters, such as education, welfare, training, and employment.

Those concerned primarily with housing—the lenders, the insurers, the builders, the planners—customarily think in terms of bricks and mortar, credit records, and balance sheets. Those primarily concerned with people—the teachers,

the social workers, the ministers, neighborhood organization participants, the antipoverty employees—customarily think in terms of human needs, skills, and aspirations.

Unfortunately, there is a cognitive and behavioral gap between these various specialists. The "housing people" frequently fail to perceive the importance of peculiarly human factors, and the "people people" often fail to appreciate sound result is a serious lack of communication and coordinated activity.

Any effort to achieve both human and physical renewal for low-income families and neighborhoods, then, must find a way to bridge this gap between the "housing people" and the "people people." If it does not, the effort will run aground on the shoals which have imperiled public housing and urban renewal, which are often open to the charge of ignoring people, and the many voluntary efforts which have exhibited ignorance of sound business practice.

We must, therefore, consider the need of the "whole man," and provide programs which are comprehensive in scope so as to provide homes, not just housing. I believe that the Housing and Urban Development Act of 1968 reflects an understanding of this concept in that it calls for a coordination and integration of programs related to housing. I support this concept with enthusiasm and hope that other opportunities will be found in future legislation to enlarge upon this philosophy.

Central to the philosophy of many who have drafted housing bills in the past has been private enterprise participation. Unfortunately, however, this has not always worked well. Either insufficient incentives were given to private enterprise or the redtape connected with the programs discouraged even the most enthusiastic from taking part. The result has been that the private participation expected has never been realized. The Housing Act of 1949 stated that governmental assistance should be utilized, where feasible, to enable private enterprise to serve more of the total housing need. In my judgment, the bill now before the Senate meets this goal better than any other of the past. Realistic incentives have been written into the bill to encourage the private sector to participate in the solution of our Nation's housing problems. While we have not solved the entire problem in this bill, I think we have made a good start. The private sector now understands the importance of housing and is anxious to join in the solution of this problem. I am enthusiastic about the participation of the insurance companies in providing \$1 billion of their funds for urban programs. I look forward to the savings and loan industry and the trade union movement as well as private groups such as pension funds joining in and committing a modest percentage of their funds to this important task.

Basic to any new program which purports to assist low-income persons must be the twin concepts of local decision-making and self-help. It is evident to all who read the newspapers that there is a concerted drive in all sectors of our

society to participate in the decisions which affect their own lives. Several provisions in this bill give priority to projects which involve local citizen participation. This is as it should be, for projects, however well designed, that do not involve local citizen participation will be resented and often rejected by the community. Self-help must also be made an ingredient of more of our housing programs. To be truly successful, a housing program ought to offer an opportunity to better oneself through one's own efforts. Most lower income Americans are tired of being given handouts—they simply wish to be given a helping hand to better their life in the manner they have chosen for themselves. By opening up the range of housing choices as well as providing self-help techniques like "sweat equity," this legislation begins to make housing opportunity a more meaningful concept.

It is no secret that I personally feel strongly about offering the opportunity for homeownership to lower income Americans. As I have already pointed out, the Federal Government has done an excellent job through the FHA in making America a nation of homeowners within a relatively short period of time. Unfortunately, however, lower income families and families who reside in declining urban and rural areas have not had this same opportunity. The Housing and Urban Development Act of 1968 will provide the mechanism whereby many families who desire homeownership, but who have not yet had the opportunity can achieve this goal.

What is the tradition of homeownership in our Nation?

The cherished ideal of homeownership has roots as deep and rich as America's heritage itself. Ever since the Pilgrims set foot on Plymouth Rock, it has been an integral part of our way of life.

Long before the rise of the great cities, our forebears came here because America held forth the bountiful promise of land—land a man could afford, land whose produce could make a man independent of the great lord of the estate, land on which a man could build his own home and there raise his family in self-reliance and security.

It is not too soon to provide every possible means that as few as possible shall be without a little portion of land—

Wrote Thomas Jefferson shortly after the creation of the Republic—

The small landholders are the most precious part of the states.

By contrast, our forefathers took a scornful view of tenantry.

Tenantry is unfavorable to freedom—

Wrote Senator Thomas Hart Benton, of Missouri, in 1826—

It lays the foundation for separate orders in society, annihilates the love of country, and weakens the spirit of independence. The tenant has in fact no country, no hearth, no domestic altar, no household god. The freeholder, on the contrary, is the natural supporter of a free government, and it should be the policy of republics to multiply their freeholders, as it is the policy of monarchs to multiply their tenants.

Making the public lands available to homesteaders—

Benton argued—

Brings a price above rubies—a race of virtuous and independent farmers, the true supporters of their country, and the stock from which its best defenders must be drawn.

A year earlier, Benton's native Missouri Legislature had expressed this same basic notion:

Every law, then, which opens before the poor man the way to independence, which lifts him above the grade of a tenant, which gives to him and his children a permanent resting and abiding place on the soil, not only subserves the cause of humanity, but advances and maintains the fundamental principles of our government.

The next quarter century saw a vigorous national debate over ownership and disposition of the public lands. In an impassioned plea to Congress in 1850, signatories of a homestead petition argued that too many Americans were being reduced to "the condition of dependent tenants, of which condition a rapid increase of inequity, pauperism, misery, vice, and crime are the necessary consequences—The expelled aristocracy of European despotisms are buying up our lands for speculation, while American republicans are homeless. The case admits of no delay."

The same year, then-Congressman Andrew Johnson, of Tennessee, movingly articulated the values of homeownership. Speaking of the man helped by the government to own his own home, Johnson said:

You have made the man a better citizen of the community. He becomes qualified to discharge the duties of a freeman. He comes to the ballot-box, and votes without the restraint or fear of some landlord. He is in fact the representative of his own homestead, and is a man, in the enlarged and proper sense of the term.

In recognition of this principle, and in response to the need to make homestead lands available for ownership and settlement to the general public, the landmark Homestead Act was passed in 1862. In the best American tradition, the act made possible the development of one and a half million small family sized farms. As it opened up the Middle West to thousands of families, the Homestead Act contributed greatly toward shaping the political, economic, and social structure of the United States.

In particular, widespread homeownership helped strengthen the base of democracy. As Indiana Congressman Holman put it:

Every new home that is established, the independent possessor of which cultivates his own freehold, is establishing a new republic within the old, and adding a new and strong pillar to the edifice of the state.

Abraham Lincoln, whose administration pledged and passed the Homestead Act, was a firm believer in homeownership as an essential element in the American way of life. In a statement of great relevance even today, when city after city is beset by wanton destruction and violence, Lincoln said in 1864:

Let not him who is houseless pull down the house of another; but let him labor diligently and build one for himself, thus by example assuring that his own will be safe from violence when built.

This same theme of our heritage was stressed by California Congressman Coghlan in 1872, when he said:

All history teaches that the landholder is a friend to stable government. He has too much at stake to allow slight causes or chimerical wrongs to lead him into revolt . . . for he knows that revolution may lift the roof from over the heads of his children and even deprive him of the title to his homestead itself. Nor is this all. There is a higher impulse still. Ownership of the land promotes and fosters a pure patriotism. The land owner, no matter how small his domain, by his near relations to the government, by that lively affection for his home that all men feel, is filled with a glowing love for his country and veneration for her laws; for has he not a part and parcel of her soil?

That these latter two statements are so distressingly relevant during our current urban turmoil suggests the historical validity of the principle of homeownership.

The poet, Walt Whitman, saw ownership of homes as a fundamental element in the great America to come when he wrote in 1888:

The final culmination of this vast and varied republic will be the production and perennial establishment of millions of comfortable city homesteads and moderate-sized farms, healthy and independent, single separate ownership, fee simple, life in them complete but cheap, within reach of all.

President Calvin Coolidge expressed it this way:

No greater contribution could be made to the stability of the Nation and the advancement of its ideals than to make it a Nation of homeownership families. . . . All the instrumentalities which have been devised to contribute toward this end, are deserving of encouragement.

President Herbert Hoover went even further in associating homeownership with the American way of life:

A family that owns its home takes a pride in it, maintains it better, gets more pleasure out of it, and has a more wholesome, healthy and happy atmosphere in which to bring up children. The home owner has a constructive aim in life. He works harder outside his home; he spends his leisure time more profitably; and he and his family lead a finer life and enjoy more of the comforts and cultivating influences of our modern civilization. A husband and wife who own their own home are apt to save. They have an interest in the advancement of a social system that permits the individual to store up the fruits of his labor. As direct taxpayers they take a more active part in local government. Above all, the love of home is one of the finest ideals of our people.

A century and more ago, the issue was between freehold and land tenantry. Today, in an increasingly urbanized America the context is changed. No longer do we think of ownership so much as a source of income, but rather as the possession of a valuable consumer good. The underlying principle, so much a part of our national tradition, is the same.

The freeholder of the 19th century becomes the homeowner of the 20th, and the tenant farmer of an earlier era becomes the man with no choice but to rent his dwelling from another. The goal today, as yesterday, is to broaden every man's choice, so that millions of American families who rent, but who yearn to

own, may have a reasonable chance to become owners.

Instead of a sod hut on the open prairie or a log cabin in the forest, his home may be a city house, an apartment in a high rise cooperative building, a condominium unit, or a self-help home in the country. But the values encouraged by homeownership—whether on the prairies of the last century or in the cities, small towns, and rural areas of the modern age, are the same. To them, much of what we call the American way of life may be attributed.

The values of homeownership are many and varied. Perhaps the most basic are the psychological values—the feelings of security, of identity, of "roots" that can come from owning a decent home of one's own.

As Robert Ardrey has written in his recent book "The Territorial Imperative," man, like the other animals, needs a place to call his own. He needs to feel that there is at least one place where he is lord and master, where the decisions are made not by some outside person, but by himself, beholden to no other. The possession of that place helps to give him identity. It gives him the satisfaction of having something and being somebody. It gives him roots and a stake in his community. Renting, while preferred by many for various reasons, can seldom produce these psychological gratifications in equal magnitude. And today, those who stand most in need of those psychological gratifications are those who have the least opportunity for attaining them.

The prospect of owning a decent home of one's own can also be an important means for overcoming the "motivation barrier." Characteristically, lower income families feel that they have little or no control over events and their environment. They see little opportunity for advancing to a happier condition, both economically and socially. Their behavior focuses on immediate desires, often at the expense of attainable long-range rewards. In short, they feel that nothing they do can make a difference.

If a poor man attempts to take charge of his life in an aggressive way, he frequently comes to immediate grief. The complex forces of mass society rebuff his unsophisticated efforts. He is told to go stand in another line. His job is unexpectedly taken over by a machine. He is condescended to and patronized. After several such frustrating experiences, he begins to lose any incentive to invest in himself in expectation of later rewards. He is up against the motivation barrier.

In the matter of housing, the result may be resignation to misery. When the plaster falls on the floor, the landlord can't be found to do something about it. When the superintendent promises to have the hot water back on in a day, it takes a week or a month. These annoying and demoralizing aspects of the tenant's life lead in many cases to sullen fury, manifested in ways ranging from air mail garbage to the molotov cocktail.

But among the poor there are many who have the innate willingness to strive and the capacity to achieve, provided

this motivation barrier can be overcome. This can be achieved by more ways than one. But one way is to show a low-motivation family the realistic prospect of becoming the owner of a decent home or apartment of his own. In actual experience, families have achieved remarkable feats of completing their basic education, of straightening out credit records, of taking training for better paying jobs, of budgeting the family income, and even of changing their life style—merely because of the influence of homeownership or its realistic possibility. In one case on record, a family with no cash income at all—the husband sleeping in a public housing washroom, the mother working in a church kitchen in return for leftover food for her children—became stable homeowners. The prospect of that decent home of their own pulled them together and got them moving up the ladder toward economic security.

Associated with this surmounting of the motivation barrier is the value of independence. A family that owns its own home, even if it is heavily mortgaged, nonetheless enjoys an independence unknown to the tenant. He cannot be bullied or pressured or threatened with eviction—or at least not nearly so easily. He is, in at least one important aspect, his own man.

An important manifestation of homeownership is a visible new pride in the home. The homeowner, not the tenant, puts out flower boxes, manicures the lawn, and paints the trim. He knows that it is up to him, and not to anyone else, to mend the broken window and the rusty gutter, and that the improvements he makes add to the value of his own property. In many lower-income areas resident-owned homes may often be identified by little more than a cursory glance, so evident is the additional care and upkeep lavished upon them. As Prof. George Sternlieb has written in summarizing his investigation of the Newark slums:

The prime generator of good maintenance is owner-residence.

Related to improved maintenance of the individual's home is a respect for the property of others. Homeowners, unlike renters who can walk away from their house or apartment, have an investment. Violence, theft, and vandalism damage that investment. It is thus very much in the homeowners' interest to discourage destruction and to encourage respect for property rights and the law that provides that protection.

Becoming a homeowner requires a certain investment in education. Mortgage financing must be arranged, taxes paid, and insurance contracted for. The homeowner must learn how to deal with minor home maintenance problems and, when they are beyond his competence, to contact the plumber or electrician or other craftsman. He must learn how to pay bills and how to keep track of his expenses. He must learn to project his finances ahead into the future, so that he will have the resources to meet future needs as they arise.

In the course of doing these things the homeowner comes to know a wide range of businessmen. He may learn how to

do business with the insurance agent, the contractor, the mortgage lender, the lawyer, the accountant and the realtor. These interactions educate the home buyer in the American economic system. Its workings appear less mysterious to him. He comes to regard it, on the whole as a system for dealing with human needs through the institution of the marketplace, and not as a conspiracy to plunder his substance. It makes him more practical, more knowledgeable, and less detached from the larger society of which he is a part.

Finally, homeownership can be a powerful contributory influence on good citizenship. The homeowner, for the same reason that he takes better care of his property, takes a greater interest in his community. The condition of his neighborhood becomes of greater concern to him. The responsiveness—and responsibility—of local government and his elected officials assume new relevance. It is his voice, more than the renter's, which is heard at the neighborhood meeting or the city council session. Having a tangible stake in his community, he acquires with it a renewed sense of responsibility as a citizen for the welfare of his community, State, and Nation.

Acquiring homeownership does not automatically instill in a poor man—or one recently poor—all these values. Merely signing a deed and a note does not transform a despairing, alienated slumdweller into a middle-class, aspiring homeowner. But over the long run the fact of homeownership can have an important effect on the family that rose from lower income tenant status to achieve it. That effect will be strengthening and reinforcement of values and behavior patterns long proven to be conducive to the highest ideals of America and the highest welfare of its people.

When the bill which we are considering here today is enacted, the potential for homeownership will be increased many fold. The subsidies provided in the bill, the new tools given to FHA and the multifaceted assistance provided for local organizations by the National Home Ownership Foundation will accelerate progress in this area so that a million Americans can move into a home of their own within the next 3 years that could not possibly have accomplished this "American dream" otherwise.

However, I wish to make it quite clear that the bill by itself does not represent instant homeownership. This bill merely provides the tools with which the private sector can undertake homeownership programs. Without the energetic and innovative participation of bankers, churches, labor unions, savings and loan associations, community organizations, and other private groups, this bill will amount to absolutely nothing. It will be just another housing bill. Now that low-income housing investment represents no greater a risk than other housing investments, the financial community must be willing to invest in these projects. Unions must open their ranks to more Negroes. They have both a moral and a practical obligation to do so for there are simply not enough skilled workers available to meet the present construction needs of

the country, much less the additional 300,000 federally assisted housing units proposed for next year. In short, without the active support and cooperation of all segments of the private sector, this bill will not realize its potential. But with their support and enthusiastic involvement, this legislation can be a new dawn for hundreds of thousands of low-income Americans.

I would like to make a comment at this point about the housing bill in relation to the Poor People's Campaign. The Banking and Currency Committee has worked on this legislation for the past 17 months so that no one can claim that the bill is a direct response to the Poor People's Campaign. However, it is the first major new urban legislation to be considered by the Senate this session. There has been a sense of urgency throughout the committee's deliberations. We began our hearings last year immediately after the Newark riots and began executive sessions this year on a schedule drawn up months before at the time of Dr. King's assassination. There has been sufficient evidence of late of the graveness of our urban problems. These problems will not be basically solved by increasing our police forces, or by special riot training of our National Guard. Our work here today on this housing bill is as important an ingredient to the solution of our urban ills as any that I know.

While housing may not be the total answer to the problems of the urban ghetto, it is an indispensable part of that answer. The National Advisory Commission on Civil Disorders listed three primary factors in Negro unrest: inadequate housing, unemployment, and police practices. Unless the Negro can improve his living conditions within the ghetto and unless we deploy the means whereby he can obtain decent housing in the suburbs, we shall only have additional and more serious urban unrest. By providing the means whereby families can own their own homes, we are providing more than decent shelter. We are permitting individuals to have a sense of pride in themselves. Without pride there can be little self-direction, ambition, and other important motivational factors. We cannot, of course, expect too much from this new program. Public housing has proven how wrong we can be in our understanding of the needs of lower income families and I sincerely hope that this new homeownership program will prove how right we can be.

Behind the presentation of this bill to the Senate lies many months of diligent and arduous work by the members of the Housing and Urban Affairs Subcommittee and the committee staff.

Throughout the deliberations of the subcommittee, two factors were conspicuous: the willingness of all members of the subcommittee to work together to bring out a measure commanding unanimous support, and the absence of partisan differences. The members of the committee were determined to bring forth a workable significant legislative package. The committee's success is a tribute to the leadership of its chairman, the distinguished Senator from Alabama, Senator JOHN SPARKMAN, also

chairman of the Subcommittee on Housing and Urban Affairs, whose industry and patience were essential ingredients. I am deeply in debt to him for his understanding and patience with a freshman member of the subcommittee. The ranking minority member of the committee, my able colleague, Senator WALLACE F. BENNETT, deserves great credit, as does the able, dedicated and creative gentleman from Texas [Mr. TOWER] ranking minority member of the subcommittee who long ago recognized the desirability of homeownership. Through their efforts, and those of the entire membership, the committee has produced a genuine congressional initiative of sufficient importance to refute those who view Congress as a mere handmaiden to the executive branch. I am hopeful that the Senate, in approving this measure, will ratify the committee's initiative and craftsmanship by a vote commensurate with the efforts of the combined committee leadership.

I wish also to commend my colleague in the House, the Honorable WILLIAM WIDNALL, of New Jersey, for the leadership that he and 111 Members of the House had in sponsoring the National Home Ownership Foundation Act last year that contributed so substantially to the omnibus housing bill just reported out by the Housing Subcommittee of the House of Representatives.

Mr. PROXMIRE. Mr. President, I rise to speak on the pending bill as the ranking majority member of the Senate Committee on Banking and Currency and ranking member on the Subcommittee on Housing and Urban Affairs. I am happy to pay tribute to the chairman of the Committee on Banking and Currency, the distinguished Senator from Alabama [Mr. SPARKMAN], who has been Mr. Housing for as long as I have been in the Senate, for 11 years.

The Senator from Alabama has developed well-deserved recognition as an outstanding national expert on housing. He is certainly the Senate expert.

Literally hundreds of thousands of the housing starts we have had over the years are due in no small part to the distinguished Senator from Alabama. He has done a great job on the pending bill. The bill sets many new precedents.

The Senator from Alabama is truly the architect of this major bill.

I also pay tribute to the Senator from Texas [Mr. TOWER], the ranking minority member of the Subcommittee on Housing and Urban Affairs. The Senator from Texas has been a most constructive member of the committee. And, incidentally, he agrees with me, and I believe very strongly, on the necessity for housing legislation, recognizing that the country cannot afford to do everything we would like to do and that we must concentrate primarily on providing an opportunity for housing to become available for those families who cannot afford it.

These are the people who most urgently need it. If we are not careful about the kind of housing legislation we enact, we will be placing an enormous burden on the American people, and we will fail to meet the legitimate needs of the people of our country.

Mr. TOWER. I thank the Senator for his gracious remarks. The efforts of the Senator from Wisconsin with regard to the pending legislation have been tremendously helpful. I thank him for pointing out the very great need for targeting our effort toward the very-low-income families.

Mr. PROXMIRE. Mr. President, other members of the committee have worked very hard on the pending measure.

I should like to say that the Senator from Minnesota [Mr. MONDALE] has been really most inventive about developing the concept of homeownership which is incorporated in the bill. The proposal of the Senator from Minnesota breaks new ground, and I think it will make a great contribution in this field.

The Senator from Illinois [Mr. PERCY] worked, and worked very hard, with the Senator from Minnesota.

I have seen few Senators in the years I have been in the U.S. Senate that have worked harder on a piece of legislation than has the Senator from Illinois on this bill this year and last year in organizing support for his position and testing it over and over again during the debate in the committee and coming up with, I think, a great piece of legislation that will enable hundreds of thousands of poor families who could not possibly now own their own homes to own them.

In owning their own homes, these people will develop a sense of responsibility and motivation which is too often lacking in people who do not possess property.

After 20 years of housing legislation, we still have a most serious problem in this country in respect to housing.

Eighteen years ago, in 1950, there were 4.5 million houses that were classified as dilapidated. I refer to the hard core of slum housing—not just housing that was substandard, but housing that was so dismally poor it fell into the lowest or dilapidated category.

In 1960, 10 years later, there were still 4 million housing units that were classified as dilapidated.

What happened is that 3 million of those 4.5 million units that were classified as dilapidated in 1950 left the inventory of dilapidated housing. However, 2.5 million more dilapidated housing units came into the inventory. So it appears that we have been creating slums almost as rapidly as we have been eliminating them.

It is true that we do not have up-to-date figures that are accurate on the situation that exists in 1968. But I suspect that we are still in pretty much the same situation we were in in 1960. We know that we have millions and millions of Americans living in slums, living in dilapidated, unsafe, unclean conditions, disease-ridden conditions. This is partly because of the legislation which has been passed, much of it with good intent, but legislation that really has wreaked havoc in some cases.

In Newark, in Cleveland, in Chicago, and in many other cities what has happened is that urban renewal has come in with the purpose of eliminating slums, but has literally created them. Over the years since 1950, 385,000 units were demolished but only 42,000 low- and moderate-income houses were con-

structed. This meant that the homes of people were demolished in order to clear the slum area, but instead of those people being able to move into low- and moderate-income housing they could afford, they were just pushed into new slums.

In addition, the FHA redlined the slum areas. This is understandable. I am not blaming the FHA as being poorly motivated, but they felt they had to comply with congressional enactment. That means that in the past, if a ghetto area was considered to be economically unsound, that it was an economic risk to insure housing in the area, even if the homeowner was responsible, hard working, and clearly a good risk, the FHA would not insure the housing there. Under these circumstances, of course, it was difficult or impossible for the slum areas to develop. They could not get FHA insurance. It was very difficult to get financing.

The FHA, as I have said, had followed the policy of redlining—of not going into the ghetto areas. We have corrected that in an amendment I have provided to the bill.

There is not a Member of the Senate—and very few Americans—who does not recognize that rioting not only is completely destructive and vicious but also is a terrible problem for the country. At the same time, we must recognize that one of the causes of riots—one of several, but a very important cause—is that millions of Americans live under conditions which are so revolting, so vicious, and so bad that they seek to protest in this most unfortunate way.

I should also like to point out—because this is something we are trying to develop in the bill, and I have an amendment calculated to meet it—that the cost of construction, the cost of building a home, is high and is rising rapidly. Unless we can find some way to introduce new methods, less expensive methods, more efficient methods of building housing, we will not be able to provide housing for people with low incomes without virtually bankrupting the country. We must find ways and means of constructing homes more cheaply than at present.

Mr. President, we should view this housing measure in relationship to the open housing bill, the great civil rights bill, that recently passed the Senate. It was enacted into law only a few weeks ago. That open housing measure can be an opportunity for minority groups in this country to secure safe and sanitary housing and to live in areas where they can have the kind of fine education so many Americans have, and to live in areas where they will have access to good jobs. In order for that to be possible, they must be in a position to buy their homes or pay rent within their limited income. This bill provides the economic muscle that makes the open housing legislation meaningful.

So, Mr. President, it is clear that a very big job in housing remains. It should also be clear that this bill starts—and I stress "starts," as a small beginning, as a step in a thousand-mile journey—in the right direction.

I believe we should recognize that we cannot achieve big ends—although we

would like to—without spending big money, and we all desire to do what we can to hold down spending. However, to appreciate what this bill would and would not do, it is necessary to see that in the coming year the expenditure impact of all the new programs involved in this massive housing bill—the expenditure impact in the coming fiscal year, beginning July 1—is only \$14 million—not billion dollars, but million dollars. As I have said, this is a beginning. So it is clear that for that kind of money the amount of housing units that can be constructed is only a fraction of 1 percent of what is needed.

I wish to stress the fact that we know from our experience with new programs in the past that the new programs we are now beginning will take years and years to really begin to pay off in new housing units. Approximately 3 years ago we began a rent supplement program. In the first 2½ years of the rent supplement program, in which so much hope and faith had been placed for providing housing for low-income people, how many low-income families were assisted? Through 1967, in the entire country, 400 low-income families were assisted. I say that not out of criticism, necessarily, although I believe some criticism of the administration of the program is merited, but to indicate that this is not the kind of situation in which you pass a bill today and next month solve all sorts of problems. It will not take months but years and years for this bill to have its real effect.

One other example of how slowly these programs operate is the urban renewal program. I am sure that all of us who have viewed urban renewal in our cities know how long it takes to get such a program moving—the court action, the work before the programs are approved, the agreement with local authorities, and so forth, and, then the demolition of the blighted areas. But this is just the beginning. We know how often blighted areas have been demolished, the bulldozer has come in, and then for years those areas—very valuable areas—in our cities have just stood fallow—and by “fallow” I mean the weeds growing up, without any real progress.

Mr. President, the programs we have had in the past—rent supplement, urban renewal, and the other programs—are beginning to move now, and with much more speed. But I say this because I believe we should put all this in perspective and recognize that the housing bill will not have its effect today.

There are reasons why I believe this bill will be the most effective housing bill Congress has ever passed. One reason is that for the first time we are requiring the Administration to specify its goals, not just in terms of new housing starts and the number they want to get in a year, but for every single program. We are requiring that they come forward each year and indicate how many housing programs they expect to have for the low-income people, for the elderly, and so forth, under each program. Then, at the end of the year, we will have a report from them as to how far they have gone to achieve their goals, so that we can compare their goals with

their achievements. We go further. After that is done, we consider why they have not been able to achieve their goal, and the Administration is required to come to Congress and say why they have not done it and what they intend to do about it.

With this type of congressional oversight, and direction, and guidance, we will make some real progress.

In addition, the bill contains a number of other provisions which I intend to discuss in greater detail, but let me say just one more thing with regard to the general approach to this bill. We all recognize that if we are going to get any housing constructed in a big way in this country, the greatest obstacle is high interest rates. As long as interest rates are high, there is a great inhibition against construction; because the interest, even with moderate interest rates, is likely to be at least equal to the cost of the home, over the period that the home is being paid for.

Very few people can take from their pocket or from their bank account enough money to pay for their home. They must get a mortgage, pay off the mortgage, and pay interest on the mortgage; and the cost of interest adds enormously to the cost of the house. We all know that interest rates are now at their highest since the Civil War.

Mr. President, I think that no matter what we do in connection with the tax increase and spending reduction package, and no matter what we do in terms of correcting the balance of payments, the overall situation is such that we are going to have high interest. We hope it will not be as high as it is now, but we will have high interest rates for years to come. This bill has been especially designed to meet that problem. If it did not, it seems to me that whatever the bill provided, we would not get housing constructed because the reality of paying such high interest would prevent it.

I shall now make a few observations about the bill.

Mr. President, I am pleased to support S. 3497, one of the most significant housing bills recommended by the Committee on Banking and Currency in the last 20 years. In 1949, the National Housing Act declared as a national goal the realization of decent, safe, and sanitary housing and a suitable living environment for every American family. Although an improvement in housing conditions has long been a basic Federal policy, our results today fall far short of our objective. As the Kerner Commission on Civil Disorders has pointed out:

In the 31 year history of subsidized Federal housing only about 800,000 units have been constructed, with recent construction averaging about 50,000 units a year. By comparison, over a period of only 3 years longer, FHA insurance guarantees have made possible the construction of 10 million middle or upper class homes.

I believe the time has come for a massive reorientation in our housing programs. We must begin to shift the emphasis toward providing decent housing for lower income families. The evidence has long been abundantly clear that inadequate housing is one of the principle causes in the deterioration of our central

cities. The Kerner Commission listed adequate housing along with jobs and education as the three most pressing problems facing the residents of the urban ghetto.

The Housing bill now before us would make a significant start toward solving the housing problems of lower income families. Although the authorizations are for 2 years, the housing program recommended to the Congress represents the start of a 10-year program for realizing our national housing goals.

For the first time the administration has developed a practical and long range program for solving the housing problems of America. While the Congress over the last 10 years has enacted considerable legislation dealing with housing, the fact remains that the actual accomplishments resulting from this legislation have been sporadic and piecemeal in nature.

Under the 10-year housing program contained in the President's message, 6 million housing units would be constructed for low- and moderate-income families or an average of 600,000 units a year compared to the present rate of 50,000 a year. Mr. President, this is designed to begin a program to increase housing for low- and moderate-income families by twelvefold; not twice, not five times, but twelvefold over the next 10 years. In addition, the plan foresees a total of 26 million housing units over the next decade or an average of 2.5 million units a year.

Mr. President, this is a substantial increase over our present level of housing construction both for lower income families and for the general market as well. It is a bold and ambitious plan; but I believe it is a realistic and achievable plan. The Department of Housing and Urban Development has presented a careful study showing the impact of the 10-year program upon our economy. While our economic resources and the mortgage credit capacity would be stretched, the evidence shows that given the will the problem can be solved over a 10-year period.

Considering the fact that our Nation is spending upwards of \$30 billion a year on the war in Vietnam, it is not realistic that the Congress can suddenly divert billions of additional dollars to solving our problems at home. But nonetheless, I believe this bill represents a substantial step in the direction of realizing our housing goals. Our problems cannot be solved overnight, but we can indicate that we recognize the problem and are taking firm and decisive action to bring about a solution. The frustration and despair of those who live in the ghetto can be lifted if they sense a national commitment to eradicate slum housing. No matter how long or difficult the task may be, today's burden can be made tolerable if one can see the end in sight.

In order to emphasize the long-term approach to our housing problems, I introduced an amendment which was accepted by the committee which would require the President to submit a formal 10-year plan to the Congress next January. This is included in S. 3497 as title 14 beginning on page 283. Each subsequent year, the President would be re-

quired to report to Congress on the progress realized as measured against the plan. Whenever the progress in any year falls short of the plan, the President would be required to indicate the reasons why and to propose specific steps for bringing the plan back on schedule. By focusing annual attention on our housing goals, I believe we stand a much better chance of realizing these goals in an orderly and expeditious manner. The annual report on housing would be comparable in status to the President's Economic Report. It would focus national attention upon the unfinished business of our Nation.

Mr. President, many of our more intricate and complicated weapon systems are programmed over a 10-year period. In the early part of the 1960's we embarked upon a 10-year plan for putting a man on the moon. If we can make a national commitment to put a man on the moon in 10 years, I believe we are equally capable of making a commitment to solving our housing problems in 10 years. There is no reason why Congress cannot use the same management techniques to manage our housing programs which are employed by the Pentagon and the Space Department to manage defense and aerospace programs. I highly recommend title 14 to the Senate and hope that it will be included in the final legislation passed by Congress.

Mr. President, in addition to providing the first increment of a 10-year program, the Housing and Urban Development Act of 1968 constitutes a substantial reorientation of housing programs. The Kerner Commission recommended that our housing programs be reoriented to serve the needs of lower income families. I would like to describe briefly for the Senate several amendments which I proposed along these lines and which are included in the bill:

First. The urban renewal program has been reoriented to concentrate more on low and moderate income housing. This is a program that started out to help people who live in the slums so that they might live in better homes. We know that over the years this has not happened. The committee adopted an amendment I offered to require that at least 50 percent of the housing units created by residential urban renewal projects be for low and moderate income families. Under present law only 20 percent of housing units established under residential urban renewal projects need be for low and moderate income families. Thus, we substantially increased the commitment of the program to the needs of the poor. In the past, the urban renewal program has all too often operated to displace low income families while constructing luxury apartments for upper income families. The Federal bulldozer must be reformed if the urban renewal program is to survive and I believe the Congress and the Department of Housing and Urban Development have made substantial strides in reforming the program.

Second. Language has been included in the report of the committee directing the Department of Housing and Urban Development to concentrate on residen-

tial urban renewal projects as opposed to nonresidential projects. Tall office buildings may please mayors and councilmen but they do not provide housing. In the past, approximately one-half of urban renewal funds went for nonresidential downtown urban renewal. Today, under the strengthened guidelines of the Department of Housing and Urban Development, this percentage has dropped to 32 percent. The committee report language directing the Department to maintain this policy.

Third. The legislation recommended by the Department of Housing and Urban Development would have focused assistance of those families toward the upper and the moderate income level. While we must assure that every family has the ability to obtain a decent home, I believe that the priorities must be shifted first to those on the lower end of the income scale. We need to solve our most pressing problems first before we move on to attack those of a lesser nature. For this reason, I proposed an amendment which was accepted by the committee which limits the income ceilings of those eligible for the new home ownership program and the administration's proposed interest subsidy rental housing program.

The amendment requires that at least 80 percent of the funds made available for these programs be used for families whose incomes are below 70 percent of the present 221(d)(3) income ceilings. This will insure that the benefits of the program will go to those who most need it, while at the same time providing enough flexibility in the program to accommodate the needs of families who live in areas of extremely high construction costs.

Fourth. Title 4 of the bill includes a new program for assisting the families of new communities. The title will provide guarantees for financing new communities. It also provides a program of supplemental grants for local public works projects constructed pursuant to the plan for the new communities. The committee approved an amendment which I offered which conditions such grants upon the construction of a substantial number of housing units for low and moderate income persons. If we are to assist in the planning and establishment of new communities and new towns we must strive to insure that the plan provides for low and moderate income housing as well as upper income housing.

Fifth. Last year in considering S. 2700, the committee approved an amendment I offered which permits the Secretary to waive existing FHA requirements in declining urban neighborhoods, if such waiver is needed to provide adequate housing for low and moderate income families. For many years FHA has concentrated in the suburbs while permitting mortgage credit in the central city to dry up. FHA is not to be entirely blamed since the law now requires that the FHA cannot insure in neighborhoods unless it makes a finding that such neighborhoods are economically sound. Under this legal restriction, FHA has concluded that it lacks the necessary

authority to insure mortgages on a substantial scale in declining urban neighborhoods. By removing this legal restriction, we will insure that the program serves the needs of the poor as well as the needs of the middle class. I am delighted that the administration has endorsed this proposal and has included it in the legislation recommended to the Congress for 1968. The provision is embodied in the bill now before us.

Sixth. Senator PERCY and I introduced an amendment, accepted by the committee, which requires that to the greatest extent feasible opportunities for employment arising in connection with the construction or rehabilitation of housing existing under the low and moderate income housing programs should be given to lower income persons residing in the area of such housing. I believe this provision will serve to reduce the high rate of unemployment in the ghetto which is currently two or three times higher than the national average rate of unemployment.

I believe that these six provisions, taken as a whole, will substantially reorient and reduce the housing and urban development programs to better serve the needs of the poor.

I also want to mention, Mr. President, an amendment I introduced to the national riot insurance program which would extend the existing Federal disaster relief programs to riots and civil disorders as well as natural disasters. This would permit the President to declare a local riot-stricken community eligible for Federal disaster relief aid including emergency debris clearance, temporary housing and shelter, and the replacement of essential public facilities. In addition, the Small Business Administration would be permitted to make 30-year 3-percent loans to homeowners and businessmen affected by the riot.

In addition, if the President declared the area a disaster under the Federal Disaster Relief Act, the Small Business Administration could make loans for working capital purposes as well as to replace damaged plant and equipment.

Also, Mr. President, the Housing and Urban Development Act of 1968 contains a provision which I cosponsored with Senator JAVITS to reduce the pressure on the college housing program. Under the terms of the existing program the Secretary of Housing and Urban Development can make 3 percent direct loans to colleges and universities for the purpose of constructing college housing. The demand for 3-percent loans far exceeds the available supply with a result that many colleges have delayed their housing construction plans in hopes of eventually obtaining a more favorable 3-percent loan. Senator JAVITS and I have offered an alternative approach. It would permit the colleges and universities to obtain financing on the private market. The Department of Housing and Urban Development would be enabled to make annual interest repayments representing the differences between the market rate of interest and 3 percent. This will permit the Department to assist in the financing of several hundred million dollars of college housing while paying only the inter-

est subsidy cost of \$10 million a year. The alternative approach thus substantially reduces the impact of the program on the Federal budget.

By substantial, I mean the cut is by one-thirtieth of what it otherwise would be—even less than that.

Finally, Mr. President, I intend to offer an amendment to provide for a large scale program of experimental housing. The necessity for expanding the experimental housing program was presented to the committee in testimony from former Senator Paul H. Douglas, who is now the Chairman of the President's Commission on Urban Problems. In his testimony, Senator Douglas indicated that if we are to meet our goals of constructing adequate numbers of low income housing units we must achieve substantial technological breakthroughs. Only by lowering the cost of housing can we be sure that those with low incomes will be able to afford decent housing.

This Government cannot afford and will not pay for housing at the enormous cost which is now developing. The only way we can solve it is to effect technological breakthroughs which are practical and positive, and thus save literally billions of dollars in housing legislation in the future.

The amendment, therefore, would permit the Department of Housing and Urban Development to utilize its existing low and moderate income housing programs for experimental purposes. The Secretary would have authority to construct a thousand units a year to develop new housing technology. The housing would be constructed on Federal land or on land in which the laws of the local community permit the construction of experimental housing.

Mr. President, I believe that this bill is a most significant attack on poverty and when enacted will be the most far-reaching achievement of the 90th Congress.

I mean that. It will be the most far-reaching achievement the 90th Congress will have made—although it has made many already.

I am hopeful that following debate it will receive the support of the entire Senate. I want to especially compliment the able leadership of Senator SPARKMAN, the chairman of the Committee, in bringing this legislation to the floor. Every member of the committee had a hand in shaping the bill. Senator PERCY, of Illinois, is to be particularly commended for his constructive participation. More than any other individual he was responsible for emphasizing the importance of homeownership on the part of the low and moderate income families. I also believe that Senator MONDALE played a most useful role in developing this important legislation. Through the long executive sessions, he has developed a unique grasp of our housing problems and is responsible for many effective provisions in the bill. In fact, the entire Committee on Banking and Currency is to be congratulated for its achievement on this legislation.

Mr. WILLIAMS of New Jersey. Mr. President, will the Senator from Wisconsin yield?

Mr. PROXMIRE. I am happy to yield to the Senator from New Jersey.

Mr. WILLIAMS of New Jersey. The Senate is now considering what I am sure is probably the most comprehensive housing bill ever put before it. I ask the Senator from Wisconsin, who has been in the Senate and a member of the Committee on Banking and Currency longer than I have, is that not a fact?

Mr. PROXMIRE. I would agree wholeheartedly that this is the most comprehensive housing bill which the Senate has considered since I came to the Senate. It is not only comprehensive, as the Senator has indicated, but as he knows so well, also breaks new ground.

Let me say to the Senator from New Jersey that there is no more innovative pioneer than the Senator from New Jersey. The remarkable contribution he has made in the area of mass transportation, in open spaces, and in the whole area of housing, has been one in which his inventive mind has been most helpful in committee and, I think, most important for the country.

Mr. WILLIAMS of New Jersey. I appreciate that, but I did not ask the Senator from Wisconsin that question in order to provoke such very kind comments. I certainly appreciate them.

As comprehensive as is the pending bill, it has worked through the committee process of hearings, discussion, debate, and change, most thoughtfully and without acrimony, with our wise and beloved chairman, the Senator from Alabama [Mr. SPARKMAN], at the tiller. We have run the course to final consideration of this most necessary legislation. I do not know of any area of housing which has not been dealt with. We have dealt with the whole matrix of community living, rural, suburban, and city.

As the Senator from Wisconsin mentioned, I have, over the years, been working on some of the programs that can make for a more livable community. We have done so through the committee, in urban transportation, in open space programs, and in others. I shall mention two or three others in a moment, as we can be brief today, while probably there will be additional debate when the bill again comes before the Senate on Monday next.

Mr. President, in its recent report on civil disorders, the Kerner Commission recommended that the Federal Government "bring within the reach of low- and moderate-income families within the next 5 years 6 million new and existing units of decent housing, beginning with 600,000 units in the next year."

Secretary Weaver, in testifying before the Banking and Currency Committee on the administration's housing bill, reiterated this need. The Secretary, however, proposed a 10-year housing program rather than the 5 years recommended by the Kerner Commission and asked for additional authorization of \$662,500,000 for fiscal 1969.

I, for one, prefer the approach recommended by the Kerner Commission. The authorization asked for in S. 3497 provides a bare minimum authorization to carry out the most pressing need for adequate low-income housing

and to rebuild our Nation's ghettos. Any further cuts in the authorization would wipe out the recommendations of the Kerner report.

As a member of the Senate Committee on Banking and Currency, and its Subcommittee on Housing, I serve in a dual capacity. I find myself interested in the overall question of housing policy and the need for adequate housing for all of our people. And, as chairman of the Senate Special Committee on Aging, I share an interest in the housing problems of older Americans. The bill before us makes a number of new approaches to elderly housing, and I would like to comment briefly on these and other aspects of the pending bill.

Section 106 of the bill provides for assistance to nonprofit sponsors of low- and moderate-income housing by making available technical information in the planning stages. Experience has shown that many of the nonprofit sponsors do not have the background or the working knowledge required for adequate planning of their projects.

I am delighted that this provision for assistance has been included in this legislation. It should point the way to greater participation on the part of the nonprofit sponsors of elderly housing in meeting the great need for such housing that now exists.

Turning now to the established housing programs that benefit the elderly, the bill creates a new section 236 under the National Housing Act. This section provides for interest rate subsidies to the buyer. The reliance of the old programs on direct Federal loans has been a restrictive force in the view of the Department of Housing and Urban Development, necessarily limiting the number of projects that become available. I am confident that the new section will go far toward correcting this inadequacy.

For the rent supplement program, the bill provides \$40 million in added contract authority.

In its annual report, the Senate Special Committee on Aging commented on the statue of the rent supplement program:

The experimental provision of the Act allows five per cent of the program funds to be used to assist low-income elderly or handicapped occupants under the Section 202 and 231 programs. At year's end, \$1.7 million of the \$2.1 million available under these programs had been allocated. These commitments covered 124 projects containing 2,800 units, out of an over-all project total of 15,000 units.

I am pleased that the contract authority of this vital program is being increased.

I am also pleased that increases have been provided for the low-rent public housing program. These increases would include \$100 million when this bill becomes law.

One of the longfelt needs of public housing management, Mr. President, concerns providing adequate tenant services to low-income tenants.

A need for upgrading management practices in public housing has also been indicated. Under the terms of the bill, local housing authorities may make application to the Secretary of the Depart-

ment of Housing and Urban Development to receive assistance on a case-by-case basis. This attempt to provide the means to improve the economic and social condition of tenants in need of assistance would bring the most efficient use of available resources.

An interesting part of the bill, dealing with low-rent public housing, permits tenants of such housing to purchase any unit found to be suitable for individual ownership. Mr. President, this extension of the principle of home ownership can have a salutary effect on tenants of public housing. It could bring them a sense of personal involvement and an increased feeling of security.

Before leaving the area of public housing, I would like to mention the provision in the bill for the public housing on Indian reservations. Under existing law, public housing is not permitted to be located on a farm or an extension of a farm site. I hope this will meet part of the difficulty which Indian housing has faced for some time.

The model cities program is now entering its operational phase, and it will begin to make its major contribution to the transformation of America's cities. The bill provides \$12 million in planning grants and technical assistance for fiscal year 1969. In addition, an appropriation authorization of \$1 billion for fiscal 1970 is included.

#### URBAN MASS TRANSPORTATION

When you look around cities such as Washington, Newark, and New York, you see huge building programs with the buildings going up, and up, and up—buildings being built primarily for office space. You then go out into the countryside surrounding these metropolitan centers and you see massive building programs designed to house people. Unfortunately, our means of getting these people from the homes to the buildings where they work, and back home again, has not kept pace with the building of the buildings.

In 1961 we were successful in getting an amendment to the Housing Act which provided the beginning of a mass transit program. Subsequently that program was improved upon, and in 1964 we enacted the Urban Mass Transportation Act. In the bill we have before us I am happy to say that we are continuing to improve upon this program in several ways. For instance, we increase the authorization for grants by \$190 million for fiscal year 1970. This remains but a token effort of the need, when you consider that a 10-year projection of 11 major metropolitan areas shows that \$10.9 billion in capital financing is needed.

The bill also extends the emergency provisions of the program until July 1, 1970. Under these provisions, Federal grants up to 50 percent for mass transportation facilities and equipment is provided for areas not yet able to meet full areawide comprehensive planning and program requirements.

Another provision included in the bill which is sorely needed would allow the private transit company to put up the local share of the money for expanding the local mass transit program. At

the present time, the local share must come from public sources, which discriminates against metropolitan centers which have private, as contrasted to public, transportation systems. It forces the already overburdened city to expend its revenues when the private transit company is usually in a better position to finance the necessary outlay. This amendment would allow any public or private transit company to provide as much as 50 percent of the local share. In a situation where the city can demonstrate that it is fiscally unable to put up any portion of the local share, then the private transit company would be allowed to put up the entire share.

As I said earlier, Mr. President, I believe that these amendments constitute widely needed improvements for our continuing Federal urban mass transportation program.

#### RURAL HOUSING

The rural housing section of the President's Commission on Rural Poverty Report emphasizes the shocking and immediate necessity for housing improvements:

Decent housing is an urgent need of the rural poor. They live in dilapidated, drafty, ramshackle houses that are cold and wet in the winter, leaky and steaming in the summer. Running water, inside toilets, and screened windows are the exception rather than the rule.

The report recognized that solutions for the housing crisis were particularly complicated by the special problems of migrant workers and Spanish-Americans. Migratory farmworkers will be a primary beneficiary of title 10 provisions for direct and insured loans for construction of low rent and cooperative housing. Only in isolated instances has housing been constructed to meet minimum standards of health, safety, and sanitation.

#### NATIONAL FLOOD INSURANCE ACT—TITLE XII

This title represents a joint effort by both the Federal Government and the private property insurance industry to make available a program of flood insurance to occupants of flood-prone areas.

Damages caused by severe floods have been steadily rising in recent years in spite of protective measures taken by the Federal Government. Existing Federal disaster relief programs have been inadequate to deal effectively with the problems encountered by the property owner following severe floods. Subsidized loans from SBA or the Farmers Home Administration, as helpful as they may be, must still be repaid by the borrower. Loans do not compensate the victim as fully as would an insurance program.

The program authorized under this title would be administered by the Department of Housing and Urban Development, but other Government agencies would participate in providing data upon which premium rates would be based. Initially, coverage would only be available for certain residential properties, but later the Secretary could extend coverage to include business and other types of properties.

The facilities of the private insurance industry would be used to the maximum extent practicable to sell and service

flood insurance policies, and they will also commit risk capital to an industry pool which would be used to absorb a share of the losses of the program in heavy flood years. The Federal Government would assist the program by providing premium subsidies to the pool and also by providing reinsurance coverage for losses above a certain point. The insurance companies in the pool would pay a premium to the Government for this reinsurance coverage in years of low-flood losses. Other non-risk-bearing insurance companies could participate in the program as fiscal agents of the Government.

This title is identical to the flood insurance legislation (S. 1985) that was passed by the Senate on September 14, 1967. This legislation was subsequently amended and passed by the House on November 1, 1967. Both the House and the Senate insisted upon their versions of the legislation, and conferees were appointed by both Houses. A conference committee meeting between the two Houses on the legislation was not scheduled.

I believe that this program will fill a serious gap in insurance protection for residents of flood-prone areas. Only under such a program will it be possible for victims of flood disasters to fully recover from the losses which they now incur.

#### INTERSTATE LAND SALES FULL DISCLOSURE ACT

Over the past decade, the interstate sale of undeveloped land has grown to where its annual volume is estimated by some authorities at over \$1 billion. A great number of these sales are made via long-distance telephone conversations or by personal solicitations. In many instances, the purchaser never sees the land he is buying and relies only on the salesman's oral representations. The purchase price may consist of only a small downpayment with monthly installments being as low as \$10 a month. In this manner, many of our citizens, especially the elderly, have pledged millions of dollars for the purchase of land for retirement, investment, or in some instances for sheer speculation. From 1962 through 1966, 481 cases of mail fraud involving the interstate sale of land have been investigated by Federal authorities. As a result of these investigations, it has been estimated that unscrupulous land promoters have caused our citizens to lose approximately \$50 million.

The proposed Interstate Land Sales Full Disclosure Act cosponsored by Senators BIBLE, MONDALE, MOSS, and MUSKIE, which has been developed as the result of 2 years of intensive hearings and consultations with all interested parties, will in my opinion provide this most needed consumer protection. The bill—proposed title XIII of the National Housing Act of 1968—merely requires that where a subdivision of 50 or more lots of undeveloped land is sold pursuant to a common promotional plan, the seller disclose to the buyer full and accurate information. Surely, no one here today would deny such information to purchasers of real estate, many of whom are senior citizens seeking retirement homesites.

Facts are needed in order to make sound business judgments. This bill will help to provide them. That is its only intention. It is not a regulatory statute which will permit the Federal Government to pass upon such questions as land value, its selling price, land use, or zoning. The only purpose of this legislation is to give the purchaser the necessary information upon which he can make his own investment decision.

## CONCLUSION

Mr. President, in closing I would like to point out that this bill goes a considerable way toward fulfilling the words of President Johnson when he said:

The only genuine, long-range solution for what has happened lies in an attack—mounted at every level—upon the conditions that breed despair and violence. All of us know what those conditions are: ignorance, discrimination, slums, poverty, disease, not enough jobs. We should attack these conditions—not because we are frightened by conflict, but because we are fired by conscience.

Mr. SPARKMAN. I commend the distinguished Senator from New Jersey for his very clear presentation of a number of the provisions in the bill. He has been, throughout, one of the most helpful members of the committee.

The distinguished Senator from Virginia [Mr. SPONG], who has been presiding over the Senate this afternoon, likewise has been most helpful, as a member of the Committee on Banking and Currency, in shaping the housing legislation. I commend him publicly for the fine contribution he has made to the cause of better housing.

Mr. President, no other Senators desire to speak on the bill this afternoon.

Mr. BYRD of West Virginia. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

## ADJOURNMENT UNTIL MONDAY

Mr. BYRD of West Virginia. Mr. President, if there is no further business to come before the Senate, I move, in accordance with the previous order, that the Senate stand in adjournment until 12 noon on Monday next.

The motion was agreed to; and (at 3 o'clock and 43 minutes p.m.) the Senate adjourned until Monday, May 27, 1968, at 12 noon.

## NOMINATION

Executive nomination received by the Senate May 24, 1968:

## PUBLIC SERVICE COMMISSION

George A. Avery, of the District of Columbia, to be a member of the Public Service Commission of the District of Columbia for a term of 3 years expiring June 30, 1971. (Reappointment)

# **DIGEST** of Congressional Proceedings

HIGHLIGHTS: House passed D. C. extension service bill. Senate debated housing bill.

### SENATE

1. HOUSING. Continued debate on S. 3497, the proposed Housing and Urban Development Act of 1968. pp. S6447-74
2. WATER. The Interior and Insular Affairs Committee reported with an amendment S. 224, to provide for the rehabilitation of the Eklutna project, Alaska (S. Rept. 1147). p. S6423

3. TRUST TERRITORIES. The Interior and Insular Affairs Committee reported with amendments S. 3073, to promote the economic development of the Trust Territory of the Pacific Islands (S. Rept. 1149). p. S6423
4. RECREATION. The Interior and Insular Affairs Committee reported with amendments S. 444, to establish the Flaming Gorge National Recreation Area in the States of Utah and Wyo. (S. Rept. 1150). p. S6423
5. MONEY. The Foreign Relations Committee voted to report (but did not actually report) S. 3423, to provide for U. S. participation in the International Monetary Fund facility based on special drawing rights. p. D485
6. FOREIGN AFFAIRS. The Foreign Relations Committee deferred further action on S. 3378, to increase by \$480 million U. S. participation in the International Development Association. p. D485  
The Foreign Relations Committee decided against reporting an amended version of S. 2479, authorizing \$200 million for a U. S. contribution to multilateral special funds of the Asian Development Bank. p. D485  
Sen. Sparkman inserted an editorial supporting U. S. participation in the International Development Association. pp. S6422-23
7. TAXATION. Sen. Williams, Del., urged action on the excise tax bill and inserted several articles to support his position. pp. S6420-22
8. PERSONNEL. Sen. Nelson was added as a cosponsor of S. 3394, to amend the Military Selective Service Act of 1967 in order to provide for a more equitable system of selecting persons for induction into the Armed Forces. p. S6428
9. FARM PROGRAM. Sen. Young, N. Dak., stated "the financial condition of the farmers of the country...is growing steadily worse" and inserted an editorial "Farmer Deserves a Share in Our National Prosperity." p. S6431
10. WILDLIFE. Sen. Hansen urged support of pending legislation regarding State's rights with respect to resident fish and game animals and inserted an article "Who Owns the Game?--Part I." pp. S6440-1

#### HOUSE

11. EXTENSION SERVICE. Passed with an amendment (to substitute the language of H. R. 15280) S. 1999, to provide an extension service program for the District of Columbia (pp. H4278-79). H.R. 15280, reported with amendment (H.Rept. 1465) District of Columbia Committee on May 24, during adjournment (p. H4321), was passed earlier as reported (pp. H4267-78) after a motion to recommit the bill was rejected by a vote of 84-253 (pp. H4277-8). H.R. 15280 was tabled (p. 4279).  
Rep. Sisk stated the bill would name the Federal City College as the land-grant college for the District of Columbia and listed the following provisions:  
"First. Qualify for a \$50,000 annual grant--under the Morrill Act of 1890 --to be used for instruction in agricultural and mechanic arts, home economics, youth and community development, and so forth.

[From the Washington Sunday Star, May 26, 1968]

# COMPLEXITIES OF FEEDING THE POOR

(By James Welsh)

The job of feeding thousands of participants in the Poor People's Campaign has settled down to a fairly smooth, if complex, operation.

About 3,000 poor persons already have come to Washington for breakfast, lunch and dinner for an indeterminate period.

Their hosts, at mealtimes, are a conglomerate of Washington area chain stores, food manufacturers, churches, educational institutions, public and private agencies and dozens of volunteer workers.

The feeding of Resurrection City's residents, marked by considerable confusion at first, is becoming more like a routine procedure.

For the short term, at least, enough financing and food is assured. About \$1 per person a day is going toward food for the campaign's participants.

More uncertain is what will happen should the Southern Christian Leadership Conference and its followers decide to stay around much longer than June 16, or should their demonstrations get out of hand. These possibilities would pose hard decisions for some of the people running the food operation.

Joseph Danzansky, head of Giant Food, is in charge. In his words, he "kind of fell into this" as the result of heading up the Washington Urban Coalition's ad hoc committee on emergency food following last month's civil disorders.

Once the scope of the task became clear, Danzansky sent out an appeal to other food chains active in the Washington area. Six of them—Giant, Safeway, Grand Union, A & P, Food Fair and American Stores—pledged \$1,000 a week for four weeks. Jumbo Stores and Consumer Co-ops signed on for smaller amounts. The Washington Hotel Association donated \$5,000.

Washington's baking industry is donating 850 loaves of bread a day and the milk industry 1,500 half-pints of milk a day. In addition, through surplus Department of Agriculture supplies, the District Public Welfare Department has available an unlimited supply of a limited variety of basic foods.

"Now," said Danzansky, "the ball seems to be rolling for national participation."

Heinz Products has donated about \$10,000 worth of soup and beans. National Biscuit Co. has come forward with other products.

"They came to us on their own," said Danzansky, "but it gave us the idea to send the word out to other national manufacturers."

Danzansky estimated that \$40,000 in money and produce is available, with the cash funneled through the Health and Welfare Council. Church organizations have raised more money for food—most of it so far has gone to feed people as they stopped in the Washington area before going into the encampment.

Planning the meals, ordering and obtaining the food, preparing it, delivering it to the site and serving it is no idle operation. Nearly 200 persons are engaged in it.

SCLC's man on the scene is Kenneth Brown, a management consultant from New York who is volunteering his time. He and his staff oversee the logistics of getting the food to the site and distributing it. About 50 persons at the tent city help serve meals.

Danzansky has four of his Giant Food staff working full-time on such jobs as ordering and purchasing food. They are augmented by others on loan from Safeway, Grand Union and Hot Shoppes.

Three dietitians are at work on the campaign, one from the welfare department, the other two at Howard University. Residents of Resurrection City usually get cold cereal, fruit juice, rolls and a beverage for break-

fast, a sandwich, fruit, cookies and a beverage for lunch, and a hot meal in the evening.

The meat-and-potatoes portion of the hot meal comes from the Howard kitchens. The vegetables are prepared by volunteers at St. Stephen and the Incarnation Episcopal Church. About 50 volunteers daily prepare sandwiches at St. John's Academy on Military Road. From all these points, trucks rented by SCLC take the food to the camp.

Some of the early arrivals complained that the food was too bland. Steps have been taken to correct this. Said SCLC's Brown:

"Over at St. Stephen's now, they're preparing the soul food—soul beans, soul peas."

What's soul food, Mr. Brown?

"Oh, you know, heavy on the seasoning, a little more pepper, red pepper, hot peppers, some ham or bacon."

Brown expressed belief that "we're doing pretty well," adding that much of the success is due to "a lot of local cooperation."

Danzansky and his group agreed to take on the feeding operation until June 16, when the site permit expires. Their other conditions were that the feeding be limited to the site, the campaign continue in a non-violent fashion and that it remain "within the law."

Said Danzansky: "We have an out." He added quickly that he doesn't know at this point if or under what conditions he would exercise the "out." He said he is trying to stay away from politics of the movement, sticking to the "meeting of a human need."

Asked about the same thing, Brown said: "People have to eat, regardless of contractual agreements." He expressed belief that those involved in the feeding operation are "in deep enough they're going to be making this thing go" whatever the circumstances.

## CONCLUSION OF MORNING BUSINESS

Mr. MANSFIELD. Mr. President, is there further morning business?

The PRESIDING OFFICER. Is there further morning business? If not, morning business is concluded.

## HOUSING AND URBAN DEVELOPMENT ACT OF 1968

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the unfinished business be laid before the Senate.

The PRESIDING OFFICER. The bill will be stated by title.

The BILL CLERK. A bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

The PRESIDING OFFICER. Is there objection to the present consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

The PRESIDING OFFICER. What is the will of the Senate?

Mr. WILLIAMS of Delaware. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

## COMMITTEE MEETINGS DURING SENATE SESSION TODAY

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the Committee on Commerce, the Committee on Public Works, and the Committee on Foreign Relations be authorized to meet during the session of the Senate today.

The PRESIDING OFFICER. Without objection, it is so ordered.

## RECESS SUBJECT TO THE CALL OF THE CHAIR

Mr. BYRD of West Virginia. Mr. President, I move that the Senate stand in recess subject to the call of the Chair, with the provision that the recess not extend beyond 1:15 p.m. today.

The motion was agreed to; and thereupon (at 12 o'clock and 42 minutes p.m.) the Senate took a recess subject to the call of the Chair.

The Senate reassembled at 1:08 p.m., when called to order by the Presiding Officer (Mr. BYRD of Virginia in the chair).

## HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

### UNANIMOUS-CONSENT AGREEMENT

Mr. MANSFIELD. Mr. President, I ask unanimous consent that there be a time limitation of 2 hours on the pending amendment, an hour to each side, the time to be equally divided and to be controlled by the distinguished Senator from Texas [Mr. TOWER] and the distinguished Senator from Wisconsin [Mr. PROXMIRE].

The PRESIDING OFFICER. Is there objection?

Mr. TOWER. Mr. President, reserving the right to object—and I do not intend to object—it is my understanding that the Senator from Massachusetts [Mr. BROOKE] is on his way to the Chamber and would like a little time. Could we give him 15 minutes and then start the controlled-time situation on the amendment when Senator BROOKE has concluded?

Mr. PROXMIRE. I would be happy to give Senator BROOKE 15 minutes from our side.

Mr. TOWER. That is satisfactory.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana? The Chair hears none, and it is so ordered.

Mr. TOWER. Mr. President, I ask unanimous consent that I may suggest the absence of a quorum, with the time not to be charged to either side.

The PRESIDING OFFICER. Is there objection? The Chair hears none, and it is so ordered.

Mr. TOWER. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the order for the quorum call be reinstituted with the understanding that the time shall not be charged against either side.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BYRD of West Virginia. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. TOWER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### MESSAGE FROM THE HOUSE—ENROLLED BILL AND JOINT RESOLUTION SIGNED

A message from the House of Representatives by Mr. Bartlett, one of its reading clerks, announced that the Speaker had affixed his signature to the following enrolled bill and joint resolution:

S. 1052. An act for the relief of Nicholas S. Cvetan, U.S. Air Force (retired); and

S.J. Res. 168. Joint resolution to authorize the temporary funding of the emergency credit revolving fund.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. PROXMIRE. Mr. President, I am happy to yield 15 minutes to the distinguished Senator from Massachusetts.

Mr. BROOKE. I thank the Senator.

Mr. President, in 1949, the Congress established as a national goal, "a decent home and a suitable living environment for every American family." Last March, the Civil Disorders Commission reported flatly:

After more than three decades of fragmented and grossly underfunded housing programs, nearly six million substandard units remain occupied in the United States.

The Banking and Currency Committee has reported to the Senate a bill which is designed to mobilize both public and private resources to achieve in the next decade that goal set 20 years ago. As a member of both the Civil Disorders Commission and the Committee on Banking and Currency, I wish to express my full and complete support of S. 3497.

S. 3497 can only be described as landmark legislation. It is recognition of the urgent need for decent housing and the comprehensive effort required to meet this need. It is also the product of nearly 2 years' effort on the part of the members of the Housing Subcommittee, Mr. President. I am not a member of the sub-

committee, but I am fully aware of the long hours spent last summer and fall working out the provisions of S. 2700 most of which are incorporated in S. 3497. Recognizing both the seriousness of the present situation and the failure to meet previous goals, the subcommittee reviewed all existing housing legislation and adopted a large number of modifications and revisions. Building on the experience of existing housing programs, the committee authorized new programs and new approaches. As finally reported, S. 3497 represents a comprehensive review and revision of Federal housing programs as well as a series of carefully prepared new programs.

Mr. President, both in subcommittee and in the full committee, there was long and healthy debate about the details of this bill, but there was no debate about the need for the bill. Since the commencement of hearings last July, events have served to underscore the necessity for legislation. A public opinion survey taken shortly after the disorders of last summer found that in the minds of the ghetto residents themselves, lack of decent housing was the single most important reason for frustration and despair. The Civil Disorders Commission Report, issued this past March, provided the statistics to support this reaction: Nationwide, it said, the number of non-whites living in substandard housing actually increased between 1950 and 1960. Despite the fact that 4 million of the 6 million substandard units were occupied by whites, 16 percent of the urban non-white population occupied substandard housing. Negro housing units are more likely to be overcrowded; they are generally older than whites', and Negroes usually pay more for the same housing.

But what is perhaps the most dramatic plea for housing comes not from a group to which housing is ordinarily a primary concern but from the National Education Association. In a letter to the chairman of the Banking and Currency Committee, NEA said:

The best education program, the most highly trained and motivated teachers, and the shiniest new equipment will do little for the child of poverty if he must return to a rat-infested hovel, a one-room apartment illuminated by a single, naked, glaring overhead light; a home in which noise, clutter, and overcrowding rob him of rest, comfort, and any chance for growth as an individual personality.

Mr. President, this is the critical trend which forces us to review old programs and to devise new ones which will truly change these conditions. S. 3497 contains numerous modifications of existing programs, and I will only take time here to review a few. Section 106 authorizes the Secretary of Housing and Urban Development to provide technical and financial assistance to nonprofit sponsors seeking to provide low- and moderate-income housing. Nonprofit sponsors—unions, church congregations, civic groups—are rich in good will but poor in both technical knowledge of housing construction and in capital.

As the Senate is well aware, I have been critical of FHA administration of programs involving nonprofit sponsors. I have found that FHA has sometimes

alienated the nonprofit sponsor by entangling him in a web of redtape and requiring him to provide capital which, in a nonprofit situation, he cannot be expected to have. Section 604 authorizes the Secretary of Housing and Urban Development to provide special assistance to nonprofit sponsors. This includes technical assistance and information as well as interest-free loans, financed from a revolving fund, to cover such costs as architectural and engineering fees, land options, and so forth. With the assistance provided by section 604, programs involving nonprofit sponsors should operate more smoothly, providing more housing in less time.

I have also been critical of FHA's unwillingness to insure and finance projects in our Nation's center cities, the very areas where the housing need is most critical. Section 103 of the pending bill specifically authorized FHA to insure properties in declining urban areas if, in view of the need for adequate housing, these areas are found to be reasonably viable. To finance this higher risk effort as well as some of the bill's new program's, a special risk insurance fund is established by section 104. These two provisions constitute a clear recognition of the urgent need for center city housing, and a directive to HUD to build that housing.

Among other modifications of existing programs is the section 102 credit assistance and counseling program for those families presently unable to qualify for participation in FHA programs. The process of urban renewal will be changed to stress the concept of neighborhood development which allows urban renewal to be conducted on an incremental basis. This will prevent the razing of entire center city areas, which has turned some cities into oversized parking lots. In another important innovation, the committee took a long, hard look at income limitations established for existing programs.

It is apparent that those who benefit most from low and moderate income housing programs, such as 221(d)(3), are those whose income is closest to the maximum allowable. Accordingly, in order to make sure that the new homeownership and rental programs benefit those for whom they are intended, the committee decided to focus the program on lower-income families by placing an income limit of 70 percent of the 221(d)(3) level on 80 percent of the units. In Boston, for example, this means that a family of four or less with an income of \$5,700 would be eligible for assistance in renting or buying a home. A smaller number of four-member families with incomes as high as \$8,200 would also be eligible for some subsidies, since 20 percent of the funds would be allocated according to the higher income standards of the old 221(d)(3) program.

S. 3497 contains a number of new programs, but the two which I feel deserve special mention are amendments to the National Housing Act, the section 235 homeownership program and the section 236 rental program. The concept of homeownership for those of low- and moderate income was first brought into prominence before the Senate by

our dedicated colleague, the junior Senator from Illinois. Since then it has been endorsed by the Civil Disorders Commission, the President's Committee on Urban Housing, and the Department of Housing and Urban Development.

The proposed homeownership program incorporates features of established programs but emphasizes a new principle. That principle is the concept that homeownership can be of far greater benefit to the poor than a mere roof and four walls. Homeownership can be a source of pride and stability, influences that will extend to the homeowner's job and family life. In addition, the homeownership program is the first to incorporate features which allow the active involvement of the individual in a Federal Housing program, through the use of "sweat equity" and through personal responsibility for maintenance and repair.

The bill's homeownership program and rental program are established on a similar basis. Experience has shown that under the 221(d)(3) program the Government is able to finance only a limited number of mortgages at the below-market interest rate. Accordingly, the new programs involve market interest rates, for which private financing is available, and Government assistance takes the form of direct assistance and interest-reduction payments. These programs incorporate the feature of the rent supplements program which requires an individual to pay a percentage of his income. This feature has the advantage that the individual's payments increase as his income does, but a raise in income does not require his eviction from his home.

Under section 235, the homeowner would pay 20 percent of his monthly income for principal, interest, taxes, and insurance on the mortgage. The difference between 20 percent of the homeowner's income and the amount actually required to meet the mortgage would constitute the amount of the Government assistance payment, except that the assistance payment could not exceed the difference between the amount required and the amount which would be required if the mortgage bore interest at 1 percent. Under the section 236 rental program, interest-reduction payments would be made on behalf of the sponsor to make up the difference between the monthly amount actually required at the market interest rate and the amount which would be required at a 1-percent-interest rate. Rental in this housing would be established as a basic charge; tenants would pay either the basic charge or 25 percent of their income, whichever was greater. Any excess over the basic charge paid would be deposited in a revolving fund. The 236 program offers flexibility in both financing and rental charges which should contribute to the production of housing at a much higher rate.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. BROOKE. Mr. President, I ask unanimous consent to have 3 additional minutes.

Mr. TOWER. Mr. President, I yield 3 minutes of my time to the Senator from Massachusetts.

Mr. BROOKE. Mr. President, the return to private market-rate financing is but one of numerous examples in which S. 3497 recognizes the necessity for and the benefits of participation by the private sector. Title IX authorizes the creation of a National Housing Corporation, a private, profitmaking corporation, the purpose of which is to build low-income housing. The Corporation is authorized to establish limited partnerships for the purpose of engaging in low- and moderate-income housing undertakings. Title IX offers the advantage of stimulating participation by private business with its skill, organization, and funds, which have not yet been tapped in full measure for housing programs.

Mr. President, S. 3497 contains many other new programs and revisions of existing programs, and there are others more expert in these details than I. I would only wish to state once again that this bill represents the collective effort of the committee to establish the best possible housing programs for the Nation as a whole. It is the product of earnest and thoughtful study. It represents a major step forward in a vital field.

Mr. President, the report of the Civil Disorders Commission called for action in four areas—jobs, housing, welfare, and education. All four are essential; one cannot be effective without the other three. But inadequate housing is the visible, tangible symbol of the cycle of poverty and deprivation. Its deleterious effects are felt in the daily life of every single one of our Nation's poor. S. 3497 provides the tools which, backed by the will of the Nation, can begin to erase the blight of substandard housing.

Mr. President, I thank the distinguished Senator from Texas for yielding to me.

The PRESIDING OFFICER. Who yields time?

Mr. TOWER. Mr. President, I yield myself 15 minutes.

Mr. President, section 101, title I, of S. 3497 would authorize a new program of assistance to enable lower income families to own their own homes. This would be done through a new mechanism that would allow the Federal Government to subsidize part of the monthly cost of a market rate home mortgage loan.

Such payments would be made monthly by the Government directly to the mortgagee on behalf of the mortgagor.

A family would be required to apply 20 percent of its monthly income to the cost of its monthly mortgage payment, such payment including principal, interest, taxes, and a mortgage insurance premium. The Government's subsidy payment would be in an amount equal to the difference between the family's 20-percent payment and the required monthly payment under the mortgage.

However, in no event could the Government's payment exceed the difference between the required monthly mortgage payment and the payment that would be required if such mortgage bore an interest rate of 1 percent. In other words, it would be possible for a family to receive the benefits of a 1 percent interest

mortgage as a result of the Government's subsidy.

Mr. President, my amendment pertains to the determination of eligibility for the homeownership programs' subsidy benefits. It would define as being eligible those families whose incomes do not exceed 70 percent of the income limits presently established for the section 221(d)(3) below-market interest rate rental and cooperative housing program. The bill as now written would allow 20 percent of the assistance payments contracted for to exceed the 70 percent of 221(d)(3) limitation.

For reasons which I shall hereinafter state, I firmly believe that this program should not be allowed to extend government subsidy benefits to families with incomes at those levels now permissible under the 221(d)(3) BMIR program.

I applaud and support our committee's efforts to bring about a way whereby our Nation's lower-income can participate in the great American tradition of homeownership. The committee's chairman and its members have worked long and hard to formulate an appropriate mechanism that would serve to close the gap between the incomes that typify those of our citizens that have limited financial means and the market cost of a reasonably necessary home mortgage loan.

It is our collective opinion that a direct month-by-month subsidy payment is the most practical way to implement this assistance. But, I expressed my exception in our committee meetings to the far-reaching scope of the program's subsidy benefits, and I urge that every Senator weigh this matter closely in his own mind.

There must be a strong and compelling need to support the giving of a Government subsidy, especially at this time when our Government finds itself in very serious fiscal and monetary difficulties. In the area of housing, such subsidies should not be given to families who are capable of housing themselves on the private market through their own efforts.

If Government assistance is to be freely available without a determination of true need, not only will we be subsidizing the undermining of individual initiative and responsibility, but we will allow such money as is available for this purpose to be directed away from those in deserving circumstances.

Eligibility for the homeownership program's benefits is based on the amount of a family's income, its size, and the city that it lives in. As I have already noted, this criteria is set out in the eligibility tables for the section 221(d)(3) BMIR program.

This FNMA-backed, low interest rate, program was enacted in 1961. It was to be strictly limited to those individuals and families whose incomes exclude them from standard housing in the private market. The program was to benefit families with incomes too high for public housing, mainly those with incomes of \$6,000 or less. This Government-aided housing was not to compete with housing where such aid did not exist.

Program experience has shown this not to be the case. Unjustifiably liberal income limits have allowed projects con-

structed under the program to cater to middle income families, not those at the lower income levels.

Thus, the Government has in fact been supporting housing for those that should be expected to handle their own housing needs.

This is all relevant because the new homeownership program in this bill will utilize the 221(d)(3) eligibility tables, and I invite every Senator's attention to these tables for insight into this question of who should be subsidized by the Government.

At page 183 of the committee report will be found a table with some examples of eligible family incomes listed by city and family size. The table also shows the comparable eligible income in each instance for benefits under the rent supplement program. These limits can be readily interpreted as "low income" as they are based on public housing admission levels.

When we talk of "lower income," as in this bill, I think we should hold this to represent those families whose incomes are too high for public housing but too low to allow them to purchase decent and sufficient housing on the private market with their own financial resources.

Rather than allowing the Government to subsidize families in the middle income area, which is certainly the case in 221(d)(3), we should concentrate the benefits of this program on those lower-income families that can demonstrate their capability to handle the responsibilities of homeownership if given a helping hand. By so doing, I anticipate that qualified families with annual incomes generally \$5,000 and less would be the recipients of program benefits.

The 70 percent of 221(d)(3) income limitation that I propose in my amendment would be more than reasonable in this regard. While I personally feel that it would prove to be high in many instances if not implemented prudently, it would not, in my opinion be so inflexible as to hamper the program's operation in the higher cost areas of the country.

It is stated that the bill's eligibility formula is expected to generally cover families with annual incomes from \$3,000 to \$7,000. The 70 percent limitation would be well in line with this estimate. The predecessor to this bill, S. 2700, wherein the lower-income homeownership was originated, contained the 70 percent of 221(d)(3) income eligibility requirement. This reflected the committee's feeling that the full 221(d)(3) limits were too high to serve the needs of lower-income families.

Experience with the 221(d)(3) BMIR program has clearly shown that benefits tend to concentrate at the higher end of any given eligibility limits. If this were allowed to happen in the homeownership program, deserving lower-income families would be bypassed due to the economic attractiveness of building homes to serve the higher income levels.

Projects constructed under this government-supported 221(d)(3) program in my Texas City of Dallas give ample evidence of its misdirection. For example:

A couple with one or two children can make \$7,550.

A couple with three or four children can make \$8,700.

A couple with five or more children can make \$9,800.

Even if the 70 percent of 221(d)(3) eligibility were applied,

The couple with one or two children could make \$5,285.

The couple with three or four children could make \$6,090.

The couple with five or more children could make \$6,860.

I digress at this point to make a personal reference. The last year that I was assistant professor of political science at Midwestern University, my salary was \$5,000 a year. I was raising three children and paying for my own home at regular market interest rates. So I cannot have much sympathy with the idea of subsidizing homeownership for people of moderate incomes.

Let us help the ones with low incomes, and let us make sure this program does precisely that. Even 20 percent, in my estimation, is too much to devote to the aid of moderate income families, when it is the destitute, the impoverished, the poor whom we are trying to benefit here.

In either of these instances, 70-percent limitation or not, Government assistance is, and would be, available to income groups fully capable of providing for themselves without having to rely on their government.

According to 1966 census figures, the median annual income of American families was \$7,400. This figure ranges from approximately \$5,600 in the South to \$7,300 in the north-central region. The average factory worker in the Dallas area makes about \$5,300 a year.

Notwithstanding these typical incomes of families who pay their own way in life, the 221(d)(3) program, in essence, says that they should be subsidized. This is insupportable, in my opinion, and this new program should not be allowed to compound this gross misuse of the taxpayer's money.

The higher income levels represented by the full 221(d)(3) income limits are typical of the country's great middle class. It would be grossly unjust to allow the Government to subsidize families with such incomes. It would be equally unjust to enact a program to remedy the housing needs of thousands of our Nation's lower-income families, and at the same time make it susceptible to benefiting families capable of providing for themselves.

By any measurement, the vast majority of American families are capable of supporting their housing needs. Those families that are least able to procure decent housing are concentrated in the deteriorated neighborhoods of our cities. Some 75 percent of all substandard dwellings are occupied by families with annual incomes of \$4,000 or less.

If this program is to make a contribution to the replacement of this rundown housing, there is all the more reason to use restraint in the setting of eligibility limits. Some 28 percent of our country's families have incomes of \$5,000 and under. If the program is concentrated on

this 28 percent, we will certainly be reaching out for those in true need of assistance.

Should the program instead reach out for those families with incomes up to \$7,000, there would be covered some 46 percent, or almost half, of all our families. In my opinion, it is insupportable to conclude that nearly one-half of all this country's families should rely on their Government for their housing needs.

This is to say nothing of subsidizing those with incomes up to \$10,000, which would be possible without the 70-percent limitation that I propose. Approximately 70 percent of this country's families are in this income category.

It should be pointed out that whatever income limits we decide upon, there will still be a large degree of flexibility in favor of the benefited family. These income limits are for initial eligibility purposes only. Once occupancy has commenced, a family's income could increase beyond these limits, and income would be recertified every 2 years to adjust the subsidy downward.

In addition, \$300 could be deducted from a family's income for each family member for eligibility purposes. And, the eligibility level is increased according to the number of persons in the family.

Thus, the setting of the initial eligible incomes should be approached with more caution than is evident in the bill. There is far more to support moving the limits down than there is to set them at the higher levels asked for.

The "Declaration of Policy" which prefaces the bills calls for Government assistance for families with incomes so low that they could not otherwise decently house themselves. If the setting of the program's income limits is not approached with prudent restraint, we will both miss the target of our concern, our Nation's poorer families, and encourage more and more of our citizens to look to their Government as their only means of being housed, contrary to everything our system stands for.

Mr. LAUSCHE. Mr. President, will the Senator yield for a question?

The PRESIDING OFFICER. The Senator's time has expired.

Mr. TOWER. I yield such time as necessary to the Senator from Ohio.

Mr. LAUSCHE. I heard the Senator state that a family with a \$10,000 income, under certain circumstances, would be eligible for the aid.

Mr. TOWER. That is true, under the provisions of 221(d)(3).

Mr. LAUSCHE. Will the Senator illustrate that, please, if he can?

Mr. TOWER. For example, a family of three or four persons, under the maximum limit under 221(d)(3), would be eligible for the program if it made an income of \$6,750 a year, at Austin, Tex. The amount varies according to the city.

Let us look at one a little closer to Cleveland. Let us take Milwaukee, which is very close to the State of the distinguished Senator from Wisconsin. There a family of three or four persons having an income of \$8,000 could be eligible within full limits. But they would be eligible at \$5,600 if the formula were applied

at 70 percent of the existing section 22(d)(3) limitations.

Mr. LAUSCHE. Approximately what percentage of the families of the Nation do the \$5,600 income families constitute?

Mr. TOWER. Does the Senator mean in that salary range?

Mr. LAUSCHE. About 28 percent of the families are in the \$5,000-or-under bracket. Those in the \$3,000 bracket constitute 14 percent; \$3,000 to \$5,000, 14 percent; a total of 28 percent.

I am trying to make certain that all the money earmarked in the bill will go to the lower income families and that none of it will be allowed to gravitate up to the moderate income families.

Mr. LAUSCHE. Where would be the dividing line?

Mr. TOWER. The dividing line would vary from city to city. For a family of two persons, it would vary anywhere from an income of \$4,000 in Austin, Tex., to about \$5,215 in New York City.

Mr. MILLER. Mr. President, will the Senator yield?

Mr. TOWER. I yield.

Mr. MILLER. I should like to ask either the Senator from Texas or the Senator from Wisconsin what constitutes income. Is it income for Federal income tax purposes as shown in an income tax return? Or would it include an inheritance that a member of the family might receive? Suppose a family has an income of \$5,000 as shown on the Federal income tax return, but that a relative of one of the family passes away, and the relative receives an inheritance of \$25,000.

Also, would the income include gifts? Let us say that in the disposition of an estate, a low-income family receives a gift from a parent or other relative in the amount of \$2,000 or \$3,000.

I should like to be satisfied on this point. I raised this point 2 years ago in the debate on the rent-supplement bill. In fact, I offered an amendment on this point. The distinguished former senior Senator from Illinois, Mr. Douglas, declined to accept the amendment. Although he rejected it, I am happy to say that the Department of Housing and Urban Development, apparently as a result of a reading of the debate, issued regulations which made it clear that inheritances and gifts of substantial amounts would be taken into account in possibly disqualifying a person from eligibility.

As a matter of legislative history, we ought to make this point clear. Certainly the taxpayers should not be called upon to have their tax money used to pay subsidies to people who can afford to pay for their homes themselves. As I understand, the entire thrust of the bill is to make certain that families in low-income areas, who cannot afford to make such payments, will receive some assistance from the taxpayers to enable them to attain decent housing for themselves.

If, however, outside sources of economic income, such as inheritance or gifts, are not taken into account, I think then that we would frustrate the purposes of the legislation.

Could either of my colleagues satisfy me on that point?

Mr. TOWER. Mr. President, I believe

that the income referred to as gross income would include income from all sources.

Mr. PROXMIRE. Mr. President, the staff is busily working on an answer to the question of the Senator from Iowa. The definition that we have available from HUD on definition of income indicates the following:

For an employee receiving a straight salary or wages and whose rate of income is subject to change due to promotions, etc., a determination based upon the previous 12 months' earnings might well be erroneous. For such persons, the annual income must be proven on the basis of the current rate of pay at the time of certification.

I think that the Senator from Iowa makes a good point, and I understand that the Senator from Texas is probably correct. However, I would like to check further to see if it includes not only pay, but also gifts and inheritance and any other source of money that would be available.

There is the difficulty that a man or a woman might receive a small inheritance of perhaps \$1,000 or \$2,000 in 1 year. Obviously, it would not be fair to disqualify that person if that is a one-time situation.

It certainly ought to include any regular income from pension or from interest in property, or anything of that kind. There is no question about that. However, whether it should include a small inheritance, I am not sure, and I am checking now to find out.

Mr. MILLER. Mr. President, I would appreciate it if the Senator could furnish that information. In addition, if there is a feeling that the income shown on the Federal income tax return—and adjusted gross income is what almost everybody refers to in their income tax returns—should be the test, then of course we would be faced with the possibility of someone who might receive a substantial amount of money in the form of interest. So I think it is very well for us to try to close any loopholes here.

Mr. PROXMIRE. I agree with the Senator.

Mr. MILLER. I agree with my colleagues.

Mr. PROXMIRE. However, in connection with the point made by the distinguished Senator from Texas, he was correct. I have in my hand a document on the stationery of the Department of Housing and Urban Development, Federal Housing Administration that specifies that—

Tenant income means all of the gross income before taxes and all deductions received by all members of the family except a dependent child or children.

The only exception provided here is for a dependent child such as one working in a car wash or some such establishment 1 day a week. That income is excluded, but any other income is included in the definition.

Mr. MILLER. It is good from the standpoint of the legislative history, which we are making, to make sure that we are talking about all gross income for Federal income tax purposes. It has long ago been decided that Federal income does not include inheritance or gifts.

However, the thrust of the pending legislation is something else. It goes into the economic status of the people.

It would seem that gross income for the purpose of subsidizing these low-income areas for decent housing ought to reflect the economic type of income which, to the average person would not include inheritance and gifts.

Mr. PROXMIRE. Mr. President, I am now informed by the staff that they have been in touch with the Department of Housing and Urban Development. The Department says that they would take into account all income, including that from gifts, inheritance, and any other element in determining whether a prospective tenant or buyer would qualify.

Mr. TOWER. That would include include income from tax-free bonds.

Mr. PROXMIRE. The Senator is correct. However, most of the people with the kind of income the Senator from Texas is talking about would not have any investment income. However, the point raised is a good one.

Mr. MILLER. What we are trying to do is to meet the needs of those who need assistance. And if we can make sure of what we are talking about by way of legislative history, as we have already done, I think it would be helpful to the taxpayers in general and also to those who have to administer the law.

Mr. TOWER. The whole thrust of my argument is to make sure that we dedicate all of the money to helping those people in the lower socioeconomic scale. We are trying to avoid having that program gravitate upward toward the more moderate-income family.

Mr. MILLER. Mr. President, did I correctly understand the Senator, in response to the question of the Senator from Ohio, to say that the area to which he is trying to confine this average represents about 28 percent of the population?

Mr. TOWER. The Senator is correct. That is, 28 percent of the families.

Mr. MILLER. Can the Senator tell us what additional percentage would be covered over and above the 28 percent under the bill as it now stands without the pending amendment?

Mr. TOWER. Mr. President, 80 percent of the money would be confined to that 28 percent. However, there is a provision that 20 percent of the money can go to the full 221(d)(3) limit. And if it is applied over the whole bill, 46 percent of the families in the country would be eligible.

Mr. MILLER. The point of the Senator is that we should confine the impact of the bill to the area embracing 28 percent of the families. I assume that we have enough problem with that 28 percent without going above that to get into the area of 46 percent average.

Mr. TOWER. The Senator is correct. And 46 percent is the minimal figure. Forty-six percent of the families have incomes up to \$10,000. And when we take the full coverage under 221(d)(3), it could easily hit 50 percent or more of the families in the country.

Mr. AIKEN. Mr. President, I ask a question which might affect industry decentralization. If industry moves to less

populated areas where there is no housing and if they pay their employees anywhere from \$5,000 to \$10,000 a year, would those employees be eligible for assistance under the bill or under the pending amendment? Of course, I have specific instances in mind in which potential employees cannot rent or purchase a house.

Mr. TOWER. Again, the income would be in the determining factor, and that determination would be made by the Secretary.

Mr. AIKEN. Let us suppose that the pay amounts to anywhere from \$5,000 to \$10,000 a year.

Mr. TOWER. There are programs that they can benefit from, other than this program.

The Senator is assuming that they want to build houses and own homes?

Mr. AIKEN. They want a roof over their heads.

Mr. TOWER. But do they want homeownership?

Mr. AIKEN. I think so.

Mr. TOWER. Other channels for homeownership are available to them.

Mr. AIKEN. They cannot rent houses. There are none there for them to rent. They have to build if they want a house in which to live.

Mr. TOWER. I believe that if an industry located a sizable plant in an area where there was inadequate housing, that industry would devise some means to make sure its workers were housed. Otherwise, it could not attract the workers it needed.

Mr. AIKEN. I wish that were true.

Mr. TOWER. It seems to me that that responsibility would fall on industry.

Mr. AIKEN. It takes time to solve those problems. It cannot be done overnight.

Mr. TOWER. If this does occur in Vermont, I am sure that a little Yankee ingenuity would take care of it, anyway.

Mr. AIKEN. Yankee ingenuity is working at it. But when the banks have loaned all their available money and houses are not available to rent, it creates a problem.

At the same time, I know the Senator from Texas also undoubtedly advocates the decentralization of industry, to get away from the merciless crowding into the cities, for which we are paying a price.

Mr. TOWER. The eligibility requirement for a family of three or four persons in Burlington, Vt., would be an income of \$7,350.

Mr. AIKEN. Under the Senator's amendment or under the bill?

Mr. TOWER. Under the formula I propose, approximately one-third, or 30 percent, would be taken from that amount. It would be in the area of an income of \$5,000 or \$5,200 for eligibility.

Mr. AIKEN. Let us say that that would be a bare minimum anyway.

Mr. TOWER. This is graduated upward, according to the number in the family.

Mr. AIKEN. That takes time, too.

Mr. PROXMIRE. Mr. President, I yield myself 10 minutes.

Mr. President, the amendment of the distinguished Senator from Texas expresses the same sentiment that I strongly feel. As a matter of fact, I introduced an amendment to the bill as it

came from the administration to reduce the incomes of those people who would be assisted to buy their own homes so that it would be at a level of only 70 percent of the present so-called 221(d)(3)—that is, the low- and moderate-income program. However, when I introduced that amendment I was persuaded that in order for the program to work—especially for this program to work in the ghetto areas, which concerns every Member of the Senate so much—it was necessary to provide some flexibility. So I provided in my amendment that whereas 70 percent of BMIR income should be the limit for 80 percent of the applicants, for 4 out of 5; for the overwhelming majority of the applicants, 20 percent, 1 out of 5, would be free to have HUD permit a higher level than the 70 percent of 221(d)(3).

I agree very strongly with the Senator from Texas that Congress should not subsidize dental or homeownership for any family which can help itself. I believe that is a good principle. It is a principle we should apply, and it should be applied to the greatest extent possible. But to have a workable program that will do something about the ghetto areas, especially in the areas where sites are important—incidentally, the sites are just unavailable in the ghetto areas—it is necessary to provide this degree of flexibility.

I wish to stress at this time that every family under this program will be required to pay at least 20 percent of its income in buying the home. Of course, in addition to that 20 percent, as all of us who are homeowners know, many other costs accrue, to the homeowner in addition to the basic costs of paying for the mortgage, amortization, and essential costs of buying a home.

Mr. President, this definition under section 221(d)(3)—that is, the below-market interest rate income ceiling for that level of income needed by the family to afford decent housing in that area.

I know this has been a subject for criticism by some persons who point to New York City where a large family, in order to have a home, has to have an income of perhaps \$10,000. This \$10,000 has been applied generally throughout the country as the limitation. However, if we were to apply it rigidly according to the Tower amendment, without exception, it would exclude some families in high-cost areas, where the family lives in slum housing, and cannot get into a decent home without at least a little help from the Federal Government. In those instances the income is not high enough to afford ownership without some financial help.

I shall refer to some examples, which might be the best way to understand the program. New York City has been the most flagrant example. In New York City, applying the 70-percent figure, in the case of the man who makes \$75 a week, the wife of the man in that situation works and she makes \$70 a week, because people with low incomes usually have to have the wives working. We know how many millions of American families there are in this situation. They have four children. Under this program they would not qualify in New York City. With that

income, with the wife working, and with four children, it would be virtually impossible for them to be able to buy housing in New York City.

I would refer to the city of San Antonio in the State of my good friend from Texas. In that city, if a man is making \$50 a week, which is below the present Federal minimum wage, and if his wife is making \$50 a week, and they have four children, they would be out of luck. They could not qualify under the Tower amendment to secure any degree of help from the Federal Government. The Senator from Texas is far better informed with respect to housing there. However, when there are four children and the income totals \$100 a week or \$5,000 a year, whereas 30 or 40 years ago that was not bad, these days one cannot buy housing according to the experts who have gone in and studied this problem.

I wish to give another example for San Antonio. In the case of the family of six persons, two adults and four children, the man makes \$60 a week as a short-order cook—that is the kind of job where they would have that pay—and the wife earns \$50 a week as a maid, again they would not qualify to get an opportunity to buy their own home.

Mr. LAUSCHE. Mr. President, will the Senator yield?

Mr. PROXMIRE. I shall yield in a moment.

The bill in its present form provides that 80 percent, or 4 out of 5, of the families who are going to be eligible must have incomes below the 70-percent limit to come into the program, but there is a little flexibility. There is a 20-percent flexibility for HUD to do something about the ghetto areas, and where the location is such that without the flexibility they could not buy a home.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. PROXMIRE. I yield.

Mr. TOWER. I might point out that I do not have the figures for San Antonio. However, the figures for Dallas are roughly comparable, but perhaps more expensive. Seventy percent under 221(d)(3) would allow families of five and six persons to qualify with an income of \$6,000. That income is arrived at after deducting \$300 for each dependent child.

I would like to raise this question for the Senator from Wisconsin in connection with helping the ghettos. According to the President's Commission on Civil Disorders, the survey they made showed that in 20 cities experiencing rioting in 1967 the median family income in disturbance areas was for whites, \$3,300 and for nonwhites, \$4,218.

It occurs to me that the lower we get the more we are going to help the non-white families.

Mr. PROXMIRE. I have two answers. First, 80 percent of the program would go exclusively and entirely to very low-income families. Second, it must be recognized there are some people, and the figure runs into the millions, who will not be able to afford to buy homes even if the interest rate to be effective were down to 1 percent. There are some who will have to rely on rent supplements and rental housing. All Americans

cannot have adequate income to buy their own homes. However, it seems to me we would be ruling out many hard-working people with low incomes who should be enabled to qualify.

Mr. LAUSCHE. Mr. President, will the Senator yield so I may ask a question?

Mr. PROXMIRE. I yield.

Mr. LAUSCHE. Do I understand that 80 percent of the money will be earmarked to help what is referred to as low-income families?

Mr. PROXMIRE. All of the income will be used to help people with low income, but 80 percent will be to help those whose income is so low it is only 70 percent of the level necessary on the basis of the best scientific advice we have of what it takes to buy a home in the free market.

Mr. LAUSCHE. The other 20 percent will be allowable to families which are above this most humble classification. Is that correct?

Mr. PROXMIRE. The Senator is correct.

Mr. LAUSCHE. How is it to be decided to which of those 20 percent this money is going to be given? What will be the situation if the 20 percent of the money is not adequate to take care of all of the applicants?

Mr. PROXMIRE. There is no question that all of the applicants will not be taken care of on the basis of the 80 percent or the 20 percent.

Mr. LAUSCHE. On what basis would it be?

Mr. PROXMIRE. It would be on the basis of those areas most in need of housing, where unavailability of sites is such a serious problem.

Mr. LAUSCHE. Would it not follow that if 20 percent will not be adequate to take care of all the applicants, next year you will have to provide more money so that all who apply will be taken care of?

Mr. PROXMIRE. We have not had any housing program in the past to take care of all of those who need assistance. As the Senator knows we have over 8 million substandard homes. We cannot expect to take care of all of these with any one program.

We are trying primarily to help those with low incomes that would not otherwise have any chance to buy a home. We want to help those whose incomes are very low and who cannot buy a home, but they are higher than the limits and they live in areas, ghetto areas, in which assistance is needed, such as in Cleveland, Milwaukee, and New York City.

Mr. LAUSCHE. To summarize, then, a family under certain circumstances, because of the large numbers in some areas in the country could qualify for this subsidy even though the family was earning as high as \$10,000.

Mr. PROXMIRE. That would be extraordinarily rare and I frankly would be very, very surprised if that should be the case in view of the very limited amount that would be available to those families. The \$10,000 would be reduced to \$7,000, according to what is now in the bill, the 80 percent.

If HUD is going to make an exception to provide for someone with \$10,000 a year to buy a home I would be very shocked. They might go a little over \$7,000, however.

Mr. LAUSCHE. How many families in the country would be covered if there were a maximum of \$7,000?

Mr. PROXMIRE. Well, it is hard to say. The estimate of 38 percent is the number of families that would qualify under the so-called low market interest rate program, although that disagrees with what the Senator from Texas estimates. He says 47 percent. I say 38 percent. He says \$7,000 limitation so as to bring it down to 28 percent. The \$7,000 is deceptive. We knock out the \$7,000 limitation in New York and in Pineland, Tex., it is \$3,300. It depends on the cost of construction in those particular areas.

Mr. SPARKMAN. Mr. President, will the Senator from Wisconsin yield me 2 minutes?

Mr. PROXMIRE. Mr. President, I yield 2 minutes to the Senator from Alabama.

The PRESIDING OFFICER. The Senator from Alabama is recognized for 2 minutes.

Mr. SPARKMAN. Mr. President, the Senator from Minnesota [Mr. MONDALE] has prepared a statement in opposition to this amendment. Unfortunately, he cannot be here, and I therefore ask unanimous consent to have printed in the RECORD his statement, together with the insertions.

The PRESIDING OFFICER. Without objection, it is so ordered.

The statement of Mr. MONDALE is as follows:

#### AMENDMENT No. 822

On Friday, the distinguished Senator from Texas (Mr. Tower) offered an amendment, No. 822, to the Housing and Urban Development Act of 1968. This amendment would limit eligibility for the home ownership program to families whose income is 70% or less of the prescribed limits for the 221(d)(3) low and moderate income housing program.

One of the most complicated issues faced by the Banking and Currency Committee during the consideration of Title I and Title II, the home ownership and rental assistance programs, was the establishment of equitable income limitations. The approach approved by the Committee represents a recognition that these programs must concentrate on the lower income family while at the same time serve a large enough range of incomes to attract private developers to build units. Any attempt to change it would endanger the whole housing program.

Because of the importance of the whole issue of income limits in both these programs, I would like to give some background on the Committee's actions and deliberations.

The formula established by the Committee is the same for both the homeownership and rental assistance programs. It has three segments:

1. All but 20% of the subsidy payments authorized must be used for families whose income is 70% or below the prescribed 221(d)(3) limits for the locality.

2. The other 20% can go to families whose income is above 70% of the 221(d)(3) limits but does not exceed these limits.

3. In determining income, \$300 will be deducted from gross income for each minor child living in the home.

The only difference between the two programs relates to the subsidy mechanism. In the rental assistance program, a family is required to pay 25% of its adjusted income (gross annual income minus \$300 per child living at home) toward the rent. However, in the homeownership program, the family pays 20% of its adjusted income toward the mortgage payment. The reason for this differential is that a family buying a home has

the additional required expenses of maintenance, repair, insurance and utilities.

This income limitation formula was based on five conclusions of the Committee.

1. *The major thrust of these new programs should be toward the lower income family.* In the past, too often, the federal rental program, 221(d)(3), has assisted the family whose income is over \$8,000 a year and not the lower income family. Yet, the vast majority of more than 6 million substandard housing units in this country are occupied by families whose income is below \$5,500. Therefore to insure that these two new programs will benefit the lower income family, the Committee required that 80% of the funds authorized under these programs go to families whose incomes are under 70% of the present 221(d)(3) limits.

This is a dramatic shift from our previous programs. For example, under the 221(d)(3) program a family of 4 in Minneapolis would be eligible for a rental unit if their income did not exceed \$8,050. However, under the formula worked out by the Committee, primary emphasis (80% of the funds) would now be given to families whose income is \$5,650 or below. A chart giving other examples of this new emphasis shows as follows:

City	Present 221(d)(3) limits for a family of 4	70 percent of these limits
Montgomery, Ala.	\$5,900	\$4,100
Long View, Tex.	6,050	4,200
Tampa, Fla.	5,950	4,200
Macon, Ga.	5,750	4,000
Raleigh, N.C.	5,950	4,200
Bangor, Maine	6,800	4,800
Duluth, Minn.	6,700	4,700
Springfield, Mo.	6,800	4,800
Atlantic City, N.J.	6,700	4,700
Austin, Tex.	6,750	4,700
Milwaukee, Wis.	8,000	5,600
Detroit, Mich.	8,200	5,700
Boston, Mass.	8,200	5,700
Washington, D.C.	8,400	5,900
Springfield, Ill.	8,250	5,800

2. *At the same time the Committee recognized the need to continue to assist some moderate income families who are unable to find suitable living conditions at market rates.* These families—the postal workers, civil servants, teachers, cab drivers, and those displaced by public action—have difficulty, especially in urban areas, finding adequate housing. Although their incomes may be above \$6,000, they still have a difficult time in obtaining safe and decent housing with their means.

The Bureau of Labor Statistics has computed a typical city worker's budget for a family of four. This budget shows that a family, in the fall of 1966 must have had an income of \$9,191 a year to have a "moderate standard of living." Housing costs averaged 24.1% of this budget or \$2,214 a year.

The Department of Housing and Urban Development has supplied me with some further statistics on the gross minimum monthly rental needed to secure standard housing in various cities. These figures would also approximate the monthly mortgage payment required to purchase a standard home. For a two-bedroom unit the minimum rents are as high as \$137 in Las Vegas, \$123 in Duluth, Minnesota, \$132 in Chicago, \$141 in Boston, and \$117 in Buffalo, New York.

Thus, the average city worker is required to spend a substantial amount of his resources in providing housing. For some families—whom we might consider moderate income—this is still a tremendous strain on their budget. There is no reason why our housing programs should not assist these families as well as the lower income families as long as there is some provision for a sliding scale of assistance so that those more in need receive more assistance.

Therefore, the Committee concluded that 20% of the funds appropriated for these

new programs could be used to help the moderate income family whose own resources were insufficient to meet rental or mortgage payments.

However, the Committee also provided a sliding scale subsidy based on income. A family will pay a certain percentage of its income for this housing—20% for home ownership; 25% for the rental program—granting the lower income family with more benefits than the moderate income family.

For example, under the home ownership program, the required monthly mortgage payment for a \$14,000 home, financed at 6¼% for 35 years, would be \$116.52. A lower income family earning \$4,200 a year would pay 20% of its income—\$70 a month—toward the mortgage and the government would assist by paying \$46.52. On the other hand, a moderate income family, one earning \$6,600 purchasing the same house, would be required to pay 20% of its income, \$110 a month. Although still eligible for assistance, the family would receive only \$6.52 a month in subsidy.

This is in marked contrast to the 221(d)(3) program where the subsidy goes to the unit and the same rent is established for low income and middle income families. The provisions in S. 3497 are a much more equitable approach to assisting those who are in need.

3. *A large enough range of eligible incomes must be established in each community to attract private builders to produce this housing.* There must be a sufficient market for units or they will not be built. If these units are limited to an income range of only \$1,000, for example, then there is only slight hope that the necessary volume of housing will be built.

During the housing hearings this year, Lloyd Clarke, President of the National Association of Homebuilders testified on this point:

"I want to stress also that this program (home ownership) is meant to serve moderate income as well as low income families. Volume results cannot be achieved if it should be restricted so as to make it impossible to provide good housing opportunities for families not now being sheltered by either the private market at market rates or the subsidized Government programs.

"To assure the kind of massive building and marketing program envisioned by this section 235 program, the income limits for assistance under this proposal should be as in the bill (S. 3029) a function of the maximum permissible mortgage amounts and the formula for assistance."

Mr. Clarke's warning is appropriate since the program's income range would be severely limited if only families whose income is 70% of 221(d)(3) were eligible.

The bill's provision that the mortgage subsidy can never exceed the difference between a market rate mortgage and a one percentage mortgage creates a floor beneath which families cannot afford to purchase a home even with the subsidy.

For example, the maximum subsidy on a \$12,000 home is \$45.72. This means only families whose income exceeds \$3,200 can afford this home. Making only families whose income is 70% of the 221(d)(3) eligible, restricts the market. Assuming that an average 2 bedroom unit is a low construction cost area has a value of \$12,000, the range would be:

Montgomery, Ala., \$3,200—\$4,100.  
Longview, Texas, \$3,200—\$4,200.  
Tampa, Florida, \$3,200—\$4,200.  
Macon, Georgia, \$3,200—\$4,000.

This is contrasted with a range of \$3,200—\$5,400 (the point at which a family's income is sufficient to pay the monthly mortgage) in all these cities if there was no limitation on income. Thus, the provision permitting 20% of the funds to be used for families above the 70% limit would expand the potential market for any builder and

provide a market to fill vacancies not filled by those of the lower 70% of (d)(3) limits.

4. *There should be a diversity of incomes living in units produced with these two programs.* The Committee felt that if all the efforts were concentrated on housing only the poor, we would merely be creating new islands of poverty and confinement, isolated from the rest of the community. Our early experience with the public housing program has demonstrated that a safe, new dwelling is not in itself the way to eliminate a slum. Too often, new, highrise slums were created in a public project because there was no economic cross section in the community.

William L. Taylor, Staff Director of the U.S. Commission on Civil Rights wrote a letter to the distinguished Chairman of the Committee (Mr. Sparkman) expressing his concern over income limitations in the new programs. His conclusion is that an economic mix with a neighborhood will give it more viability and "enable disadvantaged families to participate more fully in community life." This point was one more reason for the committee to permit the use of 20% of the funds for the moderate income families.

5. *Special Assistance should be granted to the large family.*

The large family is often neglected in our special programs as recent studies in public housing demonstrate. Most public housing projects do not have enough bedrooms per unit to assist these families and they are forced to live in substandard units. In addition, there is a higher concentration of poverty among the large family. In fact, the incident of poverty among large families is two and one half times as great as among other families.

Coupled with the unique housing needs of the large family is the problem that these families are not able to pay as high as a percentage of their income for housing needs. A recent study in New York City on the amount of income needed to maintain a "modest, minimum" budget shows that the family costs increase by \$700 a year for each additional child.

As the family size increases, the proportion of income going for housing decreases. This New York study shows how this affects the large family. The childless couple pays 24.3% of its income for housing while the family of 10 can only pay 16% of its income for housing.

Number of people:	Percentage of income for housing
1	29.0
2	24.3
3	23.3
4	20.6
5	20.0
6	18.3
7	17.6
8	17.5
9	17.6
10	16.0
11	15.4

To meet this situation, the bill provides that income eligibility determination and subsidy determination will be based on "adjusted income". There will be a reduction of \$300 from annual income for every minor child living in the home. Thus, if 70 percent of the (d)(3) limits was \$5,500, a family of \$7,200 with 6 children would fall within this category since its adjusted income is only \$5,400. In addition the family would only pay 20% of this \$5,400 income toward the mortgage payment or 25% of it toward monthly rent.

Thus, these were the reasons the Committee decided on the income limit formula contained in the bill. In my opinion, this formula is an equitable one. It assists those truly in need and emphasizes the lower income family. It provides a sliding scale subsidy so that those with higher income will receive less government assistance. It en-

courages neighborhoods where there will be an economic mix. It gives special help to the large families and their special problems.

Amendments such as the one offered by the distinguished ranking minority member of the Housing and Urban Affairs Subcommittee (Mr. Tower) will negate this formula, and endanger the success of the program.

Mr. TOWER. Mr. President, I appreciate the allusion to Pineland, Tex., just made by the Senator from Wisconsin. Let me say that the sawmills in Pineland throw away enough lumber to build a house down there. It is very cheap to build down in Pineland, Tex.

Mr. President, let me cite some testimony given before the committee by the junior Senator from New York [Mr. KENNEDY] in his testimony on this and other matters pending before the Housing Committee. In that exchange between the Senator from New York and myself, the following took place:

Senator TOWER. The surveys by the President's Commission on Civil Disorders found that the number of persons assisted by Federal programs in almost all cases constituted only a fraction of those in need.

Now, the median income of families according to this report in the disturbance areas was \$4,200 for nonwhites and \$5,300 for whites.

I notice that a recent article in the New York Times states that the median family income in New York City's Brownsville slum area is \$3,500 a year, and I understand that even that is higher than in Bedford-Stuyvesant—

Senator KENNEDY. That is correct.

Senator TOWER (continuing). The area the Senator has manifested so much interest in.

Too, a prior witness before this committee, the Mortgage Bankers, testified that 75 percent of all substandard homes in 1960 were occupied by families with incomes of \$4,000 or less.

Now, in view of this, don't these income figures give evidence that would support efforts on the part of this committee and on the part of the Congress to aim these programs at the lower income levels?

And I would say further don't these incomes represent a logical target for priority?

In other words, less emphasis on the so-called moderate incomes and more emphasis on the low-income families?

Senator KENNEDY. The absolute fact is that, except for the public housing programs, there have not been any housing programs that have helped the low-income people in this country.

The 221(d)(3) program is really for middle-income people. We have not had any housing programs that have helped the lowest income people in the United States. And this legislation that is being considered by this committee is not really going to help them either.

It is going to do better than 221(d)(3), but it is not going to get to the group that you just described.

Senator TOWER. Without trying to get a specific endorsement of any particular provision, I would note that the eligibility requirements in S. 3029 are the same as they are for 221(d)(3), whereas in S. 2700 we pegged the eligibility requirements at 70 percent of 221(d)(3), which would keep it down more toward the median income range.

Do you favor some sort of legislative device, not necessarily this one, to keep this thing from surfacing and gravitating toward more moderate income?

Senator KENNEDY. I do.

Thus, Mr. President, I submit that when the Senator from New York and I can arrive at an agreement on something,

it must be very worthwhile and represent a real consensus. I would suggest in light not only of Senator KENNEDY's testimony but also because the same question was asked of many witnesses repeatedly, and the response was to keep it down to the lowest income families because they are the ones not being helped today.

When we consider that in Bedford-Stuyvesant and Brownsville, N.Y., the families there are in the \$3,000 to the \$3,200 bracket, those are the people we need to help. Those making \$7,000, \$8,000, or \$9,000, perhaps it is a hardship on some of the large families in the income range of \$6,000, \$7,000, \$8,000, or even \$10,000, to build a house or buy a house or even rent a house the burden falls not nearly so heavily on them as it does, on those making below \$5,000. That is where the most critical problem is. Those are the people to whom the program should be targeted.

Mr. PROXMIRE. Mr. President, I yield myself 5 minutes.

The PRESIDING OFFICER. The Senator from Wisconsin is recognized for 5 minutes.

Mr. PROXMIRE. Mr. President, there is no argument between the Senator from Texas and me about the fact that the bill, and this measure in the bill, should be directed primarily at those with the lowest incomes. It is. It is, at the present time. In the bill, however, both the House the homebuilders—and the homebuilders are very emphatic about this—as well as the Cooperative League and two significant other groups; namely, the U.S. Civil Rights Commission and organized labor, they all feel very strongly that we should not knock out any flexibility on the part of the Director of HUD.

I think the argument that makes sense is that we do not want to create a situation where we have economic ghettos. We should provide an opportunity for people whose incomes are above this also to be able to buy their own homes. What will happen is that people with low incomes will be able to buy their own homes under the program, but there will be a serious gap, a gap in which we will have the kind of experience observed before, where there will be indignity because of being associated with that kind of subsidy, because these are people with low incomes and they will be identified as being placed in a group where their houses are subsidized.

What I want to emphasize—and emphasize strongly—is that because 20 percent of incomes are required to go to pay for houses, that subsidy diminishes as the income increases. We talk about people with incomes of \$4,000 or \$3,500, but in buying their own home, we recognize that the assistance they get is going to be a great deal less than the assistance of those with an income of \$3,000 or \$2,500. Most are under this provision. Even for that small minority who have an income above the 70-percent limit, they will pay for virtually the entire cost of the rental themselves and not have the benefit of the Government subsidy.

Mr. TOWER. Mr. President, I yield myself such time as is necessary.

I am aware that it seems like nit-picking to object to a mere 20 percent of the

funds earmarked or being made available under the program for families that reach full eligibility limits on 221(d)(3) but, again, it is the case of the camel with his head under the tent. We have striven for years to devise programs that would help the very poor, and in every instance the programs have always gravitated upwards toward the lower-risk income groups. So I think now we need to have a program in which we say 100 percent of all that we earmark for the program is going to help those who are lowest on the socio-economic scale, because they are the people most in need, they are the people suffering the most and the people least able to take care of themselves.

I think we should put every dime we can earmark into a program to help these people. If there are five people in a given area making application, at an income level below \$5,000 a year, only four of them are going to get the assistance, because the fifth one will have to give away to someone much higher on the socio-economic scale and much more capable of taking care of himself. So I urge the adoption of my amendment.

I am prepared to yield back the balance of my time.

Mr. PROXMIRE. Mr. President, I yield back the balance of my time.

Mr. TOWER. I ask for the yeas and nays.

The yeas and nays were ordered.

The PRESIDING OFFICER. The question is on agreeing to the amendments of the Senator from Texas. All remaining time on the amendments has been yielded back. The yeas and nays have been ordered, and the clerk will call the roll.

The bill clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUE], and the Senator from Missouri [Mr. LONG] are absent on official business.

I also announce that the Senator from Idaho [Mr. CHURCH], the Senator from Pennsylvania [Mr. CLARK], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from Indiana [Mr. HARTKE], the Senator from Arizona [Mr. HAYDEN], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. McCARTHY], the Senator from Wyoming [Mr. McGEEL], the Senator from South Dakota [Mr. McGOVERN], the Senator from Minnesota [Mr. MONDALE], the Senator from New Mexico [Mr. MONTOYA], the Senator from Oregon [Mr. MORSE], the Senator from Wisconsin [Mr. NELSON], the Senator from Connecticut [Mr. RIBICOFF], the Senator from Florida [Mr. SMATHERS], and the Senator from Maryland [Mr. TYDINGS] are necessarily absent.

I further announce that, if present and voting, the Senator from New York [Mr. KENNEDY], the Senator from Minnesota [Mr. MONDALE], the Senator from Connecticut [Mr. RIBICOFF], and

the Senator from Maryland [Mr. TYDINGS] would each vote "nay."

On this vote, the Senator from Mississippi [Mr. EASTLAND] is paired with the Senator from Pennsylvania [Mr. CLARK]. If present and voting, the Senator from Mississippi would vote "yea" and the Senator from Pennsylvania would vote "nay."

On this vote, the Senator from North Carolina [Mr. ERVIN] is paired with the Senator from Massachusetts [Mr. KENNEDY]. If present and voting, the Senator from North Carolina would vote "yea," and the Senator from Massachusetts would vote "nay."

On this vote, the Senator from Florida [Mr. SMATHERS] is paired with the Senator from Oregon [Mr. MORSE]. If present and voting, the Senator from Florida would vote "yea," and the Senator from Oregon would vote "nay."

Mr. HICKENLOOPER. I announce that the Senator from Utah [Mr. BENNETT], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], the Senator from Oregon [Mr. HATFIELD], the Senator from New York [Mr. JAVITS] and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

The Senator from Colorado [Mr. DOMINICK], the Senator from Idaho [Mr. JORDAN], and the Senator from Michigan [Mr. GRIFFIN] are detained on official business.

If present and voting, the Senator from Utah [Mr. BENNETT], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Colorado [Mr. DOMINICK], the Senator from Arizona [Mr. FANNIN], the Senator from Oregon [Mr. HATFIELD], the Senator from Idaho [Mr. JORDAN], and the Senator from California [Mr. MURPHY] would each vote "yea."

On this vote, the Senator from California [Mr. KUCHEL] is paired with the Senator from New York [Mr. JAVITS]. If present and voting, the Senator from California would vote "yea," and the Senator from New York would vote "nay."

The result was announced—yeas 25, nays 36, as follows:

[No. 161 Leg.]

Ervin	Kennedy, N.Y.	Ribicoff
Fannin	Kuchel	Smathers
Fong	Long, Mo.	Tydings

So Mr. TOWER's amendments (No. 822) were rejected.

Mr. SPARKMAN. Mr. President, I move to reconsider the vote by which the amendment was rejected.

Mr. MANSFIELD. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The bill is open to further amendment.

Mr. TOWER. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

## AMENDMENT NO. 829

Mr. TOWER. Mr. President, I call up my amendment No. 829, and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The legislative clerk read as follows:

On page 83, beginning with line 4, strike out all through line 2 on page 96.

Renumber succeeding sections and titles accordingly.

## UNANIMOUS-CONSENT AGREEMENT

Mr. MANSFIELD. Mr. President, will the Senator yield?

Mr. TOWER. I yield.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that there be a time limitation of 1 hour on the pending amendment, the time to be equally divided, 30 minutes each to the distinguished Senator from Texas [Mr. TOWER] and the distinguished Senator from Alabama [Mr. SPARKMAN].

The PRESIDING OFFICER. Without objection, it is so ordered. Who yields time?

Mr. TOWER. Mr. President, I yield myself such time as I may need.

The PRESIDING OFFICER. The Senator from Texas is recognized.

Mr. TOWER. Mr. President, the effect of my pending amendment would be to delete from the bill the new communities provision. I cannot concur with the inclusion in the pending bill of a program of Government guarantees for the development of entirely new communities.

This is the program which would authorize the Secretary of Housing and Urban Development to guarantee bonds and other obligations issued by developers to finance the cost of acquiring and developing land, after which there would be developed on the land that was acquired homes, schools, and the other usual institutions associated with a self-sustaining city or community.

The economic feasibility of such ambitious undertakings is somewhat at doubt, and past experience in this area has revealed a myriad of pitfalls awaiting the unwary. The speculative nature of these large community development programs is of itself reason to doubt the prudence of allowing the Federal Government to pledge its full faith and credit, to the possible cumulative extent of \$500 million, to such undertakings. It is altogether possible that the only solvency inherent in such undertakings will ultimately be that of the Government's financial exposure. I do not feel that there is anything to support allowing the Government's financial resources to be placed in such a position.

This doubtful proposal is being advanced at a time when the housing problems of America's existing cities and communities have not been resolved, and when the Government's financial resources are being stretched in every way possible to extend assistance for the upgrading of our country's deteriorated neighborhoods and the replacement of substandard housing within the cities.

It would be inappropriate in my opinion, to enlarge the Government's contingent liability in this area when the demands of existing programs are so hard to meet. The homebuilding industry has at its disposal a comprehensive selection of Government housing programs, to which would be added the new lower income programs created by this bill, with which it can undertake the orderly development of quantities of housing ranging from individual structures to entire subdivisions and neighborhoods. The industry possesses the financial resources, when economic feasibility is present, to absorb the necessary costs of land development to implement these programs.

I feel that it is both sufficient and desirable that such development be undertaken within or contiguous to our country's existing cities and communities where existing governmental services and established amenities will be available to the occupants of the housing produced, and likewise, where such housing will enhance and supplement the needs of these cities and communities and their governments. This will certainly result in development activities that are more responsive to local needs than would be the case where entire cities and communities are created that would tend to reflect instead the whims of the Secretary of Housing and Urban Development.

This is no time for us to guarantee \$500 million to speculative schemes involving the new communities, new cities, new towns, or whatever one wants to call them. There have been a number of these that have sprung up all over the country, and I do not know of any that have been a great financial success. At a time when we should be addressing ourselves to the problems of existing urban areas, why should we go chasing off after a scheme to build new communities?

This is a speculative type of operation. The home building and financial communities have the resources to engage in this type of speculative development, if they choose to do so. I see no reason why, at a time when we are facing a fiscal and monetary crisis, we should back them

up with the resources of the Government of the United States.

Mr. SPARKMAN. Mr. President, my comments with respect to this amendment shall be brief.

As I understand the amendment, it would strike out the provisions in the bill relating to the guarantee of bonds enacted by sponsors of new communities.

Mr. TOWER. Yes.

Mr. SPARKMAN. Mr. President, the question of new communities was discussed in our committee for 3 years before it was finally put into the law, as a provision for providing mortgage insurance for larger subdivisions, in 1965. The subdivision insurance provision was later amended and broadened in 1966 to include new communities.

In the beginning, I was opposed to the proposal for establishing an FHA insurance program for new communities. I have stated on the floor of the Senate that I was opposed to such a program. Nevertheless, such a program has been written into the law because it was felt that by developing large tracts of land for new communities it would be more economically feasible to build great amounts of housing. The insurance program has been on the statute books for only 2 years now and, I am advised that no applications have thus far been approved for this type of development.

The existing program, as I have indicated is based on the financing of new communities through mortgages. HUD has asked for a new method of financing this type of development; namely, that of permitting HUD to guarantee the bonds of developers who undertake a new community development.

The only point I wish to make in this connection is that the program has not had a true test since not one application has been approved under the existing program.

Originally, I opposed the program, but I accepted it when the program was written into the law; and I believe that now, since it is in the law, we should allow this alternative financing method in order to see if the program can prove itself.

Mr. HOLLAND. Mr. President, will the Senator yield for a question?

Mr. SPARKMAN. I yield.

Mr. HOLLAND. I note that under the heading of "Labor" on page 90 of the bill, it is provided that all laborers and mechanics employed by contractors or subcontractors in the land development program shall be paid such sums as set by the Secretary of Labor in accordance with the Davis-Bacon Act. The Davis-Bacon Act, of course, applies to payments of wages and salaries when persons are employed on the building of public buildings.

Mr. SPARKMAN. Yes, that is true. As a matter of fact, that provision is applicable already in existing law to all rental housing constructed under FHA programs. Single family home construction is not covered by the Davis-Bacon Act. That is the uniform application and it has been for a long time.

Mr. HOLLAND. That covers, of course, the cost of artisans in the building of homes. But this project covers a good

deal more, does it not, than the building of homes?

I read from page 93:

(a) The term "land development" means the process of grading land, making, installing, or constructing water lines and water supply installations, sewer lines and sewage disposal installations, steam, gas, and electric lines and installations, roads, streets, curbs, gutters, sidewalks, storm drainage facilities, and other installations or work, whether on or off the site, which the Secretary deems necessary or desirable to prepare land for residential, commercial, industrial, or other uses, or to provide facilities for public or common use.

It seems to me that making the provisions of the Davis-Bacon Act apply to all of the great scope of work—of course there are many types of work—is different from the provision of which the Senator spoke, and which is now in the law.

Mr. SPARKMAN. I believe it is exactly the same as would apply to the building of an apartment house where the land had to be prepared, and so forth. I believe this is the same rule. Certainly, we did not try to incorporate a new rule.

Mr. HOLLAND. Having had some experience with the development of new communities, I know that much more is involved than would be involved in the ordinary building of an apartment house or a condominium or a structure which would involve some little work in leveling the ground and in connecting with the electric system, the gas system, the water system, and so forth. This seems to cover all work done in what is termed "land development," and I have read what is defined as land development.

Mr. SPARKMAN. Of course, the housing cannot be built until the land is developed. That is part of this program, to make it possible to develop the land on a large scale, to make it available for the erection of different types of housing, perhaps several different apartment houses, row houses, and houses of every type. The rule that is laid down here is the same as that which applies in all other housing. I am confident of that. I said "all other housing." I mean, of course, all rental housing and housing constructed under the FHA 213 cooperative housing program.

Mr. HOLLAND. My observation of new developments of this type is such that I know they customarily cover areas of from 40 to 80 or 160 acres, and sometimes as much as a square mile in my State—sometimes several square miles. The application of the Davis-Bacon Act to a new facility of that type seems to me to be a much broader application than anything we have heard of heretofore in this field.

Mr. SPARKMAN. I do not believe that the type of development the Senator is talking about would be under the Davis-Bacon Act, because he is speaking only of preparing the site, without the buildings to be a part of it. This relate to new communities, and this is in the existing law with respect to new communities.

Mr. HOLLAND. The new community building, as projected under this bill, goes very far, it seems to me. In my State, new communities go all the way from several square miles down to comparatively large acreage.

The next point is this: I note that subparagraph (b) of section 412, on page 91, contains these words:

(b) In no case shall any grant under this section exceed 20 per centum of the cost of the new community assistance project for which the grant is made; and in no case shall the total Federal contributions to the cost of such project be more than 80 per centum.

Do I correctly understand that this applies to fire stations, police stations, school buildings, and matters of that type which are to be needed in the new community?

Mr. SPARKMAN. No. This is primarily for water and sewer systems, which the local body supplies. This is to aid the local city or community, wherever the area is, to provide water and sewer systems.

Mr. HOLLAND. I note here that the limit of Federal assistance shall not exceed 80 percent of the cost. In this section we are not talking about guarantees; we are talking about Federal contributions.

Mr. SPARKMAN. Contributions; yes. The Senator is correct.

Mr. HOLLAND. Then, we have in mind new communities in which the Federal Government will be expected to pay anywhere from 20 to 80 percent of the cost of schools, the police station, the fire station, the water facilities, and others that are public facilities; are we not?

Mr. SPARKMAN. Of course, there is a Federal program to assist public bodies and communities in supplying water and sewer systems.

Mr. HOLLAND. Does the Senator mean new, planned communities, just starting out? I do not know of any such program.

Mr. SPARKMAN. The Senator is familiar with one program we enacted into law just 2 or 3 years ago to provide assistance even though it were out in a rural area.

Mr. HOLLAND. That is the Farmers Home Administration program. Now, we are talking about building new, highly developed communities; are we not?

Mr. SPARKMAN. It is a part of the housing. In this event the community might make a grant of as much as 50 percent. This provides 20 percent in addition to that, but in no event is the cost of such project to be more than 80 percent.

Mr. HOLLAND. This permits the Secretary himself to make supplementary grants?

Mr. SPARKMAN. The Senator is correct.

Mr. HOLLAND. The conditions are that the grant shall not exceed 20 percent and that his grant, when taken in conjunction with the other Federal grants, shall not exceed 80 percent of the cost?

Mr. SPARKMAN. The Senator is correct.

Mr. HOLLAND. It seems to me that this is practically underwriting the construction of the needed public facilities in planned, new communities. It seems to me that such a course would be very unfair to communities recently established and which are being developed by the dozens, in my own State.

How can we possibly justify such generous help as this to a new community now being planned and whose plans are

approved by the Secretary of Housing and Urban Development?

Mr. SPARKMAN. The basic grant under the existing law is found in section 702 of the National Housing Law and is 50 percent. This is a supplementary grant. That is the title of the section. It permits additional grants not to exceed 20 percent in connection with any one project.

Mr. HOLLAND. We have a great many private enterprises in my State, and I know this happens to be true in the State represented by the Senator from Texas. It is true to a lesser extent in all States, but is particularly true in States growing rapidly where many, many new communities are being built by private enterprise.

It looks to me as if this kind of program, if allowed to be enacted into law, supported by a one-half-billion-dollar program, is decidedly unfair and unjust when contrasted with completely privately developed communities.

I wonder if the Senator has a comment on that point?

Mr. SPARKMAN. This is not something brand new that we are seeking to enact into law. It is merely providing an alternative financing method for something that has been in the law since 1966. These so-called planned communities have had a very hard time. I am not sure it can be satisfactorily shown that private undertakings have been successful. I know several such undertakings that have not been successful. I know Senators have read in the newspapers just recently about the difficulties incurred by one community near Washington about which we initially heard glowing reports. I refer to the new town of Reston, Va. The committee studied this new financing method on the recommendation of the Housing Department and the committee decided we should help these undertakings in the manner set forth in the bill.

Mr. HOLLAND. I have just two comments to make on this point. First, it is evident that the law that is on the books now has not been very successful and this is an effort to provide much larger Federal participation. In the second place, I wish to make clear that in addition to the one new community which the Senator refers to, one cannot go out from Washington in any direction, in Virginia or Maryland, that he does not run into several of these new communities which have been developed by private enterprise and which are continuing their development. Many of them have not been built on anything more than a proportion of the lots which they set out to develop.

Of course, their investments for water facilities, and the like, have been put in with a view to supplying the entire community when it is completed.

It seems to me we could not go into a matter as large and as generous as this without seriously affecting for the worst many, many such communities. Certainly, that would be the case in my State.

Mr. SPARKMAN. I think the Senator must be speaking about large subdivisions rather than what is usually known as new towns or new communities. There are in fact very few of them. Very few, if any, have been successfully completed.

There is one out here in Maryland by the name of Columbia. Then there is one in Virginia called Reston. These are the only new towns I know of around Washington.

(At this point, the Acting President pro tempore assumed the chair.)

Mr. TOWER. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. TOWER. Sometimes subdivisions take on a corporate identification. They may be contiguous to an existing urban area, but still they take on a corporate identification.

Mr. SPARKMAN. The Senator is correct. I believe the Senator is talking about subdivisions rather than new communities.

Mr. HOLLAND. Mr. President, I shall name a half dozen communities off the top of my hat. In my State alone, there are such communities as Sun City, Fla.; Cape Coral, Fla.; Lehigh Acres, Fla.; Port Saint Lucie, Fla., and others that can be thought of in a few minutes. They are new communities. Port Charlotte is the largest town in its county, which is Charlotte County. Just a few years ago it was nothing but a strip of completely undeveloped territory. It was planned as a city, developed as a city, and it is a city. My recollection is that the other day in talking to the lawyer for the county commission he told me there were more than 8,000 people in that town.

I think I have named five or six. Another instance would be the new community on Marco Island.

It seems to me that we cannot go into this type of business without being exceedingly unfair to the developers of those new communities. None of them that I have mentioned are completely developed, yet all of them are successful and they are all organized as separate communities, served by separate facilities, and counting on additional sales of lots and the building of additional thousands of homes.

It seems to me that to pass this kind of law would invite competitors financed largely by Federal funds. So unless I am shown something different from the way this proposal looks to me now, I would have to say that I would not possibly support this title. As I see it, it is exceedingly unfair to private enterprise developers of new communities, of which there are many. One of the them, Bel Air, is located in Prince Georges County, Md., not far from here. I have not been in it, but I have been in the one built by the same people, the Levitts, close to Trenton, N.J. It is quite a city, and it was developed by private enterprise.

We simply cannot get into this kind of operation on this scale—\$500 million for the first shot—without seriously jeopardizing investments, which are very large, indeed.

I thank the Senator for yielding.

Mr. COTTON. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. COTTON. I wanted to try to make certain that I understood—it has been talked about enough so that we ought to know—the definition of "new commu-

nity." I have in mind a small city in my own State that has had an expansion of industry and is seeking to construct a new housing development to take care of the new workers. The city has had some difficulty, because unless rent supplements are combined with help for housing, the new housing development cannot be constructed to take care of the new workers without getting the rent up so high that it would not be within the reach of the new workers.

I am trying to find out whether the phrase "new community" would include a situation in which a new development was taking place, on the outskirts of a city, or whether the development would have to be a new city or a new town having a form of government separate from the original community.

Mr. SPARKMAN. Of course, many times, the definition is rather vague as between what could constitute a new town and what could not; but my understanding of a new town or a new community is that it is within itself a completely new unit. Ordinarily, expansion on the edge of a city is what we would call a subdivision. Some of those subdivisions becomes enormous.

Subdivisions like Belair in Maryland are not new communities or new towns within the meaning of the term. I should think under the description the Senator from New Hampshire gives, that a subdivision would take care of the situation.

Mr. COTTON. Does the Senator mean that this money, if it were authorized and appropriated, might be available in that case, or it would not be available? It is not a new town.

Mr. SPARKMAN. Grants for water and sewer systems support is available in any case.

Mr. COTTON. Under the bill?

Mr. SPARKMAN. Under the law.

Mr. COTTON. Under the law.

Mr. SPARKMAN. Under the law.

Mr. COTTON. In this particular case.

Mr. SPARKMAN. This says that the Secretary of Housing and Urban Development may, when he finds it necessary to enable the community to develop as a community, increase the grant by 20 percent.

Mr. COTTON. It refers, then, only to water, sewage, and other—

Mr. SPARKMAN. The Senator is right.

Mr. COTTON. Not to construction.

Mr. SPARKMAN. No, not to construction.

Mr. COTTON. That answers my question. I thank the Senator.

Mr. TOWER. Mr. President, I note that it is pretty difficult to distinguish new communities from subdivisions, as something contiguous to, or part of a city, or outside city limits. Actually, the new communities are located in the proximity of major urban areas and take on the character of suburbs or subdivisions. Because we move them 5 miles into the country does not mean that they are not part of a metropolitan complex, which they become a part of.

I believe that we should not be in the business of subsidizing or underwriting speculative projects, particularly in light of what the distinguished Senator from

Florida says, that it competes with those who are trying to make it on their own, so to speak. So far, we do not have any rule that we should get into that.

Mr. HOLLAND. Levittown, Pa., to which I have referred, is a rather full town. It is not all residential. It has plenty of other facilities.

Mr. SPARKMAN. The Senator is right. But it is built as a subdivision.

Mr. HOLLAND. It is as much of a new town as Reston, except that it is successful and Reston, as the Senator has said, is not in full success as yet.

The Senator referred to Columbia. I have seen it referred to as a new community. We have them in my State which, as the Senator knows, is growing rapidly. There are numerous instances of that kind. The stock of the companies that do the developing is sold on the New York Stock Exchange. They have high standing. The idea of coming in here with a fund by way of a grant and coupling it on to other grants that might go as high as 80 percent to build certain utilities and conveniences within it, and then the guaranteed bond being up to \$500 million, it seems to me, gives improper advantage to communities that would be picked out by the Secretary of House and Urban Development for this kind of help as compared with those still making a go of it through the exercise of private enterprise. And they are doing it. I am told—I have not been on the outskirts of great cities in California recently—that there are numerous examples of new communities in the San Francisco Bay area, in the general areas around Los Angeles and Los Angeles County, in the general areas around San Diego, and, I am sure, elsewhere in that far western State.

I just do not like to see the Government getting into this kind of thing which will disturb so greatly those who are presently operating successfully, are adding to this country's wealth and development, and are adding to the housing prospects and possibilities of our people. To have the Government come in in such a way as this, to my mind, would be distressing. It is for that reason I take the position I do.

Mr. LAUSCHE. Mr. President, will the Senator from Alabama yield for a question?

Mr. SPARKMAN. I yield.

Mr. LAUSCHE. For the purpose of getting a clearer understanding of what is involved, do I understand correctly that under existing law a new community or subdivision would be entitled to aid for the installation of sewerage and water supply facilities in an amount equal to 50 percent of the cost?

Mr. SPARKMAN. That is correct. That is basic law.

Mr. LAUSCHE. Now, under the subject which has been discussed, a community as distinguished from a subdivision would be entitled to additional aid—

Mr. SPARKMAN. It might be—

Mr. LAUSCHE (continuing). At the discretion of HUD?

Mr. SPARKMAN. That is correct.

Mr. LAUSCHE. For what purpose would this additional aid be used? For what? Water and sewer?

Mr. SPARKMAN. Primarily water and sewer.

Mr. LAUSCHE. Primarily; but would the Secretary have the authority to make additional grants for other installations?

Mr. SPARKMAN. No; 20 percent for water and sewer.

Mr. LAUSCHE. Does the bill define a "community" such as the Senator has been discussing here?

Mr. SPARKMAN. I do not find a definition of the word as such, but there are conditions that the Secretary must find to exist.

Section 1004 of the National Housing Act reads:

New communities consisting of developments, satisfying all other requirements under this Title, may be approved under this section by the Secretary for mortgage insurance if they meet the requirements of subsection (b) of this section.

Mr. LAUSCHE. What is the difference between a "subdivision" and a "community"?

Mr. SPARKMAN. "Community" refers to a complete community with provision made for streets, churches, fire departments, and everything necessary for the operation of a city. A subdivision is usually a collection of homes. Subdivisions sometimes have other facilities, true, but, generally, they are nothing more than a collection of homes.

Mr. LAUSCHE. A community pretty nearly establishes a new governmental unit?

Mr. SPARKMAN. A new community would.

Mr. LAUSCHE. A new community would?

Mr. SPARKMAN. Yes; and it is entitled to funds and grants for water and sewer, just as is an established city.

Mr. LAUSCHE. Forgetting for the moment the added 20 percent that the Secretary of Housing and Urban Development may allow in his discretion, what other type of aid would the development of such a community be entitled to?

Mr. SPARKMAN. The land could be insured, as would the buildings be, under FHA, but that is a regular FHA insurance program.

Mr. LAUSCHE. Would the aid provided for the low income family be applicable to a new community?

Mr. SPARKMAN. Yes; it is applicable anywhere.

Mr. LAUSCHE. Would supplemental rents also be applicable?

Mr. SPARKMAN. The Senator means would the rent supplement program be authorized if such buildings were constructed there?

Mr. LAUSCHE. Yes.

Mr. SPARKMAN. It would be.

Mr. LAUSCHE. Does not this operate as an inducement for people to move out of the big cities and move into new communities?

Mr. SPARKMAN. Yes.

Mr. LAUSCHE. What do the big city people who are trying to keep what has been called the exodus from continuing say when Congress creates conditions inducing the exodus?

Mr. SPARKMAN. As a matter of fact, the mayors of the big cities who have appeared before our committee usually

have approved the idea. Usually there is bound to be a spilling out into the suburbs, where traffic congestion is a problem, and the alternative is to have a community by itself.

Mr. LAUSCHE. But the fact is that the big cities are crying because people are moving out. They are begging the Government to create inducements to have the people remain. The Federal Government is giving them help to induce people to stay there. But here the Federal Government is giving help to induce people to move out. The two do not go hand in hand, it seems to me. There seems to be some conflict. Perhaps they are both desirable.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. TOWER. Mr. President, I yield such time out of my time as the Senator from Alabama needs.

Mr. SPARKMAN. I do not need any time.

Mr. TOWER. Mr. President, I am prepared to yield back my time.

Mr. HOLLAND. Mr. President, will the Senator yield to me for one moment?

Mr. TOWER. I yield such time as he may need to the Senator from Florida.

Mr. HOLLAND. Mr. President, I would like to call to the attention of the Senator from Ohio the purpose of title IV, entitled "Guarantees for Financing New Community Land Development," as set forth on page 83 of the bill. I shall read two of those purposes, indicating how broad this program is. The first defines a new community as that which:

(1) contributes to the general betterment of living conditions through the improved quality of community development made possible by a consistent design for the provision of homes, commercial and industrial facilities, public and community facilities, and open spaces.

All those things are to be guaranteed contributions for these new communities. That is the first.

No. 5 reads:

Enlarge housing and employment opportunities by increasing the range of housing choice and providing new investment opportunities for industry and commerce.

So we see how far reaching this program is. The guarantee program, and the grant program that goes along with it, reach very far into almost every type of development, extending to open-spaced development for new communities.

I thank the Senator from Texas for yielding to me.

Mr. TOWER. Mr. President, I ask for the yeas and nays on my amendment.

The yeas and nays were ordered.

Mr. TOWER. I yield back the balance of my time, Mr. President.

The PRESIDING OFFICER. The question is on agreeing to the amendments of the Senator from Texas. All time has been yielded back. The yeas and nays have been ordered, and the clerk will call the roll.

The legislative clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUE], and the Senator from Missouri [Mr. LONG], are absent on official business.

I also announce that the Senator from Idaho [Mr. CHURCH], the Senator from Pennsylvania [Mr. CLARK], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from Indiana [Mr. HARTKE], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. MCCARTHY], the Senator from Wyoming [Mr. MCGEE], the Senator from South Dakota [Mr. MCGOVERN], the Senator from Minnesota [Mr. MONDALE], the Senator from New Mexico [Mr. MONTOLYA], the Senator from Oregon [Mr. MORSE], the Senator from Wisconsin [Mr. NELSON], the Senator from Connecticut [Mr. RIBICOFF], the Senator from Florida [Mr. SMATHERS], and the Senator from Maryland [Mr. TYDINGS], are necessarily absent.

I further announce that, if present and voting, the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], and the Senator from Maryland [Mr. TYDINGS], would each vote "nay."

On this vote, the Senator from Mississippi [Mr. EASTLAND] is paired with the Senator from Pennsylvania [Mr. CLARK]. If present and voting, the Senator from Mississippi would vote "yea" and the Senator from Pennsylvania would vote "nay."

On this vote, the Senator from North Carolina [Mr. ERVIN] is paired with the Senator from Connecticut [Mr. RIBICOFF]. If present and voting, the Senator from North Carolina would vote "yea" and the Senator from Connecticut would vote "nay."

On this vote, the Senator from Florida [Mr. SMATHERS] is paired with the Senator from Oregon [Mr. MORSE]. If present and voting the Senator from Florida would vote "yea" and the Senator from Oregon would vote "nay."

Mr. HICKENLOOPER. I announce that the Senator from Utah [Mr. BENNETT], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], the Senator from Oregon [Mr. HATFIELD], the Senator from New York [Mr. JAVITS], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

If present and voting, the Senator from Nebraska [Mr. CURTIS], the Senator from Arizona [Mr. FANNIN], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] would each vote "yea."

On this vote, the Senator from Utah [Mr. BENNETT] is paired with the Senator from Oregon [Mr. HATFIELD]. If present and voting, the Senator from Utah would vote "yea" and the Senator from Oregon would vote "nay."

On this vote, the Senator from Illinois [Mr. DIRKSEN] is paired with the Senator from New York [Mr. JAVITS]. If present and voting, the Senator from Illinois would vote "yea" and the Senator from New York would vote "nay."

The result was announced—yeas 27, nays 38, as follows:

[No. 162 Leg.]

So Mr. TOWER's amendment (No. 829) was rejected.

Mr. SPARKMAN. Mr. President, I move to reconsider the vote by which the amendment was rejected.

Mr. MANSFIELD. Mr. President, I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. RUSSELL. Mr. President, I send an amendment to the desk and ask that it be stated.

The ACTING PRESIDENT pro tempore. The amendment will be stated.

The assistant legislative clerk read as follows:

On page 197, beginning with "the" in line 20, strike out all through "year" in line 3, on page 198, and insert the following: "(A) the State, or a government corporation or fund established pursuant to State law, will reimburse the Corporation, in an amount up to 5 per centum of the aggregate property insurance premiums earned in that State during the preceding calendar year on those lines of insurance reinsured by the Corporation in such areas during that year, and (B) each municipality of that State will reimburse the Corporation, in an amount up to 5 per centum of the aggregate property insurance premiums earned in that municipality during the preceding calendar year on those lines of insurance reinsured by the Corporation in that municipality during that year".

UNANIMOUS-CONSENT AGREEMENT

Mr. MANSFIELD. Mr. President, will the Senator yield without losing his right to the floor?

Mr. RUSSELL. I yield.

The ACTING PRESIDENT pro tempore. Will the Senator suspend while we have order? Let there be order in the Chamber.

The Senator may proceed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that there be a time limitation of 1 hour on the pending

amendment, the time to be equally divided between the distinguished Senator from Georgia [Mr. RUSSELL] and the distinguished Senator from Alabama [Mr. SPARKMAN].

The ACTING PRESIDENT pro tempore. Is there objection? The Chair hears none, and it is so ordered.

Mr. RUSSELL. Mr. President, among the new agencies created in the pending bill is the National Insurance Development Corporation, which is an organization to reinsure the policies of the insurance companies in areas where the insurance costs are particularly high due to rioting and civil disorders.

The purpose of the pending amendment is to make the cities a party to this matter, as well as the States. Under the language in the pending bill, it is stated that the States are compelled to put up a sum equal to 5 percent of the insurance premiums of that type that are paid within the State. There is no obligation on the cities.

Mr. President, under our system, the primary law enforcement duty is on the cities. And it seems to me that they certainly should have a responsibility at least commensurate to the States.

It would be to the advantage of the cities in some cases to say, "Burn, baby, burn," and let the ghetto areas of the city be consumed, because they would have no responsibility whatever in connection with the insurance payments that would ensue as a result of such destruction, but the State would have a responsibility.

The people who live in the States but not within the cities would have to contribute to this fund. They would have to contribute to it in two ways—first, through the State, and second, they would have a potential liability through the power that is given this new corporation to borrow from the Federal Treasury.

It seems to me that since the primary duty to enforce law and order is with the city, the least we could do would be to call on the cities to put up 5 percent of the amount of the premiums on this particular type of insurance, which is not clearly defined in the bill, but which will be subject to negotiation between the new corporation and the insurance companies. They should likewise contribute 5 percent. Only in that way will they feel an equal responsibility for preserving law and order, for preventing the burning of buildings in these high-cost insurance areas.

It could be to their advantage that these buildings burn, because their people would not only collect the insurance, but they would also immediately be in a position to file application for urban renewal, slum clearance, and other Federal assistance available in matters of this kind.

Mr. President, it seems inescapable to me that the cities should be a party to the program. And for that reason I have prepared and offered the pending amendment.

Under the pending bill as reported by the committee, the State must contribute 5 percent of the amount of the premiums of insurance of this type throughout the

entire State. That means a contribution on the part of some who could not possibly benefit from the payment of the insurance. Because many areas have little or no likelihood of riots.

It seems to me that the least we could do would be to say that those within the cities who will benefit from the existence of this reinsurance and the payment of the insurance in the event of destruction of property during civil disorders should likewise put up 5 percent.

That is all that the pending amendment proposes to do.

Mr. CANNON. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. CANNON. Mr. President, does the Senator mean to substitute the cities for the States?

Mr. RUSSELL. No, I do not. I leave the States in, but I would add the cities in addition.

We ought to do something to relieve part of the burden that is sought to be placed on the Federal Government. That is a very minor contribution to the obligation that the Federal Government is assuming on this total reinsurance program. To have 5 percent contribution from the State and then 5 percent contribution from within the city itself which would, of course, be much less than the 5 percent contribution that is already required of the State under the pending bill as reported by the committee, seems to me to be imminently reasonable.

Mr. COTTON. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. COTTON. Mr. President is the pending amendment meant to apply to cities of a certain size or certain population or to any subdivision that exists within a city form of government?

Mr. RUSSELL. In my opinion it would apply to any municipality which held a charter from the State in which the municipality is located.

That is much more definite than some of the other provisions of the title which leave the whole problem of fixing the amount of the payments and the responsibility to future contracts between the corporation, which is within HUD, and the insurance companies.

Mr. COTTON. Mr. President, I thank the Senator.

Mr. RUSSELL. Mr. President, I reserve the remainder of my time.

Mr. SPARKMAN. Mr. President, I wonder if the Senator from Georgia would follow his amendment with me and if he would be willing to accept this modification:

In line 3, strike out "(A)"—

So that it would then read:

The State or a government corporation or a fund established pursuant to State law—

The ACTING PRESIDENT pro tempore. The Chair and the clerk cannot hear the Senator. The Senate will be in order.

The Senator may proceed.

Mr. SPARKMAN. Mr. President, I wonder if the Senator from Georgia would be willing to accept the following modification:

In line 3, strike out "(A)"—

So that the amendment would then read:

The State, or a Government corporation or fund established pursuant to State law . . . .

Then, dropping down to near the bottom:

Strike out "(B)"—

So that it will then read:

Each municipality of that State will reimburse the Corporation, in an aggregate amount up to 5 per centum of the aggregate property insurance premiums earned in that State during the preceding calendar year on those lines of insurance reinsured by the Corporation in that municipality during that year.

I think that ties in the municipalities in that State.

Mr. RUSSELL. Mr. President, I know that I am dealing with an expert in this matter—the distinguished manager of the bill. I had an opportunity to read the bill only casually Saturday and yesterday. However, that could have the effect of materially reducing the contribution of the State and of the municipality to this reinsurance liability fund.

I do not think that 5 percent from the State and 5 percent from the municipality—which, of course, will be much less than the 5 percent from the State in total, because there will be a good deal of this insurance in areas that are not incorporated—is too much to expect. It does not seem that that is too much to ask of people who have the primary obligation for preserving law and order and those who will be the beneficiary of 100 percent of whatever payments are made out of the fund.

Mr. SPARKMAN. The percentage is not changed. It is the same.

Mr. RUSSELL. I understand. But the Senator is merging the liability of the State into that of the municipalities.

Mr. SPARKMAN. In the amendment of the Senator it is 5 percent of the aggregate property insurance in the State and in the city. In the proposal I have offered, it is 5 percent of the aggregate property insurance to be raised by the State and the city. The amendment I offered brings in both the State and the cities, but they work together to decide how it should be distributed between the two.

Mr. RUSSELL. It seems to me that that is another vagueness that is inserted into the proposed legislation. It is already replete with vagueness. To have the States and the cities get together and agree on what they are going to contribute, this rather pathetic 5 percent—

Mr. SPARKMAN. The 5 percent is the same as the Senator proposes.

Mr. RUSSELL. But I propose 5 percent from the State and an additional 5 percent from the cities—10 percent in all. There is a good deal of difference in that and in a 5 percent that is overall, that will be divided up in liability as between the State and the municipalities.

Mr. ELLENDER. Mr. President, I should like to ask a question.

The ACTING PRESIDENT pro tempore. Does the Senator from Alabama yield to the Senator from Louisiana?

Mr. SPARKMAN. I do not wish all my time consumed.

The ACTING PRESIDENT pro tempore. The Senator from Alabama has the floor.

Mr. SPARKMAN. How much time does the Senator from Louisiana desire?

Mr. ELLENDER. I should like 1 minute.

Mr. SPARKMAN. I yield 2 minutes to the Senator from Louisiana.

Mr. ELLENDER. With respect to 5 percent from the State and 5 percent from the cities, does that mean the cities will put up 10 percent and the State 5 percent?

Mr. SPARKMAN. Not under my provision.

Mr. ELLENDER. I mean under the amendment of the Senator from Georgia. The cities would have to put up 10 percent and the State 5 percent?

Mr. RUSSELL. No. It would be 10 percent, but 5 percent would come from the State and 5 percent from the municipalities.

Mr. SPARKMAN. I wonder whether this though should be explored: that the people who are going to support the statewide premium are likewise the people who are going to support the citywide premium.

Mr. RUSSELL. That is partially correct. How about the Federal taxpayer? How about the people of these States who are not able to participate in those programs at all because they do not have riots.

Mr. SPARKMAN. The Senator's amendment relates only to distribution within individual State.

Mr. RUSSELL. That is correct.

Mr. SPARKMAN. That does not affect the Federal contribution at all.

Mr. RUSSELL. It helps to ease the Federal burden, because it increases the contribution of participants other than the Federal Government.

Mr. SPARKMAN. It does not become an additional amount so far as this is concerned.

Mr. RUSSELL. Oh, yes. It would be more under this amendment.

Mr. SPARKMAN. But it would be the same all over the country.

Mr. RUSSELL. The Senator is in effect going to tax every person, everywhere, to get this fund; and he is saying that within the States that enter into the fund, they shall pay 5 percent of the premiums that were paid on similar type property in the year before—on this so-called riot property.

Mr. PASTORE. Mr. President, will the Senator yield me 2 minutes?

Mr. SPARKMAN. I yield 2 minutes to the Senator from Rhode Island.

Mr. PASTORE. Mr. President, I am very much in sympathy with what the Senator from Georgia is trying to accomplish, but, to be realistic about the problem, many of our cities are in financial trouble. The only place they can go to raise taxes is to the homeowner. And real estate taxes today have reached the point at which it is almost prohibitive to own a house in many cities.

A short time ago—this is where we are becoming quite inconsistent—there was a tremendous movement on the floor of

the Senate, during consideration of the Omnibus Crime Control and Safe Streets Act of 1968, for block grants. It was argued at that time that the State should have the authority, because only the State can call out the National Guard and the State can enforce the law. If we want a 10-percent contribution, let us look to the State and let the State work it out, as the Senator from Alabama has suggested. The cities are already troubled, because they do not have sufficient money to pay teachers, firemen, and policemen—so much so that we passed this past week a bill to help them, so that they could raise the salaries of their policemen.

Now we say the cities have to come up with a 5-percent guarantee. I am afraid that is too much a burden for the cities to bear.

If 10 percent should be the minimum that the States and the cities should contribute, then I say we should look to the States and let the States work it out with the cities.

I believe this amendment will be adding insult to injury. Only a short time ago we said, "Let us have block grants, because the State is responsible, the State can call out the militia, the State can guarantee protection. So let the State get the money."

When it comes to pay out then we say let us look to the city; when it comes to give grants, look to the State. I believe we are being inconsistent.

Mr. ANDERSON. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. ANDERSON. Has this proposal been submitted to a rating bureau?

Mr. SPARKMAN. This was worked out with the insurance industry and with the various State insurance authorities, represented by the National Association of Insurance Commissioners.

Mr. ANDERSON. It has been approved by the insurance companies?

Mr. SPARKMAN. I do not mean the amendment I propose, but the provision contained in the bill.

Mr. ANDERSON. I invite the attention of the Senator from Georgia to the fact that 10 percent is a large insurance premium.

Mr. RUSSELL. I do not know what the Senator is referring to, but this is 10 percent of the insurance policies that are paid on the high-risk insurance in areas which are likely to have riots and civil disorders.

The Senator from New Mexico knows so much more about insurance than I do that I hesitate even to mention the word "insurance" in his presence.

But this is not a gigantic sum. In some cities it will hardly amount to anything; in others, it may be a substantial sum.

But the cities have the right to levy taxes on insurance premiums. They have a right to levy taxes on people who acquire insurance. And these people are going to be the beneficiaries of this insurance. It seems to me that they should contribute something.

Mention has been made of people in bad financial condition. Look at the national debt of this country and the billions of dollars that we owe. I think it is

about time that we commiserate a little with the Federal Government and the people of the United States. They also have considerable financial problems which are rapidly increasing.

Mr. SPARKMAN. I will say this to the Senator from Georgia: If he will accept the proposal I have offered, I will accept his amendment.

Mr. RUSSELL. I am not sure I understand the Senator's proposal. I know it is going to reduce the contributions that are to be made locally to this fund. I am not in favor of putting the Federal Government into the insurance business. I think we have enough corporations and agencies of the Federal Government already. But if this is going to be done, and this bill does, and it puts an obligation on the States, I say that the city and the municipal authorities are primarily responsible for the preservation of law and order; and we ought not dangle before them the prospect of a benefit or a subsidy by not utilizing all their power to enforce law and order in the community. Unless we put some responsibility on the cities, they have no feeling of obligation whatever to assert law and order and to preserve it within the city, insofar as this proposal is concerned.

Mr. SPARKMAN. Mr. President, I say this to the Senator from Georgia: The State has the right, under this proposal, to arrange with the municipalities a share of the financial responsibility to be borne by them. In other words, nothing in the proposal says that the State shall pay so much and the municipalities so much. The arrangement would be worked out between them.

Mr. RUSSELL. As to the 5 percent?

Mr. SPARKMAN. Yes. After all, the State is the supreme power within the State.

I believe this is a direction to the State to see that the municipalities share this financial burden. I see no reason why we cannot trust the States and the municipalities to work this matter out among themselves. Talk about the burden of the debt—I am under the impression that of all the subdivisions of government, the cities in this country are most heavily under debt.

Mr. RUSSELL. If you look at the per capita indebtedness figures, you will find that the Federal Government has a much larger obligation than the cities of this country. I do not think there is any doubt about that. It is a large obligation of the total Federal debt, per capita, of the people of the United States. When you assess against a city, you say that those who will be the beneficiaries should at least accept this very insignificant part.

This 5 percent does not mean 5 percent of what they are going to pay out. It means 5 percent of the premiums paid in on the preceding year. It does mean it will be 5 percent of what will be paid out. It will not amount to anything like that if there is a serious disorder. It says that the city has the obligation to preserve law and order.

Mr. SPARKMAN. What happens in a metropolitan area such as the area of Miami and the great metro that is there?

Mr. RUSSELL. Miami is divided into municipalities and each of them would

be a separate organization. Some of them would contribute practically nothing because there would be none of this type of insurance that would have been issued.

Mr. SPARKMAN. And the loss would not have been sustained in that particular area.

Mr. RUSSELL. That is right. It only serves those where the payments are made on the insurance, or where this insurance is written.

Most of the cities of the United States would not be responsible for it under my proposition; it is only those likely to have civil disorders that would result in great loss or destruction.

Mr. SPARKMAN. I wish to ask the Senator one other question. Take the situation across the river in Arlington, which is not a city, but a county. Would "municipality" cover that?

Mr. RUSSELL. I am not sure as to that.

Mr. SPARKMAN. There are other areas. There is Silver Spring, Md., which is not incorporated.

Mr. RUSSELL. I am not so sure about that.

Mr. SPARKMAN. Fairfax County has no municipality.

Mr. RUSSELL. I am not sure about Silver Spring, Md., not being incorporated.

Mr. SPARKMAN. Yes. I believe it is the second largest city in Maryland and it is not incorporated.

Mr. RUSSELL. Certainly, that does no more violence to justice than the Senator's original language.

There are a number of States whose constitutions prohibit them from making contributions of any kind to a private fund such as this. They cannot get in on this scheme of things at all, but they will have to pay their part of the 5 percent the Senator assesses of any excess losses incurred by the corporation?

Mr. SPARKMAN. And that would have to be done under the Senator's proposal.

Mr. RUSSELL. That is right, so there is no less justice in my proposal and much more justice than in the Senator's original committee language.

The PRESIDING OFFICER. Who yields time?

Mr. RUSSELL. On my amendment, I ask for the yeas and nays, Mr. President.

The yeas and nays were ordered.

Mr. RUSSELL. I yield back the remainder of my time.

Mr. SPARKMAN. I yield back the remainder of my time.

The PRESIDING OFFICER (Mr. WILLIAMS of New Jersey in the chair). All time having been yielded back, the question is on agreeing to the amendment of the Senator from Georgia. On this question, the yeas and nays have been ordered, and the clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUYE], the Senator from Missouri [Mr. LONG], and the Senator from Ohio [Mr. YOUNG] are absent on official business.

I also announce that the Senator from Idaho [Mr. CHURCH], the Senator from

Pennsylvania [Mr. CLARK], the Senator from Connecticut [Mr. DOBBS], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Arkansas [Mr. FULBRIGHT], the Senator from Oklahoma [Mr. HARRIS], the Senator from Indiana [Mr. HARTKE], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Ohio [Mr. LAUSCHE], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. MCCARTHY], the Senator from Arkansas [Mr. McCLELLAN], the Senator from Wyoming [Mr. McGEE], the Senator from South Dakota [Mr. MCGOVERN], the Senator from Minnesota [Mr. MONDALE], the Senator from New Mexico [Mr. MONTGOMERY], the Senator from Oregon [Mr. MORSE], the Senator from Wisconsin [Mr. NELSON], the Senator from Connecticut [Mr. RIBICOFF], the Senator from Florida [Mr. SMATHERS], and the Senator from Maryland [Mr. TYDINGS] are necessarily absent.

I further announce that, if present and voting, the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], and the Senator from Maryland [Mr. TYDINGS] would each vote "nay."

On this vote, the Senator from Mississippi [Mr. EASTLAND] is paired with the Senator from Pennsylvania [Mr. CLARK]. If present and voting, the Senator from Mississippi would vote "yea," and the Senator from Pennsylvania would vote "nay."

On this vote, the Senator from Florida [Mr. SMATHERS] is paired with the Senator from Oregon [Mr. MORSE]. If present and voting, the Senator from Florida would vote "yea," and the Senator from Oregon would vote "nay."

On this vote, the Senator from North Carolina [Mr. ERVIN] is paired with the Senator from Connecticut [Mr. RIBICOFF]. If present and voting, the Senator from North Carolina would vote "yea," and the Senator from Connecticut would vote "nay."

Mr. HICKENLOOPER. I announce that the Senator from Utah [Mr. BENNETT], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], the Senator from Oregon [Mr. HATFIELD], the Senator from New York [Mr. JAVITS], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

On this vote, the Senator from Utah [Mr. BENNETT] is paired with the Senator from California [Mr. KUCHEL]. If present voting, the Senator from Utah would vote "yea," and the Senator from California would vote "nay."

On this vote, the Senator from Nebraska [Mr. CURTIS] is paired with the Senator from Oregon [Mr. HATFIELD]. If present and voting, the Senator from Nebraska would vote "yea," and the Senator from Oregon would vote "nay."

On this vote the Senator from Arizona [Mr. FANNIN] is paired with the Senator

from California [Mr. MURPHY]. If present and voting, the Senator from Arizona would vote "yea," and the Senator from California would vote "nay."

If present and voting, the Senator from New York [Mr. JAVITS] would vote "nay."

The result was announced—yeas 25, nays 35, as follows:

[No. 163 Leg.]

YEAS—25

So Mr. RUSSELL's amendment was rejected.

Mr. SPARKMAN. Mr. President, I move that the vote by which the amendment was rejected be reconsidered.

Mr. PASTORE. Mr. President, I move that the motion to reconsider be laid on the table.

The motion to lay on the table was agreed to.

Mr. RUSSELL. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The BILL CLERK. On page 213, it is proposed, strike out lines 9 through 14 and renumber the sections accordingly.

UNANIMOUS-CONSENT AGREEMENT

Mr. MANSFIELD. Mr. President, I ask unanimous consent that there be a time limitation of 1 hour on this amendment with the time to be equally divided, 30 minutes to the Senator from Georgia [Mr. RUSSELL] and 30 minutes to the Senator from Wisconsin [Mr. PROXMIRE].

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana? The Chair hears none, and it is so ordered.

Mr. RUSSELL. Mr. President, I think I sense the attitude of the Senate, but in good conscience I cannot refrain from offering the amendment which I am proposing.

The bill proposes to open up the Federal Disaster Assistance Act—which has stood us in good stead for a long time—for payments of grants for damage

wrought by civil disobedience, by riots, and civil disorders generally.

This natural disaster act has been used in time of flood, in time of hurricane, and has always been applied to disasters caused by natural forces—what might be called acts of God.

Now we propose to open up the Disaster Act to make grants to cities to take care of destruction wrought by civil disorders and civil disobedience. We have opened up a number of other funds for that purpose; namely, the Small Business Administration, and two sections of the Housing Act which have been amended in the same bill, to make payments for damages due to civil disorders and riots.

It seems to me, in good conscience, that we should not open up the Disaster Act, which provides for payments for visitations of natural origin, such as earthquakes in Alaska, hurricanes in New England, and floods in Florida, and say, "Go and have a big time, boys. Burn it down. Here is the Federal Disaster Assistance Act. We have opened it up. We can now make grants to you to make it good."

Mr. President, I want a record vote on this amendment and therefore ask for the yeas and nays.

The yeas and nays were ordered.

Mr. RUSSELL. Mr. President, I reserve the remainder of my time.

Mr. PROXMIRE. Mr. President, this is a section of the bill which the committee added because it feels very strongly that the Federal Government should regard the riots we have had this year and last year as disasters and because our cities are being placed in an impossible situation unless some kind of significant Federal assistance can be made available to them.

The bill has two sections to help the cities; namely, to help city facilities and also to help homeowners, small businessmen, and others, whose property has been destroyed.

So far as the cities are concerned, the bill provides that, if the President should determine—and the bill permits him to determine—that a disaster has taken place according to his definition, then Federal funds would be used to provide replacement of public facilities, for debris clearance, and for temporary shelters and housing.

Mr. President, the Office of Emergency Planning indicates their experience is that they always require the city or area to contribute a reasonable amount. They do it on a sliding scale, in accordance with what the particular disaster area can afford. Under current regulations, the State must certify that it and local communities within the State have spent a certain amount of their own funds for the current disaster and for all disasters in the preceding 12 months. For States such as New York and California, this figure is set at \$5 million. For the smallest States, it is set at \$350,000. Federal assistance cannot be provided without such a certification.

I think we have to recognize that a part of the assistance provided by the committee provision that is for private persons would be loans repayable with

interest. It would be 3-percent interest, it is true, but the small homeowner or the small businessman would be desperately in need. A riot means misery and loss of life. The Federal Government provides loans, not gifts, repayable in full, as I have said.

It might be argued that with the insurance coverage, loans will not be needed. However, loans would still be necessary, because, in the case of a small business which is put out of business for 3 or 4 months—which is the case when riots take place—it takes that long to rebuild. Drive down Seventh Street or 14th Street in Washington and one can estimate how long these people are going to be out of business. When they have a loss of the business and of their working capital, it is going to take a loan in order to put them back on their feet. It will not be enough simply to have an insurance company replace their inventory or equipment or plant. They will have lost money for the time their business has been closed down. This provision would enable them, if the SBA Administrator declared a disaster, to borrow money and repay it.

The Kerner Commission, which was composed of both Republicans and Democrats, and of people from all sections of the country, unanimously recommended this provision. The committee has informally checked with the various Federal agencies in this provision. No objections to this provision by any Federal agency have been received by the committee.

It seems to me that if we are going to do something, in a modest way, to try to have the Federal Government help in riot circumstances, this provision ought to stay in the bill.

Mr. RUSSELL. Mr. President, not only have Senators just voted to levy heavy taxes on people who may not live anywhere near these areas and pay for this insurance, but this bill specifically opens up the Small Business Act, by inserting the words "riot or civil disorder" into it, so that the Small Business Administration will be applicable in the case of riots. Not only that, but you open up section 101 of the Housing and Urban Development Act by striking out the word "natural," and thereby make it applicable for all these riots and disorders.

Section 111 of the Housing Act of 1949 is amended by inserting "riot or civil disorder," before "or other catastrophe."

So you are creating a tremendous field here to take care of these riots and civil disorders already. You impose taxes on people who are not likely to have any riots or civil disorders to pay for all these disorders through these other agencies.

It seems to me we ought to keep our hands off the natural disaster assistance program and not get involved in these kinds of riots and civil disorders.

Mr. TOWER. Mr. President, will the Senator yield for a question?

Mr. RUSSELL. I yield.

Mr. TOWER. As I understand the Senator's amendment, it addresses itself only to the natural disaster program and does not affect these others?

Mr. RUSSELL. These others are writ-

ten into the law. This amendment does not affect those at all.

Mr. TOWER. So there is plenty available to them.

Mr. RUSSELL. There is plenty available to them through other channels. This provision can only be an inducement for more riots and disorders. If that is what you want, go ahead and open this up. Make grants and low-interest loans available.

I looked through the hearings, and I did not find any testimony taken by the committee at all on this provision. It may be in there, but I was unable to find it in there. I also called the Office of Emergency Planning, and they said their views had not been solicited by the committee. They further said that this act had been used heretofore only to undertake to extend aid in the case of natural disaster.

You have opened up four new fields already to permit the Federal Government to extend financial aid in the case of riots and disorders. We passed the Natural Disaster Act to take care of hurricanes, floods, and so forth. I do not think we should apply it to riots and disorders. The natural disaster program never had a large fund in it, and you exhaust it, pay it out, and have a great natural disaster, and Congress will have to be called back into session or other drastic action will have to be taken to extend any assistance in that event.

Mr. HOLLAND. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. HOLLAND. I call to the attention of the distinguished Senator from Georgia a fact which he well knows, and I want to recall it now. It is that the Committee on Agriculture and Forestry and the body of the Senate several times have refused to extend to the farming community of this country, under the disaster loans made by the Farmers Home Administration, small interest loans which are the help they would get by including market difficulties with natural disasters. We have declined to step up that natural disaster area in that field, which is certainly as distressed a field to communities of farm people as this is to the people of the cities.

I hope we will follow the same philosophy, because the mercy of this country as established through this type of legislation is not to cover manmade difficulties, but to cover difficulties brought on by nature itself.

I hope the Senator's amendment will prevail.

Mr. RUSSELL. I have little hope that it will. The most important thing seems to be to extend help to people whose businesses or homes are destroyed by riots and disorders that in many cases could have been prevented and should have been prevented. I hope to keep this program reserved to what it was enacted for, when this Nation was a more reverent nation than it is today—disasters caused by acts of providence. Now, of course, the effort is to go ahead and turn it over to those caused by riots and civil disorders.

Mr. BAYH. Mr. President, will the Senator yield to me some time?

Mr. PROXMIRE. How much time does the Senator wish?

Mr. BAYH. Do we have 5 minutes?

Mr. PROXMIRE. I yield 5 minutes to the Senator.

Mr. BAYH. Mr. President, I am reluctant to impose myself into the debate concerning housing legislation, inasmuch as I do not consider myself an expert in this matter; but following the tornado which hit the Midwest in 1965, I, together with others of us who come from Midwestern States, drafted the latest revision of the Natural Disaster Act which is on the books, which was finally passed in 1966, and which, in my judgment, is very inadequate, because the House took out what we passed in the Senate without a dissenting vote.

To try to patch up the act, we introduced S. 438, which is on the Calendar now. That is the only reason why I got involved in this discussion on housing. I personally have given a tremendous amount of thought to what to do to help our citizens in the event they are confronted with such a disaster.

I have taken a very dim view of the relative merits of rushing to the assistance of citizens of foreign countries when they are confronted with disasters, and not doing more than we do now to help our own citizens. I hope the provisions of S. 438 will become part of the law.

I have thought about the problem presented by the distinguished Senator from Georgia. This is a new type of disaster, but the thing that appeals to me about it as a proper subject for disaster relief—we held hearings on the subject in the Committee on Public Works, at which some of these questions were raised, and the Senator from Michigan [Mr. HART] was there, right after the Detroit conflagration—is that the great majority of the people affected by these riots are not implicated in them in any way except presence; they are innocent bystanders, swept along by this fire started by a few.

I would be very much in favor of the Senator from Georgia or any other Senator offering an amendment that nobody who was implicated in a riot could take advantage of the disaster provisions. I think such an amendment would be well taken. I state to the Senator from Wisconsin that, if he or the Senator from Georgia do not wish to do so in the event this one fails, I should like to offer such an amendment.

The thing that appeals to me about the justice in so limiting the disaster provisions is that now someone can start a fire in his own neighborhood, and if it gets out of hand and becomes a national disaster, he can take advantage of that fact. On the other hand, if the amendment of the Senator from Georgia were adopted, we would be saying to innocent citizens, stricken just as devastatingly as if they had been victims of a tornado, "We cannot help you."

The only limitation would be that the disaster would have to be large enough that the President of the United States would trigger those provisions. If it is not, then this coverage is not afforded.

I feel we should leave the provision on the disaster provisions in the bill, because of the innocent people affected; but if one with such limited seniority and experience as I might have the temerity

to suggest a change in the wording of the amendment of the Senator from Georgia—for whom I have the greatest respect—I suggest that the emphasis should be designed to get at those who start the riots, and prevent them from benefiting from the consequences of their own acts.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield 3 minutes to the Senator from Texas.

Mr. TOWER. The only trouble with the proposal of the Senator from Indiana—and I certainly agree that people who incite riots should not benefit from any Federal programs aimed at relief of the victims of rioting, arson, and looting—is that some of our cities are also implicated here.

I think that where the police department of a great city like Washington, D.C., is reduced to the function of directing traffic for the looters, standing idly by while they go about their work, because of the law enforcement policy of that city, then that city has implicated itself also. I think we have to say to the cities, "We cannot help you out of this fund unless you insist on adequate law enforcement, and not inordinate restraint, on the part of your police department."

Mr. PROXMIRE. Mr. President, I yield myself 3 minutes.

I am sure that everyone in this room realizes that no city wants a riot. It is inconceivable that any mayor, any policeman, or any public official in any city, regardless of how exalted or humble his position, would want a riot. None of us wants riots; we all know that. I think it is insulting even to suggest that any official would want such a thing. We all want to prevent them.

There are different views on how riots should be prevented. We could debate that at great length. We do know, however, that when riots take place, they are catastrophic to the city and innocent people are involved. The loss can be enormous and overwhelming.

Mr. President, I wish to stress, in reply to the Senator from Indiana, that section 1107(a) of the bill provides grant aid only to communities, not to any individual. The only individual who could benefit, from being able to borrow money and repay it, is one whose home has been burned down. There are other sections of the law which, as the Senator from Georgia properly pointed out, which are triggered by a Presidential declaration of a disaster under the Federal Disaster Act. One is section III by the Housing Act of 1949 which gives priority to victims of declared disasters to relocate in urban renewal areas.

Mr. BAYH. Mr. President, will the Senator yield?

Mr. PROXMIRE. In just a moment.

The other is section 203(h) of the National Housing Act which provides 100 percent FHA mortgage insurance to victims of areas declared by the President as disaster areas. In addition Section 101(c)(2)(E) of the Housing and Urban Development Act of 1965 is triggered by an SBA declared disaster. This affords victims eligibility under rent supple-

ments, provided income and other requirements are otherwise met.

These three sections are triggered by declared disasters. It does not open up Government programs in any big, broad, comprehensive way; it simply provides those limited benefits to the victims.

Incidentally, I believe the committee would be happy to accept any kind of amendment which provided that anybody who took a deliberate part in a riot would not be able to obtain any benefit from it. I see no objection to that.

I yield to the Senator from Indiana.

Mr. BAYH. The Senator from Wisconsin answered the question I had in mind, which is that the SBA and the FHA do provide loan provisions for individual citizens. Therefore, I think if we are going to permit riot disasters to be covered, anyone apprehended in violation of the law during the riot should be denied the opportunity to take advantage of it.

Mr. PROXMIRE. We will be happy to work with the Senator from Indiana; I am sure the committee will agree to an amendment to that effect, and take that language to conference.

Mr. DOMINICK. Mr. President, will the Senator from Wisconsin yield?

Mr. PROXMIRE. I am happy to yield.

Mr. DOMINICK. I merely wish to find out some facts and figures to help me make my decision.

How much do we have authorized and appropriated in the disaster fund, does any citizen know?

Mr. PROXMIRE. I understand it has been in excess of several hundreds of millions of dollars since 1950, over the life of the program.

Mr. DOMINICK. Over the life of the program, and, therefore, the funds available?

Mr. RUSSELL. There has never been that much available. That is cumulative.

Mr. DOMINICK. As an average, around \$35 million per year?

Mr. RUSSELL. The Senator is correct.

Mr. PROXMIRE. I understand they have averaged \$35 million or \$40 million a year.

Mr. DOMINICK. All right. How much damage is done in a riot such as that here in Washington, or Watts?

Mr. PROXMIRE. Just this morning, in hearings before the District of Columbia Appropriations subcommittee of the Senator from West Virginia [Mr. BYRD], we had testimony on that subject. They have not been able to come up with any definitive figures. They have not arrived at any final figures.

Mr. BYRD of West Virginia. Not as yet. That figure is preliminary.

Mr. DOMINICK. Is my understanding correct that the provisions of this bill would be available only for public facilities?

Mr. PROXMIRE. The provision for grants would be only for public facilities. It would be possible for those whose homes and businesses were destroyed to borrow money and repay it at 3 percent interest, over a 40-year period.

Mr. STENNIS. Mr. President, will the Senator yield for a question?

The PRESIDING OFFICER. Does the Senator yield?

Mr. PROXMIRE. I yield.

Mr. STENNIS. Reference has been made here to hearings on this part of the bill. I walked in just in time to hear that. As I understood, no hearings had been held. Will the Senator point out to us, in the record of the hearings, on what page we may find the testimony, and the names of the witnesses, on this part of the bill?

Mr. PROXMIRE. The committee did not hold hearings on this particular section of the bill. There were no hearings by the Banking and Currency Committee.

Mr. STENNIS. Does that mean there is no testimony before the Senate?

Mr. PROXMIRE. There is no testimony on this particular provision.

Mr. STENNIS. What did the members of the committee act on, their personal ideas, newspaper reports, or what?

Mr. PROXMIRE. We acted on the basis of unanimous recommendations by the Kerner Commission, and on the basis of the experience and understanding of members of the committee over the years, in the Senate, on similar legislation covering natural disasters.

Mr. STENNIS. The Kerner Commission had already reported. Had it not, before the fires here in Washington?

Mr. PROXMIRE. The Senator is correct.

Mr. STENNIS. I have noted that there have been reports of two or three fires each night since the large-scale burning, that the police have said they attributed to Molotov cocktails, or to the reasons for the original burning. Would they be included in the measure?

Mr. PROXMIRE. Definitely not. They would only be covered if the President should determine those fires an emergency sufficient to warrant his decision that Federal aid should be granted.

I am sure the Senator is familiar with the situations in various parts of the country in which Presidents have always been reluctant to declare emergencies and have only done so where they were of great consequence and extended far beyond the resources of the community.

Mr. STENNIS. With those fires continuing for the same reason, why should they be cut off? Why would they not come under the same provision as originally?

Mr. PROXMIRE. This would be a matter of judgment and determination.

The Federal Government, in my judgment, could limit the period for which the benefits would be paid. Otherwise, it would be open-ended.

Mr. STENNIS. The bill does not make such limitation?

Mr. PROXMIRE. No. This is the normal practice of the Office of Emergency Planning.

Mr. STENNIS. It depends on the emergency, and the Office of Emergency Planning determines that.

Mr. PROXMIRE. The Senator is correct. That is my understanding.

Mr. STENNIS. That is all I had in mind.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. RUSSELL. Mr. President, I yield 2 minutes to the Senator from Texas.

The PRESIDING OFFICER. The Senator from Texas is recognized for 2 minutes.

Mr. TOWER. Mr. President, one observation that should be made is that there is a limited amount of money in the disaster fund, and any time a disaster occurs, the money comes out of that fund. That means that there is less remaining for any future disaster that might occur.

What if we went through a long hot summer and experienced civil disorders in various cities which ate up all of the funds in the disaster fund? If we then had another bad hurricane along the gulf coast or another earthquake in Alaska or a series of tornadoes or cyclones in the Midwest, there would not be any funds to assist those localities.

As the Senator from Georgia pointed out, there are multifarious other programs available for relief in the case of riot.

I can remember when we had Hurricane Beulah in Texas and an earthquake in Alaska. It was touch and go as to whether there would be adequate funds to compensate for the disasters that had occurred.

Mr. PROXMIRE. Mr. President, if the Senator will yield, I yield myself 2 minutes.

Mr. TOWER. I yield.

The PRESIDING OFFICER. The Senator from Wisconsin is recognized for 2 minutes.

Mr. PROXMIRE. I believe the answer is that in the event of any such situation, it would be necessary to come to Congress for appropriations.

Congress made appropriations for the Louisiana disaster and for the Alaskan earthquake.

The request would go to the Appropriations Committee, and the Appropriations Committee can say yes or no. The Senate and the House would then exercise their judgment. However, this would just not open up the Treasury.

Mr. TOWER. I would prefer to have the money available immediately and without appropriations.

Mr. AIKEN. Mr. President, will the Senator yield?

Mr. TOWER. I yield.

Mr. AIKEN. In the event the amendment offered by the Senator from Georgia is agreed to, would the small businessman in the city still be protected under the bill?

Mr. PROXMIRE. The small businessmen in the cities would not be in a position to borrow money to provide for their working capital. They would be covered by reinsurance.

Mr. RUSSELL. Under subsection (b) it specifically opens up the Small Business Act to loans for riots and civil disorders.

The Senator will find that on page 213 of the bill.

Mr. AIKEN. Mr. President, my other question concerns damage done to the city itself. Would damages include damage to property? Would it include loss of business due to a business leaving town and going elsewhere, or would it include

the kind of damage done to city government, such as to the city hall that might be rated as a disaster?

Mr. PROXMIRE. Mr. President, the city's own facilities could be badly destroyed. The city might own utilities which might be destroyed or damaged, and city equipment such as fire equipment might be badly damaged.

I think it is clear under the basis of past experience and Presidents' decisions in the past that they will not declare an emergency unless the damage is so great that it is not possible for local resources to take care of it.

Mr. AIKEN. Could damage cover lost taxes or loss of business to the town?

Mr. PROXMIRE. It could not.

Mr. AIKEN. I thank the Senator.

The PRESIDING OFFICER. Who yields time?

Mr. RUSSELL. Mr. President, I yield myself 3 minutes.

The PRESIDING OFFICER. The Senator from Georgia is recognized for 3 minutes.

Mr. RUSSELL. Mr. President, I point out again for the benefit of any Senator who may doubt it that all the has to do is to open the bill to page 213 to see that there is made available by the bill reported by the committee loans from the Small Business Administration which, in the case of disaster, is 3 percent, the same as it is under the disaster provision.

It provides for rent supplements to those who are affected adversely by riots and civil disorders and who need housing. And it provides for urban renewal areas which would be rebuilt, including the rebuilding of a city hall, to which the Senator from Vermont referred, in the case of riots and disorders which destroy the public buildings.

Mr. PROXMIRE. Mr. President, the staff of the Committee on Banking and Currency advise me to the contrary. The Senator is correct about the first part. There would still be loans available from the Small Business Administration. However, the rent supplements would be triggered by (b), and if we knock that provision out, the rent supplements could no longer be made available to those who had lost their homes. Section (d), which refers to urban renewal, is triggered by (a), and that would be knocked out by the Senator's amendment.

Mr. RUSSELL. Mr. President, I do not concede that at all. I have the utmost respect for the staff of the committee, but it would leave all except that explicitly deleted in the bill this provision in section 101(c), subparagraph 2, (e):

The Housing and Urban Development Act of 1965 is amended by striking out the word "natural".

Mr. PROXMIRE. I understand that.

Mr. RUSSELL. The Senator says that would have no effect whatever if we try to preserve disaster legislation for a real natural disaster.

Mr. PROXMIRE. The answer is that HUD has no authority to declare a disaster. Only the President or the SBA Administrator has that authority. And if the President's authority to declare a disaster in the event of a riot is taken away, then all opportunity for the vic-

tims to apply for assistance is also taken away.

Mr. RUSSELL. Mr. President, I hesitate to speak in this manner in the presence of the staff of the committee who have no other business than to keep themselves informed. However, the Small Business Act has a provision providing for disaster loans and making such loans at 3 percent rather than 5 percent.

Mr. PROXMIRE. The Senator is correct in his statement about the Small Business Act. However, with respect to urban renewal, this part does not stand independently. Therefore, it would be knocked out by the amendment of the Senator, which would make it impossible for the President to declare a disaster situation if a riot were to take place.

Mr. RUSSELL. Mr. President, I am sure that the staff of the committee is able to draw a one-line amendment that would say—and if they cannot do so, it is a pathetic situation—that these two provisions can be triggered by a riot or civil disorder. That amendment could be offered. And it would be a very simple matter to do so. By preserving the disaster fund for natural disasters, we do not preclude any amendments to the remainder of the bill.

The Senator from Wisconsin well knows that he can draw a one-line amendment that would permit urban renewal and rent supplements to be triggered by any disaster, whether declared by the Small Business Administration or by the President or by HUD, for that matter, to make these funds available.

I must say that I do not think that is a very fair argument when the Senator knows that a simple amendment would clarify the matter and make these other two provisions viable in the case of riots or disorders.

Mr. PROXMIRE. I understand the Senator's position well. I was saying that the amendment is not drafted in that manner. It seems that it would knock out sections (c) and (d).

Mr. RUSSELL. My purpose is to try to save the disaster fund for natural disasters.

We are doing everything in the pending bill for riots and civil disorder victims. We are taking care of them on the insurance.

We are letting the Federal Government go into the insurance business and reinsure all these areas where they are likely to have destruction. We are revising the Small Business Act, which heretofore had not been generally available in cases of riots and disorders. We are triggering it. A very simple amendment, which I will be glad to help the staff with if they cannot draw it up themselves—I know the Senator from Wisconsin could draw it in 1 minute—would trigger and make available the rent supplement provision of the Housing Act and the urban renewal provisions of the Housing Act. But I do think we ought to have some sense of proportion here and leave this disaster fund where it is. I do not remember just how much is available, but my best recollection is that it is somewhere between \$35 and \$40 million.

The PRESIDING OFFICER. Does the Senator yield himself additional time?

Mr. RUSSELL. Have I consumed all my time?

The PRESIDING OFFICER. The Senator has 14 minutes remaining.

Mr. RUSSELL. I yield myself 4 additional minutes.

Mr. BAYH. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield to the Senator from Indiana.

Mr. BAYH. I have not been able to follow the entire discussion.

Inasmuch as the Senator is willing to permit the two provisions to which he has referred, is he also willing to permit the Small Business Administration—

Mr. RUSSELL. I am not touching that. Under the act, the Small Business Administration can make 3-percent disaster loans to these riot and civil disorder areas.

Mr. BAYH. The unfortunate thing about the disaster legislation is that now it is scattered all over the statute books. If we are really going to deal with disasters, we have to touch four or five different acts. I believe that is why the Senator from Wisconsin has touched all of these in trying to provide equal treatment in the event that there is a non-natural disaster.

Mr. RUSSELL. The Senator from Indiana knows that a one-line amendment can be drawn to subsections (c) and (d) which will have the same purport and effect as the amendment to the Small Business Act, which entitles a man to a 3-percent small business loan in a catastrophe.

I think everything is being gobbled up that has been set aside for an operation of the Government in many areas, in undertaking to alleviate the anguish of people who are stricken by natural disorders, in our great haste and in our determination to see that everything is available to the cities which have riots and civil disorders.

I am not trying to avoid loans of 3 percent by the Small Business Administration. Frankly, I do not favor them, but I know the Senate does. And I am not trying to avoid the rent supplement. I think there is sound ground for that, if you are going to have rent supplement at all, to take care of the innocent people who are burned out by these disorders. And I am not trying to prevent application with respect to urban renewal areas. I do think we ought to leave in the natural disasters and not open it up to manmade disasters.

Mr. AIKEN. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. AIKEN. In the event the President makes a finding of a disaster with respect to a city, does he find the nature of the damage or simply the cause of it?

Mr. RUSSELL. He finds on the basis of a natural disaster; and if he finds it is a natural disaster of sufficient magnitude, such as an earthquake, a flood, or a hurricane, he opens up the disaster fund.

Mr. AIKEN. But does he have to specify the cause of the disaster?

Mr. RUSSELL. If it is a natural disaster, he does not have to specify it. I do not know. Most of the orders I have seen handed down say, "Whereas such-

and—such an area was visited by a hurricane,” and so forth. But I do not think there is anything in the law that requires it. I do not know.

Mr. HANSEN. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. HANSEN. I should like to ask a question. I have listened with great interest to this discussion, and it occurs to me that if the bill were to be drawn as the committee recommends, would it not be the considered opinion of the distinguished Senator from Georgia that there might actually be instances in which people would be encouraged to contribute to the disaster? I am thinking of a riot situation in which fires are erupting throughout a city. If someone should contemplate the designation of a disaster area by the President, might not this actually serve in a few instances, with people less than scrupulous, to contribute to the disaster?

Mr. RUSSELL. I think that is true as to all sections of this title XI, but I am now only undertaking to preserve this fund for natural disasters.

It has been there for years; it has served a useful purpose. It is not a large fund. It does have some \$200 million or more of cumulative assets, but most of it is in the form of loans. The actual cash available is some \$35 million, as I recall. Certainly, that ought not be required to go with all of these other elements to repair the damages caused by riots and disorders.

Of course, the more money that is made available to them, the more attractive will be the riots and disorders as a kind of system of cheap urban renewal.

Mr. PROXMIRE. Mr. President, I yield 3 minutes to the Senator from Pennsylvania [Mr. SCOTT], and as I do that, I might say that this provision was authored by him. It was his idea, and the committee put it into the amendment.

Mr. SCOTT. I thank the Senator for his kind comments.

Mr. President, I rise in opposition to the pending amendment proposed by the distinguished and respected senior Senator from Georgia [Mr. RUSSELL]. That amendment would strike from the bill section 1107(a) which would amend the Disaster Relief Act of 1950 to include specifically riots and civil disorders within the definition of “major disaster.” Under that act, communities designated by the President as victims of major disasters can receive Federal emergency assistance, such as the provision of temporary or emergency housing for families rendered homeless by such natural disasters as hurricanes and tornadoes, and the use of Federal equipment, supplies, facilities, and personnel.

The provision proposed to be stricken by the pending amendment is virtually identical to section 1 of S. 2209, a bill to clarify the application of certain provisions of law in the case of major disasters resulting from civil disorder, which I introduced in the Senate on August 2 of last year. Indeed, Mr. President, S. 2209 in its entirety is virtually identical to section 1107 of the pending bill.

It was incorporated into the bill in committee on the motion of the able and distinguished senior Senator from Wisconsin [Mr. PROXMIRE] to whom I now express my deepest thanks.

When introducing S. 2209, I stated that it would “clarify the meaning of disaster so as to leave no doubt or cause for hesitancy concerning the legality of providing assistance to the victims of riots such as those which have shaken our Nation in the past days.” I pointed out that its purpose was “not to reward the violent, but to improve the condition of the innocent victims of violence.” Mr. President, let me reiterate and reemphasize what I asserted last August 2:

Violence cannot and must not be tolerated. But laws to repress violence will not cure intolerable inequalities.

I also wish to point out that a similar bill, H.R. 11891, was proposed in the House of Representatives on July 27, 1967, by the very able gentleman from Maryland, Mr. MATHIAS, and a number of his Republican colleagues.

Mr. President, it is my very deep desire that section 1107(a) be kept in the bill. Disaster is disaster, and if it is not caused by the action of the person to be benefited, it is of small difference to him whether it has been caused by a tornado or by a riot, for example. The damage is there, he did not cause it, and the need for relief is great.

I ask unanimous consent, Mr. President, to have printed at this point in the RECORD my remarks about S. 2209 delivered on the floor of the Senate, on August 2, 1967. I also ask unanimous consent that S. 2209 and H.R. 11891 be printed thereafter.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

#### RIOT RELIEF BILL

Mr. SCOTT. Mr. President, I introduce for appropriate reference a bill which clarifies the application of certain provisions of existing law in the case of major disasters resulting from civil disorder. A similar bill has been introduced by 15 Republican Members of the House of Representatives.

My bill redefines “major disaster” in the Disaster Relief Act of 1950 to include riots, and makes assistance applicable to the victims of riots through the Small Business Act, the rent supplements section of the Housing and Urban Development Act of 1965, the urban renewal section of the Housing Act of 1949, and the mortgage insurance section of the National Housing Act.

The determination of a disaster area will still be up to the President, but my bill will clarify the meaning of disaster so as to leave no doubt or cause for hesitancy concerning the legality of providing assistance to the victims of riots such as those which have shaken our Nation in the past days.

The purpose of my bill is not to reward the violent, but to improve the condition of the innocent victims of violence. Violence cannot and must not be tolerated. But laws to repress violence will not cure intolerable inequalities.

My bill is not offered as an all-purpose solution to our problems, but as a beginning in the massive pacification and development programs needed in our urban areas. The United States is spending millions of dollars a day for pacification in Vietnam and seems to be unable to cope with the powder keg on which we perch here at home. We cannot

simply pray that things simmer down and hope that they do not flare up again.

The Congress should reexamine its priorities and bring legislation promptly to the floor of both its Houses.

It is good that President Johnson has taken quick action on the recommendation of Senator BROOKE of Massachusetts to investigate the cause of the riots. The question recurs: What will be done while the probers probe?

Last week, nine other Republican Senators and myself urged that Congress provide the necessary funds for recently enacted urban programs, including model cities and rent supplements. I will continue to press hard for these funds.

Next week, the Housing Subcommittee of the Senate Banking and Currency Committee will complete hearings on the rat extermination bill. I urge a favorable report by the committee and intend to rally as much support as possible to pass effective rat control legislation. I see nothing amusing in the ravages of rodents and still less in the failure of local administrations to do much about it.

Another area where legislation is needed is a program for Federal reinsurance guarantees so that individuals and businesses in cities hit by riot can receive future insurance protection.

These measures, desirable as they are, will not bring an end to the conditions which cause riots. Yet they are a part of the massive commitment which must be made, and sustained, by every level of government, by business, by every American in every walk of life, to see that all parts of our cities are fit for human habitation and that all our fellow citizens share in the promise of a prosperous and civilized nation.

We have a mandate, in this country, to bring about the restoration of domestic tranquility.

The PRESIDING OFFICER. The bill will be received and appropriately referred.

The bill (S. 2209) to clarify the application of certain provisions of law in the case of major disasters resulting from civil disorder, introduced by Mr. SCOTT, was received, read twice by its title, and referred to the Committee on Banking and Currency.

#### S. 2209

A bill to clarify the application of certain provisions of law in the case of major disasters resulting from civil disorder

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

#### DEFINITION OF “MAJOR DISASTER”

SECTION 1. Section 2(a) of the Act entitled “An Act to authorize Federal assistance to States and local governments in major disasters, and for other purposes”, approved September 30, 1950, as amended (42 U.S.C. 1855a. (a)), is amended by inserting “civil disorder,” before “or other catastrophe”.

#### SMALL BUSINESS LOANS

SEC. 2. Section 7(b)(1) of the Small Business Act (15 U.S.C. 636(b)(1)) is amended by inserting “, civil disorder,” before “or other catastrophies”.

#### RENT SUPPLEMENTS

SEC. 3. Section 101(c)(2)(E) of the Housing and Urban Development Act of 1965 (12 U.S.C. 1701s.(c)(E)) is amended by striking out “natural”.

#### URBAN RENEWAL

SEC. 4. Section 111 of the Housing Act of 1949 (42 U.S.C. 1462) is amended by inserting “civil disorder,” before “or other catastrophe”.

#### MORTGAGE INSURANCE

SEC. 5. Section 203(h) of the National Housing Act (12 U.S.C. 1709(h)) is amended by inserting “civil disorder,” before “or other catastrophe”.

H.R. 11891

A bill to extend Federal disaster relief to victims of major riots and civil disorders, and for other purposes

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That—*

(a) The first paragraph of section 2 of the Act of June 27, 1934 (48 Stat. 1246; 12 U.S.C. 1703(a)), as amended, is amended by striking out "or other catastrophe" and inserting in lieu thereof "riot, civil disorder, or other catastrophe".

(b) Section 203(h) of the Act of June 27, 1934 (48 Stat. 1248; 12 U.S.C. 1709(h)), as amended, is amended by inserting, immediately after "storm," "riot, civil disorder,".

(c) Section 7(b)(1) of the Act of July 18, 1958 (72 Stat. 387; 15 U.S.C. 636(b)(1)), as amended, is amended by striking out "floods or other catastrophies" and inserting in lieu thereof "earthquake, conflagration, tornado, hurricane, cyclone, flood, riot, civil disorder, or other catastrophe".

(d) Section 111 of the Act of July 15, 1949 (42 U.S.C. 1462), as amended, is amended by inserting, immediately after "storm," "riot, civil disorder,".

(e) Section 2 of the Act of September 20, 1950 (64 Stat. 1109; 41 U.S.C. 1855 (a)), as amended, is amended by inserting, immediately after "storm," "riot, civil disorder,".

Mr. PROXMIRE. Does the Senator desire more time?

Mr. SCOTT. No.

Mr. COTTON. Mr. President, will the Senator yield?

Mr. PROXMIRE. I yield.

Mr. COTTON. I should like to ask a question of the distinguished Senator now in charge of the bill. If the answer is not readily obtainable, I wish it could be provided for the RECORD before the end of the consideration of the bill.

It is my understanding that the total authorization in this bill is \$5.2 billion, roughly.

Mr. PROXMIRE. That is correct.

Mr. COTTON. I should like to find out what portion of that is renewed authorizations to continue present programs and what part of it is for new programs.

Mr. PROXMIRE. That information, of course, should be in the RECORD as the Senator from New Hampshire says, before we vote on final passage, and it certainly will be.

Mr. COTTON. The actual spending contemplated under this bill in the ensuing year, for new programs, is how much?

Mr. PROXMIRE. For new programs, the actual spending is approximately \$14 million. It is relatively very modest. But I am sure the Senator recognizes that this kind of modest beginning does not indicate how much is going to be spent under the authorizations we provide for years in the future.

Mr. COTTON. I understood that very clearly, and I certainly agree with the Senator on that. But does this small amount of spending, actual spending, on new programs for the coming year include the drain of the funds that have just been under discussion in connection with the amendment of the distinguished Senator from Georgia?

Mr. PROXMIRE. No. I see the Senator's point. There is no way this can be estimated. We hope and pray we will have a quiet summer and that there will not be any disaster emergencies that will de-

velop because of riots. However, we have no way to tell.

Mr. COTTON. This is just a fixed expenditure for the coming year?

Mr. PROXMIRE. The Senator is correct.

Mr. COTTON. If it is possible, before the debate is finished, I wish the Senator would have printed in the RECORD, even if it is only approximation, figures with respect to the continuation of the old program and the amount that is contemplated for the new program.

I thank the Senator.

Mr. PROXMIRE. In answer to the question of the Senator from New Hampshire, approximately \$650 million of the funds authorized by this bill would be for new programs. The remaining portion of the \$5.2 billion authorization would be for existing programs.

Mr. President, I yield to the Senator from West Virginia. Earlier he and I engaged in a brief colloquy in connection with the cost of riots in Washington. When I referred to losses, it was by city and not by business or by homeowner. However, the Senator from West Virginia can clarify this point better than I.

Mr. BYRD of West Virginia. I was engaged in conversation with the Senator from Rhode Island, and I did not understand the question.

I believe the question to which the Senator was addressing himself was the preliminary estimate of damages to buildings. Is that correct?

Mr. PROXMIRE. The Senator from Wisconsin is referring to the kinds of losses which might conceivably be covered by this provision of the bill.

The Senator from Georgia made clear the one part of the bill he wants to knock out is for aid to the cities.

Mr. RUSSELL. I hope I did not make that clear. That was not my intent.

Mr. PROXMIRE. The Senator said, as I understood, that he wants the people to have loans available.

Mr. RUSSELL. They get them under the Small Business Administration. I am not in favor of making loans or any other part of title XI. Of course, if we did we would have more requests in the District of Columbia than there is money available in the disaster fund.

Mr. PROXMIRE. I think we agree. I worded the statement badly. I am referring to the fact that in the event of disaster the SBA would be able to loan money to the homeowners at 3 percent. Does the Senator want to retain that? Under the present law, they would be given the opportunity to do so under the rent supplement.

Mr. RUSSELL. They would under this law.

Mr. PROXMIRE. But the Senator is mainly concerned, as I see it, with the loss to the city from the loss of public facilities and from debris clearance and other riot-connected losses.

Mr. RUSSELL. No, that is not necessarily the case. I want to preserve some of this 3-percent loan money for the victims of natural disasters and not have it all consumed by those who are victims of riots. If we had something like the earthquake that occurred in Alaska or Hurricane Hazel, there would not be \$5 left in

the natural-disaster fund, whereas in the case of riots there would be adequate funds available in other programs. I am trying to protect the natural disaster fund so it will be available for natural disasters. You still have all these other funds, including loans and urban renewal for victims of riots and civil disorders.

My purpose is to protect the natural-disaster funds. I do not think they should be mixed up with the other funds and piled on top of each other to the detriment of those who suffer from natural disasters.

Mr. PROXMIRE. Is it my understanding that all of the loan money would come from SBA; that it would not come from OEP? The OEP would provide grant money to the cities that have losses due to riots, because they have to rehouse people or clean up the debris or replace damaged public facilities.

Mr. RUSSELL. I understand the Natural Disaster Act provided for loans and grants. The Disaster Act itself provides for loans and they have been made in the case of natural disasters time and time again.

Mr. BYRD of West Virginia subsequently said: Mr. President, earlier today the senior Senator from Wisconsin [Mr. PROXMIRE] asked a question during colloquy with reference to the recent riots which occurred in the District of Columbia. At that time, I was engaged in conversation with the Senator from Rhode Island [Mr. PASTORE], and I did not fully understand the question. I thought the Senator from Wisconsin was inquiring regarding the direct costs to the city of the civil disorder.

As I now understand, the Senator was inquiring about the estimate of damages to buildings in the District of Columbia as a result of the civil disturbances.

The preliminary estimate of damage to buildings was \$13.3 million. This was the estimate of damage which occurred from Thursday, April 4, 1968, through noon of April 8, 1968. This estimate pertains only to those buildings which were situated in the areas where damage was most concentrated.

Mr. AIKEN. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield to the Senator from Vermont.

Mr. AIKEN. Is the Senator from Georgia making a distinction between disasters which are unpreventable and uncontrollable and those which could be prevented or could be controlled?

Mr. RUSSELL. The Senator from Vermont has put his finger squarely on the point and on the only objective of this amendment. That is to say, here are these acts that could have been prevented or controlled or modified in some way. You are making all kinds of provisions for them elsewhere, but, please, let us keep \$35 million or \$40 million available in the fund in the event some terrible natural disaster strikes in this country.

Mr. BAYH. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. BAYH. The Senator from Georgia is correct about the loans versus grants.

Mr. RUSSELL. I know I am.

Mr. BAYH. The distinction is that OEP deals with public facilities whereas the SBA deals with private loans.

We have to ask the question which the Senator from Vermont hit on and that I have torn with in my mind and fought with. These innocent people are hit by a holocaust caused by a couple of score of lunatics, and the majority of the people living in these areas are law-abiding citizens and they suffer as much as they would from a tornado going down Main Street.

After this matter is completed, regardless of the outcome, I would like to introduce an amendment which would deny the benefits to anyone convicted for a violation of the law.

Mr. RUSSELL. I think that is in the law now, but I want to make doubly sure. I am glad the Senator agrees with me as to the loan provision. I think in the case of the State of Alaska they made some loans.

Mr. BAYH. I wish to make one other point, and then I shall sit down.

If one will look at the record, whenever we have had a natural disaster such as Hurricane Betsy, we had to come in and have a Betsy bill. If it is felt that the amendment is going to accomplish a solvency of the fund, I think that is really an error, because every time there is a riot in Detroit or a Hurricane Betsy, Congress has had to act to restore funds because we act on a day-to-day basis, and so we would have to do so now.

Mr. RUSSELL. There have been allocations made before Congress could make appropriations and there should be money there to take care of that purpose.

Mr. BARTLETT. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. BARTLETT. The Senator's concern also concerns me.

We are talking about two different things: natural disasters and manmade disasters. It is true that after the Alaskan hurricane, Congress, in a single day—perhaps for the first time in history—appropriated \$15 million for the OEP fund.

When we expected the hurricanes and great floods of last year, the OEP rehabilitated the public facility and the SBA moved in and made these disaster loans which were really instrumental in restoring the business community and the home community.

However, I fear that if we channel a part of that into this new activity, a natural disaster comes along and there may be no money left at all. It is true that the Congress can restore that fund, but it might take awhile.

Mr. RUSSELL. And Congress might not be in session.

Mr. BARTLETT. And Congress might not be in session.

Mr. MANSFIELD. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. MANSFIELD. Do I understand that what the Senator from Georgia is endeavoring to do is to make certain there will be in existence year by year what was originally a \$35 million fund for natural disasters.

Mr. RUSSELL. That is right. I do not think that the fund we have, and are familiar with, provides that natural disaster assistance should be commingled with all the new movements we are making to provide funds for those who are victimized by riots and civil disorders. There will be plenty of money available for them. We are making it available in several different sections here. But this fund does not have a great amount of money in it. We should not open it up for a new relief program that is being provided for in several other sections of the bill.

Mr. MANSFIELD. As one who represents a State, at least in part, which has been struck by natural disasters over which it has had no control, I want to assure the Senator from Georgia that this is a good amendment and I support it.

Mr. HOLLAND. Mr. President, will the Senator from Georgia yield me 4 minutes?

Mr. RUSSELL. I yield 4 minutes to the Senator from Florida.

The PRESIDING OFFICER. Three minutes remain to the Senator from Georgia. The Senator from Florida is recognized for 3 minutes.

Mr. HOLLAND. Mr. President, there is, of course, a great difference between natural disasters and disasters caused by man. When we try to put them both together in the same bill, I feel that the Senate would be making a grave mistake.

I invite the recollection of Senators to the fact that many Members of the Senate, in the case of the recent riots in Washington, D.C., stood on this floor and criticized very strongly—and, I thought, appropriately—the weak and spineless handling of the situation by the public authorities.

There was hardly a newspaper in my State which did not come out editorializing on the subject and, I suspect in every other State in the Union. I have received many letters on the subject. When I returned to Florida recently and talked to my constituents, there was no part of any conversation with anyone to whom I talked that did not have some comment to make on the riots and the looting in Washington, and commenting on the fact that the soldiers seemed to be guarding the looters and the arsonists. The same thing could be said of the police.

If the Senate wants to be placed in the same situation as that, and have the country criticize us for passing the bill in its present form so that it would put the Federal Government in the position of paying damages occasioned at the time of riots, I fully believe that the Senate could not do anything more hurtful to itself or more hurtful to Senators than to vote for the bill in its present form.

I shall certainly support the amendment of the Senator from Georgia who, rightfully, keeps natural disasters apart from manmade disasters and would keep the Senate from being placed in the same box with the Director of Public Safety in Washington, D.C., and other officials, who have been criticized in this Chamber by dozens of Senators. I hope that the Senate will not place itself in that position.

Mr. MUSKIE. Mr. President, will the Senator from Wisconsin yield?

Mr. PROXMIRE. Mr. President, before I yield, may I suggest the absence of a quorum—

The PRESIDING OFFICER. One minute is left to the Senator from Wisconsin.

Mr. PROXMIRE (continuing). Without time being charged to either side?

The PRESIDING OFFICER. Is there objection to the request of the Senator from Wisconsin?

Mr. MANSFIELD. Mr. President, I suggest the absence of a quorum without the time being allocated from any direction.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana? The Chair hears none, and the clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. PROXMIRE. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. PROXMIRE. Mr. President, I send an amendment to the desk—

Mr. HOLLAND. Mr. President, an amendment is already pending.

Mr. PROXMIRE. Mr. President, I send an amendment to the amendment to the desk and ask that it be stated.

Mr. HOLLAND. Mr. President, a parliamentary inquiry.

The PRESIDING OFFICER. The Senator from Florida will state it.

Mr. HOLLAND. In what degree is this amendment to the amendment?

Mr. PROXMIRE. Second degree.

The PRESIDING OFFICER. The pending amendment is an amendment in the first degree. The offering of an additional amendment would not be in order until all time has been yielded back or has expired, except by unanimous consent. Until the 1 minute is yielded back, the amendment would not be in order except by unanimous consent.

Mr. PROXMIRE. Mr. President, let me say that I would be in favor of the Russell amendment and then after that has been adopted I shall send to the desk my amendment and have it considered, after the amendment of the Senator from Georgia is adopted; is that agreeable?

Mr. RUSSELL. That is agreeable with me. However, Mr. President, I want to involve my position on this whole matter crystal clear. I am opposed to the entire title XI of S. 3497, the reinsurance plan. Nevertheless, I shall vote "aye" on the amendment to be offered by the Senator from Wisconsin after the pending amendment is accepted. As I understand it, the Senator's amendment will simply retain the eligibility of assistance provided for in the bill except for money coming from the Office of Emergency Planning which will be prohibited by my amendment. On that basis, I shall vote "aye" on the amendment to be offered by the distinguished Senator from Wisconsin, but I also have another amendment which may be offered later to strike title XI entirely.

Mr. PROXMIRE. I favor the Senator's amendment, and I understand the Senator from Georgia favors mine which I will subsequently offer.

The PRESIDING OFFICER. The ques-

tion is, then, on the amendment offered by the Senator from Georgia [Mr. RUSSELL].

Mr. HOLLAND. Mr. President, the yeas and nays have been ordered on that amendment have they not?

The PRESIDING OFFICER. The yeas and nays have been ordered.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the yeas and nays be withdrawn.

Mr. HOLLAND. Mr. President, I object.

The PRESIDING OFFICER. Objection is heard.

Mr. MANSFIELD. Mr. President—

Mr. HOLLAND. Mr. President, I object. We want a vote.

The PRESIDING OFFICER. The yeas and nays have been ordered on the amendment of the Senator from Georgia.

SEVERAL SENATORS. Vote! Vote!

The PRESIDING OFFICER. The yeas and nays have been ordered on the amendment of the Senator from Georgia, and the clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUE], and the Senator from Missouri [Mr. LONG] are absent on official business.

I also announce that the Senator from Virginia [Mr. BYRD], the Senator from Idaho [Mr. CHURCH], the Senator from Pennsylvania [Mr. CLARK], the Senator from Connecticut [Mr. DODD], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from Indiana [Mr. HARTKE], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Ohio [Mr. LAUSCHE], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. MCCARTHY], the Senator from Arkansas [Mr. McCLELLAN], the Senator from Wyoming [Mr. McGEE], the Senator from South Dakota [Mr. McGOVERN], the Senator from Minnesota [Mr. MONDALE], the Senator from New Mexico [Mr. MONTOYA], the Senator from Oregon [Mr. MORSE], the Senator from Wisconsin [Mr. NELSON], the Senator from Connecticut [Mr. RIBICOFF], the Senator from Florida [Mr. SMATHERS], the Senator from Virginia [Mr. SPONG], and the Senator from Maryland [Mr. TYDINGS] are necessarily absent.

I further announce that, if present and voting, the Senator from Virginia [Mr. BYRD], the Senator from Pennsylvania [Mr. CLARK], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Ohio [Mr. LAUSCHE], the Senator from Oregon [Mr. MORSE], the Senator from Connecticut [Mr. RIBICOFF], the Senator from Florida [Mr. SMATHERS], the Senator from Virginia [Mr. SPONG], and the Senator from Maryland [Mr. TYDINGS] would each vote "yea."

Mr. HICKENLOOPER. I announce that the Senator from Utah [Mr. BENNETT], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], the Senator from Oregon [Mr. HATFIELD], the Senator from New York [Mr. JAVITS] and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

The Senator from Michigan [Mr. GRIFFIN] is detained on official business.

If present and voting, the Senator from Utah [Mr. BENNETT], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Oregon [Mr. HATFIELD], and the Senator from California [Mr. MURPHY] would each vote "yea."

On this vote, the Senator from California [Mr. KUCHEL] is paired with the Senator from New York [Mr. JAVITS]. If present and voting, the Senator from California would vote "yea" and the Senator from New York would vote "nay."

The result was announced—yeas 57, nays 2, as follows:

[No. 164 Leg.]

YEAS—57

Alken	Hansen	Pearson
Allott	Hayden	Pell
Anderson	Hickenlooper	Percy

So Mr. RUSSELL's amendment was agreed to.

Mr. PROXMIRE. Mr. President, I send to the desk an amendment and ask that it be stated, and ask for a rollcall.

Mr. MANSFIELD. Mr. President, before the Senator does that, I ask unanimous consent that there be a time limitation of no more than 5 minutes on the present amendment, the time to be equally divided.

Mr. STENNIS. Mr. President, will the majority leader please restate that request? We could not hear.

Mr. MANSFIELD. Yes; 5 minutes equally divided.

The PRESIDING OFFICER. The Senate will be in order. The amendment will be stated.

The BILL CLERK. The Senator from Wisconsin [Mr. PROXMIRE] proposes an amendment as follows:

SEC. 1107(d) is amended to read as follows:

"(d) Section 111 of the Housing Act of 1949 is amended by striking the words 'the Secretary' after 'disaster' and inserting in lieu thereof 'or which the Secretary has determined is in need of such redevelopment or rehabilitation as a result of a riot or civil disorder, he'."

The PRESIDING OFFICER. Is there objection to the unanimous-consent request of the Senator from Montana? The Chair hears none, and it is so ordered.

Who yields time?

Mr. TOWER. Mr. President, it is my understanding that this is the last record vote of the evening; so, in behalf of the minority, I should like to avail myself of the privilege of asking the distinguished majority leader what is in store for the Senate over the next few hours.

Mr. MANSFIELD. Mr. President, it is my understanding, as a result of conversations with interested Senators who have amendments to offer, that the distinguished Senator from West Virginia [Mr. BYRD] will offer an amendment tonight, which will be accepted by the committee. Then the distinguished Senator from Texas will offer an amendment, which will be laid before the Senate and will become the pending business tomorrow.

At this time, Mr. President, as to each remaining amendment, I ask unanimous consent that there be a time limitation of 1 hour, the time to be equally divided between the manager of the bill and the proponent of the amendment, and 4 hours on the bill itself.

The PRESIDING OFFICER. Is there objection?

Mr. MILLER. Mr. President, reserving the right to object, does the majority leader's request cover amendments not yet filed?

Mr. MANSFIELD. Yes.

Mr. TOWER. Any amendment.

Mr. MILLER. I have no objection.

Mr. STENNIS. Mr. President, reserving the right to object, this is an awfully large bill. I made a study of it yesterday, and have done what I could here this afternoon. It involves \$5 billion, and we do not know yet how much of it is new money and how much is old money.

I am not trying to delay the Senate. I do not know that I have ever objected to a unanimous-consent request to limit time on a major issue. But I think we have some responsibility here, Mr. President. This is a matter on which there have been no hearings. The amendment we considered just a few minutes ago could very well have been a major matter. I ask the majority leader to wait until morning before making such a request.

Mr. MANSFIELD. Mr. President, I withdraw my request.

The PRESIDING OFFICER. The request is withdrawn.

Mr. PROXMIRE. Mr. President, I shall be very brief. I shall not use all of my 5 minutes.

What this amendment would do, is simply clarify section 1107(d), and clarify what I understand was the intention of the Senator from Georgia.

The amendment would permit victims of riots and disorders to be given priority in relocating in urban renewal areas upon the determination of the Secretary of Housing and Urban Development that there was a substantial need. The amendment would thus render these benefits independent of a Presidentially declared disaster.

Mr. HOLLAND. Mr. President, will the Senator yield?

Mr. PROXMIRE. I yield.

Mr. HOLLAND. I understood from the discussion awhile ago that there would also be included another proviso, that the recipient of benefits had taken no part in the riot.

Mr. PROXMIRE. Yes; that is the Bayh amendment. The Senator from Indiana intends to offer an amendment to that effect, I understand.

Mr. BAYH. That is correct.

Mr. RUSSELL. Mr. President, will the Senator yield?

Mr. PROXMIRE. I yield.

Mr. RUSSELL. I would say that this carries out the purport of my amendment, but the Senator from Wisconsin left the impression that this is what I favor. I am not much in favor of any part of title XI.

Mr. SYMINGTON. Mr. President, as a matter of interest, why is the interest rate established at 3 percent?

Mr. PROXMIRE. This is a policy that was established some time ago. It represents a subsidy. The reason for the subsidy is that these people have been subjected to a disastrous occurrence over which they had no control, and it represents an opportunity for them to replace their homes or their stores.

Mr. SYMINGTON. May I ask the able Senator what the price of money is today?

Mr. PROXMIRE. The price of money for this type of loan, I take it, is probably in excess of 7 percent.

Mr. SYMINGTON. What is the cost to the Government? What is the base rate?

Mr. PROXMIRE. The base rate is between 5 and 6 percent.

Mr. STENNIS. Mr. President, will the Senator yield for a question?

Mr. PROXMIRE. I yield.

Mr. STENNIS. How much is allowed, under this amendment, to be used for these loans? What is the limitation?

Mr. PROXMIRE. The limitation is, of course, up to the Appropriations Committee, as it always has been in the past, to decide whether or not they want to fund the loans. There is no appropriation in the bill.

Mr. STENNIS. This represents, then, an open end appropriation for this type of loans at 3 percent; is that correct?

Mr. PROXMIRE. The Senator is correct.

Mr. STENNIS. And who in the executive department will make the decisions under this amendment?

Mr. PROXMIRE. The Small Business Administrator.

Mr. MILLER. Mr. President, will the Senator yield for a question?

Mr. PROXMIRE. I am happy to yield.

Mr. MILLER. As I understand it, in disaster relief legislation, there is a distinction between—

The PRESIDING OFFICER. The Senator's time has expired.

Mr. MILLER. Will the Senator from Texas yield me 2 minutes?

Mr. TOWER. I yield 2 minutes to the Senator from Iowa.

Mr. MILLER. As I understand there is a distinction, in disaster relief, between a major disaster and just a disaster. With reference to authority to issue these low-interest loans, is there any distinction in the amendment with respect to whether it is a major disaster or just a disaster? And if not, would it not be a good idea to change it to conform to this policy?

Mr. PROXMIRE. Mr. President, it does conform. It requires that the same criteria be met as under existing law. Thus, the SBA Director is under no compulsion, now, in the event of a natural disaster, to provide these loans; he has to determine, as the Senator from Iowa has indicated, that it is a significant disaster. The same would be true as to this amendment.

Mr. PROXMIRE. Mr. President, I ask for the yeas and nays.

The yeas and nays were ordered.

Mr. TOWER. Mr. President, I yield back the remainder of my time.

Mr. PROXMIRE. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. All time having expired, the question is on agreeing to the amendment of the Senator from Wisconsin. On this question, the yeas and nays have been ordered, and the clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUE], and the Senator from Missouri [Mr. LONG] are absent on official business.

I also announce that the Senator from Virginia [Mr. BYRD], the Senator from Idaho [Mr. CHURCH], the Senator from Pennsylvania [Mr. CLARK], the Senator from Connecticut [Mr. DODD], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from Indiana [Mr. HARTKE], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Ohio [Mr. LAUSCHE], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. MCCARTHY], the Senator from Arkansas [Mr. MCCLELLAN], the Senator from Wyoming [Mr. MCGEE], the Senator from South Dakota [Mr. MCGOVERN], the Senator from Minnesota [Mr. MONDALE], the Senator from New Mexico [Mr. MONTROYA], the Senator from Oregon [Mr. MORSE], the Senator from Wisconsin [Mr. NELSON], the Senator from Rhode Island [Mr. PASTORE], the Senator from Connecticut [Mr. RIBICOFF], the Senator from Florida [Mr. SMATHERS], the Senator from Virginia [Mr. SPONG], and the

Senator from Maryland [Mr. TYDINGS] are necessarily absent.

Mr. HICKENLOOPER. I announce that the Senator from Utah [Mr. BENNETT], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], the Senator from Oregon [Mr. HATFIELD], the Senator from New York [Mr. JAVITS], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

The Senator from Michigan [Mr. GRIFFIN] is detained on official business.

If present and voting, the Senator from Utah [Mr. BENNETT], the Senator from Nebraska [Mr. CURTIS], the Senator from Illinois [Mr. DIRKSEN], the Senator from Arizona [Mr. FANNIN], the Senator from Michigan [Mr. GRIFFIN], the Senator from Oregon [Mr. HATFIELD], the Senator from New York [Mr. JAVITS], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] would each vote "yea."

The result was announced—yeas 56, nays 2, as follows:

[No. 165 Leg.]

So Mr. PROXMIRE's amendment was agreed to.

Mr. SPARKMAN. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. HOLLAND. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

AMENDMENT NO. 830

Mr. BYRD of West Virginia. Mr. President, I call up my amendment No. 830 and ask that it be read.

The PRESIDING OFFICER. The amendment offered by the Senator from West Virginia will be stated.

The legislative clerk proceeded to read the amendment.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered; and without objection, the amendment will be printed in the RECORD.

The amendment is as follows:

On page 11, line 3, after "organization" insert "or public body or agency".

On page 11, line 14, after "organization" insert "or public body or agency".

On page 15, line 5, after "organization" insert "or public body or agency".

On page 31, line 14, after "organizations" insert "or public bodies or agencies".

On page 31, line 25, after "organizations" insert "or public bodies or agencies".

On page 32, line 19, strike out "the" and insert "any".

On page 55, line 6, after "221" insert " , or by a public body or agency".

On page 59, line 6, after "entity," insert "a public body or agency".

Mr. BYRD of West Virginia. Mr. President, I modify my amendment by striking out all verbiage beginning with and including line 7 on page 1 and extending through and including line 5 on page 2.

The PRESIDING OFFICER. The amendment is so modified.

Does the Senator ask unanimous consent that his amendments be considered en bloc?

Mr. BYRD of West Virginia. I do.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BYRD of West Virginia. Mr. President, the amendment I have offered would simply give to local housing authorities the right to purchase, rehabilitate, and sell housing units to low-income families. It is my understanding that local housing authorities do not now have this authority under new section 101 of this bill, nor does the bill propose giving those authorities such authority.

I have discussed this matter with the chairman of the Banking and Currency Committee, and he believes that my amendment will be very helpful in furthering the prospects of homeownership for low-income families.

Under existing law, when the income of families occupying public housing reaches certain levels, they are no longer eligible as public housing tenants and are required to move out. Oftentimes these families' incomes are not sufficient for them to move into housing carrying an economic rent and, in some instances, they are required to either double up with other families or move into slum areas or dilapidated housing.

Under my amendment, the local housing authorities could be further helpful to these families by offering to sell to them rehabilitated units, thus helping them on the step toward homeownership.

If I understand the bill correctly, these families generally would be families who would be eligible to receive the homeownership interest rate subsidy feature of section 101 of the bill. I should like to ask the chairman of the Banking and Currency Committee if this would be true.

Mr. SPARKMAN. The Senator is correct.

Mr. BYRD of West Virginia. It is my further understanding that the authority that my amendment would give to local housing authorities would be the same authority that nonprofit organizations are given under title I of the bill in respect to sponsoring housing for lower income families. I should also like to ask the chairman of the Banking and Currency Committee if this is a true statement.

Mr. SPARKMAN. The Senator is correct.

I may say that I have discussed this amendment with the Senator from West Virginia, and we collaborated in the changes that were made in the amendment.

I have discussed it with the distinguished Senator from Texas, and he shares with me, I believe, the feeling that it would be a helpful amendment.

Mr. TOWER. I believe it is a very constructive amendment, and for my side, we are prepared to accept it.

Mr. SPARKMAN. We are prepared to accept it.

The PRESIDING OFFICER. The question is on agreeing to the amendments of the Senator from West Virginia.

The amendments were agreed to.

Mr. SPARKMAN. Mr. President, I offer two technical amendments.

The PRESIDING OFFICER. The amendments offered by the Senator from Alabama will be stated.

The bill clerk read the amendments, as follows:

On page 81, line 22, strike out "PROGRAMS" and insert "FLEXIBLE INTEREST RATES FOR CERTAIN FHA INSURANCE PROGRAMS".

On page 156, strike out line 17 and insert " , and".

On page 303, line 12, strike out "interest" and insert "interests".

Mr. SPARKMAN. Mr. President, I ask unanimous consent that the amendments be considered en bloc.

The PRESIDING OFFICER (Mr. HART in the chair). Without objection, it is so ordered.

Mr. WILLIAMS of Delaware. What would the amendments do?

Mr. SPARKMAN. It is purely technical; nothing substantive.

The PRESIDING OFFICER. The question is on agreeing to the amendments of the Senator from Alabama.

The amendments were agreed to.

Mr. SPARKMAN. Mr. President, I offer another amendment. It is not entirely technical.

The PRESIDING OFFICER. The amendment offered by the Senator from Alabama will be stated.

The bill clerk read the amendment, as follows:

After line 4, page 3, insert the following:  
"Sec. 5. The provision of Public Law 89-426 for special studies of the savings and loan industry is amended by striking '1968' and inserting in lieu thereof '1969'."

Mr. SPARKMAN. Mr. President, this amendment relates to a study that has been authorized by Congress, in which the time set was 1968. This amendment would extend the time for 1 year.

Mr. TOWER. This amendment requires no additional funding?

Mr. SPARKMAN. No.

Mr. MANSFIELD. Mr. President, may

I say that I found it quite difficult to analyze the expression on the face of the Senator from Delaware as he listened to this explanation.

The PRESIDING OFFICER. The question is on agreeing to the amendment offered by the Senator from Alabama.

The amendment was agreed to.

AMENDMENT NO. 828

Mr. TOWER. Mr. President, I call up my amendment No. 828.

The PRESIDING OFFICER. The amendment will be stated.

The bill clerk read the amendment, as follows:

On page 156, line 19, strike out "\$500,000,000" and insert "\$250,000,000".

UNANIMOUS-CONSENT AGREEMENT

Mr. TOWER. Mr. President, I ask unanimous consent that the time for debate on this amendment tomorrow be limited to 1 hour, 30 minutes to be under the control of the distinguished Senator from Alabama and 30 minutes to be under my control.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. TOWER. Mr. President, I ask unanimous consent that time be limited to 1 hour on all subsequent amendments that I might offer, 30 minutes to be under the control of the Senator from Alabama and 30 minutes to be under my control.

The PRESIDING OFFICER. Without objection, it is so ordered.

The unanimous-consent agreement, subsequently reduced to writing, is as follows:

UNANIMOUS-CONSENT AGREEMENT

Ordered, That during the further consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development, debate on the pending amendment (No. 828) and all other amendments to be offered by the Senator from Texas [Mr. TOWER] shall be limited to 1 hour, to be equally divided and controlled by the Senator from Texas [Mr. TOWER] and the Senator from Alabama [Mr. SPARKMAN].

Mr. MCINTYRE. Mr. President, it has long been recognized that decent housing alone will not resolve the crisis of our cities. But it is a giant step along the way. And it is for that reason that I gladly support the Housing and Urban Development Act of 1968.

President Johnson has called this legislation "a charter of renewed hope for the American city." If we can build and rebuild in 10 years enough good housing to replace substantially all of the substandard homes that scar our cities and stunt the development of our people—if we can move ahead with other programs so important to our national life, then we will be able to say of the patient—in this case the American city—that the crisis has passed.

The new measure before us has as its goal 6 million new and rehabilitated dwelling units for low- and moderate-income families within the next decade. It aspires to 300,000 housing starts within the next fiscal year and 2.35 million within the next 5 years.

Reaching these goals will strain our means—both public and private—for

production, but should also result in new and better means for achieving our ends. The legislation we are considering contains new and innovative approaches to greater production—the interest subsidy for both homeownership and rental housing, the turnkey method of developing public housing, and most intriguing—the proposed National Housing Partnerships.

During consideration of this legislation before the Banking and Currency Committee, it became obvious that the housing industry in this Nation—though very large—is fantastically fragmented. No single existing entity accounts for more than one-third of 1 percent of the market, and very few firms carry out homebuilding activities on anything approaching a national scale. As a result, none of the savings or expertise of volume production have been accruing to the homebuilding industry.

The proposed National Housing Partnerships would remedy this. A national organization devoted solely to the production of low- and moderate-income housing could recruit top managerial and technical staff—experts in the field of housing production and management—provide needed capital and operate on a nationwide basis, achieving volume production economies.

Mr. President, the National Housing Partnerships idea is the most interesting result of a year-long study undertaken by the President's Commission on Urban Housing, chaired by Edgar F. Kaiser. The Commission was pledged to find new ways to involve private enterprise in constructing low- and moderate-income housing. Their suggestions warrant our close consideration—and may I state here—the Commission has endorsed virtually all of the provisions of this omnibus bill.

Testifying before the Banking and Currency Committee with regard to the partnerships idea, Chairman Kaiser said:

In the course of developing this proposal without asking for a pledge of financial participation, we contacted a broad segment of large industry to determine whether this proposal would receive industrial support. Based upon the response of the chief executives of those firms contacted, we are confident that sufficient funds can be generated.

Mr. President, as provided in title IX of this bill the mechanics of the partnerships are simple. It would create a federally chartered corporation which would serve as the general partner and managing agent of the National Partnership. Each of the stockholders, industrial and financial companies, could be limited partners. The corporation, specifically organized to provide essential management skills in housing development, would be the general partner. It would receive a fee for supplying staff and organizational skills in planning specific local projects.

Each large investor would put not more than 5 percent in the corporation's stock, and the balance in the partnership. As a limited partner he would not be liable for the debts of the partnership beyond his investment.

The partnership would join with local builders, investors and developers to pro-

duce housing. The partnership would generally be limited to 25 percent ownership of any project.

Mr. President, this arrangement virtually assures an adequate return to investors and yet it involves no change in existing tax law. Under the present Internal Revenue code partnership losses, for tax purposes, flow to the individual partners. In the case of new housing units, the annual depreciation of the building costs results in substantial book losses during the first 10 years. The member's share of the depreciation losses, plus cash income from project operations, provides an after-tax return on his investment that would compare favorably with the return realized by most industrial firms on their equity capital.

With this incentive, private investors should be attracted by the opportunity to earn a fair return, while at the same time helping to solve a national problem.

The potential of this plan and its interest for developers is magnificently illustrated by the experience of Matthew J. Domber of New York. Mr. Domber, a developer, recently wrote to several members of the committee expressing his support for the National Housing Partnerships and I ask unanimous consent to have his letter printed at this point in the RECORD.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

DOMBER & WARD,  
ATTORNEYS AT LAW,

New York, N.Y., May 9, 1968.

Re National Housing Partnerships: Title IX, Proposed Housing and Urban Development Act of 1968.

I am writing to urge your support of the proposed National Housing Partnerships provision of the Housing and Urban Development Act of 1968.

Over the past ten years, I have observed from a variety of vantage points the unfolding of various local and national programs designed to meet the housing needs of low income families.

At various times during this period I have served as special development counsel to such major redevelopers as Tishman Realty and Construction Company, as executive vice-president of a leading New York development corporation specializing in middle-income housing, as First Deputy New York City Rent and Rehabilitation Administrator and, at present, as consultant to such organizations as The Metropolitan Detroit Citizens Development Authority, The Ford Foundation, the Committee on Housing of the New York City Council and as a principal in a number of urban development projects in the Metropolitan New York area.

It has become increasingly clear that the housing industry, as presently constituted, is incapable of meeting the challenge of housing low income families. The scale is wrong, the risks and stresses are much higher than compensable within a framework of low rents, the management and social problems are beyond the experience and capabilities of most builders, etc., etc. These constraints and others have been enumerated again and again by most students of housing problems and are now "old hat."

But what can be done about it? How do we break the mold and make a start towards developing new institutions and new ways of organizing the housing market?

When one realizes that between 1961 and 1966 a total of only 48,000 apartments were insured by FHA under Section 221(d)(3) BMIR, the magnitude of the task of meeting the announced goal of constructing six mil-

lion low income housing units over the next ten years becomes apparent.

It is in this context that I commend the proposed National Housing Partnerships which, in my opinion, represents a constructive beginning to creating a housing instrumentality with the potential of achieving national scope.

The authorization to create a corporation under national auspices which could serve as the general partner in a series of partnerships with local interests participating as limited partners may one day be looked back upon as a milestone in housing legislation. This limited partnership form offers a vehicle for a national-local community link-up that can combine the advantages of large-scale market organization, expertise and sound financing with sensitivity to local need, utilization of local skills and industry and obtaining the maximum benefit from the knowledge of local conditions and requirements found only within the community.

At the same time, by obviously appealing to the investor interested in tax writeoffs without management involvement or responsibility, it has the potential of tapping substantial sources of investment capital. It should also have further appeal to the large corporate entities, as well as to the small, which can look forward to a national housing market as giving them an outlet for mass-produced building products and materials at low unit prices. Union labor should benefit from the potential construction volume which offers a possible road to rationally approaching industrialized construction through a guaranteed annual wage. Local contractors should benefit from being plugged into a system which simplifies their overhead problems and paper work, reduces their risks and permits them to devote their energies and talents to the construction process for which they are best organized. Most of all the consumer benefits, particularly the low income consumer, for whom a standard dwelling at reasonable cost can be provided.

In short, there is appeal to all, provided that the national partnership functions in a manner that is truly responsive to local community needs and provides maximum participation for local interests of all kinds. Its ability to function in this way will be the true test of its ultimate stability.

In Detroit, as a development consultant to the Metropolitan Detroit Citizens Development Authority (really in microcosm a first cousin to a National Housing Partnership), I have seen at first hand the potential that a local, private non-profit corporation can realize when it harnesses for the common objective of providing housing for low income families the combined might of local government, local business and industrial leaders, local labor leaders, local community leaders and local civic and religious leaders. The incorporators of MDCDO were Detroit Mayor Jerome Cavanagh, Walter Reuther, President of the United Auto Workers, and Walker Cisler, Chairman of the Board of the Detroit Edison Company. It numbers among its officers and directors such national and community leaders as Most Reverend John Dearden, Archbishop of Detroit, Raymond Perring, Chairman of the Board of the Detroit Bank & Trust Company, Henry Ford II, Chairman of the Board of the Ford Motor Company, James Roche, President of General Motors Corp., Roy Chapin, Chairman of the Board of American Motors Corp., Virgil Boyd, President of Chrysler Corp., William Day, President of Michigan Bell Telephone Company, Father Malcolm Carron, President of the University of Detroit, Joseph Hudson, President of The J. L. Hudson Company, James Wadsworth, President of NAACP, Max Fisher, Francis Kornegay, Executive Director of the Detroit Urban League, Mrs. Mattie Myers, Ralph Bunche Community Council, and others of similar stature too numerous to list. In brief its composition is virtually a "Who's—Who" of Detroit, representing all

major business, labor, civic, religious, community and ethnic groups.

Since beginning operations in August, 1967, with the hiring of its dynamic, young executive director, Edward Robinson, it has raised more than \$650,000 to finance its initial efforts, has replanned with the aid of an internationally assembled team of expert consultants an urban renewal area for upper income residents to one designed for low income families along new and innovative lines, has brought this project in less than six months to the point where construction is now ready to begin on the first 300 apartments one year earlier than the City had thought possible, has begun several housing demonstration projects and is studying others, is extending its expertise and financial resources to aid community groups to plan their own neighborhoods, is developing a metropolitan housing strategy aimed at utilizing public and private funds to construct thousands of dwelling units in the Metropolitan Detroit area during the next five years and is preparing a campaign to raise more than six million dollars from the business community and foundations for carrying out its purposes.

These rapid strides have been made possible in less than ten months by the combination of adequate financing and working capital, ability to call upon national expertise and consultants, the prestige, commitment and political and economic impact of the sponsors, and their ability to obtain the attention of government at all levels, the ability to call upon needed resources, skills and inputs from the business community and the ability to borrow top-level industry personnel for specific missions, to name just a few of the more obvious plus factors.

The fact is, that no other group, public or private, and certainly not a private sponsor or even a non-profit sponsor of lesser magnitude, could have moved as expeditiously or accomplished so much in so short a period of time. It is all the more remarkable when you consider that all of this has been done working cooperatively and in partnership with the local community groups affected by each project.

The accomplishments of MDCDA, as dramatic as they are when compared with what is happening in other cities, are relatively minor when viewed in the light of the national potential that the National Housing Partnership could unleash. Just imagine what it could accomplish with a blanket allocation of 500 million dollars in BMIR 1% funds per year, backed by the working capital and staff to put this financing to work in partnership with MDCDA-type non-profit organizations and with local for-profit consortiums of similar prestige in every metropolitan area.

The lesson for every city concerned with problems similar to those of Detroit is obvious. Persons of the caliber of those sponsoring MDCDA exist in every major urban area of this country. All that is needed is an awareness of how organization and unity of purpose can achieve results and an igniting spark to set things in motion.

In my judgment, the proposed National Housing Partnership, properly administered, can provide that spark and can provide the national expertise and stimulus to enlightened local action. It can provide the catalyst to fuse the organization of each metropolitan area into a national housing market giving needed incentive for the long-required updating of our construction industry.

For the reasons stated, I strongly commend for your support the proposed Article IX.

Sincerely,

MATTHEW J. DOMBER.

Mr. MCINTYRE. Mr. President, I believe the words of Mr. Domber and the

testimony of Mr. Kaiser are eloquent arguments for this plan. I believe, too, that the challenge before us today to do everything possible—to explore every path—in order to build homes for our people is obvious. The proposed legislation before us is the place to start.

Mr. MANSFIELD. Mr. President, no further business will be considered tonight in connection with the pending measure.

#### ORDER FOR RECESS TO 10 A.M. TOMORROW

Mr. MANSFIELD. Mr. President, I ask unanimous consent that when the Senate completes its business this evening, it stand in recess until 10 o'clock tomorrow morning.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPARKMAN. Mr. President, will the Senator yield for a question?

Mr. MANSFIELD. I yield.

Mr. SPARKMAN. Does that mean that when the Senate convenes at 10 o'clock tomorrow morning, there will be no period for the transaction of routine morning business and that we will go immediately into debate on the bill?

Mr. MANSFIELD. That is correct.

#### INTEREST ON LOANS AND MORTGAGES

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 1102, S. 3017.

The PRESIDING OFFICER. The bill will be stated by title.

The LEGISLATIVE CLERK. A bill (S. 3017) to change the provision with respect to the maximum rate of interest permitted on loans and mortgages insured under title XI of the Merchant Marine Act, 1936.

The PRESIDING OFFICER. Is there objection to the present consideration of the bill?

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on Commerce, with amendments, on page 1, after "(5)" at the beginning of line 5 strike out "Shall" and insert "shall"; and on page 2, in line 2, after the word "of" strike out "Commerce." and insert "Commerce;"; so as to make the bill read:

#### S. 3017

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 1104(a)(5) of the Merchant Marine Act, 1936, as amended, is amended to read as follows:*

*"(5) shall secure bonds, notes, or other obligations bearing interest (exclusive of premium charges for insurance and service charges (if any) at rates not to exceed such per centum per annum on the principal obligation outstanding as the Secretary of Commerce determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the Department of Commerce;"*

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the amendments be considered en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. WILLIAMS of Delaware. Mr. President, may we have an explanation of the bill?

Mr. MANSFIELD. Mr. President, the purpose of S. 3017, introduced at the request of the Secretary of Commerce, would remove the 6-percent statutory interest ceiling on loans and mortgages insured under title XI of the Merchant Marine Act, 1936, as amended, and give the Secretary of Commerce the authority to approve such interest rates as he determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the Department of Commerce.

That is a brief explanation.

Mr. WILLIAMS of Delaware. I shall not object to the bill. I realize it is necessary under the circumstances. However, I point out here again that the reason this bill is necessary is to keep pace with the high-interest policies of this administration. It is a policy under which interest rates already have passed 6 percent, and they are moving into the range of 7 to 8 percent. Unless some action is taken by the administration and Congress to exercise some degree of fiscal restraint there is no limit on where they can go.

I hope the administration and Congress together will be able to take appropriate steps to eliminate the necessity for this ever-increasing interest rate.

Mr. President, it is rather significant that during the last several years of the Eisenhower administration we heard almost daily speeches expressing great concern about the high interest rates, which were then approaching 4 percent. Today, as we get to nearly 7 percent those voices have become strangely silent. Why? Have they no concern over the plight of the borrower?

I would hope that some Senators would join us in expressing as much concern over the 7-percent interest rates as they did when the interest rate was nearly one-half of what it is today. Small businessmen, farmers, and homeowners cannot cope with the interest rates under the Johnson administration.

Mr. MANSFIELD. Mr. President, I am in complete accord with what the Senator from Delaware has said. I hope this warning—and the warning flags are becoming more numerous—is taken cognizance of. It has been by the administration but I hope that the Congress will do so as well, so that in tandem we can face up to this joint responsibility.

Mr. President, I ask unanimous consent to have printed in the RECORD an excerpt from the report (No. 1119), explaining the purposes of the bill.

There being no objection, the excerpt was ordered to be printed in the RECORD, as follows:

#### PURPOSE OF THE BILL

S. 3017, introduced at the request of the Secretary of Commerce would remove the 6-percent statutory interest ceiling on loans and mortgages insured under title XI of the Merchant Marine Act, 1936, as amended, and give the Secretary of Commerce the authority to approve such interest rates as he determines to be reasonable, taking into account

HIGHLIGHTS: Senate debated agricultural appropriation bill. Senate passed housing bill.

SENATE

1. APPROPRIATIONS. Began debate on H. R. 16913, the agricultural appropriation bill (pp. S6561, S6584-601). Adopted the committee amendments en bloc for the purpose of further amendment (pp. S6595-6). Unanimous consent was granted that today, May 29, the debate on any amendment would be limited to 1 hour (p. S6584). Sens. Holland and Williams filed notice of intention to move for suspension of the rules for purpose of proposing an amendment to the bill (p. S6561). Pending at adjournment was an amendment by Sen. Hart for increased amounts over the committee approved bill for the school lunch program as follows: For special assistance to needy schools +\$2.5 million (total of \$10 million); for pilot school breakfast program + \$2 million (total of \$6.5 million); for non-food assistance +\$4.5 million (total of \$6.5 million); and for State administrative expenses +\$2.3 million (total of \$2.3 million)(p. S6596).
2. HOUSING. Passed, 67-4, with amendments, S. 3497, the proposed Housing and Urban Development Act of 1968 (pp. S6489, S6490-1, S6493-516, S6518-54). Amendments agreed to include the following: By Sen. Bayh to remove certain restrictions on the eligibility of applicants for certain FHA disaster relief loans (limited not to exceed \$30,000) due to serious damage resulting from major disasters (p. S6522); by Sen. Metcalf to extend certain SBA disaster relief programs to the Trust Territory of the Pacific Islands (p. S6525); by Sen. Bayh, to provide that one may not receive benefits from disaster relief provisions if he is convicted of having taken part in a riot (pp. S6515); by Sen. Bayh to provide temporary housing for victims of major disasters (pp. S6519-20); by Sen. Proxmire, to add language to improve technology in development of housing for lower income families (pp. S6513-4), and by Sen. Hart to require the use of new technology in construction to the greatest extent feasible (pp. S6520-1); by Sen. Javits, to require consultation with the Department of Labor and SBA so that to the greatest extent possible employment opportunities be made available for lower income persons in connection with assisted projects (pp. S6510-12), and by Sen. Clark, to provide that to the extent possible new job opportunity be provided for the unemployed and underemployed in connection with water and sewer facilities projects (pp. S6514-5).  
Sen. Pearson commended the rural housing provisions of the bill (pp. S6549-50). He also submitted, then withdrew, an amendment which would have amended the Housing Act of 1949 to increase the ceiling that the Farmers Home Administration might include in a housing project in a rural area (p. S6507).  
For other provisions of S. 3497, see Digest 86
3. TRANSPORTATION. The Commerce Committee reported with amendments S. 752, to amend section 203(b)(5) of the Interstate Commerce Act to clarify this exemption with respect to transportation performed by agricultural cooperative associations for nonmembers (S. Rept. 1152). p. S6558  
Conferees were appointed on H. R. 15190, to provide for an investigation and study to determine a site for the construction of a sea-level canal connecting the Atlantic and Pacific Oceans. p. S6504
4. WATER. Passed with amendment S. 224, to provide for rehabilitation of the Ek-lutna project, Alaska. At the request of Sen. Mansfield the following excerpt

PROCEEDINGS AND DEBATES OF THE 90<sup>th</sup> CONGRESS, SECOND SESSION

Vol. 114

WASHINGTON, TUESDAY, MAY 28, 1968

No. 92

## Senate

(Legislative day of Monday, May 27, 1967)

### ORDER OF BUSINESS

Mr. TOWER obtained the floor.

Mr. TOWER. Mr. President, I ask unanimous consent that I might yield to the distinguished Senator from Montana, without losing my right to the floor, and with the time not being charged to either side.

The PRESIDENT pro tempore. Without objection, it is so ordered.

### LEGISLATIVE SESSION

Mr. MANSFIELD. Mr. President, I move that the Senate resume the consideration of legislative business.

The motion was agreed to, and the Senate resumed the consideration of legislative business.

### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. MANSFIELD. Mr. President, what is the pending amendment?

The PRESIDING OFFICER. Amendment No. 828, offered by the Senator from Texas.

Mr. MANSFIELD. Mr. President, I suggest the absence of a quorum, on the same basis as stipulated previously by the distinguished Senator from Texas when he yielded the floor temporarily.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded, and that the distinguished Senator from Ohio [Mr. Young] be allowed to proceed for not to exceed 5 minutes, the time not to be charged to either side.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senate met at 10 a.m., on the expiration of the recess, and was called to order by the President pro tempore.

The Chaplain, Rev. Frederick Brown Harris, D.D., offered the following prayer:

Gracious God, our Father, whose still small voice invites us to turn aside from the feverish ways of the world, and whose tender love bids us find our strength in Thee: We are conscious as we bow at this altar of Thy grace that if we live a life of prayer Thou art present everywhere.

Amid the duties of these demanding days, by the spiritual resources that are found in Thee alone, may our spirits be refreshed and our souls restored.

With minds burdened for the Nation and for the world, we turn to Thee in this baffling hour knowing that what supremely counts has nothing to do with the appraisals of men or with honors for which men contend, but has to do with what causes use us. Deliver us from political policies which are symptoms of spiritual disease. O make our hearts Thy dwelling place, and worthier Thee.

We ask it in the dear Redeemer's name. Amen.

### THE JOURNAL

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Journal of the proceedings of Monday, May 27, 1968, be approved.

The PRESIDENT pro tempore. Without objection, it is so ordered.

### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The PRESIDENT pro tempore. The Chair lays before the Senate the unfinished business, which will be stated by title.

The LEGISLATIVE CLERK. A bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

The Senate resumed the consideration of the bill.

### COMMITTEE MEETINGS DURING SENATE SESSION

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Subcommittee on Business and Commerce of the Committee on the District of Columbia, the Committee on Commerce, the Subcommittee on Oil and Water Pollution of the Committee on Public Works, and the Subcommittee on Intergovernmental Operations of the Committee on Government Operations be authorized to meet during the session of the Senate today.

The PRESIDENT pro tempore. Without objection, it is so ordered.

### EXECUTIVE SESSION

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Senate go into executive session to consider a nomination on the Executive Calendar.

The PRESIDENT pro tempore. Without objection, it is so ordered.

### MISSISSIPPI RIVER COMMISSION

The bill clerk read the nomination of Roy T. Sessums, of Louisiana, to be a member of the Mississippi River Commission.

The PRESIDENT pro tempore. Without objection, the nomination is considered and confirmed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the President be immediately notified of the confirmation of the nomination.

The PRESIDENT pro tempore. Without objection, it is so ordered.

ONLY 85,000 NORTH VIETNAMESE COULD NOT ACCOMPLISH ALL THE REVERSES WE HAVE SUSTAINED THIS YEAR

Mr. YOUNG of Ohio. Mr. President, while negotiations for an armistice and cease-fire continue in Paris, we are fighting and destroying South Vietnamese homes within the city of Saigon because the Vietcong have attacked our forces in Saigon and Cholon, the Chinese tenement district, and elsewhere in South

Vietnam. In South Vietnam we continue to destroy the villages and homes of the South Vietnamese and in the process kill many of the occupants—women, children, and old men.

It is the great tragedy of this war that time and again we have destroyed South Vietnamese villages to save them. That American major explaining what happened at Ben Tre put our entire Vietnam involvement in proper perspective. He said, "It became necessary to destroy the city to save it." So, Ben Tre, a city of 35,000 population in the Mekong Delta, following the time that it had been occupied by the VC was destroyed methodically by American bombs, napalm, shells, and rockets. More than 10,000 civilians—women, children, and men—were killed, including some thousands of refugees who had fled to the city for safety. Nobody knows how many thousands, because entire families were permanently buried in the rubble. "It became necessary to destroy the city to save it." This was a shameful episode in the history of the Armed Forces and of our country.

When President Eisenhower left the White House we had only 685 military advisers in all South Vietnam. On the day President Kennedy was assassinated we had approximately 16,000 military advisers; but Americans acted solely as military advisers. They were not engaged in any fighting in the civil war that was raging in South Vietnam. President Johnson changed all this. We now have close to 600,000 combat troops in South Vietnam and Thailand. Under President Johnson and Secretary of State Dean Rusk we have chosen sides in a civil war, and the South Vietnamese people definitely do not appreciate our interference, any more than we Americans would if a foreign power became involved in our internal affairs and sent in airplanes or ground forces claiming they had a commitment to restore law and order in the United States and bring justice to an oppressed minority.

Our history throughout President Eisenhower's administration of 8 years and President Kennedy's administration of nearly 3 years refutes the untruthful allegations made that we are in Vietnam because of commitments made by three American Presidents. We are in Vietnam simply because of the stubborn determination of President Johnson. We have made no headway whatever there. We are still defending Saigon and the Vietcong have reoccupied vital territory following periods when American youngsters made costly and bloody offensive sweeps at a cost of casualties in killed and wounded young Americans, of frightful magnitude exceeding a total of 125,000. Then when our forces withdrew, the VC moved in and took over again governing the area.

Historically, there never was a North Vietnam and a South Vietnam. The Geneva accords of 1954, which we agreed to and which brought to an end the French Indo-Chinese colonial empire stated:

The military demarcation line at the 17th parallel is provisional and should not in any way be considered as constituting a political or territorial boundary.

The Vietnamese defeated their French colonial oppressors. They ended their control of all Vietnam. Now we Americans are just as hated as were the French. That hate against us is even more evident in South Vietnam than in North Vietnam. Throughout Asiatic capitals and in Hanoi and throughout South Vietnam where the National Liberation Front, the political arm of the VC, controls more than two-thirds of the countryside and undoubtedly approximately two-thirds of the entire population, we are looked upon even more bitterly than the French colonial oppressors were regarded up to the time of the surrender of Dienbienphu on May 8, 1954. It was immediately following this capture of 12,000 men of the French Foreign Legion and some Moroccans that the French Government made peace and withdrew their army of 240,000.

We Americans are despised, hated and feared because we are destroying a people and their homes. We have sent our forces 10,000 miles to a small Asiatic country and have been fighting a war that is further away from solution than when we commenced the escalation and expansion of our involvement in 1965. Vietnam is not within our sphere of influence and is of no importance to the defense of the United States.

Just what has been changed in Vietnam in recent months except for our casualty figures which have become more stupendous and more frightening? The undeclared war we Americans are waging is the most unpopular war we have ever waged, exceeding in unpopularity that other unpopular war, the Mexican War of 1846. Unfortunately, but realistically, this terrible, immoral, murderous undeclared war in which the present administration has involved us in Vietnam is even worse than a war. It is genocide of the Vietnamese people. It is the kind of horrible intervention in a civil conflict in another nation that heads of state in some Asiatic capitals are claiming should be dealt with by war crime trials and by terming the United States as the aggressor and the defendant.

All thoughtful Americans should take to heart the statement made by our representatives in the peace talks in Paris which we hope against hope will lead to a cease-fire and armistice. It is quite remarkable and should be borne in mind by every American that the present impasse of the negotiations in Paris between our delegation headed by that great American, Averell Harriman, and representatives of North Vietnam is the refusal of the North Vietnamese delegates to admit they have 85,000 North Vietnamese troops fighting in South Vietnam. They deny that. Ambassador Harriman has produced verified documents tending to prove that 85,000 North Vietnamese soldiers are fighting in Vietnam. Remember that figure, only 85,000. That is the extent of our claim.

Here is incontrovertible evidence and clear and convincing proof that we have intervened in a civil war in Vietnam. We have 600,000 of the finest and best trained and most intelligent fighting men in the world including more than 50 percent of our entire airpower engaged in

the Vietnamese civil war. Yet, our records show and our maximum claim is that 85,000 North Vietnamese are fighting against us. Who, then, is our enemy? It stands out crystal clear that the South Vietnamese forces of the National Liberation Front, the VC, numbering some hundreds of thousands are the ones, who in 1956 resumed fighting for national liberation of their homeland following the time Diem, our puppet President of South Vietnam, called off the elections pledged in the Geneva Agreement of 1954 for a nationwide election throughout Vietnam, to be held in 1956. This is the pledged election that President Eisenhower in his memoirs stated that our CIA estimated that Ho Chi Minh would win and be elected President with 80 percent of the vote.

So in recent weeks we have suffered the highest casualties of the war trying to maintain in power the corrupt Saigon military regime. This regime in June 1965 overthrew the civilian government of Saigon. It was a midnight coup of 10 generals ousting civilian authority. Nine of those 10 generals were born in North Vietnam, as was the former Prime Minister, and present Vice President, Air Marshal Ky. Those nine generals and Ky fought on the side of the French colonial oppressors against the forces of the National Liberation Front, then called Vietminh. Let Secretary of State Dean Rusk explain to the American people how it is that 85,000 North Vietnamese soldiers, which we claim is the maximum number engaged in combat in South Vietnam, have fought to a stalemate our hundreds of thousands of combat troops.

Furthermore, when administration defenders such as State Secretary Rusk untruthfully claim we are in South Vietnam to repel aggression from the North, they disregard the only obvious conclusion which is that we are interfering in a civil war in South Vietnam. Just what claim can these administration defenders put forward regarding, for example, Mai Van Bo, who is the delegate general and Ambassador Plenipotentiary of the Hanoi government to France? French governmental officials from President de Gaulle down admire and respect him. Mai Van Bo is articulate and able. He was born and reared in the Mekong Delta, 150 miles south of Saigon. Surprisingly enough, this leading diplomat of Hanoi wrote the national anthem of South Vietnam. He is the confidant and close friend of Ho Chi Minh. Bo is the man who in October 1964 put out peace feelers in behalf of North Vietnam. These were rejected at the time by President Johnson. He again raised peace hopes last January when he said, "If the United States stops bombing North Vietnam, talks 'will' come." This, instead of using the word "would."

Mr. President, it is crystal clear that we are involved in a civil war in South Vietnam, a civil war in which we should never have become engaged in the first instance.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the pro-

vision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

#### UNANIMOUS-CONSENT AGREEMENT

Mr. MANSFIELD. Mr. President, I ask unanimous consent that there be a time limitation on the pending bill, the time to be one hour on each amendment to be equally divided between the sponsor of the amendment and the manager of the bill, the distinguished Senator from Alabama [Mr. SPARKMAN], and that there be a time limitation of 4 hours on the bill, under the usual procedures.

Mr. President, in effect, this is the same proposal made yesterday. The objection made at that time has been removed.

The PRESIDING OFFICER. Is there objection?

Mr. TOWER. Mr. President, for purposes of clarification, is the time under the bill controlled by the Senator from Alabama and me?

Mr. MANSFIELD. The Senator is correct. I forgot to mention that. The time is to be under the control of the Senator from Alabama and the Senator from Texas, or by any Senator they may designate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The unanimous-consent agreement, subsequently reduced to writing, is as follows:

*Ordered*, That during the further consideration of the bill (S. 3497) to assist in the provision of housing for low and moderate income families, and to extend and amend laws relating to housing and urban development, debate on any amendment, motion, or appeal, except a motion to lay on the table, shall be limited to one hour, to be equally divided and controlled by the mover of any such amendment or motion and the Senator from Alabama [Mr. SPARKMAN]: *Provided*, That in the event the Senator from Alabama is in favor of any such amendment or motion, the time in opposition thereto shall be controlled by the Senator from Texas [Mr. TOWER] or some Senator designated by him: *Provided further*, That no amendment that is not germane to the provisions of the said bill shall be received.

*Ordered further*, That on the question of the final passage of the said bill debate shall be limited to four hours, to be equally divided and controlled, respectively, by the Senator from Alabama and the Senator from Texas: *Provided*, That the said Senators, or either of them, may, from the time under their control on the passage of the said bill, allot additional time to any Senator during the consideration of any amendment, motion, or appeal.

#### ORDER OF BUSINESS

Mr. TOWER. Mr. President, I ask unanimous consent that I may suggest the absence of a quorum without the time being charged to either side.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. TOWER. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that I may proceed without the time being applied to either side.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### TRIBUTE TO PROF. DAVID R. MASON, OF THE UNIVERSITY OF MONTANA SCHOOL OF LAW

Mr. MANSFIELD. Mr. President, one of my closest friends and advisers, David R. Mason, Dixon professor of law at the University of Montana, is retiring this spring from active teaching duties.

Some lawyers achieve fame on the basis of their practice; other lawyers achieve fame of a sort by becoming Members of Congress; other lawyers become State court judges, district judges, circuit judges, and a few become Supreme Court justices. They are the ones who achieve the fame and the publicity, whereas those who teach are the ones who all too often are in the background and who all too often are not given the credit which is their due.

One such teacher is David R. Mason, who has been one of the real stalwarts in the University of Montana Law School, a law school which has been called the Harvard of the West, although, if, perhaps I may be parochial, I think on occasion Harvard could well be called the Montana of the East. We have turned out a remarkably good group of graduates from the law school. As a matter of fact, to the best of my knowledge, no Montana Law School graduate has ever failed the California bar examination, which I think is an indication of the excellence of their groundwork in law and explains the excellence of the teaching which was theirs while attending the law school at the University of Montana.

David Mason has earned many honors during his lifetime, but he is a retiring, modest man who does not seek the limelight and whose whole interest is in the law and the teaching of it.

It is with great regret that the State of Montana, and the Northwest in general, note the retirement of this outstanding teacher. To him we wish the best of everything in the years ahead. He has earned this retirement, and to David Mason and his wife, Helen, we extend our best wishes for a job well done and our hopes for a little relaxation and rest in the remainder of their years. It is our hope in Montana that they will come back to the campus often and that when the call for duty arises, as it has so often in the past, David Mason will be there to answer.

Mr. President, I ask unanimous consent to have printed in the RECORD articles from the Montana Law Forum, under date of May 1968, including a brief editorial entitled "Goodbye, Mr. Chips," a statement entitled "Pantzer Voices University Praise for David Mason," written by Robert T. Pantzer, president, University of Montana; an article entitled "Legal Careers," by William S. McGonagle; and an article entitled "David R.

Mason, Ave Atque Vale," written by Gardner Cromwell.

There being no objection, the articles were ordered to be printed in the RECORD, as follows:

[From the Montana Law Forum, May 1968]

#### GOODBYE, MR. CHIPS

The Montana Law Forum wishes to express its appreciation to a man who has personified legal education in Montana for more than two generations. What may be said about him has, perhaps, been better said by others throughout this issue of the Forum. As a token of esteem and gratitude, the Managing Board and Staff of the Forum dedicate to David R. Mason, Dixon Professor of Law, this Spring Issue of the Montana Law Forum. Let him represent an inspiration to all of us. For want of anything more appropriate . . . Thank you Professor Mason.

[From the Montana Law Forum, May 1968]

#### PANTZER VOICES UNIVERSITY PRAISE FOR DAVID MASON

(By Robert T. Pantzer, president, University of Montana)

On the occasion of the dedication of the 1968 spring issue of the Montana Law Forum in honor of Professor David R. Mason of the Montana School of Law, I am privileged to briefly remark upon his contribution to the University and the State of Montana.

This is the year of retirement from academic service to the University by Professor Mason. Having been one of his students in the School of Law prior to World War II and then again after that war, there is a certain nostalgia connected with my thoughts relating to this superb teacher. His former students are no doubt his greatest admirers. Since Professor Mason started his career at the University of Montana in 1927, his teaching of the students, along with his counsel and guidance of them, has obviously made an expressive impact on the legal profession in this state. Except for brief periods of time when he served with the Department of Justice and as a visiting professor of law at New York University, his time in the School of Law at the University of Montana has been continuous for about 40 years.

Along with his dedicated contribution as a teacher of law, David Mason has served the University of Montana and the state in a broad expanse of activity. He has worked diligently on meaningful committees of the American and Montana Bar Associations. He has been a driving force in the updating and reorganization of the statutory law in Montana as evidenced by his significant work on the Uniform Commercial Code in Montana and the Montana Rules of Civil Procedure. He has been a prolific writer on legal matters over the years while serving as a faculty member at the University. He has been of service to the legal profession in America by serving on important committees of the Association of American Law Schools.

Within the University itself, aside from his work in the School of Law, he has served as a member and frequently as chairman of most significant faculty committees. He has been Chairman of the Faculty Senate, of the Academic Standards Committee, and the Faculty Advancement Committee. In addition to this, he has worked meaningfully on a number of special committees at the University relating to its general progress and development.

Simply stated, it seems to me Professor David R. Mason has been one of the minute few to serve on a college faculty with such a high degree of distinction. He is known by his colleagues and his students as a scholar, a remarkable teacher, a man of recognized solid judgment, and a person completely loyal to his profession and to his school. Others may teach "his courses" and counsel students, but the University cannot expect to find another man of his unique quality

to serve on its faculty. David Mason will be sorely missed by his colleagues and his school. His contribution can never be forgotten.

[From the Montana Law Forum, May 1968]  
LEGAL CAREERS

(By William S. McGonagle)

It was in 1927 that David R. Mason, a young Harvard graduate accepted an offer to come to the University of Montana and teach law. In the forty-years that have followed he has imparted more than his profound knowledge of the fifteen subjects taught. He has left a legacy of excellence to those of us still in school and the nine-hundred fifty four lawyers, who have graduated since his arrival. If the present is at all indicative of the past, I am sure that there has not been one among that number to escape the scrutiny of his classroom queries, nor must have any failed to appreciate his contribution as legal mentor in their personal development as budding attorneys.

Professor Mason, a native of South Dakota, was a graduate of its state university, with A.B. (cum laude) and LL.B. (summa cum laude) degrees. He had received an S.J.D. degree from Harvard immediately prior to his appointment.

During his long tenure, he has compiled an impressive record as a teacher and as a leader in the vanguard of legal reform in Montana. Professor Mason instructed here continually until 1939, during which time he was elevated to a full professor in 1930, and from 1937 to 1939, he served as acting Dean.

For two years, he served as Special Assistant to the Attorney General in the U.S. Department of Justice and was involved in anti-trust cases, their investigation, preparation, and settlement. He again returned to work for the Justice Department in this same capacity from 1942 until 1943. For the duration of World War II, he served as Chief Trial Attorney of the War Division, and was involved in the handling of cases for the Alien Property Custodian. Following the war, Professor Mason returned to his position at the University of Montana, and has taught here since, with the exception of 1955-56 term when he was a visiting Professor of Law at the New York University. In 1960, David Mason was named the University's Dixon Professor of Law under an endowment fund established by Mrs. William Wirt Dixon, who died in 1916.

During his career, he has edited case books, and authored numerous feature articles in law reviews on Civil Procedure and the Uniform Commercial Code. Surely, every freshman student in recent years has become familiar with his publications in the field of Civil Procedure wherein we were abruptly apprised of the difference between trespass on the case and trespass quare clausum fregit, mandamus and supervisory control, and other matters which at the time seemed to be at the limit of our comprehension.

In large measure Professor Mason was responsible for the preparation and adoption of the Montana Rules of Civil Procedure modeled after the Federal Rules. He served as a member of the Montana Civil Rules Commission, preparing rules for Montana District Courts that became effective January 1, 1962. Later, he was Chairman of the advisory Committee on Rules of Civil Procedure to the Montana Supreme Court engaged in the preparation of Rules of Appellate Procedure that became effective on January 1, 1966. For his work in this area, David R. Mason was the first recipient of the Montana Bar Association Award in 1965 for "an outstanding contribution to the legal profession carried out or completed during the year."

A further recital of the numerous committees of the American Bar Association of which

he is either a member or chairman, of his many chairmanships of University Faculty Committees and those in public service would but serve to belabor the contributions of this outstanding American. However, it would be amiss if his 1966 appointment by President Lyndon Johnson to the twenty-six member National Council on the Humanities were not noted. David R. Mason is one of two law professors on the Council, which is composed of University Presidents and Professors, Foundation Directors, Writers, and Art Critics.

Now as this distinguished career nears its close, we can but hope that retirement will not end our association, for the Masons of this world are in short supply and the lives of so many of us have been enriched because of him.

[From the Montana Law Forum, May 1968]

DAVID R. MASON, AVE ATQUE VALE

(By Gardner Cromwell \*)

The president of another university once wrote that talking about oneself was like walking a tightrope. I think that writing an appreciation of a friend requires the same care, but the footnote provides a safety net. If I don't fall off, I shall have avoided mawkishness on the one hand and sterility on the other.

#### PROLOG

One of the many articles written about Mr. Justice Frankfurter took as one measure of his life the length of his biographical entry in Who's Who. A very real measure of David Mason's accomplishments is that he has educated 954 graduates of this School of Law, Scattered across this state and elsewhere in the nation and the world are almost 1,000 lawyers honed to some measure of sharpness by Prof. Mason's mind. That this school was once known as "The Little Harvard of the Northwest" is tribute in part to his passion for excellence.

I first came to the School of Law of Montana State University twenty years ago last Fall, after Ivy League undergraduate years and four as a WWII leatherneck. I still remember classes under Prof. Mason—and that is the precise preposition. United States District Judge W. D. Murray said at one Barristers' Ball banquet that either one learned to think like a lawyer in Prof. Mason's classes or there was no alternative. To David Mason, in common with almost 1,000 alumni, I owe awakening to the demands of truly analytical thinking and a deepening awareness of the call of professional and public duty.

If one looks at the Directory of Law Teachers published by the Association of American Law Schools (as does the "Careers" column elsewhere in this issue), one finds listed after the name of David R. Mason such badges of excellence as "Phi Beta Kappa," "A.B. (cum laude)," "LL.B. (summa cum laude)," and "S.J.D., Harvard." These were the marks of quality borne (as matter-of-factly then as now, one can be sure) by the new Associate Professor who came to this school in 1927. The computerized prose in the Directory goes on: "Prof., 1930-57; Acting Dean, 1937-39; Spec. Ass't. to Atty. Gen., U.S. Dept. Justice, 1939-40 and 1942-43; Chief Trial Atty., War. Div., U.S. Dept. Justice, 1944-45; Vis. Prof., N.Y.U., 1955-56; Dixon Prof., since 1957." There follows a list of seventeen subjects taught over the span of forty-one years.

#### PROFESSION

Someone has suggested that the past is prologue; if so, then the present depends on when is now. Prof. Mason has been present, as a most perceptive analyst and critic, dur-

\*This article has but one footnote; this is it. My credentials for this task are these: I have been student, colleague, and admirer of David Mason. I call him friend.

ing the greatest period of development of United States constitutional law. The Court which asserted its power under Chief Justice John Marshall has flowered in the second half of the twentieth century. And probably in the fourteen years since "the school segregation cases," it has blossomed most.

#### I. University

Those who were privileged to learn constitutional law at the hands of David Mason learned it. Scholar, analyst, liberal in the best sense of the word, he did not brainwash. Woe to any student who did not carefully analyze, who did not fit his case into the warp and woof of precedent. Each class was a demonstration of Prof. Mason's great ability to organize the results of careful analysis. I remember an afternoon soon after the recent spate of "obscenity" cases (Ginzburg, et al.) when I was still trying to figure out what the Court had decided. Prof. Mason had analyzed the fourteen opinions in the three decisions, carefully classified them, and had fit them into past pattern. But this, perhaps, merely emphasizes what is obvious to this group of readers.

David Mason's service did not stop at the law school door. It extended to his university, his state, and his nation. During forty-one years on this campus, he served on virtually every University committee of consequence, among them Curriculum, Academic Standards, and Budget and Policy. To each he brought those standards of precision and excellence which he practiced and demanded of others. And one term of service invariably resulted in requests to serve another.

The Chairman of the Budget and Policy Committee, the seat of faculty power, is the Chairman of the Faculty Senate. David Mason's tenure there was remarkable for orderly, complete, and timely dispatch of business. No member of the Senate (including the President of the University) had the temerity to commit lese majeste when Prof. Mason was in the chair. Meetings of the Faculty Senate were models of parliamentary order. His tenure as Chairman ended in April, 1966, when he declined to be a candidate for re-election. The opinion of many was expressed in a comment written by a Senate member who has considerable responsibility in University affairs: "Just a note to let you know how much I admired the magnificent job you did as Chairman of the Senate and of B.&P. I regretted your decision not to be re-elected."

The Senate Articles provide in part: "It is the purpose of these Articles to provide the means by which the faculty may exercise its prerogatives and further the welfare of the University in consultation and cooperation with the President." (Emphasis supplied.) In practice, the Budget and Policy Committee, particularly its Chairman, does the consulting with the President. That officer, during Prof. Mason's tenure, was Robert Johns. Those whose memories run back more than two years know that the President of the University and the Chairman of the Faculty Senate were strong personalities. After President Johns had assumed the presidency of another college in another state, he wrote Prof. Mason a personal letter. I have permission to quote therefrom, and I use this sentence: "The distinguished leadership which you gave the faculty and the genuine help which you provided for me are without equal in my experience in this business."

#### II. State

The fashionable student objection to "multiversity," to being a cog in an academic machine, to identification cards and numbers, has been uttered thus: "I am a human being. Do not fold, spindle, or mutilate." The computers which are partly to blame for this sense of alienation have been assigned, most recently, the task of translation. One story has it that the first English-Russian test went like this. English text: "The spirit is

willing, but the flesh is weak." Russian translation: "The vodka is okay, but the meat has spoiled."

Buried near the end of that computerized prose in the law teacher Directory is this legend: "Chairman, Adv. Com. on Rules of Civ. Proc. to Mont. Sup. Ct. Jud. Dept. since 1960." How does that translate? It translates into hard creative work from April, 1959, to date. It translates into new rules of civil procedure for the courts of the state. It translates into new rules of appellate procedure before the Supreme Court of Montana. It translates into hours of seminars across the state to help lawyers to adjust to new rules. (Of course, it translates into service gratis.)

And all of these endeavors translate into professional recognition by fellow professionals. (The law school catalog begins with a quotation from Chief Justice Charles Evans Hughes: "The highest reward that can come to a lawyer is the esteem of his professional brethren." In June 1965, his professional brethren, the Montana Bar Association, presented to David R. Mason its Award "for outstanding contribution to the legal profession." The report of the selection committee covered two pages. I quote but one paragraph:

"If the award were to be given for lifetime services this year's recipient would still qualify. For more than thirty years, David R. Mason has devoted his energies and abilities to the development and education of outstanding members of the Montana Bar Association."

On June 23, 1965, the Honorable Mike Mansfield, Majority Leader of the United States Senate, addressed his colleagues. He called the attention of the Senators to the Award, and then said, in part: "David Mason is one of Montana's most respected and patriotic citizens, a man of great integrity and courage. The award is most deserving, and I wish to add my name to the long list of friends who are extending congratulations to David Mason at this time." (111 Cong. Rec. 14025)

In June, 1967, the Montana Bar Association again demonstrated its regard for Prof. Mason, emphasizing this time his academic accomplishments. Gathered at a luncheon in his honor were lawyers and judges from all across the state. Those who participated in the ceremonies following luncheon represented the bar, the bench, and the academy. J. C. Garlington, Esq., senior partner of a Missoula firm, and former faculty member, presided. Speaking in Prof. Mason's honor were The Honorable W. D. Murray, United States District Judge, The Honorable James T. Harrison, Chief Justice of the Supreme Court of Montana, and Kendrick Smith, Esq., longtime member of a Butte firm, former faculty member and member of the House of Delegates of the American Bar Association. Dean Robert E. Sullivan paid tribute to Prof. Mason's dedication to excellence in legal education.

There is on David Mason's desk at home a pen set presented at that luncheon. It bears this inscription: "Dr. David R. Mason, Dixon Professor of Law, commemorating forty years as a member of the law faculty of the University of Montana, and his incalculable contributions to the legal profession and the State of Montana."

### III. Nation

In 1960, President Eisenhower's Commission on National Goals reported: "In the eyes of posterity, the success of the United States as a civilized society will be largely judged by the creative activities of its citizens in art, architecture, literature, music, and the sciences."

In 1965, President Johnson transmitted to the Congress a proposal for a National Foundation on the Arts and the Humanities with this message: "This Congress will consider many programs which will leave an enduring mark on American life. But it may

well be that passage of this legislation, modest as it is, will help secure for this Congress a sure and honored place in the story of the advance of our civilization." H.R. 6050, which embodied the President's proposal, had fifty cosponsors from both sides of the aisle. House Report No. 618 stated that the proposal resulted from long-standing recognition of the serious imbalance which existed between Federal support of the sciences and of "humanistic research and studies."

On Sept. 29, 1965, the proposal became law. It contains Congressional declaration of purpose that, inter alia, "a high civilization . . . must give full value and support to . . . man's scholarly and cultural activity" and "that democracy demands wisdom and vision in its citizens . . ." The National Foundation acts through a Chairman who has the advice of the National Council on the Humanities composed of 26 members appointed by the President. The law requires: "Such members shall be selected on the basis of distinguished service and scholarship or creativity and in a manner which will provide a comprehensive representation of the views of scholars and professional practitioners in the humanities and of the public throughout the United States."

President Johnson appointed David R. Mason to the National Council on the Humanities. He served as one of two lawyers (both teachers) representing the humanistic discipline called "jurisprudence." The Chairman of the National Foundation is Barnaby C. Keeney, former president of Brown University. When, recently, it became necessary for Prof. Mason to resign from the Council, Chairman Keeney responded: "I very much regret your resignation from the National Council on the Humanities, not only because of my great liking for you, but because I think you have been a most valuable member . . . Thank you for your service. . . ."

### PROGRESSION

This appreciation began with reference to David Mason's expertise in constitutional law. It will close with another such reference; the most recent effort is just beginning. With a colleague, Prof. Mason has published in the Montana Law Review a complete and practical proposal to modernize Montana's judicial system. Like other of his pioneering efforts, this one has stirred protest. But it has wide and thoughtful support. The merits of the "blueprint" will be argued long, but the public service cannot be denied. Neither can what one editorial aptly called a concern for "the quality of justice."

The very nature of the proposal guarantees that David Mason will be involved in service to his state long past the date of his retirement from this faculty. It calls for a constitutional amendment, for redistricting, for changes in rules of court. In all of these areas, David Mason shines. So the progression must be from day-to-day demands of academia to larger periods of time for thinking and planning.

The Latin title was chosen partly in recognition of Prof. Mason's Harvard training, but he should not be misled by the "farewell" into thinking that our dependence upon his wisdom has ended. I know that he has already declined two offers to continue teaching elsewhere. This demonstrates his determination to really retire from daily demands; it also leaves open the opportunity to make use of his many talents. We will do so.

### Afterword

It was once written about another great law teacher, who had also been lawyer and writer, that he guided his life by these words from the Torah: "The day is short and the task is great. It is not incumbent upon thee to complete the whole work, but neither art thou free to neglect it."

David Mason has never neglected "the whole work;" he has completed enough for several men. He has been scholar, exemplar,

taskmaster, true professional, public servant, and good friend. I shall miss him.

" . . . Thank you for your service."

Mr. MANSFIELD. Mr. President, I suggest the absence of a quorum, with the time not charged to either side.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

### COMMITTEE MEETING DURING SENATE SESSION

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent that the Subcommittee on Improvement of Judicial Machinery of the Committee of the Judiciary be authorized to meet during the session of the Senate today.

The PRESIDING OFFICER. Without objection, it is so ordered.

### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. TOWER. Mr. President, I yield myself such time as is necessary.

The PRESIDING OFFICER. The Senator from Texas may proceed.

Mr. TOWER. Mr. President, under title VIII of the bill, the presently existing Federal National Mortgage Association—FNMA—would be divided into two separate instrumentalities. One of these would continue "secondary market" operations under the name of FNMA, and would be changed from Federal control to private ownership as contemplated by the 1954 FNMA Charter Act. The FNMA's "special assistance" and "management and liquidation" functions would be vested in a new federally owned corporation to be called the Government National Mortgage Association—GNMA—which will probably be known as "Jenniemae."

Section 806 of the bill would provide for an increase of \$500 million in "special assistance" authority to become available on July 1, 1969. My amendment would reduce this authority to \$250 million.

The new GNMA would use this authority, under the direction of the President, to continue purchases of mortgages underwritten by the Government which require special assistance.

Due to the lack of a market for section 221(d)(3) below-market interest-rate mortgages, this program has had to depend on the presently existing FNMA's purchase, and thus support, of these mortgages under this special assistance authority. It is expected that the new GNMA will use these additional funds for the same purpose.

I expressed my reservations concerning the 221(d)(3) program yesterday. I pointed out that this program's benefits

have gravitated toward middle-income families, not the lower-income families most in need of Government housing assistance.

Of course, the "special assistance" funds used to prop up this program come right out of the pockets of the American taxpayer. Thus, we have a situation where our country's great middle-income class is paying for part of the cost of housing certain of their financial equals.

This distorted concept in essence says that a man who is self-reliant and willing to house himself should not only pay his own rent, but he should be expected to pay part of the rent for a neighbor of similar financial means. Such a concept is insupportable in my estimation. Simply by referring to the family incomes eligible for the program's benefits, one can see how far afield the program has drifted.

In this same bill, there would be created a new program of Government assistance for sponsors of rental and cooperative housing for lower-income families. This new program is intended to replace the 221(d)(3) BMIR program. However, it will not be terminated if this new rental program is enacted into law.

We will, therefore, have two overlapping programs in existence at the same time. There always seems to be little inclination to end a program once it is enacted into law. It will remain to be seen whether the 221(d)(3) BMIR program is forced into retirement just because a new and paralleling program is created under this bill. I, for one, will believe it when I see it.

I certainly hope and urge that the new rental program's benefits are confined to families truly in need of assistance for decent housing. Since its income eligibility criteria is generally similar to that of 221(d)(3), this remains to be seen also.

There is authorization in the bill for \$300 million in spending authority for the implementation of the new rental subsidy program, over a 3-year period. This is intended to cover the rehabilitation and construction of about 700,000 units during this period of time.

However, the bill's \$500 million in additional special assistance authority for the continuation of the 221(d)(3) BMIR program is represented as necessary for a smooth changeover to the new program. I believe this is entirely too much spending authority for a program that is supposed to be on its way out.

Accordingly, my amendment would lower the special assistance figure from \$500 million to \$250 million. Since we are considering this bill's rental program as a new alternative to 221(d)(3), I feel that this lower spending figure would more accurately reflect that it is in fact intended to be an alternative.

Mr. President, in addition, in regard to sufficient leadtime, if it should be determined that we should restore some of the funds we are cutting, it could be done at a subsequent session of Congress without in any way impeding the operations under the section 221(d)(3) program.

Mr. SPARKMAN. Mr. President, I yield myself 5 minutes.

The PRESIDING OFFICER. The Senator from Alabama is recognized for 5 minutes.

Mr. SPARKMAN. Mr. President, I must admit that the Senator from Texas has correctly stated the situation.

We have a new program in the bill which is supposed to be, more or less, a substitute for the FHA section 221(d)(3) BMIR program. I refer to section 201 of the bill which establishes a new FHA section 236 rental housing program. But, in initiating any new program, there is always required considerable leadtime. We cannot begin a program all at once. We wrote in this \$500 million special assistance authorization for fiscal year 1970, in order to be sure that we would keep the section 221(d)(3) BMIR program moving until the section 236 program was properly funded and operating efficiently. That is the purpose of the \$500 million special assistance authorization.

Mr. TOWER. Certainly I agree that this must be done. Obviously, we cannot do it too rapidly.

Mr. SPARKMAN. I would be willing to accept the Senator's proposal with this understanding; namely, that we do, of course, want to continue the FHA section 221(d)(3) program and we want that program to have such funds, as may be necessary to continue until the new section 236 has taken over.

Mr. TOWER. I concur with the Senator from Alabama. It occurred to me that the \$250 million would be adequate for that purpose. If it appears that the leadtime is such that at next spring's session perhaps additional funds are needed, we could readdress ourselves to that problem.

Mr. SPARKMAN. With that understanding, I am glad to accept the Senator's amendment.

Mr. President, I yield back the remainder of my time.

Mr. TOWER. Mr. President, a parliamentary inquiry.

The PRESIDING OFFICER. The Senator from Texas will state it.

Mr. TOWER. The yeas and nays have not been ordered on this amendment; is that correct?

The PRESIDING OFFICER. They have not been.

Mr. TOWER. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. All time has now been yielded back on the amendment. The question is on agreeing to the amendment of the Senator from Texas.

The amendment (No. 828), was agreed to.

Mr. TOWER. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. Where is the time coming from?

Mr. TOWER. It is my understanding that there is no pending amendment at the moment—

The PRESIDING OFFICER. On the bill.

Mr. TOWER. Oh. We have got time on the bill. I ask unanimous consent that the time be charged to neither side.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Texas? The Chair hears none, and the clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. TOWER. Mr. President, I ask unanimous consent that the order for the quorum called be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### AMENDMENT NO. 827

Mr. TOWER. Mr. President, I send to the desk an amendment (No. 827) and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The LEGISLATIVE CLERK. On page 287, after line 18, insert the following:

(d) Section 105 of such Act is amended by adding at the end thereof the following new subsection:

"(e) The Secretary shall from time to time submit reports to the Congress setting forth detailed information with respect to comprehensive city demonstration programs approved by him. Such information shall include—

"(1) an identification of each city which has submitted an approved program, and the agency charged with the responsibility for developing the plans for such program;

"(2) the amount granted for planning and technical assistance to each such city under sections 104 and 106, the amount actually expended by such city for planning and developing an approved program, and an analysis of the manner in which such expenditures were incurred by such city;

"(3) a description of the objectives which each such city seeks to accomplish under an approved program and of the actions proposed to be taken in carrying out such program; and

"(4) the amount of financial assistance under this section and section 106 which each such city will require to carry out an approved program, and the manner in which such assistance is proposed to be expended.

No contract to make a grant shall be entered into with, and no grant shall be made to, any city demonstration agency under this section for the purpose of administering or carrying out an approved comprehensive city demonstration program until the expiration of 30 days after the date on which a report containing the information required by this subsection with respect to such program has been submitted to the Congress."

Mr. TOWER. Mr. President, the model cities program, authorized by the Demonstration Cities and Metropolitan Development Act of 1966, is the Federal Government's newest and most heralded entry in the urban spending sweepstakes.

Never before has so much advance spending authority been concentrated upon such an unknown and untried entity as is the case of model cities.

Our Nation's cities and communities are being asked to embrace this program as the total solution to their every problem. The Federal Government's influence is henceforth to be injected into practically every aspect of local concern by one single mechanism—housing, jobs, welfare, education, disease, crime, recreation, transportation. The program empowers the Federal Government to pass judgment on every local decision as the price for participation.

In addition to the multitude of Federal programs that are available if needed,

the model cities program now induces our cities to use Federal assistance to get Federal assistance. Our cities are being enticed by the strong and sweet smell of money without seeming limit, available just for the asking. And the waiting line is understandably growing longer every day.

The planning phase of the program is now underway. Some 75 cities have received planning grants, and it is expected that approximately 70 more cities will be approved for these grants in the near future. From among these cities will be selected those to receive supplementary grants for actual model cities demonstration programs. This bill would authorize \$12 million for additional planning grants for fiscal 1969 and \$1 million for fiscal 1970 for demonstration grants.

Thus, our attention is focused upon the funding of an unknown entity. It is a bundle of theories and ideas into which our cities are invited to reach to solve their every problem. It is to be presupposed that our localities are incapable of overcoming their significant problem areas at the local level, where the basic responsibility for solutions lies, without Federal assistance.

When he proposed the model cities program, the President said that "the success of each demonstration will depend on the quality of its planning." The Secretary of Housing and Urban Development has said that in deciding between the model cities applicants, "We will be searching for signals from the communities that they have looked long and hard at themselves, that they have discovered solutions that are not the same old stuff, and that they have the capacity for doing what they say they want to do."

I submit that this is about the only specific criteria that has been advanced by the proponents of this program to date, and ask whether it is not incumbent upon the Congress to itself also inquire into the quality of the proposed plans, and ourselves search for signals from the communities that they have looked long and hard at themselves before we are called upon to sign a blank check in urban experimentation.

It certainly is not unreasonable for the Congress to ask that it be shown what is contemplated by these proposed urban experiments. Only then should it fill in its signature on a check to demonstrate these plans within clearly defined guidelines and criteria. This is far more prudent than signing a check to be filled in as to amount later. And after all, this is the situation the Congress is in, for the ultimate costs of this program are unknown at this time.

We should not proceed in such haste that we refuse to recognize that only when full and detailed plans are available for close scrutiny can we make an objective and well thought out decision as to the merit and potential of the program. In my opinion, we would not be unsympathetic to the plight of many of our cities if we refused to buy unknown results on a sight-unseen basis.

How can we otherwise know with any certainty what the ultimate cost of this program will be if we do not require

some dollar and cents experience before unleashing the program upon our cities? Only then will we know if there is even the remotest chance that expenditures under this program can ever be afforded by our Government.

I feel that we must scrutinize closely those proposals that would promise an almost magical solution of our urban problems. I do not believe we can legislatively create a magic wand.

I stand ready to give favorable consideration to those proposals which can be shown to be realistic and workable.

But they must be framed within guidelines and criteria compatible with the economic facts of life confronting this country. They must show a recognition that local problems should be dealt with and controlled on a local basis to every degree possible.

I have heretofore said that we should plan now and pay later. We can continue planning while we proceed into a reasonably contained on-the-ground demonstration of some of the proposed model cities plans and utilize these initial projects as a foundation for future program activities after the program has demonstrated to our satisfaction whether it can deliver as promised. A good set of blueprints is the very least we should demand of the program. This would be both prudent and businesslike, and that is how we should approach this program.

Mr. President, I had contemplated introducing amendments considerably more sweeping in scope than the one I have sent to the desk, which simply cuts the funding in half. I believe this program is visionary and unproven, and that we should cut the funds to even less for planning grants. I think what we propose to do is, in effect, buy a pig in a poke with this program.

As I say, I had proposed to offer amendments more sweeping in scope, but I realize the facts of life. They are that, faced with concern over the cities, Members of this body would face with trepidation at this time doing something that might be deleterious to our efforts to resolve the problems of our urban areas. Therefore, I am simply offering to cut the funding in half, until we gain some experience before we allow such substantial funding.

Mr. SPARKMAN. Mr. President, I yield myself 5 minutes.

I rise in opposition to the amendment. The model cities program was enacted into law year before last, in 1966. It has gotten off to a very good start. Proper planning was required before any approval was given. Now it is moving right along. I do not believe we ought to do anything that might threaten the program, and I feel this amendment would do just that.

Therefore, I oppose the amendment, and hope it will be voted down.

Mr. TOWER. Mr. President, I am prepared to yield back the balance of my time.

Mr. SPARKMAN. Mr. President, I yield back the balance of my time.

The PRESIDING OFFICER. The question is on agreeing to the amendment of the Senator from Texas.

The amendment was rejected.

Mr. SPARKMAN. Mr. President, I move to reconsider the vote by which the amendment was rejected.

Mr. BYRD of West Virginia. Mr. President, I move to lay that motion on the table.

The motion to lay on the table was agreed to.

#### MODEL CITIES AUTHORIZATION

Mr. PASTORE. Mr. President, I wish to talk a little about a billion dollars. I have, as a member of the Appropriations Committee of the Senate, a great respect for a billion dollars we are going to ask the Government to spend—but I have also a great respect for the ideals of our Government and its duty to promote the dignity and decency of the housing for its citizens.

For the particular billion dollars I have in mind is the authorization for model cities contained in S. 3497 now before this Senate for consideration.

I would like to think about the billion dollars in its proper dimensions—divided into the programs it will activate—and I would like to review how we came to make the decision as to numbers—the number of dollars and the number of cities to benefit from our investment.

In other words, I feel that a little historical background will help us all to understand much better the billion dollar authorization we have in mind—an authorization that I strongly urge.

In 1966 when President Johnson first proposed the model cities program it was projected first, as a 5-year program; second, it was to involve 70 cities; and, third, it was to require \$2.3 billion.

Two significant changes in this proposal were made by the Congress: First, it authorized the program for 2 years rather than 5, but Congress approved the projected level of spending by authorizing \$400 and \$500 million for fiscal years 1968 and 1969 respectively; and, second, upon initiative of the Senate, provision was made for a second group of about 70 cities to participate.

The \$1 billion model cities authorization contained in S. 3497 is simply the cost of two groups or rounds of cities—and this for a single year.

A 2-year authorization had been requested by the administration. But the Banking and Currency Committee—just as it did with the original 5-year proposal—cut back the duration of the authorization. However, it did not affect the scope of the program.

This scope is the decision of the Congress and the Senate in particular. It is our decision to double the number of cities permitted to take part in the program. Surely we cannot have in mind to penalize either the first or second round of cities. Certainly, we must authorize the funding of the program at a level to match our sincerity.

The 1-year authorization provided for in this bill represents a cautious approach. By next year we can assess what the program is doing—what it has accomplished. We will have that experience before we authorize additional portions of the 5-year total.

Mr. President, the model cities program is already well underway. I am

informed that 75 cities which have been selected for planning grants are now in various stages of planning. They will complete their comprehensive model cities plans this summer, fall and winter. Upon successful completion of their plans they are immediately eligible for program grants to go into their first action-year. These grants to the 75 first-round cities for their first action-year will come from \$200 million already appropriated plus \$200 to \$300 million from fiscal year 1969 appropriations which have passed the House and are currently the subject of committee hearings in this body.

Now, in addition to this first round of 75 cities there are 164 cities which have made applications for inclusion in the second round. From these 164 applicants another 75 or so will be selected and announced sometime this summer. This second 75 will immediately go into planning and be ready for program grants next spring and summer. The balance of the fiscal year 1969 model cities appropriation will be used to get some of them started on their first action-year.

I have gone into this in much detail, Mr. President, in order to underscore one central point: When fiscal year 1970 arrives—the year to which this authorization applies—there will be 150 cities eligible for model cities program grants. A billion dollars sounds like a lot of money—and is—but divide it 150 ways and suddenly it appears meager beside the kinds of problems our cities are facing.

Keep in mind that the 150 cities in the program will include nearly every major city in the Nation. The Department of Housing and Urban Development has made a study of the first 63 cities selected for the program and has determined that their grant entitlement based on the statutory formula of a grant level of 80 percent of the non-Federal contribution totals over \$1 billion. Certainly by the time the base entitlement of 87 more cities is added to this total will be well over \$1½ billion. So there is no question but what the \$1 billion figure authorized in this bill is well within the statutory limit of the program.

There is no question of the need.

In the model neighborhoods of the 75 cities already selected for planning, there are over 3.5 million persons.

Nearly one-third of all the families have income of less than \$3,000 each year.

About 30 percent of model neighborhood families are in substandard housing now, and many more are living in deteriorating structures.

While the national average for unemployment is now about 3.5 percent, over 10 percent of the potential work force in model neighborhoods is unemployed.

And their situation is made more desperate by the fact that over 40 percent of all persons over 25 in these neighborhoods have less than an eighth grade education.

Now I am not contending, Mr. President, that \$1 billion distributed among 150 cities is going to cure all these conditions. But I do contend that this is a very important \$1 billion toward that end. This is money without which other

things will not happen and other funds will not be forthcoming. This money will serve as both cement and catalyst. This is the cement that will bind together the numerous parts of a complex comprehensive attack on urban ills. This is the cement that will fill in the gaps between existing categorical grant programs. This is the catalyst which will stimulate much larger amounts of Federal, State, local, and private funds.

The President has stated that model cities program funds will generate up to 10 times their value in funds to attack physical, social, economic, and educational conditions in the blighted neighborhoods of our towns and cities. Even that grand total is modest when compared with the seriousness of the problems, but it certainly places in proper perspective the absolute crucial need for this authorization.

It is time for us to honor the commitment which we made to the cities when we enacted the model cities legislation. It is time for the Senate to honor its commitment to that second group of 75 cities which will be additional participants in the program due to our insistence. These cities are watching us today. They have every right to expect us to respond in good faith.

Mr. President, I recommend that the Senate strongly resist all attempts to reduce the \$1 billion authorization for model cities program grants for fiscal year 1970.

#### THE BUREAU OF THE BUDGET ANALYSIS OF SECTION 204 OF THE DEMONSTRATION CITIES AND METROPOLITAN DEVELOPMENT ACT OF 1966

Mr. MUSKIE. Mr. President, section 204 of the Demonstration Cities and Metropolitan Development Act of 1966 provides that all applications for Federal assistance for certain physical development projects be accomplished by the comments of an areawide planning agency.

Since its enactment section 204 has been the subject of widespread controversy and criticism which led to the so-called Cramer amendment to the Independent Offices Appropriations Act last year. The Cramer amendment prohibited the Department of Housing and Urban Development from spending any money to implement section 204.

As a result of this amendment the Bureau of the Budget assumed responsibility for implementing section 204. On April 2, 1968, the Bureau issued an analysis of its experience with section 204. This analysis was developed from reports of the agencies administering programs covered by section 204 and reports of areawide agencies.

Mr. President, I commend the Bureau of the Budget for its effective and successful handling of section 204. I am encouraged to learn that this review process is stimulating rational and comprehensive areawide planning throughout the country. It is my hope that the Senate will act to delete the Cramer amendment this year and will insist on this position on conference.

I ask unanimous consent to have the Bureau of the Budget analysis, "Section 204: The First 6 Months" reprinted in the RECORD at this point in the hope

that it will counteract the misinformation which has been spread about the program.

There being no objection, the analysis was ordered to be printed in the RECORD, as follows:

#### SECTION 204—THE FIRST 6 MONTHS

##### 1. BACKGROUND

Section 204 of the Demonstration Cities and Metropolitan Development Act of 1966 provided that after June 30, 1967 all applications for Federal assistance to certain types of public works activities<sup>1</sup> in metropolitan areas would have to be accompanied by the comments of an areawide planning agency respecting the relationship of a proposed project to the comprehensively planned development of the area. Pursuant to Section 204, Bureau of the Budget Circular No. A-82, providing guidelines for the application of the requirement, was issued April 11, 1967.

The Circular assigned to the Department of Housing and Urban Development responsibility for general administrative oversight of the requirement. This involved identification of the areawide agency in each metropolitan area, making any modification or extensions to Standard Metropolitan Statistical Areas for the purposes of Section 204, and evaluating the application of the requirement. A rider on the HUD 1968 appropriations act (the so-called "Cramer amendment") prohibited HUD from spending administrative funds for such purposes. Consequently, the Bureau of the Budget assumed the oversight function and issued a revised Circular No. A-82 December 18, 1967.

In the revised Circular, agencies were asked to report on the volume of projects handled under 204, their disposition, problems encountered, and general evaluation. In sending out the revised Circular to the areawide agencies, the Bureau requested that they supply parallel information.

##### 2. AGENCY REPORTS

The volume of activity reported was highly variable among the eight agencies having programs covered by Section 204. This appears to have been for several reasons:

a. Appropriations for a great many of the covered programs were not enacted until late 1967. Therefore, there was, in many cases, a heavy run of applications before the effective date of Section 204 (July 1) with a slowdown until money again became available.

b. The Cramer amendment to the HUD appropriations bill, introduced in June, prior to the effective date of the requirement, sowed considerable confusion everywhere as to whether the requirement was, in fact, in effect.

c. For programs where review by comprehensive metropolitan planning agencies was already required by statute or administratively, the new requirement posed no problem. Apparently, for agencies without this experience, it has been a problem to get administratively geared up to it, a problem very much exacerbated by the confusion attendant upon the Cramer amendment. Agency field people in particular were under the impression that the effect of the Cramer amendment was to kill the Section 204 requirement.

Nevertheless, reports were received from six agencies covering some 22 programs for 1,342 projects. Partly because of reasons stated above and partly because of internal organizational changes, HEW is unable to supply information respecting its programs which were covered by the requirement. Insofar as it was possible to break down proj-

<sup>1</sup> Covered are: open space, hospitals, airports, water and sewer, waste disposal, highways, other transportation land and water conservation projects and related planning. Over 30 Federal grant and loan programs are covered in whole or in part.

ects by function, it appears that 30% were for water, sewer, or waste treatment facilities projects; 22% were for highway projects; 19% were for open space and recreation projects; 10% were for urban planning projects; 9% were for airport projects; 7% were for public works planning projects (some of which would be for projects of the types listed above) 13% were scattered among mass transit, land and water conservation and development, and public facility loan projects (some of which would include projects of the types listed above).

Broken down by agency—

HUD programs accounted for 47% of the 1342 projects reported;

DOT programs accounted for 31% of the 1342 projects reported;

Interior programs accounted for 17% of the 1342 projects reported;

USDA programs accounted for 4% of the 1342 projects reported.

The remaining one percent were distributed between EDA and DOD each of which has only one covered program.

Of this array of 1342 projects which were submitted to areawide agencies for review, only 47 were transmitted to the Federal agency bearing critical comments. The vast majority of critical comments, as might be expected, were made in connection with water and sewer (17) and highway (15) projects. Of these projects 33 were modified pursuant to the critical comments; only two applications were approved despite the criticism. Action on the remaining 12 was pending at the time reports were submitted.

### 3. FEDERAL AGENCY EXPERIENCE

The reaction of Federal agencies to the Section 204 requirements was that it presents no particular or major problem and, in many cases, is quite useful. The metropolitan planning agencies established only recently, in response to the requirement, are generally not at a point in developing a planning competence where their comments are more than perfunctory or superficial. At least, however, they have not occasioned delay or disruption of project development. Established areawide agencies that have a developed competence have been, according to Federal agency reports, positively useful and constructive in the quality of their comments. State agencies designated by Governors to perform review functions in areas where there were no areawide agencies appear not to have been able to comment constructively, as a general rule.

Such problems as were reported by Federal agencies centered about uncertainties as to the extent of coverage of the requirement—particularly as to what is a "project" within the meaning of Section 204. For instance, FAA reports that it was necessary to limit applications submitted for review to new airports, new runways or extensions to runways in order that projects having no external impact not be subjected to unnecessary redtape. FAA did not specify what was meant by the latter, but we may surmise that "projects" such as runway resurfacing, terminal rehabilitation, etc. might fall into this category.

The Bureau has noted that the regulations promulgated by agencies for such of their programs as are covered by Section 204 have frequently not clearly identified what kinds of projects are or are not covered. In the case of some programs, quite clearly whole classes of projects would not be covered. For instance, the HUD public facility loan program may provide assistance for nearly all of the type projects specified under 204: airports, hospitals, water and sewer facilities, etc. However, PFL loans may be made for court houses, fire stations, public markets and similar public works which are not subject to Section 204 review. In other programs, the problem is one of degree, as in the FAA example. It would be useful, then, if agencies would differentiate insofar as possible be-

tween activities which do or do not fall within the scope of the 204 requirement.

Several agencies noted that the 204 review process was facilitated and productive to the extent that applicants made contact and consulted with the areawide agency very early in the project planning or application preparation stage. Some areawide agencies have encouraged applicants to develop plans and programs covering series of projects. If the plans and programs are favorably reviewed, projects developed pursuant to them can then be "approved" (i.e., favorably reviewed) with little or no further study.

In sum, agency experience with the Section 204 requirement is mixed. At worst, however, it presents little problem; at best, it can prevent costly mistakes or suggest project improvements. There is still some confusion, but agencies familiar with the review process see substantial actual or potential benefits to program administration.

### 4. REPORTS OF AREAWIDE AGENCIES

As noted above, areawide agencies were requested to supply similar information on their experience with the Section 204 requirement. Of the approximately 200 areawide agencies covering the 231 (now 233) standards metropolitan statistical areas (SMSA's), 73 (covering 98 SMSA's) responded to the Bureau request. They reported receiving 1020 projects for review.

When it is realized that the 73 areawide agencies covered 9 of the 10 largest SMSA's and 18 of the 28 SMSA's with over 1,000,000 people, and included two-thirds of the metropolitan population of the country, it is apparent that implementation of the Section 204 requirement was even less thorough than indicated by the Federal agency reports. Of the 73 agencies: 7 reported that no applications had been submitted to them for review; 14 reported 1 or 2 applications; 8 reported 3 to 5; 18 reported 6 to 10; 11 reported 11 to 20; 3 reported 21 to 30; 12 reported over 30.

We can only speculate on the experience of the remaining areawide agencies (roughly 125 in number, covering about the same number of SMSA's). However, if the average number of applications submitted for review (of a total of 1020 reported) to those reporting was about 14, and Federal agencies report a total of 1342, this would leave the 100 odd agencies not reporting with an average of barely 2.5 projects submitted for review. Since such large metropolitan areas as Philadelphia, Cleveland, Houston, Cincinnati, Minneapolis-St. Paul, Atlanta, *et al.*, were among those not reporting we can assume a large number of these 125 had nothing to report.

The projects reported break down by function not too consistently with that reported by Federal agencies—of the 920 projects specified by function, 211 or 23% were water, sewer, or waste treatment projects; 241 or 26% were highway projects; 242 or 26% were open space or outdoor recreation projects; 126 or 14% were miscellaneous urban or public works planning facilities projects; 58 or 6% were airport projects.

The remaining 5% was distributed among hospital, mass transit, library, and land and water conservation projects. As reported, an agency breakdown is not possible.

### 5. AREAWIDE AGENCY EVALUATION

Generally, respondent areawide agencies reported that the Section 204 requirement has stimulated considerable interest in inter-local cooperation and has facilitated coordination of metropolitan planning. Agencies appear to have tried not to be obstructive and have often presented their review function as a service to applicants for Federal assistance. Of the 1020 applications reported as being submitted for review, only 38 were returned with critical comments. However, where pre-application consultation occurred, adjustments frequently were made by the prospective applicant, which averted adverse comment by the areawide agency.

That the requirement has stimulated metropolitan planning cannot be gainsaid. When HUD surveyed the field to identify qualified areawide agencies prior to the effective date of the requirement, they could discover no qualified agency in 62 SMSA's.<sup>2</sup> Today there are only 27 SMSA's in which there is no locally established areawide agency and areawide review is conducted by agencies (usually State planning agencies) designated by the Governors. In several other areas, establishment of an areawide agency is expected momentarily. The problem in 7 of the remaining areas is exacerbated because they lie in more than one State, making the creation of an areawide agency more complicated.

There are a number of areawide agencies (25) that do not cover the whole of an SMSA; and about the same number which include adjoining areas which are not part of the SMSA. Fourteen areas include more than one SMSA, the New York-New Jersey-Connecticut Tri-State area covering 10 SMSA's, the San Francisco Bay area 4, and the Los Angeles, Southeastern Wisconsin, and Cleveland areas 3 each. In total, 182 areawide agencies cover all or a part of 203 SMSA's.

### 6. PROBLEMS REPORTED BY AREAWIDE AGENCIES

Problems, actual and potential, cited variously by the areawide agencies fall under the following headings:

#### (a) Costs of review

Except for some of the larger areas, this has been more a potential than an actual problem. However, to do a competent review of a complicated project may take several man-days. At present, the HUD 701 program recognizes this as a legitimate cost of comprehensive planning and provides a pro-rata share of that cost. As volume increases, there will be a growing demand on 701 funds. Perhaps other broadly gauged planning assistance programs (BPR comprehensive urban transportation planning, PHS comprehensive areawide health planning) could adopt a policy similar to HUD's, covering their appropriate areas of concern, to relieve some of the drain on 701.

#### (b) Awareness of requirement

While many areawide agencies try hard to publicize the requirement, not all Federal agencies have been active in creating awareness of it among their clienteles or, in fact, in assuring its implementation. An associated shortcoming is lack of clarity in various Federal agency procedures as to what needs to be submitted—i.e., what types of projects and appropriate data and information. This causes delays in review as areawide agencies seek further necessary information.

#### (c) Timing

Ideally—and there are few obstacles in the way of achieving this ideal—an applicant should consult with the areawide agency at an early stage in project planning, so that by the time the application is ready for submission to the Federal agency, areawide agency review is, in effect, a *fait accompli*. However, when the areawide agency is presented with a fully prepared application on a project about which it has no foreknowledge, the applicant—and often the Federal agency—has a deep commitment and will resist suggestions, however well reasoned and constructive, that involve making changes in the project.

#### (d) Feedback

The areawide agency, once having made its comments, frequently has no way of knowing what action has been taken by the Federal agency on the project. However, since a project having been noted as having a regional significance will affect the status of regional planning and development, it is important that the areawide agency be promptly ap-

<sup>2</sup> Excluding Puerto Rico's 3 SMSA's. All planning in Puerto Rico is carried on by a single planning agency.

prised of the disposition of the application—particularly when its comments have suggested modifications in the proposed project. Some HUD regional offices have developed procedures for keeping the areawide agencies so informed, but this does not appear to be a general practice.

(e) *Planning progress*

A number of areawide agencies ascribed a major problem to their own lack of capability for adequately evaluating proposed projects. This is generally the case where the agency and/or its planning program is relatively new and undeveloped. However, this is a problem that will be corrected over time, given availability of planning assistance funds.

7. OTHER PROBLEMS

A problem that may become increasingly evident—at least in some program areas—has to do with the geographic size of the area covered. In some western areas the SMSA includes vast areas well beyond the reach of foreseeable urbanization around the metropolitan center. Because Section 204 is aimed basically at trying to secure orderly growth and development around the metropolitan center, it has been suggested to areawide agencies that they might want to delimit the area within which they will review projects to that encompassing the projected “foreseeable” (20 year) growth. This would permit them to husband their own review resources and save substantial redtape for Federal and State agencies. The inclination of the areawide agencies has been to reject the suggestion. However, recognizing the problem, some at least have proposed that either proposed systems or annual programs be reviewed rather than individual projects. In this way, an applicant would need only notify the areawide agency that a project which was part of an approved system or program was being undertaken. This appears to provide a partial solution.

Nevertheless, the tendency of many areawide agencies is to increase their geographic scope of coverage. While the Bureau has not permitted Section 204 to be used to blackjack jurisdictions outside of SMSA's to become members of areawide agencies, generally it has agreed to broaden the definition of a metropolitan area to include jurisdictions who are or wish to become members and who are willing to have their projects reviewed under Section 204. This extension, however, presents problems—so far only apparent in connection with highways—where a program involves numerous small projects outside of the urbanizing area.

Finally, with the increasing regionalization of States by Governors for planning and administrative purposes, we may expect to find SMSA's encompassed within larger State regions. At this point Bureau Circular No. A-82 may find itself in an awkward confrontation with Bureau Circular No. A-80 which provides that planning and development areas designated under Federal programs be coterminous, unless there is very good reason otherwise, with State established areas.

In a related problem area, there was some negative reaction from areawide agencies when certain planning assistance programs were dropped from coverage under the revised Circular No. A-82. These were rather broad planning programs, generally not leading—at least directly—to the construction of specific public works projects. It was pointed out that it was applications for planning assistance, not plans, that were being reviewed and, as such, offered little, if anything, of substantive relevance to the purposes of Section 204 upon which comment might be made. Attention of areawide agencies has been directed to Bureau Circular No. A-80 which is directly concerned with coordination of planning processes and activities—as opposed A-82 and Section 204 that

are concerned basically with the coordination of specific public works projects with areawide development planning. A-80 represents a useful adjunct to A-82, but the Federal agencies need to be pushed to issue procedures to implement it for a broader range of programs than are now covered in agency program procedures.

8. SUMMARY AND RECOMMENDATIONS

Generally speaking, the Section 204 requirement has been implemented with fewer problems than might have been expected, considering (1) the limited time between the passage of the Demonstration Cities and Metropolitan Development Act of 1966 (11/3/66) and the effective date (7/1/67); (2) the confusion caused by the “Cramer amendment”; (3) the unfamiliarity of the metropolitan review process; (4) the large number of SMSA's with no areawide agency. Some Federal programs are now only getting geared up to implement the requirement, and for some few metropolitan areas, implementation by the areawide agency is nominal at best. Yet the requirement now has become widely known and, by and large, accepted as a fact of life in most metropolitan areas, and 1968 should see its further institutionalization.

The following recommendations will help to speed and regularize this process:

(a) Federal agencies should examine closely those programs covered by Section 204 and identify as closely as possible.

(1) Classes of projects which are and are not covered (e.g., public works under the HUD PFL program or Title II of the EDA basic legislation may or may not fall under the classifications listed under Section 204(a)); and

(2) under classes of projects, types of projects which should or should not be required to be reviewed. (These might include research and technical studies, training, data-gathering, and other projects which do not involve actual construction. Or, where construction is involved, those component projects of a covered public works project which do not affect the regional impact of the facility—engineering or design details, materials specifications, repair and maintenance projects—should not have to come under review.)

(b) Federal agencies should publicize the Section 204 requirement among their clienteles.

(c) Federal agencies should urge their clienteles whose applications will be reviewed under Section 204 to consult with areawide agencies as early as possible in the project planning and application preparation process.

(d) Federal agencies should develop procedures for informing areawide agencies of actions taken on applications pursuant to areawide agency review—particularly on projects on which the areawide agency has commented adversely or suggested modifications.

(e) Areawide agencies should develop procedures—

(1) for pre-identifying projects which because of distance from or geographic relationship to the urbanizing metropolitan center are likely to have little, if any, impact on orderly urban development, and

(2) for expediting review of projects within the urban area which because of scale, location, or type have little or no regional significance. With respect to projects outside of the urbanizing area significant geographic relationships may be variable. For instance, major waste disposal facilities at considerable distance from the urbanizing area may be critical for the orderly development of that area; rural or small town water supply projects at the same distance may not. Procedures for notification of projects outside of certain perimeters with option to call for review of such projects where potential impact may be suspected might serve to lighten the burden of review on areawide agency and applicants alike.

STATUS OF AREAWIDE PLANNING AGENCIES UNDER SECTION 204 OF THE DEMONSTRATION CITIES AND METROPOLITAN DEVELOPMENT ACT OF 1966, APRIL 15, 1968

Excluding the three metropolitan areas of Puerto Rico for which planning is done by the Puerto Rico Planning Board which does all planning for the island:

There are 230 SMSA's, 26 of which extend into two States and 4 of which extend into three.

There are 202 metropolitan areas for which reviews are made under Section 204 of which 36 cover less than a SMSA; 152 cover at least one but less than two SMSA's; 9 cover at least two but less than three SMSA's; 3 cover at least three but less than four SMSA's; 1 covers 4 SMSA's (Los Angeles Areas; and 1 covers 10 SMSA's (New York Tri-State Area). 9 of these areas extend into two States and 7 into three States.

There are 206 areawide agencies, 11 of which extend into two States and 5 of which extend into three.

27 SMSA's, lying wholly or in part in 19 States, have no locally established areawide agencies and Section 204 review is performed by agencies designated by the Governor (or Governors) of the States (or States) in which they lie. Of these 5 are two-State areas and 2 are three-State areas.

PORTLAND, MAINE, ADMINISTRATOR VIEWS MODEL CITIES

Mr. MUSKIE. Mr. President, earlier this year Robert F. Hawkins, administrator of the Portland, Maine, model cities program, delivered a fine speech before the Institute on Changing Concepts in Social Welfare at the University of Maine. Entitled: “Model Cities: An Overview and Some Issues,” this speech highlights the issues and innovations of the model cities program from the local point of view.

Because Mr. Hawkins presents an unusually comprehensive review of the model cities program, which has relevance beyond Portland, I ask unanimous consent to have his speech reprinted in the RECORD at this point.

There being no objection, the speech was ordered to be printed in the RECORD, as follows:

MODEL CITIES: AN OVERVIEW AND SOME ISSUES  
(Address by Robert R. Hawkins, Model Cities Program Administrator, Institute on Changing Concepts in Social Welfare, University of Maine in Portland, Luther Bonney Hall, February 17, 1968, Sponsored by Child and Family Services, United Community Services, University of Maine in Portland, Diocesan Bureau of Human Relations Services, State of Maine, Department of Health and Welfare)

Ladies and Gentlemen: Let me say, first of all, that in looking towards the Model Cities Program and the task we have ahead of us, I am very grateful to the sponsors of this Institute and to its Planning Committee for their agreeing to use Model Cities as a point of discussion in talking about changing concepts of social welfare. This dialogue is very important to our work in Portland, Maine.

Let me say secondly that I can't stand here before you today and tell you what Model Cities is going to do for Portland, Maine, how it's going to succeed or even if it will succeed; but I can share Professor Steinman's remark before lunch, that we have a great deal to hope for in the Model Cities Program. I base my hope on what I see happening in the Model Cities Program; how I see in it a *changed way of doing business*—trying to learn from past mistakes in urban programs.

Now let me take some time to give you a feeling for the Model Cities Program in concept and some of these changes which underlie its approach to the problems in Port-

land, Maine and in other cities in the United States. I would talk first of all about the *changes in program strategy* or program approach. I think the first and most important one is the fact that in Model Cities we are going to try to achieve a *systematic consideration of all of the conditions* affecting the people of our model neighborhood, we are calling Portland West. We are going to use the systems analysis techniques and type of thinking that have been developed in recent years in private industry. Each of you received with the announcement of this Institute a flow chart that the Arthur D. Little Co. prepared. That flow chart depicted the system which exists in our slum neighborhoods including Portland West. If we're going to do something about changing that system we've got to develop an equally systematic approach.

This approach is significantly in contrast with previous programs which have been federally aided and which have approached individual problems and worked on a project basis with separate administration and separate funding. We found that these did not succeed. You can't isolate a single problem, attack it, and go away thinking that you've done your job. We're finding with such popular programs as Head Start and with such relatively large programs as Public Housing that the individual good which each program might have achieved is quickly overcome and overwhelmed by the other environmental conditions in our problem neighborhoods.

I think the other thing we realize when we look at all of these conditions as a system is that it is a very stable type of problem. A problem which isn't going to go away if we ignore it. I think that is one of the reasons why the Model Cities Program was developed. Now let me take one minute to list for you the problems we have identified in Portland West. They are really quite obvious and the listing is not terribly innovative. These are what we found in our application to the federal government last spring:

First, *insufficient and inadequate housing*. We indicated, for instance, that the housing supply in Portland West has been dwindling for the past twenty years and that even so, today 27% of the occupied housing is substandard.

The second problem identified was *low family and personal income*. We noted, for instance, that 18% of the people in the city of Portland live in poverty by the Office of Economic Opportunity standards and this is caused in many ways by problems of inadequate support, problems of inadequate employment or underemployment.

We identify thirdly, the problem of *insufficient educational opportunities*. We noted that 16.3% of the adults of Portland West have less than an eighth grade education.

We noted that there is a *limited scope of health services* as our fourth major problem. Two of the statistics were that the tuberculosis rate and the infant mortality rate were twice the city average.

And the fifth general problem we identified was the *limited scope of general social services* in our neighborhood resulting in many problems but one in particular was the 1000 juvenile crimes committed in our city each year.

Well those are the broad labels we have put on the problem categories and we could spend an entire day discussing the scope of the problems and the many interrelationships between the failures of different parts of that system. But the important point is that we are looking at all of these at one time in a coordinated, coherent, systematic way and that's very unique about Model Cities.

The second change in our program approach is that to achieve such an ambitious goal as approaching all of these problems at once, we've obviously got to *mobilize all*

*resources* imaginable. This is not just a City of Portland program—though we will be formally in control. It is not just a federally aided program. We are going to require federal monies from all of its departments. We are also going to require state assistance from existing programs and perhaps new state resources. But especially we are going to need the so-called private resources—which agencies such as those represented here today control, both voluntary agencies and private profit agencies such as private industry. And these are going to have to be mobilized and combined in an intelligent way which still respects the autonomy of the individual agency. We are going to have put these resources together not just in one big jug but we're going to have to talk about management, about systems for controlling our output, about developing a team spirit, about developing intercommunication between our different team partners.

Model Cities then has to mean a systematic consideration of all conditions in the neighborhood and secondly a systematic application of all resources we can muster. Now, a resource which we treat separately as a third and final unique part of our program strategy, is significant *involvement of individual citizens* in our neighborhood. While the Portland City Council is going to have the final and formal control of the activities of line departments and the allocation of Model Cities money, meaningful opportunities will be developed for the residents of the neighborhood to influence that program which could significantly affect their daily lives. We are now designing and grappling with new techniques and new ways of achieving that goal and making that a firm reality in our program. Not just because these programs could affect the people, but because the people control significant resources. They have the knowledge of the problem, the perspective and emotional view of the problems and the resources which they control which they can put into themselves, into their own properties, into their own neighborhoods and finally the moral support which they can give to our efforts.

I see, then, three significant ways in which Model Cities represents a change in program approach: Consideration of all of the conditions, mobilization of all of the resources, and the significant involvement of the citizens of the United States.

Now in addition to the program approach, there are some other very important ways in which Model Cities represents a change and one of these is the change in federal-local relationships. We have heard a lot about creative federalism but I think Model Cities is the first concrete example of what that might mean in practice. It means, for instance, first of all that we will have in fact local determination, of the program elements. Mr. Goldman, last night at the UCS dinner, said that the federal government has thrown down a challenge to local government, to innovate, to design, to adapt the resources available to the unique and peculiar problems and values of Portland, Maine. And this is a very significant change in Model Cities—whether we can meet that challenge.

The second change in our federal-local relationships concerns the review process by which we request funds from the federal government. Not only have they agreed to try to cut red tape and speed up the process but more importantly it will not be a question of us in Portland, Maine working with their guidelines—their written instructions—trying to figure out what the devil they meant and trying to put together a thick document which we can mail out to Washington, which will get ignored for several weeks and then we'll get a yes—no—maybe decision on it. Instead, now when we have a problem and or we think there is a federal program which applies to that prob-

lem, we call the administering federal agency and they will come here or work with us over the telephone in designing and adapting the federal legislation to the problems of Portland. So when the application is finally submitted we will know what their reaction to it is and will be able to move much more quickly. Now this is not the federal government telling us how to run our program but this is federal technical assistance on a professional level helping us to design a better program, helping us to innovate in our approach to the problems of Portland, Maine.

And finally the changes in the federal-local relationship are in the area of financing, in the amount of money which the federal government is going to provide. Because through Model Cities, the federal government is committed to a recognition of the financial limitations of the cities in this country and towards coming up with some real money to make the program succeed. Model Cities is going to involve a great deal of coordination and team work and systems approach but its got to represent some more money too.

Changes then are part of Model Cities, not only on program approach, not only in our federal-local relationships, but it should mean changes here in Portland, Maine in our Model Neighborhood. If we succeed we are going to see changes physically. We are going to see much more important changes though with the people in the neighborhood: in their skills and their outlook and what they achieve for themselves and the extent to which they attain the personal goals they set for themselves and for their families.

And it should be change on a larger scale and a faster rate than we have seen before. Another important part of Model Cities then is not to repeat the mistakes of previous federally aided programs which have dragged on far too long. Our timetable calls for us to complete our planning, to design our basic approach between now and October 30 of this year. And then from there we'll have five short years to get the job substantially completed, to make a substantial impact.

Now, I think it's fair to say that where that change is going to be rapid or dramatic in our neighborhood (and I think that there is need for rapid and dramatic change) it's going to tear at the neighborhood, it's going to tear at the people in the neighborhood, and it's going to be painful and upsetting. But I think it is also true that where that change is slow, where programs are delayed, where resources are inadequate, that change is going to be *too slow* and it's going to be frustrating. That frustration is going to be a very powerful force. This question was discussed this morning of what happens when expectations exceed the pace of progress. I think we're going to see that happen in Portland too. Because no matter how we change it's going to be too fast for some and it's going to be too slow for others. May I say, we may have a peaceful revolution here in Model Cities; but I certainly don't think it's going to be a painless revolution.

In summary, then, these are the essential things I can see in the concept of Model Cities, the changes in our program approach, the changes in our relationship with the federal government, and the immediate impact these changes are going to mean in our cities. Now, all of these changes in turn are going to require that we acquire or develop new techniques of operating, new vocabularies for discussing, and new concepts for decision making. Especially new concepts in the area of social welfare programs, society's responsibilities to individuals, and individual social duties. This is really the theme of our meeting today. Let me, therefore, outline some of the unresolved areas, some of the specific issues I see ahead of us here in Portland, Maine.

1. I think first of all of the question "Where are we going with Model Cities?" We

talk about creating Model Neighborhoods. And when we talk about it we talk about what's wrong with that neighborhood now. But do we really know what is right? Do we really know where we are going? I suggest that essentially we do not. I think the first issue to ask is "Should we proceed without knowing, really, where we are going?" How can we proceed intelligently, or logically without knowing where we are headed? On the other hand, how can we afford to wait? How can we afford to procrastinate, to engage in academic discussion of where we're going when the problem is so urgent? I think that is the first kind of issue we have got to resolve in our mind very quickly in the weeks ahead.

2. But then come back to the question, where do we seem to be headed? What kind of goals are implied when we talk about a model neighborhood? I think that's an issue we've got to keep before us and talk about some more. I noted this morning some thoughts were expressed about the dignity of individuals, about opportunities for personal development for individuals. I thought we talked this morning about guaranteeing some kind of minimums for human existence, minimums in terms of incomes, health and education and housing, etc. I think we talked this morning about something called competency to manage one's own affairs. I think all of these have something to do with that concept of where are we going, what is a model neighborhood. But I think a lot has to be done here to round out this issue.

3. The third issue I see and I did not see it discussed this morning was the question of our growing interdependence upon one another. What with instant communications, rapid transportation and massive popular discussion through mass media, the opportunities for getting in each others way are increasing significantly all the time. I think this growing social and economic interdependence of individuals is having powerful impact on our concepts of social welfare and will have powerful impact on how we design our Model Cities Program here in Portland. We need to do a lot of work coming up with new concepts to answer this issue.

We need to talk about how we measure interdependence and the units we use to express our concepts. How do we evaluate it? I can only think of two ways to get at that—one is this concept of urbanization, we use so glibly. I think we should explore what that means, really. Another example is our crime rate and how our present concepts of social deviance lead us to moan about how the crime rate is constantly increasing. But we always express the rate in terms of crimes per hundred thousand persons or something similar. I think we've got to think about what's happening to our crime rate in terms of units of social interaction, if you will, units of increasing interdependence. I don't know the answer, I raise that example as an illustration of how we should bring this interdependence into our thinking. I think also we should question how our tolerance of social deviance is based on the amount of social interaction as we become a more closely packed society.

4. Another, I think separate, issue but related to this question of interdependence, is how our changing society is effecting our individual autonomy as persons and as corporations. When we say this morning that a possible social goal is an ability to manage one's own affairs, how close does that come to the questions of controlling one's own destiny; making personal decisions about what one wants to achieve? How is this related to the increasing interdependence we face?

In the area of private property rights, for example, what does the increasing interdependence mean? What is the impact on these property rights which are being constantly and increasingly infringed upon? What will be the effect on our profit system of motiva-

tion and our concepts of the competitive models with this increasing interdependence and on our emerging concepts of social welfare which I think conflict in many ways with that competitive model. How's our increasing interdependence going to affect the so-called private organizations in terms of how they deliver public spirited services? I am thinking here again of the United Fund Agencies represented here and the other voluntary agencies. How is this loss of individual autonomy going to effect the welfare of public service employees—from government employees like garbage collectors, so much in the news, to other public service employees like private medical physicians? What concept of social welfare do we need to develop to express these effects of interdependence and our reaction to them as they relate to Portland, Maine and our Portland Model Cities Program?

5. I think another separate issue which is very much in our thinking is the countervailing emphasis on individual rights and private rights and privacy. And I think that's a laudable increase in emphasis. But what do individual rights mean in terms of opportunities for another person? And how is our system of adjudicating between competing rights going to adjust to the changes in our society and our changing concept of social welfare?

6. And then, I would identify another issue which I think we are going to have to face in Model Cities on a different level: How all of these other issues and other emerging concepts are going to come about. What is the process of debate and discussion and decision-making going to be like? Where has our changing society left the individual person and his individual concepts, his individual opinions, his individual values on social welfare? We in the Model Cities Program are trying to devise mechanisms for just such kind of citizen participation, of citizen involvement in the discussion of what is a model neighborhood, of what are our new concepts of social welfare. And I think this is an issue all by itself, on a separate plane.

We talked this morning about the federal congress and what strange forces resulted in a Social Security Amendment we dislike. We talked today about the absence of the City Council here today and what puts them in that position. I think the decision-making process then is a very important and very separate issue we should face in Model Cities.

7. And then, finally, given that we have some mechanism for involving our present adult citizens in the discussion of these changing concepts, how effectively will our educational system pass on these changes in concepts to our children? We talk in Model Cities about innovating and building a new community school system. How are we going to train the children in this school system—not only to develop concepts to deal with the world around them today, but especially a world in which the only constant appears to be change itself.

That, then, is my overview of the Model Cities Program in terms of the very significant changes in program approach and way of doing things which it presents and the hope it holds out for us because it's going to do things differently. And those are the issues which I see when I think about the Model Cities Program.

Now in most of the sixty-three Model Cities that have been selected by the Federal Government I am certain we are going to see really exciting positive effects of changing concepts of social welfare. I think we in this room face the challenge. Will Portland be one of those successful cities? Will those programs be uniquely adapted to the needs and personal values and concepts of the people of our model neighborhood? The answer, I believe, will be Yes only if a meaningful discussion of these issues begins

here today in the panel discussions we are about to go into and continues and is carried on throughout our community in the months ahead.

The PRESIDING OFFICER. The bill is open to further amendment.

Mr. TOWER. Mr. President, I ask unanimous consent that I may suggest the absence of a quorum without the time being charged to either side.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. TOWER. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. TOWER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### ORDER OF BUSINESS

Mr. TOWER. Mr. President, I ask unanimous consent that the floor may be yielded to the Senator from Virginia [Mr. BYRD], and that the time consumed by his remarks be charged to neither side.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BYRD of West Virginia. Mr. President, will the Senator from Virginia yield?

Mr. BYRD of Virginia. I yield to the Senator from West Virginia.

Mr. BYRD of West Virginia. Will the Senator indicate how much time he wishes to use?

Mr. BYRD of Virginia. Ten minutes; but I do not expect to take that long.

Mr. BYRD of West Virginia. Mr. President, I ask unanimous consent, if the Senator from Virginia is agreeable, that his time be limited not to exceed 10 minutes.

The PRESIDING OFFICER. Is there objection? Without objection, it is so ordered.

Mr. BYRD of Virginia. Mr. President, during the colloquy yesterday between the Senator from Florida [Mr. HOLLAND] and the Senator from Alabama [Mr. SPARKMAN], I had been called out of the Chamber for a telephone call when that discussion took place. But I note in the RECORD this morning that in replying to a query of the Senator from Florida in regard to new towns and new communities which have grown up in the Washington metropolitan area, the Senator from Alabama noted that he knew of only two such communities in this area, one being Columbia in Maryland the other Reston in Virginia.

Mr. President, those are two fine new communities which are being developed.

I merely wish to correct the RECORD, Mr. President, to this extent: that the largest of such communities in the Washington metropolitan area was not mentioned in the discussion yesterday, and I think it is well to have the RECORD show that Sterling Park, in Loudoun County, is the largest of all of the new communities in the Washington area.

Sterling Park now has 6,100 inhabitants. It is proposed that when all the land is utilized, in a few years, it will be a

community of 25,000; but even now, it is the largest of all these new cities or new communities in the area immediately adjacent to Washington.

I visited Sterling Park last Saturday, and participated in the dedication of a new community building there. The residents of that community are very fine people. They have developed a splendid community spirit. They have taken an active part in the affairs of Loudoun County.

Loudoun County, incidentally, is adjacent to Fairfax County, and is a rapidly growing area of our State.

Loudoun County goes to the top of Blue Ridge Mountain, where it joins with Clarke County on the west.

I notice that the Presiding Officer of the Senate today is the distinguished Senator from North Dakota (Mr. BURDICK in the chair). I know that he has property on Blue Ridge Mountain, and we are very proud that he does have a parcel of land in the State of Virginia. His land may be in Loudoun County, although quite possibly it could be in Clarke, because the dividing line is at the top of the mountain.

I merely wanted to say these few words, Mr. President, to make the RECORD clear, that more than two large new self-contained communities have been established, one being Columbia in Maryland, another being Reston, and a third being Sterling Park.

Mr. SPARKMAN. Mr. President, will the Senator yield?

Mr. BYRD of Virginia. I yield to the Senator from Alabama.

Mr. SPARKMAN. I am very glad that the Senator has brought this matter forward for the RECORD. He will note that I stated that I knew of only the two, one at Reston and one at Columbia. I am very glad to know about Sterling Park. I certainly was not intending to neglect it or slight it.

I was trying to argue the point that two communities were now a reality, and that they did need help, in the form of a supplementary grant, as provided in this bill, to aid in developing water and sewer systems.

Mr. BYRD of Virginia. I know that the Senator from Alabama did not intend to slight Sterling Park. That is why I invited his attention to it, because I know of his keen interest in all such communities and all such projects as this, and I wanted to invite his attention and the attention of the Senate to the fact that Sterling Park, now with 6,100 residents, is the largest of such communities in this area.

Mr. President, I suggest the absence of a quorum, and ask unanimous consent that the time not be charged to either side.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. TOWER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Who yields time? The Senator from Delaware is recognized.

#### DECREASE IN NUMBER OF VISITORS TO SENATE GALLERIES

Mr. BYRD of West Virginia. Mr. President, will the Senator yield me 30 seconds?

Mr. WILLIAMS of Delaware. Mr. President, I yield to the Senator from West Virginia.

Mr. BYRD of West Virginia. Mr. President, I call attention to the fact that there are only 43 visitors in the Visitors Galleries on this day in May at 10:55 in the morning.

I make this observation inasmuch as there is considerable discussion as to whether there is real fear in the city and as to the effect on visitors of the recent disturbances, rising crime, and the presence of demonstrators.

I thank the Senator for yielding.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. WILLIAMS of Delaware. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The assistant legislative clerk read as follows:

On page 83, after line 3, insert the following:

##### "LIMITATION ON PAYMENT OF INSURANCE BENEFITS

"SEC. 318. (a) Title V of the National Housing Act is amended by adding at the end thereof a new section as follows:

##### "LIMITATION ON PAYMENT OF INSURANCE BENEFITS

"SEC. 524. Notwithstanding any other provision of this Act, the amount paid by the Secretary on any insurance claim for the principal amount owing on any mortgage which is insured under this Act shall not exceed an amount equal to such principal amount, less any charges or discounts imposed, under a points or related system, upon the seller of the property securing such mortgage, or upon the mortgagor under such mortgage, or both, in connection with the financing of such mortgage."

"(b) The amendment made by this section shall not apply to any mortgage (1) insured under the National Housing Act prior to the date of enactment of the Housing and Urban Development Act of 1968, or (2) with respect to which a commitment to insure was entered into pursuant to such Act prior to such date."

Mr. WILLIAMS of Delaware. Mr. President, I yield myself 5 minutes.

The PRESIDING OFFICER. The Senator from Delaware is recognized for 5 minutes.

Mr. WILLIAMS of Delaware. Mr. President, the purpose of the pending amendment is very simple. It merely provides that under the insurance program, when an FHA mortgage is in default the mortgage holder can collect under this insurance only the amount which he actually paid for the mortgage. For example, if it is a \$10,000 mortgage on a home, and the mortgage was bought by that insurance company or banker for \$9,000, when the mortgage defaults the

holder can collect only the \$9,000. He cannot collect the extra so-called points from the U.S. Government.

I ask unanimous consent that an explanation of the amendment as prepared by Mr. John M. Reynolds, senior counsel of the Office of Legislative Counsel, be printed at this point.

There being no objection, the explanation was ordered to be printed in the RECORD, as follows:

The attached amendment is designed to prohibit the making of F.H.A. mortgage insurance payments to cover any portion of the principal amount of a mortgage attributable to a point or similar system or discount, thus limiting the amount payable to the holder of a defaulted mortgage to the amount he actually invested in acquiring the mortgage. It is intended to cover any discount obtained by the mortgagee whether from the purchaser or seller, or both, and whether it is obtained through the requirement of points or similar charges.

The amendment would apply only to future insurance undertakings and would not affect mortgage insurance already in force.

Respectfully,

JOHN M. REYNOLDS,  
Senior Counsel, Office of Legislative Counsel.

Mr. WILLIAMS of Delaware. Without this amendment, we have the ridiculous situation in which the mortgage companies actually make more money on the poor credit risks than they make on their good credit risks. For example, suppose a man finances a mortgage on his home for 40 years at a rate of, let us say, 6¾ percent; they discount the mortgage by 10 points, which means that the 10 points is amortized over 40 years. This gives the mortgage company, in effect, an extra ¼ percent when it is so amortized over the period of 40 years.

That is on the basis of a good credit risk.

Now, suppose that man defaults at the end of 20 years. It means that the lender can amortize the 10 points over a period of 20 years. It gives the mortgage company an extra one-half point, or 7¼ percent interest rather than the 6¾ percent.

On the other hand, suppose he is a poorer credit risk, and he defaults at the end of 5 years; it means that the mortgage company can collect the full amount and he only has to amortize the 10 points over 5 years, which gives him a gain of an extra 2 percent per year. If the mortgage company is very "lucky"—and I use that word in quotes—and gets a very poor credit risk, one who will default within a 12-month period, then it collects 16¾-percent interest on the mortgage, because it collects 6¾-percent interest under the present law plus the full 10 points.

Thus, we have a situation today in which a good credit risk has difficulty in placing a mortgage on his home, but a poor credit risk can place his mortgage because there is an excellent chance that he will default. Almost all the companies are glad to get it, because they can see a quick profit.

To me, it is ridiculous that we insure these points. If a home costs, say, \$30,000 to build, and you buy it for \$20,000, you cannot collect fire insurance on that home in excess of that amount. The in-

surance company will not pay you any more than it cost when you purchased the home or what it would cost to replace it. That is sound business practice. They will not let you over-insure.

All I am asking is that the Federal Government not underwrite or insure this point system. I believe the point system is one of the most vindictive arrangements that can possibly be in operation so far as the homebuyer is concerned, because by holding the interest rates somewhat lower and discounting the mortgage 8 or 10 points so that he can finance the mortgage you are, in effect, locking that man in at today's high-interest rates for the next 40 years. He is locked in for the next 40 years at the high-interest rates of today, which are at the highest level in the history of our country. He is locked in because if within the 40-year period he wants to refinance his mortgage and take advantage of the low-interest rates which may prevail 5 years from now, he must forfeit all 10 points, or whatever points are discounted.

I believe it is time Congress recognized that this housing bill is supposed to be designed to protect the homebuyers. I respect the homebuilders and the mortgage companies; but let us face it: They are better able to take care of themselves than are the homebuyers. This housing bill is supposed to be designed to help and protect the individual homebuyer who needs that protection and the help. I cannot conceive of anyone objecting to this amendment.

The second section of the amendment merely states that it would be prospective rather than retroactive. I am advised that it could not be retroactive with respect to the mortgages outstanding. My proposal would be prospective, from this day forward. Surely the Senate will approve this amendment.

I reserve the remainder of my time.

Mr. SPARKMAN. Mr. President, I yield myself 10 minutes.

This amendment is similar to amendments that have been offered heretofore. I believe the Senator from Delaware knows that I have tried and our committee has tried to do away with the point system. I have said many times on the floor of the Senate that it is a vicious system, and it is.

I tried to remove the ceiling on FHA interest rates. This ceiling was set at 6 percent by law, and I tried to remove the ceilings and let the market control the interest rates on FHA mortgages. I felt that such action would do away with the point system. But this proposal failed in committee on a tie vote. The committee was that closely divided.

We did remove the statutory ceiling, but we gave to the Secretary of HUD the authority to set the FHA interest rate at a level necessary to meet the mortgage market. Of course, the Secretary cannot set an interest rate that meets the mortgage market in all parts of the country at the same time. And sometimes he may not meet the market in any geographical area, because he cannot set the rate on a day-by-day basis. Consequently, the possibility of some points being charged on FHA mortgages remains. I am of the opinion, however, that they have dropped

since we gave the Secretary of HUD the authority I have just described.

The Senator has mentioned 10 points. I would be very much surprised to learn that there is a 10-point discount anywhere in the country. In fact, I believe that in most instances we would find that the points—where there are points—are probably 3 or 4. Actually, one point is allowed as a matter of course, which must be paid by the mortgagor. This is usually for closing costs.

Mr. WILLIAMS of Delaware. This is the service charge.

Mr. SPARKMAN. That is correct.

Mr. WILLIAMS of Delaware. We are discussing the points.

Mr. SPARKMAN. I know what the Senator is driving at. It is unconscionable when points are carried over a long period of time.

Mr. President, this matter was discussed in the committee. The distinguished Senator from Ohio [Mr. LAUSCHE] offered an amendment in 1967 I believe, and it was taken up in our committee. The committee at first agreed to it. Then there was a storm of protest. We restudied the matters in the committee, and the amendment, on reconsideration, was stricken from the bill we were then working up.

Mr. WILLIAMS of Delaware. Mr. President, will the Senator yield?

Mr. SPARKMAN. May I just say this: I will admit that there was a difference at that time. I said there was a storm of protest. The difference was that we did have big discounts at that time, because we had a statutory interest rate ceiling of 6 percent.

Mr. WILLIAMS of Delaware. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. WILLIAMS of Delaware. Does the Senator recall any one of those protests coming from a home buyer, the man who is buying the home?

Mr. SPARKMAN. No.

Mr. WILLIAMS of Delaware. The protest came from the man who is making a barrel of money out of this bucket shop, and that is what it is.

Certainly, the mortgage companies are going to protest. But is this a bill for the benefit of the mortgage companies, or is it a bill to provide assistance to the individual family in getting a home?

Mr. SPARKMAN. In actual practice, the points are not paid by the home buyer. They are paid by the seller or the builder, but not by the buyer.

Mr. WILLIAMS of Delaware. That is somewhat like the chicken and the egg. After all, a builder takes into consideration the discount in the mortgage. That it is part of the cost of the home. We know that. So these points are paid by the home buyer; if anyone doubts that ask any homeowner.

What I am proposing here is that the Government not insure this discount.

Mr. SPARKMAN. Let me say this to the Senator from Delaware—and the Senator from Texas will agree with me: The conditions now are different from those that existed last year.

I do not know how complicated the proposal of the Senator from Delaware would be, and I do not know how much difficulty such an amendment would

create. But if the Senator from Texas will support me in this matter, I am willing to accept the amendment, take it to conference, and in the meantime find out more about it than we know at present.

I should like to make it clear that I would want freedom to find out just what the prevailing situation is and to determine from that whether or not it should be written into the law.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. TOWER. I believe there is merit in the proposal of the Senator from Delaware, if for no other reason than that it focuses attention on a problem that requires some attention. I would therefore, certainly be willing to follow the suggestion of the Senator from Alabama. I would, almost eagerly, accept the amendment, for my side, and take it to conference and see if we can get into some rational discussion on the matter.

Mr. WILLIAMS of Delaware. I wish to say, in reply to the Senator from Alabama, that the fact that we have changed the interest rates somewhat here may eliminate the points. That is true. However, to the extent that the points are eliminated this would have no effect; it is only to the extent that the points are there.

On the other hand, under this bill the Secretary could eliminate points tomorrow by fixing the interest rates on the basis where the mortgage will sell at par. That is what should be done. From the standpoint of the home buyer, even though it might sound higher today, he would be far better off because if he has to pay  $7\frac{1}{4}$  or  $7\frac{1}{2}$  percent to get a mortgage today and is going to pay part of it under the point system, he is locked in for 40 years at the higher rates. The home buyer would be far better off to pay 7 percent straight on a mortgage sold at par value, for if the interest rate were to drop 2 points 2 years from now he could refinance that mortgage at perhaps 5 or  $5\frac{1}{2}$  percent. Why not protect the buyer of the home?

However, if we lock him in under a point system he might be forced to pay 10 percent to 12 percent for this 5-year period if he should refinance his mortgage at the lower interest rates prevailing then.

From the standpoint of the home buyer, any way one looks at it this amendment will protect the home buyer. I grant it will take much of the Government-insured profit out of the mortgage lending business. I have no quarrel with mortgage companies. They are entitled to their normal profits but not to having their profits guaranteed by the Government.

I welcome the opportunity to have the Senate vote on this proposal. The committee will find that this is one of the most important parts of the bill to protect the home buyer.

Mr. SPARKMAN. I assure the Senator from Delaware that we shall be very glad to check into this proposition and get all of the information that we can with respect to what the situation is and determine how workable the proposal is.

We have worked on this matter before. We have written into the law provisions

seeking to control the point system on at least two occasions.

Mr. WILLIAMS of Delaware. The Senator is correct.

Mr. SPARKMAN. They have all proved unworkable.

Mr. WILLIAMS of Delaware. The Senator is correct. I realize the problem. The reason it would not work was that there we had an artificially low legal ceiling under which a mortgage could not be financed. This bill changes that and now this amendment will work.

Mr. SPARKMAN. That has been somewhat relieved.

Mr. WILLIAMS of Delaware. That situation is relieved under this proposal, and the Secretary could correct the situation in its entirety. Certainly, there should be some relief for the buyer.

Senators are only kidding the home buyers when they tell him he is going to get a 6-percent mortgage at a time when money is bringing up to 7.5 percent. This man should not be locked in for the next 40 years at today's high interest rates. These points are disastrous from the standpoint of the home buyer.

Mr. SPARKMAN. Is the Senator willing for us to accept the proposal with the understanding that has been stated?

Mr. WILLIAMS of Delaware. Yes, but I yield to the Senator from Ohio first.

Mr. LAUSCHE. Mr. President, do I correctly understand that under the bill as it is now before the Senate, the Secretary does have the power to remove limitations on the rate of interest that has been charged?

Mr. SPARKMAN. That has been passed.

Mr. LAUSCHE. Is there any limitation on the interest rate that may be charged?

Mr. SPARKMAN. No. The Secretary is given the right to set the FHA interest rate. Of course, he is supposed to have in mind the going market rate.

Mr. LAUSCHE. Then, am I correct in this understanding: The interest rate limitation has been removed so that the lender can charge the going market rate, and, in addition, under the law the lender will be allowed to charge a discount or demand a premium for making the loan?

Mr. SPARKMAN. It is not under the law. It is in the dealings between the two parties.

Mr. LAUSCHE. There would be nothing in the law to prohibit?

Mr. SPARKMAN. Here is where the trouble arises. The Secretary is supposed to set an interest rate on a national basis. The rates in Washington, D.C., are not the same as the rates in southern California. Southern California, for some reason, always demands a higher rate of interest than the eastern part of the country, and there are other areas of the country in which that is true.

The current rate set by the Secretary is 6¾ percent.

It might require 7 percent or 7.25 percent to meet the market in the Los Angeles area. The lender cannot charge 7.25 percent under the FHA plan, but they could discount the mortgage a sufficient number of points to make up the difference in the interest rate. That is what the Senator from Delaware is striking at.

Mr. LAUSCHE. Mr. President, I believe it was last year I joined in the discussion with the Senator from Delaware which grew into a colloquy on the part of the Senator from Delaware, the Senator from Alabama, and me on this subject of a lender being permitted to demand a premium in addition to the rate of interest that was charged in making the loan.

My participation was prompted by my experience when I was a judge back in 1932 and up to 1941, primarily in the period of the depression. Second, it was motivated by information given to me by a trustee in bankruptcy of a company that was making loans, especially guaranteed by the Government, or the loans being finally bought by the Government.

My experience on the bench was that the greater the financial distress of the person wanting to borrow, the greater his inclinations was to pay an exorbitant rate of interest. The person who stands financially sound will not be gouged by extraordinary demands for interest payments.

Mr. President, the man who is financially sound can go into the open market and make his borrowing, but it is the poor man who wants to buy a home who is really involved. He does not have the money with which to make a downpayment and he pays usurious interest rates. We know that premiums of 10 percent have been demanded of the borrower in order to get the loan. In that experience as a judge, daily in the depression period I had before me foreclosure actions indicating exorbitant premiums that were paid by the borrower to get the loan.

Now, I mentioned a moment ago a trustee in bankruptcy who called me about 2 years ago and told me of the looseness of the operation of the Federal Government in guaranteeing not only the payment of the actual loan made and the interest, but also in guaranteeing the payment of a 10-percent, and in some instances 15-percent, premium charge to the borrower in order to get the loan.

The trustee in bankruptcy said that he would like to show me his files. I met with him in Cleveland. He brought his files with him and he pointed out case after case where Negroes especially were induced to buy and were practically coerced into paying a premium or a discount of 10 to 15 percent in order to get the loan.

The trustee in bankruptcy said that this particular company, whose business he was winding up, was glad whenever a buyer defaulted. If the buyer defaulted in the second year, the 10-percent premium meant an interest increase of 5 percent a year. If the buyer defaulted in the third year, it meant an increase of 3⅓ percent for each year, in addition to the regular rate of interest. Thus, the loans were made with the charge of the limited rate of interest allowed by the Secretary but, in addition to that, the premium. He outlined to me, I would say, 30 cases he had. His view was that the Government should not guarantee payment of the principal and the interest rate and, in addition, the discount on the premium charge.

I think that he was absolutely right. The mortgage companies contacted me subsequently and made the argument

that while there is a limitation on the rate of interest allowed to be charged, mortgagors should be permitted to make the charge of a premium in making the loan.

Now I understand that the interest rate limitation has been removed, subject to the discretion of the Secretary. With that having been achieved, the mortgagors will have two bonanzas—well, one probably should not be labeled that, the rate of interest charged. But the second one, the discount and the points, in my behalf, are deplorable and reprehensible.

Why should the taxpayer and the Government of the United States guarantee to a lender that not only will he be paid the principal amount which he loaned, and the interest which has been accrued, but also the premium of 10 and 15 percent?

The loans I am speaking about contained in the files of the trustee were for \$20,000 and \$25,000.

A premium of 10 percent on \$25,000 means that the lender received a windfall of \$2,500 on a \$25,000 loan.

I think it is wrong. For that reason, I support the amendment offered by the Senator from Delaware.

Mr. WILLIAMS of Delaware. I thank the Senator from Ohio. Mr. President, I have no reason to pursue the matter further. I ask for the yeas and nays on my amendment.

The yeas and nays were ordered.

Mr. WILLIAMS of Delaware. Mr. President, I am willing to yield back the remainder of my time now and we can proceed to vote.

Mr. SPARKMAN. Mr. President, the Senator from Delaware has asked for the yeas and nays, which have been granted. I shall vote for the Senator's amendment but I do want to make it clear that I am not sure just how the amendment will operate. I shall act with reference to the conference as I said to the Senator a few minutes ago that I would. I shall do my best to learn, between now and the time the bill goes to conference, just how effective and practical the amendment will be. My conduct in the conference will be governed accordingly, even though I do propose to vote for the amendment now, as I agreed a few minutes ago to accept it on that basis.

Mr. WILLIAMS of Delaware. I appreciate the support of the Senator from Alabama.

Mr. TOWER. Mr. President, let me say that I concur with the Senator from Alabama.

Mr. SPARKMAN. Mr. President, I am ready to yield back the remainder of my time.

Mr. LAUSCHE. Mr. President, let the RECORD show that I join as a cosponsor of the amendment of the Senator from Delaware.

Mr. WILLIAMS of Delaware. Yes. I have already asked for that. And I welcome the support of the Senator from Ohio.

Mr. President, let me take one moment to say that I appreciate support of my amendment. I think that its adoption will go far toward giving protection to the individual home buyer. I realize that it does present some problems. The Senator from Alabama is correct on that, but they

can be worked out. As I pointed out earlier in this discussion, the only real way to correct this abuse would be for the Secretary to put the interest rate at the actual rate the home buyer will have to pay in order to keep the mortgage at par. When he does that—

Mr. SPARKMAN. If the Senator will yield on that point, let me say that the Secretary cannot do that. That is due to the fact there are different interest rate levels in the regular market in different parts of the country.

As I said a moment ago, I tried to get the FHA ceiling removed completely so that the market would set the interest rates in the different parts of the country. However, I certainly am glad to join the Senator from Delaware in an effort to do away with points. I have tried to do that through the years.

I am now ready to vote.

Mr. WILLIAMS of Delaware. The ceiling should be removed entirely, and the Secretary will have that authority under this bill. I conclude by giving one specific example of how the present system works adversely to the Government as well as the home buyer.

I was in an area a couple years ago where homes were being sold with \$100 down. The homes sold for approximately \$10,000 to \$12,000. The discount on the mortgages was at least 8 points. Many of these homes defaulted within 15 months to 2 years thereafter, with the result that the Government was having to pay insurance on \$10,000 mortgages on homes which in reality had sold for only \$9,200 the year before.

The lender was making a quick profit, but the taxpayers were the losers.

Here is an opportunity to correct this unbusinesslike practice and at the same time protect both the taxpayers and the home buyers.

That is utterly ridiculous. No banker in the country, no mortgagor in the country would pay, and the Government should not have to pay off a mortgage that is greater than the value of the home. Certainly no insurance company in America would insure a piece of property in excess of the cash value of that property. That is what we are trying to prevent here.

Mr. President, I yield back the remainder of my time.

Mr. SPARKMAN. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER (Mr. LAUSCHE in the chair). All time on the amendment has now been yielded back.

The question is on agreeing to the amendment of the Senator from Delaware.

On this question the yeas and nays have been ordered, and the clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUYE], and the Senator from Missouri [Mr. LONG] are absent on official business.

I also announce that the Senator from Indiana [Mr. BAYH], the Senator from Idaho [Mr. CHURCH], the Senator from Connecticut [Mr. DODD], the Senator

from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from Indiana [Mr. HARTKE], the Senator from South Carolina [Mr. HOLLINGS], the Senator from North Carolina [Mr. JORDAN], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Louisiana [Mr. LONG], the Senator from Washington [Mr. MAGNUSON], the Senator from Minnesota [Mr. McCARTHY], the Senator from Wyoming [Mr. McGEE], the Senator from South Dakota [Mr. McGOVERN], the Senator from New Mexico [Mr. MONTOYA], the Senator from Oregon [Mr. MORSE], the Senator from Wisconsin [Mr. NELSON], and the Senator from Florida [Mr. SMATHERS] are necessarily absent.

I further announce that, if present and voting, the Senator from Indiana [Mr. BAYH], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from North Carolina [Mr. JORDAN], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Oregon [Mr. MORSE], the Senator from Florida [Mr. SMATHERS] and the Senator from Oklahoma [Mr. HARRIS] would each vote "yea."

Mr. DIRKSEN. I announce that the Senator from Vermont [Mr. PROUTY], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

If present and voting, the Senator from Arizona [Mr. FANNIN] and the Senators from California [Mr. KUCHEL and Mr. MURPHY] would each vote "yea."

The result was announced—yeas 69, nays 0, as follows:

[No. 166 Leg.]

YEAS—69

Aiken	Gruening	Pastore
Allott	Hansen	Pearson

Harris	McCarthy	

So the amendment of Mr. WILLIAMS of Delaware was agreed to.

Mr. TOWER. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. MANSFIELD. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. SPARKMAN. Mr. President, I yield 2 minutes on the bill to the Senator from Alaska.

#### A SEA-LEVEL CANAL CONNECTING THE ATLANTIC AND PACIFIC OCEANS

Mr. BARTLETT. Mr. President, I ask the Chair to lay before the Senate a message from the House of Representatives on H.R. 15190.

The PRESIDING OFFICER laid before the Senate a message from the House of Representatives announcing its disagreement to the amendment of the Senate to the bill (H.R. 15190) to amend sections 3 and 4 of the act approved September 22, 1964 (78 Stat. 990), providing for an investigation and study to determine a site for the construction of a sea-level canal connecting the Atlantic and Pacific Oceans, and requesting a conference with the Senate on the disagreeing votes of the two Houses thereon.

Mr. BARTLETT. I move that the Senate insist upon its amendment and agree to the request of the House for a conference, and that the Chair be authorized to appoint the conferees on the part of the Senate.

The motion was agreed to; and the Presiding Officer appointed Mr. MAGNUSON, Mr. BARTLETT, and Mr. COTTON conferees on the part of the Senate.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. MONRONEY. Mr. President, I send to the desk an amendment and ask for its immediate consideration.

The PRESIDING OFFICER. The amendment will be stated.

The assistant legislative clerk proceeded to read the amendment.

Mr. MONRONEY. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with, and that the amendment be printed in full in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MONRONEY's amendment is as follows:

At the end of the bill add a new section, as follows:

"RELEASE FROM LIABILITY UNDER VETERANS' HOME LOAN PROGRAM

"Sec. 1520. (a) Section 1817 of title 38, United States Code, is amended (1) by striking out 'Whenever' at the beginning of such section and inserting in lieu thereof '(a) Whenever'; and (2) by adding at the end of such section a new subsection as follows:

“(b) In order that any veteran who disposes of residential property securing a guaranteed, insured, or direct loan obtained by him will be informed of the release provisions of subsection (a) of this section, the Administrator shall require as a condition to guaranteeing or insuring any home loan under this chapter (including any loan guaranteed under section 1811(g) of this title) that the holder of the instrument creating and securing the loan agree to notify, in accordance with regulations prescribed by the Administrator, the veteran, on whose behalf the loan was guaranteed, insured, or made, of the provisions of subsection (a) of this section before such holder agrees to permit any third person to assume the obligations of the veteran under the terms of such instrument. Notification to a veteran under this subsection shall include an explanation of his liability in the event of his failure to obtain a release under subsection (a) of this section and of any effect such failure may have on his eligibility for benefits under this chapter. Failure by a holder of any such instrument to give notice to a veteran in accordance with regulations of the Administrator shall release the United States from any obligation on any such loan. A signed statement by the veteran to the effect that he has received the notification provided for in this subsection shall constitute prima facie evidence that such notification was given.”

“(b) The amendment made by subsection (a) of this section shall be applicable in the case of all home loans guaranteed or insured under chapter 37 of title 38, United States Code, on and after the date of enactment of this Act (including loans guaranteed under section 1811(g) of this title). The Administrator shall take such action as he deems necessary and appropriate to provide for the notification prescribed by section 1817(b) of title 38, United States Code, as added by subsection (a) of this section, in the case of veterans who dispose of residential property with respect to which they obtained guaranteed, insured, or direct loans prior to the date of enactment of this Act.”

Mr. MONRONEY. Mr. President, one of the most lasting benefits which has been provided for veterans is guaranteed loans for homes, farms, and businesses. Through this program, veterans have been able to secure private financing to purchase and improve property where such financing would otherwise be unavailable because of high interest rates and stringent credit requirements.

With the recent enactment of Public Law 90-301 the loan guarantee program has been greatly expanded by increasing the entitlement on home loans from \$7,500 to \$12,500 and by providing for an increase in the maximum interest rate on these loans. These improvements in the program will make guaranteed loans competitive in the money market and thereby increase the number of guaranteed loans. However, with this increase in activity there will also be an increase in one of the most unfortunate problems which has accompanied this program.

Veterans who have purchased or improved property with loans guaranteed by the Veterans' Administration can sell their property and permit a nonveteran to assume the balance of the guaranteed loan. However, I have become increasingly concerned about the number of veterans who have been held liable for defaults on guaranteed loans by subsequent purchasers because the veteran failed to obtain a release from liability from the Veterans' Administration.

In fiscal year 1960 the Veterans' Administration paid to lending institutions 10,928 claims resulting from defaults on guaranteed loans. Twenty-four percent of those claims were the result of defaults by subsequent purchasers. In the period from April through September of 1967, the VA paid 9,438 claims of which 36.7 percent were caused by defaults of subsequent purchasers. Twenty-one and seven-tenths percent of the claims paid in 1967 resulted in deficiency judgments against veterans who had sold their property without obtaining a proper release.

I am convinced that the reason most veterans failed to obtain the necessary release was that they were not aware that such a release was available or what the consequences would be if they did not obtain a release. There is no way the Veterans' Administration can advise a veteran of his rights when he sells his property because the transaction is often known only to the lending institution. Consequently, I feel that when property financed by a guaranteed loan is sold, the lending institution should be required to advise the veteran of his right to apply for a release from liability for the loan. To create such a requirement I offer an amendment to the pending Housing and Urban Development Act of 1968.

This amendment contains three basic provisions. First, it requires the holder of an instrument secured by a loan guarantee from the Veterans' Administration to advise the veteran, when he sells the property concerned and permits a third party to assume the balance of the guaranteed loan, of his right to obtain a release from liability from the loan, of the procedure he should follow to obtain such a release, and of the effect a release will have on his liability and loan entitlement.

Second, the amendment provides that if the lending institution fails to give the veteran appropriate notification, the guarantee on the loan would be canceled and the United States would no longer insure the loan. This would have the effect of canceling the veteran's liability because the Government would not be responsible for a default on the loan by a third party and therefore the veteran would not be liable for a deficiency judgment.

These notification requirements would be applicable only to loans made after the date of the enactment of this provision. However, it would certainly be beneficial if all veterans who sell property financed with guaranteed loans could receive this notification, regardless of when the loan was made. Therefore, the third provision of this amendment is that the Administrator of Veterans' Affairs shall take whatever action he considers to be appropriate to enable all veterans to benefit from the notification procedures.

While this amendment will place an additional burden on the lending institutions, it certainly cannot be considered a harsh one when the resulting benefits to veterans are taken into consideration. With guaranteed loans becoming more desirable obligations to hold as a result of Public Law 90-301, it is not unreasonable to require the lender to assume an

additional duty for the protection of the veterans.

Mr. President, I understand that the committee and its staff have surveyed the situation, and that the committee has agreed to accept the amendment.

Several Senators addressed the Chair.

Mr. MONRONEY. Mr. President, I yield first to the distinguished ranking minority member of the committee.

The PRESIDING OFFICER. The Senator from Texas is recognized.

Mr. TOWER. Mr. President, the pending amendment requires no additional authorization and no additional funding. I think the intent is very good and that it is a very constructive amendment.

I am prepared, on my part, to accept the amendment.

Several Senators addressed the Chair.

Mr. MONRONEY. Mr. President, I yield first to the distinguished Senator from Colorado.

The PRESIDING OFFICER. The Senator from Colorado is recognized.

Mr. DOMINICK. Mr. President, I congratulate the Senator for bringing up the problem. I am sure that all Senators have had letters from people who have been involved in a situation of the kind the Senator is talking about.

Mr. BYRD of West Virginia. Mr. President, may we have order?

The PRESIDING OFFICER. The Senate will be in order.

The Senator may proceed.

Mr. DOMINICK. Mr. President, do I correctly understand that if the seller does get a release, as the Senator has indicated, in effect it is then up to the purchaser to assume the burden of the loan, and the seller, being a veteran, is thereby released from any further liability?

Mr. MONRONEY. The Senator is correct. And the lending institutions must do this. If it does not advise the veteran of the situation, then the veteran is relieved, and this makes the burden fall, as it should, on the subsequent buyer who does not enjoy the veteran's status.

Mr. DOMINICK. Mr. President, I would be happy to support the Senator. As a matter of fact, if the Senator does not mind, I would like to be listed as a cosponsor of his amendment.

Mr. MONRONEY. I ask unanimous consent that the name of the distinguished Senator from Colorado [Mr. DOMINICK] be added as a cosponsor to the amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPARKMAN. Mr. President, I share the feeling of the distinguished Senator from Texas that the pending amendment is a good amendment. There is one thing that I wish to caution the Senator from Oklahoma about.

The committee in the House which has jurisdiction over VA guaranteed mortgages is the Veterans' Affairs Committee. Of course, we will be in conference with the Banking and Currency Committee. There is the possibility that a point of order will be made that they do not have jurisdiction to deal with the amendment of the Senator from Oklahoma. If so, we will run into a snag. We have had that situation occur before.

Mr. MONRONEY. Mr. President, because of the virtues connected with relieving these veterans of a liability which they did not know they had until perhaps several years after the sale of the house, I believe that compassion and justice and reasonableness will hold forth in the House, in which body both the Senator from Arkansas and I served for so many years. I believe that we will somehow be able to rise to meet the situation involved in something as deserving as the pending amendment.

Mr. SPARKMAN. I assure the Senator that I will argue the characteristics that he has mentioned.

Mr. MONRONEY. Would the Senator like to be listed as a cosponsor?

Mr. SPARKMAN. If the Senator asks unanimous consent, I would be pleased to do so.

Mr. TOWER. Mr. President, I would also like to be listed as a cosponsor.

Mr. MONRONEY. Mr. President, I ask unanimous consent that the names of the Senator from Alabama [Mr. SPARKMAN] and the Senator from Texas [Mr. TOWER] be listed as cosponsors of the amendment. This may bridge the technical House rules which I tried so hard to change in the Reorganization Act, so that justice will prevail.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPARKMAN. Mr. President, I yield back the remainder of my time.

Mr. MONRONEY. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. All time having expired, the question is on agreeing to the amendment of the Senator from Oklahoma.

The amendment was agreed to.

Mr. MONRONEY. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. SPARKMAN. Mr. President, I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. BENNETT. Mr. President, I send an amendment to the desk and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The assistant legislative clerk proceeded to state the amendment.

Mr. BENNETT. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered; and the amendment will be printed in the RECORD.

The amendment, ordered to be printed in the RECORD, is as follows:

On page 154, between lines 18 and 19, insert the following:

"(c) Section 5136 of the Revised Statutes is amended by adding at the end thereof the following:

"Ninth. To issue and sell securities which are guaranteed pursuant to section 306(g) of the National Housing Act."

"(d) The first proviso to section 21(a)(1) of the Banking Act of 1933 is amended by inserting ', or issuing securities,' immediately following 'investment securities.'

"(e) Section 5(c) of the Home Owners' Loan Act of 1933 is amended by adding at the end thereof a new paragraph as follows:

"Any such association may issue and sell securities which are guaranteed pursuant to section 306(g) of the National Housing Act."

Mr. BENNETT. Mr. President, is there a time limitation?

The PRESIDING OFFICER. There is a time limitation of 1 hour on each amendment, 30 minutes to a side.

Mr. BENNETT. Mr. President, I yield myself 6 minutes.

The PRESIDING OFFICER. The Senator from Utah is recognized for 6 minutes.

Mr. BENNETT. Mr. President, in my view, a very important provision of this bill is contained in section 804, which authorizes the Federal National Mortgage Association to issue securities backed by pools of Government-underwritten mortgages. The section would authorize the new Government National Mortgage Association to guarantee these securities, and also to guarantee these types of securities similarly backed if issued by other private institutions approved by GNMA—Ginnie Mae—for that purpose.

For many years the housing industry in this country has had as one of its principal problems the lack of available credit for mortgage financing. It is very hard for mortgages to compete with corporate securities in attracting capital, because of the problems and expense that go along with maintaining a portfolio of mortgages and which are non-existent in the case of corporate bonds. It is hoped that section 804 will provide a mechanism for the creation of a type of mortgage-backed securities which will be purchased by pension funds and other types of investors that have been largely unwilling to invest in mortgages themselves, thereby making more investment money available for the mortgage market.

The expectation is that FNMA will issue the first of such securities to establish a market for them, and that thereafter mortgage bankers and other mortgage lenders and investors could come in and issue their securities. The bill clearly pledges the full faith and credit of the United States to the payment of any amounts due under this guaranty, and this feature should make it possible for the securities to be sold at a rate of interest that will allow the issuer enough of a margin to make this program economically feasible.

The Government guaranty by GNMA will in a sense be a pass-through of the already existing Government guaranty or insurance of mortgages in the pools to the securities backed by the pools. It will not bring about an increase in the Government's total contingent liability, for the reason that the contingent liability of the Government is incurred at an earlier time when the mortgages are insured or guaranteed. GNMA is authorized to collect a fee for its guaranty, and it is intended that this program will be fully self-supporting and will operate at no cost to the Government.

I certainly hope, Mr. President, that this mortgage-backed security will be the answer for some of the financial ills that have beset the housing and home financing industries for many years.

In order to be certain that banks and savings and loan associations, like other lenders, will be able to issue these securities, I offer an amendment which I am sure will do three things, and which is in keeping with the intent of this section. The first of these is to section 5136 of the Revised Statutes to specifically empower national banks to issue such securities, and the second is to section 21(a)(1) of the Banking Act of 1933 to specifically exempt these obligations from its criminal penalties. The third authorizes savings and loan associations to issue the same type of security. If these things are not done, commercial banks and savings and loan institutions which already have the power to deal in the underlying mortgages, may be prevented from issuing such obligations thereby precluding these segments of the industry from making their maximum contribution to this program.

Mr. President, in discussing this amendment with Federal agency officials, I find that there is some question regarding the authority of the regulatory agencies to define, through rules and regulations, the proper use and activity of financial institutions in issuing these securities. If, in fact, experience indicates that additional regulatory authority is necessary to deal with this authorization to issue securities by financial institutions, I am sure that we in the committee will meet that need.

Mr. President, I hope that the manager of the bill, who understands the amendments, will accept them.

Mr. SPARKMAN. Mr. President, before the Senator yields the floor, may I ask him a question or two.

First: with respect to proper supervision—whether or not the supervisory agencies have the authority to supervise this matter in the way that the Senator would envisage.

Mr. BENNETT. I have checked with these supervisory authorities today. There is some question about the authority. Their position is that the matter is a little indefinite. As I have said, if it is challenged, I am sure we can quickly amend their authorization so that the authority can be nailed down.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. SPARKMAN. I yield myself 5 minutes, Mr. President.

I wish to invite attention to the matter, because I believe it is something about which we should exercise some caution. I agree with the distinguished Senator from Utah, and I shall be glad to cooperate in seeing that they do get the required authority.

Mr. BENNETT. If it is challenged.

Mr. SPARKMAN. Mr. President, I believe this is a good amendment, and, for my part, I am willing to accept it.

Mr. BENNETT. Mr. President, I yield back the remainder of my time.

Mr. SPARKMAN. I yield back the remainder of my time.

The PRESIDING OFFICER. The question is on agreeing to the amendment offered by the Senator from Utah.

The amendment was agreed to.

## AMENDMENT NO. 831

Mr. PEARSON. Mr. President, I call up my amendment No. 831 and ask that it be read.

The PRESIDING OFFICER (Mr. WILLIAMS of New Jersey in the chair). The amendment will be stated.

The legislative clerk read the amendment, as follows:

On page 180, between lines 5 and 6, insert the following:

## "LOAN LIMIT ON PROJECTS IN RURAL AREAS

"SEC. 1005. Section 515(b) of the Housing Act of 1949 is amended by striking out '\$300,000' in subparagraph (1) and inserting '\$600,000' in lieu thereof."

Mr. PEARSON. Mr. President, I yield myself 5 minutes.

First, I express my pleasure at the inclusion in this bill of title X, which I believe is the first time that a housing bill has specifically recognized the problems of rural housing.

My amendment would not actually amend any provision of the bill itself, but would amend the Housing Act of 1949, in that it would increase the ceiling that the Farm Home Administration might include in a housing project in a rural area.

With reference to the population limitation of 5,500, I find that this is an unrealistic figure in dealing with some of the small rural and countryside communities throughout the Nation, which represent today one of the areas of problem because of outmigration. I believe it ironic, in a way, that the great crisis in the cities finally and squarely directed our attention to the migration out, so that it is the core of the great cities and the small rural towns that are suffering today.

I have hope that the Rural Job Development Act, which the Senator from Oklahoma [Mr. HARRIS] and I sponsored, and which was cosponsored by many Senators, can do something about revitalizing the rural areas. Jobs, of course, are the first consideration. But other factors must be considered, including housing, education, and health.

I would hope that this amendment, which I believe was offered in the committee by the distinguished Senator from New Jersey [Mr. WILLIAMS], would find merit on the part of the managers of the bill.

Mr. SPARKMAN. Mr. President, will the Senator yield?

Mr. PEARSON. I yield.

Mr. SPARKMAN. I have discussed this matter with the Senator from Kansas, and I have pointed out to him that this is an increase in the mortgage limits without any additional funding, which means a greater diffusion of housing—cutting down on the number that really could benefit under the farm housing program. We have this problem quite often where there is a feeling that the price or cost of the individual house should be raised.

This matter could involve sizable projects. We have had no testimony on the matter. I believe the Senator knows that I am in thorough sympathy with anything that can be done with respect to rural housing. As a matter of fact, the original title V of the Housing Act, relat-

ing to farm housing, was introduced by me and was written into the law in 1949. And there have been a number of amendments since that time.

I certainly am in favor of a good farm housing program. But I am not convinced—and I do not have the evidence before me—of the need for this proposal or its desirability. I hope that the Senator will not insist upon it at this time. But I will say this: Give us an opportunity to study the proposal with the Farmers Home Administration, and let us see what the need may be.

I will make this promise to the Senator—and I believe the Senator from Texas, the ranking minority member on the Housing Subcommittee, will join me. If a need is shown, we will be glad to submit proposed legislation to take care of it, because we want an adequate farm housing program.

Mr. PEARSON. I thank the Senator from Alabama.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. PEARSON. I yield.

Mr. TOWER. I should like to press for hearings on this matter at the earliest possible moment, because I believe it is something we should look into.

I appreciate the spirit of what the Senator from Kansas is doing. As a matter of fact, we might discover that we should be doing even more than is suggested in the amendment. I believe it is a matter on which we should have hearings at the earliest possible opportunity, and I would cooperate in holding hearings.

I should like to suggest to the Senator from Kansas that this proposal be introduced as an independent bill, and conceivably we could get hearings on it this session.

Mr. PEARSON. I believe that suggestion has merit. As a matter of fact, as I indicated, it is an amendment to the Housing Act of 1949 and not to this particular bill.

But I would say once again, to make the record, that particularly in the field of rural development or rural conditions we have had for a long time classification figures and limitations of 2,500 people, which were totally unrealistic; and I believe it was that particular act that boosted the figure to 5,500, which is still unrealistic.

If we are eager, through legislation or through the natural course of events, to understand the great outmigration, to develop the rural areas of America, through jobs and housing programs, we will have to take a look at a new set of classifications and a new set of facts, and among these certainly will be an increase in the amount of projects that the Farmers Home Administration will be eligible to undertake.

Mr. TOWER. I believe the Senator from Kansas has made a great contribution to the discussion of the problems we face in our cities, which are precipitated in major part by the flight of people from the farms to the cities and which have precipitated our urban problems.

I believe it is wise to suggest that if we are going to solve our urban problems, we had better get at the root causes of them and see what is wrong in the rural

areas which has precipitated the flight to the cities. I believe this is a very constructive approach.

Mr. PEARSON. I thank the Senator from Texas.

Mr. President, in light of the colloquy and the very generous comments and understanding of the manager of the bill and the ranking minority member of the committee, I ask unanimous consent to withdraw amendment No. 831.

The PRESIDING OFFICER. The Senator has the right to withdraw it, without unanimous consent. The amendment is withdrawn.

Mr. DOMINICK. Mr. President, a parliamentary inquiry.

The PRESIDING OFFICER. The Senator will state it.

Mr. DOMINICK. Are we operating on limited time at present?

The PRESIDING OFFICER. One hour on each amendment, 4 hours on the bill.

Mr. DOMINICK. Mr. President, will the Senator yield me 5 minutes on the bill?

Mr. TOWER. I yield 5 minutes on the bill to the distinguished Senator from Colorado.

Mr. DOMINICK. Mr. President, I wish to bring up for discussion again the portion of the bill which was voted upon and discussed to some degree by the distinguished Senator from Texas yesterday—namely, title IV.

Mr. President, if I could have the attention of the Senator from Alabama, I wish to ask just a few questions and I hope the Senator can help me.

I am looking at title IV of the bill. Yesterday the amendment of the Senator from Texas to strike this particular title was defeated on the floor of the Senate. I am not sure that many Senators realize the scope of this particular title of the bill.

For example, as I read the bill, on pages 85 and 86, the Secretary is, in effect, required to be a real estate developer in order to be able to issue any guarantees because he has to determine for himself before he can issue a guarantee whether—

(1) the proposed new community (A) will be economically feasible in terms of economic base or potential for growth, and (B) will contribute to the orderly growth and development of the area of which it is a part;

Then, he is to determine that—

(2) there is a practicable plan (including appropriate time schedules) for financing the land acquisition and land development costs of the proposed new community and for improving and marketing the land

Then the Secretary must determine the kind of shops, schools, recreation facilities, transportation, and other facilities that are going to be built, as the Secretary deems satisfactory.

Therefore, as I understand this particular title, in effect the Secretary would determine the total makeup of the planned community; and he is required to do this before he could issue any guarantee.

Am I wrong in my estimate of the responsibility we are asking the Secretary to assume under this title?

Mr. SPARKMAN. No. I think the Senator has stated it correctly. Of course, all

of this has to be within all governmental approvals required by the State or local government. In other words, the Secretary cannot just move out into an area and determine these things and say, "There shall be a community here." It has to be with approvals from local governments.

Mr. DOMINICK. But in most areas of our country all he would have to do would be to have some land, buy that land, and decide that this is what he is going to put up, and make sure it complies with the zoning and other local laws. As I understand it, we do not have to have a State planning commission or any other body approve of the development.

Mr. SPARKMAN. I do not understand your point, except to say that the bill provides that the developer "has received all governmental approvals required by State or local law."

It is my understanding the developer must have the approval required by the governmental body in which the proposed project is to be located.

Mr. DOMINICK. By and large would it mean that it meets the requirements of the zoning laws in the area in which it is located?

Mr. SPARKMAN. No. It must have positive approval.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. DOMINICK. Mr. President, will the Senator yield to me 5 more minutes on the bill?

Mr. SPARKMAN. I yield.

Mr. DOMINICK. I do not wish to keep belaboring this point, but I wonder if we are not placing the Secretary in an untenable position under title IV, because the general way that I know in which developers start this type of community is to acquire the land block, make sure their zoning is in proper shape, and that they have adequate financing to put the project together.

However, in this case, he has to go over and beyond that and get the approval of the Secretary for every financial detail in the program because unless the Secretary approves every one of those requirements, he cannot get his bonds guaranteed by the Government.

The point I make is that we are turning the Secretary into a complete land developer which does not seem to me to be his function in our system of Government.

I wonder if any consideration was given to this particular matter by the committee which would give us reason to believe that this is the way we should proceed.

Mr. SPARKMAN. Mr. President, will the Senator yield?

Mr. DOMINICK. I am happy to yield to the Senator from Alabama.

Mr. SPARKMAN. The point that the Senator is raising was raised by me in the committee 3 years ago, and changes were made. One of the changes made was the requirement that there be approval of the local governmental authority, whatever they require. In other words, the Secretary cannot just move out and comply with the zoning laws. He must have the required approval from the

local governing body. I was not in favor of the new towns program. In fact the Senate never approved the new towns program. The House did so in 1966. The provision then came back here where we accepted it in a conference report. This is simply providing an alternative financing approach to a program that became law in 1966. It is true it does impose a great deal on the Secretary, but we do the same thing on a different scale in every FHA project.

The Secretary has the responsibility to pass every detail. If it is going to be an apartment, house he has to be sure the costs are in line. If it is rental property, he has to be sure that the rents that would be required are reasonable and certainly that the rents sustain the costs, and so forth.

On every project, model cities, urban renewal, all of this has to be worked out before there can be any action. The same thing is true in the case of the new community program.

Mr. DOMINICK. I would appreciate if the distinguished Senator would answer a couple more brief questions.

I understand that of the two model cities we have in the Washington area—Columbia and Reston—at least one of them has been in some financial difficulty.

I wish to ask the Senator from Alabama whether or not it is intended that under the terms of this bill those two communities would be within the range of the guarantees of the Government of their financial obligations.

Mr. SPARKMAN. Which two communities did the Senator refer to?

Mr. DOMINICK. Reston and Columbia.

Mr. SPARKMAN. Those were privately financed projects.

Mr. DOMINICK. This bill encompasses private developments.

Mr. SPARKMAN. I know, but they were built without FHA assistance.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. DOMINICK. Mr. President, will the Senator yield to me for an additional 5 minutes?

Mr. SPARKMAN. Mr. President, I yield an additional 5 minutes to the Senator from Colorado.

Reston was financed by Gulf Oil Corp. I believe. I do not know what financing was involved in connection with Columbia, but neither of those projects was assisted under the FHA program. I cannot say whether they would have fallen in that category or not.

Mr. DOMINICK. I am not asking if they would have. I am asking if they now, under the terms of this language, obtain financing.

Mr. SPARKMAN. No. They initially went their way on a different course of financing and would not be eligible under this bill, as I understand it.

Mr. DOMINICK. Is that because it is not to be retroactive? Is that the reason?

Mr. SPARKMAN. There is no provision in here for retroactivity. Furthermore, it anticipates that HUD or FHA will be in from the very first in the planning and development stages.

Mr. DOMINICK. I frankly do not see anything of that at all in here, because

it is the enlistment of private corporations in a new community development.

Mr. SPARKMAN. What we do in this bill is to provide an alternative financing plan for the new communities program.

Mr. DOMINICK. But if the Senator looks at the title the way I do, it is a totally new title and its provisions stand alone without regard to any other law, so far as I can see.

Mr. SPARKMAN. The title guarantees for financing new community land development. As I say, it is an alternative financing plan. However, if the Senator will go back to the 1966 Act he will find the basic law for FHA insurance of new communities. A number of those provisions are repeated in this bill. One of the conditions is that there be a practicable plan for financing the land acquisition and the land development areas. All of these things must be approved by the Secretary before he will approve the project.

Mr. DOMINICK. Does the Senator have any idea as to how we reached the guarantee maximum of half a billion dollars for this?

Mr. SPARKMAN. Did the Senator say half a billion dollars?

Mr. DOMINICK. That is correct. \$500 million.

Mr. SPARKMAN. That is the total outstanding obligation that could be incurred throughout the whole country.

Mr. DOMINICK. That is correct.

Mr. SPARKMAN. How this was computed, I do not know. There is a limitation on each individual project of \$50 million. I suppose \$500 million was requested so that an upper limit would be placed on the amount of debentures HUD could guarantee.

Mr. DOMINICK. I thank the Senator for giving me this time. I must say that I think it is somewhat unusual to find the Federal Government using taxpayers' funds in general for the purpose of guaranteeing a private developer's profit. I personally think this is a miserable title, for that very reason.

Mr. SPARKMAN. In a way we do that with any builder that puts up an apartment house and uses FHA insurance. Anyone that puts up a single-family unit under FHA insurance comes under the same principle.

Mr. DOMINICK. The purpose of that, as I understand it, was to try to get some kind of housing for people unable to pay what they would like to pay for a house of the type that they would like, but here what we are doing is saying to any promoter or builder that wants to come along, "Go ahead. We will guarantee it."

Mr. SPARKMAN. No, no. Not at all. As a matter of fact, I thought what the Senator was doing was complaining that we were too strict about the requirements, and the burden that would be placed on the Secretary.

It is not something that could be described loosely, as the Senator has described it, because it is very strict—very strict, indeed.

Mr. CLARK. Mr. President, will the Senator from Alabama yield me 1 minute on the bill?

Mr. SPARKMAN. I yield 1 minute to the Senator from Pennsylvania.

The PRESIDING OFFICER. The Senator from Pennsylvania is recognized for 1 minute.

PRIVILEGE OF THE FLOOR

Mr. CLARK. Mr. President, I understand that under the weird customs, procedures, and manners of this body, my legislative assistant is not permitted the privilege of the floor, where I desperately need him, unless he gets the floor under unanimous consent.

I ask unanimous consent that Harry Schwartz, my legislative assistant, who has given me the assistance I need on this bill, which is of great interest to me, may be permitted the privilege of the floor until debate is over on the pending bill.

The PRESIDING OFFICER. Without objection, it is so ordered.

THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968

Mr. JAVITS. Mr. President, it is extraordinary and remarkable to me, and again illustrates the desire of Congress to do justice rather than to exercise resentment in view of the current agitation upon this whole subject, that we are here acting, and I hope we will act completely and favorably before tomorrow night, on a really landmark housing achievement. I think the most important since the Taft-Ellender-Wagner Act of 1949, which I had the great honor of sponsoring as a young Member of the House of Representatives at that time. This is really a landmark for the low- and moderate-income groups, especially for the low-income groups, and I wish to express my appreciation and understanding of the fine job which has been done by our colleagues on the committee.

For many years in this country, we have had a panoply of housing and urban development programs designed to ameliorate conditions in blighted areas and provide housing for disadvantaged and low-income persons. Yet, solid Federal achievement in the field of housing for the disadvantaged has been pitifully inadequate when compared to the need. In the 31 years of subsidized Federal housing, the Kerner Commission reports that only about 800,000 units have been constructed for low- and moderate-income persons, with recent production averaging about 50,000 units per year. This must be compared with the fact that the use of a different technique—FHA insurance guarantees—has made possible the construction of over 10 million middle- and upper-income units within roughly the same period.

But not only has output in terms of low- and moderate-income housing been small, we must now recognize that certain of our Federal programs have actually contributed to a lessening of the housing inventory in this area. The Kerner Commission reported that the number of low- and moderate-income units demolished over the years under programs such as urban renewal has actually exceeded the number of such units constructed or rehabilitated.

The situation we now face in the area of providing housing for low-income

persons has reached alarming proportions. The census of housing in 1960 indicated that in urban areas alone 4.3 million units were considered substandard—or 10.5 percent of the entire inventory. In New York City, for example, local estimates are that in 1965 there were still 43,000 old law tenements built prior to 1901, containing approximately 950,000 persons; and the city's housing commissioner the other day stated that 800,000 of its housing units were obsolescent.

The National Advisory Commission on Civil Disorders established as a goal the building of 6 million units for low- and moderate-income families over the next 5 years. Edgar F. Kaiser, who chairs the President's Committee on Urban Housing, has stated that if we as a nation dedicate ourselves to meeting the shelter requirements for all citizens over the next 10 years, we would need to build or rehabilitate a total of 26 million housing units, of which 7 to 9 million would require some form of subsidy to provide decent housing for the urban poor.

The bill that we have before us today should do much to alleviate the grinding need for satisfactory housing for low- and moderate-income persons. First, it is targeted in on the persons and the areas which most need assistance, and should obviate some of the difficulties of the past whereby a lack of focusing on priorities led to a program benefiting largely income groups in the middle and upper levels. Second, the bill establishes a realistic goal over 10 years of 6 million new units for low- and moderate-income persons. While I think that this goal might be speeded up, especially in the later years, to make it more compatible with the recommendation of the Kerner Commission for production of 6 million new units over the next 5 years, I do think it is a realistic goal in the light of our budgetary restrictions and considering the fact that we have in the recent past been producing only about 50,000 units per year. I wholly support the administration in its objective, embodied in this bill, of attaining 1.2 million new federally assisted units in the next 3 years.

Third, this bill involves the use of important new techniques which offer the prospect of mobilizing the private sector and achieving results at least cost to the Federal Government. The interest subsidy mechanisms embodied in sections 235 and 236 should provide maximum leverage in drawing private mortgage money into serving the disadvantaged population. The National Home Ownership Foundation, established by this act, provides a compatible vehicle for work with private organizations in terms of providing technical assistance and support activities to housing programs for the disadvantaged.

This measure involves a number of programs not directly related to housing. For example, title VII of this bill increases the authorization for the urban mass transit program and extends the emergency provision of the program. I support this increase, but we should recognize that increasing and extending these provisions, alone, are not enough.

We cannot accomplish, in this bill, the task which must be accomplished—that is, a fundamental reordering of Federal transportation priorities and the achievement of that oft-stated objective of Federal policies, the establishment of unified transportation systems in the metropolitan areas of this country. We should have the flexibility to set priorities within and between varying modes of urban transportation and to allocate resources accordingly. This is more than a requirement of good management; improved and inexpensive rapid mass transportation linking slums and suburbs has become a social imperative, for most new jobs are not being created in central cities, near the ghettos. Instead, they are likely to occur in the suburbs and in outlying areas of the city. We must provide such rapid mass transportation and, if necessary, shift resources from other modes in order to pay for it.

Important problems, however, do remain. There is some question in my mind whether the interest subsidy technique alone will be sufficient to draw private money and effort into the low- and moderate-income housing field. The subsidy offers no incentive to the investor to invest in this type of housing and this type of owner or tenant, as opposed to projects aimed at middle- or upper-income groups. Rather, it merely supports a system whereby interest rates on mortgages involving low-, moderate-, and upper-income people would be roughly similar; we may ask whether on this basis an investor will channel his money into low-income projects where he has available to him more trouble-free investment possibilities. It may well be that we will learn that some further "sweetening" will be necessary to attract private money to this area.

Important questions have also been raised about the scope of coverage of the section 235 and 236 programs in terms of the income categories to which they appeal. Roughly speaking, the combination of a 20-percent—in section 235—and 25-percent—in section 236—of income payment requirement by the owner or tenant, when coupled with an income ceiling based on 70 percent of the section 221(d)(3) income ceilings, produces a target group in the income category from \$4,500 to \$6,500, depending on the costs in the area involved. Typically, the scope of coverage would be only about \$1,000 for families with two children. Members of the real estate industry and others have expressed doubts that developers would be willing to undertake a project for which the market is so limited.

Moreover, I regard as unfortunate the decision of the committee to apply a 25 percent-of-income-payment requirement on tenants under section 236. That 25 percent figure seems to be part of the American mythology—everyone should spend one-fourth of his income for housing—and is not supported by data on what people can actually afford and do afford. Figures taken on a nationwide basis, and developed in the 1960 census, show that in the \$4,000 to \$7,000 income category, the majority of families spend less than 20 percent of gross income on housing. This to me is an indication of

what people feel they can in fact afford and it provides a guide to any requirement which the committee should equitably impose in this bill. The 25-percent requirement will force people to cut back on other badly needed items in their budget, or, it will render the program inoperative since people will not be willing to pay this percentage of their incomes for mortgage payments or rent.

I would like also to emphasize that none of this new legislation will do the job without energetic and effective administration by the Department of Housing and Urban Development. That Department must clearly focus its activities on the problems of the disadvantaged and of blighted areas, as has the Senate in this bill. I would hope that high on the list of priorities for a new administration would be submission of a simplified omnibus housing measure which would try to codify and weave together in one document the vast panoply of housing and urban development measures which we have passed over the years. The very great and largely unnecessary complexity of housing programs seriously hinders implementation at the local level and renders effective congressional oversight almost impossible.

I would hope also that a new administration will submit new proposals in the area of rehabilitation, which in my view is not adequately dealt with in this bill. Our previous rehabilitation loan and grant programs have been far too restricted in both concept and funding. As of March 1 of 1967, the rehabilitation loan program in its 2½ years of existence had loaned only \$3.9 million, while the grant program had reached only 2,310 persons with a little over \$3 million. Rehabilitation techniques offer particular attraction in dealing with serious metropolitan housing problems. First, they permit a speedy attack on the problem, unhindered by many of the land acquisition and development costs associated with new construction. Second, rehabilitation cuts costs. New York City calculates that it spends around \$22,500 for every new low-income unit in a high-rise building which it erects. But a comparable size unit in a five-story walk-up can be made over for roughly \$13,000. Third, rehabilitation is suitable to a broad-scale attack. The Institute of Public Administration indicated that on the 5,000 worst blocks in New York City, there are 52,000 substandard dwellings containing 300,000 units. Of these, some 22,000 of the larger structures, containing 229,000 units or 70 percent of the units, were thought to be suitable for rehabilitation. Fourth, it is possible to avoid many of the difficult relocation problems by using the rehabilitation technique rather than demolition and new construction.

Last year, I offered a set of bills, S. 1198, S. 1199, S. 1200, and S. 1201, providing a variety of tax incentives and other forms of financial assistance to encourage rehabilitation. I regret that the committee did not include these techniques in its bill, and I will continue to put them forward in the months ahead looking toward a fresh effort in this area by a new administration.

I would like at this point to cite the several provisions in this legislation

which are the result of my amendments or of measures which I cosponsored, or which were duplicated by the administration after I had introduced legislation. First, I am particularly pleased to see the strong support given in this bill to the concept of home ownership. If we have learned anything in recent years through antipoverty efforts, it is that we must couple assistance programs with elements that provide motivation and dignity if we are to achieve an end to poverty and degradation in this society. I am proud that it was a Republican effort, in which I joined and which was led by Senator PERCY in offering last year the National Home Ownership Foundation Act, which produced this emphasis on home ownership in this bill.

Second, I am pleased to see that the committee has accepted, in section 202 (d), the provisions of S. 2802 which I introduced on December 15 of last year, allowing projects assisted by State or local financing to be eligible for rent supplements. This measure had previously passed the Senate, as part of the 1966 housing bill, but was dropped in conference. Many States, including Illinois, Pennsylvania, Massachusetts, Connecticut, New York, New Jersey, have programs making money available at lower rates of interest than is presently available in the open market to private nonprofit sponsors, dividend corporations or cooperatives. Under the existing rent supplement program, such housing is not eligible to receive rent supplement recipients, although it seems fair to say that this housing has at least as good a qualification for inclusion in that program as housing assisted under the similar Federal program—section 221(d)(3).

This proposal does not extend rent supplement coverage beyond private housing, rather, it provides a technique whereby much State and local assisted private housing can be opened up for low-income persons through the rent supplement technique. For example, under the Mitchell-Lama, some 8,000 units are being constructed annually in New York City which are presently renting to the \$7,000 to \$9,000 income category and which, through rent supplements, could be made available to lower income persons.

Third, I was pleased to see that the administration proposed and the committee accepted the section 236 program providing interest subsidies for rental housing for low-income persons. That interest subsidy approach was first supported for rental housing by me in S. 2801, introduced on December 15 of last year. Under my proposal the Government would have paid the difference between payments based on a 3-percent mortgage and those at the market rate; the committee and the administration have significantly improved that proposal by allowing a subsidy down to a 1-percent mortgage level.

Fourth, I am pleased to see the committee has once again accepted my proposal for Federal interest subsidies for the bonds of colleges and universities sold to raise funds for dormitory and college-housing construction. I was joined in that proposal last year by Sen-

ator PROXMIER, without whose strong efforts in the development and work on this program in committee it certainly would not have been possible. I am pleased that the committee has again, as it did in S. 2700 which it reported last year, made \$10 million in loan differential payments available—an amount which will support at least \$3 to \$4 million of college-housing bonds.

Fifth, I am pleased to see the committee has increased the limits relating to rehabilitation grants to individuals and families under section 115 of the Housing Act of 1949 and has also moved to increase the geographic scope of coverage of the rehabilitation loan program under section 312 of the Housing Act of 1964. I had advanced those two proposals last year in S. 1200 and S. 2800, and while the committee did not precisely use my language it has accepted analogous provisions which I regard as very useful.

Sixth, I would like to congratulate the administration and the committee for the advancement of the National Housing Corporation and partnership idea which is embodied in title IX of this bill. I, myself, first offered a proposal to establish a profitmaking Economic Opportunity Corporation to enlist the efforts of private enterprise in antipoverty activities, including housing, as far back as 1965. In the intervening years the administration has consistently opposed this idea, stating that it could not be done and that certainly no profit could successfully be made. It may well be that profit will be minimal or even entirely lacking, but the vehicle is one which merits experimentation, offers the prospect improved liaison with the private sector, and makes possible a variety of tax advantages for private investors, and I am pleased that the administration has at last accepted this type of approach in this bill.

Seventh, I am pleased to see that the committee has accepted the administration's proposal to establish a National Insurance Development Corporation, which is similar in a great many respects to the legislation which I introduced (S. 2407) to deal with the need for insurance for the many businessmen in areas threatened by civil disorders. This measure is critically important, and I would hope that it can be enacted in the very near future—splitting it off from this measure if necessary to avoid further delay.

While this legislation is entirely commendable and greatly necessary in its major outlines, there are still some provisions which I feel should be inserted at this point, and which I will now offer as amendments.

Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The BILL CLERK. On page 3, line 1, beginning with "shall," strike out all through "housing." on line 5 and insert in lieu thereof the following:

shall—

(1) require, in consultation with the Secretary of Labor, that, to the greatest extent feasible, opportunities for training and employment arising in connection with the planning, construction, rehabilitation, and operation of housing assisted under such pro-

grams be given to lower income persons residing in the area of such housing; and

(2) require, in consultation with the Administrator of the Small Business Administration, that, to the greatest extent feasible, contracts for work to be performed pursuant to such programs shall be awarded to business concerns, including but not limited to individuals or firms doing business in the fields of design, architecture, building construction, rehabilitation, maintenance, or repair, located in or owned in substantial part by persons residing in the area of such housing.

Mr. JAVITS. Mr. President, I yield myself 10 minutes.

The PRESIDING OFFICER. The Senator from New York is recognized for 10 minutes.

Mr. JAVITS. Mr. President, I should like the attention of the Senator in charge of the bill, and his counterpart on the Republican side. I have discussed three amendments with the Senator in charge of the bill which I think are satisfactory to him. I shall, of course, explain them to the Senate and hope very much that they will be satisfactory to the Senate. But he did want me to mention, when I spoke, exactly everything I had in mind on the housing bill. Thus, as he is such a warm friend and I have such high regard for him, I shall inform the Senate now of everything I have in mind, and then if he can see his way clear to accept the three amendments, it would be very gratifying to me.

Mr. President, the first of the three amendments has to do with helping small business in the ghettos. Another one involves housing assisted under State or local financing programs, such as New York State's Mitchel-Lama housing program, which would be made eligible for an interest subsidy. The third, which the Senator has also seen, relates to subsequent tenants in cooperatives taking over from the preceding tenants.

Another amendment, which is of interest to the Senator from Illinois [Mr. PERCY], who is not available at the moment, which would put the Senate on the track of trying to do something about local contractors, especially ghetto small business and minority group entrepreneurs who cannot get bonding, in the hope that some Government plan could be arranged to help them get such bonding capabilities so that they would get a better break in trying to get some of this business. That is the big problem, especially with minority people in the small business field. I shall hold that amendment until I have an opportunity to consult the Senator from Illinois [Mr. PERCY] and will not present it until he has had an opportunity to consider whether he will join me and what he would like to see done about it.

The fifth amendment is one which I have discussed with the Senator from Alabama [Mr. SPARKMAN] and the Senator from Texas [Mr. TOWER] and it is my hope that the Senator from Texas will give it earnest consideration.

It relates to the composition of the proposed Advisory Commission on Low-Income Housing. I shall not state what it is about at this time. I just identify it that way. I expect to hold that one, too, in the hope that the Senator from Texas

may give it favorable consideration, perhaps at a later time today.

Thus, there are five amendments, three of which the Senator from Alabama has seen, and two to which I have just referred and which I shall propose to the bill.

As I say, if, under those circumstances, the Senator would be prepared to give favorable consideration to the three amendments, I am prepared to proceed.

Mr. SPARKMAN. Mr. President, I have discussed these amendments with the Senator from New York and told him I would be willing, for my part, to accept these three amendments. They are amendments which make slight changes, but, at the same time, I consider effective changes, and I believe they will improve the program we are trying to carry out.

Mr. JAVITS. I thank my colleague very much.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. TOWER. Mr. President, I believe these are constructive amendments, and certainly, for my side, I am prepared to accept them. Perhaps we can vote on them in order.

Mr. SPARKMAN. Mr. President, have all three amendments been offered?

Mr. JAVITS. Not yet, but I will offer them, and then I expect to make a short statement for the RECORD.

Mr. President, I ask unanimous consent that I may call up the two additional amendments referred to and that all three may be considered en bloc.

The PRESIDING OFFICER. Is there objection? Without objection, the amendments will be considered en bloc.

The last two amendments will be stated by the clerk.

The bill clerk read the two amendments, as follows:

On page 4, strike out all of lines 16, 17 and 18 and the words "the family: *Provided*," on line 19, and insert in lieu thereof the following: "which was completed after the effective date of this section: *Provided*, that if the initial cooperative member receiving assistance payments transfers his membership and occupancy rights to another person who satisfies the eligibility requirements prescribed by the Secretary, such new cooperative member may qualify for assistance payments upon the filing of an application with respect to the dwelling unit involved to be occupied by him: *Provided further*."

On page 55, line 6, delete "section 221;" and insert the following: "section 221, or a private nonprofit corporation or other private nonprofit legal entity, a limited dividend corporation, or other limited dividend legal entity, or a cooperative housing corporation, which is the owner of a rental or cooperative housing project financed under a State or local program providing assistance through loans, loan insurance, or tax abatements;"

Mr. JAVITS. Mr. President, I yield myself 10 minutes to make a brief explanation of each amendment, which Members may want to hear.

The first amendment relates to the utilization of individuals who live in slums and ghettos as employees, and of ghetto based business concerns as contractors or subcontractors, within various housing programs including public

housing and the new interest subsidy programs contemplated in this bill. That is contained at the top of page 3. The contracting opportunity, which was not in the Committee's bill, is made available, wherever feasible, to business enterprises which are located in such areas or are owned in substantial part by area residents.

As there are many of these, especially in the field of housing construction, it is a very desirable expansion of the opportunity which is contained at the top of page 3 in the current bill. It is highly desirable to stimulate such minority ownership and economic development activity in the ghettos, and this procurement preference approach permits that at negligible cost to Government.

The Senator from Pennsylvania [Mr. CLARK] and the Senator from Vermont [Mr. PROUTY], who is present on the floor, and I have learned about this from our work in the Manpower Subcommittee of the Committee on Labor and Public Welfare.

The second amendment picks up an item in the bill which is rather important. In the proposed section 235, the interest-subsidy benefits are limited to the initial member and occupant of a dwelling in a cooperative. This limitation will prevent the program from meeting the continuing need for housing low- and moderate-income families in cooperatives because it prevents a vacated dwelling unit from being sold for occupancy by a subsequent eligible family.

The amendment would correct this. A subsequent member who meets the income limits would be eligible to obtain an interest subsidy. The cooperative program differs from individual ownership because the 40-year project mortgage continues upon resales of cooperative memberships, in contrast to sales of single family homes when there is generally a new mortgage and refinancing. Moreover, upon the sale of a cooperative membership, the income limits would be enforced by the cooperative corporation to assure that the purchaser is eligible—subject to FHA supervision. Also, the cooperative has an option to repurchase at a reasonable price which the subsequent eligible purchaser can afford.

The third amendment relates to a situation in the State of New York—and it is true in several other States—in which nonprofit and other private owners of rental or cooperative housing are financed under a scheme, which in New York we call Mitchel-Lama, through direct mortgage loans or pooled mortgaged loans operated under a State or under a local program, with the funds usually raised through State or local bond sales. There is no reason why projects originating from local or State initiative of a private nature should not be eligible for the interest subsidy which is authorized by the bill. The third amendment makes them eligible for that purpose, in the same manner in which the committee accepted my amendment applying rent supplements to such programs.

Those are the three amendments. I hope the Senate will act favorably on those amendments.

I am prepared to yield back the balance of my time.

Mr. PROXMIRE. Mr. President, before I yield back the balance of my time, let me say that I have talked to Chairman SPARKMAN. He is happy to take these amendments. They are good amendments. He has no objection to them.

I yield back my time.

Mr. JAVITS. Mr. President, I ask unanimous consent that the three amendments may be considered en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered.

All time on the amendments has been yielded back. The question is on agreeing to the three amendments en bloc.

The amendments were agreed to en bloc.

Mr. JAVITS. Mr. President, I thank my colleagues very much. I will reserve the other two amendments.

Mr. TOWER. Mr. President, I ask unanimous consent that I may suggest the absence of a quorum without the time consumed being charged to either side.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. TOWER. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. TOWER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. JAVITS. Mr. President, on behalf of myself, Senator PERCY, Senator HART, and Senator BROOKE, I send an amendment to the desk and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The BILL CLERK. The Senator from New York [Mr. JAVITS], for himself and others, proposes an amendment as follows:

On page 35, line 9, insert after "Government" and before the period the following: "and of whom four shall be representative of persons eligible for lower income housing".

Mr. PROXMIRE. Mr. President, will the Senator from New York yield?

Mr. JAVITS. I yield.

Mr. PROXMIRE. Will the Senator add my name as a cosponsor?

Mr. JAVITS. I shall be happy to.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. JAVITS. I yield.

Mr. TOWER. Since I am the author of the provision in the bill providing for this Commission, I should like to say that the amendment is entirely acceptable to me. I think it is a constructive approach, and I certainly have no objection to the adoption of the amendment.

Mr. JAVITS. I am very grateful. I yield myself 5 minutes.

Mr. President, the whole point here is to try to give recognition to those who will be benefited by the low-income housing through suitable representatives upon the one Commission which is established under the bill, which affords an advisory body to the President of the United States and to the Secretary of

Housing and Urban Development on this question of low-income housing. It is really the first, and a most desirable, effort to let representatives of those who are directly affected—to wit, those eligible for low income housing—serve upon this very high level and very important Commission.

I think it will be extremely helpful. I think it represents a question of principle and policy of the highest importance with respect to the new concept toward which we are moving in so many areas of our national life, of giving people an opportunity to sit in on the decision making process, and at least participate, though they do not control it. In this case it would be four members out of twenty-one.

Therefore, I express my deep gratitude to the manager of the bill and to the ranking minority member for their willingness to accept the amendment and for their fine understanding of the reason which dictated our proposal.

One last thing, Mr. President. I am advised that in the amendment which the committee accepted, at page 55, line 6 of the bill, there is a clause to be added at the request of HUD, in order to perfect the legal part of it, and that the clause which is to be added to the amendment reads as follows: "and which, prior to completion of construction or rehabilitation, is approved for receiving the benefits of this section."

I ask unanimous consent that that may be added to the amendment as adopted.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. JAVITS. Mr. President, I further ask unanimous consent that the name of the Senator from New Jersey [Mr. CASE] may be added to the pending amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. JAVITS. I am prepared now to yield back the remainder of my time.

Mr. PROXMIRE. Mr. President, before I yield back the remainder of my time, I think it is very appropriate that this amendment should be added to the Tower provision in the bill—the so-called Tower provision, though the Senator from Texas is responsible for many features of the pending measure—because he has fought harder than any other member of the committee for making this housing bill help those who need it most—the people with low incomes.

The Javits amendment is right in line with what the Senator from Texas has worked very hard for.

Mr. JAVITS. Mr. President, just one further statement in behalf of myself.

Senator Tower, in a sense, succeeded me on the committee, and I cannot refrain from telling him with what satisfaction I have seen him develop as a leader on the committee. Many think of him as a conservative, but, like the late great Senator Taft of Ohio, he has grasped and acted upon the problem of housing in a really unparalleled way of statesmanship, and I heartily join the Senator from Wisconsin in noting that fact.

Mr. TOWER. Mr. President, I express

my deep appreciation to both my colleagues, the Senator from Wisconsin and the Senator from New York, for their generous comments. I will try to merit their praise.

Mr. JAVITS. Mr. President, I ask unanimous consent that the name of the Senator from Pennsylvania [Mr. SCOTT] be added as a cosponsor.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. JAVITS. I yield back the remainder of my time.

Mr. PROXMIRE. I yield back the remainder of my time.

The PRESIDING OFFICER. All remaining time having been yielded back, the question is on agreeing to the amendment of the Senator from New York.

The amendment was agreed to.

Mr. TOWER. I move to reconsider the vote by which the amendment was agreed to.

Mr. JAVITS. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

#### MESSAGE FROM THE HOUSE

A message from the House of Representatives by Mr. Hackney, one of its reading clerks, announced that the House had passed the following bills of the Senate, each with an amendment, in which it requested the concurrence of the Senate:

S. 1941. An act to prevent, abate, and control air pollution in the District of Columbia, and for other purposes; and

S. 1999. An act to amend the District of Columbia Public Education Act.

The message also announced that the House had passed the following bills, in which it requested the concurrence of the Senate:

H.R. 14907. An act to amend the Federal Credit Union Act;

H.R. 17324. An act to extend and amend the Renegotiation Act of 1951; and

H.R. 17417. An act to prohibit extortion, or the transmission of threats to persons or property, by means of telephone, telegraph, radio, oral, or written communications, or otherwise, in the District of Columbia.

#### HOUSE BILLS REFERRED

The following bills were severally read twice by their titles and referred, as indicated:

H.R. 14907. An act to amend the Federal Credit Union Act; to the Committee on Banking and Currency.

H.R. 17324. An act to extend and amend the Renegotiation Act of 1951; to the Committee on Finance.

H.R. 17417. An act to prohibit extortion, or the transmission of threats to persons or property, by means of telephone, telegraph, radio, oral, or written communications, or otherwise, in the District of Columbia; to the Committee on the District of Columbia.

#### MESSAGE FROM THE PRESIDENT

A message in writing from the President of the United States was communicated to the Senate by Mr. Geisler, one of his secretaries.

## HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

AMENDMENT NO. 821

Mr. PROXMIRE. Mr. President, I call up my amendment No. 821, and ask for its immediate consideration.

The PRESIDING OFFICER. The amendment will be stated.

The bill clerk proceeded to read the amendment.

Mr. PROXMIRE. I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. PROXMIRE's amendment is as follows:

On page 49, after line 23, insert a new section as follows:

"NEW TECHNOLOGIES IN THE DEVELOPMENT OF HOUSING FOR LOWER INCOME FAMILIES

"SEC. 110. (a) In order to encourage the use of new housing technologies in providing decent, safe, and sanitary housing for lower income families; to encourage large-scale experimentation in the use of such technologies; to provide a basis for comparison of such technologies with existing housing technologies in providing such housing; and to evaluate the effect of local housing codes and zoning regulations on the large-scale use of new housing technologies in the provision of such housing, the Secretary of Housing and Urban Development (hereinafter referred to as the 'Secretary') shall institute a program under which qualified organizations, public and private, will submit plans for the development of housing for lower income families, using new and advanced technologies, on Federal land which has been made available by the Secretary for the purposes of this section, or on other land where (1) local building regulations permit the construction of experimental housing, or (2) State or local law permits variances from building regulations in the construction of experimental housing for the purpose of testing and developing new building technologies.

"(b) The Secretary shall approve those plans utilizing new housing technologies which are submitted to him pursuant to the program referred to in subsection (a) and which he determines are most promising in furtherance of the purposes of this section. In making such determination the Secretary shall consider—

"(1) the potential of the technology employed for producing housing for lower income families on a large scale at a moderate cost;

"(2) the extent to which the plan envisages environmental quality;

"(3) the possibility of mass production of the technology; and

"(4) the financial soundness of the organization submitting the plan, and the ability of such organization, alone or in combination with other organizations, to produce at least 1,000 dwelling units a year utilizing the technology proposed.

"(c) In approving projects for mortgage insurance under section 233(a)(2) of the National Housing Act, the Secretary shall seek to achieve the construction of at least 1,000 dwelling units a year over a five-year period for each of the various types of technologies proposed in approved plans under subsection (b). The Secretary shall evaluate each project with respect to which assistance

is extended pursuant to this section with a view to determining (1) the detailed cost breakdown per dwelling unit, (2) the environmental quality achieved in each such unit, and (3) the effect which local housing codes and zoning regulations have, or would have if applicable, on the cost per dwelling unit.

"(d) Notwithstanding the provisions of the Federal Property and Administrative Services Act of 1949, any land which is excess property within the meaning of such Act and which is determined by the Secretary to be suitable in furtherance of the purposes of this section may be transferred to the Secretary upon his request.

"(e) The Secretary shall, at the earliest practicable date, report his findings with respect to projects assisted pursuant to this section (including evaluations of each such project in accordance with subsection (c)), together with such recommendations for additional legislation as he determines to be necessary or desirable to expand the available supply of decent, safe, and sanitary housing for lower income families through the use of technologies the efficacy of which has been demonstrated under this section.

"(f) Section 233 of the National Housing Act is amended—

"(1) by inserting '(1)' after 'Sec. 233. (a)' and by adding at the end of subsection (a) a new paragraph as follows:

"(2) The Secretary is further authorized to insure and to make commitments to insure, under this section, mortgages (including advances on mortgages during construction) secure by properties in projects to be carried out in accordance with plans approved by the Secretary under section 110 of the Housing and Urban Development Act of 1968; and

"(2) by inserting at the end of subsection (c) a new sentence as follows: 'Any authority which the Secretary may exercise in connection with a mortgage, or property covered by a mortgage, insured under any other section of this title (including payments to reduce rentals for, or to facilitate home ownership by, lower income families) may be exercised in connection with a mortgage, or property covered by a mortgage, meeting the requirements of such other section (except as specified in subsection (b)), which is insured under this section to the same extent and in the same manner as if the mortgage insured under this section was insured under such other section.'

On page 23, line 19, after "223(e)," insert "233(a)(2)."

On page 24, line 6, after "223(e)" insert "or 233(a)(2)."

On page 24, line 16, after "223(e)," insert "233(a)(2)."

Mr. PROXMIRE. Mr. President, on page 2, line 16, I modify my amendment to insert, after the word "approve", "not more than 5", and to strike the word "those".

The PRESIDING OFFICER. The amendment will be so modified.

Mr. PROXMIRE. Mr. President, this amendment was inspired by the distinguished former Senator from Illinois, Hon. Paul Douglas, who, as we all know, has been working, as his major occupation—though he has had many responsibilities since he left the Senate—as the head of a Commission on Housing appointed by President Johnson.

One of the important recommendations of the Douglas commission will be that Congress and the housing industry work hard to improve technology in housing, so that decent housing can be brought within the reach of the American people without an enormous burden on them and to reduce as much as possible the

tremendous burden on the Federal budget.

Former Senator Douglas has pointed out that, more than any other industry, housing is characterized by rising costs and low productivity increases; also, that local building codes often hamper the development of new technology. Consequently, there are large and efficient industrial firms, with proven know-how, that have not been attracted to housing construction.

This amendment would help in this respect by providing that HUD would have the opportunity—and it is permissive—to engage in large-scale experimentation, with groups of at least a thousand units, so that the economies of scale necessary to achieve the desired result could be realized.

Senator Douglas has stated that his experience is that where experimentation has been made by our Housing Administrations in the past, they have confined themselves to such a small number of houses that they have not been able to prove out new technology. For example, the existing FHA experimental housing program has only constructed 322 projects which consist of 1,494 units, or an average of five units per project.

The need to establish an effective experimental housing program was made clear in testimony presented to the Housing Subcommittee by former Senator Paul H. Douglas, now Chairman of the President's Commission on Urban Problems. More than any other industry, housing is characterized by rising costs and low productivity increases. Local building codes often hamper the development of new technology. Large and efficient industrial firms with proven know-how have not been attracted to housing construction. The amendment would implement the recommendations of former Senator Douglas by giving the Secretary of HUD additional authority to develop new housing technology.

The amendment permits the Secretary to insure mortgages on housing constructed for the purpose of developing new housing technology. In providing such mortgage insurance, the Secretary would have the same authority he would have if the project met the requirements of another HUD housing program such as rent supplements; the new home ownership program under section 235 of the Housing Act; the new rental interest subsidy program under section 236; and the existing 221(d)(3) program for low- and moderate-income families. Thus the authority to make payments for rent supplements or for interest subsidy payments or to purchase mortgages through FNMA would be extended to the new experimental housing program. Rather than set up a separate new program with additional financing, the amendment would rely upon the authorities and funding already provided under existing housing programs. The Secretary would have the authority to use these programs for developing new technology as well as for providing housing.

In approving new technology projects, the Secretary would be guided by the following criteria:

First. The project must improve building technology for housing for lower income families;

Second. The project must provide for environmental quality;

Third. The project must lead to the possibility of mass production techniques;

Fourth. The organization submitting the project must have the financial and technical capability to produce at least 1,000 units a year.

The housing insured under this authority would be constructed on Federal land or on land on which local building codes permit the construction of experimental housing. This would demonstrate what kind of cost reductions are possible in the absence of restrictive building codes.

By focusing on large-scale projects, the proposed amendment is expected to lead to substantial breakthroughs in housing technology. Additional testimony presented to the committee by Edgar F. Kaiser and Walter Reuther indicates that substantial cost reductions in housing will not be possible unless large-scale construction techniques are employed. Although HUD already has an experimental housing program, it has operated on a small scale, with the result that substantial cost reductions have not been achieved.

If a larger scale experimental housing program is conducted, some of the larger industrial firms may be expected to enter the housing field. Should substantial economies and technological improvements be realized, the cost of the administration's 10-year housing program can be considerably reduced. Thus, by using existing housing programs for experimental purposes, the potential exists for making more lower income housing available at lower cost.

It should be emphasized that the authority conferred upon the Secretary is permissive and not mandatory. The Secretary is given the authority to insure mortgages for projects which seek to develop new technology, but he is not required to use such authority. It might develop that sponsors would not submit enough promising or financially sound projects. If this were the case, the authority would remain inactive. However, if a potential for developing new building technology does exist, HUD would be given the authority to exploit it. Thus, under the proposed amendment, we have everything to win and nothing to lose.

To summarize, the following points should be emphasized:

First. The amendment does not require additional funds. It utilizes the funds in existing programs.

Second. The amendment offers the possibility of significantly lowering building costs and thus future requirements for Federal aid.

Third. The proposed experimental housing program would be organized on a large scale—for example, at the rate of 1,000 units a year—to foster mass production techniques and attract large industrial investors.

Fourth. The authority conferred on the Secretary is permissive.

Mr. President, I have discussed the amendment with the chairman of the committee and he supports the provision. I have discussed it also with the distinguished ranking minority member of the committee.

Mr. TOWER. Mr. President, will the Senator yield for a question?

Mr. PROXMIRE. I yield.

Mr. TOWER. Mr. President, I agree with this concept. The only question I have to raise is as to what difficulties we may run into relative to local zoning ordinances and codes.

Mr. PROXMIRE. The answer is that the housing would either be constructed on Federal land or in areas where, in order to have an opportunity to have the housing constructed, the local authorities are willing and able to waive the code restrictions.

Mr. TOWER. I think it should be emphasized that this is not an attempt to get around local zoning or construction codes of any kind.

Mr. PROXMIRE. No, indeed. I think that is an excellent point, because these codes have very constructive uses. However, they have been used at times to prevent technological advance.

This is an attempt to show what can be done in the event we waive the restrictive elements so that the housing can be constructed. The waiving will be done by those who have jurisdiction.

Mr. President, I yield back the remainder of my time.

Mr. TOWER. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. All time having expired, the question is on agreeing to the amendment of the Senator from Wisconsin.

The amendment was agreed to.

Mr. TOWER. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. CLARK. Mr. President, I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. CLARK. Mr. President, I send an amendment to the desk and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The legislative clerk read as follows:

On page 129, strike out line 19.

On page 129, line 21, insert "(a)" after "SEC. 604."

On page 129, after line 23, insert the following:

"(b) Section 702 of such Act is amended by adding at the end thereof a new subsection as follows:

"(d) In the administration of this section the Secretary shall require that, to the greatest extent practicable, new job opportunities be provided for unemployed or underemployed persons in connection with projects the financing of which is assisted under this section."

The PRESIDING OFFICER. Does the Senator want the amendments considered en bloc?

Mr. CLARK. There is only one amendment.

The PRESIDING OFFICER. It deals with different parts of the bill.

Mr. CLARK. Mr. President, I ask

unanimous consent that the amendments be considered en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CLARK. Mr. President, my amendment will help provide jobs for the unemployed and underemployed people in our economy. My amendment would require the Secretary of Housing and Urban Development to the extent practicable to provide new job opportunities for unemployed or underemployed persons in connection with projects for financing water or sewage facilities under section 702.

Sanitation control is one of the few sectors in our economy which requires large proportions of unskilled labor. Indeed, of all the major types of construction activity, sanitation control requires the highest proportions of unskilled labor. Department of Labor studies indicate that common laborers account for 40 percent of the man-hours and 50 percent of the wages for construction of sewage treatment plants and lines. In short, sanitation control can be a formidable tool in job creation for the hard-core unemployed.

My amendment extends the concept that the Senate Banking and Currency Committee has already endorsed in section 3 of the bill. Section 3 provides that in the large housing programs the Secretary of Housing and Urban Development shall require to the greatest extent feasible, opportunities for employment arising in connection with construction or rehabilitation of housing for lower income persons residing in the area.

Unemployment rates in this country have been dropping significantly in recent years and months. Along with this trend, however, our economy has been eliminating unskilled jobs at a tremendous rate.

The President's manpower report for this year pointed out that despite our recent rapid economic growth, "there were virtually no additional opportunities for unskilled and semiskilled workers."

This declining demand for unskilled workers is taking place in the face of continued high unemployment rates for certain groups. Teenage employment rose from 11.6 percent in the beginning of last year to 14 percent in the last quarter. The rate of Negro joblessness continues to be more than twice the rate for white workers. The unemployment rate for Negro teenagers is 26.5 percent.

But unemployment rates mask the number of workers who are trapped in poverty. There are many people who work full time who earn less than the poverty level income. When combined with the unemployed this concept is called subemployment. The subemployment rates in our cities are shocking. For example, the subemployment rate in Philadelphia is 34 percent, in St. Louis 39 percent, in Harlem 33 percent, and in New Orleans 45 percent. The amendment would include the underemployed who make up the bulk of the workers in the subemployment rate.

My Subcommittee on Employment, Manpower, and Poverty has just com-

pleted extensive hearings on employment opportunities for the poor. The concept of special job opportunities for the disadvantaged in the public sector, as proposed by my amendment, has been endorsed by a wide array of organizations such as the Urban Coalition, the National Advisory Commission on Civil Disorders, and the National Advisory Commission on Rural Poverty. What I am proposing is not to create make-work, but rather to provide the people who most need jobs the best chance to be employed in this established program.

The Senate has already endorsed this principle by voting in favor of Senator JAVITS' amendment to the Defense procurement and research and development authorization for fiscal year 1969. The intent of the Javits amendment was identical to mine and it was approved by a wide margin.

Mr. President, I have discussed the pending amendment with the manager of the bill who tells me he is happy to accept it. I have given a brief explanation of the amendment to the ranking minority member, to whom I am now happy to yield.

Mr. TOWER. Mr. President, the Senator anticipates the use of indigenous workers and not the importation of workers from other areas?

Mr. CLARK. They will be right from the locality where the sewage treatment plant would be.

Mr. TOWER. They would be indigenous workers?

Mr. CLARK. The Senator is correct.

Mr. TOWER. Mr. President, I agree to accept the amendment.

Mr. JAVITS. Mr. President, will the Senator yield?

Mr. CLARK. I yield.

Mr. JAVITS. Mr. President, I am grateful to the Senator from Pennsylvania for joining as a cosponsor of my amendment. I would like the privilege of joining with the Senator as a cosponsor of the pending amendment.

Mr. CLARK. Mr. President, I ask unanimous consent that the name of the senior Senator from New York [Mr. JAVITS] be listed as a cosponsor of my amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CLARK. Mr. President, I yield back the remainder of my time.

Mr. PROXMIRE. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. All time having expired, the question is on agreeing en bloc to the amendments of the Senator from Pennsylvania.

The amendments were agreed to.

Mr. CLARK. Mr. President, I move to reconsider the vote by which the amendments were agreed to.

Mr. BYRD of West Virginia. Mr. President, I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. PROXMIRE. Mr. President, I yield 3 minutes on the bill to the distinguished Senator from Pennsylvania.

The PRESIDING OFFICER. The Senator from Pennsylvania is recognized for 3 minutes.

Mr. CLARK. Mr. President, I support the President's omnibus housing bill, as reported by the Committee on Banking and Currency.

The bill's emphasis on homeownership for our less affluent citizens is particularly gratifying. For me this bill represents the culmination of an effort begun nearly a year ago when I introduced S. 2115, a bill to make the benefits of FHA home financing equally available to all potential homebuyers.

That bill, with minor modifications has been incorporated into sections 102 and 104 of the pending bill. It bears the endorsements of the Committee on Banking and Currency and the Johnson administration. I hope that it, together with the rest of this admirable legislative package, will promptly be approved by both houses and signed into law by the President.

The new program, entitled, "Special Mortgage Insurance Assistance," which is authorized by section 102, is essentially a modest one. No interest rate subsidy is involved. No new private or semipublic corporation need be created to make it effective. It is not intended as a substitute for public housing, rent supplements, or subsidized interest rate programs.

What it will do, at the present mortgage limit, is to permit 15,000 families who would not have been able to get FHA's help in financing their home purchase, to have that very substantial advantage. And with the counseling services which would be provided as an integral part of this program, I am confident that most, if not all, of these families will be able to meet their payments and to buy and own their own houses, and obtain all the pride and satisfaction that home ownership can provide.

I want to make it crystal clear, however, that this program is not being designed as simply another way for the FHA to make money. We expect the FHA to take risks, and we expect some of those risks to be costly. That is why we are setting up a special risk insurance fund, which is authorized in section 104. The FHA is put on notice here and now that what Congress intends is to provide a chance for home ownership for people who are not normally considered good risks. In short, we are interested in homeownership, not profits for FHA.

Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. The bill is open to further amendment.

Mr. PROXMIRE. I suggest the absence of a quorum and ask unanimous consent that the time not be charged to either side.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. PROXMIRE. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore (Mr. METCALF). Without objection, it is so ordered.

Mr. BAYH. Mr. President, I send an amendment to the desk and ask that it be read.

The ACTING PRESIDENT pro tempore. The amendment will be stated.

The assistant legislative clerk read the amendment, as follows:

On page 214, between lines 3 and 4, insert the following new subsection:

"(f) No person who has been convicted of committing a felony during said riot or civil disorder shall be permitted to benefit from disaster relief provisions of the disaster relief laws of the United States."

Mr. BAYH. Mr. President, yesterday we were involved in a rather lengthy colloquy concerning whether the disaster provisions of the bill before the Senate should be expanded to provide relief for manmade disasters such as those which, unfortunately, have confronted us in some of our major cities during the past summer or two. Several Senators were of the opinion that the unfortunate and innocent people who comprised the large bulk of the victims should have the advantage of OEO funds as well as Small Business and housing funds.

After the debate was concluded, a compromise was reached, in which, as I recall, the first provision was dropped; in other words, public funds would be denied in the event of riots, but loans through SBA and FHA would be permitted.

It seems to me that during the colloquy there was no dispute about the relative merit of the amendment I have presented, which is to the effect that regardless of what disorder provisions one tried to take advantage or benefit from, he should not be permitted to benefit from the disaster provisions if he had a part in starting or took an active part in carrying on the riot or disaster.

All my amendment would do would be to provide that one may not receive benefits from the disaster provisions in the event that he is convicted and implicated as having taken part in the riot.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. BAYH. I yield.

Mr. TOWER. For our side, we are perfectly willing to accept this amendment, Mr. President.

Mr. PROXMIRE. Mr. President, we have no objection. I believe it is a good amendment. We discussed it yesterday. I yield back the remainder of my time.

Mr. BAYH. I yield back the remainder of my time.

The ACTING PRESIDENT pro tempore. The question is on agreeing to the amendment offered by the Senator from Indiana.

The amendment was agreed to.

The ACTING PRESIDENT pro tempore. The bill is open to further amendment.

Mr. TOWER. Mr. President, I ask unanimous consent that I may suggest the absence of a quorum, without the time being charged to either side.

The ACTING PRESIDENT pro tempore. Is there objection? The Chair hears none, and it is so ordered.

The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. PROXMIRE. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

#### ORDER OF BUSINESS

Mr. PROXMIRE. Mr. President, I yield 7 minutes to the distinguished Senator from Virginia.

The ACTING PRESIDENT pro tempore. The Senator from Virginia is recognized for 7 minutes.

#### INTEREST ON THE NATIONAL DEBT

Mr. BYRD of Virginia. Mr. President, the Treasury Department announced today that the interest on the national debt for the current fiscal year will be \$1.1 billion more than it was last year. Stated another way, the interest on the national debt for the current fiscal year, which ends next month, will be \$14.5 billion. The increase of \$1.1 billion for that one item is a significant and important increase.

Mr. President, let us put this matter in perspective. Let us judge the difficulty of raising \$1.1 billion.

I wish to cite a few figures.

Let us assume that Congress were to pass legislation confiscating all income of every individual over \$50,000—\$100,000 on a joint return. If Congress were to confiscate all income of every individual over \$50,000—\$100,000 on a joint return—and if that money were paid into the Federal Treasury, how much money would that bring in?

The additional revenue gained would be \$700 million, or far less than just the increase in the interest on the national debt which the taxpayers of this Nation will pay this fiscal year compared to what they paid last fiscal year.

I think it important that those of us who are in Congress recognize and realize that the bulk of the taxes in our Nation come out of the pockets of the wage earners.

The bulk of the taxes come out of the pockets of those who are in the low- and middle-economic groups.

Seventy-two percent of all the income taxes paid by individuals to the Federal Government are paid by those who earn less than \$15,000; 22 percent of the taxes are paid by those who have net taxable income of less than \$7,000; and 50 percent of the income taxes are paid by those with incomes between \$7,000 and \$15,000.

Mr. President, this is a significant announcement that the Treasury Department has made today to the effect that interest on the national debt for the current year which ends next month will be \$14.5 billion, up \$1.1 billion from the year before.

All of this suggests to me that the Congress and the President jointly must reduce this Federal spending, or the individual citizen of this Nation will be in very bad condition. Not only will taxpayers be hard hit, but all citizens will feel the impact, because if we keep piling up these deficits every citizen will be hit by severe inflation.

According to the ticker tape just a few moments ago the Government announced that the Consumer Price Index

for the past month increased three-tenths of 1 percent, which means every consumer, every housewife, every individual in our Nation is paying three-tenths of 1 percent more through inflation than they paid before—and that is just for 1 month.

Mr. LAUSCHE. Mr. President, will the Senator yield for a question?

Mr. BYRD of Virginia. I am glad to yield to the Senator from Ohio.

The ACTING PRESIDENT pro tempore. The Senator's 7 minutes have expired.

Mr. PROXMIRE. Mr. President, I yield 5 additional minutes to the Senator.

The ACTING PRESIDENT pro tempore. The Senator from Virginia is recognized for 5 additional minutes.

Mr. LAUSCHE. Mr. President, the increase in the interest obligation for the fiscal year 1968 has been \$1.4 billion more than last year?

Mr. BYRD of Virginia. It has been \$1.1 billion more than last year.

Mr. LAUSCHE. That means an increase of approximately 7 percent, or \$1.1 billion as to \$14 billion.

What would the Senator say with respect to the anticipated increase in the interest obligation for 1970? It will run to \$15 billion.

Mr. BYRD of Virginia. In the new fiscal year, it will run above \$15 billion.

Mr. LAUSCHE. Obviously, the Senator from Virginia is disturbed about the tremendous interest obligation which is rising rather than going down either through the imposition of taxes or the reduction in spending.

Mr. BYRD of Virginia. That is correct.

Mr. LAUSCHE. I merely wanted to say to the Senator from Virginia that the astonishing thing to me is that on the floor of the Senate so little is being said about the interest obligation, the debt obligation, and the deficits, yet so much is being said and done toward increasing spending.

My question is, in the face of what the Senator from Virginia has said about the interest obligation, deficits, and the report of the economic council that the cost of living has gone up three-tenths of 1 percent this last month, what are we to anticipate as time goes on unless we change what we are doing?

Mr. BYRD of Virginia. In reply to the Senator, let me say that I think we can anticipate more inflation, more difficulty for the average citizen, more difficulty for the housewife, and more difficulty for the wage earner. Unless the Government is willing to get its financial house in order, we will face a financial crisis. The figures released today amply demonstrate that point.

Mr. LAUSCHE. What will happen to the person receiving an annuity, to the person receiving social security payments, to the person who thriftily put his money aside for the purpose of taking care of him in his old age, for the person who purchased Government bonds patriotically, under the conviction that he would get back every penny he paid for them? What will become of their purchasing power unless we put our

husbandry and the management of our fiscal and financial affairs in good order?

Mr. BYRD of Virginia. They will be hurt, and hurt badly.

I am not concerned about the wealthy. They can take care of themselves. But I am concerned about those to whom the Senator referred, the ones who will be hurt the most by this severe inflation—those of moderate means and those in fixed income.

#### TRADE EXPANSION ACT OF 1968—MESSAGE FROM THE PRESIDENT (H. DOC. NO. 322)

The ACTING PRESIDENT pro tempore (Mr. METCALF). The Chair lays before the Senate a message from the President on the Trade Expansion Act of 1968. Without objection, the message will be printed in the RECORD, without being read, and will be appropriately referred.

The message from the President was referred to the Committee on Finance, as follows:

*To the Congress of the United States:*

A nation's trade lines are its life lines. Open trade lines and active commerce lead to economic health and growth. Closed trade lines end in economic stagnation.

Franklin D. Roosevelt recognized these truths more than 30 years ago, when the Nation and the world were in the grip of depression.

On that March day in 1934 when he asked the Congress to pass the historic Reciprocal Trade Act, he pointed to America's declining world trade and what it meant to the Nation: "Idle hands, still machines, ships tied to their docks."

That Act set in motion three and a half decades of descending tariff barriers and rising world trade. Our producers and farmers found new markets abroad, and American exports multiplied twenty-fold.

This era of commercial progress was capped by the Kennedy Round Agreements reached at Geneva last year—the greatest success in all the history of international trade negotiations.

When I reported to the Congress last November on the Kennedy Round, I said it would mean new factories, more jobs, lower prices to families, and higher incomes for American workers and for our trading partners throughout the world.

Already, through these Agreements, tariff barriers everywhere are falling, bringing savings to consumers, and opening new overseas markets for competitive producers.

But the problems and the promises of world trade are always changing. We must have the tools not only to adjust to change, but to turn change to our advantage.

To prepare for the era of world trade unfolding before us now, I submit to the Congress today the Trade Expansion Act of 1968. This measure will:

—maintain our negotiating authority to settle—advantageously—trade problems and disputes.

- carry out the special Geneva agreement on chemicals and other products.
- improve the means through which American firms and workers can adjust to new competition from increased imports.

## OUR INTERNATIONAL RESPONSIBILITIES

The Trade Expansion Act of 1968 will strengthen relations with our trading partners in three ways.

First, it will extend through June 30, 1970 the President's authority to conduct negotiations for tariff reductions. This authority was contained in provisions of the Trade Expansion Act of 1962 that have expired.

Most of this authority was used in negotiating the Kennedy Round. The unused portion of that authority will give the President the flexibility to adjust tariff rates as future developments might require.

For example, the United States might find it necessary to increase the duty on a particular article—as the result of an "escape clause" action or a statutory change in tariff classification. In such event, we would be obliged to give other nations compensatory tariff adjustments for their trade losses.

Without this authority, we would invite retaliation and endanger American markets abroad.

*I recommend that the President's authority to make these tariff adjustments be extended through June 30, 1970.*

Second, the Trade Expansion Act of 1968 will eliminate the American Selling Price system of customs valuation. This action is necessary to carry out the special agreement reached during the Kennedy Round.

The American Selling Price system has outlived its purpose. It should be ended.

The generally accepted method of valuing goods for tariff purposes—which we and all our trading partners employ—is to use the actual price of the item to the importer.

But many years ago, to protect a few of our fledgling industries, we imposed on competing foreign goods—in addition to a substantial tariff—the special requirement that their tariff value be determined by American prices. Today this unusual system often produces tariff protection of more than 100 percent of the import cost of the product.

Such excessive protection is both unfair and unnecessary.

*This system is unfair because it:*

- Gives to a few industries a special privilege available to no other American business.
- Rests on an arbitrary method of valuation which no other nation uses.
- Diverges from the provisions of the General Agreement on Tariffs and Trade.
- Imposes an unjustified burden on the U.S. consumer.

*This system is unnecessary because the few industries which it covers no longer need special Government protection.*

It applies primarily to the chemical industry in the benzenoid field. Yet chemicals, and benzenoids in particular, are among our most efficient and rapidly expanding industries. They have done

well at home. They have done well in the international market. They are in a strong position to face normal competition from imports.

A supplementary agreement was negotiated at Geneva which will lower foreign tariffs on American chemicals and reduce certain non-tariff barriers—road taxes and tariff preferences—on American automobiles and tobacco. To receive these important concessions, the United States must eliminate the American Selling Price valuation system and thereby give foreign producers of chemicals and a few other products normal access to our markets. This bargain is clearly in our national interest—good for our industries, good for our workers, and good for our consumers.

*I recommend that the Congress eliminate the American Selling Price system to remove inequities in our tariffs and enable us to take advantage of concessions negotiated in the Kennedy Round.*

Third, the Trade Expansion Act of 1968 will provide for specific funding of our participation in the General Agreement on Tariffs and Trade.

This is the procedure we follow in meeting our financial responsibilities to all other international organizations.

The General Agreement on Tariffs and Trade has become the most important forum for the conduct of international trade relations. The Kennedy Round took place under its auspices. Yet since 1947, we have financed our annual contribution to this Agreement through general contingency funds rather than through a specific authorization.

*I recommend that the Congress authorize specific appropriations for the American share of the expenses for the General Agreement on Tariffs and Trade.*

## OUR NEEDS AT HOME

When trade barriers fall, the American people and the American economy benefit. Open trade lines:

- Reduce prices of goods from abroad.
- Increase opportunities for American businesses and farms to export their products. This means expanded production and more job opportunities.
- Help improve the efficiency and competitive strength of our industries. This means a higher rate of economic growth for our nation and higher incomes for our people.

Some firms, however, have difficulty in meeting foreign competition, and need time and help to make the adjustment.

Since international trade strengthens the nation as a whole, it is only fair that the government assist those businessmen and workers who face serious problems as a result of increased imports.

The Congress recognized this need—in the Trade Expansion Act of 1962—by establishing a program of trade adjustment assistance to businessmen and workers adversely affected by imports.

Unfortunately, this program has been ineffective. The test of eligibility has proved to be too rigid, too technical, and too complicated.

As part of a comprehensive trade expansion policy, I propose that we make

our adjustment assistance program fair and workable.

*I recommend that Congress broaden the eligibility for this assistance. The test should be simple and clear: relief should be available whenever increased imports are a substantial cause of injury.*

*I intend to pattern the administration of this program on the Automotive Products Trade Act of 1965. Determinations of eligibility will be made jointly by the Secretaries of Labor, Commerce, and Treasury.*

The adjustment assistance provisions of Automotive Product Trade Act of 1965 have been successful. They have well served American automobile firms and their workers as we have moved to create an integrated U.S.-Canadian auto market.

These provisions will expire on June 30.

*I recommend that the Congress extend the adjustment assistance provisions of the Automotive Products Trade Act through June 30, 1971.*

## TRADE INITIATIVES FOR THE FUTURE

The measures I have recommended today will help us carry forward the great tradition of our reciprocal trade policy.

But even as we consolidate our past gains, we must look to the future.

*First and foremost, we must ensure that the progress we have made is not lost through new trade restrictions.*

One central fact is clear. A vicious cycle of trade restrictions harms most the nation which trades most. And America is that nation.

At the present time, proposals pending before the Congress would impose quotas or other trade restrictions on the imports of over twenty industries. These measures would cover about \$7 billion of our imports—close to half of all imports subject to duty.

In a world of expanding trade, such restrictions would be self-defeating. Under international rules of trade, a nation restricts imports only at the risk of its own exports. Restriction begets restriction.

In reality, "protectionist" measures do not protect any of us:

- They do not protect the American working man. If world markets shrink, there will be fewer jobs.
- They do not protect the American businessman. In the long run, smaller markets will mean smaller profits.
- They do not protect the American consumer. He will pay more for the goods he buys.

The fact is that every American—directly or indirectly—has a stake in the growth and vitality of an open economic system.

Our policy of liberal trade has served this nation well. It will continue to advance our interests in the future.

But these are critical times for the nation's economy. We have launched a series of measures to reduce a serious balance of payments deficit. As part of this program, I have called for a major long-run effort to increase our trade surplus. This requires that we push ahead with actions to keep open the channels of trade.

Many of our trading partners have indicated a willingness to cooperate in this effort by accelerating some of their tariff reductions agreed to in the Kennedy Round, and by permitting the United States to defer a portion of our tariff reductions. Furthermore, a number of Western European countries are now taking more active steps to achieve a higher rate of economic growth. This promises to increase the demand for our exports and improve our trade position.

To take full advantage of the expanded trading opportunities that lie ahead, we must improve the competitive position of American goods. *Passage of the anti-inflation tax is the most critical action we could take now to strengthen our position at home and in world markets.* The tax measure I have recommended will help prevent destructive price increases—which can sap the vitality and strength of our economy. Continued rapid increases in our prices would mean fewer exports and higher imports.

*Second, other nations must join with us to put an end to non-tariff barriers.*

Trade is a two-way street. A successful trade policy must be built upon reciprocity. Our own trade initiatives will founder unless our trading partners join with us in these efforts.

The Kennedy Round was an outstanding example of international cooperation. But major non-tariff barriers continue to impede the free flow of international commerce. These barriers now block many U.S. products from competing for world markets.

Some non-tariff barriers violate provisions of the General Agreement on Tariffs and Trade. We will step up our efforts to secure the prompt removal of these illegal restrictions.

Other non-tariff barriers may not be illegal, but they clearly hamper and hinder trade. Such barriers are found in all countries; the American Selling Price system is an example of one of our non-tariff barriers.

We have initiated a major international study to assess the effect of non-tariff barriers on world trade.

We have already begun action in the General Agreement on Tariffs and Trade and other international organizations to deal with some of these non-tariff barriers.

Efforts such as these are an important element in our trade policy. All sides must be prepared to dismantle unjustified or unreasonable barriers to trade.

Reciprocity and fair play are the essential standards for international trade. America will insist on these conditions in all our negotiations to lower non-tariff barriers.

*Third, we must develop a long-range policy to guide American trade expansion through the 1970's.*

I have directed the President's Special Representative for Trade Negotiations to make an intensive study of our future trade requirements and needs.

I would hope that Members of the Congress and leaders of Labor, Business and Agriculture will work with the Executive Branch in this effort. To help develop the foundations of a far-reaching policy, I will issue an Executive Order

that establishes a wide basis for consultation and assistance in this important work.

#### AN EXPANDING ERA IN WORLD TRADE

The proposals in this message have been shaped to one purpose—to develop the promise of an expanding era in world trade.

We started on this road three and a half decades ago. In the course of that journey, the American farmer, the businessman, the worker and the consumer have benefitted.

The road ahead can lead to new levels of prosperity and achievement for the American people. The Trade Expansion Act of 1968 will speed us on the way.

I urge the Congress to give this important measure its prompt and favorable consideration.

LYNDON B. JOHNSON.

THE WHITE HOUSE, May 28, 1968.

#### MESSAGE FROM THE HOUSE

A message from the House of Representatives by Mr. Bartlett, one of its reading clerks, announced that the House had agreed to a concurrent resolution (H. Con. Res. 782) providing for the adjournment of the two Houses from Wednesday, May 29, 1968 to June 3, 1968, in which it requested the concurrence of the Senate.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. BAYH. Mr. President, I send an amendment to the desk and ask that it be stated.

The ACTING PRESIDENT pro tempore. The amendment will be stated.

The assistant legislative clerk proceeded to read the amendment.

Mr. BAYH. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered; and the amendment will be printed in the RECORD at this point.

The amendment offered by Mr. BAYH is as follows:

On page 303, after line 23, insert the following new section 1520:

#### "SHELTER FOR DISASTER VICTIMS

"SEC. 1520. (a) The President is authorized to provide dwelling accommodations for any individual or family whenever he determines—

"(1) that such individual or family occupied a home (as an owner or tenant) which was destroyed or damaged to such an extent that it is uninhabitable, as the result of a major disaster occurring after January 1, 1968; and

"(2) that such action is necessary to avoid severe hardship on the part of such individual family; and

"(3) that such owner or tenant cannot otherwise provide suitable dwelling accommodations for himself and/or his family.

"(b) Such dwelling accommodations, including mobile homes, as may be neces-

sary to meet the need, shall be provided through acquisition, acquisition and rehabilitation, or lease. Dwelling accommodations in such housing shall be made available to any such individual or family for such period as may be necessary to enable the individual or family to find other decent, safe, and sanitary housing which is within his or its ability to finance. Rentals shall be established for such accommodations, under such rules and regulations as the President may prescribe and shall take into consideration the financial ability of the occupant. In cases of financial hardship, rentals may be compromised or adjusted for a period not to exceed twelve months, but in no case shall any such individual or family be required to incur a monthly housing expense (including any fixed expense relating to the amortization of debt owing on a house destroyed or damaged in a disaster) which is in excess of 25 per centum of the individual's or family monthly income.

"(c) In the performance of, and with respect to, the powers and duties conferred upon, him by this section, the President may—

"(1) prescribe such rules and regulations as he deems necessary to carry out the purposes of this section;

"(2) exercise such powers and duties either directly or through such Federal agency or agencies as he may designate;

"(3) sell or exchange at public or private sale, or lease, any real property acquired or constructed under this section;

"(4) obtain insurance against loss in connection with any such real property;

"(5) enter into agreements to pay annual sums in lieu of taxes to any State or local taxing authority with respect to any such real property; and

"(6) include in any contract or instrument made pursuant to this section, such conditions and provisions as he deems necessary to assure that the purposes of this section will be achieved.

"(d) Such sums as may be necessary to carry out the provisions of this section are authorized to be appropriated."

Mr. BAYH. Mr. President, I join the Senator from Iowa [Mr. MILLER], who has been working with us, as well as the Senator in charge of the bill, the Senator from Wisconsin [Mr. PROXMIER], who has been a cosponsor of this measure from its inception. When a series of major disasters, tornadoes, and floods descended on this country in 1965, a group of Senators decided that the time had come to do something about disaster relief by way of the various codes affecting disaster relief already on the statute books. A bill was introduced and enacted by the Senate in July 1965 without a dissenting vote. More than a year later, the House, in acting on this measure, struck about half of it from the bill. There was not enough time left toward the end of the session to seek a conference on the bill so we had to take half a loaf rather than none at all.

Senate bill 438 was introduced this year, reported favorably by the Public Works Committee, and is on the calendar. One section of that bill is the amendment now at the desk.

Let me read the first section of it, because I think it explains its scope better than I could extemporaneously:

The President is authorized to provide dwelling accommodations for any individual or family whenever he determines—

(1) that such individual or family occupied a house (as an owner or tenant) which was destroyed, or damaged to such an extent

that it is uninhabitable, as the result of a major disaster occurring after January 1, 1968; and

(2) that such action is necessary to avoid severe hardship on the part of such individual family; and

(3) that such owner or tenant cannot otherwise provide suitable dwelling accommodations for himself and/or his family.

This would permit the President or his authorized agent to provide temporary housing as a result of disasters and also would allow flexibility in the payment of rentals for a period not to exceed 1 year. This amendment is in accord with other provisions which characterize the low-rent housing privileges. Particular attention will be given to the incomes of the families involved whose homes have been lost. It seems to me, as I stated yesterday, that in view of the attention we are giving to disaster victims in other nations to which I do not object, we should pay more attention to those who are, at this very moment, in many States of this Union, as a result of tremendous floods and other disasters, the victims of severe hardships. This amendment would be one small step in that direction.

Mr. President, the amendment I am offering to provide additional shelter for disaster victims would increase the present authority of the President of the United States to meet basic needs of the innocent victims of major disasters.

My amendment would permit the President to provide dwelling accommodations for any individual or family whenever he determines that such individual or family occupied a house either as an owner or tenant, which was destroyed or damaged to such an extent that it is uninhabitable as the result of a major disaster, that such owner or tenant cannot otherwise provide suitable dwelling accommodations for himself or his family, and that such action is necessary to avoid severe hardship.

The President could provide any dwelling accommodations necessary to meet the need, either through acquisition or lease. Such dwellings could include trailer homes or any other type of housing. Dwelling accommodations in such housing would be made available to any such individual or family for such period as may be necessary to enable the individual or family to find other safe, decent, and sanitary housing which is within his or its ability to finance.

Rentals for such accommodations shall be established under such rules and regulations as the President may prescribe and shall take into consideration the financial ability of the occupant. In cases of financial hardship, rentals may be compromised or adjusted for a period of not to exceed 12 months, but in no case shall any such individual or family be required to incur a monthly housing expense—including any fixed expense related to the amortization of debt owed on a house destroyed or damaged in a disaster—which is in excess of 25 percent of the individual's or family's monthly income.

The amendment would also authorize the President to prescribe such rules and regulations as he deems necessary to carry out its purposes and to exercise

these powers either directly or through such Federal agency or agencies as he may designate. He would also be empowered to sell or exchange any real property acquired or constructed by virtue of this amendment, to obtain insurance against any loss on the property, and to enter into agreements to pay annual sums in lieu of taxes to any State or local government with respect to such property. Such sums as may be necessary to carry out its provisions would be authorized to be appropriated.

Mr. President, although under present law the Office of Emergency Planning does have some power to provide emergency shelter for disaster victims, my investigation of what has happened in past disasters and the testimony which was provided a Public Works Subcommittee by various witnesses have convinced me that the authority should be broadened.

There have been instances in which victims of disasters have experienced considerable delay in finding suitable housing which could have been avoided if this amendment were in effect. When a tornado, major flood, earthquake, or other disaster devastates an area there should be no legal obstacle to quick and complete action on the part of government and private agencies alike to bring assistance to those who have lost their homes.

In some cases it might be necessary for the Federal Government to acquire or lease houses or apartments which are standing idle and which the disaster victims would not be able to secure by themselves. In particular I call attention to the provisions which would allow the President to fix rentals for such emergency housing which would be in accord with the individual's or families' ability to pay. Conceivably, in some cases it might be determined that no rent should be charged for the period of time necessary for the disaster victims to reestablish themselves. Note also that in no case would the sufferers be required to pay a monthly rental which would be more than 25 percent of their total monthly income, and that any fixed expense in connection with a mortgage or other debt on a house destroyed or damaged in a disaster would be counted in the monthly housing charge.

Mr. President, I believe that this amendment would be very helpful in assuring that the Federal Government would have full power to provide meaningful housing relief to those unfortunate people who have lost their homes and possessions and in many cases are practically destitute.

I urge the Senate to adopt this amendment; it was incorporated in S. 1861 which this body passed on July 22, 1965, but which was left out when the bill was approved by the House of Representatives on October 17, 1966. That bill became Public Law 98-769. The amendment is also section 5 of S. 438 which is now No. 1055 on the Senate Calendar.

Mr. MILLER. Mr. President, as the Senator from Indiana has stated, following the disasters which occurred 3 years ago, which were particularly serious in Indiana and Iowa, but also in several other nearby States, legislation was in-

troduced to try to make more meaningful Federal disaster relief legislation. We took as our model the Alaska earthquake disaster bill which was a separate bill which Congress passed, going far beyond traditional disaster relief by the Federal Government, in order to cope with the situation in Alaska.

Since that time there have been several other major disasters in this country. Two weeks ago tomorrow, one of the worst disasters hit my State of Iowa. Two separate tornadoes hit the cities and vicinities of Oelwein and Charles City, Iowa.

On that same day, many other tornadoes occurred in adjoining States. Hundreds of people had their homes completely demolished. I visited the areas of Oelwein and Charles City and I can truthfully say that I have never seen such serious disasters resulting from tornadoes in all my life.

When one goes block after block after block with not one structure standing, he very soon realizes that the people who once lived in those homes simply must have some emergency relief.

There is hope that we will be able to have the Senate adopt S. 438, which is a very comprehensive bill, of which the Senator from Indiana [Mr. BAYH] is the prime sponsor and I am one of its cosponsors. Because of the immediacy of the situation facing hundreds of homeless people, it was thought that this amendment could be, very properly, attached to the housing bill at an appropriate place, and earliest action would be indicated.

I point out one thing to the Senator from Indiana, as a matter of clarifying the legislative history on the bill and that is, as I read it, the provisions on rentals would not necessarily be confined to 12 months.

The 12-month period, as I understand it, would relate to the period of time during which rentals could be compromised or adjusted.

Mr. BAYH. That is correct.

Mr. MILLER. Now there is another provision in the bill which is very important and that is that where the disaster victims—where housing is being provided, say, on a leased basis—will not have to pay more than 25 percent of the individual family income by way of rental. That is on all fours with the rent subsidy approach which is on the law books and which the Senate approved a long time ago. I think it is proper, because certainly, those of us who supported the rent subsidy program recognize that people are in need of decent housing and they may not be able to afford it, that if it goes over 25 percent of their family income, then real hardship is worked upon them. So, too, in the case of a disaster victim who may not be able to find housing. If it goes over 25 percent of his family income, then disaster will be compounded on disaster.

I think the provision as set forth in the amendment, which is also in the bill to which I referred, is very equitable. There is ample precedent for it.

Mr. BAYH. Mr. President, will the Senator yield?

Mr. MILLER. Yes, indeed.

Mr. BAYH. The Senator touched on one of the most tragic aspects of the problem, from the financial standpoint, that takes place in a disaster resulting from a tornado. If it affects a family which has been scrupulous so far as paying its debts and trying to maintain a good financial standing, a family which has followed a policy of investing its income in building and paying for a home, and that family has gone deeply into debt to provide a good standard of living for the family, when a tornado strikes, the family has nothing left but a big hole in the ground and still has to pay off the mortgage. The amendment takes into account the double-barreled problem of trying to pay off the old mortgage and also building a new house.

I am glad the Senator has brought this matter out.

Mr. MILLER. The Senator knows how thoroughly I agree with him.

There is a provision in the amendment which states that such sums as may be necessary to carry out the provisions of this section are authorized to be appropriated. We understand that that is what is called an open-end authorization, but there are two thoughts which I wish to state. I do not believe the open endedness of the particular disaster provisions will be very costly. It will be very important to those who are covered, but it will not have nearly the impact that the appropriations for many other provisions from the relief bill from which this was drawn for amendment purposes would have.

Second, I do not know when the Senate, and the Congress, should feel more compelled to authorize something like this than when we have hardships visited on people following a disaster. I think the people affected by this provision will bless Congress for enacting this legislation.

Mr. PROXMIRE. Mr. President, this is a good amendment. It passed the Senate of the United States in 1965. As the Senator from Iowa said so well, it will not be much of a burden in the provisions respecting rental payments for victims of these disasters.

I am willing to yield back the remainder of my time.

Mr. TOWER. Mr. President, we are willing to accept the amendment on our side.

The PRESIDING OFFICER. All time has been yielded back. The question is on agreeing to the amendment of the Senator from Indiana.

The amendment was agreed to.

The PRESIDING OFFICER. Who yields time?

Mr. MANSFIELD. Mr. President, I suggest the absence of a quorum, without the time being taken from either side.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### TRUTH IN LENDING—TRIBUTE TO SENATOR PROXMIRE

Mr. MANSFIELD. Mr. President, as long as there is a temporary hiatus in the proceedings, I wish to take this occasion to express my admiration and respect for the distinguished Senator from Wisconsin [Mr. PROXMIRE]. I do so not only on the basis of the work which he performs daily on the floor of the Senate, in committee, and elsewhere, but because if it were not for the efforts of the distinguished Senator from Wisconsin, we would not have a truth-in-lending law at this time.

I realize full well that the initial credit for introducing the measure and persevering in its behalf down through the years goes to our former colleague, the distinguished Senator from Illinois, Mr. Douglas, but I do think that credit should be given where credit is due, and I think it should be said for the RECORD that if it were not for the flexibility and the understanding and also the perseverance of the distinguished Senator from Wisconsin, in my opinion we would not have that bill on the statute books today.

I take this opportunity to make my views known, to tell the Senate how I feel and to give credit where credit is due, to the Senator who has worked long, hard, and so successfully to obtain the type of consumer protection legislation which is now on the statute books.

Mr. PROXMIRE. Mr. President, I yield myself 1 minute. I thank the distinguished majority leader for his most generous and most undeserved statement. I deeply appreciate it. There is no man in the Senate whose approval I would rather have than that of Mike MANSFIELD. I join him in saying that former Senator Douglas deserves a whale of a lot of credit for having persisted for 7 long years to bring that legislation to fruition.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. HART. Mr. President, I send to the desk an amendment.

The PRESIDING OFFICER. The amendment will be stated.

The assistant legislative clerk proceeded to read the amendment.

Mr. HART. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with and that it be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

On page 84, line 8, strike out the period at the end of paragraph (6) and insert in lieu thereof "; and"; and add a new paragraph as follows:

"(7) include, to the greatest extent feasible, the employment of new and improved technology, techniques, materials, and methods in

housing construction, rehabilitation, and maintenance under programs administered by the Department of Housing and Urban Development with a view to reducing the cost of such construction, rehabilitation, and maintenance, and stimulating the increased and sustained production of housing under such programs."

On page 289, after line 18, insert the following:

"(c) Section 1010 (a) of such Act is amended—

"(1) by striking out 'and' at the end of paragraph (1);

"(2) by striking out the period at the end of paragraph (2) and inserting in lieu thereof "; and"; and

"(3) by adding after paragraph (2) a new paragraph as follows:

"(3) require, to the greatest extent feasible, the employment of new and improved technology, techniques, materials, and methods in housing construction, rehabilitation, and maintenance under programs administered by the Department of Housing and Urban Development with a view to reducing the cost of such construction, rehabilitation, and maintenance, and stimulating the increased and sustained production of housing under such programs."

Mr. HART. Mr. President, I was delighted that, a few minutes ago, the Senate adopted the amendment offered by the able Senator from Wisconsin. It bears on our desire that, under the leadership of the Department of Housing and Urban Development, we seek, if you will, to modernize the techniques of building construction.

All of us recognize the enormous unmet needs of housing in this country and the fact that in many areas we are building houses now as we did when grandfather was building them; that to meet the needs will require not alone mass construction but, I suggest, dramatic new techniques.

The purpose of the amendment now pending is to require, to the greatest extent feasible, the employment of new techniques and new methods.

Some time ago the Antitrust and Monopoly Subcommittee held hearings on new technology. It is clear that there are dramatic new methods—some of them, indeed, now used in Europe—which could bring us much closer to the day which is the goal all of us share, namely, adequate housing for the people of this country. It is a goal difficult to reach, but I think the day will be advanced by this type of amendment. I would hope very much we might add to the bill this proposal.

The goal of the bill before us—the Housing and Urban Development Act of 1968—and I am sure of most of us in this Chamber is to see that every American soon has a decent place in which to live.

In many ways, the bill simply attempts to assist the poorer members of our society the way the FHA has helped the middle class.

In light of the goal, I have proposed an amendment which I think will help us provide that housing faster—and cheaper—than we would under traditional methods. I am delighted that the amendment of the Senator from Wisconsin [Mr.

PROXMIRE] has just been agreed to and I suggest my amendment will be a useful addition in this area.

At this moment our housing industry is struggling to provide 1.5 million new units a year. Yet as a minimal requirement we must build 25 million units in the next 10 years. Six million of them should be low-cost units.

As chairman of the Senate Antitrust and Monopoly Subcommittee, I have been well instructed on the fear European nations have about our companies penetrating their markets. Supposedly, the size of our corporations gives them some pause, our efficiency a little also. But the real advantage we have over Europe—as seen from overseas—is our technology.

Is it not ironic, then, that the greatest technological nation in the world today faces an acute housing shortage while Europe put technology to work to solve hers 20 years ago?

Adding to the irony is that we do have the know-how, as one of my colleagues in the Senate says a lot these days, "to do better." We have the technology. We could be building cities with it now.

Today the Antitrust Subcommittee released its hearings on new technology, which included testimony on some of the methods for erecting housing faster—and considerably cheaper—than presently. We heard about new techniques and materials which could revolutionize our building industry. Factory production of homes and apartment components which are assembled on site is one key to the program.

Imagine a home made of molded plastic rooms—24 by 9 feet—each of which can be assembled onsite in one-half hour. Bath fixtures—even closets—could be molded into the units at the factory. Or an apartment building built with fiberglass panels with plumbing and electrical systems plugged in as units. Or houses built of prestressed concrete boxes fit together like a child's building-block house. Or an aerosol heat-electric power generator which—to somewhat simplify—converts heat directly to electricity. It makes use of the forces of nature by "bottling a thunderstorm" in that, like lightning, it draws electricity from minute droplets of water. Or, of being able to eliminate all size of construction lumber except the 2 by 4 by causing those to increase strength equal to, say a 2 by 12.

The possibilities are endless.

A country club in Ann Arbor, Mich., is using a 45-foot diameter dome building—molded of foam plastic and erected by two men in 12 hours—as a temporary clubhouse. This was built as part of a University of Michigan experiment with disposable housing. The foam dome will last up to 3 years—or longer if a second protective coating is applied.

While disposable housing may not be with us soon, it raises interesting possibilities for instant urban renewal—eliminating slums the minute they begin to develop.

In Reston, Va., they are experimenting with using mobile homes—one on top of another—to produce two-story apartments. In Seaside, Calif., they are studying the possibility of erecting a frame

for a high-rise apartment and "plugging in" mobile homes as the living units.

This list could go on and on.

But each addition raises the same question: Why are our people living in slums and squalor? Why are we 25 million housing units short? Why is not this new technology at work cutting the ever-increasing cost of building a home for you and me?

Getting these homes out of the engineering shops and onto the lots calls for a revolution in the methods of building. It calls for further research and development outlays. It calls for additional capital expenses for tooling.

But for these outlays to be made, there must be a market for the products.

Because 6 million of the units we need in the next 10 years are for those who cannot carry the full load of purchase or rent themselves, the Government is already in the position to guarantee a market.

What we must do, then, is see that this market is used to put the new technology to work. We must draw performance standards and time-tables designed to bring new technology out of the experimental labs and onto the site.

In effect, this type of governmental need can give the impetus to new technology in the building industry that it gave to space and defense projects.

But developing a mass market will not be enough. We must also get rid of the restrictive practices of building codes, outmoded zoning regulations, and political constraints that inhibit innovation and preclude progress.

The country that invented mass production can no longer tolerate only tailormaking in its housing.

There is no question technology can give us housing faster. France recently put up a five-story, 40-unit apartment building in 9 working days. The tenants moved in 15 days later.

There is little question that costs can be brought down. We average \$14 to \$16 a square foot now for multiunit housing. Costs quoted under new technology generally fall more in the \$7 to \$9 range.

There is no question that we can avoid sameness and monotony in architecture. The examples I cited are only a small sampling of the variety of possibilities today. Who knows what will be developed tomorrow?

There is no question the building industry would boom. At least they would be able to fill the demands that thus far are annually unmet.

There is no question that labor will benefit. Today we have a serious shortage of skilled workmen for the building trades. Worse, the ones we have are limited to working about 1,400 hours a year because of snow, sleet, rain, and extreme cold. Weather conditions will not affect factory production.

And there is no question that putting new technology to work in building low-cost and moderate-priced housing will benefit all consumers. Obviously, once the technology is on the market, it will be beneficial to all building. For example, the unit bathrooms, developed as part of the show-stopping Habitat for Expo, are now on the market for all consumers.

With all these arguments in favor, only

one question remains: What are we waiting for?

If the prophets of doom are not going to still be rubbing their hands in glee 5 years from now, that is a question we had better answer with "We are through waiting." Or, to paraphrase a cry of the day, "New technology now."

This pending bill provides for Government assistance to build 1.2 million low-cost housing units in the next 3 years.

This is great. But I think we must go further.

Therefore, I propose the adding of my amendment which would direct the proper Federal agencies to insist on the use of all new technology which is feasible.

Mr. President, we must put these technologies to work if we are to get away from the slow and tedious efforts of the past in housing—and if we are to get full value from the taxpayers' dollars.

Mayor of the District of Columbia Walter Washington last week put the right edge of urgency on the situation when he outlined proposals for rebuilding the Nation's Capital. Plans, he said, must be ready in 100 days. Building can then start in the fall.

That rebuilding must use the best technology now available and we must make it clear that the government will continue to encourage technological development in housing.

Given that market guarantee, I feel that in a few years this country can have what none of us have ever seen—beautiful cities. I hope the amendment will be adopted.

Mr. PROXMIRE. Mr. President, this amendment has been discussed with the staff of the Subcommittee on Housing of the Committee on Banking and Currency. I believe it is a good amendment. I think every Senator should certainly support its basic thrust, which is to provide for technological improvement in housing—the only way we can possibly get the enormous cost of housing down—and I am happy, not only to accept the amendment, but to do so with enthusiasm.

Mr. TOWER. -Mr. President, will the Senator yield?

Mr. PROXMIRE. I yield back the remainder of my time.

Mr. TOWER. I think it is a highly constructive amendment, I congratulate the Senator from Michigan for having offered it, and I am happy to accept it on behalf of the minority.

Mr. HART. I am grateful to the Senator from Texas and the Senator from Wisconsin.

The ACTING PRESIDENT pro tempore. The question is on agreeing to the amendment of the Senator from Michigan.

The amendment was agreed to.

The ACTING PRESIDENT pro tempore. The bill is open to further amendment.

Mr. TOWER. Mr. President, I ask unanimous consent that I may suggest the absence of a quorum without the time for the quorum call being charged to either side.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

Mr. BAYH. Mr. President, I send to the desk an amendment, and ask for its immediate consideration.

The ACTING PRESIDENT pro tempore. The amendment will be stated.

The ASSISTANT LEGISLATIVE CLERK. The Senator from Indiana [Mr. BAYH], in behalf of himself and the Senator from Iowa [Mr. MILLER], proposes an amendment as follows:

On page 180 between lines 5 and 6, insert the following new section 1004:

"FEDERAL LOAN ADJUSTMENTS

"SEC. 1004. In the administration of subtitle III of the Consolidated Farmers Home Administration Act of 1961, relating to emergency loans, any application for a loan thereunder in an amount of \$30,000 or less may be granted if such loan is for the repair, rehabilitation, or replacement of property seriously damaged or destroyed as the result of a major disaster, without regard to whether the Secretary of Agriculture finds that the required financial assistance can be met by private, cooperative, or other responsible sources (including loans the Secretary of Agriculture is authorized to make or insure under any other provision of law)."

Mr. BAYH. Mr. President, I should like to modify my amendment.

The ACTING PRESIDENT pro tempore. The Senator has that right.

Mr. BAYH. I modify my amendment to insert, on line 7, after the word "disaster," the words "occurring after January 1, 1968," to conform to a similar provision in the amendment previously agreed to.

The ACTING PRESIDENT pro tempore. The amendment will be so modified.

Mr. BAYH. Mr. President, those of us who have had personal experience with this matter, including the Senator from Iowa as well as the distinguished manager of the bill, the Senator from Wisconsin, who has been interested in this matter for a long time, and the Senator from Montana, who was one of the original sponsors of the disaster relief bills of 1965 and 1967, know that it does not do any good for a bill or a statute to provide relief unless, when a person goes in to apply for it, he can qualify.

For the sake of brevity, I think the best way to describe what we are getting at here—and I shall offer another amendment immediately following this one, which would similarly amend the Small Business Act—is by illustration.

If there are two houses, side by side, house A owned by a man who is financially responsible and, because he has worked hard to pay his bills, has a respectable credit rating, and house B, owned by a ne'er-do-well who has not bothered to pay his bills and so has a poor credit rating, if both those houses are damaged equally, partially or totally, the present law has the unconscionable result that the man who is the ne'er-do-well, who does not pay his bills, can now qualify under the Farmers Home Administration or the Small Business Administration for 3-percent disaster loans. But the fellow who has paid his

bills and has a good credit rating must go to a local bank and get his money at a 7- or 8-percent rate.

It seems to me that in the event of a disaster—not in the normal course of doing business—we ought to treat everybody exactly alike, even if they might have credit available to them. I do not think they should be penalized because they have paid their bills.

Thus, under limitations not to exceed \$30,000 of serious damage resulting from a major disaster, this amendment would remove the requirement which restricts it to ne'er-do-wells and people who do not have a good credit rating.

Mr. MILLER. Mr. President, I thoroughly subscribe to what my colleague has said about the measure and its purpose and intent.

I would like to underscore the policy lying behind the amendment, and that is that we wish to treat disaster victims equally. If disaster victim "A" can obtain a loan for 3 percent, disaster victim "B" should also be able to obtain a loan for 3 percent.

Furthermore, the loan should be made in the event of serious damage. We are not interested in covering minor repairs, although it is granted that if those damages occur from a disaster, it does constitute a hardship. We are trying to cover the truly disastrous situations occurring in the course of a major disaster involving serious damage or destruction of property.

I think the amendment is most equitable, and inasmuch as we have tried to limit the coverage to disasters occurring after January 1, 1968, I again suggest that this will not have a severe impact on the budget at all.

Mr. PROXMIRE. Mr. President, I yield myself 1 minute.

The ACTING PRESIDENT pro tempore. The Senator from Wisconsin is recognized for 1 minute.

Mr. PROXMIRE. The pending amendment is a real improvement on the basic provision in the measure I offered several years ago. I am delighted to accept the amendment.

Mr. President, I yield back the remainder of my time.

Mr. BAYH. Mr. President, I yield back the remainder of my time.

Mr. PROXMIRE. I yield back the remainder of my time.

Mr. BAYH. Mr. President, I suggest the absence of a quorum.

The ACTING PRESIDENT pro tempore. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

All time having expired, the question is on agreeing to the amendment of the Senator from Indiana.

Mr. BAYH. Mr. President, a parliamentary inquiry. All time having expired, may I seek permission to revise my amendment and incorporate a second amendment which the sponsor of the measure suggests would be a more expeditious way to deal with the matter?

I had earlier stated that we were going to treat the two amendments applying to FHA and SBA in the same way.

The ACTING PRESIDENT pro tempore. All time has expired. When the Senator offers his other amendment, there will then be an hour time limitation on that amendment.

The question is on agreeing to the amendment of the Senator from Indiana.

The amendment was agreed to.

Mr. BAYH. Mr. President, I send an amendment to the desk and ask that it be stated.

The ACTING PRESIDENT pro tempore. The amendment will be stated.

The LEGISLATIVE CLERK. The Senator from Indiana [Mr. BAYH], on behalf of himself and the Senator from Iowa [Mr. MILLER], offers an amendment:

On page 83 between lines 3 and 4, insert the following new section 318:

"FEDERAL LOAN ADJUSTMENTS

"SEC. 318. In the administration of the disaster loan program under section 7(b) of the Small Business Act, any application for a loan thereunder in an amount of \$30,000 or less in the case of a homeowner, or \$100,000 or less in the case of a business concern, may be granted, if such a loan is for the repair, rehabilitation, or replacement of property seriously damaged or destroyed as the result of a major disaster, without regard to whether the required financial assistance is otherwise available from private sources."

Mr. JAVITS. Mr. President, will the Senator yield?

Mr. BAYH. I yield.

Mr. JAVITS. Mr. President, is the Senator now contemplating extending the provision to cover riot-torn areas? I had an amendment to the bill containing a provision along the same line. I understand that it was involved in quite a controversy yesterday when I was, unfortunately, not present on the floor. However, because I am so anxious to see a housing bill passed, I was not going to raise the matter within this context.

In view of the fact that the Senator has related this measure to the SBA, I should like to clear up the matter.

Mr. BAYH. In my judgment, in view of the rather extended debate yesterday with the senior Senator from Georgia, the Senate removed from the disaster provisions the funds for the public sector. Those would be handled under OEP, but we would maintain the funds under FHA, Urban Renewal and SBA. So, this amendment would not in any way affect the matter. A person in a riot-torn area would be eligible for disaster assistance under the Small Business Administration.

Mr. JAVITS. Would the Small Business Administration Administrator have to declare a disaster area before that could be done?

Mr. BAYH. The Senator is correct.

Mr. JAVITS. He still would have to do that?

Mr. BAYH. The Senator is correct.

Mr. JAVITS. The Senator does not disturb that structure at all.

Mr. BAYH. The Senator is correct.

Mr. JAVITS. How does the pending amendment affect the matter?

Mr. BAYH. My amendment would permit the same thing for small business disaster loans that we permitted by the

previous amendment for Farm Home Administration loans. To say that a person having access or not having access to other means of financing can be removed in the event of disaster—

Mr. JAVITS. We are only dealing with it in that respect and not going into the broader question of riot-torn areas.

Mr. BAYH. No. We are removing, as I mentioned earlier, the man who has a going business and has paid his bills, so that a good businessman will be treated in the same way as a bad businessman who does not pay his bills. If they are both covered, they could both go in and qualify for a 3-percent loan. However, otherwise the good businessman could not do so.

Mr. STENNIS. Mr. President, will the Senator yield?

Mr. BAYH. I yield.

Mr. STENNIS. What kind of a disaster does the Senator refer to?

Mr. BAYH. A major disaster.

Mr. STENNIS. What is that?

Mr. BAYH. One that is declared by the President of the United States or by the Small Business Administration.

Mr. STENNIS. Whatever they declared to be a major disaster would be a major disaster?

Mr. BAYH. No. It requires consultation with and request by the Governor of the State. It does not change the groundwork or the frame of reference we were discussing yesterday as to whether it qualifies as a disaster. It would depend upon it being declared a major disaster area by the Director of the Small Business Administration or the President.

Mr. STENNIS. But he has no guidelines really, now, except the words "major disaster."

Mr. BAYH. The Senator is correct.

Mr. STENNIS. It does not have to be a natural disaster. It can be a man-made disaster of any kind?

Mr. BAYH. The Senator is correct. I thought we had discussed that point yesterday and had reached general agreement that we were going to differentiate. The compromise said that we would not permit funds from the disaster relief fund to go to public facilities, but that we would permit funds for local Small Business and Farmers Home Administration loans.

Mr. STENNIS. Does the Senator intend to include disasters caused by riots?

Mr. BAYH. I would intend to, but I am addressing this proposal to the Senate as a result of the experience we had in Indiana in 1965, when 140 lives were lost and large areas were laid waste. Only part of those who suffered losses were told by the Small Business Administration that they would qualify. Some of them would qualify and some would not. The ones who would not qualify were able to get assistance from private credit sources. The ones who paid their debts and had everything in good shape at the bank were discriminated against.

Mr. STENNIS. What was the nature of that disaster?

Mr. BAYH. A tornado. The Senator from Ohio has the same situation in his State now with respect to floods.

Mr. STENNIS. We have a settled policy on that, and I understand it has worked well.

My point is that we are trying to legislate on the floor of the Senate, by amendments, in a matter such as civil disorders and riots. It should not be done in that way but should be worked out by some committee. I believe the Senator should exclude that from the amendment.

Mr. BAYH. This is the identical wording of one section of a bill that was passed by the Senate a year ago without a dissenting vote. The same language is also part of the disaster relief bill that has been reported by the Committee on Public Works and is now on the calendar—S. 438.

Mr. STENNIS. Why not rely upon the bill that was passed a year ago?

Mr. BAYH. Because the House took out the language.

Mr. STENNIS. That shows that there has not been a meeting of minds as to the law.

Mr. BAYH. I am sure the Senator from Mississippi does not always agree with what the Members of the House of Representatives do.

Mr. STENNIS. I am not trying to defeat the provision for a natural disaster, and I am willing to go into the other aspect as much as any other Senator. But commonsense tells me that we should have a system and it should be worked out by someone who knows the subject. I do not know much about it. But if we try to legislate on the floor of the Senate in order to take care of riots, without having some hearings, I believe we make ourselves look ridiculous.

Mr. MILLER. Mr. President, will the Senator yield?

Mr. BAYH. I yield.

Mr. MILLER. Mr. President, I should like to say to the Senator from Mississippi that this proposal has to do only with major disasters which have been so declared and found by the Governor of a State.

Furthermore, it is limited to loans, and only to those who are the victims of the disaster. The only thing we are trying to do here is to provide that if disaster victim A can get a 3-percent loan, then disaster victim B can get a 3-percent loan.

I will guess that the House of Representatives will accept this amendment, because it is to cover only the victims of a major disaster.

Mr. STENNIS. Does it include riots, disasters caused by riots?

Mr. MILLER. I would say that if the Governor of a State found that there was a major disaster as the result of a riot, it would be covered.

Mr. STENNIS. Why not spell it out and put that in the amendment, rather than leave it to various Governors?

Mr. MILLER. This has to be unified by a finding in Washington. The Governor declares it, but it has to be supported by a finding in the Office of Emergency Planning and by the President of the United States. So the unification would occur in Washington. Simply because a Governor says it is a major disaster does not make it so, but he must do that first. So most of these cases would never get to Washington.

Mr. STENNIS. I know how thorough the Senator from Iowa is. I ask whether

his purpose is to continue the present law as to natural disasters, or is it his purpose to include riots and arson disasters?

Mr. MILLER. In response to the Senator from Mississippi, I point out that two of the worst tornado disasters in the history of my State occurred just 2 weeks ago tomorrow. This is the reason for the urgency in seeking to amend the bill to cover that. Several other disasters hit adjacent States in the same fashion 2 weeks ago tomorrow. So what we had in mind, because of the urgency, was to take care of urgent disaster situations, with hundreds of people homeless and their businesses gone.

As to whether or not a major disaster would include a riot, all I can say is that the legislative history would be whatever the legislative intent was at the time the disaster relief legislation was passed by Congress years ago, long before I began my service in the Senate, and when the Senator from Mississippi must have been in the Senate.

Mr. BAYH. There was a lengthy colloquy yesterday in connection with this matter, and I thought we had reached a general agreement that would draw the line on this matter. The Senator from Georgia was worried about depleting the public disaster funds, and it was agreed that the bill would not cover this aspect although some Senators felt that it should be covered in the case of a riot; but so far as loans—not grants—were concerned under small business and other disaster provisions, it was agreed that the bill would permit them if it was a major disaster, man-made or natural.

Mr. TOWER. Is it not true that, actually, the Senator's amendment does not address itself to whether or not a riot is a natural disaster? It does not change the question of whether or not a riot is a natural disaster.

What they are trying to do is to establish a degree of equality and clarification for benefits between and among people.

Mr. BAYH. Take the situation of a riot—which concerns the Senator from Mississippi—in a given city having adjacent small businesses on adjacent corners. One of them is well run and the man is scrupulous about paying his bills. The other fellow, on the other corner, does not worry about paying his bills. The bill collector is hounding him all the time. The way the bill is presently written, if a riot hits that area and both those buildings are burned down, the fellow who has not paid his bills can, under existing law, obtain 3-percent disaster loans, whereas the other fellow, hit by the same disaster, cannot qualify. This seems unjust to me.

Mr. STENNIS. The Senator's argument is that there is already sufficient law to cover the riot disaster?

Mr. BAYH. That is correct.

Mr. STENNIS. Is that agreed to by the committee? Is that the committee's concept of the present law?

Mr. PROXMIER. The action yesterday went to that point, when we voted on the amendment following the amendment of the Senator from Georgia.

Mr. TOWER. In other words, this does not change the question that has already

been resolved as of yesterday, as to whether or not a riot is a natural disaster.

Mr. BAYH. The Senator is correct.

Mr. TOWER. Senator BAYH and Senator MILLER are suggesting that it is not fair for a man with a good credit rating to be ineligible for this aid, to force him to borrow money at 7 percent, while the fellow who is a poor credit risk and cannot borrow money at the bank gets the Government benefit.

Mr. STENNIS. I see that distinction clearly. I believe we should insert here whether or not a riot disaster would be included. If we do not know whether it is included, how would the Government know and how would an administrator know? It should be spelled out one way or the other.

The PRESIDING OFFICER (Mr. SYMINGTON in the chair). Is all time yielded back on the amendment?

Mr. BAYH. I yield back the remainder of my time.

Mr. PROXMIRE. I yield back the remainder of my time.

The PRESIDING OFFICER. The question is on agreeing to the amendment offered by the Senator from Indiana.

The amendment was agreed to.

Mr. JAVITS. Mr. President, I send to the desk an amendment, on behalf of myself and the Senator from New Jersey [Mr. CASE], and ask that it be read.

The PRESIDING OFFICER. The amendment will be stated.

The bill clerk read the amendment, as follows:

At the end of the bill insert a new section as follows:

**"ASSISTANCE FOR CONTRACTORS IN FULFILLING BONDING REQUIREMENTS**

"SEC. 1520. The Secretary of Housing and Urban Development, in cooperation with the private bonding industry, shall develop a plan for the establishment at the earliest practicable date of a program to assist any private contractor who is qualified to bid on and perform public and private contracts to obtain the requisite bonding on reasonable terms and conditions. Within six months after the date of enactment of this Act, the Secretary shall report to the Congress concerning the plan developed under this section, and shall recommend to the Congress such legislation as he deems necessary and appropriate to carry out such plan."

Mr. JAVITS. Mr. President, I yield myself 10 minutes.

Mr. President, I ask unanimous consent that I may yield to the Senator from Indiana without losing my right to the floor.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BAYH. Mr. President, I wish to make absolutely certain that both these amendments have the same effective dates. We talked about it, and then we got into the colloquy about the riots; and I am not certain that the Chair revised my amendment on page 8 to make it read, following the word "disaster," "occurring after January 1, 1968."

Mr. President, I ask unanimous consent that that effective date be accepted in both of those amendments.

Mr. MANSFIELD. It was accepted in the first amendment.

Mr. BAYH. It was accepted in the first amendment, but I am not certain

whether the clerk has it in the second amendment.

The PRESIDING OFFICER. Is there objection? The Chair hears none, and it is so ordered.

Mr. JAVITS. Mr. President, I do not intend and I hope I shall not have to press this amendment because of the situation which I shall explain.

The purpose of the amendment is to direct attention to a problem which concerns small businesses, especially small businesses in which minority groups, and Negroes particularly, seek to engage, due to their inability to get a bond, especially in the building business, where the person is a contractor. Unless a contractor can procure a bond he finds it difficult to bid on a job of any appreciable size.

Facts and figures indicate that two-thirds of the Negro contractor-builders have been unable to get bonds. Facts and figures also show that a great many of them at one time or another had to complete jobs as subcontractors for another person because they were unable to get bonds themselves.

Mr. President, if we are trying to build up the self-sufficiency and entrepreneurial skill of people in that category, we should provide some means in the Federal program to deal with underwriting, on a reinsurance basis, the opportunity for such contractors to get bonds.

The amendment I have offered, on behalf of myself and the Senator from New Jersey [Mr. CASE], directs the Secretary of HUD to devise a plan to deal with that problem and to submit such a plan in 6 months.

I understand that the distinguished Senator from Illinois [Mr. PERCY], who is a member of the Committee on Banking and Currency, also had prepared legislation on this subject. I have also prepared legislation on this subject. The Senator from Illinois and the committee, I understand, prefer to deal with this matter on the basis of hearings, at which the Secretary would testify. I understand that it is preferred that we not latch this proposal onto the law now. I understand that the Senator from Illinois prefers the committee hearing route.

Mr. President, I admire so much what the Senator from Illinois [Mr. PERCY] has done in this field that I am not inclined to press my amendment on this basis in view of his views.

I have introduced my proposal. He has his proposal. I understand that the manager of the bill will assure us of their early consideration in hearings on the subject.

I yield to the Senator from Illinois.

Mr. PERCY. Mr. President, once again I commend the distinguished Senator from New York, even though he is not now a member of the Committee on Banking and Currency.

As he has done so frequently in the past, today he is anticipating many of our great human needs. I commend him on his imagination in addressing a real need today.

Mr. President, I have toured inner city areas throughout the country. One of the greatest complaints I have found is that those people are not getting "a piece of

the action." The complaint from smaller businessmen, for instance, is that they have the technical ability to employ people from the inner city areas, and they have the competence to carry forward programs in the public and private interests in the housing bill, but they find they are unable to do so because of limited resources to obtain necessary bonding. This is true even though they have great technical skills. I have been developing, and I know that the Senator from New York has been developing, proposed legislation that would assist in this area.

I strongly believe that when we do have the necessary ideas within the legislative body itself, it is our responsibility to respond to the problem and initiate hearings, and to subject those ideas to the most careful scrutiny, not only by the administration but also by all interested parties, so that we will move ahead with the greatest dispatch.

I join the Senator from New York in asking that the Committee on Banking and Currency schedule such hearings this year at the earliest time so that we can dispose of this matter before Congress goes home.

Mr. JAVITS. Mr. President, I hope, rather than having separate bills, we can join together in one bill. We think that would be most desirable. I shall make every effort to do that.

Mr. PERCY. I would be delighted.

Mr. JAVITS. Mr. President, if I may have the attention of the manager of the bill, I believe he has heard enough of our discussion so that he may respond. I would like to yield to the Senator from Wisconsin now.

Mr. PROXMIRE. I had an opportunity to discuss this matter with the Senator from Alabama [Mr. SPARKMAN], who is the chairman of the committee and also the chairman of the Subcommittee on Housing. He has agreed to schedule hearings on the proposal of the Senator from New York [Mr. JAVITS], which the Senator has just discussed.

Mr. JAVITS. I thank the Senator.

Mr. President, before I withdraw the amendment, I should like to ask two questions of the manager of the bill. One question relates to language in the bill. If the Senator will turn to page 109, lines 14 and 15, it will be seen that a qualification for a rehabilitation loan, as there set forth, is that "the property is residential and owner occupied."

One of the grave problems in the big cities in my State, such as New York City, Buffalo, Syracuse, and others, as examples, relates to the structures which have been condemned or abandoned, but are capable of rehabilitation. However, inasmuch as the city has either title or possession, obviously the buildings are not "owner occupied."

We were going to endeavor to amend the section to provide for that situation.

The Senator from Alabama [Mr. SPARKMAN], the chairman of the committee, felt that there might be too many claims and that too many municipalities would attempt to come in. Again, I wish to do everything I can to go along with the chairman and with everything he wants in this matter, be-

cause he has been a great benefactor of housing.

Another way in which this problem is approachable under the law without incurring the problem the Senator from Alabama is concerned about is under sections 235 and 236. Under those sections the local agency conceivably could get a loan in order to rehabilitate such vacant buildings for the purpose of selling or renting them in conformity with the requirement of the sections. So if a municipality really had the enterprise to move in a full-scale effort to do something with such buildings, it could proceed under sections 235 and 236.

I wish to ask the manager of the bill if he would agree with that construction of a pattern, in which a municipality which was really serious and wanted to do something could bring itself under the law.

Mr. PROXMIRE. The committee counsel informs me that under section 235, the homeownership section, it could be done, but not under section 236.

Mr. JAVITS. I thank the Senator.

The other question I wish to ask relates to pages 106 and 108 of the bill. If the Senator would refer to those pages, he will see that section 511, which is on page 108, lines 5 and 6, refers to the interim assistance for blighted areas, for which a certain sum of money is provided. Among the purposes is the establishment of temporary public playgrounds on vacant land within the area.

One of the real and critical problems is that during the summer one of the greatest things that can be done in a slum or a ghetto is to provide a swimming pool or a place to swim. It need be only a canvas tank, or even a hydrant, but at least it would be something. It relates to the unique need of the steaming ghettos during that time of the year.

Does the Senator see anything in the discretion of the Secretary which would exclude that kind of facility for recreation? We should bear in mind the amount of money allocated for space and the desirability of programs of that sort. But just so that we may know, because the words do not say, will the Senator explain whether, jurisdictionally, such a program is not excluded?

Mr. PROXMIRE. I should like to ask the distinguished chairman of the committee, who is really the Senator in charge of the bill—I am just sitting in for him temporarily—if his view is that this kind of facility, a swimming pool, would be excluded.

Mr. JAVITS. Necessarily, is it excluded?

Mr. PROXMIRE. Is it necessarily excluded?

Mr. JAVITS. They are, as a matter of statutory construction, I realize that the amount of money which is totally involved is not great. We are not thinking about any elaborate operation but want to know whether it comes within the purview of the Secretary to include that kind of recreational facility.

Mr. SPARKMAN. The Senator from New York is an able lawyer. When the language refers to the establishment of a temporary public playground, does not the Senator think it might vary according to the type of pool?

Mr. JAVITS. That is exactly correct. Mr. SPARKMAN. And if it is to be temporary.

Mr. JAVITS. That is exactly so.

Mr. SPARKMAN. It would be allowable.

Mr. JAVITS. Of course.

Mr. SPARKMAN. But not if it were made permanent.

Mr. JAVITS. No; that is not contemplated. I think that is probably true, but I wanted to be sure that it was not by statutory construction excluded.

Mr. SPARKMAN. That would be my construction of the language.

Mr. JAVITS. I thank the Senator.

Mr. President, I withdraw my amendment.

The PRESIDING OFFICER. The amendment is withdrawn.

Mr. MANSFIELD. Mr. President, I suggest the absence of a quorum, the time for the quorum call not to be charged to either side.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana? The Chair hears none, and the clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. METCALF. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The LEGISLATIVE CLERK. At the end of the bill insert a new section as follows:

#### SMALL BUSINESS ACT

SEC. 1520. Subsection (a) of section 4 of the Small Business Act is amended by inserting immediately after "the Commonwealth of Puerto Rico," the following: "the Trust Territory of the Pacific Islands,".

Mr. METCALF. Mr. President, the amendment simply adds the trust territory to the area where the Small Business Act would apply. The Trust Territory of the Pacific Islands is a special responsibility of the United States as a result of United Nations action. It is in a remote area where we need more American investment to compete with Asiatic investment. The amendment merely provides for the Small Business Administration to go in there, in the case of a disaster, or in the case of incident, for the protection of the area which we have purchased with the blood of our American boys on such islands as Peleliu, Eniwetok, and Kwajalein.

I urge the adoption of the amendment.

Mr. SPARKMAN. Mr. President, let me ask the Senator from Montana this question. The area is referred to as the Trust Territory in the—

Mr. MANSFIELD. The Trust Territory of the Pacific Islands.

Mr. SPARKMAN. Of the Pacific Islands. Is that the correct title?

Mr. MANSFIELD. The Trust Territory of the Pacific Islands.

Mr. METCALF. That is the correct title.

Mr. SPARKMAN. The thought that is

going through my mind is that there are other trust territories in other countries.

Mr. METCALF. No.

Mr. MANSFIELD. This is it.

Mr. SPARKMAN. I understand. I just wanted to be sure we had the correct title and that it is limited to the American trust territory.

Mr. MANSFIELD. Exactly.

Mr. METCALF. This is the trust territory popularly known as Micronesia. It is the Trust Territory of the Pacific Islands and is administered under the aegis of the United Nations.

Mr. SPARKMAN. Yes. I thank the Senator. Mr. President, I am willing to accept the amendment, and I understand that the Senator from Texas [Mr. Tower] is also willing.

Mr. President, I yield back the remainder of my time.

Mr. METCALF. Mr. President, I yield back the remainder of my time.

The PRESIDING OFFICER. All time on the amendment has now been yielded back. The question is on agreeing to the amendment of the Senator from Montana.

The amendment was agreed to.

Mr. MANSFIELD. Mr. President, for the RECORD and the information of the Senate, the correct name is "The Trust Territory of the Pacific Islands."

Mr. SPARKMAN subsequently said: Mr. President, earlier in the day there was an amendment to extend the provisions of the act to extend the provisions of the Small Business Act to the Trust Territory of the Pacific Islands.

I am in receipt of a letter from the Department of the Interior dated May 28, 1968, relating to this problem. I ask unanimous consent to have printed in the RECORD the letter from the Department of the Interior, at the point where the matter was considered.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

U.S. DEPARTMENT OF THE INTERIOR,  
OFFICE OF THE SECRETARY,  
Washington, D.C., May 28, 1968.

HON. JOHN SPARKMAN,  
Chairman, Committee on Banking and Currency, U.S. Senate, Washington, D.C.

DEAR MR. CHAIRMAN: This is in response to your request for the views of this Department on S. 3070, a bill "To extend the provisions of the Small Business Act to the Trust Territory of the Pacific Islands."

We strongly recommend the enactment of S. 3070.

The bill amends section 4(a) of the Small Business Act by inserting the phrase "the Trust Territory of the Pacific Islands, immediately after the phrase "the Commonwealth of Puerto Rico, where it appears in the subsection. This amendment includes the Trust Territory of the Pacific Islands in the definition of the term "United States" as it is used in this portion of the Small Business Act, thereby extending the provisions of the Small Business Act to the Trust Territory of the Pacific Islands.

We favor the extension of the Small Business Act to the Trust Territory of the Pacific Islands in order to permit developing commercial and industrial enterprises, which may qualify, to avail themselves of the assistance which is made available under the Small Business Act. We believe that the extension of the Small Business Act to the Trust Territory of the Pacific Islands will be a major contribution to the economic devel-

opment of the area, one of the responsibilities the United States accepted in the Trust Territories under its Trusteeship Agreement with the Security Council of the United Nations.

Additionally, extension of the Small Business Act to the Trust Territory of the Pacific Islands would make available the post-disaster assistance that is authorized by the Small Business Act. At the present time, the Disaster Assistance Act is applicable to the Trust Territory of the Pacific Islands and provides for reconstruction and rehabilitation assistance to the public sector in the event of a major disaster, such assistance being made available through the Office of Emergency Planning. However, there is no provision for assistance to the private sector of the economy such as is now made available to other sections of the United States through the Small Business Act.

Because of limited alternative resources and sources of assistance in the Trust Territory of the Pacific Islands, the aid that will be made available by the passage of this bill will probably be more effective in the Trust Territory of the Pacific Islands than anywhere else.

Article 3 of the Trusteeship Agreement between the United States and the Security Council of the United Nations, under which the United States administers the Trust Territory of the Pacific Islands provides:

"The administering authority shall have full powers of administration, legislation, and jurisdiction over the territory subject to the provisions of this agreement, and may apply to the trust territory, subject to any modifications which the administering authority may consider desirable, such of the laws of the United States as it may deem appropriate to local conditions and requirements."

Accordingly, the extension of the provisions of the Small Business Act to the Trust Territory of the Pacific Islands is consistent with the terms of the trusteeship Agreement.

The Bureau of the Budget advises that while there would be no objection to the presentation of this report, the Bureau believes that the existing authority of the Department of the Interior, the administering agency of the Trust Territory of the Pacific Islands, is adequate to meet the needs of small business in the Trust Territory of the Pacific Islands. If additional resources are required, the Bureau believes that they can most efficiently be channeled through the Department of the Interior.

Sincerely yours,

HARRY R. ANDERSON,  
*Assistant Secretary of the Interior.*

Mr. SPARKMAN. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The legislative clerk proceeded to read the amendment.

Mr. SPARKMAN. Mr. President, I ask unanimous consent that the further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered; and the amendment will be printed in the RECORD.

The amendment offered by Mr. SPARKMAN is as follows:

On page 303 amend section 1519 of S. 3497 by deleting the present language and substituting the following:

"Sec. 1519. Section 24 of the Federal Reserve Act, as amended (12 USC 371) is amended:

"(1) by striking the words 'twenty-four months', wherever they appear in the third paragraph thereof and inserting in lieu thereof the words 'thirty-six months',

"(2) by striking the words 'when the entire amount of such obligation is sold to the association' wherever they appear in the first and second paragraphs thereof and inserting in lieu thereof 'in whole or in part and at any time or times prior to the maturity of such obligation';

"(3) by striking the last paragraph thereof and inserting in lieu thereof the following: 'Loans made to any borrower (i) where the association looks for repayment by relying primarily on the borrower's general credit standing and forecast of income, with or without other security, or (ii) where the association relies on other security as collateral for the loans (including but not limited to a guaranty of a third party), and where, in either case described in clause (i) or (ii) above, the association wishes to take a mortgage, deed of trust, or other instrument upon real estate (whether or not constituting a first lien) as a precaution against contingencies, such loans shall not be considered as real estate loans within the meaning of this section but shall be classed as ordinary non-real estate loans.'"

Mr. SPARKMAN. Mr. President, I offer this amendment to section 1519 of S. 3497. It would amend section 24 of the Federal Reserve Act. This section deals with a national bank's authority to make mortgage loans. While the change from the committee bill does not expand existing authority of national banks, it does clarify the law and confirm current regulations and interpretations of the Comptroller of the Currency.

The first paragraph of my amendment restates the existing section 1519 of the committee bill.

The second paragraph of my amendment would permit national banks to continue to purchase participations in existing mortgages.

The third paragraph of my amendment confirms the Comptroller's interpretation that loans by national banks shall not be considered as real estate loans where the bank looks primarily for repayment out of income of the borrower or security other than real estate, even though the bank takes a mortgage on real estate as additional security for the loan.

Mr. TOWER. Mr. President, I have no objection to the amendment offered by the Senator from Alabama.

Mr. SPARKMAN. Mr. President, I yield back the remainder of my time.

Mr. TOWER. I yield back the remainder of my time.

The PRESIDING OFFICER. All time on the amendment has been yielded back. The question is on agreeing to the amendment of the Senator from Alabama.

The amendment was agreed to.

Mr. SPARKMAN. Mr. President, if I may have the attention of the Senator from Delaware [Mr. WILLIAMS], he may recall that yesterday I offered an amendment to change the date, from 1968 to 1969, for the report of the study of the savings and loan industry. I find the language that I used was not sufficient, and I am offering an amendment to change it correctly. No additional funding is required. It simply prolongs the date for the study. The amendment is a substitute for the amendment at page 3, line 4, adopted by the Senate yesterday, as shown on page S6472 of the RECORD.

The PRESIDING OFFICER. The amendment offered by the Senator from Alabama will be stated.

The legislative clerk read the amendment, as follows:

At the end of the bill insert the following:

"SPECIAL STUDIES OF SAVINGS AND LOAN  
INDUSTRY

"Sec. 1520. That part of Chapter IV of the Second Supplemental Appropriation Act, 1966, which relates to expenses necessary for special studies of the savings and loan industry is amended by striking out '1968' and inserting '1969'."

Mr. SPARKMAN. Mr. President, I yield back the remainder of my time.

Mr. TOWER. Mr. President, I yield back my time.

The PRESIDING OFFICER. All time on the amendment has been yielded back. The question is on agreeing to the amendment of the Senator from Alabama.

The amendment was agreed to.

Mr. SPARKMAN. Mr. President, I have another technical amendment to offer.

The PRESIDING OFFICER. The amendment of the Senator from Alabama will be stated.

The legislative clerk read the amendment, as follows:

On page 55, line 9, after "per annum" insert "(not in excess of 6 per centum)".

On page 82, line 4, after "235(j) (2) (C)," insert "236(j) (4) (B)."

Mr. SPARKMAN. Mr. President, it is a purely technical amendment.

I yield back my time.

Mr. TOWER. Mr. President, I yield back my time.

The PRESIDING OFFICER. The question is on agreeing to the amendment of the Senator from Alabama. All time has been yielded back.

The amendment was agreed to.

Mr. RUSSELL. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment offered by the Senator from Georgia will be stated.

The BILL CLERK. It is proposed, on page 180, beginning with line 6, strike out all of title XI.

Renumber succeeding titles and sections accordingly.

Mr. RUSSELL. Mr. President, when the distinguished Senator from Alabama opened the debate on this bill last Friday, his initial statement was that this was "the most comprehensive housing and urban development bill our committee has ever presented to the Senate." After having undertaken, in a very brief time, to understand it—there are some 300 pages to the bill—I am perfectly willing to subscribe to that statement in toto. As I understand it, the main thrust of the pending bill is to provide more adequate housing for low-income people of this country. With that objective, I am in agreement. There are many provisions of this long and complicated measure that I can support. However, as I said here last Friday, there are some provisions contained in this bill which I think are fraught with great peril and will develop into real dangers to this country.

I refer particularly to title XI, which provides for a scheme of reinsurance to place on the taxpayers of every section of this country the responsibility to absorb the losses brought about by riots and civil disorders such as we have witnessed to an increasing extent in the past several years.

Briefly, the applicable provisions of this title would create a National Insurance Development Corporation within the Department of Housing and Urban Development, and this new corporation would administer the reinsurance program in those States where the corporation would operate.

It is proposed to finance this program jointly by the private insurer, the State, and the Federal Government. The cost of the program is, of course, unknown at this time. It would depend upon the frequency of riots and civil disorders, as well as the amount of losses and damage caused by these outbreaks.

May I say that this portion of the bill is very vague and uncertain as to the distribution and liability of the capital fund this department would administer. It leaves a great deal to the discretion of the manager of the fund, or whoever is designated by the department to handle this new corporation and the insurers. It would be a subject of negotiation and contract. But we do know that, in the last analysis, the responsibility for the payment of claims which may arise under this title and under this new law will rest upon the taxpayers of the United States.

Mr. President, I am greatly concerned that such a program as it stands at the present time would destroy incentives, especially among the city officials in the areas affected and among those living in the cities, to limit the destruction which might be brought about by riots, or, indeed, to prevent and stop such riots.

On yesterday, the Senate rejected a proposal that the cities participate in the creation of the fund from which the payments would be made. There can be no doubt that, under our present system of government, in theory at least, cities have the primary responsibility for law enforcement within their boundaries. They have the primary responsibility for quelling riots or civil disorders. And yet under this bill they have no obligation whatever toward the fund which is created to pay the reinsurance or the insurance claims that may become due by virtue of the provisions of the law.

Mr. President, I have in the past expressed the view that the occurrence and the violence of these disorders is in some cases partly attributable to the permissive atmosphere that has been created, unwittingly, I am sure, by statements and actions of public officials. Some of the highest officials of the Government have indicated—I believe one made the statement in public—that if they lived in the so-called ghettos, they would participate in these demonstrations. I think statements of this kind are inexcusable, and I know that they make no contribution whatever to restoring or to maintaining law and order.

In addition, Mr. President, the police have not been permitted to deal with these riot situations in a realistic man-

ner. Many of the recent violent situations, in my judgment, could have been significantly limited if the law enforcement agencies had been allowed to move when trouble first started. However, this has not been the case, as is clearly evidenced by the bumbling and uncertain handling of the recent violence here in the Nation's Capital.

Now it is proposed in title XI of this bill, that I am now moving to strike, to provide assurance that, after these riots have occurred, the destroyed buildings will be rebuilt partially, at least, through tax money. I believe we are playing with dynamite by entering into this field and by entertaining such proposals, because this program, although it is slightly limited, like so many others, once initiated, will spread and be enlarged upon in each succeeding Congress. I am confident that this would only be a start and that it would eventually lead to the complete assumption and subsidization of these losses by the Federal Government.

Mr. President, I do not see how we can possibly hope to put an end to the wave of riots and civil disorders if we are to maintain a permissive atmosphere, handcuff the police, and then, in effect, have Congress subsidize the damage caused by the rioters after the event.

I shall not undertake to discuss today the extent of crime in this country. The Senate has fully exhausted that subject in the last month. We spent more than 3 weeks, I believe, on the crime bill, in an effort to direct legislation toward bringing about a restoration of law and order. I think the bill we finally passed was a reasonably good bill, but I do not believe it is likely to cure all the ills that afflict the Nation.

I wish to make it very clear that I do recognize the existence of an insurance problem in the areas that have been victimized by riots. In glancing through the record of the hearings, I notice that the witnesses heard by the Committee on Banking and Currency, included a number of distinguished citizens who are affiliated with the insurance industry. I am not surprised that those people favor this proposal, because it would be most beneficial to the insurance industry, at least in the short run. In taking note of this fact, I am in no way criticizing the industry—for all industries in this country today have a habit of coming to the Federal Government for help—but I do point out that this program has other ramifications that should properly be considered.

It seems to me that clear alternatives are available to assist the insurance industry and at the same time avoid the very great dangers of getting the Federal Government involved in this reinsurance scheme, without any idea on earth as to what it is likely to cost. I would point out to those in the insurance industry who support this proposal that it is far easier to get the Federal Government involved in legislation delegating regulatory authority than it is to limit that role once the door has been opened. I have seen this happen time and again in the years I have served in the Senate, and I would say to the insurance industry in this country that they might well

consider the vast authority and regulatory role that will inevitably result from the enactment of this type of legislation. The Executive Director of this Corporation has great power, and there is no assurance, whatever, that it will not be expanded in the future from year to year, as other Government programs of this nature inevitably result.

I sincerely believe that it would be to the benefit of this country and, in the long run, of the industry itself, to work out this problem of insurance in riot areas within the industry, without bringing the Federal Government into it in an active or even a proprietary way. I am sure that this can be done. As a matter of fact, I have been told and have read in the CONGRESSIONAL RECORD that the Finance Committee is now in the process of preparing legislation which would allow the industry itself to build up a tax exempt fund to act as a cushion against these excessive losses in certain areas of our country. I think that that approach is far more desirable than the one involved in title XI of this bill. I cannot emphasize too strongly that if the insurance industry wants to remain one characterized by the competitive free enterprise system, it had better be more careful about entering into such a scheme as is proposed in the pending legislation.

Mr. HOLLAND. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. HOLLAND. First, I congratulate the Senator and wish to associate myself in every way with what he has said. I thoroughly agree that this is a dangerous experiment. I thoroughly agree that it is dangerous to the insurance industry itself. Above all, it is a very bad experiment from the standpoint of the underwriting, largely out of Federal and State funds, of the losses in riot-torn areas.

It seems to me that if there needs to be any incentive for destruction of the huge ghettos in some of our cities, this particular part of the bill would operate in that direction, and I would expect, regretfully, that some very destructive fires, similar to the ones in Newark, Detroit, Washington, and elsewhere, would occur in crowded city ghettos in the future, very carelessly on the part of both officials and property owners, with the knowledge that Uncle Sam and the particular State involved stand ready to bear the burden out of tax collections from all of the people.

I hope the Senator's amendment will succeed. This is a very dangerous experiment. As I said in the beginning, I wish to be associated from beginning to end with the position of the distinguished Senator from Georgia.

Mr. RUSSELL. I thank my distinguished friend from Florida.

Mr. President, the bill to which I have referred, which is being considered by the Committee on Finance—undoubtedly the proper committee to consider a matter of this nature—will be found at page S18725 of the CONGRESSIONAL RECORD of December 14, 1967. I ask unanimous consent that the text of that proposed bill

be printed in the RECORD at the conclusion of my remarks.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See exhibit 1.)

Mr. RUSSELL. Mr. President, from my review, rather scanty though it was, of the hearings held by the Banking and Currency Committee, I do not believe that the possible encouragement to riot by having the Federal Government assume all this obligation, and eliminating the city from any part of the responsibility, was even considered by the distinguished subcommittee of the Committee on Banking and Currency which held hearings on this measure. The record does not disclose which law enforcement officials, if any, appeared, or whether any of the witnesses were queried as to this point. It may be that the Senator from Florida and I are the only two Members of the Senate who are concerned about this matter, but I certainly hope that that is not the case.

I think it would have been well if the committee had called some of our outstanding police officers, to get their evaluation of the possible effect of such a scheme as is embraced in this proposal. My own view is that it contains many dangers and should be fully explored before it is approved by the Senate.

Mr. President, all of the witnesses—and I am sure every Senator will agree with this—indicated that they sincerely hope that we would have no further riots, but this entire proposal is predicated upon the assumption that we will not only have more riots, but that their violence and severity will increase. I note, for example, that the National Insurance Development Corporation, created by title XI, does not expire until April 30, 1976. I certainly hope that this does not mean that the proponents of this legislation envision that these inexcusable exercises in violence will last that long. I would say further, Mr. President, very frankly, that I do not believe the American people will tolerate extending a continuing reign of terror in our cities for that length of time.

Mr. President, the entire program apparently is based in large part upon the belief that riots are here to stay. That is the source of my greatest concern. We should give more attention to reestablishing law and order and making it clear that the law-enforcement agencies in this country will be fully supported with both the resources and authority with which to cope with these situations.

I do not contend that we should not have any program to assist the insurance industry in these unusual conditions. It is, of course, important under our system—against which these riots are directed—that we maintain reasonable insurance coverage in the riot areas. However, I do not accept the vehicle suggested and presented in the pending legislation. It contains too many potential dangers. It is my view that the situation should be more fully covered in hearings before we adopt any such far-reaching provision of law.

Mr. President, I believe it would have been more appropriate for the committee to have placed the reinsurance provision—if they were determined to bring

one to the Senate—in that title of the bill provide for urban renewal because I do not think it is unlikely that many people, including some Government officials, will view the proposal as a rather economical means of urban renewal.

Mr. President, I read the other day in the magazine section of the Washington Post for Sunday, May 5, 1968, a tremendously interesting article written by an anonymous Government girl—a Negro girl—with respect to the riots.

This Government girl told of her own experiences when she drove down into the riot torn area and became involved with some young acquaintance of hers who had picked up some bottles of whiskey in a liquor store, and she was arrested. I will not read the whole article, but I will read these two, very significant lines:

Most of the buildings that got burned should have. This would be viewed as Urban Renewal.

I present that to the Senate as the views of one of those who was arrested in the riots. She was an educated, young woman, and evidently a Government employee. She was arrested in the recent riots in Washington.

The article shows that she thought the burning was justified because it would produce an urban renewal program here in Washington.

I do not doubt the need for an urban renewal program in Washington. However, cities all over the land have communities needing urban renewal, and those cities have their applications in for urban renewal.

Buildings destroyed in riots by acts of lawlessness should not take priority in applications for urban renewal over buildings in cities that are able to maintain law and order and in which the sections of the cities that are fit subjects of urban renewal are not destroyed.

When we assure a city that the cost of rebuilding any structure destroyed in a riot will be defrayed by governmental units other than that city and that they will then make no contribution whatever thereto, then the incentive of city officials, who are primarily responsible for the enforcement of the law, is bound to be diminished. Almost all of the structures replaced would be, of necessity, of better quality than those destroyed in the ghetto areas, so that the residents of these areas, also, will know full well that the quality of their neighborhood structures will have undergone an urban renewal primarily at the expense of others after those structures have been destroyed by burning.

Mr. President, of course, to me, one of the most undesirable aspects of the whole proposal is the discrimination against those areas of the country that do enforce the law and intend to enforce the law. This discrimination will be brought to bear by requiring, on a tremendously increasing scale in the future, those municipalities and States, in common with others who do not intend to try to enforce the law, to pay for this plan of indirect urban renewal. In effect, we will be telling those who do not intend to tolerate these exercises in violence that they will nevertheless be expected to participate in the program of absorb-

ing the losses brought about in other areas of the country, partly because the officials, for whatever reason, will not fulfill their responsibility for the maintenance of law and order.

I do not believe that it is either a wise policy or an equitable policy in regard to the many responsible officials and citizens who do not plan to or, indeed, will not tolerate, the mounting financial losses from riots.

Mr. President, this title provides that the reinsurance provision of the law should be administered by the National Insurance Development Corporation within the Department of Housing and Urban Development.

Mr. President, very briefly I think that this provision should be stricken from the bill, primarily for three reasons.

First, it creates a new agency, and we have created so many thousands of agencies of the Government in the last few years that there is not a single Senator and, indeed, I doubt if there are 10 Senators combined who could sit down and name all of the agencies of the Government that are in operation today, including all of the many corporations that we have created.

I am congenitally opposed to the creation of new agencies of the Federal Government to solve every possible problem with which we are faced. I am opposed to it because it creates a new system of spending obligation that is beyond the reach of Congress in this case if we find it necessary to cut appropriations. This agency is given the power, if it runs out of funds, to go to the Treasury, deposit its notes, get the money and thus bypass the appropriations authority of Congress.

In any emergency that might cause us to find it necessary to cut Government spending, this agency would go right along with those others that we hear so much about and that hamper us so much in our economy efforts, because they do not operate on appropriated funds.

This agency would not operate on appropriated funds. When the finances created by the pending bill are exhausted, the Corporation would put up its notes or bonds and draw the money from the Treasury directly.

Mr. President, I have always had doubts about the constitutionality of that system, but it is employed by other corporations that spend money that is not appropriated in the manner prescribed by the Constitution.

The Constitution says that that practice is not valid. But it has been challenged and I understand that the courts of last resort have passed on the matter.

The measure does provide for large sums of money, if the Corporation incurs large losses, to be obtained and expended without Congress appropriating the funds; and it places the expenditure of these funds and the amount beyond the reach of Congress, unless it decides to undertake to abolish the Corporation.

Mr. President, this amendment should prevail, for the reason to which I have already adverted, namely, that the cities of this country, under our system, have up until now, at least theoretically, had the primary obligation for the enforcement of law and order. They have had

the responsibility for the administration of these various programs, and in most of them they have been required to participate financially. In the case of the administration of this program, they contribute nothing. They have no responsibility whatever as to its operations, though the funds are paid into and are expended within the cities.

Mr. President, I am opposed to this measure also because, in my judgment, in the manner in which this one is set up, it will tend to encourage rather than to discourage riots and civil disorders that have brought about so much destruction. I believe that this bill and this whole system—this whole subject—is properly within the jurisdiction of the Committee on Finance of the Senate and should be handled there. As the chairman said, the committee was considering a program for including this subject.

Mr. ANDERSON. Mr. President, will the Senator yield?

Mr. RUSSELL. I yield.

Mr. ANDERSON. I might be accused of self-interest, because I am the chairman of the board of an insurance company. I believe this is a very bad precedent, a very bad policy. I do not believe any funds should be developed in any way until the matter has been studied very carefully by Members of Congress and by the Committee on Finance, of which I am a member. The matter should be the subject of long hearings. We have had compulsory pools. We have had long hearings. I believe there should be long hearings on this matter, and I support the amendment of the Senator from Georgia.

Mr. RUSSELL. Mr. President, it is gratifying to me that the Senator from New Mexico is of that opinion, because undoubtedly he knows more about insurance than any other Member of the Senate. He has been engaged in the insurance business all his life. He is trying to do the best for the insurance companies, for the insured, for the cities, and for the Treasury of the United States.

It was said on the floor of the Senate yesterday, Mr. President, that the cities ought not participate in this program because the cities were already in bad shape financially, and that is true. That is true down to the small towns. I live in a small city of about 7,000 or 8,000 people. It is hard pressed financially, and whenever they raise the tax 5 mills, a great howl goes up to high heavens. Every activity of government in this country is hard pressed financially.

The PRESIDING OFFICER (Mr. SPONG in the chair). The time of the Senator has expired.

Mr. RUSSELL. I was assured that I would have some time on the bill.

Mr. TOWER. I yield 5 minutes on the bill to the Senator from Georgia.

Mr. RUSSELL. Mr. President, with respect to the information about this indebtedness, the total indebtedness of local governments—the latest figure available from the Library of Congress—is \$77.5 billion. That is a per capita obligation of \$396 for the residents of these cities. The State governments are much better off, to my surprise. They have a total obligation of \$32.5 billion and a per capita obligation of \$164.

But the Federal Government, Mr.

President, upon which this provision places the main burden, has a total indebtedness, as of May 20, 1968, of \$355,400,000,000. On a per capita basis, it amounts to \$1,769, which is more than twice the combined per capita obligation of the cities and the States. Yet, we place all of this eventual obligation on the Federal Government and on the Federal taxpayers.

I hope the Senate will consider this amendment seriously and will vote this title out of the bill.

Mr. SPARKMAN. Mr. President, I am sorry that this amendment has been offered, because I believe that this is a vital portion of the bill.

I say to the Senator from Georgia that the Banking and Currency Committee had 2½ days of hearings on this specific proposal. I refer the Senator to the table of contents of the hearings, page VI. There were 2 complete days of hearings. Then, on the third day, Mr. James L. Bentley, president of the National Association of Insurance Commissioners, who is from the State of Georgia, appeared as a witness. His testimony consumed a good part of the third day. I believe we did go into this matter thoroughly.

Mr. President, the consideration of the insurance problem did not start in the Senate with this bill. We began consideration of this problem more than a year ago. The Senator from Florida [Mr. SMATHERS] was the first to bring it up, when he introduced a bill and conducted hearings in the Select Committee on Small Business on the subject of crime in the city of Washington. He first considered the problem at the local level, in the District of Columbia. Witnesses appeared before the subcommittee and testified about their places having been robbed or subjected to burglaries and holdups. In many instances the owner had been shot and almost every crime against person and property that anyone could think of had been committed. That was the beginning of the study by the Senate of this subject.

The Senator from New Hampshire [Mr. MCINTYRE], who is chairman of the Subcommittee on Small Business of the Committee on Banking and Currency, held hearings on proposed legislation to help alleviate the serious lack of crime protection insurance to small business.

Finally, this year's housing program, submitted by the administration, contained a proposal for insurance that would provide greater availability of essential property insurance to all property owners in all urban areas.

Mr. President, I say to the distinguished Senator from Georgia that I do not know of any subject in this bill or any other bill that has received more hard, concentrated thinking and work to develop it. The program was worked out with the insurance companies of America, with the State supervisors of insurance, and with officials of the Federal Government.

Something was said about the great call on the Treasury and about the amount of money involved. As a matter of fact, the best estimate of insured losses arising from the 1967 riots that could be arrived at was between \$50 and \$75 million. That represents the total

insurance liability growing out of the riots of 1967. The bill requires this much to be raised by the reinsurance premiums. If this, along with the other financial responsibilities, is not ample and if there is any backup by the Federal Government, it should be remembered that the money borrowed from the Treasury for this purpose must be repaid. It is not a loss to the Federal Government. The Federal Government backs it up for the time being.

But this insurance corporation receives premiums from the insurance companies of America and, potentially, from the State governments. If the authority to borrow from the Treasury is utilized, the money must be paid back, primarily by reinsurance premiums received subsequently.

I yield to the Senator from New Hampshire.

Mr. MCINTYRE. Mr. President, I wish to emphasize what the chairman of our committee has said. This proposal is not something new which was developed here in the last day or two, or in the last month or two.

The Senator from Florida [Mr. SMATHERS] held hearings on this problem over a year ago, in April of 1967.

My own Subcommittee on Small Business held hearings on similar legislation last fall.

I see in the Chamber the junior Senator from Illinois, who serves on the Subcommittee on Small Business. The Senator from Pennsylvania [Mr. SCOTT], the Senator from New York [Mr. JAVITS], and the Senator from Florida [Mr. SMATHERS], all of us found a pressing need to do something in this area.

It started originally, as the Senator from Alabama said, with the "mom and pop" type store, the small neighborhood business. Then we found it was involved with the riot problem. I do not see this title as a big city bill. I do not see it as an attempt to take the money of rural taxpayers and rebuild the ghettos.

In my small but great State of New Hampshire we have had two riots in the last few years, one of serious proportions at Hampton Beach. This was brought out in the hearings.

This program is absolutely essential to the small bakery shop, the small food store, and the other little businesses which find themselves without any ability to obtain any insurance. Even where insurance is available, the rates are so intolerably high that they cannot afford it, and so they crumble away. They leave the ghetto, which becomes a more hopeless part of the community without them.

Mr. President, there is a strong desire among the members of the committee to retain this part of the bill.

Mr. MUSKIE. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. MUSKIE. Mr. President, I think that from my point of view the persuasive consideration that led to my support of this provision of the bill is stated in one paragraph on page 87 of the report. It reads as follows:

The facts developed during the various hearings point out the insurance crisis in our cities. The deterioration of many inner city areas is threatening the economic and

social health of the cities as a whole. This deterioration has, in too many cases, caused the owners of well-maintained properties and businesses to be unable to obtain adequate property insurance against fire, crime, and other perils because of the general location of the property in a high-risk area or because of its proximity to dilapidated or hazardous structures.

In other words, here is a risk against which the resources of the private insurance companies are inadequate.

I wish to point out that, with respect to the private power companies of this country and the construction of nuclear powerplants, private insurance was similarly inadequate and so Congress has provided Government-subsidized insurance to protect the private power companies against a risk which the private insurance industry is unable to cover.

So the private power companies, with the help of Government-supported insurance, are protected and given insurance at a fraction of the cost they would have to pay to private insurance companies.

Now, Mr. President, if it is appropriate for us to provide this kind of protection for an industry with such resources as the private power industry of this country, it seems to me a perfectly appropriate precedent for the kind of protection we are seeking here for businesses which are essential to the vitality and development of the ghetto areas of our cities. This is one of the reasons I support this provision of the bill.

Mr. SPARKMAN. Mr. President, I wish to ask the Senator this question: Is the manner in which the Federal Government underwrites private power companies with insurance similar to the provisions in this bill?

Mr. MUSKIE. I do not know the details sufficiently to make that comparison, but it is Government-supported insurance, to the best of my knowledge, and it is not paid for by private power companies, except perhaps a fraction of the cost.

I was hoping that the distinguished Senator from Rhode Island would be in the Chamber, because he knows this provision of the law in much greater detail than I do.

Mr. SPARKMAN. Is it not true that in the provision we are now considering, the Federal Government must be repaid any money it expends to pay reinsurance losses?

Mr. MUSKIE. The Senator is correct. I wish to emphasize in connection with private power companies that insurance is Government subsidized. I do not have the details on which the subsidy is provided.

Mr. PROXMIRE. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. PROXMIRE. Mr. President, I wish to follow up what the distinguished Senator from Maine has said so well and I wish to emphasize that there was a study, to which the Senator referred, made by a panel headed by Governor Hughes of New Jersey. He made a significant observation in his opening remarks when he appeared before the committee, as is shown on page 541. He said:

We note first in our committee, and I think that it is a valid conclusion and I think many people are coming to share it, that the real issue confronting this insurance panel was not one that grew out of the riots as thought the riots in our cities had created this problem, but one that was highlighted by these disorders. And the real problem was the unavailability, and it has existed for some years, and shortage of insurance.

Governor Hughes continued and said:

It is a historic fact, Senator, and I am delighted that you commented on it. Many of us are inclined to believe that all these things occurred just recently. That is not so at all. We have seen over these years our urban centers deteriorate and our structures decay and decline, as the criminal rate grows, and the insurance losses increase. As the loss ratios increase, the desirability of center-city business has decreased until it is most difficult, if not impossible, for the homeowner and the small businessman to obtain adequate coverage at a reasonable cost, or often at any cost.

Mr. President, it is very important that we note that this is not something that grew up because of the riots in 1967. This is a continuing problem and this is the way the Hughes committee tried to deal with it.

Mr. PERCY. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield to the Senator from Illinois.

Mr. PERCY. Mr. President, I wish to say to the distinguished Senator from Georgia that, as the ranking minority member of the Subcommittee on Small Business, I found throughout the hearings that many of the points the Senator raises are perfectly valid.

The question is whether we would be discriminating against those who do enforce the law as distinguished from those who do not enforce the law. I am the first person to defend the mayors of our great cities. I do not believe the analysis can be made with respect to the riots. We have much to learn with respect to riots and civil disobedience on a massive scale, but it is my impression that the cities have invested a tremendous amount of money in law-enforcement agencies and law-enforcement officers, in increasing their budgets substantially to maintain law and order, and they have moved swiftly and they have not hesitated to call in the National Guard and the Federal troops, if necessary.

This is not the great problem. The question which must be raised is whether insurance should be available to small businesses to maintain protection against their inventories. It simply was not available and until such time as there is insurance available to the private sector, something must be done with respect to the thousands of people living in riot areas who were the victims of the riots and who did not participate in them.

I walked down the streets of Newark, N.J., a year after the riots there, and I have talked to many of the people. Even today many of the small businesses there have not been restored and as a result the families many times have to walk a mile to get groceries or to do their laundry, when formerly they had these facilities within a block or two of

their homes. These people are the victims of the disorders. We have to find ways to get small businesses back into the area to service them as before.

Furthermore, the small businesses need the help of insurance companies. They have to have incentive to take protective measures to guard against riots, vandalism, or whatever it may be.

I think they are learning a great deal about how to protect their businesses. By enabling them to pool their resources and by having the Government back them up as a last resort, and by not establishing government corporations in the first instance, but by using all the facilities of the private sector first. I think we have developed a very good bill which is in the public interest, and one which I firmly support as a former businessman and now a public office holder.

Mr. MCINTYRE. Mr. President, will the Senator from Alabama yield?

Mr. SPARKMAN. I yield.

Mr. MCINTYRE. I would like to emphasize, as the Senator from Georgia [Mr. RUSSELL] has stated, if a State does not desire to come into the program, it does not have to. Is this your understanding?

Mr. SPARKMAN. Yes. It is a voluntary undertaking. Each State that comes in undertakes to form a State fair plan.

Mr. MCINTYRE. I thank the Senator.

Mr. RUSSELL. It is clear that the Senators opposing this amendment have destroyed a strawman here, but my basic objections still stand. I do not like to see any program predicated upon anything so vague and uncertain as this. There is nothing in the testimony to which the Senator refers about it. I ask the Senator from Alabama now, what would it have cost if it had been in effect over the period of the last year? There are absolutely no figures given on it that we could find in the hearings.

Mr. SPARKMAN. For 1967?

Mr. RUSSELL. Yes. This is too vague and uncertain, in the conditions we face today. We have had reinsurance programs before, but I think the Senator will find, if he looks into it, that they are more definite than this. This is not only voluntary to a State but it is also voluntary to an insurance company. They do not have to participate if they do not wish to. They can refuse to write this kind of policy altogether. If they do write it, they have to come into the program. I say this with all deference and respect, but it seems to me that the way this is presented is rather half-baked.

Mr. SPARKMAN. The Senator is correct about the voluntary matter, but that is the only way it should be. I am not sure he would be in favor of having enforced participation.

Mr. RUSSELL. No, I would not object to having it enforced if the insurance companies did not want to insure in a State.

Mr. SPARKMAN. That is all right if they do it State by State.

Mr. RUSSELL. They can withdraw from this high liability provision, but they do not have to do it.

Mr. SPARKMAN. Every major insurance company in the United States is strongly in favor of this program. The

program has been worked out carefully with them, with the State insurance supervisors, and with Federal officials.

### ORDER OF BUSINESS

Mr. SPARKMAN. Mr. President, I ask at this point that I may yield to the Senator from New Jersey for a brief time, for the purpose of introducing some visitors to the Senate, without the time being charged to either side.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Alabama? The Chair hears none, and it is so ordered.

### VISIT TO THE SENATE BY THREE MEMBERS OF THE PARLIAMENT OF MALI

Mr. CASE. Mr. President, it is our pleasure today to have as visitors to the Senate three members of the Parliament of the Republic of Mali who are visiting in the United States at the invitation of the Department of State.

It is my pleasure to present them to the Senate at this time.

First, the Hon. Yacouba Maiga. [Applause.]

Mr. Maiga is a member of the National Committee for the Defense of the Revolution—CNDR—and Chief of the CNDR Policy Committee; First Vice President of the Legislative Delegation, and Minister-Delegate to the Presidency.

Next is Mr. Sory Ibrehim Wane. [Applause.]

Mr. Wane is a member of the Economic and Financial Commission, CNDR.

The next member is Mr. Amadou Diakite. [Applause.]

Mr. Diakite is Precinct Youth Captain, Bamako.

### RECESS

Mr. CASE. Mr. President, I ask unanimous consent that the Senate stand in recess for 3 minutes for the purpose of greeting our distinguished guests.

The PRESIDING OFFICER. Without objection, it is so ordered.

Thereupon, at 3 o'clock and 24 minutes p.m., the Senate took a recess until 3 o'clock and 27 minutes p.m.

During the recess, the distinguished guests were greeted by Members of the Senate.

On expiration of the recess, the Senate reassembled and was called to order by the Presiding Officer (Mr. SPONG of Virginia).

### HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The Senate resumed the consideration of the bill (S. 3497) to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development.

Mr. SPARKMAN. Mr. President, the Senator from Florida [Mr. SMATHERS], who really originated this insurance idea so far as action by the Senate is concerned, unfortunately is not able to be present in the Chamber today. However, he prepared and left with me a statement that he would like to have given to

the Senate in the course of this debate, and I ask unanimous consent to have it printed in the RECORD, together with a letter to the editor, referred to in the statement.

The PRESIDING OFFICER. Without objection, it is so ordered.

The statement of Senator SMATHERS and the letter to the editor are as follows:

Mr. SMATHERS. I wish to direct my remarks to Title XI of S. 3497, which would by amendment of the National Housing Act create a National Insurance Development Corporation within the Department of Housing and Urban Development.

In its report on this bill, the Banking and Currency Committee graciously acknowledged the pioneer work done by the Senate Small Business Committee in spotlighting the almost total lack of insurance protection for small businessmen and other property owners in the high-risk and low-income neighborhoods of our inner cities.

The Small Business Committee did indeed hold extensive hearings in April, 1967 in an effort to evaluate the impact of urban crime on small businesses located in or adjacent to the ghetto areas of our cities. This inquiry necessarily included an examination of the extent to which insurance protection is available to small firms.

As a result of our Committee's finding that small businessmen in high-risk localities either were unable to obtain insurance or were forced to pay prohibitive premiums, a year ago I introduced S. 1484, a measure designed to bridge this insurance gap which has such a crippling impact on small store owners in our low-income metropolitan neighborhoods.

Hearings were then held on my bill by the Small Business Subcommittee of the Banking and Currency Committee. Subsequently, the Subcommittee reported S. 1484, with amendments, to the Banking and Currency Committee. The insurance provisions of S. 3497, then, are the product of careful study by the Small Business Committee, by the Small Business Subcommittee, and by the full Banking Committee.

Title XI of S. 3497, Mr. President, has my full support. It is more than a good amendment. It is an imperative legislative proposal—if this Congress has any intention of making it possible for merchants and other property owners in the poverty-areas of our cities to continue in business. And continue they must, or we will surely witness further deterioration of these blighted localities and all our efforts directed at the physical and economic rehabilitation of these areas will come to naught.

It should be borne in mind, Mr. President, that the hearings of the Small Business Committee on the impact of crime on small businessmen were held prior to the recent riots which devastated so many of our inner cities. Last year, we were concerned with more or less routine criminal acts; the around-the-clock burglaries, robberies, and senseless acts of vandalism which make life a nightmare for small merchants in the poor and run-down neighborhoods of our cities.

We sought answers to three basic questions:

Does small business need insurance protection against crime?

Is such insurance available at reasonable rates?

Is there a need for a Federal factor to assure the availability of insurance in high-crime neighborhoods?

We found that following a single robbery or burglary, a small businessman's insurance premiums jumped as much as 100 percent. Just as often, the policy was canceled outright.

We found that only 11 percent of all business units have insurance against glass breakage.

We were told that in the Fillmore district of Chicago, almost a third of the merchants questioned stated that they met with outright refusals in their efforts to buy insurance policies against thefts.

Furthermore, Mr. President, statistics of the National Bureau of Casualty Underwriters reveal that between 1964 and 1966, premium rates in the District of Columbia for burglary and robbery rose an average of 61 percent. The increase for small retailers increased 87 percent, and mercantile safe insurance rose more than 100 percent.

These are the hard facts. Inner-city small businessmen simply cannot afford property insurance even when such protection may be available. More often than not, such protection cannot be purchased at any price.

Our experience of the past few months, with its widespread destruction of property cries out for a promptly implemented cooperative effort by the Federal Government, by the States, and by the private insurance industry to provide that insurance protection which is an absolute prerequisite of maintaining and of rehabilitating the economic life of our inner-city neighborhoods.

At this point in my remarks, Mr. President, I request that there be printed a letter which appeared in the Washington Star of May 24, 1968, headed "After 44 Years in Business." This letter to the editor tells the tragic story of a family which operated a hardware store in the District of Columbia for almost half a century. After recounting the losses which this business suffered since April 5 of this year, the letter states: "Now we receive word that the insurance on our building is to be canceled."

### AFTER 44 YEARS IN BUSINESS

SIR: We are owners of a hardware store in Northeast Washington. We write in behalf of the many who share our problems. We have obeyed the laws, paid our taxes, and insured ourselves, though it was expensive. We are more than equal-opportunity employers, as the majority of our help is Negro, and has been for years. We have been father-confessor, banker and adviser to our customers, with whom we have dealt honestly and fairly. We are charter members of the Business and Professional Association of Far Northeast, and have worked diligently for local improvements and closer cooperation between consumers and merchants. We are for civil rights for all men.

Prior to April, 1968, we had lost money on bad checks, burglary, shoplifting, and vandalism, all repaired or replaced at our expense. We have taken needed hours from our business to set in court at the request of the police, only to see the judges postpone the cases or dismiss the defendant. We are constantly in need of more reliable help. We have had trouble for years.

Since April 5, 1968, we have been the victims of repeated looting, and vandalism. Our store was closed for two weeks in order to repair the major damage done to us on that date. Since we reopened for business, we have been broken into twice and have had numerous broken windows and doors.

Insurance may or may not cover a portion of these expenses. The bills for repairs to our property, and merchandise and equipment that was damaged or stolen are arriving daily. We have lost our expected busy spring season. We are frustrated with the past and pessimistic about the future.

Now, we receive word that the insurance on our building is to be canceled. Since conditions in the District are so bad, this could be the end of our business. We can obtain jobs in the suburbs and lower our standard of living. We can do without the responsibilities of owning a business and all that entails. We can manage. We will not need welfare.

But the taxes the District collects will be lost. All of our years of endeavor will be

wasted. Our employees will probably need some financial assistance. Our customers will lose the convenience and service they depend on.

To our way of thinking, this benefits no one and hurts many. Is this what is to become of us after forty-four years in business? Is that what is to become of our employees who have been responsible supporters of their families? Is the city to be left an empty shell of families living on relief?

Citizens must be protected. Criminals must be jailed. The police must have the men and the methods to do this. Businessmen must be able to obtain insurance. We are willing to pay for it. Of all the groups now clamoring for help, how many are offering to help themselves as we have done and hopefully will continue to do?

We and all the others in our predicament are watching our life's work go down the drain, along with our children's education and our security.

ABRAHAM and IDA WOLF.  
HARVEY and FREEDA WOLF.

Mr. SMATHERS. Title XI of S. 3497, Mr. President, should meet with the approval of all who are concerned with preventing our inner cities from becoming economic wastelands. The National Insurance Development Corporation which would be created by this amendment places the responsibility of maintaining the economic viability of our inner cities where it should be—upon the States and upon the insurance industry, with the full cooperation of the Federal Government as a reinsuring agency.

Thus we have in this amendment a blueprint for a workable partnership to provide insurance protection for the innocent victims of criminal acts.

This legislation is desperately needed by those whom it will serve and I urge its favorable consideration.

Mr. MUSKIE. Mr. President, the distinguished Senator from Georgia has expressed concern as to the impact of the provisions of the bill upon the Treasury Department. I think we do have some experience which is relevant to that point which should be made a matter of record.

For example, I understand that the insured riot losses which occurred in 1967 were between \$50 million and \$75 million. The bill provides that the reinsurance premiums charged by the National Insurance Development Corporation must be sufficient to collect this amount, so that if the riot losses do not exceed the experience of 1967, the reinsurance premiums would cover that loss, as I understand it.

Mr. SPARKMAN. That is correct.

Mr. MUSKIE. In addition, it is estimated that the potential retention of losses by the industry on a nationwide basis will amount to another \$75 million. Finally, the bill as it now stands would provide that the States would be potentially responsible for another \$75 million. That is a total of \$200 million worth of coverage without the Treasury's borrowing authority being relied upon at all.

I understand that these figures are the product of staff research into the question. Do I correctly understand that?

Mr. RUSSELL. If the Senator from Alabama would allow me to answer that, we must be reading different bills. The bill I have been reading, and the one I am seeking to amend, is that the State pays 5 percent of the premium under the losses, and all the insurance companies have to pay is on the premiums, and not

\$75 million. It has no connection whatever with what the distinguished Senator from Maine has said.

At least, the bill and the committee report that comes out of the Banking and Currency Committee referred to the premiums paid on the policies, and not the amount of the policies.

Mr. SPARKMAN. I think, though, that the figures are arrived at in retrospect of the 1967 losses, and the 5 percent is calculated to bring that much on the premiums.

Mr. RUSSELL. In the report it says 5 percent of the premiums, not of the amount that is paid out in losses.

The Senator from Maine does not give the figures as to what is collected in premiums. He speaks only of the losses. What is the amount of the premiums? That is what the bill deals with.

Mr. MUSKIE. May I say to the Senator that, as I understand it from the staff assistant who gave me these figures, the \$75 million that I attributed as the responsibility of the States represents 5 percent of the insurance premiums generated within the country. This is the 5 percent of those insurance premiums for which the States are responsible under the provisions of the bill. Those premiums are available for the losses that exceed the amount of insurance, the excess held against losses.

Mr. RUSSELL. In the first place, it does not apply to all the States, and it cannot, because some of their constitutions will not allow that. So the figures the Senator gives are almost meaningless.

Mr. MUSKIE. I disagree. The Senator is speculating in the wild blue yonder about the cost to the Treasury. I think it is perfectly permissible, the Senator having raised this question, which lies in the field of speculation, to suggest what the impact will be on the insurance companies, on the States, and on the Treasury.

Mr. RUSSELL. Can the Senator give us what was the total of the premiums paid on this type of insurance policy last year, and where is it in the record?

Mr. MUSKIE. The \$75 million that I have been referring to here as the amount the States would be responsible for, if all the States participated, is 5 percent of the insurance premiums generated by reinsured lines of property insurance. So the total of the premiums would be 20 times that.

Mr. RUSSELL. I am not skilled enough in the science of insurance to know whether that is correct.

Mr. MUSKIE. It is a simple problem of mathematics. I will be glad to work it out.

Mr. RUSSELL. In other words, the premium is one-twentieth of the amount of the policy?

Mr. MUSKIE. No. I gave the amount that would be generated by the States by retaining responsibility up to 5 percent of the premiums. I am trying to work backwards on the floor to arrive at an answer which is responsive to the Senator's question, and that would be one-fifth—

Mr. RUSSELL. How much?

Mr. MUSKIE. One-fifth of the premiums.

Mr. RUSSELL. On this type of insurance? I hope the RECORD will be left that way, so I can check into it. I cannot believe it will be that amount.

Mr. MUSKIE. That is the information from the staff who worked on that.

Mr. RUSSELL. The Senator says one-fifth is paid in premiums on this particular type of insurance. I will be very surprised—

Mr. MUSKIE. All property insurance.

Mr. RUSSELL. I am not talking about all property insurance. This bill does not go to all property insurance. It only goes to this high-cost insurance that applies to riot risks.

Mr. MUSKIE. As I understand it, the percentage is based upon the premiums earned on all reinsured lines of property insurance, and not just in the ghettos.

Mr. RUSSELL. So the Federal Government is now preparing to reinsure all property insurance in the United States?

Mr. MUSKIE. No. The proposal is to provide reinsurance to cover only riot losses. But, the formula for determining the responsibility of the State is related to all property insurance coverage which is reinsured. I emphasize what the Senator from Alabama pointed out—that this was worked out with the insurance companies. It is worked out with the State insurance authorities. There are no surprises on this.

Mr. RUSSELL. There are surprises, because those figures do not appear in the record, or if they do, I could not find them, and I looked it over.

Mr. MUSKIE. The staff says the Senator is correct, that they do not appear in the hearings, and that is the purpose of providing them on the floor. I have to rely on the staff as well. I was not involved in the subcommittee hearings on this bill, and so I am trying to provide information that is available through the staff.

Mr. RUSSELL. I would imagine one-fifth on all, the total, insurance coverage in the country might be about right.

Mr. MUSKIE. The Senator is correct.

Mr. RUSSELL. But the coverage of the reinsurance that we are dealing with here cannot possibly cost any one-fifth. It is a very small proportion of the total insurance in the United States.

Mr. MUSKIE. May I say to the Senator, to make it perfectly clear, and I understand this is reinforced by the staff, that these figures of the revenues that are generated—and that is the formula of the bill—relate to all insurance. Five percent of the revenues generated amount to \$75 million. That relates to all insurance. But the reinsurance relates to riot losses, and not all property losses.

Mr. RUSSELL. Of course, the staff may find it, but I have been unable to so find, in the bill or in the record, just how much the insurance companies are going to contribute to the fund. As I understand the bill, it is left to future negotiation and contracts, and here the Senator gives us a definite figure when we have no contract and we do not even know who is going to make it.

Mr. MUSKIE. Those contract negotiations are aimed at a figure of \$75 million.

Mr. RUSSELL. How can the Senator predict that?

Even if he knows who is going to be named head of this corporation, that is purely an assumed figure. There is no 5 percent in the bill, except as to the amount to be contributed by the States.

Mr. MUSKIE. The guidelines on this subject, may I say, are found on page 95 of the report, the second full paragraph. I ask unanimous consent that that paragraph be inserted in the RECORD at this point.

There being no objection, the extract was ordered to be printed in the RECORD, as follows:

Section 1222(b) of the proposed new title would provide that the reinsurance offered shall reimburse an insurer for its total proved and approved claims for losses resulting from riots or civil disorders during the term of the reinsurance contracts, in excess of the amount of the insurer's retention of such losses as provided in the reinsurance contract. The typical insurance company retention of loss arrangement is expected to involve two features: (1) An initial retention of losses, equal to a percentage of premiums earned in a State on lines reinsured, plus (2) the assumption of an additional percentage of total losses, above and beyond the initial retention. For illustrative purposes, the first percentage might be assumed to be 3 percent. Assuming that premiums earned in the State on reinsured lines amounted to \$100 million, the insurers' initial retention would be \$3 million (\$100 million times 3 percent). If the second percentage is assumed to be 10 percent, and the total insured claims from riots and civil disorders by companies doing business in the State in a calendar year amounted to \$45 million, the additional insurers' retention of losses would amount to \$4.2 million (\$45 million less the \$3 million initial retention times 10 percent). Thus, the private insurers' retention of riot losses from their own resources would be \$7.2 million.

Mr. MUSKIE. One of the guidelines is this:

The typical insurance company retention of loss arrangement—

This is directly responsive to the point made by the Senator from Georgia—

The typical insurance company retention of loss arrangement is expected to involve two features: (1) An initial retention of losses—

This relates to the insurance companies—

equal to a percentage of premiums earned in a State on lines reinsured, plus (2) the assumption of an additional percentage of total losses, above and beyond the initial retention.

Those guidelines apply to the obligation expected to be assumed by the insurance company.

The PRESIDING OFFICER. The time on the amendment has expired.

Mr. RUSSELL. Mr. President, I am glad the Senator put that in the RECORD, because it does not say anything about any 5 percent.

The PRESIDING OFFICER. The time on the amendment has expired. Who yields time on the bill?

Mr. RUSSELL. Mr. President, that paragraph went into the RECORD, did it not?

The PRESIDING OFFICER. Yes.

Mr. RUSSELL. I invite the attention of all Senators to it to see if it confirms the statement made.

#### EXHIBIT 1

#### TEXT OF PROPOSED BILL TO ALLOW A TAX DEDUCTION FOR ADDITIONS TO CATASTROPHE RESERVES OF FIRE AND CASUALTY INSURANCE COMPANIES

*Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That—*

SEC. 832(b)(4) be amended to read as follows:

"(4) PREMIUMS EARNED.—The term 'premiums earned on insurance contracts during the taxable years' means an amount computed as follows:

"(A) From the amount of gross premiums written on insurance contracts during the taxable year, deduct return premiums, premiums paid for reinsurance, and accumulations as may be required by State law to catastrophe reserves.

"(b) To the result so obtained, add withdrawals from, or reductions in catastrophe reserves for any nonconforming use, and unearned premiums on outstanding business at the end of the preceding taxable year and deduct unearned premiums on outstanding business at the end of the taxable year.

"For the purposes of this subsection, unearned premiums shall include (1) life insurance reserves, as defined in section 806, pertaining to the life, burial, or funeral, insurance, or annuity business of an insurance company subject to the tax imposed by section 831 and not qualifying as a life insurance company under section 801, and (2) required by law for losses resulting from accumulations to catastrophe reserves required by law for losses resulting from catastrophes and insolvencies of other companies.

"The term 'catastrophes' includes but is not limited to riots, windstorms, floods, explosions, earthquakes, and insolvencies of other insurance companies. Nothing in this definition shall be considered to relate to mortgage guaranty insurance companies. The total accumulation in the reserve fund shall be limited to 10 per centum of the premiums earned during the preceding 12-month period on policies which embrace or encompass the specific hazard for which the reserve is created, or the amount provided by State law or regulation, whichever is lesser: *Provided however*, That the catastrophe reserve required by law for each specific insurance hazard is not excessive in proportion to the total hazard in force, and that there is an orderly diminution of such reserve in proportion to the diminution of hazard. For purposes of this subsection, unearned premiums of mutual fire or flood insurance companies described in section 831(a)(3)(B) means (with respect to the policies described in section 831(a)(3)(B)) the amount of unabsorbed premium deposits which the company would be obligated to return to its policyholders at the close of the taxable year if all of its policies were terminated at such time; and the determination of such amount shall be based on the schedule of unabsorbed premium deposit returns for each such company then in effect. Premiums paid by the subscriber of a mutual flood insurance company referred to in paragraph (3) of section 831(a) shall be treated, for purposes of computing the taxable income of such subscriber, in the same manner as premiums paid by a policyholder to a mutual fire insurance company referred to in such paragraph (3)."

Mr. SPARKMAN. Mr. President, if the Senator is ready to yield back his time, I am ready to do so.

Mr. BYRD of Virginia. Mr. President,

before time is yielded back, may I ask a question?

Mr. SPARKMAN. I yield time to the Senator from Virginia.

Mr. BYRD of Virginia. Mr. President, the latter part of page 181 of the bill states: "provide a Federal program of insurance," and so forth.

Mr. SPARKMAN. To what page does the Senator refer?

Mr. BYRD of Virginia. Page 181. My question is directed to the next few words: "and placing appropriate financial responsibility upon the States to share in such losses."

My question is, Will the Senator from Alabama interpret what the committee had in mind when it said "placing appropriate financial responsibility upon the States"?

Mr. SPARKMAN. Is that page 181?

Mr. BYRD of Virginia. Page 181 of the bill, the last two lines.

Mr. SPARKMAN. I see; right at the bottom of the page.

Mr. BYRD of Virginia. At the bottom of the page.

Mr. SPARKMAN. Yes. This is in the statement of purpose, and, of course, under the mechanism that is set up, we have been talking about the 5 percent that the States are responsible for. They bear that potential responsibility.

But, I reiterate, the State financial burden is contingent upon the industry retention and the reinsurance premiums in the State proving inadequate.

The insurance people tell us, and I believe they are the best authorities that we have, that they are confident that the reinsurance program will pay for itself, and that there will be no losses to the Federal Government. The State's responsibility is to assume the financial responsibility described, to set up the State fair plan and administer the program.

Mr. BYRD of Virginia. Then am I correct in understanding that the language saying "placing appropriate financial responsibility upon the States" merely applies to the cost to the State of establishing the plan?

Mr. SPARKMAN. The thing that the State has to do is to set up the program, the State fair plan, and administer it.

Let me refer to one further provision. I direct the Senator's attention to page 197, where we get to the conditions of reinsurance. It states, down near the bottom of the page—

A . . . fund established pursuant to State law, will reimburse the Corporation, in an amount up to 5 per centum of the aggregate property insurance premiums earned in that State during the preceding calendar year.

That is really the burden on the States.

Mr. BYRD of Virginia. That is the burden on the States?

Mr. SPARKMAN. That is right.

Mr. BYRD of Virginia. So the placing of appropriate financial responsibility is assumed to be 5 percent?

Mr. SPARKMAN. That is correct.

Mr. BYRD of Virginia. I thank the Senator.

The PRESIDING OFFICER. The question is on agreeing to the amendment of the Senator from Georgia.

Mr. MANSFIELD. Are the yeas and nays requested?

Mr. SPARKMAN. I ask for the yeas and nays.

The yeas and nays were ordered.

Mr. HOLLAND. Mr. President, I ask unanimous consent that an excerpt from the report, consisting of pages 95, 96, and 97 down to the heading "Recovery of Premiums: Statute of Limitations," on page 97, be printed in the RECORD at this point.

There being no objection, the excerpt from the committee report (No. 1123) was ordered to be printed in the RECORD, as follows:

#### REINSURANCE AGREEMENTS AND PREMIUMS

Section 1222(a) of the proposed new title would authorize the Corporation, during the first year following enactment of the title, to enter into reinsurance contracts in consideration of payment of such premium or other charge which the Corporation deems adequate to obtain an aggregate fund in excess of the estimated amount of insured riot losses during 1967, assuming a substantial proportion of property insurance written will be reinsured. Thereafter, the Corporation may increase or decrease such premiums for reinsurance if it is found, after full consultation with the advisory board and the National Association of Insurance Commissioners, that such action is necessary or appropriate.

Section 1222(b) of the proposed new title would provide that the reinsurance offered shall reimburse an insurer for its total proved and approved claims for losses resulting from riots or civil disorders during the term of the reinsurance contracts, in excess of the amount of the insurer's retention of such losses as provided in the reinsurance contract. The typical insurance company retention of loss arrangement is expected to involve two features: (1) An initial retention of losses, equal to a percentage of premiums earned in a State on lines reinsured, plus (2) the assumption of an additional percentage of total losses, above and beyond the initial retention. For illustrative purposes, the first percentage might be assumed to be 3 percent. Assuming that premiums earned in the State on reinsured lines amounted to \$100 million, the insurers' initial retention would be \$3 million (100 million times 3 percent). If the second percentage is assumed to be 10 percent, and the total insured claims from riots and civil disorders by companies doing business in the State in a calendar year amounted to \$45 million, the additional insurers' retention of losses would amount to \$4.2 million (\$45 million less the \$3 million initial retention times 10 percent). Thus, the private insurers' retention of riot losses from their own resources would be \$7.2 million.

Section 1222(c) of the proposed new title would authorize the Corporation to include such terms and conditions in reinsurance contracts as are necessary to carry out the purposes of the title, but that such terms and conditions shall be uniform throughout the country. Nevertheless, to take account of the significant variations between the needs of insurers, the Corporation, in its discretion, may permit insurers to select from different specified levels of retention of losses, provided that the premium rates adequately reflect each level so retained by each insurer, and further provided that the premium rate for any given retention is uniform for all insurers throughout the country.

Section 1222(d) of the proposed new title would provide that reinsurance contracts will be for a term expiring on April 30, 1969, and on April 30 each year thereafter and shall be entered into within 90 days of the effective

date of this title or within 90 days prior to April 30 each year thereafter, or within 90 days after an insurer is authorized to write insurance in a State which it was not so authorized to write in the preceding year.

#### CONDITIONS OF REINSURANCE

Section 1223(a) of the proposed new title would set forth various conditions under which the Corporation will terminate existing reinsurance and will not offer new coverage on policies written after the termination date.

Paragraph (1) would provide that reinsurance will not be offered in any State if the State itself, its political subdivisions, or a governmental corporation or fund established pursuant to State law, does not assume a portion of the responsibility for assisting the Corporation to reinsure against losses resulting from riots or civil disorders, within 1 year after the effective date of the act, or if the appropriate State legislative body has not met in regular session during that year by the close of its next regular session. The State would not be called on to reimburse the Corporation until the reinsured losses paid by the Corporation in a calendar year are in excess of the total reinsurance premiums received in the State during the year, plus the excess of reinsurance premiums received in the State over reinsured losses paid by the Corporation during the preceding period measured from the most recent calendar year in which the State had reimbursed the Corporation for reinsured losses. After the Corporation has paid such amount of reinsured losses in a calendar year, the State would reimburse the Corporation for its additional reinsured losses in that State during the year, in an amount up to 5 percent of the aggregate property insurance premiums earned in the State during the preceding calendar year on those lines of insurance reinsured by the Corporation in the State. Under the foregoing formula, State sharing would not be required unless losses in a State exceeded the sum of (1) the premiums paid by the insurance industry for reinsurance in that State (premiums paid in the year in which the losses occurred plus premiums paid in previous years in excess of reinsured losses paid), and (2) the companies' retained losses. Assuming that the premiums earned in the State on reinsured lines amounted to \$100 million and that the premiums for Federal reinsurance would be 2 percent of such earned premiums, the first amount would be \$2 million. If the second amount of retained losses by the companies were \$7.2 million, the total would be \$9.2 million. Since total riot losses this amount, in this example (i.e., \$45 million), the State's share would be \$5 million (\$100 million times 5 percent). There would remain to be paid \$30.3 million (\$45 million less \$9.2 million less \$5 million). This amount would be paid by the Corporation, from premiums received from companies for reinsurance in other States.

Paragraph (2) would provide that reinsurance will cease to be available on new policies written in a State after 30 days following the Corporation's notification to the insurer that the Corporation, after consultation with the State insurance authority, finds that a suitable program, in addition to the plan set forth in part A, is required to make essential property insurance more readily available in the State without regard to environmental hazards, and that such program has not been adopted. This paragraph, however, would not become effective until 2 years after the effective date of this act, or at such earlier date as the Corporation, after consultation with the State insurance authority may determine.

Paragraph (3) would provide that reinsurance will cease to be available on policies written in a State after 30 days following notification to the insurer that the Corporation or the State insurance authority finds that the insurer is not fully participating in

the plan in the State, in an existing pool, or in any other existing program found by the Corporation to aid in making essential property insurance more readily available in the State. The Corporation could not make such a finding unless it has requested and considered the views of the State insurance authority, or the State authority has failed to respond to a written request for such views within a reasonable period of time.

Paragraph (4) would provide that reinsurance will not be available on new policies written by an insurer following a merger, acquisition, consolidation, or reorganization involving an insurer with reinsurance on one or more lines of insurance and an insurer with or without such reinsurance unless the surviving company meets the criteria of eligibility for reinsurance other than as provided in section 1222(d) and promptly pays any reinsurance premiums due.

Paragraph (5) would provide that reinsurance will terminate upon cancellation by the insurer.

Section 1223(b) of the proposed new title would provide that if reinsurance is terminated or canceled under this section coverage may continue for policies written during the time reinsurance was in force upon payment of an appropriate premium or other charge.

#### FINANCING THE REINSURANCE PROGRAM

The financing arrangement envisions a reinsurance program which can be self-supporting, drawing on reinsurance premiums paid by insurance companies and payments by the States to cover losses from riots and civil disorders which exceed the losses retained by the insurance companies. If riot losses throughout the Nation resulted in reinsurance claims in excess of the aggregate amount of reinsurance premiums received by the Corporation, the excess would be paid from funds borrowed by the Secretary from the Treasury, to be repaid from future reinsurance premiums. In the event that there is a need to borrow from the Treasury, the authorization in section 520(b) of the National Housing Act for mortgage insurance would be employed. This existing authorization for the Secretary to borrow funds for payment of mortgage insurance claims would be modified so that it could also be used for payment of claims under the reinsurance program. The similar financial requirements of these insurance programs makes this appropriate. The reinsurance program, like the mortgage insurance program, must provide an assurance of prompt payment of claims. In both cases the amount of claims cannot be determined in advance and in normal situations premiums are expected to be sufficient to pay anticipated losses.

The PRESIDING OFFICER. The question is on agreeing to the amendment of the Senator from Georgia. On this question, the yeas and nays have been ordered, and the clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. MANSFIELD (after having voted in the negative). On this vote I have a pair with the Senator from Colorado [Mr. ALLOTT]. If he were present and voting, he would vote "nay." If I were at liberty to vote, I would vote "aye." I withdraw my vote.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUYE], and the Senator from Missouri [Mr. LONG] are absent on official business.

I also announce that the Senator from Idaho [Mr. CHURCH], the Senator from Connecticut [Mr. DODD], the Senator

from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. McCARTHY], the Senator from Wyoming [Mr. McGEE], the Senator from South Dakota [Mr. McGOVERN], the Senator from New Mexico [Mr. MONTROYA], the Senator from Oregon [Mr. MORSE], and the Senator from Florida [Mr. SMATHERS] are necessarily absent.

I further announce that, if present and voting, the Senator from Oregon [Mr. MORSE] and the Senator from Florida [Mr. SMATHERS] would each vote "nay."

On this vote, the Senator from North Carolina [Mr. ERVIN] is paired with the Senator from Oklahoma [Mr. HARRIS]. If present and voting, the Senator from North Carolina would vote "yea" and the the Senator from Oklahoma would vote "nay."

On this vote, the Senator from Louisiana [Mr. LONG] is paired with the Senator from New York [Mr. KENNEDY]. If present and voting, the Senator from Louisiana would vote "yea" and the Senator from New York would vote "nay."

On this vote, the Senator from Mississippi [Mr. EASTLAND] is paired with the Senator from Massachusetts [Mr. KENNEDY]. If present and voting, the Senator from Mississippi would vote "yea" and the Senator from Massachusetts would vote "nay."

Mr. DIRKSEN. I announce that the Senator from Vermont [Mr. AIKEN], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

The Senator from Colorado [Mr. ALLOTT] is detained on official business, and his pair has been previously announced.

If present and voting, the Senator from Arizona [Mr. FANNIN] and the Senators from California [Mr. KUCHEL and Mr. MURPHY] would each vote "nay."

The result was announced—yeas 10, nays 62, as follows:

[No. 167 Leg.]

So Mr. RUSSELL's amendment was rejected.

Mr. SPARKMAN. Mr. President, I move that the vote by which the Russell amendment was rejected be reconsidered.

Mr. TOWER. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. DOMINICK. Mr. President, I send to the desk an amendment and ask that it be read.

The PRESIDING OFFICER. The amendment will be stated.

The legislative clerk read the amendment, as follows:

On page 89, line 24, strike out "\$500,000,000" and insert in lieu thereof "\$250,000,000".

#### UNANIMOUS-CONSENT AGREEMENT

Mr. MANSFIELD. Mr. President, will the Senator yield?

Mr. DOMINICK. I yield.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that on the pending amendment there be a time limitation of 30 minutes, the time to be equally divided between the Senator from Colorado [Mr. DOMINICK] and the Senator from Alabama [Mr. SPARKMAN].

Mr. DOMINICK. Mr. President, do I correctly understand that we can get additional time on the bill if we need it?

Mr. TOWER. I assure the Senator that I will yield time on the bill, if necessary.

The PRESIDING OFFICER (Mr. CANNON in the chair). Without objection, it is so ordered.

Mr. LAUSCHE. Mr. President, will the Senator from Colorado allow me to become a cosponsor of the amendment?

Mr. DOMINICK. The Senator from Ohio is a cosponsor.

Mr. President, I ask for the yeas and nays on the amendment.

The yeas and nays were ordered.

Mr. DOMINICK. Mr. President, I yield myself 5 minutes.

The PRESIDING OFFICER. The Senate will be in order. Attachés will retire to the rear of the Senate Chamber.

Mr. DOMINICK. Mr. President, yesterday we had a vote on the amendment of the Senator from Texas [Mr. TOWER] to strike all of title IV, which vote was unsuccessful.

This morning I engaged in colloquy with the distinguished Senator from Alabama, pointing out that because we were in the process of guaranteeing bonds and all other types of investments in new communities, which would largely benefit the promoters and the builders of the communities, it seems to me that we were taking on a pretty strong liability,

or at least a contingent liability, on the part of the Government.

If Senators will refer to page 89 of the bill, at the bottom of the page, they will note that we agree to guarantee outstanding obligations to a contingent liability extent of a half billion dollars. My amendment would simply cut that amount in half, and I have been joined in this by the distinguished Senator from Ohio [Mr. LAUSCHE] and the distinguished Senator from California [Mr. MURPHY], who unfortunately is not present at the moment.

It seems to me that history should show us that this is not a remote contingent liability. It is a fairly imminent one. All we need do is look at the article I hold, published in House and Home, in June of 1966, which reports on what has happened to the so-called new towns that we have been trying to build under private financing. Let me cite some examples, because I believe Senators will be interested. This, I repeat, is in June of 1966, and does not necessarily reflect what is going on now, but it does give some indication.

Reston, Va., which was begun in 1962, had a projected population of 75,000, but the house sales to date—that is, as of June 1966—were 210 houses.

El Dorado Hills, Calif., begun in 1961 by El Dorado Hills West, Inc., had a projected population of 75,000. The house sales up to that point had been 380.

Clear Lake City, Tex., begun in 1962 by Humble Oil & Refining Co., had a projected population of 180,000; but the house sales up to that point had been only 625.

Columbia, Md., begun in 1963 by Community Research & Development, Inc., had a projected population of 110,000; and the article states that ground would be broken in 2 months. In other words, they had not even started.

What I am saying is that we are injecting ourselves into a new type of guarantee financing, into a community situation which is speculative at best, which could be a very sharp liability. The Government, and the Secretary in particular, would suddenly find itself in the land business, in the development business, and I do not believe we want that.

Inasmuch as we are not going to strike the title, it seems to me that we should limit the liability to \$250 million, which, under the maximum of \$50 million for development, would make a plot program of it, which would permit the guarantee of five of these projects. We could at least see how they work to that extent before we commit ourselves any further.

I reserve the remainder of my time.

Mr. President, I ask unanimous consent that the article to which I referred be printed at this point in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

NEW TOWNS: ARE THEY JUST OVERSIZED SUBDIVISIONS—WITH OVERSIZED PROBLEMS?

(By Frank Lalli)

On the whole, yes.

Regardless of the press, which has tended to hail new-town development as a religion rather than a business, few of today's giant

subdivisions meet the planning standard inherent in the new-town concept: a self-sustaining community that offers both employment and the best in urban and suburban living to people of all economic levels.

And all of the current new towns have met serious problems at almost every step from financing to sales.

Size is at the root of these problems. The commonly accepted dividing line between just a big development and a new town is the 6,000-acre mark. There are many projects of up to 3,000 or 4,000 acres that are doing well; so far, virtually none of the 50-odd projects of more than 6,000 acres can, by any stretch of the imagination, be called successful.

The logical conclusion: once a development grows beyond the 6,000-acre mark, its problems become too big—and too expensive—to be handled.

What are these problems? Can new towns make economic sense today—or ever?

To find the answers to these questions, House & Home made an in-depth study of four new towns. They are:

Reston, Va., begun in 1962 by Simon Enterprises. Projected population: 75,000. House sales to date: 210.

El Dorado Hills, Calif., begun in 1961 by El Dorado Hills West Inc. Projected population: 75,000. House sales to date: 380.

Clear Lake City, Tex., begun in 1962 by Humble Oil & Refining Co. Projected population: 180,000. House sales to date: 625.

Columbia, Md., begun in 1963 by Community Research and Development Inc. Projected population: 110,000. Ground will be broken in two months.

#### NEW TOWNS ARE TRAPPED IN A THREE-SIDED DILEMMA: LOCATION VERSUS FINANCE VERSUS SALES

Each side represents a tough problem in itself. And since all three are interlocked, new-town developers can't solve one unless they solve all three. Conversely, if any one of the problems remains unsolved for very long, the other two get worse—in geometric proportion.

There are other problems too, such as attracting industry and working with local government, which contribute to the basic dilemma and also add headaches of their own.

All these problems are listed below, together with examples of how they have hobbled the four case-study new towns.

#### *Problem No. 1: location—Big enough parcels at low enough prices are way out of town*

Almost every new-town developer has had to go well beyond established areas of development to find the right combination of land and price. This makes it tough to lure buyers, and it also creates physical problems in land development. Few far-out areas have either the roads or the utilities required by a new town, even in its early stages.

Robert E. Simon Jr. had to go 18 miles west of Washington, D.C., to find a 7,180-acre parcel for Reston. And even there the land cost \$13 million, or \$1,900 an acre. (As a rule of thumb, new town developers do not like to spend more than \$1,500 an acre.)

Allan H. Lindsey spent \$9 million (back in 1959) for 9,000 acres that are a full 25 miles from Sacramento. And Humble Oil & Refining Co. built Clear Lake City on 15,000 flat acres 25 miles from Houston. Humble had owned the land for 28 years (original cost: \$300 an acre), and had intended to develop it for industry because Houston buyers considered the area the wrong side of town. But Humble switched to houses after NASA's Manned Spacecraft Center moved in next door.

These early new town developers tended to overlook the remoteness of their sites, believing that their open-space planning and other amenities would bring buyers out from the suburbs. But they have learned that remoteness robs them of far more sales than their

amenities can attract. At Clear Lake City, for example, a huge advertising campaign that featured a \$1 million recreation center pulled 50,000 visitors during its opening. But only 36 people bought homes the first month.

*Location also runs up development costs.* It's obvious that 7,000-acre-plus parcels of open land can be found only in rural areas, and these areas will have totally inadequate roads and utilities.

At Reston, more than \$14 million will be spent for roads, sewers, and water. And El Dorado Hills spent \$1 million just for a five-mile, four-lane access road. Eventually, the road would have been built by local government, but El Dorado's sales couldn't wait.

James W. Rouse, whose Columbia is close to the ground-breaking stage, has been the most scientific of the new-town developers in picking his location. He decided that 1) he needed at least 10,000 acres to make the project worthwhile, and 2) the cost should be no more than \$1,500 an acre. He studied many metropolitan areas, and while he couldn't find a big enough, cheap enough parcel close to a city, he may have found the next best thing—a site directly between Baltimore and Washington, D.C. And by purchasing his land quickly and quietly, he held to the \$1,500-an-acre limit.

But Columbia still needs utilities, and it is 15 and 23 miles respectively from the centers of Baltimore and Washington. It remains to be seen whether this is close enough.

#### *Problem No. 2: financing—New towns go millions in the hole before the first house is built*

Rouse has already borrowed \$50 million for Columbia, though ground has yet to be broken. Simon had his \$40-million real estate empire tied up in Reston before he got his first loan. ("I was hocked to the hilt," he says.) Lindsey recently closed a lease-back deal with John Hancock Life Insurance Co. for \$14 million.

It is obvious that this kind of heavy financing is available from only a handful of rich sources. It is equally obvious that if those sources can be persuaded to back a new town, it will be on their terms.

Reston is a case in point. Between 1962 and 1964 Simon made unsuccessful attempts to borrow money from 80 different sources, including banks, insurance companies, and big corporations. Finally, just five days before Simon would have had to abandon Reston, Gulf Oil made a \$15 million commitment. The price: first mortgages on all of Simon's land, an option to buy stock in Reston, and the only gas station in town.

After Simon finished refinancing only \$3.5 million was left, so last fall he borrowed \$21 million from John Hancock. The price: title to all undeveloped land in Reston. Simon must buy it back in annual chunks—at appreciated prices.

Even now, Simon does not rule out the possibility of another major loan.

Some backers have second thoughts that leave the new-town developer in a damaging situation. Simon's financial woes began when a potential investor promised him \$6 million. Simon started Reston with his own money, but when he went back for the loan, the investor handed him instead a list of 20 reasons why he had changed his mind. ("My favorite," says Simon, "was: 'What if the national capitol was moved to Denver?'" )

The same sort of thing happened with El Dorado Hills' first backers. Hale Brothers Associates, owners of Broadway Stores, decided not to wait for long-range profits after El Dorado's first two disappointing years. In a complicated deal, Hale Brothers left Lindsey with the El Dorado Hills land but took 80% of other land Lindsey and Hale Brothers owned jointly in a separate corporation.

Even the \$3.2-billion Humble Oil & Refining Co. has shown an increasing reluctance to tie up more money in its own Clear Lake City. Instead, Humble has borrowed money

from Chase Manhattan Bank (and possibly others) and transferred it to its development company.

*More and more investors are realizing they can take the risk out of financing a new town if they can get control of the appreciating land.* And the land does appreciate at unbelievable rates. El Dorado Hills land has climbed from \$6.7 million to \$29 million in six years.

Investors have also learned that they don't have to own the land to control it. At Columbia, for example, Connecticut General Life Insurance Co., together with Teachers Insurance Annuity Assn. of America and Chase Manhattan Bank, loaned \$50 million to Rouse. In return, Connecticut General will get 50% of the land profit and (if it wishes) a strong say in major decisions. The other two investors hold long-term mortgage notes.

#### *Problem No. 3: sales—The cost of financing far outweighs the realities of the marketplace*

Every new-town developer finds himself in this double bind. His cash flow situation demands a big and increasing volume of sales right from the beginning. But his far-out location, which often isolates buyers from shops and schools, makes sales difficult in the early months.

Commercial facilities will eventually be built—indeed, it is from this source that new-town developers hope to make much of their profit. But commercial interests are reluctant to move in until there are residents.

The developer's only way is to push early sales—at a loss, if necessary—and subsidize early commercial facilities.

In the three case-study new towns where houses have been built, the sales volume fell far short of cash-flow requirements.

At El Dorado Hills, the developers projected 400 house sales their first year, but sold only 120, though they cut their profits drastically. Total sales in more than three years: 380.

At Reston, Developer Simon has 90 of his first 227 townhouses still unsold. And though he hopes to sell 350 redesigned units this year, he had sold only 25 by the first of May. Now three outside builders have 24 acres under option for townhouses that will be \$3,000 less expensive than Simon's.

At Clear Lake City, early market studies promised sales of 1,200 houses a year. But since 1963, a total of only 625 houses have been sold.

Although no houses have yet been built at Columbia, the sales projections required to meet cash-flow demands are high enough to worry even the most optimistic builder. Rouse hopes to capture fully 15% of the Baltimore-Washington, D.C. corridor market. That means he must start by selling 500 houses in 1967, and add 500 more sales every year until they level off at 2,500 in 1972.

Rouse is confident he can meet this schedule. But other new-town developers now scoff at market projections.

"It is a lot of guesswork," says Simon. "Who can tell what the market will be like five or ten years from now?"

Investors, too, have grown weary of unfulfilled projections. Though they still ask for them, they put far more weight on the value of the land and its probable appreciation rate.

#### *Problem No. 4: industry—It's needed most in the early stages, and that's when it's toughest to get*

Industry is the cornerstone of the new-town concept: It represents both land profits and a potential source of buyers and renters. The trouble is that industry, like commercial interests, wants to locate where people already are living. So again, in order to persuade industry to move into a new town which is just getting started, concessions must be made—usually at the expense of

profits. And if one developer does not make concessions, there is a good chance his competitors will.

That is exactly what happened at Clear Lake City. General Electric had agreed to occupy a new building—if the ceilings were raised about a foot to accommodate special equipment.

Clear Lake City executives refused. But the developers of Nassau Bay, an adjacent community, accepted the deal. The resultant revenue got Nassau Bay off to a flying start, and it has become a rugged competitor both for other industry and for homebuyers.

*Logically, the concessions that must be made increase in proportion with the size and prestige of the company being wooed. So big employers are often eyed with mixed emotions by new-town developers.*

William E. Finley, vice president of Columbia, points to three dangers in accepting a large industry in the new town's early stages: 1) the project could take on the look of a company town; 2) extra roads and utilities would have to be built immediately to accommodate it; and 3) a big company could drive a very hard bargain for a large site. "The developer," says Finley, "could lose money on the deal, even in the long run."

*Furthermore, a new town must be selective about the types of industry it accepts, especially in the town's early stages. Some new towns have such stiff density requirements (number of employees per sq. ft. of building), they tend to ban anything but high-paying "think factories."*

At Reston, a few of Simon's aides frown on assembly plants because few workers could afford to buy houses in Reston's price range. Simon himself is more concerned with the town's appearance.

"The building that houses the industry must be good looking," says Simon. "And we are also wary of factories that would bring heavy truck traffic into town."

Many new-town developers have chosen to rely on the expansion of nearby industry to provide homebuyers for the first few years. But this method carries no guarantees either.

Clear Lake City is a case in point. Its developers thought they could rely on the nearby Manned Spacecraft Center, which employed 3,000 people when it opened. It was expected to expand enormously. But here's what happened:

1. The Spacecraft Center was delayed a year. Employees began working in temporary quarters in Houston, and settled either in that city or on the side farthest from Clear Lake City.

2. After the Spacecraft Center moved to its present site, a confidential communique was circulated, according to reliable sources, that warned employees not to buy homes because they might be transferred again soon.

3. The first astronauts bought homes in neighboring Nassau Bay (the same competitor that won the General Electric plant). Nassau Bay thus took on the image of a prestige community, and higher-paid executives tended to buy there.

4. The Spacecraft Center is now slowing down its expansion plans. Those employees who are finally buying in the Clear Lake area may be too few and too late.

El Dorado Hills had an equally unhappy experience with a big nearby company. Aerojet General Corp. employed 20,000 people in the early 1960's, and was scheduled to expand to 30,000 by 1963 after El Dorado Hills opened. Instead, Aerojet lost key government contracts and 10,000 employees were let go.

*Problem No. 5: government—The size and complexity of new towns leads to many local complications*

Most new towns are built in rural counties whose officials are used to handling the decisions and red tape that goes with perhaps 200 houses a year. Into these hamlets come the new-town developers to force feed the area's growth with thousands of houses.

So it isn't surprising that all new-town developers have run into local troubles. Even if the county wants to cooperate, the many requests a new town makes lead inevitably to delays. And delays can be disasters for the new town. Because of whopping overhead, a two-week setback can cost their developers more than \$40,000.

Difficulties arise in every area that is under local jurisdiction. Here are examples of the most common:

**Zoning.** As Rouse began planning Columbia, Howard County, Md., elected a slate of county commissioners pledged to curb urbanization. Shortly after they took office, Rouse disclosed that he had purchased 10% of the county and wanted urban zoning. It took him a year to win over county residents and the officials (H&H Oct. '65).

"Even so, we were lucky," says Rouse, "Five years before we would have gotten a flat 'no'. And five years later the sewers would have been extended and the land would have cost too much for us."

A zoning fight takes time as well as manpower. An early project manager of El Dorado Hills took one of his aides off another job and told him not to show up again until he had won the necessary zoning for the whole project. The aide didn't come back to the office for nearly six months.

**Land Engineering.** Reston won the zoning it needed, but its land improvements still must meet the same stringent requirements as any other subdivision in Virginia's Fairfax County.

For example, Simon has asked permission to build winding roads that would preserve trees and add to the town's rural look. But the county has demanded that swaths as much as 100 ft. wide be cleared for the roads. And Reston has also been asked to supplement natural drainage streams with drainage pipes.

Says one employee: "We don't have time to fight every decision. We would have to stop and argue about each tree and each stream in town."

Reston developers claim they could save \$500 a lot if the so-called "extra requirements" were waived. But there is little chance the county will yield.

**Schools.** Normally, local governments try to put schools in growing areas. But the best of intentions can go astray.

At Reston, construction bids for a new school were much too high and were rejected. Simon needs a school to sell houses, so he now has no choice but to bid on the school himself. And he has to make sure that his bid is low enough to be accepted, so profit must suffer.

**Access roads.** Inevitably, new-town developers jump ahead of road construction to find low-cost land. Then they must decide who will extend the roads to their project—the state or their own crews. Both methods have been tried and both have proved costly.

As noted above, Lindsey spent more than \$1 million to build a divided four-lane road linking El Dorado Hills to a freeway five miles away. The state did put an interchange at El Dorado's front gate, but they also required that the private road meet state highway specifications.

At Clear Lake City, Del E. Webb Corp., an early partner with Humble Oil, decided in 1963 to gamble that the state would build a major access road. Humble is still waiting for the road (Webb pulled out of Clear Lake City in 1964). But chances are it will be built soon, because Humble has finally agreed to join in the construction.

Says a former Webb employee: "If we had built the road, every employee at the Manned Spacecraft Center would have had to drive through Clear Lake City to get to work." And he adds that had the access road been built, the Spacecraft Center's front gate probably would have been turned to face Clear Lake City. (As it is, the Center faces Clear Lake's old nemesis, Nassau Bay.)

Developer Simon suffers the most bizarre lack of access roads. A four-lane highway runs right down the middle of Reston, but no one can get on or off. The road links Dulles International Airport with downtown Washington, and it is used almost exclusively by government officials and foreign dignitaries. Simon has asked the Federal Aviation Agency to provide access for Reston, but no action is expected. Meanwhile, visitors to Reston must drive the last seven miles along a two-lane country road.

*Problem No. 6: who builds?—Developers lack experience, outside builders look out for themselves*

Almost invariably the developer is an entrepreneur whose experience is in land and commercial development rather than in the basics of designing, building and selling houses. As a result, he is seldom a successful builder himself.

The alternative is to bring in experienced outside builders. But this approach has also proven unsuccessful. The developer quickly finds that he has traded lack of experience for lack of control.

*Basically, the developer and the builder have quite different aims. The developer wants lower-cost houses because his profit comes from the long-range volume of lot sales. But the builder wants higher-priced units because his profit comes from the house itself.*

At Reston, a combination of inexperience and a desire for beauty led Simon to give his architects too much freedom; they produced townhouse plans that were difficult and expensive to build.

At Clear Lake City, Humble Oil joined with Builder Del Webb in what at first seemed an ideal partnership of big money and building know-how. Humble took 70% of the profits and handled the financing; Webb took 30% of the profits plus a straight 5% building fee.

But the partnership was a dud. Webb missed the market and sold less than half of the 288 houses he built. And he left a residue of ill-will in Houston that hurt Clear Lake City. Some subcontractors went bankrupt at the project, so others refused to bid for jobs there later. And confusion about who would establish a bank at Clear Lake City disenchanted parts of the Houston business community.

After Webb departed, in early 1964, Humble put its own staff in charge of the project and sold lots to outside builders. But the Humble men lacked experience, and the outside builders, among other things, replatted their lots and squeezed eight houses onto land that was meant to accommodate six.

At El Dorado Hills, both building approaches were tried. Developer Lindsey began by hiring a construction supervisor and paying him a straight \$500 for each house built. But when sales moved slowly, Lindsey decided to option 5,000 lots to an outside builder, William Lyons, in order to save the \$500 fee.

It was a mistake. Lyons, a highly successful builder in Southern California, missed the tight Sacramento market by about \$500, despite Lindsey's warnings to keep prices low. The result: a liquidation sale of 34 of the 40 Lyons homes that hurt El Dorado Hill's image.

Lindsey has now gone back to building the houses himself. But he is still having trouble finding the right man to head the building program.

*Problem No. 7: residents—If buyers aren't kept happy, they can tie up the entire project*

When a buyer purchases a home in a new town he immediately becomes a resident with definite legal rights and powers. If enough residents don't like the way the new town is progressing—or not progressing—they can do something about it.

In some new towns the resident members of sewer boards can vote not to continue development. In others, community associations control assessments to maintain parks and other common property.

"For all practical purposes," says a Columbia executive, "an association could keep us from building a whole village."

Such resident revolts are most likely after the town has grown for about five years. And that's when the developer may be starting to make his first clear profit.

*Some new town developers have tried to guard against revolts by keeping as much control as possible over resident organizations.*

At Clear Lake City, the first sewer board was appointed after the first ten families had been persuaded to buy houses at reduced cost. Two of the board members were actively building in Clear Lake City at the time.

At El Dorado Hills, Developer Lindsey's executive vice president, Carl J. Kowall, is the board chairman of the water district. Kowall points out, however, that he was elected by his fellow residents.

*Other new town developers have put emphasis on cooperating with residents right from the beginning.* At Reston, each buyer automatically becomes a member both of a neighborhood and a townwide group, and developer Simon is a frequent visitor at their meetings. Says Simon: "We want to show the residents that their welfare is at the heart of our project."

And says Developer Rouse: "If we can't do a good job for our residents at Columbia, we deserve to have the project taken out of our hands." Columbia residents will get that power in about 10 years through a community association that Rouse himself organized.

But just as unhappy residents can hurt a new town, happy ones can help. Developer Lindsey was pleasantly surprised to learn that the John Hancock Co. loaned him \$14 million partly because a private survey showed that 98% of his 2,000 residents like El Dorado Hills.

IN THE FACE OF ALL THESE PROBLEMS, WILL NEW TOWNS EVER MAKE ECONOMIC SENSE?

It's too early to say for sure. No new town has progressed far enough to give an accurate indication of its long-range profit potential.

But there are plenty of opinions. California Builder Edward Eichler, who made a study of new towns on a Ford Foundation grant, thinks most developers will be lucky if they make a 6% profit. Charles Haar, HUD's assistant secretary for metropolitan planning, points out that British new towns were greeted with similar skepticism, but are doing well today. (Those towns, however, are controlled—and subsidized—by the British government.)

U.S. new towns have certainly had their early troubles. But it must be remembered that they represent first attempts by their developers. Says Simon: "No one knows very much about this business. It is all trial and error."

But though the basic problems will not go away, new solutions may be coming up. Specifically:

*General Electric, and possibly other giant corporations, are about to get into the act.* G.E. has been sizing up new towns for about two years and is beginning to put together a management team. Reportedly, G.E. has \$500 million to spend in new towns.

The question is not when will big corporations move into the market, but how. If they become operating developers who consolidate small builders into their organization, it could mark the beginning of giant homebuilder companies. (It could also mark the beginning of a decline in new-town esthetics. The best new towns owe their quality to the dedication of men who are, at least to some degree, building monuments to themselves.)

It is more likely, however, that corporations will make loans in return for supplier contracts. That would give new-town developers a new source of funds even after their land has been traded off. A small-scale example: Gulf Oil will build and fuel a central heating and cooling utility at Reston.

*Federal aid for new towns may be on the way in the form of FHA insurance for large private (and public) land developments.* Such a bill is before Congress now, championed by HUD as an alternative to urban sprawl. But it carries a ceiling of \$25 million—too little to make a real difference to a big new town.

Furthermore, the bill probably won't pass until its proponents can explain clearly just who would benefit by it.

HUD's Charles Haar says the bill offers the only way small builders can participate in new towns on a large scale. (But small builders are already doing much of the building in new towns.)

Developer Rouse says that sufficient federal aid will multiply new towns, and adds that new towns will be the vehicle giant companies use to take over the homebuilding industry. (Rouse plans to start another new town in about 5 years if Columbia does well.)

Developer Simon says honestly that federal aid would increase his profits.

Opponents of the federal aid bill argue that all the government would be doing is subsidizing millionaire developers with money that is desperately needed in existing cities. And Edward Eichler says there is nothing special about the new-town concept that warrants federal aid.

*While the arguments run on, new towns seem to be getting a form of federal aid right now.* Each of the four case-study towns either has a major government installation or stands a good chance of getting one soon. Clear Lake City has the Manned Spacecraft Center; Reston is about to get a 2,000-man government agency; Columbia has been considered as a site for the Government Printing Office; and El Dorado Hills is adjacent to a possible site for a new atom smasher.

Are these only coincidences, or do they reflect a semi-official government policy? Reportedly, President Kennedy encouraged his Cabinet to locate expanded government agencies in new towns whenever possible. But under President Johnson, the emphasis has shifted to existing cities (e.g., the Demonstration Cities Program). According to some sources, that shift explains why Kennedy-appointed Stewart Udall, Secretary of the Interior, has promoted towns like Reston in public while keeping his direct help behind the scenes.

Is it inside information or sheer naivete that prompts key members of Reston's staff to insist, "The Federal Government won't let us fall"?

RESTON: A FINE CONCEPT AND A HANDSOME START—BOTH HAMSTRUNG BY MANAGEMENT PROBLEMS

More than any other giant development, Reston, represents the new-town ideal. It's hard to fault the plan, which includes permanent greenbelts winding through seven distinctive villages, and enough industry to employ 50% of the town's work force. And the first village center is a striking example of urban architecture.

The concept is good because it is the work of a cultured and dedicated man—Robert E. Simon, a former owner of Carnegie Hall. Simon has deep personal involvement in Reston (the town's name is taken from his initials). Ironically, it is his determination to build a dream town that has led to his troubles.

Simon decided to build primarily townhouses so that Reston would have a maximum amount of open space. Financing costs were pressing him, and he was forced to throw together a management team to get things rolling. Result: the first townhouses

came in \$7,000 too high—and 13 months late. Here's what went wrong:

*Simon gave his architects too much freedom, and they ignored the realities of house building.* Says one employee: "It took a genius to frame those first 227 townhouses." Because there were 37 different floor plans—plus special features in each house—construction workers continually ran into unfamiliar problems. The inevitable result was long delays. And since Simon did not have late penalties in his subcontractor's agreements, there was little he could do to speed things up.

*The architects used non-standard building materials.* One used concrete beams, another used special millwork. The result: extra expense and complications. Special brick, made only by one company, was specified for the village center. When the center was half finished, the company went bankrupt, and Simon had to put it back in business with a personal loan.

*Simon himself didn't understand how to build and sell houses.* He built his townhouses as if they were heavy construction, having the subcontractors pour all the foundations at once, then continuing to build all the houses together, step by step. And he did not have a model area, so buyers had to take long hikes through the village to see each of the 37 floor plans.

Simon believes he has now solved his problems by hiring a so-called "new wave" of aides. He notes that though his townhouses are still being designed by architects, plans are simplified for easier construction. And thanks to his new construction manager (whom he hired away from Builder Ross Cortese), the newest townhouses were built in five months. There are just five different floor plans, and they are placed all together in one model area.

But sales are still lagging. In March only 17 of a projected 30 townhouses were sold (this was still the best month in Reston's history). And after 2½ years Simon is still waiting for FHA approval so he can broaden his market by lowering downpayments.

EL DORADO HILLS: BEAUTIFUL LAND AND A GOOD PLAN ARE HURT BY A SICKLY MARKET

Back in 1959, Developer Allan H. Lindsey was so taken by the rolling and wooded land shown above that he bought 9,000 acres—without really knowing what he would do with it.

It wasn't until two years later that Lindsey decided to put a new town on his land. The timing seemed right: Sacramento was booming, and El Dorado Hills lay right in the path of its logical expansion pattern. Furthermore, Congress had just given Lindsey first rights to pump water from federally controlled Lake Folsom next door. Son Lindsey hired Victor Gruen, who drew a superb plan featuring greenbelts and small neighborhoods (H&H, March '63).

But by the time El Dorado Hills opened in 1962 the Sacramento market was already weak. About a year later Aerojet General Corp. laid off 10,000 workers and the market collapsed completely. Lindsey was particularly hard hit. Aerojet was right next door to El Dorado Hills; now buyers had to be drawn almost entirely from Sacramento, 25 miles away. And Sacramento residents seem to have an inbuilt dislike for long commutes.

Faced with this market, Lindsey chose—and still follows—a conservative course. He didn't try to draw buyers with a stunning commercial complex like Reston's or a giant recreation center like Clear Lake City's. Instead, he has concentrated on offering the best houses for the money in Sacramento (at the expense of much of his profit). And he has held to his master plan.

Lindsey has reason for hope. His recent \$14 million loan will allow him to open new models this summer in a wider range of prices, so he can get a bigger chunk of what market there is.

**CLEAR LAKE CITY: AN UNHAPPY MIXTURE OF INSTANT SPRAWL AND BUILDER PROBLEMS**

Good planning—marked by permanent open space and careful zoning—is the *raison d'être* of giant subdivisions. When the planning is done well, as it is in Reston, a new town can provide a real answer to the problem of urban sprawl. But if planning is all but ignored, the project will be little more than a huge tract. And so far, that seems to be what happened to Clear Lake City.

Part of the problem is that Clear Lake's developer, Humble Oil & Refining Co., is inexperienced in homebuilding. Says one member of the development team: "Master plans are a waste of money." The result of this attitude is a sketchy overall layout that sets aside only 4% of the project's 15,000 acres for parks. And although the land is flat and almost completely bald, the developer has planted no trees at all.

But Humble doesn't deserve all the blame. Del E. Webb Corp., an early partner, got Clear Lake City off to a poor start.

Webb made what appeared to be a series of marketing mistakes, and wound up selling only 120 of the 288 homes he built. He put up California-style homes, and found to his surprise that Spacecraft Center employees from California wanted Houston-style homes, just like their new neighbors'. Webb's \$18,000-to-\$24,000 homes were a little high for the market. And while he put in quality, he put it where buyers couldn't see it.

Webb gave Clear Lake City a tract look by not bringing in outside builders, whose houses would have added variety.

Webb failed to heed buyer-preference studies. Result: he built a nine-hole golf course few people wanted, and a single huge recreation center for buyers who wanted several small centers.

Webb faced complaints of poor workmanship. Some buyers, for example, had to have their lawns seeded five times because landscapers turned up only in bad weather.

Webb is no longer associated with Clear Lake City, but the poor planning remains. Humble has brought in ten outside builders, but they are averaging only 30 houses a month—little better than Webb's pace.

**COLUMBIA: PLANNED TO THE NTH DEGREE, IT HAS YET TO FACE ITS FIRST REAL TEST**

It's hard to see how James Rouse could have been more scientific in planning Columbia. From the beginning, he hasn't wavered from a classic textbook approach:

Rouse first decided how much land he needed to build a real city. Then he spent months searching from Massachusetts to Virginia for a logical location, deciding finally on a site the size of Manhattan (14,000 acres) between growing Baltimore and booming Washington, D.C.

Before going any further, Rouse turned to financing. He purchased 1,000 acres of his proposed site—just enough to convince three investors (p. 94) that the entire parcel could be assembled for \$1,500 an acre. Satisfied, the investors loaned Rouse \$50 million, more than enough to get the project under way.

Rouse's next step was most unusual. For more than a year he consulted with 60 of the country's outstanding social planners, and in 1964 he brought some of them together for a total of 200-hours of brainstorming (H&H, Dec. '64). Result: a sociological pattern that is the basis of Columbia's master plan.

Rouse's zoning was approved in 1965 (it took a year), and he has now brought together a team of 20 architects and designers to plan what he calls "the mosaic of the city." Every detail is being considered, from brand-new traffic signs and street furniture to the precise siting of each house on its lot in the first village.

But it is difficult to say how much of all this careful planning will pay off.

Already there have been complications: Bids for a dam came in high, and for a while

it seemed that some decorative fountains would have to go. There have been delays: Plans for the first village came back from Howard County, Md., officials with 50 minor objections which took six weeks to resolve. An executive who had exuded confidence earlier now admits that the project is three months behind schedule.

Finally, some important questions have not been answered. Who will the first builders be? And how can Columbia executives enforce the policy of open occupancy that Rouse has demanded for his new town?

Mr. COTTON. Mr. President, I commend the Senator from Colorado, and I ask him to add my name as a cosponsor of the amendment.

Mr. DOMINICK. Mr. President, I ask unanimous consent that the name of the distinguished Senator from New Hampshire [Mr. COTTON] be added as a cosponsor of the amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. TOWER. Mr. President, will the Senator yield?

Mr. DOMINICK. I yield.

Mr. TOWER. Mr. President, this is an eminently reasonable suggestion that the Senator makes in his amendment. Of course, I moved to strike the whole title.

In any case, if by some stretch of the imagination this program could be proved highly successful, I believe half of this obligational authority, \$250 million, still would give adequate leadtime for us to have some experience with the project and to add more obligational backup on it later, if we wish. It certainly does not hamstring the program to cut the amount in half.

I believe it is a reasonable amendment, and I believe the Senator from Alabama is in a mood to accept it.

Mr. THURMOND. Mr. President, will the Senator yield?

Mr. DOMINICK. I yield.

Mr. THURMOND. I wish to commend the able Senator from Colorado for offering this amendment, and I should like to join him as a cosponsor.

Mr. DOMINICK. I thank the Senator.

Mr. President, I ask unanimous consent that the name of the Senator from South Carolina [Mr. THURMOND] be added as a cosponsor of the amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPARKMAN. Mr. President, I believe there is much merit in what the Senator from Colorado has said. After all, this is still a new program, and this new guaranty authorization is really just an alternative method of financing in order to help the program get started. I believe that cutting the figure in half would leave a reasonable amount with which to get the program started; and if the program proves to be successful, we can provide additional money.

I am willing to accept the amendment.

Will the Senator ask unanimous consent to rescind the order for the yeas and nays?

Mr. DOMINICK. Mr. President, I ask unanimous consent that the order for the yeas and nays be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. HOLLAND. Mr. President, I ask unanimous consent that I may be added

as a cosponsor of the amendment because I believe it is a good one, indeed.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. DOMINICK. Mr. President, I ask unanimous consent that the name of the Senator from Nevada [Mr. CANNON] be added as a cosponsor of the amendment.

The PRESIDING OFFICER. Without objection, it is so ordered.

All time on the amendment has expired.

The question is on agreeing to the amendment offered by the Senator from Colorado.

The amendment was agreed to.

Mr. TOWER. Mr. President, I move to reconsider the vote by which the amendment was agreed to.

Mr. ALLOTT. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

The PRESIDING OFFICER. The bill is open to further amendment.

Mr. FULBRIGHT. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The bill clerk read the amendment, as follows:

On page 261, after line 18, insert the following:

"(10) The sale or lease of real estate which is free and clear of all liens, encumbrances and adverse claims if each and every purchaser or his or her spouse has personally inspected the lot which he purchases and if the developer executes a written affirmation to that effect to be made a matter of record in accordance with rules and regulations of the Secretary."

Mr. FULBRIGHT. Mr. President, I have discussed this amendment with the Senator from New Jersey, the Senator from Texas, and the Senator from Alabama. It relates to the interstate sale of lands in title XIII. It simply exempts those sales in which a company sells land only after onsite inspection and makes a statement with regard to the title.

Mr. President, I think this is a legitimate and proper exemption because with respect to these companies in my State that are developing land in recreation areas and around lakes—many of them are large but most of them are small—it would be a great burden for them to have to file with HUD. Many of them have been operating a long time and there has never been a case of fraud and never a rescission. If there had been I think I would have heard of it. There has never been a deception in the sales in Arkansas. The conditions that give rise to this language have been concentrated in three or four States and I see no necessity for everybody coming to Washington and filing elaborate statements when there is no justification for it.

Title XIII of the omnibus housing bill sets up a system to require "full disclosure" in the sale of land in interstate commerce or through the mails.

The proposal is acknowledged to be a vast improvement over the original bill, S. 275, which would have applied the Securities Act of 1933 almost literally to interstate land sales.

However, the bill is still an adaptation of the Securities Act to these sales, even though it would be administered by the Department of Housing and Urban Development and even though there is recognition of the differences between sales and land and sales of securities.

Thus, a developer would be required to file with HUD, in great detail, a statement of record. The information required for such a statement is described on pages 113 and 114 of the committee report.

Developers are prohibited from selling land in interstate commerce and through the mails until the statement of record is effective and procedures are set forth for amendments, stop orders, investigations by the Secretary, and so forth.

The title requires that a property report containing any information in the statement of record that the Secretary deems necessary must be given to the purchaser. The title provides that a purchaser may void a contract if he were not given a copy of the property report before or at the time of his signing and that where a purchaser receives the property report within 48 hours of his signing the contract, he may revoke it within 48 hours. However, this latter provision does not apply in the case of a purchaser who first, has read the report and inspected the lot in advance of signing; and second, acknowledges such by his signature.

Civil and criminal liabilities are provided comparable to those of the Securities Act.

The title will apply in any case where a developer has 50 or more undeveloped lots for sale and makes use of the facilities of interstate commerce and the mails. It would be difficult to imagine any developer being able to conduct sales without coming under the act, through the use of the mails or under the current interpretation of interstate commerce. It is true that the Secretary, under the bill, has authority to exempt subdivisions or lots within a subdivision from any of the provisions of the act, if he finds that coverage is not necessary to the public interest and for the protection of purchasers due to the small amount involved or the limited character of the offering.

The committee in its report, states:

It expects the Secretary to utilize the discretion given him to exempt sales of lots in subdivisions which would technically be covered but which are intrastate or almost entirely intrastate and mainly coincidental. Such a situation could arise, for example, where a few out-of-State purchasers buy lots in a subdivision which is only being offered for sale within the State of the land's location or in nearby communities. (Page 111, committee report.)

I suggest that this is the most general sort of directive to the Secretary and it is by no means clear how he will use this authority, or in fact, whether under the bill he can use it to exempt completely any developer offering for sale 50 or more lots. At any rate a developer will have to hire a lawyer to determine whether or not he is under the act, or to obtain an exemption. Does a developer have to refrain from offering to an out-of-State purchaser? What if a developer

in west Memphis advertises in Memphis? Or even merely sells to Tennessee residents?

It is my opinion that there are probably hundreds of developers in the State of Arkansas alone who would be covered by this legislation and who do not have the slightest notion that it is about to be foisted upon them by a Federal Government concerned with protecting a relatively few purchasers from a very few unscrupulous promoters. Unscrupulous promoters can be prosecuted, and many already have, under the mail fraud statutes and their false and deceptive practices can be enjoined under the Federal Trade Commission Act.

The burdens of this legislation fall equally on the good as well as the bad operators and this is what inevitably happens when Government seeks to single out an industry and subject it to a kind of prophylactic method of regulation, instead of defining and punishing certain illegal acts.

The Securities Act was passed soon after the 1929 crash and in the beginning of the great depression, when the whole industry was shot through with corruption and widespread speculation had disastrous effect upon the economy. Admittedly there have been some sharp practices and fraud in the interstate sale of land, most of which are now or can be covered by the mail fraud statutes and FTC regulation. There is certainly no crisis which would justify putting real estate in the same straitjacket as the securities industry.

In the State of Arkansas, particularly in the mountainous areas, there is a rapidly growing market for vacation and retirement homes. Around Greer's Ferry Lake, Norfolk and Bull Shoals Lakes, Beaver Lake, and other lakes near the Missouri border, along the Arkansas River Valley area and in the Ouichita Mountain areas, I am sure, there are hundreds of landowners now offering as many as 50 or more lots. Furthermore, I expect that near almost every city there are farmers or other landowners in suburban areas and even on the edges of small towns who are offering 50 or more lots for sale in interstate commerce or by use of the mails, as those terms are currently defined. All of these are subject to the bill, unless they can be exempted under the Secretary's limited discretion, or unless they can devise some means of avoiding completely the use of the mails or the facilities of interstate commerce.

I question the premise that these people should be subject to the expense and burden of the filing and other requirements, merely because a few unscrupulous promoters have cheated customers.

The cure for these relatively few sharp practices may be worse than the disease. At a minimum it seems to me that there should be an exemption from the act for those developers who, whether or not they use the mails or the facilities of interstate commerce, make it a practice to sell only "onsite." This is the traditional method of selling real estate and it is hard to see how a purchaser would not have an opportunity to know what he is buying if he has inspected the lot himself. It is true, of course, that he would not know all the details of title, encum-

brances, and so forth, merely by inspection, but civil and criminal provisions of State laws dealing with real estate transactions have been considered adequate. They apparently are still considered adequate for practically every form of sales except those of undeveloped land. There is no such proposal, for example, to deal with sales of new or used cars or, in fact, homes. Yet I daresay the opportunities for misrepresentation, fraud, and unscrupulous promotion are more prevalent in these areas than in interstate land sales. And their impact on the economy is greater.

The act contains a number of exemptions in section 1303(a), pages 1 through 9, on pages 260 and 261 of the bill.

My amendment proposes a further exemption as follows:

On page 261, after line 18, insert the following:

"(10) The sale or lease of real estate which is free and clear of all liens, encumbrances and adverse claims if each and every purchaser or his or her spouse has personally inspected the lot which he purchases and if the developer executes a written affirmation to that effect to be made a matter of record in accordance with rules and regulations of the Secretary."

This exemption will not, in itself, properly define those persons who operate truly interstate, but it is at least simple and easily understood. And it can provide a method by which one who is not truly an interstate promoter can avoid needless and burdensome requirements.

Those few interstate developers who would sell "onsite" would also be exempt, it is true, but the purchasers would have inspected the property and its surroundings and would still have the additional protection of the laws against fraud and deceptive practices.

#### INTERSTATE LAND SALES FULL DISCLOSURE ACT

Mr. WILLIAMS of New Jersey. Mr. President, over the past decade, the interstate sale of undeveloped land has grown to where its annual volume is estimated by some authorities at over \$1 billion. A great number of these sales are made via long-distance telephone conversations or by personal solicitations. In many instances, the purchaser never sees the land he is buying and relies only on the salesman's oral representations. The purchase price may consist of only a small downpayment with monthly installments being as low as \$10 a month. In this manner, many of our citizens, especially the elderly, have pledged millions of dollars for the purchase of land for retirement, investment or in some instances for sheer speculation.

The need for consumer protection legislation in this area was shown beyond a reasonable doubt at hearings held beginning in 1964 by the Aging Committee and at additional hearings held before the Banking and Currency Committee during the 89th Congress and during the first session of the 90th Congress. These hearings made it clear that there are, in many instances, serious problems of consumer deception and a lack of adequate disclosure of all pertinent facts in the interstate sale of undeveloped land.

During past hearings, the committee has learned that only 23 States have

enacted legislation to protect consumers against abuses in the interstate sale of undeveloped land. Although Federal action in this area under the mail fraud statute has been most vigorous, and the work of the Post Office Department should be commended by all, these actions have been punitive rather than remedial in nature. From 1962 through 1966, 481 cases of mail fraud involving the interstate sale of land have been investigated by Federal authorities. As a result of these investigations, it has been estimated that unscrupulous land promoters have caused our citizens to lose approximately \$50 million. These promoters have by the use of high-pressure sales techniques sold land in swamps, flood control areas, deserts, mountains, remote valleys and—in some cases—jungle lava beds outside the continental United States.

President Johnson in his February 16, 1967, American consumer protection message gave a concise description of the need for legislative action. The President said:

Many investors—particularly older Americans—are attracted to advertisements offering inexpensive retirement homesites. The interstate mail orders sales of such land runs into many millions of dollars each year.

Most buyers get what they pay for. But, according to evidence obtained by the Senate Subcommittee on Frauds and Misrepresentations Affecting the Elderly, "slippery language and omission of important facts" have given too many buyers grossly distorted impressions of the land they later purchased.

Some of our senior citizens have become victims of subtle and sharp sales practices. They have wasted much of their life savings on a useless piece of desert or a swampland.

A number of states have enacted legislation to deal with these abuses. But only the Federal government can have effective authority over interstate mail order sales. Only the exercise of such authority can protect the buyer and legitimate seller alike against loss and injury.

I recommend the Interstate Land Sales Full Disclosure Act of 1967 to afford the public greater safeguards against sharp and unscrupulous practices.

Legislative action which will protect consumers by providing them with all of the pertinent facts concerning the land which they are solicited to buy is urgently needed in order to supplement State and Federal action. State officials although willing to act are in many cases powerless either because of inadequate law or because their jurisdiction does not run beyond the State border.

John McIsaac, executive secretary of the Massachusetts Real Estate Board, and a director of the National Association of Real Estate License Law Officials, is a man who works daily with the problems this bill is attempting to solve.

In his testimony before the committee Mr. McIsaac reiterated the impediments to effective State action. He said:

... These wild out-of-state land deals I described to you in the beginning of my speech are so varied and intricate in their perpetration—the circumstances so bizarre that I think you will all agree with me that it is almost compulsory to have some kind of Federal control over the sale of out-of-state land. I have talked to many members of the National Association of Real Estate License Law Officials about this and find that there are many of them who feel the same way.

Federal control is the only answer to this problem. You can't fight what you cannot see. We cannot reach out into other States and countries, we cannot control or stop fraudulent promotion coming into Massachusetts by radio, television, national publications, or direct mail.

Most Federal procedures now in effect are after-the-fact measures which are used only after the harm has been done, the fraud perpetrated, the buyer bilked. We need before-the-fact protection.

The proposed Interstate Land Sales Full Disclosure Act cosponsored by Senators BIBLE, MONDALE, MOSS, and MUSKIE, which has been developed as the result of 2 years of intensive hearings and consultations with all interested parties, will in my opinion provide this most needed consumer protection. The bill—proposed title XIII of the National Housing Act of 1968—merely requires that where a subdivision of 50 or more lots of undeveloped land is sold pursuant to a common promotional plan the seller disclose to the buyer full and accurate information. Surely, no one here today would deny such information to purchasers of real estate, many of whom are senior citizens seeking retirement homesites. In addition, a great majority of these people never visit their property until after they have made a substantial investment.

It is clear that the bare principle of "caveat emptor" should not apply to these transactions. Facts are needed in order to make sound business judgments. This bill will help to provide them. That is its only intention. It is not a regulatory statute which will permit the Federal Government to pass upon such questions as land value, its selling price, land use, or zoning. The only purpose of this legislation is to give the purchaser the necessary information upon which he can make his own investment decision.

The bill would require a statement of record to be filed with the Department of Housing and Urban Development 30 days prior to the date of the public offering. This statement is to contain a clear and precise description of all material facts. In addition, a property report setting forth similar information in an abbreviated form is to be given to each purchaser before the contract of sale is consummated. These required disclosures have been discussed with many representatives of the land sales industry. All agree that while providing adequate consumer protection they will not be unduly burdensome on legitimate businessmen.

The facts contained in the property report would in most instances be limited to the name and address of each person having an interest in the subdivision and the extent of such interest; a legal description of the subdivision and a map showing the dimensions of the interests to be sold; the condition of title including all encumbrances; the terms and conditions of sale including the range of selling prices; the condition of access to the subdivision, and the availability of sewerage and other public utilities, including water, electricity, gas, and telephone facilities; the proximity in miles of the subdivision to nearby municipalities; the nature of any improvements to be installed by the developer and the estimated schedule for their completion; the

terms of any blanket encumbrance and a statement of consequence to the purchaser if there is a failure to fulfill the obligations incurred.

Under this legislation, all purchasers of undeveloped land will receive such information. This is the only way to provide consumers with adequate information upon which sound decisions can be made.

The Interstate Land Sales Full Disclosure Act, while providing full consumer protection, will also bring a solid foundation to our Nation's land sales industry. This bill will do much to encourage public confidence in an industry which has in the past been tarnished by the actions of a few unscrupulous promoters. The majority of our Nation's real estate promoters are, of course, honest.

And I am sure that they will continue to prosper due to the increased confidence in their soundness and integrity which full disclosure will bring.

It is the sound businessmen, as well as the American real estate investor, who has the most to gain. With this legislation, all will be able to deal in the real estate market knowing that pertinent facts are available. This is a major premise of our free enterprise system. Following this premise, our Nation has thrived and prospered over the years. Now is the time to eliminate one of the last remaining areas where full disclosure is necessary, but not yet available.

Mr. SPARKMAN. Mr. President, for my part I accept the amendment. I yield back the remainder of my time.

Mr. FULBRIGHT. I appreciate the Senator's cooperation. I yield back my time.

The PRESIDING OFFICER. All time having been yielded back, the question is on agreeing to the Senator from Arkansas. [Putting the question.]

The amendment was agreed to.

The PRESIDING OFFICER. The bill is open to further amendment.

Mr. MAGNUSON. Mr. President, I send to the desk an amendment and ask that it be stated.

The PRESIDING OFFICER. The amendment will be stated.

The legislative clerk proceeded to read the amendment.

Mr. MAGNUSON. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered, and the amendment will be printed in the RECORD.

The amendment, ordered to be printed in the RECORD, is as follows:

At the end of the bill insert the following:

"INSURANCE OF SAVINGS AND LOAN ACCOUNTS AND BANK DEPOSITS OF PUBLIC UNITS

"SEC. 1520. (a) The second sentence of section 401(b) of the National Housing Act, as amended (12 U.S.C. 1724(b)), is amended—

"(1) by striking out 'for the purpose of determining the amount of the insured account'; and

"(2) by striking out the period and inserting in lieu thereof the following: ', and the dollar limitations imposed by this Act shall not be applicable to any such insured member, but the corporation may by regulation limit the amounts of such funds that may be invested in insured institutions.'

"(b) The third sentence of section 3(m) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1813(m)), is amended—

"(1) by striking out 'for the purpose of determining the amount of the insured deposits,'; and

"(2) by striking out the period and inserting in lieu thereof the following: ', and the dollar limitations imposed by this Act shall not be applicable to any such insured depositor'."

Mr. MAGNUSON. Mr. President, if I may have the attention of the chairman of the committee, the reason I have submitted the amendment at this time is due to the fact that in the State of Washington we have an unusual and peculiar situation which prohibits the savings and loan people from accepting deposits from local public units such as the water district and the school districts. They are insured up to \$15,000 but many of these deposits are of larger amounts. Therefore, the local officials who have every faith in the world in the institutions are prohibited by law from depositing in any institution that is not guaranteed.

Inasmuch as we need many resources in the savings and loan institutions, we have a bill similar to this amendment, and we hope the committee will give the matter proper attention and clear up the situation.

I understand this situation applies only to the State of Washington and perhaps one other State, the name of which I shall be glad to make available to the Senator.

I want to know if the committee is aware of this problem and if we can get action on it.

Mr. SPARKMAN. I was not aware of the problem until the Senator presented his proposal. I can understand the Senator's concern. I think it is a matter of getting some administrative action in connection with the regulations of the FDIC and the Home Loan Bank Board.

I think the matter can be worked out administratively. If the Senator will withdraw his amendment, we will do our best to work the matter out.

Mr. MAGNUSON. I thank the Senator. I hope the Senator will be able to do that. This is an unusual situation and applies only in the State of Washington. The need for housing in our area is so great, particularly in western Washington, that we wanted to get money in the institutions.

Mr. SPARKMAN. We shall cooperate.

Mr. MAGNUSON. I thank the Senator.

Mr. President, I withdraw my amendment and I yield back the remainder of my time.

The PRESIDING OFFICER. The amendment is withdrawn.

Mr. SPARKMAN. Mr. President, I yield back my time on the amendment.

The PRESIDING OFFICER. The bill is open to further amendment.

Mr. JAVITS. Mr. President, will the Senator yield to me 10 minutes under the bill?

Mr. TOWER. Mr. President, I yield 10 minutes to the Senator from New York on the bill.

Mr. JAVITS. Mr. President, I thank the Senator.

We have been examining the RECORD, and we have been examining with great

concern what happened to the disaster loan situation in the course of the debate which took place yesterday and in the course of amendments which have been adopted and amendments which have been rejected. We believe that the issue is left rather up in the air.

Mr. President, the main thing that is left up in the air, because everyone is so anxious to avoid the naughty word is with respect to riots and disorders which are disasters and catastrophes.

Mr. President, 25 percent of our retail establishments in New York's Harlem area are boarded up, and probably 20 percent of all retail establishments in Newark, N.J., in the slums are boarded up.

Any Senator representing a city, who has gone through the riot-torn areas, and I have gone through the riot-torn areas of Rochester, Buffalo, Syracuse, and New York, know what a depressing effect it has on the community and only breeds more of what we are trying to surmount.

It is a fact and I am glad it was made very clear. As I said, nobody wants to say the naughty word in the debate on the amendment of the Senator from Indiana [Mr. BAYH] and the Senator from Iowa [Mr. MILLER], that a catastrophe does include a riot, and it does.

I have introduced legislation which tries to deal with this subject without the necessity of the President's declaring a major disaster. We all understand that is an extremely difficult thing to come by, and yet that is the only way to get certain economic relief under the Small Business Administration Act. It is especially bedeviling in many of these cases where they are dealing with not one riot, but a series of riots taken together, because they are one catastrophe piled on top of another.

I am deeply interested in the housing bill and I do not wish to get into an extended controversy on the floor of the Senate at this hour with respect to passage of this important legislation.

Therefore, I would like to address myself to the manager of the bill, first, with respect to interpretation of the law, and second, on the question of whether the Senator might not consider a hearing upon my bill and other bills which will take together everything we have been talking about on this matter, what we have done, what needs to be done in light of the facts, and see if we could possibly come up in some other bill, or separately with necessary legislation to deal with the problem as far as the Small Business Administration is concerned.

With respect to the law, it will be noted, that in the Small Business Administration Act, section (7)(b)(1), loans which may be made by the administrator in the event of a catastrophe, as it is called here, there is the following language:

(b) The Administration also is empowered—

(1) to make such loans (either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred basis) as the Administration may determine to be necessary or appropriate because of floods or other catastrophes.

As I understand it, that language has been construed to relate only to certain brick and mortar loans that do not include inventories or anything that enables them to open their businesses.

I would like to ask the manager of the bill, considering what we have been doing with respect to this matter as it may affect the state of the law, whether it is clear such loans, whatever may be the interest rate, can be made. I realize there are some problems. But I wish to ask about the ability to make them.

Mr. SPARKMAN. Yes. Let me say that I can understand the Senator's interest in wanting to assure that working capital is available. I have talked with the Administrator of the Small Business Administration, and he has assured me that the authority which he would have under the Proxmire-Russell amendment of yesterday, coupled with his regular authority under section 7(a), to which the Senator made reference, is adequate to enable him to make loans for work-and capital as well as for brick and mortar in those areas.

Mr. JAVITS. Second, and I am very grateful—

Mr. SPARKMAN. Now, with reference to the hearings, of course, the Senator knows that we have a great many hearings pending. He has exacted a promise out of me two or three times—

Mr. JAVITS. Just once today.

Mr. SPARKMAN. We will take care of the hearings as best we can. I know the Senator knows that. We are scheduling them. We have scheduled work in the committee for practically every day.

Mr. JAVITS. Would not the Senator from Alabama agree with me, as well as the Senator from Texas, that at least the committee should have a look at the factual situation which is an affront to anyone who takes a look at it. Just walk downtown in Washington and see the depressing influence of burned-out buildings and boarded-up enterprises. This happened once before in the history of Washington and that was at the time the British were here. So it is not such a bad risk. Therefore, it seems to me that a great contribution to avoiding future riots would be to give future hopefulness to reconstruction. The whole picture should be looked at with a view toward seeing what might most constructively be done in the situation.

Mr. SPARKMAN. Hearings on this proposal will be held as soon as possible.

Mr. JAVITS. I thank my colleague for yielding me this time.

Mr. SPARKMAN. I thank the Senator from New York.

Mr. PERCY. Mr. President, I call up my amendment and ask that it be stated. It calls for a one-word change.

The PRESIDING OFFICER. The amendment will be stated.

The bill clerk read as follows:

On page 110, line 16, delete the word "or" the first time it appears and insert in lieu thereof the word "and".

Mr. PERCY. Mr. President, we are being charged constantly with the complaint that urban renewal drives poor people out of residential communities. The committee certainly intends that we should provide not only moderate-

income housing in urban renewal projects but also low-income housing. This amendment would assure that both low- and moderate-income housing be built in urban renewal areas. I understand that this change has been agreed to by the chairman of the Committee on Banking and Currency.

Mr. SPARKMAN. Mr. President, I am willing to accept the amendment and yield back the remainder of my time.

Mr. PERCY. I yield back the remainder of my time.

The PRESIDING OFFICER. All time has now been yielded back on the amendment.

The question is on agreeing to the amendment of the Senator from Illinois. The amendment was agreed to.

The PRESIDING OFFICER. The bill is open to further amendment. If there be no further amendments to be proposed, the question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed for a third reading and was read the third time.

Mr. MANSFIELD. Mr. President, I ask for the yeas and nays on the bill.

The yeas and nays were ordered.

Mr. TOWER. Mr. President, I yield 10 minutes to the Senator from Delaware [Mr. WILLIAMS].

The PRESIDING OFFICER. The Senator from Delaware is recognized for 10 minutes.

Mr. WILLIAMS of Delaware. Mr. President, I invite the attention of the Senator in charge of the bill to the policy of the FHA whereby a builder who has been convicted of defrauding the Government under one of the FHA construction projects will be declared eligible for another large FHA guarantee on a new construction project.

This is happening far too often.

On numerous occasions I have been calling attention to the procedure followed by the FHA where a builder who will be caught, indicted, and convicted for having defrauded the Government under one of his construction projects will again be approved by the FHA for a project under another name, perhaps in another State.

I have been complaining about this careless practice for a number of years but have been unable to get it stopped. I am wondering whether the committee would help in impressing upon the FHA the importance of stopping this practice.

In that connection I direct the attention of the Senate to another case which has just come to my attention. This case was published in the Des Moines Register this past Sunday, and I should like to read briefly from the article to show what is going on:

OMAHA, NEBR.—The man who will direct construction of Des Moines' first big low-income housing project is a well known and controversial figure here because of many housing developments he has built in the Omaha area.

Don Decker, 55, of Omaha, has been named construction manager for the Des Moines Area Council of Churches' 300 unit project in the Oakridge urban renewal area, according to Lloyd Clarke, the contractor.

Mr. President, I ask unanimous consent to have the entire article, as appear-

ing in the Des Moines Register of May 26, printed in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

#### BUILDER IS A CENTER OF CONTROVERSY—WILL DIRECT WORK AT DES MOINES PROJECT

(By James Risser)

OMAHA, NEBR.—The man who will direct construction of Des Moines' first big low-income housing project is a well known and controversial figure here because of many housing developments he has built in the Omaha area.

Don Decker, 55, of Omaha, has been named construction manager for the Des Moines Area Council of Churches 300 unit project in the Oakridge urban renewal area, according to Lloyd Clarke, the contractor.

#### MASS CONSTRUCTION

Decker built his reputation in Omaha by mass construction of urban housing and, according to Clarke, has a "good background for this type of project."

Decker's background also includes:

A federal court conviction on criminal charges of making false statements to secure a Federal Housing Administration (FHA)-insured loan on housing in Atlantic, Ia.

Development of a new Nebraska town called La Vista, described by its many critics as "an instant slum," in which homes were flooded, streets broke up and buyers defaulted on their loans, forcing the FHA to take over, rehabilitate and try to sell some 300 houses.

Numerous lawsuits against Decker and his companies for such things as not repaying promissory notes.

A lien filed against him earlier this month by the United States for failure to pay federal income taxes totaling \$46,533.

Clarke, of Des Moines, said that Decker is "an associate of mine in Clarke Housing Co." and "will be the man on the job." Decker will supervise construction and direct operations of foundation, carpentry and painting crews, Clarke said.

#### A \$4-MILLION PROJECT

Clarke and Council of Churches' spokesmen have said that the \$4-million Oakridge project will provide "attractive, safe housing for persons with low incomes."

No public announcement has been made of Decker's participation, but Clarke confirmed that Decker will provide the "executive management" of the project.

The development is being financed under FHA's "221(d)(3)" program, which provides government-insured loans for construction of low- and moderate-income housing. Decker recently got FHA approval to build several 221(d)(3) projects in Nebraska.

The ground-breaking ceremony for the Oakridge project was held May 12, with Robert C. Weaver, secretary of the Department of Housing and Urban Development, turning the first spade of earth. Construction will begin shortly.

Both Clarke and Decker have been active in the National Association of Home Builders, of which Clarke now is president. Both are acquainted personally with the highest federal officials.

Decker has been president of the Omaha Home Builders Association and a director of the National Association of Home Builders.

#### A 1961 INDICTMENT

On Jan. 7, 1961, Decker and Ralph Norman, an Atlantic man, were indicted by a federal grand jury in Council Bluffs on eight counts of making false statements to get FHA-insured loans and on one count of conspiracy.

The indictment charged that the two men paid eight Atlantic couples \$100 each for signing FHA forms, stating falsely that each couple had purchased property in Atlantic from Paul's Development Co., which was

described as a subsidiary of Decker Enterprises, one of several corporations controlled by Decker.

Decker and Norman, on Feb. 1, 1961, pleaded nolo contendere (no defense) to one count of making false statements. They were found guilty, fined \$2,500 each and placed on three years probation. The other counts were dismissed.

Seven weeks later, Decker was released from probation on the motion of his attorney and business associate, John W. Delehant, who told the court that banks were cutting off Decker's credit and that probation was working a "great hardship" on Decker's business.

#### JUDGE'S OBSERVATION

In terminating the probation, U.S. District Judge Robert Van Pelt noted that Decker had paid his fine and had been "reinstated" by FHA "to enjoy the privileges of the FHA program."

The court file contains a letter dated Mar. 14, 1961, from Russell M. Bailey, Omaha director of FHA, notifying Decker that the FHA "central office" had reinstated him.

Bailey's letter said the FHA was issuing commitments to Decker for 143 houses. Bailey said he was "extremely happy" about Decker's reinstatement, "as we are hoping to have you, as a builder of low priced homes, supplying a market which is sorely needed in our area."

On Dec. 17, 1965, Decker was given a "full and unconditional pardon" by President Johnson.

After his reinstatement, Decker's new development called La Vista began to boom. It is located at the south edge of Omaha, just across the county line in Sarpy County.

#### EASY STREET

The main thoroughfare was named Easy street. After the area ran into trouble and the street's name became the butt of jokes, it was changed to Park View boulevard.

Decker Enterprises built hundreds of homes, selling them for \$9,999.99 each, many of them to Air Force personnel stationed at nearby Offutt Air Force Base.

Storm sewers in La Vista drained into an open ditch, which overflowed, spilling water and mud into some of the homes.

Homeowners began moving out, in some cases simply abandoning their homes and defaulting on their loans. Lending institutions repossessed many homes and turned them over to FHA, which had to reimburse the lending institutions for the amount of the loan and interest.

Jack Obbink, deputy director of FHA in Omaha, told The Sunday Register that the trouble was the result of "a general market failure."

#### INSTANT SLUM

A reliable source with a savings and loan association, however, said the trouble resulted more from "the fact that the houses and the area were no good—an instant slum."

Obbink acknowledged that the Decker-built homes had "no insulation, no garages, no driveways and no sidewalks." He said FHA had to do considerable rehabilitation before it could resell the homes.

"We had to create something usable from something that was not usable," he said.

At one point in 1964, FHA was in possession of 268 houses in the entire state of Nebraska. All but 98 of these were in La Vista. Later, the FHA had about 300 La Vista homes and sold the last ones just this year.

Other builders now have come into the area and have built other housing. La Vista is making a "nice comeback" and will not end up being a "ghost town," FHA's Omaha director Bailey said.

Obbink said Decker "is completely eligible as far as we're concerned" for FHA projects. He noted that many builders are not willing to undertake low-cost housing construction,

for which there admittedly is a need in most cities.

A source who works for a lending institution that had to repossess some La Vista houses said the FHA lost at least \$2,000 on each house it had to fix up and resell.

#### SUIT ON PAVING

In 1965, the city of La Vista filed a \$610,000 lawsuit against Cornhusker Paving Co. of Omaha, a company with which Decker has no apparent direct connection but which has done paving work in Decker developments.

The suit claimed that streets in La Vista had broken up.

At the trial late last year in Sarpy County District Court, the project engineer testified that the streets were paved to a thickness of six inches, on oral instructions from Decker, rather than eight inches as shown in the specifications.

He also testified that sanitary sewers beneath the streets settled, adding to the street breakup, because no earth compaction was done in the sewer trenches. The earth and sewer work was done by Earthworms, Inc., of Omaha, of which Decker is president.

The lawsuit resulted in a \$30,000 verdict for the city against the paving company. The city has appealed the verdict to the Nebraska Supreme Court on the ground that the verdict was too low.

#### OTHER INCIDENTS

Decker was in the public eye several years before he started La Vista.

One of his developments, called Karen Addition, was plagued by flooding in 1956. The storm sewer system then also was basically a drainage ditch dug by Phoenix Development Co., another Decker firm.

The city responded to residents' protests by developing a civil defense plan for evacuation of the area in time of flooding.

Residents of the Decker-built Western Hills addition also complained to the city of the lack of closed storm sewers in their area in 1956.

More than a dozen lawsuits have been filed against Decker and some of his companies—Decker Enterprises, Inc.; Don Decker, Inc., and Cornhusker Homes Co.—since 1960.

Suits for non-payment of promissory notes have totaled more than \$260,000.

One Omaha attorney who has extensive knowledge of Decker's affairs said: "I don't know how he does it. It's amazing that he can come up with the money and keep going like this."

#### TAX LIENS

According to the Douglas County Register of Deeds, the federal government last Jan. 31 filed tax liens against Decker for unpaid federal income taxes as shown on his tax returns for 1960 and 1961.

The unpaid amounts were \$917.37 for 1960, \$7,111.50 for 1961. The two were paid off and released Apr. 26.

On May 2, tax liens were filed for the years 1962 and 1963, totaling \$46,533.35. The liens showed unpaid income taxes of \$16,336.79 for 1962, \$30,197.06 for 1963. The liens are still in force.

A spokesman for the Internal Revenue Service in Omaha said the federal government has the power to seize and sell property to satisfy a tax lien, but refused to say if any such action will be taken against Decker.

Decker's company, Cornhusker Homes, currently is building a 221(d)3 project in a predominantly Negro area of north Omaha.

The 98-unit Good Neighbor Homes development is sponsored by the St. John A.M.E. Church and the Omaha Redevelopment Co., a non-profit corporation started by Mayor A. V. Sorensen and some Omaha businessmen to raise seed money for housing projects.

The two-story, redwood-paneled development is about half completed.

Decker also has received FHA authorization for two more 221(d)3 projects in Omaha and two in Grand Island, Neb.

#### DES MOINES PROJECT

The Council of Churches project in Des Moines is designed to meet a critical need for low-cost housing, particularly for those persons, most of them Negroes, who were displaced by the clearance portion of the Oakridge project.

Two insurance companies are financing construction of 150 of the units at a cost of \$2 million, under federally insured loans. These units are designed for low-income persons. They will be eligible for federal rent supplements and will rent for as low as \$26 a month.

The other 150 units, designed for moderate-income families, will be financed by the Federal National Mortgage Association at below-market interest rates.

A corporation formed by the Council of Churches will administer the housing project after it is completed in about 15 months. The 16-acre site is located north of Center street and east of Fifteenth street.

Clarke Housing Co. is to be paid \$218,165. Of that total \$61,455 is designated as "overhead" and \$156,710 is "profit." Architects are R. Bruce Widstrom Associates of Omaha, a firm that previously has done work for Decker.

Mr. WILLIAMS of Delaware. Mr. President, here is Mr. Decker's background as it appeared in this article:

A federal court conviction on criminal charges of making false statements to secure a Federal Housing Administration (FHA)-insured loan on housing in Atlantic, Ia.

Development of a new Nebraska town called La Vista, described by its many critics as "an instant slum," in which homes were flooded, streets broke up and buyers defaulted on their loans, forcing the FHA to take over, rehabilitate and try to sell some 300 houses.

Numerous lawsuits against Decker and his companies for such things as not repaying promissory notes.

A lien filed against him earlier this month by the United States for failure to pay federal income taxes totaling \$46,533.

The article further states:

Clarke and Council of Churches' spokesmen have said that the \$4-million Oakridge project will provide attractive, safe housing for persons with low incomes."

No public announcement has been made of Decker's participation, but Clarke confirmed that Decker will provide the "executive management," of the project.

The development is being financed under FHA's "221(d)3" program, which provides government-insured loans for construction of low- and moderate-income housing. Decker recently got FHA approval to build several 221(d)3 projects in Nebraska.

The ground-breaking ceremony for the Oakridge project was held May 12, with Robert C. Weaver, secretary of the Department of Housing and Urban Development, turning the first spadeful of earth. Construction will begin shortly.

Both Clarke and Decker have been active in the National Association of Home Builders, of which Clarke now is president. Both are acquainted personally with the highest federal officials.

Decker has been president of the Omaha Home Builders Association and a director of the National Association of Home Builders.

#### A 1961 INDICTMENT

On Jan. 7, 1961, Decker and Ralph Norman, an Atlantic man, were indicted by a federal grand jury in Council Bluffs on eight counts of making false statements to get FHA-insured loans and on one count of conspiracy.

The indictment charged that the two men paid eight Atlantic couples \$100 each for signing FHA forms, stating falsely that each couple had purchased property in Atlantic from Paul's Development Co., which was de-

scribed as a subsidiary of Decker Enterprises, one of several corporations controlled by Decker.

Decker and Norman, on Feb. 1, 1961, pleaded nolo contendere (no defense) to one count of making false statements. They were found guilty, fined \$2,500 each and placed on three years probation. The other counts were dismissed.

Seven weeks later, Decker was released from probation on the motion of his attorney and business associate, John W. Delehant, who told the court that banks were cutting off Decker's credit and that probation was working a "great hardship" on Decker's business.

#### JUDGE'S OBSERVATION

In terminating the probation, U.S. District Judge Robert Van Pelt noted that Decker had paid his fine and had been "reinstated" by FHA "to enjoy the privileges of the FHA program."

The court file contains a letter dated Mar. 14, 1951, from Russell M. Bailey, Omaha director of FHA, notifying Decker that the FHA "central office" had reinstated him.

Bailey's letter said the FHA was issuing commitments to Decker for 143 houses. Bailey said he was "extremely happy" about Decker's reinstatement, "as we are hoping to have you, as a builder of low priced homes, supplying a market which is sorely needed in our area."

On Dec. 17, 1965, Decker was given a "full and unconditional pardon" by President Johnson.

After his reinstatement, Decker's new development called La Vista began to boom. It is located at the south edge of Omaha, just across the county line in Sarpy County.

#### EASY STREET

The main thoroughfare was named Easy street. After the area ran into trouble and the street's name became the butt of jokes, it was changed to Park View boulevard.

Decker Enterprises built hundreds of homes, selling them for \$9,999.99 each, many of them to Air Force personnel stationed at nearby Offutt Air Force Base.

Mr. PASTORE. Mr. President, may we have order, and will the Senator read a little more slowly so we can follow him?

Mr. WILLIAMS of Delaware (reading):

Storm sewers in La Vista drained into an open ditch, which overflowed, spilling water and mud into some of the homes.

Homeowners began moving out, in some cases simply abandoning their homes and defaulting on their loans. Lending institutions repossessed many homes and turned them over to FHA, which had to reimburse the lending institutions for the amount of the loan and interest.

Mr. President, I have asked that the whole article be printed in the RECORD. My question to the chairman of the committee is this: Is there not some way we can stop the FHA from approving the same builders who have had a record of having defrauded the Government once? Once in enough. We have had numerous cases of similar situations over the years. I am just wondering if the chairman of the committee and the ranking minority member can join in alerting the FHA that we do not want this type of builder constructing these low-cost homes. Here we have the indefensible situation in which a builder who has a \$40,000 tax lien against him has been approved for an FHA-guaranteed loan. It is ridiculous.

Mr. SPARKMAN. Mr. President, let me say to the Senator from Delaware that I surely am as opposed to letting

fraudulent builders construct these projects as the Senator from Delaware is.

Mr. WILLIAMS of Delaware. I realize that.

Mr. SPARKMAN. I think that out of the hundreds of thousands, there is an infinitesimal number that prove to be fraudulent; but I shall be glad to discuss the matter with FHA officials and alert them in every way I can, and if one does slip by, to do just what was done in the case cited by the Senator from Delaware.

Mr. TOWER. Mr. President, I concur in what has been stated. I think it is indeed appalling that the Government would allow people who defrauded the Government one time to still participate in these Government projects. I would suggest that if there is evidence that this is a rather substantial practice, the Government Operations Committee should look into it and perhaps conduct an investigation.

Mr. WILLIAMS of Delaware. This loose practice needs looking into. This is not a blanket indictment of every builder in the country. This may be an isolated case, but it is not the only one. In the past few years we have referred to several such cases. The FHA tells me the trouble is that these people go bankrupt under the name of one company and then move to another State forming another corporation. But this is no excuse the agency could have a central clearinghouse to which the FHA Directors in all of the 50 States would report all bad credit risks so that if the Joe Dokes referred to had a bad record of payment in one State that fact would be known in all. That is just good commonsense. For months and years I have been discussing some of these so-called isolated cases. I mentioned one case a few months ago in which one builder had defrauded the Government while in New York State, then went to Texas and defrauded the Government again, then went to Florida, and the last time we knew was trying to get approval of another project under another company.

The agency should have a clearinghouse of those who have defrauded the Government by false applications or defaulted payments. At the same time this central filing place should carry a tabulation based on the experience of all Government agencies, the Small Business Administration and all other Government agencies that lend money. Why not have a central clearinghouse for credit.

I found a case some time back in which someone had defaulted with the FHA, and then had borrowed money from the Small Business Administration to make good on the FHA loan. Then he defaulted on the Small Business Administration loan. The argument was made that the FHA had told them nothing about his bad record of payments. They do not check with the Treasury Department, another Government agency, to see whether the man had paid his income taxes, which could very easily be done.

I repeat, what the Government needs for all its lending agencies, not only the FHA but the Small Business Administration and all other agencies that make or

guarantee loans, is a central clearinghouse for all its creditors, so the record of Joe Doaks as a credit risk can be put on the computer and then the information can be readily available as to whether he had paid his bills in the past. If the agency did that it would find it could eliminate many of its losses.

I hope that this colloquy, supported by the chairman of the committee and the ranking minority member, will help. By joining in protest to the director of the agency, perhaps we shall be able to get a little more cooperation than we have been able to obtain in the past.

Mr. LAUSCHE. Mr. President, may I have 5 minutes?

Mr. SPARKMAN. I yield 5 minutes to the Senator from Ohio.

Mr. LAUSCHE. I wish to ask a question of the manager of the bill. Let us assume that organization X, made up of private individuals, desires to develop a project that will make available living suites for what are considered low-income or medium-income families. It makes inquiry of the Federal Government as to what aid can be provided for it to develop the particular project. My query is, first, Would that organization become entitled to what is known in the bill as 1 percent interest loans; and two, supplemental support in the payment of rent by the tenants; and, three, such other aid as the manager of the bill or his staff may be able to identify for me? What I want to find out is what, in the aggregate, is the support that the Federal Government will give to an organization of this type, which is not a nonprofit organization.

Mr. SPARKMAN. Mr. President, let me say, in answer to the query of the Senator from Ohio, that, first of all, to get approval for the kind of project the Senator refers to, it would have to be a nonprofit organization or a limited dividend organization.

Mr. LAUSCHE. Will the Senator yield?

Mr. SPARKMAN. Yes.

Mr. LAUSCHE. I asked that question because there have been evidences of individuals exhibiting philanthropic or charitable purposes, but who, in fact, want Government aid to enrich their own pockets. But the answer now is it would have to be a nonprofit organization to be legitimate?

Mr. SPARKMAN. Yes, or a limited dividend corporation.

Mr. LAUSCHE. What is that?

Mr. SPARKMAN. It is a corporation which limits the dividends.

Mr. LAUSCHE. Is there any control of the remuneration in the salaries paid to the officers?

Mr. SPARKMAN. I can not tell the Senator that. I do not know.

Mr. LAUSCHE. But it is a limited dividend, nonprofit—

Mr. SPARKMAN. That is right.

Mr. LAUSCHE. But that would be a profit organization.

Mr. SPARKMAN. The very fact that it is a limited dividend corporate would mean that 6 percent would be the maximum profit, and, of course, the officers could share that 6 percent.

Mr. LAUSCHE. That answers the third aspect of my question. No. 1, would that

organization be entitled to the 1 percent interest payment that the corporation would make, and the interest rate over and above 1 percent would be paid by the Government?

Mr. SPARKMAN. Under this new bill, that would be possible.

Mr. LAUSCHE. All right. That is item No. 2.

Mr. SPARKMAN. The Senator will understand that the 1 percent is not automatic. It may be that low. That is, it may subsidize down to 1 percent. But on the other hand, according to the family's income, the subsidy might be much smaller in amount than that.

Mr. LAUSCHE. No. 2; they would be entitled to the aid provided in the bill which we have discussed, that the Government will pay the difference between the stipulated rate of interest and the 1 percent; is that correct?

Mr. SPARKMAN. It may be 1 percent, but not necessarily. It could be 2, 3, or 4 percent, according to the income of the family.

Mr. LAUSCHE. All right. No. 3, suppose that the corporation wanting to earn its 6-percent dividend should find that the interest help that has been given was not adequate, and that supplemental rent supports for the tenants were also needed. Would the tenants be entitled to supplemental rent supports?

Mr. SPARKMAN. If the project was approved for rent supplement assistance, it would.

Mr. LAUSCHE. Who would determine that?

Mr. SPARKMAN. The Senator speaks of 6 percent. The Government does not guarantee that.

The PRESIDING OFFICER. The Senator's time has expired.

Mr. LAUSCHE. I ask for 2 additional minutes.

Mr. SPARKMAN. I yield the Senator from Ohio 2 more minutes.

Mr. LAUSCHE. Who would determine whether it was a supplemental rent project?

Mr. SPARKMAN. The sponsor would request that from the Secretary of Housing and Urban Development.

Mr. LAUSCHE. Who would ask whom?

Mr. SPARKMAN. The sponsor would ask the Secretary of Housing and Urban Development.

Mr. LAUSCHE. So that the Secretary of Housing and Urban Development could finally say, "You are not only going to be allowed up to 6-percent dividend; you will be provided with aid in the payment of interest, but we will also allow your tenants to have supplemental rent supports."

Mr. SPARKMAN. There is no windfall there, if that is what the Senator is driving at.

Mr. LAUSCHE. Are there any other supports that a private promoter would be able to get under the bill, in addition to the ones I have identified?

Mr. SPARKMAN. The private promoter could come in and get permission to build one of these projects, either for sale or for rent, but he would have to qualify, and then when he built it, and the tenants were selected and moved in, or the purchasers were selected, the amount of

interest subsidy that would have to be paid would be determined from the income level of the family.

In other words, all of it is based on the income level of the family.

The PRESIDING OFFICER. The Senator's time has expired.

Mr. LAUSCHE. I ask for 3 more minutes.

Mr. SPARKMAN. I yield the Senator from Ohio 3 additional minutes.

Mr. LAUSCHE. The Senator has not answered my question. My question is, what other type of aid is there?

Mr. SPARKMAN. None.

Mr. LAUSCHE. In addition to the interest subsidy and the rental supplement subsidy, what others are there?

Mr. SPARKMAN. We have discussed the rent supplement and the interest subsidy.

Mr. LAUSCHE. Are there any others?

Mr. SPARKMAN. That is all.

Mr. LAUSCHE. What about the community housing developments mentioned by the Senator from Colorado?

Mr. SPARKMAN. That is, a new town?

Mr. LAUSCHE. Yes. Where it says that the Secretary of Housing and Urban Development, in his discretion, can increase the aid for the development of sewer and water systems from 50 to 80 percent.

Mr. SPARKMAN. That is correct. It can make a supplemental grant of 20 percent, but in no event will all of the aid exceed 80 percent for water and sewer projects.

Mr. LAUSCHE. Eighty percent?

Mr. SPARKMAN. That is correct.

Mr. LAUSCHE. In a new community project, the Government also, under title IV, guarantees the payment of all bonds and indentures that are issued by a new community development; is that correct?

Mr. SPARKMAN. They are insured. I mean, the whole project would be insured, as an apartment building or a single-family dwelling would be insured.

Mr. LAUSCHE. Is it a correct statement that the Government undertakes, with respect to corporation X, to guarantee those who promote the project that under no circumstances will they lose any money?

Mr. SPARKMAN. Oh, no. No; there is no such guarantee as that. It is just like the regular FHA insurance. In other words, the Government stands behind the guarantee. This is similar to the FHA insurance programs, for which the FHA collects a premium, and on such premiums it has made a profit of some \$1 billion over the past 30 years.

The PRESIDING OFFICER. The Senator's time has expired.

Mr. LAUSCHE. I think the Senator has answered my question. I ask for 1 minute more.

Mr. SPARKMAN. I yield the Senator 1 additional minute.

Mr. LAUSCHE. I still believe that the Government guarantees to these individuals, "You have no fear of loss."

Mr. SPARKMAN. No.

Mr. LAUSCHE. The Senator cannot agree with that?

Mr. SPARKMAN. Not at all.

Mr. LAUSCHE. That is the way it looks to me.

Mr. MAGNUSON. Mr. President, this legislation will help close the gap be-

tween our expectation and our achievement as a nation.

The expectation was established by Congress itself with the 1949 declaration of the national goal of a decent home in a suitable living environment for every American family.

Enactment of this legislation would be a long step toward fulfillment of the goal we seek.

This omnibus housing and urban development legislation is a blueprint for action vital for an urban America in crisis. President Johnson in his message on housing and cities stated the situation thus:

Today America's cities are in crisis. This clear and urgent warning rises from the decay of decades—and is amplified by the harsh realities of the present.

We know these realities: Housing inadequate and insufficient, festering slums, streets clogged with traffic, air polluted by soot and waste, crime rates rising, and inadequate public services.

And we know also that our cities are plagued with a shrinking tax base from which to raise funds that can pay for the services that are needed.

There is new thrust in this legislation's provisions for housing and construction and the revitalization of our cities.

The legislation proposes to eliminate our slum housing problem and it offers the means to do it. It paves the way for the development of our total housing and urban resources to meet not only our needs today but for our growing future.

It justly emphasizes the need for accelerating provision of decent housing for low-income Americans. Nothing is more fundamental than this. Sufficient and adequate housing at costs that low-income people can meet is the basic answer to slums. We must replace with decent homes the shameful substandard units where 20 million Americans live.

To achieve this objective, we have to increase our present rate of building housing for the low- and moderate-income market.

The bill we are considering is an essential step in the right direction. It is a minimum step in this year of 1968. As the techniques are tested and improved, and as resources become more available, we can—and I think we will—increase the volume, and increase it until every American has a decent home.

The thrust of these housing and urban programs is toward a heavy involvement of the private sector. I think this is good because our best hope to rid ourselves of slums and bring decent housing to all our people lies in the combined resources of public and private enterprise.

We are fortunate that the challenge and opportunities offered by unmet housing markets are being definitely recognized by the private sector. The business community is giving strong indication of its desire to participate in the rebuilding of our cities and the provision of housing for the low-income market where it is so urgently needed.

Business—large business in particular—has become increasingly concerned and involved in trying to meet and solve housing and urban problems.

We have talked about private sector

involvement for years. Now this legislation proposes to translate talk into action. It proposes National Housing Partnerships to bring large-scale capital into the lower income housing field on a private basis. It would enable large business, with capital to invest, to move into this housing field, using the various Federal aids available, with certain tax protections and benefits to support such a risk for private capital, particularly during the early non-profitable development stages.

The provisions for developing sale and rental housing for families with low or moderate incomes—including the elderly and handicapped who cannot now secure adequate and decent shelter—also look to the private sector for fulfillment. Private enterprise would build the housing, assisted by FHA mortgage insurance and subsidized interest rates. The subsidy would benefit the buyer or tenant according to his income. It would mean opportunity for homeownership for our lower income families; and it would mean decent housing—new or substantially rehabilitated—for renters who otherwise would not be able to achieve it.

Let me say about homeownership, that it has proved, at least on a small scale, that it can be a powerful ingredient in raising the morale and instilling fresh pride into the lives of low-income families.

The scale to which the programs are held in the legislation before us is not, in my opinion, high enough. I feel it should be higher—more nearly on the level of President Johnson's recommendations. But it does adopt the type of action we now need; it does broaden and expand our efforts in the housing and urban development field; it does greatly increase the number of people who would benefit. I am for the legislation, Mr. President, and I urge its adoption.

Mr. GORE. Mr. President, though I will resist the temptation either to explore the extent of the wrongs or to express the extent of my exasperation at the unreasonably high interest rates that now prevail and plague the people, before passage of this bill I must and do denounce the tragic mismanagement of our fiscal and monetary affairs by the Johnson administration. In this respect, its failure is colossal.

Mr. MCINTYRE. I wish to direct my remarks to a section of the bill that has not received a great deal of publicity but which offers great promise toward solving the problems of slums and blight in our cities. I refer to the creation of a neighborhood development program in the urban renewal legislation as provided by section 501 of this bill. During the course of the subcommittee hearings there was widespread support for this provision. Mayors and urban development professionals have exhibited much enthusiasm for this new provision.

Under the present urban renewal program, a locality designates a blighted area and applies to HUD for funds to prepare the necessary urban renewal plan and other data which are prerequisite to undertaking any project activities. The separate planning period usually takes about 2 years. It is often 3 years from

the time an area is designated to the time the project actually begins to acquire land, rehabilitate homes, install improvements, and undertake other activities. The project is financed in its entirety through a grant reservation that is initially based on estimates made prior to planning and which are refined when planning is completed. Consequently, the present program requires that an urban renewal plan and a financing plan be prepared to cover a broad range of activities that will be carried out over a period of several years. Once the plans are approved and activities begin, changing circumstances over time often necessitate revisions being made to the urban renewal plan and adjustments in the financing plan which often result in grant increases. This is to be expected, and properly so, in a complex program that has significant impact and which necessarily takes several years to complete. Given the nature of urban development processes, the program has worked well.

However, the urban renewal program has limitations as a result of the mechanics required under existing law. A project must be big enough to have an impact but small enough so that the whole project can be planned in detail well in advance of project execution. This includes financial considerations as well as physical planning. This system poses difficulties for communities that wish to undertake renewal activities in large areas of critical need.

Moreover, cities have found that it is often difficult to develop plans for large areas when it is known that conditions will change over time. Particularly, in rehabilitation there is a need to begin quickly without lengthy planning delays during which properties may further deteriorate—even to a point where the intended rehabilitation becomes infeasible. In many cities it is essential that some activities begin immediately upon designation of an area. This necessity often precludes utilization of urban renewal because of its detailed planning requirements. While the present urban renewal program successfully meets the needs for which it was designed, our years of experience and the pressing needs of our cities require improvements to increase the flexibility of renewal mechanisms.

The neighborhood development program is the response to these needs. It has been designed to permit flexibility in dealing with changing conditions and to achieve the most effective and efficient utilization of funds. It is an optional program inasmuch as localities have the choice of utilizing it or continuing with the traditional urban renewal program. The new program is most likely to be used for large rehabilitation projects where flexibility is particularly important; and the old program is most likely to be used where clearance of slum areas is to be followed by new construction requiring advance agreement to a relatively firm plan.

A neighborhood development program may consist of urban renewal project undertakings and activities in one or more urban renewal areas that are planned and carried out on the basis of annual increments. The requirements

would be similar to those for the existing urban renewal program with a few major differences. Many activities not requiring detailed planning could begin immediately, while more detailed planning of future activities would be carried out concurrently. For example, rehabilitation activities could begin immediately assisted by Federal rehabilitation loans and grants. Rather than funding an entire project that may take many years to complete, only annual activities will be funded. Thus, it is anticipated that urban renewal funds will be more effectively utilized. There is no obligation to fund beyond the annual period for which there is a contract. However, if funds are available and the locality has demonstrated accomplishment, it could anticipate receiving funds for a series of subsequent annual increments. Further, as Congress continues its present practice of appropriating urban renewal funds on a 1-year forward funding basis, it will be possible for HUD to make a tentative reservation of funds for 1 additional year at the time an annual program is approved; so that, in effect, at any given time there is a 2-year local program. Also, the typical annual activity will be of a type which is desirable in itself, even if a later contemplated stage of urban renewal activity is not carried forward.

By way of illustration, let us assume that an area of one thousand acres is covered by a neighborhood development program. During the first year a vacant site could be developed for low- and moderate-income housing, another area could see the construction of a new school, and in a third rehabilitation could begin. During the second year a dilapidated area could be acquired and cleared while its residents are relocated into the housing developed during the first year, a commercial shopping area could undergo rehabilitation, and several neighborhood parks could be developed.

This program gives cities the necessary flexibility to adjust their programs to respond to changing conditions and to the needs of citizens as well as those of the private sector. The neighborhood development program also creates greater opportunities for citizen involvement as the planning process is a continuing one. Relocation can be more successful because the amount of displacement must be relative to the housing resources provided and available immediately. The new program will substantially increase the opportunities for neighborhood residents to remain in the area if they wish.

I believe this legislation recognizes the vital necessity of local public investment in improvements and facilities in renewal areas. Just as in the existing urban renewal program, the local share of costs may be provided in cash or through these investments recognized as non-cash local grants-in-aid. In the new program there are some changes regarding their provision. The eligibility of non-cash grants-in-aid, from the standpoint of timing, would be altered so that a facility would be eligible if its construction began within three years prior to the date of the first contract for a neighborhood development program that includes any

portion of the area to be served by the facility.

Another change somewhat tightens the eligibility for noncash credit by requiring that a facility must actually be constructed or be under contract during the annual period for which credit is claimed. This change is desirable; it will provide an incentive to localities to install needed public facilities, such as schools, sewers, streets, and other improvements, early in the renewal process. It will also enable localities to better program their capital improvement expenditures with assurance that those improvements will receive noncash credit.

The amount of noncash credits to be allowed in any year will be limited to that amount required to meet the local share of renewal costs. Excess credits that have been deemed eligible may be applied to subsequent annual increments. In addition, pooling credit from existing urban renewal projects may be counted toward the local share of a neighborhood development program. However, excess credits from an annual increment may only be applied to subsequent annual increments of the neighborhood development program.

The neighborhood development program offers communities an opportunity to meet head on the forces of blight in large areas. It will provide new tools that have the flexibility to meet problems and opportunities. It will permit cities to make better use of capital improvement programming to maximize its effectiveness. Finally, it will enable the renewal process to respond to the initiatives of private enterprise to revitalize our cities.

Mr. RIBICOFF. Mr. President, yesterday the New York Times published a report that aptly describes the issue we are considering today.

The story told of a group of Baltimore housing officials who met with New York housing officials to discuss their mutual problems.

The Baltimore visitors were told that there are at least 800,000 deteriorated apartments in New York City. That number is almost equal to the entire population of Baltimore. The visitors were startled—and deservedly so. But rundown housing is a broad-scale problem.

While housing deterioration affects the poor, it also means—

Said the Times report—

that many middle-class families, especially after they have children, find it increasingly difficult to get decent housing in the city.

The family that lives on a moderate income has often been overlooked when we have focused on the problems of the cities. This group comprises a large portion of our population. Fully 30 percent of the Nation's families live on incomes ranging from \$4,800 to \$7,800 a year.

The bill before us today, the Housing and Urban Development Act of 1968, directs itself in part to these solid citizens and their housing needs.

Those wage earners in the moderate income range are the policemen, firemen, schoolteachers, nurses, civil servants, taxi

drivers, and many others who are serving useful lives and contributing needed services to our society.

But because they must compete with higher income families for decent housing, they often are unable to improve their housing situation. When tight money strikes, they are hit the hardest.

The legislation we are considering would give to these families a much-needed and much-deserved alternative—the opportunity to purchase a home of their choice that is within their means.

Certainly, a country as wealthy as ours can afford to provide assistance to those who have helped so much to make this Nation what it is. These men and women earning moderate incomes are the backbone of our national economy and our society.

They provide our Nation with stability and strength.

The main thrust of the bill is directed toward helping the poor, through interest subsidies to investment by private mortgage funds and private homebuilders in rental housing and homeownership.

Some key provisions—those dealing with housing for low- and moderate-income families and the civil disorder reinsurance program—of the Housing and Urban Development Act of 1968 are similar to those included in legislation I proposed more than a year ago. My legislation grew out of many months of investigations by the Government Operations Subcommittee on Executive Reorganization into the Federal role in urban affairs.

The legislation and my subcommittee hearings recognized the Federal Government's failure to meet the housing needs of our low- and moderate-income citizens. The Government lacks effective tools for stimulating private housing production. I believe the Housing and Urban Development Act of 1968 will help to overcome these obstacles.

The bill authorizes and expenditure of \$75 million in interest subsidies—a sum that would start more than 100,000 families on the road to home ownership in the first year. In a 3-year period, more than 1.5 million low- and moderate-cost homes would be provided under the legislation.

With regard to Federal housing assistance to poor neighborhoods, the legislation has one very important provision. It would direct the Secretary of Housing and Urban Development to require, wherever possible, to make certain that the low-income persons residing in an area of federally assisted construction be employed in the work.

So the bill would not only move to provide more and better housing—needed housing—but it would also provide jobs, which is probably the single most important need of the poor.

There is another need met by this legislation. That is, insurance to homeowners and businessmen located in or near urban areas susceptible to civil disorder.

The Housing and Urban Development Act of 1968 has three major objectives in this field:

First, to encourage private insurance companies to offer property insurance in

neighborhoods and sections of cities where it has been difficult—if not impossible—to obtain this protection.

Second, to offer reinsurance protection to insurance companies so they can continue to provide coverage in their regular lines of property insurance against extraordinary losses from riots or other civil commotion.

Finally, to provide the basis for improving the market for insurance against burglary and theft in center city areas by including such coverage in "fair access to insurance requirement"—FAIR—plans.

This legislation provides that property owners could not be charged more than the standard premium rate, or be denied insurance coverage, unless there first had been a physical inspection of the property. And if inspection reveals that the risk is uninsurable at standard rates—because of the physical hazards or other deficiencies—the owner must be advised of specific measures necessary for the property to become eligible for insurance at the standard rate.

The FAIR plans also include provision for an "all-industry facility" in each State that would try to place approvable applications with participating companies in the State. The availability of a program of riot reinsurance, offered on a State-by-State basis, would serve as an incentive for insurance companies to cooperate and participate in FAIR plans.

The proposed legislation has a long list of supporters including the National Association of Independent Insurers, representing 350 property and casualty insurance companies writing in all 50 States; the National Association of Mutual Insurance Companies—the oldest trade association representing more than 1,100 mutual insurance companies across the Nation; the National Association of Insurance Agents, Inc., representing more than 36,000 insurance agencies throughout the United States with affiliated associations in every State and in over 1,200 communities and counties throughout the country.

Mr. President, there is a quotation that aptly summarizes the challenge met by the proposed legislation:

Housing is . . . one of the great universal tests in this difficult world: a test of ideals, ideas, skills, resources; of our democratic capacity for change and growth; of the effectiveness of both private enterprise and government and their ability to cooperate; of the intelligence of consumer and voter as well as producer and administrator. If we in America, with all our resources cannot even solve our own housing problem, what hope is there?

That statement was made by the National Public Housing Conference in 1948. In was applicable then. It is even more applicable 20 years later. Now we have more ideas, more skills, more resources—and even greater needs.

I urge Senators to support the Housing and Urban Development Act of 1968.

Mr. HART. Mr. President, I would like to comment briefly on the proposed Housing and Urban Development Act of 1968 generally before addressing myself to the specific section of the legislation with which I am concerned today.

I am in complete agreement with the President's characterization of the bill

as a "charter of renewed hope for the American city." The legislation as proposed includes measures which are essential to the well-being of our cities and all of the people who live in them. We have been asked to make sincere and long-range commitments to reverse urban deterioration, to accelerate new building and to set fixed and ambitious goals on our national housing goals.

The undertaking envisioned by the proposed bill will tax our public and private capacities—but I feel there is no other course if we are to do right by Americans of this and future generations.

One of the striking and innovative features of the act is a proposal to encourage both public and private sectors to develop new communities as a means of coping with our growing urban problems and the exploding population growth which daily aggravates the situation. Secretary Weaver in his testimony before the Subcommittee on Housing and Urban Affairs pointed out that:

A dozen years from now, when the Census of 1980 is taken it will probably show that our urban population has increased by about 43 million people—equal to the population of 89 cities the size of Buffalo.

Clearly, we must prepare for this massive growth in our population and equally clearly, we must begin our preparations without undue delay. We are faced with a problem which, in my judgment, requires more than corrective measures designed to solve current urban dislocations. I, therefore, applaud the proposed legislation's recommendation to embark on a program to stimulate the planned and orderly building of new communities. And I am pleased that my amendment requiring new technologies in building construction be required wherever feasible.

Title IV of this bill would tap new sources of land development funds by providing a Federal guarantee for private debentures or bonds to finance development for well-planned communities. These guaranteed obligations would finance only land and development other than the construction of residential, commercial, or industrial buildings. In approving the debentures for guarantee, account would be taken of the large, initial capital investment required to provide the improvements which must underlie an entire new community, as well as the extended period of time before the cash flow from the sale of improved building lots exceeds expenditures.

The Government would also be assured before guaranteeing the debentures that the proposed land development is economically sound and represents an acceptable business risk; that it would provide desirable advantages to the entire area, and that it would make available favorable living conditions for residents at all incomes who would live and work in and around the new communities.

The outstanding principal obligations guaranteed for any one new community would not exceed \$50 million, and the aggregate for the program as a whole could not exceed \$500 million.

I react to the program with enthusiasm. The need is real; the problem is

urgent; the corrective measures appear to be practical and realistic.

#### DISASTER AID FOR RIOT VICTIMS

Mr. WILLIAMS of New Jersey. An effort was made yesterday to deny certain kinds of Federal assistance to riot-torn cities such as Newark and Plainfield. The effort was successful.

I was amazed that Senator PHILIP HART and I were the only two Members of the Senate to vote against this effort.

The innocent victims of civil disorders ought to be eligible for any assistance the Federal Government can provide.

I agree with Senator RUSSELL, whose amendment was passed 57 to 2, that all such aid should be denied to individuals who are implicated in starting or carrying on riots or other disturbances, and such a provision will be included in the bill.

The housing bill reported by the committee would have made victims of civil disorders eligible for the same assistance as victims of natural disorders, such as hurricanes.

The Russell amendment denies to riot-torn cities this assistance which is now available for natural disasters from the Office of Emergency Planning. This includes immediate help in the form of food, medical supplies, and emergency shelter and long-term restoration of public facilities, such as water supply or firefighting equipment.

If a man's home is destroyed, his family needs shelter, whether it was swept away by a flood or destroyed by a fire caused by rioters. If a city's fire trucks are destroyed, it needs firefighting equipment, no matter what the cause of the destruction.

And, if the disaster is big enough in scope so that local resources are incapable of meeting the need, the Office of Emergency Planning ought to be empowered to do the job, just as it does in the case of natural disasters.

Mr. HART. Mr. President, the explanation just made by the able Senator from New Jersey reflects my own reasoning in voting yesterday against the amendment offered by the respected senior Senator from Georgia. I think I should note an additional reason and it relates to my efforts immediately following the Detroit riots of last July to obtain Disaster Assistance Act funds. Following the destruction of the riot, I argued that disaster assistance money could be made available to Detroit if an emergency declaration had been issued. At that time I introduced into the RECORD, language from the legislative debates when the Disaster Assistance Act initially was adopted and urged that this language showed no prohibition that would have prevented disaster assistance to man-made, rather than nature-made disasters.

My remarks on July 27, 1967, included the following:

In the hearing on July 19, 1950, before the Committee on Public Works of the House of Representatives which was then considering bills to authorize Federal disaster relief, the then Assistant Director of the Bureau of the Budget, Elmer B. Staats, said:

"I would like to state, at the outset that the kinds of disasters with which H.R. 8396

and H.R. 8461 seek to cope are peacetime disasters such as hurricanes or floods; and do not contemplate those which could arise from war action, such as bombing raids or sabotage. The authority contained in these bills, however, is sufficiently broad to permit the Federal government to mobilize its resources and render prompt assistance."

On September 19, 1950, in considering the conference report on this same legislation, the following colloquy took place on the floor of this body:

Senator Robertson asked:

Is it the Senator's interpretation that the bill would apply to whatever disaster the President might be pleased to have it apply?

Senator McCLELLAN answered:

That is correct; but of course the bill is intended to reach major disasters, where the local governments find that it is impossible for them to cope with the situation without having outside assistance.

Note that the "but" in this answer relates to the consequences; the extent, the sweep and degree of devastation, not to the cause of the devastation.

The language seems clear: There is ample authority for the appropriate declaration which will enable the Federal agencies to come to the relief of Detroit and its suffering citizens.

As the Senator from New Jersey has explained, the effect of the loss, the destruction, is the same; the emergency is as real and the needs are as great whether man made or nature made. I am sure that if massive flooding followed criminal destruction of a large dam or a major river levee, the disaster emergency funds would and should be available. That the destruction was a result of criminal rather than natural causes would not prevent the use of these funds.

I agree with the amendment which is being offered by the distinguished Senator from Indiana [Mr. BAYH] that one who participates in the criminal conduct ought not be the beneficiary of such funds, but cities whose facilities are needed for essential public services have been damaged or destroyed in riots to a degree justifying "emergency disaster" should be eligible for disaster aid money.

#### RURAL HOUSING PROVISIONS

Mr. PEARSON. Mr. President, the acquisition of a decent, livable home has been a more formidable problem for people living in rural areas of the United States than for those who live in urban areas, where large blocs of housing can be developed and in turn made available to individual families.

This is manifest by the fact, borne out in the census, that half of the substandard dwellings in this country are in rural territory. Inasmuch as only one-third of the population lives in those rural areas; the figures mean that bad housing is twice as prevalent, on a per capita basis, in the rural areas as in the urban United States.

One principal to be upheld as we confront the housing situation is that whatever support is given to credit programs for family homes, rural people must have the same opportunity as urban dwellers.

Another principal is that everything possible be done to place decent housing within the reach of any family that is willing to devote a maximum amount of its own means toward securing a home for itself.

Decent housing is not a luxury. It is a necessity if we are to maintain a proper living environment for the American family, for the children of American families, and for people living in retirement on frozen incomes that do not respond to ups and downs in the economic situation. Many forces influence the fortunes of an individual family, and some of those forces are wholly beyond the family's control. No family should be abandoned to its fate, so long as it is making a resolute effort to help itself.

These principles are upheld in the Housing and Urban Development Act of 1968—S. 3497—now before the Senate.

Title I authorizes the Government to supplement installment payments by low-income families for purchase of modest homes when the required payments exceed 20 percent of family income. The family would pay the principal plus at least 1 percent interest. Any necessary part of interest above 1 percent would be met by the Federal Housing Administration or, in the case of a rural family, the Farmers Home Administration of the Department of Agriculture. The Government is protected against unnecessary perpetuation of such a subsidy, in that every family's situation will be reviewed at least once every 2 years, and as periodic review may show that the family's situation is improving, the home-payment subsidy will be reduced or eliminated as may be indicated.

In title II, families unable to avail themselves of other housing programs would benefit from a plan of assistance, similar to title I, to the builders of low-cost rental and cooperative housing, to be made available to families of low and moderate income. Here again, the bill provides that these benefits will be extended in rural areas through the Farmers Home Administration, acting on authority delegated by the Department of Housing and Urban Development.

Title VI of the pending bill provides for a very necessary extension of community development planning into rural areas that must be brought into use in the coming years. The same kind of grant assistance now extended to urban areas will be made effective through State and regional agencies. The Secretary of Agriculture is given a share of responsibility for this planning in areas where new community development and the adaptation of agricultural land come into question.

Title X of the act now before us extends homeownership opportunity to rural families of low- and moderate-income by authorizing loans at the Treasury rate, or not less than 1 percent a year, for families who cannot be assisted under provisions of titles I and II. It also meets an urgent need of people who now live in cities but work in rural localities by making them eligible for rural housing loans so that they can establish homes in the communities where they work.

Title X also authorizes the Secretary of Agriculture to make loans or grants, depending on repayment ability of the recipients, for housing and training facilities for rural people who are enrolled in federally assisted manpower training

courses, through which they can improve their employment capability.

This title also strengthens the farm labor housing program by authorizing that loan funds may be used to buy building sites, as well as to erect farm labor housing.

Mr. President, these are improvements in the National Housing Act that will help to alleviate the housing problems of some 3 million rural families whose homes today fall short of a decent American standard.

I commend the Committee on Banking and Currency for the concern it has shown toward the long-neglected housing crisis in our rural areas, and I urge that the Senate pass this much-needed legislation.

#### THE SYMBOL AND CAUSE OF HOPELESSNESS

Mr. PERCY. Mr. President, an excellent article on the housing problems of the great city of New York was published in yesterday's New York Times. The article, written by Steven V. Roberts, outlines in reality the housing problems of the entire Nation.

There is no easy, quick, or cheap solution to the housing problems in New York City or in the Nation as a whole. However, we must continue to try new programs and to improve old ones, as inadequate housing is among the most urgent of our urban problems.

As the author points out, poor housing is fear: fear of vandals and narcotics addicts, fear of thieves and muggers, fear of the landlord who will throw you out if you complain, fear of being old and helpless in a five-story walk-up, fear for your children in a hundred different ways. Poor housing is the symbol, and the cause of hopelessness.

While I urge Senators to read this article, I hope they will be challenged by the problems that beset us and not discouraged by their magnitude and complexity. We must join together to find new ways to better the housing of our Nation—to provide homes, not just housing. The bill which we are considering today goes far to present innovative programs, but it surely will not be the last housing bill to be considered in this Chamber. Together with my valued colleagues, I intend to continue to apply myself to the solution of these problems and I hope today we will renew our commitment to this great task.

I ask unanimous consent that the article be printed in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

#### EIGHT HUNDRED THOUSAND DWELLINGS IN THE CITY AFFECTED BY GROWING DECAY

(By Steven V. Roberts)

A group of Baltimore housing officials recently visited Jason R. Nathan, the city's Housing and Development Administrator, to discuss mutual problems.

"To begin with," Mr. Nathan said, "we have at least 800,000 deteriorated apartments in New York City."

The visitors sat silently for a moment before one gasped: "That's almost as much as the number of people in our whole city."

The decay of vast areas of good housing is probably the major problem facing city housing officials—and one of the most important facing the Lindsay administration. The deterioration means that most of the

city's poor—especially the Negro and Puerto Rican poor—live in substandard housing with little hope for improvement.

It also means that many middle-class families, especially after they have children, find it increasingly difficult to get decent housing in the city and must seek it elsewhere, usually by migrating to the suburbs.

Since only a limited amount of public money is available to finance new construction, the city government has to run at top speed to stand still.

Last year 12,000 new apartments were built through a variety of publicly aided programs—at least half for middle-income families. But city officials estimate that close to that number of good apartments deteriorated into substandard condition for many reasons: vandalism by tenants and narcotics addicts; the venality of speculators and blockbusters, and above all, the economic difficulties of managing housing for poor families.

These are the basic conclusions of a New York Times study of city housing problems that included interviews with dozens of city officials, landlords, tenants and academic experts.

The study also reached the following conclusions:

Housing experts now realize that landlords must make a decent profit if they are going to keep their buildings in good repair, especially in low-income areas.

The fear among whites that racial integration will degrade an area both socially and economically has been a self-fulfilling prophecy; it has led to the decay of most areas into which nonwhite residents have moved, and the eventual flight of most whites. Thus nonwhites who can afford decent housing can seldom find it.

Programs designed to provide new housing for both low-income and middle-income families have been plagued by rising labor costs, interest rates and taxes. As a result, officials find it increasingly difficult to build housing at rents people can afford.

Lengthy bureaucratic delays have slowed down the construction of public housing and made private investors reluctant to become involved in public programs. Moreover, private investors demand such a high return on their money—6 per cent with government guarantees, twice that without insurance—that authorities generally agree few privately owned projects could ever provide housing for the really poor.

#### INDIGNITIES ARE ENORMOUS

Above all, the problem of housing in New York is the problem of people. The physical discomforts and indignities the poor must suffer are enormous, but the psychological damage inflicted by life in the slums is perhaps even more critical.

Kathleen Harris grew up in Harlem with her mother and six brothers and sisters. She had the first of five illegitimate children when she was 16 years old, about 10 years ago. There was no privacy, she explained, no escape from the gang on the block.

Arthur Simon, a young Lutheran minister, quoted Miss Harris in his book, "Faces of Poverty":

"Harlem makes you feel disgusted and let down. You feel this way every day. When you get up you don't care anymore.

"In Harlem there is too much confusion. People all get to feeling the same. They don't care. They don't try. But most of the people can't move out. They can't afford to. They're trapped there."

Housing for the poor in New York is the rotting tenements on the Lower East Side that Jacob Riis, the social reformer, said were "scarcely fit to shelter brutes" when he viewed the same buildings more than 50 years ago.

It is the glowering, six-story tenements along Eighth Avenue in Harlem around

which junkies and idle youths gather like a flock of birds. It is the dilapidated apartment buildings in the South Bronx; once good housing, most are now abandoned by recent landlords and, from the looks of the streets, by the Sanitation Department as well.

It is the crumbling frame and brownstone houses in Bedford-Stuyvesant. It is the shacks of Arverne on the Rockaway peninsula and Coney Island, the final dumping grounds for the city's largest, most troubled welfare families, who can find housing nowhere else.

Housing for the poor in this city is halls reeking with urine and containing leaking pipes and falling plaster. It is small children crowded into tiny rooms with no heat, and the sharp winter wind cutting through cracked glass.

#### HOUSING IS FEAR

*Most of all, housing is fear: fear of vandals and narcotics addicts, fear of thieves and muggers, fear of the landlord who will throw you out if you complain, fear of being old and helpless in a five-story walk-up, fear for your children in a hundred different ways. Poor housing is the symbol, and the cause, of hopelessness.*

In grappling with the housing problem in New York, officials really face two distinct tasks: building new housing, and preserving existing buildings, most of which would provide decent quarters, if adequately maintained.

Since it is virtually impossible to quickly replace 800,000 dilapidated apartments, more attention has been focused in recent years on rehabilitation and preservation. For many years the cry of housing reformers was to "take the profit out of the slums." The methods proposed were vigorous criminal prosecution of "slumlords," who would thus be forced into repairing their property. Today virtually every housing expert agrees that purely punitive methods have failed.

"We have to put the profit back into housing for the poor," said Roger Starr, executive director of the Citizens Housing and Planning Council. "People have to make money or they won't invest," added an official of the Buildings Department. "Nobody will throw good money after bad."

#### LANDLORDS BLAME TENANTS

However, most experts, such as Mr. Starr, are pessimistic about the possibility of upgrading existing slum housing. The central reason is that owning and managing decent housing for the poor is just not profitable. *Housing experts point out that if an investor can make 6 per cent on his money by buying blue-chip bonds, real estate—with all its headaches—has to provide twice that return to make it worthwhile.*

Housing authorities contend that many slum buildings are so abused that they would require enormous investments to be transformed into decent accommodations (investments that usually result in rent increases of as much as 100 per cent). But most landlords would find it extremely difficult to get either mortgage money or insurance in run-down areas. If they did upgrade their buildings, they would run into abnormally high maintenance costs.

There is evidence indicating that tenants themselves sometimes damage buildings. Landlords usually blame tenants for most deterioration. One landlord in Brownsville said: "They're animals, you just don't know what it's like. You can't keep a place decent."

But many academic experts argue that even if a tenant does damage a building, the roots of his antisocial behavior are deep and complex. "His building is a handy symbol of all the authority in society that oppresses him," said Professor Chester Rapkin of Columbia University. "He just lashes out against it."

## ROLE OF RENT CONTROL

Another problem is outside vandalism, primarily by narcotics addicts, who have been known to steal the plumbing from a building in daylight. And good janitorial help, which could keep many minor problems from getting out of hand, is also difficult to find in poor areas.

The rents most families can pay in run-down areas often do not cover the costs of renovation and maintenance. Thus there is no incentive for the landlord to do it. The Citizens Housing and Planning Council tried to rehabilitate two tenements on the Lower East Side last year with a foundation grant and wound up losing money.

Landlords also complain that rent control keeps down their profits and prevents them from investing more money in their buildings. City officials acknowledge privately that in some cases rent control does contribute to deterioration. But they doubt that most landlords would, in fact, put higher profits back into their buildings.

They also note that the lifting of controls would cause tremendous hardship to thousands of families, and is thus both economically and politically unfeasible.

Economics is only half of the problem of upgrading slum housing. The other half is the changing pattern of ownership in low-income housing.

It is generally agreed by students of the problem that the best housing for the poor was provided in the past by resident owners who did much of the maintenance work themselves and took pride in their buildings. But in many areas of the city, close-knit ethnic communities, such as the Lower East Side, have broken up as the immigrants and their children became assimilated into American society and sought better housing elsewhere.

As the number of resident owners dwindled, much of their property was bought up by speculators who were more interested in making as much money as possible than in managing good housing. The poor and unorganized minority groups moving into the old neighborhoods were exploited. Services dropped, profits increased. In addition, a significant amount of slum property fell into the hands of amateurs who either inherited the buildings or bought them for investment purposes.

The speculators are seldom willing, and the amateurs are seldom able, to keep buildings in good repair. The good landlord, who has both the skill and desire to manage decent property, is increasingly rare in poor areas because, as authorities note, he has better investment opportunities, and fewer headaches, elsewhere.

## PRIVATE CAPABILITY IN DOUBT

Given these economic problems, and the character of many owners of slum property, most city officials now doubt that private, profit-making ownership can operate decent housing for the poor.

"The historical system of private ownership is just not working," Donald H. Elliott, chairman of the City Planning Commission, said in an interview.

The city has tried many programs to make it work. An example is the receiver-ship program, under which the city is able to take over hazardous buildings, make repairs, and bill the owners for the costs.

But out of 120 buildings taken into the program, in only 11 cases have landlords paid the bills and reclaimed their property. It just did not pay for them to do it and the city was left with the responsibility for the properties.

What, then, can the city do? "We have been hearing for years from the easy-answer boys, who have been foisting on the public simplistic answers," Mr. Nathan said. "They say the villain is the slumlord, the Negro, rent control, the city bureaucracy,

someone on the take. But there are no answers to these complex questions."

Subsidizing private owners, through rent supplements or other devices, has been suggested as one answer. But Frederic S. Ber- man, Commissioner of Rent and Housing Maintenance expressed concern that if many of the landlords who now own slum property were given more income they would not spend it on improving their buildings.

Few housing officials believe widespread public ownership would be a good idea. It would be very expensive, and city-managed public housing has been widely criticized as "sterile" and "institutional," most contend.

City officials have been talking for almost two years about devising some way in which the city could take over slum property, fix it up, and then convey it to either a tenant cooperative or community group. Without a mortgage or real estate taxes, officials believe a building might be able to pay for itself.

While they struggle with the problem of existing slum housing city officials are also deeply disturbed by the continuing collapse and deterioration of neighborhoods that just a few years ago provided decent housing for thousands of New Yorkers.

It is difficult to measure the spread of deterioration, but every index points in the same direction. As of June 30, 1967, unpaid real-estate taxes had jumped to 5.2 per cent of the total bill, or \$169-million. In 1960 arrears amounted to 3.2 per cent. Last year 1,056 properties were foreclosed for non-payment of taxes as opposed to 629 in 1966 and 535 in 1965.

Bankers estimate that many millions of dollars in mortgages are in default, and that market prices in many areas have been cut in half. Councilman Robert A. Low estimates there are 5,000 to 12,000 abandoned buildings in the city.

The blight is indiscriminate. In the East New York section of Brooklyn, the city chose a former synagogue to use as headquarters for the Model Cities program—the Federally aided project attacking physical and social deprivation in selected areas. Two weeks later the building was vandalized and burned out.

Why this happens is very complicated. But authorities believe that these areas are faced with a much more rapid version of what happened in the present Negro and Puerto Rican slums about 30 years ago.

As younger generations of Jews, Irish and Italians move out of their old neighborhoods—primarily in the Bronx and Brooklyn—landlords begin to accept minority families who are struggling to escape from the slums in which they are trapped. Often these minority families have a good income and keep their apartments as well or better than their white neighbors.

But fear often begins to pervade a white neighborhood bordering on a nonwhite area. The out-migration of whites accelerates, and more nonwhites move in, perhaps not as well off as the first wave.

## BEGINNING OF DECLINE

As his building begins to fill up with Negroes and Puerto Ricans, a landlord often cuts services, especially if he assumes the neighborhood is going to decline and does not justify more than a minimal investment. His prophecy is self-fulfilling; if he assumes the area will go down, he guarantees that it will.

Blockbusters and speculators move in, and bankers begin to share the assumption that an area is doomed. Mortgage money and fire insurance become hard to get. Deterioration accelerates again, and the flight of whites becomes an unstoppable flood.

The panic, once it hits an area, can be devastating. In the western part of East New York, bordering on Brownsville, city officials estimate that in 1960 the population was 90 per cent white and 10 per cent nonwhite. Today the figures are reversed.

The deterioration of an area like this is not simply a function of racial change. It

results from a complex interaction involving the age of a neighborhood, tenant behavior and the venality of speculators. But the most important reason, and the hardest to combat, is fear.

Mr. Nathan and his colleagues believe that while much racial change is inevitable, some whites can be convinced to stay in these turbulent areas. More important, they feel that existing buildings can be preserved so that the new occupants can have decent places to live.

Some middle-class Negroes have moved several times into largely white areas, only to find these sections deteriorating around them in a few years, forcing them to move again.

The most common answer to the problem is that the city must provide special services and show an area that it cares. But often an area seems to suffer a decline in services just as it begins to change.

## IMPACT OF SERVICES

It is problematical, however, whether increased services would make much difference to white residents intent on leaving. In the Crotona section of the Bronx, for example, the East Tremont Young Men's Hebrew Association on Southern Boulevard expanded its program in a renovated building five years ago in a deliberate attempt to keep Jews in the area. But the Jewish population continued to drop so badly that the group is planning to close.

City officials acknowledge that sometimes they are so concerned with the problems of the worst slums that transitional areas tend to get ignored. For example, city officials said almost two years ago that they were deeply troubled about the stability of the Grand Concourse area in the Bronx and would commission a study to find out what to do. The study has never been finished.

When asked specifically what the city's strategy for coping with transitional areas was, Mr. Nathan said: "I don't know, I'm groping. We don't understand the real causes. We're hoping the Rand Corporation the West Coast research company recently hired by the city will give us an in-depth analysis so that we can develop a program."

Given the problems of existing slums and transitional areas, the pressures on the city to build new housing has increased enormously. But housing experts maintain that the available resources are in no way equal to the task.

For example, the Federal Government, now the major source of funds for housing programs, has financed only 925,000 apartments in multiple dwellings for the entire country in 30 years—while New York has 800,000 in need of replacement or renovation right now.

President Johnson has proposed the construction of six million new units in the next 10 years. His National Advisory Commission on Civil Disorders has said the country must reach that goal in five years or risk increased violence in the cities. But city officials are gloomy about the prospects for massive new appropriations, noting that Congress last year barely approved tiny appropriations for the Model Cities and rent-supplement programs.

## HOUSING LINKED TO POVERTY

Public subsidy is particularly important because the housing problem is largely a reflection of the poverty problem. The median family income for Negroes and Puerto Ricans in the city—now about 28 per cent of the population—is less than \$3,500. Most minority families, and many whites as well, cannot begin to afford new housing on the private market, which costs at least \$60 a room a month.

Mr. Nathan said that housing programs have not shown great progress in the last two years, but that the next two would be more productive. He conceded that Mayor

Lindsay has lost time by restructuring the city housing agencies under the new Housing and Development Administration and re-directing many old policies.

Moreover, he added, projects usually take several years from the time they are proposed until they are built. Therefore, statistics on how many apartments were started last year reflected more about the Wagner administration than the Lindsay administration, he said.

However, it is possible to get some idea of what the Lindsay Administration has done so far in building low-cost housing. The bulk of low-income apartments are included in public housing, which contains about 525,000 people living in about 144,000 apartments. The average rent is about \$18 a room. They were built under a variety of Federal, state and city programs, but since local voters have consistently rejected referendums on new bond issues, most projects today are financed by Washington.

The Housing Authority, which builds and manages public housing, has a waiting list of about 135,000 families. Last year it opened nine projects containing 3,582 apartments, and started another 2,701 apartments, all originally proposed by the Wagner administration.

The city has a four-year allocation for 28,800 apartments from the Federal Government under an appropriation that runs out on June 30, 1969. By its own count, the Lindsay administration says it will have, at most, 16,000 apartments approved on the local level under that appropriation by this summer.

City officials declare that they spent considerable time establishing a new policy of scattering a sizable number of public housing units in largely white, middle-class areas—much to the displeasure of some local residents. In addition, they decided that most public housing within slum areas would be small, well-designed buildings, not the traditional red-brick towers of the past.

Public housing here, is also plagued by an apparent rule-of-thumb that Washington will not usually approve a project that costs more than \$20,000 a unit to build. Since New York has the highest construction and land costs in the nation, the policy—Federal officials formally deny it exists, but city officials say it does—means that the city has great difficulty building large apartments. But an extremely critical need is for large apartments, especially since landlords have chopped up so many units into single rooms for higher profit.

Moreover, the Housing Authority's rising maintenance costs—coupled with tenants' demands for more protection against crime—could mean a rent rise throughout the city if the Federal Government does not increase its subsidies for operating expenses.

Housing for poor families is also provided by two middle-income programs financed by Federal, state and city sources. For example, the state will provide subsidies for low-income families living in housing built under the Mitchell-Lama law, but only 904 have been financed thus far.

The Federal Government will also provide rent supplements for families living in housing built under a Middle-income program known as 221 (d) (3), which the city hopes to use extensively here.

#### RESTRICTIONS CRITICIZED

City housing officials argue that Congress has provided only \$40-million for the whole country for rent supplements and has burdened the program with numerous restrictions. A family must pay 25 per cent of its income for rent, which city officials consider far too high for a large family. In addition, a family can make no more than \$6,100 a year to qualify—a ceiling officials think is far too low for New York.

These and other programs suffer under another enormous handicap: the difficulty of moving complex technical projects through

a tangle of bureaucratic and political decisions that leaves even strong administrations sputtering with anger and dismay.

There are many complex reasons for bureaucratic delay: increasing concern for relocation, detailed checks and audits by timid bureaucrats, the fragmented decision-making structure within the city government. Moreover, a large number of well-organized civic and special-interest groups further limit the government's ability to move decisively.

The most vocal and militant groups in recent years have been those representing communities affected by proposed redevelopment plans. These include national organizations such as the Congress of Racial Equality as well as local groups organized by the anti-poverty program. The Lindsay administration is convinced that such groups must play a large role in shaping the future of their neighborhoods, but officials are also aware of some of the problems this policy presents.

The Mayor and his aides have noted that community groups could become platforms for ambitious politicians who do not always speak in the best interests of the community. Local leaders also often lack expertise in technical areas and experience in managing complex bureaucracies.

Moreover, communities often do not agree on what they want. Planning for the Milbank-Frawley Circle urban renewal area in Harlem, for example, has been virtually halted by a battle between Negroes and Puerto Ricans for control of the program.

The prospect of dealing with community groups is one reason why private investors are reluctant to build housing in poor areas.

#### URBAN DEVELOPMENT CORPORATION

This is why Governor Rockefeller has proposed, and the Legislature has established, the Urban Development Corporation, which is empowered to act as a sponsor of a housing project in its early stages, when risks from political and bureaucratic delay are enormous for a private investor. The corporation would then sell the building to private interests, which could then avoid these risks.

However, some housing economists believe that private investment is no panacea. A private investor must be guaranteed a sizable return on his money, and without large government subsidies investors cannot build housing for poorer families. The Urban Development Corporation, for instance, will build mainly middle-income housing.

The problem, then, of housing in New York, is many-sided. But the central difficulty is money. Without it, present programs can neither be expanded nor improved to provide housing for the hundreds of thousands of people trapped in the city's slums, and countless others who are forced to flee to the suburbs.

But with city and state sources severely limited, and with the Federal Government shackled by spending for the Vietnam war, city officials are not optimistic. Moreover, the competition for what money there is grows constantly. New York has to fight for every nickel.

Thus experts agree that unless something unexpected happens, the economics and the statistics point to two conclusions. The middleclass, particularly families with children, will continue to find it increasingly difficult to afford rents in the city. And generations of poor people, most of them Negro and Puerto Rican, are doomed to live in squalor for the foreseeable future.

#### RIOT INSURANCE IS VITAL FOR GROWTH OF CENTRAL CITY

Mr. HART. Mr. President, I am deeply pleased to see a section of the housing bill that provides for insurance for riot-torn areas. On August 29, 1967, the Committee on Commerce held hearings on riot insurance, and the testimony of

the witnesses reflects both a deep concern with the cancellation of insurance in riot areas and a conviction that something must be done about this problem.

The availability of adequate insurance is essential to the future of any city. This was especially noted in the statement of Arthur Yim, who is with the mayor of Detroit's development team:

Obviously, the matter of insurance is a significant factor in re-establishing normal business activities in the area. For those merchants without insurance, the prospects of reopening are dim. Many have indicated that they will not return. Others are seeking State or Federal loans to help them get back into business.

Those who do return and want to rebuild will encounter many difficulties. It can be assumed that insurance recoveries, if adequate, can best be used for acquiring new stock and for start-up costs but will not be adequate to rebuild.

Most of the affected businesses are located on commercial streets that even before the rioting were "going downhill fast." Building loans and insurance were difficult to obtain then, and now, in the light of recent events, may be more difficult, or even impossible to obtain. Many of the merchants have limited funds and bank loans are likely to be hard to come by for them.

Getting insurance on new buildings will also be a big hurdle, no matter how much financing is available. Without insurance, the local lenders won't get into these areas. Neither will the Federal Housing Administration, which requires fire insurance on home loans. . . .

It is my hope that everything I have said will clearly emphasize the need for government participation in the field of insurance for high risk and riot areas. There is a definite need for some program to provide adequate fire and riot coverage at reasonable rates for businessmen and homeowners in riot-torn and riot-prone areas. We endorse and will support those measures which will accomplish this.

I strongly urge the Senate to support this measure.

Mr. THURMOND. Mr. President, the housing and urban development bill contains some helpful and beneficial provisions. Important amendments offered by several Republican members of the committee, which I supported, were defeated by the Senate. These would have greatly improved the bill and made it much sounder.

This bill places a tremendous obligation upon the Government financially; in fact, the cost over a 3-year period will be approximately \$5.5 billion.

Mr. President, at a time when our Nation is engaged in the defense of freedom in Vietnam and when we are experiencing the largest deficit in history and severe fiscal problems, I believe that it is unwise for Congress to pass a proposal as expensive as this one will prove to be. This bill not only covers housing but also involves the Federal Government and the taxpayers' money in additional expenditures for urban renewal, for rent subsidies, for mass transportation programs, for flood insurance, for riot insurance, for model cities, for guaranteeing development of new communities and many other miscellaneous public housing, urban renewal and related studies and projects.

Mr. President, such a widespread and expensive bill deserves much more care-

ful study and attention by this body. For this reason, and those mentioned above, I cannot vote for S. 3497.

Mr. TOWER. Mr. President, I yield back the remainder of my time.

Mr. SPARKMAN. I yield back the remainder of my time.

The PRESIDING OFFICER. All remaining time having been yielded back, the question is, Shall the bill pass? On this question, the yeas and nays have been ordered, and the clerk will call the roll.

The bill clerk called the roll.

Mr. BYRD of West Virginia. I announce that the Senator from Nevada [Mr. BIBLE], the Senator from Hawaii [Mr. INOUE], and the Senator from Missouri [Mr. LONG] are absent on official business.

I also announce that the Senator from Idaho [Mr. CHURCH], the Senator from Connecticut [Mr. DODD], the Senator from Mississippi [Mr. EASTLAND], the Senator from North Carolina [Mr. ERVIN], the Senator from Oklahoma [Mr. HARRIS], the Senator from Arizona [Mr. HAYDEN], the Senator from South Carolina [Mr. HOLLINGS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Louisiana [Mr. LONG], the Senator from Minnesota [Mr. MCCARTHY], the Senator from Arkansas [Mr. MCLELLAN], the Senator from Wyoming [Mr. MCGEE], the Senator from South Dakota [Mr. MCGOVERN], the Senator from New Mexico [Mr. MONTROYA], the Senator from Oregon [Mr. MORSE], the Senator from Florida [Mr. SMATHERS], and the Senator from Montana [Mr. METCALF] are necessarily absent.

I further announce that, if present and voting, the Senator from Oklahoma [Mr. HARRIS], the Senator from Massachusetts [Mr. KENNEDY], the Senator from New York [Mr. KENNEDY], the Senator from Louisiana [Mr. LONG], the Senator from Montana [Mr. METCALF], the Senator from Oregon [Mr. MORSE], the Senator from Minnesota [Mr. MCCARTHY], and the Senator from Florida [Mr. SMATHERS] would each vote "yea."

On this vote, the Senator from North Carolina [Mr. ERVIN] is paired with the Senator from Mississippi [Mr. EASTLAND]. If present and voting the Senator from North Carolina would vote "yea" and the Senator from Mississippi would vote "nay."

Mr. DIRKSEN. I announce that the Senator from Vermont [Mr. AIKEN], the Senator from Kansas [Mr. CARLSON], the Senators from Kentucky [Mr. COOPER and Mr. MORTON], the Senator from Arizona [Mr. FANNIN], the Senator from Hawaii [Mr. FONG] and the Senators from California [Mr. KUCHEL and Mr. MURPHY] are necessarily absent.

If present and voting, the Senator from Vermont [Mr. AIKEN], the Senator from Arizona [Mr. FANNIN], the Senator from Kentucky [Mr. COOPER], and the Senators from California [Mr. KUCHEL and Mr. MURPHY] would each vote "yea."

The result was announced—yeas 67, nays 4, as follows:

So the bill (S. 3497) was passed.

Mr. TOWER. Mr. President, I move to reconsider the vote by which the bill was passed.

Mr. SPARKMAN. Mr. President, I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. SPARKMAN. Mr. President, I ask unanimous consent that the Secretary of the Senate be authorized and directed to make any necessary clerical and technical changes in the engrossed bill (S. 3497).

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SPARKMAN. Mr. President, on yesterday the Senator from New Hampshire [Mr. COTTON] asked a question about the authorization under the bill that was just passed as to how the money would be divided between new and existing programs. I have checked into this matter, and I find that the total authorization under the bill is \$5 billion.

Of this amount, approximately \$650 million is for new programs, and the remainder of \$4,350,000,000 is for existing programs.

I make this further point, which I believe is of interest: The impact on the budget for fiscal 1969 is approximately \$18 million.

Mr. COTTON. Mr. President, will the Senator yield?

Mr. SPARKMAN. I yield.

Mr. COTTON. This authorization extends over 3 years?

Mr. SPARKMAN. Yes.

Mr. COTTON. I thank the Senator.

Mr. MANSFIELD. Mr. President, the 2-year effort to conduct a sweeping review of needed changes in this Nation's housing program has just culminated in the Senate's overwhelming acceptance of the Housing and Urban Development Act

of 1968. Our thanks go to the senior Senator from Alabama, [Mr. SPARKMAN], the able chairman of the Committee on Banking and Currency, whose long and hard work led the way both in committee and here in the Chamber. In short, Senator SPARKMAN has achieved, with the passage of this bill, only what can be achieved with the highest legislative skill. This magnificent accomplishment is to be added to his already overflowing record of public service. We and the Nation are again in his debt.

Joining Senator SPARKMAN were other members of the committee and the subcommittee whose keen diligence and leadership in this task should be singled out. High on the list is the Senator from Texas [Mr. TOWER] whose contribution and cooperation as the ranking minority member of the Housing Subcommittee were certainly indispensable to the Senate's overwhelming adoption of the measure. Senator Tower exhibited the same high degree of ability that has distinguished his service in this body. Also the Senator from Wisconsin [Mr. PROXMIRE] deserves our praise. He added his strong, clear, and convincing views; his invaluable support.

The Senator from Illinois [Mr. PERCY] also must be singled out for his magnificent efforts both in the subcommittee and here in the Chamber. His deep and abiding interest in a constructive housing program is known well in the Senate and throughout the land. During its consideration, he demonstrated clearly his broad knowledge of all of the many facets of this sweeping measure. The same may be said of the Senator from Maine [Mr. MUSKIE].

Of course, the efforts of the distinguished Senator from Utah [Mr. BENNETT] must be noted. As the ranking minority member of the committee, his contribution on this bill, as on all measures that are reported by the committee, was superb. The senior Senator from Georgia [Mr. RUSSELL] deserves the same high praise for offering his own strong and deeply sincere views, as do the Senators from Indiana [Mr. BAYH] and Kansas [Mr. PEARSON], and the many others who participated in this discussion.

Indeed, the entire Senate is to be commended for obtaining another fine achievement and for performing the task swiftly and with full consideration for the views of each member.

Mr. DIRKSEN. Mr. President, some years ago they laid a claims bill before President Coolidge, and, as I recall, it probably was 500 pages in length. The committee of Congress was asked to come down and witness the signing. When they got around to this ceremony, President Coolidge looked at that bill, and in his nasal way he said, "Gentlemen, that's a pretty big bill, isn't it?"

We said, "So it is." And he signed it.

Mr. President, this is a pretty big bill. As I recall, there are approximately 1,400 of 1,500 pages of hearings. The bill itself is approximately 310 pages in length. It represents not the work of the last few months, but it represents the work of several years of diligent effort by Mem-

bers of the Senate Committee on Banking and Currency, on both sides of the aisle. I salute the members of the committee on both sides of the aisle, but I pay particular tribute to those of our side of the aisle—the Senator from Texas [Mr. TOWER], the Senator from Utah [Mr. BENNETT], the Senator from Iowa [Mr. HICKENLOOPER], the Senator from Massachusetts [Mr. BROOKE], and the Senator from Illinois [Mr. PERCY], who has given a lot of time to research in this field—all of whom have been extremely diligent.

When we consider the Herculean task with which they were confronted, I believe they merit a salute from the Senate for a great job well done in a challenging field.

Mr. SPONG. Mr. President, the Senate today passed the Housing and Urban Development Act of 1968. This measure encompasses the whole range of housing and urban improvement programs and contains amendments to existing law as well as several important new programs. I supported this legislation in the Committee on Banking and Currency and on the floor of the Senate, for I believe that it represents a positive step toward the Nation's goal of a "decent home and suitable living environment for every American family."

Two aspects of this legislation are significant and offer hope for the future. The first is the serious, and I hope effective, effort of the bill to make it possible for low- and moderate-income families to attain homeownership. When a family owns its dwelling, not only will it be better housed, but its members will be better citizens. An important step in the elimination of the blight and decay in our urban centers and our rural areas is to give the people who live there a stake in the area and its improvement. I believe that the growth of homeownership among our low-income families will produce important material and psychological benefits for us all.

The second aspect of the bill that I find encouraging is the increased dependence on the managerial talent and capital resources of the private sector in the solving of our serious housing problems. It is obvious that Government alone cannot provide all or even a significant portion of the housing units that we need, and that private industry, with its know-how and resources, must be called upon for its full capability if we are to approach decent housing for our citizens. In the bill we have taken several significant steps to involve the private sector in housing, and I am hopeful that this approach will be accelerated in the future.

This is an important bill. I am hopeful that the House of Representatives will act quickly and affirmatively on it so that the Nation can move vigorously to meet the serious problem of providing decent housing for our people.

#### HOUSING AND URBAN DEVELOPMENT ACT OF 1967

Mr. MANSFIELD. Mr. President, I ask unanimous consent that consideration of Calendar No. 794, S. 2700, to assist in the provision of housing for low- and

moderate-income families, and to extend and amend laws relating to housing and urban development, be indefinitely postponed, and taken off the calendar.

The PRESIDING OFFICER (Mr. MUSKIE in the chair). Without objection, it is so ordered.

#### THE CALENDAR

Mr. MANSFIELD. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 1131 and the succeeding measures in sequence.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### EKLUTNA PROJECT, ALASKA

The Senate proceeded to consider the bill (S. 224) to provide for the rehabilitation of the Eklutna project, Alaska, and for other purposes, which had been reported from the Committee on Interior and Insular Affairs, with an amendment, on page 1, line 10, after the word "as," strike out "amended," and insert "amended: *Provided, however, That the nonreimbursable and nonreturnable expenditures shall not exceed \$2,805,437*": so as to make the bill read:

S. 224

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the total sums expended by the Secretary of the Interior in rehabilitation of the Eklutna project, Alaska, from damage caused by the earthquake of March 27, 1964, less the difference between the actual cost of the new dam and the estimated cost of rehabilitating the old dam, shall be nonreimbursable and nonreturnable, and not subject to the provisions of the second sentence of section 1 of the Act of July 31, 1950, as amended: *Provided, however, That the nonreimbursable and nonreturnable expenditures shall not exceed \$2,805,437.**

The amendment was agreed to.

The bill was ordered to be engrossed for a third reading, was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent to have printed in the RECORD an excerpt from the report (No. 1147), explaining the purposes of the bill.

There being no objection, the excerpt was ordered to be printed in the RECORD, as follows:

#### PURPOSE OF THE MEASURE

The purpose of this legislation, which was introduced by the Senators from Alaska, is to make nonreimbursable the cost of the work which was necessary to rehabilitate the Eklutna Federal hydroelectric power project in Alaska because of damage caused by the earthquake of March 27, 1964.

#### BACKGROUND

The Eklutna project is a single purpose, hydroelectric power development located 34 miles northeast of Anchorage, Alaska. The project was authorized in 1950 (64 Stat. 382) and construction was completed by the Bureau of Reclamation in 1955. The existing, nonfederally constructed, Eklutna Dam was acquired by the Bureau and incorporated into the project.

The project was damaged considerably by the earthquake of 1964. Investigations showed that the original dam was located on an unfavorable geologic foundation and that re-

placement of the dam by a new structure downstream was advisable. The rehabilitation of the project has been accomplished under existing authority at a total cost of \$2,885,415. Under provisions of existing law, this entire sum must be repaid by the power users along with the balance remaining on the original Federal investment.

#### PRESENT LEGISLATION

This bill will make nonreimbursable the portion of the cost of rehabilitation which are associated with returning the project to its preearthquake condition (\$2,805,437). The balance of the rehabilitation costs (\$79,978) are considered to be associated with improvement of the project over its preearthquake condition and will be repaid.

The Department of the Interior, by letter of April 12, 1968, recommended enactment of S. 224. The Bureau of the Budget, by letter of April 10, 1968, expressed no objection to enactment. The Subcommittee on Water and Power Resources held open hearings on S. 224 on April 26, 1968.

#### COMMITTEE AMENDMENT

The committee has inserted language to limit the amount made nonreimbursable by the bill to \$2,805,437 which is the specific amount of the cost described in the language of the bill as estimated by the Department of the Interior.

#### INTERNATIONAL UNION FOR THE PUBLICATION OF CUSTOMS TARIFFS

The Senate proceeded to consider the bill (S. 1578) to authorize the appropriation for the contribution by the United States for the support of the International Union for the Publication of Customs Tariffs, which had been reported from the Committee on Foreign Relations, with amendments, in line 3, after the word "appropriated" insert "annually"; and in line 9, after the word "Union" insert a comma and "but not to exceed 6 per centum of such expenses per annum."; so as to make the bill read:

S. 1578

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby authorized to be appropriated annually to the Department of State such sums as may be necessary, including contributions pursuant to the convention of July 5, 1890, as amended, for the payment by the United States of its share of the expenses of the International Union for the Publication of Customs Tariffs and of the Bureau established to carry out the functions of the Union, but not to exceed 6 per centum of such expenses per annum.*

The amendments were agreed to.

The bill was ordered to be engrossed for a third reading, was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent to have printed in the RECORD an excerpt from the report (No. 1148), explaining the purposes of the bill.

There being no objection, the excerpt was ordered to be printed in the RECORD, as follows:

#### BACKGROUND

The International Bureau for the Publication of Customs Tariffs is a small technical organization, the sole function of which is to translate and publish customs tariffs of member countries into five official languages—English, French, German, Italian, and Spanish. It was founded in 1890 by the United States and 40 other countries and

90TH CONGRESS  
2D SESSION

# S. 3497

---

IN THE HOUSE OF REPRESENTATIVES

MAY 29, 1968

Referred to the Committee on Banking and Currency

---

## AN ACT

To assist in the provision of housing for low and moderate income families, and to extend and amend laws relating to housing and urban development.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*  
3       That this Act may be cited as the "Housing and Urban  
4       Development Act of 1968".

5                               DECLARATION OF POLICY

6       SEC. 2. The Congress affirms the national goal, as set  
7       forth in section 2 of the Housing Act of 1949, of "a decent  
8       home and a suitable living environment for every American  
9       family".

10       The Congress finds that this goal has not been fully

1 realized for many of the nation's lower income families;  
2 that this is a matter of grave national concern; and that  
3 there exist in the public and private sectors of the economy  
4 the resources and capabilities necessary to the full realiza-  
5 tion of this goal.

6       The Congress declares that in the administration of those  
7 housing programs authorized by this Act which are designed  
8 to assist families with incomes so low that they could not  
9 otherwise decently house themselves, and of other Govern-  
10 ment programs designed to assist in the provision of housing  
11 for such families, the highest priority and emphasis should  
12 be given to meeting the housing needs of those families for  
13 which the national goal has not become a reality; and in  
14 the carrying out of such programs there should be the fullest  
15 practicable utilization of the resources and capabilities of  
16 private enterprise and of individual self-help techniques.

17 EMPLOYMENT OPPORTUNITIES FOR LOWER INCOME PER-  
18       SONS IN CONNECTION WITH ASSISTED PROJECTS

19       SEC. 3. In the administration of the programs authorized  
20 by sections 235 and 236 of the National Housing Act, the  
21 below-market interest rate program under section 221 (d)  
22 (3) of such Act, the low-rent public housing program under  
23 the United States Housing Act of 1937, and the rent supple-  
24 ment program under section 101 of the Housing and Urban

1 Development Act of 1965, the Secretary of Housing and  
2 Urban Development shall—

3 (1) require, in consultation with the Secretary of  
4 Labor, that, to the greatest extent feasible, opportunities  
5 for training and employment arising in connection with  
6 the planning, construction, rehabilitation, and operation  
7 of housing assisted under such programs be given to  
8 lower income persons residing in the area of such hous-  
9 ing; and

10 (2) require, in consultation with the Administrator  
11 of the Small Business Administration, that, to the great-  
12 est extent feasible, contracts for work to be performed  
13 pursuant to such programs shall be awarded to business  
14 concerns, including but not limited to individuals or  
15 firms doing business in the fields of design, architecture,  
16 building construction, rehabilitation, maintenance, or re-  
17 pair, located in or owned in substantial part by persons  
18 residing in the area of such housing.

19 TITLE I—LOWER INCOME HOUSING

20 HOMEOWNERSHIP FOR LOWER INCOME FAMILIES

21 SEC. 101. (a) Title II of the National Housing Act is  
22 amended by adding at the end thereof the following new  
23 section:

1       “HOMEOWNERSHIP FOR LOWER INCOME FAMILIES

2       “SEC. 235. (a) For the purpose of assisting lower  
3 income families in acquiring homeownership or in acquir-  
4 ing membership in a cooperative association operating a  
5 housing project, the Secretary is authorized to make, and  
6 to contract to make, periodic assistance payments on behalf  
7 of such homeowners and cooperative members. The assist-  
8 ance shall be accomplished through payments to mortgagees  
9 holding mortgages meeting the special requirements specified  
10 in this section.

11       “(b) To qualify for assistance payments, the homeowner  
12 or the cooperative member shall be of lower income and  
13 satisfy eligibility requirements prescribed by the Secretary,  
14 and—

15       “(1) the homeowner shall be a mortgagor under a  
16 mortgage which meets the requirements of and is insured  
17 under subsection (i) or (j) (4) of this section: *Pro-*  
18 *vided*, That a mortgage meeting the requirements of sub-  
19 section (i) (3) (A) of this section but insured under  
20 section 237 may qualify for assistance payments if such  
21 mortgage was executed by a mortgagor determined not  
22 to be an acceptable credit risk for mortgage insurance  
23 purposes (but otherwise eligible) under subsection  
24 (j) (4) of this section or under section 221 (d) (2) or

234 (c) and accepted as a reasonably satisfactory credit risk under section 237; and

“(2) the cooperative association of which the family is a member shall operate a housing project, the construction or substantial rehabilitation of which has been financed with a mortgage insured under section 213 and which was completed after the effective date of this section: *Provided*, That if the initial cooperative member receiving assistance payments transfers his membership and occupancy rights to another person who satisfies the eligibility requirements prescribed by the Secretary, such new cooperative member may qualify for assistance payments upon the filing of an application with respect to the dwelling unit involved to be occupied by him: *Provided further*, That assistance payments may be made with respect to a dwelling unit in an existing cooperative project which meets such standards as the Secretary may prescribe, if the family qualifies as a displaced family as defined in section 221 (f), or a family which includes five or more minor persons, or a family occupying low-rent public housing: *Provided further*, That the amount of the mortgage attributable to the dwelling unit shall involve a principal obligation not in excess of \$15,000 (\$17,500 in any geographical area where the

1 Secretary authorizes an increase on the basis of a finding  
2 that cost levels so require), except that with respect to  
3 any family with five or more persons the foregoing limits  
4 shall be \$17,500 and \$20,000, respectively.

5 “(c) The assistance payments to a mortgagee by the  
6 Secretary on behalf of a mortgagor shall be made during  
7 such time as the mortgagor shall continue to occupy the prop-  
8 erty which secures the mortgage. The payment shall be in an  
9 amount not exceeding the lesser of—

10 “(1) the balance of the monthly payment for prin-  
11 cipal, interest, taxes, insurance, and mortgage insur-  
12 ance premium due under the mortgage remaining unpaid  
13 after applying 20 per centum of the mortgagor's income;  
14 or

15 “(2) the difference between the amount of monthly  
16 payment for principal, interest, and mortgage insurance  
17 premium which the mortgagor is obligated to pay under  
18 the mortgage and the monthly payment for principal and  
19 interest which the mortgagor would be obligated to pay  
20 if the mortgage were to bear interest at the rate of 1  
21 per centum per annum.

22 “(d) Assistance payments to a mortgagee by the  
23 Secretary on behalf of a family holding membership in a  
24 cooperative association operating a housing project shall be  
25 made only during such time as the family is an occupant of

1 such project and shall be in amounts computed on the basis  
2 of the formula set forth in subsection (c) applying the co-  
3 operative member's proportionate share of the obligations  
4 under the project mortgage to the items specified in the  
5 formula.

6 “(e) The Secretary may include in the payment to the  
7 mortgagee such amount, in addition to the amount computed  
8 under subsection (c), (d), or (j) (6), as he deems appro-  
9 priate to reimburse the mortgagee for its expenses in han-  
10 dling the mortgage.

11 “(f) Procedures shall be adopted by the Secretary  
12 for recertifications of the mortgagor's (or cooperative mem-  
13 ber's) income at intervals of two years (or at shorter in-  
14 tervals where the Secretary deems it desirable) for the  
15 purpose of adjusting the amount of such assistance payments  
16 within the limits of the formula described in subsection (c).

17 “(g) The Secretary shall prescribe such regulations as  
18 he deems necessary to assure that the sales price of, or other  
19 consideration paid in connection with, the purchase by a  
20 homeowner of the property with respect to which assistance  
21 payments are to be made is not increased above the ap-  
22 praised value on which the maximum mortgage which the  
23 Secretary will insure is computed.

24 “(h) (1) There are authorized to be appropriated such

1 sums as may be necessary to carry out the provisions of this  
2 section, including such sums as may be necessary to make the  
3 assistance payments under contracts entered into under this  
4 section. The aggregate amount of contracts to make such  
5 payments shall not exceed amounts approved in appropria-  
6 tion Acts, and payments pursuant to such contracts shall  
7 not exceed \$75,000,000 per annum prior to July 1, 1969,  
8 which maximum dollar amount shall be increased by \$100,-  
9 000,000 on July 1, 1969, and by \$125,000,000 on July 1,  
10 1970.

11 “(2) Not more than 20 per centum of the total amount  
12 of assistance payments authorized to be contracted to be  
13 made pursuant to appropriation Acts shall be contracted to  
14 be made on behalf of families whose incomes at the time of  
15 their initial occupancy are in excess of 70 per centum of  
16 the limits prescribed by the Secretary for occupants of  
17 projects financed with mortgages insured under section 221  
18 (d) (3) which bear interest at the below-market interest  
19 rate prescribed in the proviso of section 221 (d) (5).

20 “(3) Notwithstanding the provisions of subsection  
21 (i) (3) (A) with respect to the prior construction or reha-  
22 bilitation of the dwelling, or of the project in which there is  
23 a dwelling unit, for which assistance payments may be made,  
24 not more than—

25 “(A) 25 per centum of the total amount of con-

tracts for assistance payments authorized by appropriation Acts to be made prior to July 1, 1969,

“(B) 15 per centum of the total additional amount of contracts for assistance payments authorized by appropriation Acts to be made prior to July 1, 1970, and

“(C) 10 per centum of the total additional amount of contracts for assistance payments authorized by appropriations Acts to be made prior to July 1, 1971,

may be made with respect to existing dwellings, or dwelling units in existing projects.

“(i) (1) The Secretary is authorized, upon application by the mortgagee, to insure a mortgage executed by a mortgagor who meets eligibility requirements for assistance payments prescribed by the Secretary under subsection (b). Commitments for the insurance of such mortgages may be issued by the Secretary prior to the date of their execution or disbursement thereon, upon such terms and conditions as the Secretary may prescribe.

“(2) To be eligible for insurance under this subsection, a mortgage shall meet the requirements of section 221

(d) (2) or 234 (c), except as such requirements are modified by this subsection.

“(3) The mortgage to be insured under this subsection shall—

“(A) involve a single-family dwelling which has

1        been approved by the Secretary prior to the beginning  
2        of construction or substantial rehabilitation or a one-  
3        family unit in a condominium project (together with  
4        an undivided interest in the common areas and facilities  
5        serving the project) which is released from a multi-  
6        family project, the construction or substantial rehabilita-  
7        tion of which has been completed within two years  
8        prior to the filing of the application for assistance pay-  
9        ments with respect to such family unit and the unit has  
10       had no previous occupant other than the mortgagor:  
11       *Provided*, That the mortgage may involve an existing  
12       dwelling or a family unit in an existing condominium  
13       project which meets such standards as the Secretary  
14       may prescribe, if the mortgagor qualifies as a displaced  
15       family as defined in section 221 (f), or a family which  
16       includes five or more minor persons, or a family occupy-  
17       ing low-rent public housing: *Provided further*, That the  
18       mortgage may involve a dwelling unit in an existing  
19       project covered by a mortgage insured under section 236  
20       or in an existing project receiving the benefits of finan-  
21       cial assistance under section 101 of the Housing and  
22       Urban Development Act of 1965;

23       “(B) where it is to cover a one-family unit in a  
24       condominium project, have a principal obligation not ex-  
25       ceeding \$15,000 (\$17,500 in any geographical area

1 where the Secretary authorizes an increase on the basis  
2 of a finding that cost levels so require), except that with  
3 respect to any family with five or more persons the fore-  
4 going limits shall be \$17,500 and \$20,000, respectively;  
5 and

6 “(C) be executed by a mortgagor who shall have  
7 paid (i) in the case of any family whose income is not  
8 in excess of 70 per centum of the limits prescribed by  
9 the Secretary for occupants of projects financed with  
10 mortgages insured under section 221 (d) (3) which bear  
11 interest at the below-market interest rate prescribed  
12 in the proviso of section 221 (d) (5), at least \$200, or  
13 (ii) in the case of any other family, at least 3 per  
14 centum (or such larger amount as the Secretary may  
15 require) of the Secretary’s estimate of the cost of  
16 acquisition, which amount (in cash or its equivalent)  
17 in either instance may be applied for the payment of  
18 settlement costs and initial payments for taxes, hazard  
19 insurance, mortgage insurance premiums, and other  
20 prepaid expenses.

21 “(j) (1) In addition to mortgages insured under the  
22 provisions of subsection (i), the Secretary is authorized,  
23 upon application by the mortgagee, to insure a mortgage  
24 (including advances under such mortgage during rehabilita-  
25 tion) which is executed by a nonprofit organization or public

1 body or agency to finance the purchase and rehabilitation of  
2 deteriorating or substandard housing, for subsequent resale to  
3 lower income home purchasers who meet eligibility require-  
4 ments for assistance payments prescribed by the Secretary  
5 under subsection (b). Commitments for the insurance of such  
6 mortgages may be issued by the Secretary prior to the date  
7 of their execution or disbursement thereon, upon such terms  
8 and conditions as the Secretary may prescribe.

9 “(2) To be eligible for insurance under paragraph (1)  
10 of this subsection, a mortgage shall—

11 “(A) be executed by a private nonprofit organiza-  
12 tion or public body or agency, approved by the Secre-  
13 tary, for the purpose of financing the purchase and reha-  
14 bilitation (with the intention of subsequent resale) of  
15 property comprising one or more tracts or parcels,  
16 whether or not contiguous, consisting of (i) four or more  
17 single-family dwellings of detached, semidetached, or row  
18 construction, or (ii) four or more one-family units in a  
19 structure or structures for which a plan of family unit  
20 ownership approved by the Secretary is established;

21 “(B) be in a principal amount not exceeding the ap-  
22 praised value of the property at the time of its purchase  
23 under the mortgage plus the estimated cost of the re-  
24 habilitation;

25 “(C) bear interest (exclusive of premium charges

1 for insurance and service charge, if any) at not to exceed  
2 such per centum per annum (not in excess of 6 per  
3 centum), on the amount of the principal obligation out-  
4 standing at any time, as the Secretary finds necessary  
5 to meet the mortgage market;

6 “(D) provide for complete amortization (subject to  
7 paragraph (4) (E) ) by periodic payments within such  
8 term as the Secretary may prescribe; and

9 “(E) provide for the release of individual single-  
10 family dwellings from the lien of the mortgage upon their  
11 sale in accordance with paragraph (4).

12 “(3) No mortgage shall be insured under paragraph  
13 (1) unless the mortgagor shall have demonstrated to the  
14 satisfaction of the Secretary that (A) the property to be re-  
15 habilitated is located in a neighborhood which is sufficiently  
16 stable and contains sufficient public facilities and amenities  
17 to support long-term values, or (B) the rehabilitation to be  
18 carried out by the mortgagor plus its related activities and  
19 the activities of other owners of housing in the neighborhood,  
20 together with actions to be taken by public authorities, will  
21 be of such scope and quality as to give reasonable promise  
22 that a stable environment will be created in the neighbor-  
23 hood.

24 “(4) (A) No mortgage shall be insured under para-

1 graph (1) unless the mortgagor enters into an agreement,  
2 satisfactory to the Secretary, that it will offer to sell the  
3 dwellings involved, upon completion of their rehabilitation,  
4 to lower income individuals or families meeting the require-  
5 ments established by the Secretary under subsection (b).

6 “(B) The Secretary is authorized to insure under this  
7 paragraph mortgages executed to finance the sale of in-  
8 dividual dwellings to lower income purchasers as provided in  
9 subparagraph (A). Any such mortgage shall—

10 “(i) be in a principal amount not in excess of that  
11 portion of the unpaid principal balance of the blanket  
12 mortgage covering the property which is allocable to the  
13 individual dwelling involved;

14 “(ii) bear interest at the same rate as the blanket  
15 mortgage; and

16 “(iii) provide for complete amortization by periodic  
17 payments within a term equal to the remaining term  
18 (determined without regard to subparagraph (E)) of  
19 such blanket mortgage.

20 “(C) The price for which any individual dwelling is sold  
21 under this paragraph shall be in an amount equal to that  
22 portion of the unpaid principal balance of the blanket mort-  
23 gage covering the property which is allocable to the dwelling  
24 plus such additional amount, not less than \$200 (which may  
25 be applied in whole or in part toward closing costs and may

1 be paid in cash or its equivalent), as the Secretary may  
2 determine to be reasonable.

3 “(D) Upon the sale under this paragraph of any indi-  
4 vidual dwelling, such dwelling shall be released from the  
5 lien of the blanket mortgage. Until all of the individual  
6 dwellings in the property covered by the blanket mortgage  
7 have been sold, the mortgagor shall hold and operate the  
8 dwellings remaining unsold at any given time, in such  
9 manner and under such terms as the Secretary may prescribe,  
10 as though they constituted rental units.

11 “(E) Upon the sale under this paragraph of all the  
12 individual dwellings in the property covered by the blanket  
13 mortgage and the release of all individual dwellings from  
14 the lien of the blanket mortgage, the insurance of the blanket  
15 mortgage shall be terminated and no adjusted premium  
16 charge shall be charged by the Secretary upon such  
17 termination.

18 “(5) Where the Secretary has approved a plan of  
19 family unit ownership, the terms ‘single-family dwelling’,  
20 ‘single-family dwellings’, ‘individual dwelling’, and ‘individ-  
21 ual dwellings’ shall mean a family unit or family units,  
22 together with the undivided interest (or interests) in the  
23 common areas and facilities.

24 “(6) In addition to the assistance payments authorized  
25 under subsection (b), the Secretary may make such pay-

1   ments to a mortgagee on behalf of a nonprofit organization  
2   or public body or agency which is a mortgagor under the  
3   provisions of paragraph (1) in an amount not exceeding  
4   the difference between the monthly payment for principal,  
5   interest, and mortgage insurance premium which the mort-  
6   gagor is obligated to pay under the mortgage and the  
7   monthly payment for principal and interest such mortgagor  
8   would be obligated to pay if the mortgage were to bear  
9   interest at the rate of 1 per centum per annum.

10       “(k) In determining the income of any person for the  
11   purposes of this section, there shall be deducted an amount  
12   equal to \$300 for each minor person who is a member of  
13   the immediate family of such person and living with such  
14   family, and the earnings of any such minor person shall  
15   not be included in the income of such person or his family.”

16       (b) (1) Section 221 (d) (2) (A) of the National Hous-  
17   ing Act is amended by—

18           (A) striking out “not to exceed (i) \$12,500”  
19       and inserting in lieu thereof “not to exceed (i)  
20       \$15,000 (or \$17,500, in the case of a family with five or  
21       more persons)”; and

22           (B) striking out “not to exceed \$15,000” in the  
23       second proviso and inserting in lieu thereof “not to  
24       exceed \$17,500 (or \$20,000 in the case of a family  
25       with five or more persons)”.

1       (2) Section 221 (d) (2) (B) of such Act is amended  
2 by—

3           (A) inserting “, in cash or its equivalent” before  
4 the semicolon after the words “acquisition cost” in the  
5 first proviso; and

6           (B) inserting before the semicolon at the end  
7 thereof the following: “: *Provided further*, That, if the  
8 mortgagor is the owner and an occupant of the property,  
9 such mortgagor shall to the maximum extent feasible  
10 be given the opportunity to contribute the value of his  
11 labor as equity in such dwelling”.

12       (c) The purchase of any individual dwelling, sold by  
13 a nonprofit organization pursuant to the provisions of section  
14 221 (h) (5) of the National Housing Act after the effective  
15 date of this section, may be financed with a mortgage in-  
16 sured under the provisions of section 235 (j) (4) of such  
17 Act, but such mortgage shall bear interest at the rate pro-  
18 vided in section 235 (j) (2) (c) of such Act.

19       (d) Section 212 (a) of the National Housing Act is  
20 amended by inserting “or section 235 (j) (1)” after “sub-  
21 section (h) (1)” each place it appears.

22       (e) The Secretary of Housing and Urban Develop-  
23 ment is authorized to provide, or contract with public or  
24 private organizations to provide, such budget, debt manage-

1 ment, and related counseling services to mortgagors whose  
2 mortgages are insured under section 235 (i) or 235 (j)  
3 (4) of the National Housing Act as he determines to be  
4 necessary to assist such mortgagors in meeting the respon-  
5 sibilities of homeownership. There are authorized to be  
6 appropriated such sums as may be necessary to carry out  
7 the provisions of this subsection.

8 CREDIT ASSISTANCE

9 SEC. 102. (a) Title II of the National Housing Act  
10 is amended by adding after section 236 (as added by sec-  
11 tion 201 of this Act) the following new section:

12 "SPECIAL MORTGAGE INSURANCE ASSISTANCE

13 "SEC. 237. (a) The purpose of this section is to help  
14 provide adequate housing for families of low and moderate  
15 income, including those who, for reasons of credit history,  
16 irregular income patterns caused by seasonal employment,  
17 or other factors, are unable to meet the credit requirements  
18 of the Secretary for the purchase of a single-family home  
19 financed by a mortgage insured under section 203, 220,  
20 221, 234, or 235 (j) (4), but who, through the incentive  
21 of homeownership and counseling assistance, appear to be  
22 able to achieve homeownership.

23 "(b) The Secretary is authorized upon application by  
24 the mortgagee to insure under this section any mortgage  
25 meeting the requirements of this section.

1       “(c) To be eligible for insurance under this section, a  
2 mortgage shall—

3           “(1) meet the requirements of section 203 (except  
4 subsection (m)), 220 (d) (3) (A), 221 (d) (2), 221  
5 (h) (5), 221 (i), 234 (c), or 235 (j) (4), except as  
6 such requirements are modified by this section;

7           “(2) involve a principal obligation (including such  
8 initial service charges, appraisal, inspection, and other  
9 fees as the Secretary shall approve) in an amount not to  
10 exceed \$15,000: *Provided*, That the Secretary may in-  
11 crease the amount to not exceed \$17,500 in any geo-  
12 graphical area where he finds that cost levels so require:  
13 *Provided further*, That no mortgage meeting the re-  
14 quirements of section 203 (h) or 203 (i) shall be eligible  
15 for insurance under this section if its principal obligation  
16 is in excess of the maximum limits prescribed in such  
17 subsections;

18           “(3) be executed by a mortgagor who the Secre-  
19 tary has determined, after a full and complete study of  
20 the case, would not be an acceptable credit risk for mort-  
21 gage insurance purposes under section 203, 220, 221,  
22 234, or 235 (j) (4), because of his credit standing, debt  
23 obligations, total annual income, or income characteris-  
24 tics, but who the Secretary is satisfied would be a reason-  
25 ably satisfactory credit risk, consistent with the objec-

1       tives stated in subsection (a), if he were to receive  
2       budget, debt management, and related counseling: *Pro-*  
3       *vided*, That, in determining whether the mortgagor is a  
4       reasonably satisfactory credit risk, the Secretary shall  
5       review credit histories of applicants giving special con-  
6       sideration to those delinquent accounts which were ulti-  
7       mately paid by the applicant and to extenuating factors  
8       which may have caused credit accounts of the applicant  
9       to become delinquent; and the Secretary shall also give  
10      special consideration to income characteristics of appli-  
11      cants whose total income over the two years prior to  
12      their applications has remained at levels of eligibility  
13      (as required under paragraph (4) of this subsection),  
14      but who, because of the character of their seasonal em-  
15      ployment or for other reasons, have not maintained con-  
16      tinuous employment under one employer during that  
17      time; and

18           “(4) require monthly payments which, in combi-  
19      nation with local real estate taxes, do not exceed 25 per  
20      centum of the applicant’s income, based on his aver-  
21      age monthly income during the year prior to his applica-  
22      tion or the average monthly income during the three  
23      years prior to his application, whichever is higher.

24      “(d) The Secretary shall give preference in approving

1 mortgage insurance applications under this section to families  
2 living in public housing units, especially those families re-  
3 quired to leave public housing because their incomes have  
4 risen beyond the maximum prescribed income limits, and  
5 families eligible for residence in public housing who have  
6 been displaced from federally assisted urban renewal areas.

7 “(e) The Secretary is authorized to provide, or contract  
8 with public or private organizations to provide, such budget,  
9 debt management, and related counseling services to mort-  
10 gagers whose mortgages are insured under this section, as he  
11 determines to be necessary to meet the objectives of this sec-  
12 tion. The Secretary may also provide such counseling to  
13 otherwise eligible families who lack sufficient funds to supply  
14 a downpayment to help them to save an amount necessary  
15 for that purpose.

16 “(f) The aggregate principal balance of all mortgages  
17 insured under this section and outstanding at one time shall  
18 not exceed \$200,000,000.

19 “(g) There are authorized to be appropriated such sums  
20 as may be necessary to carry out the provisions of subsec-  
21 tion (e) of this section.”

22 (b) Section 226 of the National Housing Act is amended  
23 by inserting “235 (i), 237,” after “234,”.

1 RELAXATION OF MORTGAGE INSURANCE REQUIREMENTS  
2 IN CERTAIN URBAN NEIGHBORHOODS

3 SEC. 103. (a) Section 223 of the National Housing Act  
4 is amended by adding at the end thereof a new subsection as  
5 follows:

6 “(e) Notwithstanding any provision of this title except  
7 section 212, and without regard to limitations upon eligibility  
8 contained in any section of this title, the Secretary is author-  
9 ized, upon application by the mortgagee, to insure under  
10 any section of this title a mortgage executed in connection  
11 with the repair, rehabilitation, construction, or purchase of  
12 property located in an older, declining urban area in which  
13 the conditions are such that one or more of the eligibility  
14 requirements applicable to the section of this title under  
15 which insurance is sought could not be met, if the Secretary  
16 finds that (1) the area is reasonably viable, giving consid-  
17 eration to the need for providing adequate housing for fam-  
18 ilies of low and moderate income in such area, and (2) the  
19 property is an acceptable risk in view of such consideration.  
20 The insurance of a mortgage pursuant to this subsection shall  
21 be the obligation of the Special Risk Insurance Fund.”

22 (b) Section 203 (1) of such Act is repealed.

## 1 SPECIAL RISK INSURANCE FUND

2 SEC. 104. (a) Title II of the National Housing Act is  
3 amended by adding after section 237 (as added by section  
4 102 of this Act) the following new section:

5 "PAYMENT OF INSURANCE—SPECIAL RISK INSURANCE  
6 FUND

7 "SEC. 238. (a) (1) Any mortgagee under a mortgage  
8 insured under section 235 (i), 235 (j) (4), or 237 of this title  
9 shall be entitled to receive the benefits of the insurance as  
10 provided in section 204 (a) with respect to mortgages insured  
11 under section 203. The provisions of subsections (b), (c),  
12 (d), (g), (j), and (k) of section 204 shall be applicable to  
13 mortgages insured under section 235 (i), 235 (j) (4), or  
14 237, except that all references therein to the 'Mutual Mort-  
15 gage Insurance Fund' shall be construed to refer to the  
16 'Special Risk Insurance Fund', and all references therein to  
17 section 203 shall be construed to refer to the appropriate  
18 section.

19 "(2) Any mortgagee under a mortgage insured under  
20 section 235 (j) (1) or 236 shall be entitled to receive the  
21 benefits of insurance provided in section 207 (g) with  
22 respect to mortgages insured under section 207. The pro-

visions of subsections (d), (e), (h), (i), (j), (k), (l), and (n) of section 207 shall be applicable to mortgages insured under section 235(j) (1) or 236, except that all references therein to the 'General Insurance Fund' shall be construed to refer to the 'Special Risk Insurance Fund' and the premium charge provided in section 207(d) shall be payable only in cash or debentures of the Special Risk Insurance Fund.

“(3) In lieu of the amount of insurance benefits computed pursuant to paragraph (1) or (2) of this subsection, the Secretary, in his discretion and in accordance with such regulations as he may prescribe, may (with respect to any mortgage loan acquired by him) compute and pay insurance benefits to the mortgagee in a total amount equal to the unpaid principal balance of the loan plus any accrued interest and any advances approved by the Secretary and made previously by the mortgagee under the provisions of the mortgage.

“(b) There is hereby created a Special Risk Insurance Fund (hereinafter referred to as the 'fund') which shall be used by the Secretary as a revolving fund for carrying out the mortgage insurance obligations of sections 223(e), 233(a) (2), 235, 236, and 237, and the Secretary is hereby authorized to advance to such fund the sum of \$5,000,000 from the General Insurance Fund established pursuant to the

1 provisions of section 519. Such advance shall be repayable at  
2 such times and at such rates of interest as the Secretary deems  
3 appropriate. Premium charges, adjusted premium charges,  
4 inspection and other fees, service charges, and any other  
5 income received by the Secretary under such sections, to-  
6 gether with all earnings on the assets of the fund, shall be  
7 credited to the fund. All payments made pursuant to claims  
8 of mortgagees with respect to mortgages insured under sec-  
9 tions 235, 236, and 237 or pursuant to section 223 (e) or  
10 233 (a) (2), cash adjustments, the principal of and interest  
11 paid on debentures which are the obligation of the fund,  
12 expenses incurred in connection with or as a consequence  
13 of the acquisition and disposal of property acquired under  
14 such sections, and all administrative expenses in connec-  
15 tion with the mortgage insurance operations under such  
16 sections shall be paid out of the fund. There is authorized  
17 to be appropriated such sums as may be needed from  
18 time to time to cover losses sustained by the fund in  
19 carrying out the mortgage insurance obligations of sections  
20 223 (e), 233 (a) (2), 235, 236, and 237. Moneys in the  
21 fund not needed for current operations of the fund shall be  
22 deposited with the Treasurer of the United States to the  
23 credit of the fund or invested in bonds or other obligations  
24 of, or in bonds or other obligations guaranteed by, the United  
25 States. The Secretary, with the approval of the Secretary of

1 the Treasury, may purchase in the open market debentures  
2 which are the obligation of the fund. Such purchases shall be  
3 made at a price which will provide an investment yield of  
4 not less than the yield obtained from other investments au-  
5 thorized by this section. Debentures so purchased shall be  
6 canceled and not reissued."

7 (b) Section 224 of the National Housing Act is amended  
8 by striking out "or section 233" and inserting in lieu thereof  
9 "section 233, or section 238".

10 CONDOMINIUM AND COOPERATIVE OWNERSHIP FOR LOW  
11 AND MODERATE INCOME FAMILIES

12 SEC. 105. (a) Section 221 of the National Housing  
13 Act is amended by adding at the end thereof two new sub-  
14 sections as follows:

15 " (i) (1) The Secretary is authorized, with respect to  
16 any project involving a mortgage insured under subsection  
17 (d) (3) which bears interest at the below-market interest  
18 rate prescribed in the proviso of subsection (d) (5), to per-  
19 mit a conversion of the ownership of such project to a plan  
20 of family unit ownership. Under such plan, each family  
21 unit shall be eligible for individual ownership and provision  
22 shall be included for the sale of the family units, together  
23 with an undivided interest in the common areas and facilities  
24 which serve the project, to low or moderate income pur-  
25 chasers. The Secretary shall obtain such agreements as he

1 determines to be necessary to assure continued maintenance  
2 of the common areas and facilities. Upon such sale, the family  
3 unit and the undivided interest in the common areas shall  
4 be released from the lien of the project mortgage.

5 “(2) (A) The Secretary is authorized, upon applica-  
6 tion by the mortgagee, to insure under this subsection mort-  
7 gages financing the purchase of individual family units under  
8 the plan prescribed in paragraph (1). Commitments may be  
9 issued by the Secretary for the insurance of such mortgages  
10 prior to the date of their execution or disbursement thereon,  
11 upon such terms and conditions as the Secretary may pre-  
12 scribe. To be eligible for such insurance, the mortgage  
13 shall—

14 “(i) be executed by a mortgagor having an income  
15 within the limits prescribed by the Secretary for occu-  
16 pants of projects financed with a mortgage insured un-  
17 der subsection (d) (3) which bears interest at the  
18 below-market rate prescribed in the proviso of subsec-  
19 tion (d) (5) ;

20 “(ii) involve a principal obligation (including such  
21 initial service charges, appraisal, inspection, and other  
22 fees as the Secretary shall approve) in an amount not to  
23 exceed the Secretary's estimate of the appraised value  
24 of the family unit, including the mortgagor's interest in

1       the common areas and facilities, as of the date the mort-  
2       gage is accepted for insurance;

3           “(iii) bear interest at a rate determined by the  
4       Secretary (which may vary in accordance with the  
5       regulations of the Secretary promulgated pursuant to  
6       the last sentence of paragraph (4) of this subsection)  
7       but no less than the below-market rate in effect under  
8       the proviso of subsection (d) (5) at the date of com-  
9       mitment for insurance; and

10           “(iv) provide for complete amortization by periodic  
11       payments within such term as the Secretary may pre-  
12       scribe, but not to exceed the lesser of forty years or  
13       three-quarters of the Secretary’s estimate of the re-  
14       maining economic life of the building improvements.

15       “(B) The price for which the individual family unit  
16       is sold to the low or moderate income purchaser shall not  
17       exceed the appraised value of the property, as determined  
18       under subparagraph (A) (ii), except that the purchaser  
19       shall be required to pay on account of the property at the  
20       time of purchase at least such amount, in cash or its equiva-  
21       lent (not less than 3 per centum of such price which may  
22       be applied in whole or in part toward closing costs), as the  
23       Secretary may determine to be reasonable and appropriate.

24       “(3) Upon the sale of all of the family units covered  
25       by the project mortgage, and the release of all of the family

1 units (including the undivided interest allocable to each unit  
2 in the common areas and facilities) from the lien of the proj-  
3 ect mortgage, the insurance of the project mortgage shall be  
4 terminated and no adjusted premium charge shall be collected  
5 by the Secretary upon such termination.

6 “(4) Any mortgage covering an individual family unit  
7 insured under this subsection shall contain a provision that,  
8 if the original mortgagor does not continue to occupy the  
9 property, the interest rate shall increase to the highest rate  
10 permissible under this section and the regulations of the  
11 Secretary effective at the time the commitment was issued  
12 for the insurance of the project mortgage; except that the  
13 requirement for an increase in interest rate shall not be appli-  
14 cable if the property is sold and the purchaser is (i) a non-  
15 profit purchaser approved by the Secretary, or (ii) a low  
16 or moderate income purchaser who has an income within  
17 the limits prescribed by the Secretary for occupants of proj-  
18 ects financed with a mortgage insured under subsection  
19 (d) (3) which bears interest at the below-market rate pre-  
20 scribed in the proviso of subsection (d) (5). The mortgage  
21 shall also contain a provision that, if the Secretary determines  
22 the annual income of the original mortgagor (or a purchaser  
23 as described in clause (ii) of this paragraph) has increased  
24 to an amount enabling payment of a greater rate of interest,  
25 the interest rate of the individual mortgage may be increased

1 up to the highest rate permissible under the regulations of  
2 the Secretary for mortgages insured under this section effective at the time the commitment was issued for the insurance  
3 of the mortgage.  
4

5 “(5) For the purpose of this subsection, the term—

6 “(i) ‘mortgage’, when used in relation to a mortgage insured under paragraph (2) of this subsection,  
7 includes a first mortgage given to secure the unpaid  
8 purchase price of a fee interest in, or a long-term leasehold interest in, a one-family unit in a multifamily project and an undivided interest in the common areas and  
9 facilities which serve the project; and  
10  
11  
12

13 “(ii) ‘common areas and facilities’ includes the land and such commercial, community, and other facilities as are approved by the Secretary.  
14  
15

16 “(j) (1) The Secretary is authorized, with respect to  
17 any rental project involving a mortgage insured under subsection (d) (3), which bears interest at the below-market  
18 interest rate prescribed in the proviso of subsection (d)  
19 (5), to permit a conversion of the ownership of such project to a cooperative approved by the Secretary. Membership in such cooperative shall be made available only to  
20  
21 those families having an income within the limits prescribed  
22 by the Secretary for occupants of projects financed with a  
23 mortgage insured under subsection (d) (3) which bears  
24  
25

1 interest at such below-market rate: *Provided*, That families  
2 residing in the rental project at the time of its conversion  
3 to a cooperative who do not meet such income limits may  
4 be permitted to become members in the cooperative under  
5 such special terms and conditions as the Secretary may  
6 prescribe.

7 “(2) The Secretary is authorized, upon application by  
8 the mortgagee, to insure under this subsection cooperative  
9 mortgages financing the purchase of projects meeting the  
10 requirements of paragraph (1). Commitments may be issued  
11 by the Secretary for the insurance of such mortgages prior  
12 to the date of their execution or disbursement thereon, upon  
13 such terms and conditions as the Secretary may prescribe. To  
14 be eligible for such insurance, the mortgage shall—

15 “(i) involve a principal obligation (including such  
16 initial service charges, appraisal, inspection, and other  
17 fees as the Secretary shall approve) in an amount  
18 not exceeding the appraised value of the property for  
19 continued use as a cooperative, which value shall be  
20 based upon a mortgage amount on which the debt service  
21 can be met from the income of the property when op-  
22 erated on a nonprofit basis, after the payment of all oper-  
23 ating expenses, taxes, and required reserves;

24 “(ii) bear interest at the below-market rate pre-  
25 scribed in the proviso of subsection (d) (5); and

1           “(iii) provide for complete amortization within  
2           such terms as the Secretary may prescribe.”

(b) Section 221 (g) (1) of such Act is amended by striking out “or paragraph (5) of subsection (h) of this section” and inserting in lieu thereof “paragraph (5) of subsection (h) of this section or paragraph (2) of subsection (i) of this section”.

8 (c) Section 221(g)(2) of such Act is amended by  
9 striking out “paragraph (1) of subsection (h)” and insert-  
10 ing in lieu thereof “paragraph (1) of subsection (h) or  
11 paragraph (2) of subsection (j) of this section,”.

12 ASSISTANCE TO NONPROFIT SPONSORS OF LOW AND  
13 MODERATE HOUSING

14        SEC. 106. (a) The Secretary of Housing and Urban  
15        Development is authorized to provide, or contract with pub-  
16        lic or private organizations to provide, information, advice,  
17        and technical assistance with respect to the construction, re-  
18        habilitation, and operation by nonprofit organizations of  
19        housing for low and moderate income families. Assistance by  
20        the Secretary may include—

(1) the assembly, correlation, publication, and dissemination of information with respect to the construction, rehabilitation, and operation of low and moderate income housing, and

(2) providing advice and technical assistance with respect to the construction, rehabilitation, and operation of low and moderate income housing.

(b) (1) The Secretary is authorized to make loans to nonprofit organizations for the necessary expenses, prior to construction, in planning, and obtaining financing for, the rehabilitation or construction of housing for low and moderate income families under any federally assisted program. Such loans shall be made without interest and shall not exceed 80 per centum of the reasonable costs expected to be incurred in planning, and in obtaining financing for, such housing prior to the availability of financing, including, but not limited to, preliminary surveys and analyses of market needs, preliminary site engineering and architectural fees, site acquisition, application and mortgage commitment fees, and construction loan fees and discounts. The Secretary shall require repayment of loans made under this subsection, under such terms and conditions as he may require, upon completion of the project or sooner, and may cancel any part or all of a loan as he may determine cannot be recovered from the proceeds of any permanent loan made to finance the rehabilitation or construction of the housing.

(2) The Secretary shall determine prior to the making

1 of any loan that the nonprofit organization meets such re-  
2 quirements with respect to financial responsibility and stabil-  
3 ity as he may prescribe.

4 (3) There are authorized to be appropriated for the pur-  
5 poses of this subsection not to exceed \$7,500,000 for the  
6 fiscal year ending June 30, 1969, and not to exceed \$10,-  
7 000,000 for the fiscal year ending June 30, 1970. Any  
8 amounts so appropriated shall remain available until ex-  
9 pended, and any amounts authorized for any fiscal year under  
10 this paragraph but not appropriated may be appropriated  
11 for any succeeding fiscal year.

12 (4) Funds appropriated for the purposes of this subsec-  
13 tion shall be deposited in a fund which shall be known as the  
14 Low and Moderate Income Sponsor Fund, which shall be  
15 available without fiscal year limitation and be administered  
16 by the Secretary as a revolving fund for carrying out the  
17 purposes of this subsection. Sums received in repayment of  
18 loans made under this subsection shall be deposited in such  
19 fund.

20 INSURANCE PROTECTION FOR HOMEOWNERS

21 SEC. 107. (a) The Secretary of Housing and Urban  
22 Development is authorized, in cooperation with the private  
23 insurance industry, to develop a plan for the establishment  
24 at the earliest practicable date of an insurance program to  
25 help homeowners in meeting mortgage payments in times

1 of personal economic adversity. Such insurance program shall  
2 be designed to protect mortgagors against foreclosure due to  
3 curtailment of income resulting from factors beyond their  
4 effective control, including such factors as death, disability,  
5 illness, and unemployment. Such insurance program shall also  
6 be designed to be actuarially sound through the use of premi-  
7 ums, fees, extended or increased payment schedules, or other  
8 similar methods, in conjunction with such Federal participa-  
9 tion as may be necessary.

10 (b) Within six months following the date of enactment  
11 of this Act, the Secretary shall report to the Congress on his  
12 actions under this section, and shall recommend to the Con-  
13 gress such legislation as he deems appropriate to authorize  
14 him to enter into agreements with any insurance company,  
15 or any corporation or joint enterprise formed to provide home  
16 mortgage insurance protection, for the purpose of reinsuring  
17 insurance reserve funds, subsidizing premium payments on  
18 behalf of lower income mortgagors, or otherwise making pos-  
19 sible the insurance protection of homeowners in accordance  
20 with subsection (a). In preparing such recommendations the  
21 Secretary shall consult with other agencies or instrumental-  
22 ties of the United States which insure or guarantee home  
23 mortgages in order that such legislation as may be recom-  
24 mended affords equal benefits to mortgagors participating in  
25 their programs.

1 NATIONAL ADVISORY COMMISSION ON LOW INCOME  
2 HOUSING

3 SEC. 108. (a) (1) There is hereby established the Na-  
4 tional Advisory Commission on Low Income Housing  
5 (hereinafter referred to as the "Commission"). The Com-  
6 mission shall be composed of twenty-one members as follows:

7 (A) Four members appointed by the President of  
8 the Senate, two from the majority party and two from  
9 the minority party;

10 (B) Four members appointed by the Speaker of  
11 the House of Representatives, two from the majority  
12 party and two from the minority party; and

(C) Thirteen members appointed by the President, not more than three of whom shall be from the Federal Government, and of whom four shall be representative of persons eligible for lower income housing. Appointment shall be made by the President, whenever practicable, after consultation with the ranking majority and minority members of the Housing Subcommittees of the Committees on Banking and Currency of the Senate and House of Representatives.

(2) Any vacancy in the Commission shall not affect its powers, but shall be filled in the same manner in which the original appointment was made.

1       (3) Eleven members of the Commission shall constitute  
2 a quorum, but a lesser number may conduct hearings.

3       (4) The members of the Commission shall elect a  
4 Chairman and a Vice Chairman from the membership of  
5 the Commission.

6       (b) (1) The Commission shall undertake a compre-  
7 hensive study and investigation, to further the policy set  
8 forth in section 2 of this Act, of practicable and effective  
9 ways of bringing decent, safe, and sanitary housing within  
10 the reach of low income families. Such study shall evaluate  
11 existing housing programs designed to assist such families,  
12 and explore new ways by which public and private resources  
13 may be more effectively utilized in meeting the housing needs  
14 of such families. In the carrying out of such study, the Com-  
15 mission may, where necessary or desirable, utilize the serv-  
16 ices of private research organizations, and shall, insofar as is  
17 practicable, seek to coordinate its investigation with studies  
18 undertaken, or being undertaken, by the Banking and  
19 Currency Committees of the Senate and House of  
20 Representatives.

21       (2) The Commission shall be organized and begin its  
22 functions at the earliest possible date, and shall submit to the  
23 President and to the Congress an interim report with respect  
24 to its findings and recommendations not later than July 1,

1 1969. A final report of its findings and recommendations  
2 shall be submitted to the President and the Congress not  
3 later than July 1, 1970.

4 (c) (1) The Commission or, on the authorization of the  
5 Commission, any subcommittee or members thereof, may,  
6 for the purpose of carrying out the provisions of this section,  
7 hold such hearings, take such testimony, and sit and act at  
8 such times and places as the Commission deems advisable.  
9 Any member authorized by the Commission may administer  
10 oaths or affirmations to witnesses appearing before the Com-  
11 mission or any subcommittee or members thereof.

12 (2) Each department, agency, and instrumentality of  
13 the executive branch of the Government is authorized and  
14 directed to furnish to the Commission, upon request made  
15 by the Chairman or Vice Chairman, such information as  
16 the Commission deems necessary to carry out its functions  
17 under this section.

18 (3) Subject to such rules and regulations as may be  
19 adopted by the Commission, the Chairman, without regard  
20 to the provisions of title 5, United States Code, governing  
21 appointments in the competitive service, and without regard  
22 to the provisions of chapter 51 and subchapter III of chapter  
23 53 of such title relating to classification and General Sched-  
24 ule pay rates, shall have the power—

1           (1) to appoint and fix the compensation of such  
2       staff personnel as he deems necessary, and

3           (2) to procure temporary and intermittent serv-  
4       ices to the same extent as is authorized by section 3109  
5       of title 5, United States Code, but at rates not to exceed  
6       \$50 a day for individuals.

7       (d) (1) Any member of the Commission who is ap-  
8       pointed from the executive or legislative branch of the Gov-  
9       ernment shall serve without compensation in addition to  
10      that received in his regular employment, but shall be en-  
11      titled to reimbursement for travel, subsistence, and other  
12      necessary expenses incurred by him in the performance of  
13      duties vested in the Commission.

14      (2) Members of the Commission, other than those re-  
15      ferred to in paragraph (1), shall receive compensation at  
16      the rate of \$75 per day for each day they are engaged in the  
17      performance of their duties as members of the Commission  
18      and shall be entitled to reimbursement for travel, subsistence,  
19      and other necessary expenses incurred by them in the per-  
20      formance of their duties as members of the Commission.

21      (e) There are authorized to be appropriated, out of any  
22      money in the Treasury not otherwise appropriated, such  
23      sums as may be necessary to carry out this section.

1           (f) The Commission shall cease to exist thirty days  
2 after the submission of its final report.

3           NATIONAL HOMEOWNERSHIP FOUNDATION

4           SEC. 109. (a) (1) There is hereby created a body cor-  
5 porate to be known as the "National Homeownership Foun-  
6 dation" (hereinafter referred to as the "Foundation") to  
7 carry out a continuing program of encouraging private and  
8 public organizations at the national, community, and neigh-  
9 borhood levels to provide increased homeownership and  
10 housing opportunities in urban and rural areas for lower  
11 income families through such means as—

12           (A) encouraging the investment in, and sponsoring  
13 of, housing for lower income families;

14           (B) encouraging the establishment of programs of  
15 assistance and counseling to lower income families to  
16 enable them better to achieve and afford adequate  
17 housing;

18           (C) providing a broad range of technical assistance  
19 through publications and advisory services to public and  
20 private organizations which are carrying out, or are  
21 desirous of carrying out, programs to expand homeown-  
22 ership and housing opportunities for lower income fam-  
23 ilies; and

24           (D) providing grants and loans to public and pri-  
25 vate organizations carrying out homeownership and

1       housing opportunity programs for lower income families  
2       to help cover some of the expenses of such programs.

3       (2) The Foundation shall be deemed to be a corpora-  
4       tion without members organized and established under the  
5       provisions of the District of Columbia Nonprofit Corpora-  
6       tion Act, with all the rights, powers, and responsibilities  
7       thereof except as limited by this section and any amend-  
8       ments thereto. This section shall constitute the articles of  
9       incorporation and charter of the Foundation, which shall  
10      not be an agency or instrumentality of the United States  
11      Government. The Congress expressly reserves the exclusive  
12      right to alter or amend this charter. The Foundation shall  
13      have succession until dissolved by Act of Congress. The  
14      Foundation shall maintain its principal office in the District  
15      of Columbia.

16      (3) No part of the net earnings of the Foundation  
17      shall inure to the benefit of any private person, and no sub-  
18      stantial part of its activities shall be devoted to attempting  
19      to influence legislation. The Foundation shall not participate  
20      or intervene in any political campaign on behalf of any  
21      candidate for public office. The Foundation shall be oper-  
22      ated and administered at all times as a charitable and edu-  
23      cational foundation.

24      (4) No employee or officer of the Foundation shall

1 receive compensation in excess of that received by or here-  
2 after prescribed by law for heads of executive departments.

3 (5) The Foundation shall make maximum use of exist-  
4 ing public and private agencies and programs, and in carry-  
5 ing out its functions the Foundation is authorized to con-  
6 tract with individuals, private corporations, organizations,  
7 or associations, and with agencies of the Federal, State, and  
8 local governments.

9 (6) The Foundation is authorized to receive donations  
10 and grants from individuals and from public and private  
11 organizations, foundations, and agencies.

12 (7) The Foundation may use only donated funds, or  
13 funds derived from payment of interest on loans made by it,  
14 for the principal and interest payments on any borrowings.

15 (b) (1) The Foundation shall have a Board of Direc-  
16 tors consisting of eighteen members, fifteen of whom shall  
17 be appointed by the President of the United States, with  
18 the advice and consent of the Senate. The other three mem-  
19 bers shall be, ex officio, the Secretary of Housing and Urban  
20 Development, the Secretary of Agriculture, and the Director  
21 of the Office of Economic Opportunity. The President shall  
22 appoint one of the fifteen appointed members to serve as  
23 Chairman of the Board for a term of three years.

24 (2) Within thirty days after the date of enactment of  
25 this Act, the President shall appoint the remaining fifteen

1 members of the Board. Not more than five of such members  
2 shall, at the time of their appointments, be serving full time  
3 as officers or employees of the Federal Government, or as  
4 officers or employees of any State or local government.  
5 Each appointed member of the Board shall hold office for  
6 a term of three years, except that (A) any member ap-  
7 pointed to fill a vacancy prior to the expiration of the term  
8 for which his predecessor was appointed shall be appointed  
9 for the remainder of such term, and (B) the terms of the  
10 members first taking office shall expire, as designated by  
11 the President at the time of appointment, five at the end of  
12 the first year, five at the end of the second year, and five  
13 at the end of the third year after the date of appointment.  
14 Members of the Board, however appointed, shall be eligible  
15 for reappointment, but at no time shall there be more than  
16 five members of the Board who at the time of their appoint-  
17 ment or reappointment were full-time officers or employees  
18 of the Federal Government or of any State or local govern-  
19 ment.

20 (3) Appointed members of the Board who are not  
21 employees of the Federal Government, while attending  
22 meetings or conferences of the Board or otherwise serving  
23 on business of the Board, shall be entitled to receive com-  
24 pensation at rates fixed by the President, but not exceeding  
25 \$100 per day, including travel time, and while so serving

1 away from their homes or regular places of business they  
2 may be allowed travel expenses, including per diem in lieu  
3 of subsistence, as authorized by section 5703 of title 5,  
4 United States Code, for persons in the Government service  
5 employed intermittently.

6 (4) The Board shall appoint an Executive Director  
7 of the Foundation. The Executive Director shall be the chief  
8 executive officer of the Foundation, shall serve at the pleas-  
9 ure of the Board, and all other executive officers and all  
10 employees shall be responsible to him. The Board shall  
11 also cause to be appointed a secretary, a treasurer, and  
12 such other officers as may be necessary to conduct prop-  
13 erly the business of the Foundation, and shall provide for  
14 filling vacancies in such offices.

15 (5) The Board shall adopt bylaws for the Foundation  
16 which shall be made available for public inspection upon  
17 request.

18 (c) (1) The Foundation shall assist public and private  
19 organizations, at their request, in initiating, developing,  
20 and conducting programs to expand homeownership and  
21 housing opportunities for lower income families. To provide  
22 such assistance and to carry out the purposes of this section,  
23 the Foundation is authorized to—

24 (A) carry out a continuing program of encourag-  
25 ing private and public organizations at the national,

1 community, and neighborhood levels in the establish-  
2 ment of such programs;

3 (B) assist in the formation of organizations the  
4 purpose of which is the development and carrying out  
5 of such programs, including the establishment of local  
6 development funds for financing housing for lower in-  
7 come families through the pooling of moneys from  
8 private sources;

9 (C) identify and arrange for the technical and  
10 managerial assistance and personnel needed for the suc-  
11 cessful operation of such programs by public and private  
12 organizations;

13 (D) assist public and private organizations in ob-  
14 taining the mortgage financing, insurance, and other  
15 requirements or aids necessary for conducting programs  
16 of housing construction, rehabilitation, or improvements  
17 for lower income families;

18 (E) arrange for, or provide on a limited basis,  
19 training for persons in the skills needed in administering  
20 programs of homeownership and housing opportunity  
21 for lower income families;

22 (F) encourage research and innovation, and collect  
23 and make available such information as may be desirable  
24 to further the purposes of this section, including but not  
25 limited to such activities as the sponsoring of seminars,

1 conferences, and meetings, and the establishment of a  
2 continuing information program to acquaint lower in-  
3 come families with the means they can use to improve  
4 the quality of their housing and the homeownership and  
5 housing opportunities available to them;

6 (G) assist private and public organizations in estab-  
7 lishing, in connection with their homeownership and  
8 housing opportunity programs for lower income families,  
9 counseling and similar activities designed to advise lower  
10 income families of the means available to better them-  
11 selves economically through job training and manpower  
12 development programs; and

13 (H) perform other similar services in order to fur-  
14 ther the purposes of this section.

15 (2) The Foundation may, if it deems it appropriate,  
16 charge a reasonable fee for any assistance or services pro-  
17 vided under this subsection.

18 (d) (1) In order to assist public and private organiza-  
19 tions which are carrying out homeownership and housing  
20 opportunity programs for lower income families to fill unmet  
21 needs, initiate exceptional programs, and experiment with  
22 new approaches and programs, the Foundation is author-  
23 ized, subject to such terms and conditions as it may prescribe,  
24 to make grants and loans to such organizations to help defray  
25 the following expenses:

1           (A) organizational and administrative expenses in-  
2       curred in commencing the operation of a program, or in  
3       expanding an existing program, to the extent that the  
4       activities are related to providing homeownership and  
5       housing opportunities for lower income families;

6           (B) necessary preconstruction costs incurred for  
7       architectural assistance, land options, application fees,  
8       and similar items; and

9           (C) the cost of carrying out programs providing  
10      counseling or similar services to lower income families  
11      for whom housing is being provided, in order to enable  
12      those families better to achieve and afford adequate hous-  
13      ing, in such matters as home management, budget man-  
14      agement, and home maintenance.

15       (2) In order to be eligible for a grant or loan under  
16      this subsection, the organization seeking such assistance shall  
17      demonstrate to the satisfaction of the Foundation that the  
18      funds requested are not otherwise available from Federal  
19      sources: *Provided*, That a grant or loan under this section  
20      may be provided to help cover that portion of the cost of  
21      an eligible activity not covered by Federal funds.

22       (3) The Foundation shall encourage cooperation be-  
23      tween public and private organizations carrying out programs  
24      of homeownership and housing opportunity for lower in-

1 come families and the neighborhoods and communities af-  
2 fected by such programs. To help assure such cooperation  
3 and in order to coordinate, to the maximum extent feasible,  
4 any construction or rehabilitation activities with the develop-  
5 ment goals of the neighborhood or community affected, no  
6 application for a loan or grant under this subsection shall be  
7 considered unless such application has been submitted to the  
8 governing body of the community affected, or to such other  
9 entity of local government as may be designated by the gov-  
10 erning body, for such recommendations as the local govern-  
11 ing body or its designee may desire to make. Any recom-  
12 mendations so made shall be given careful consideration by  
13 the Foundation before taking final action on any such appli-  
14 cation. If, upon the expiration of thirty days after any such  
15 application has been submitted to such governing body or  
16 its designee, such body or designee fails to provide such  
17 recommendations, the application may be considered without  
18 the benefit of such recommendations.

19 (e) The Foundation shall coordinate its activities and  
20 consult with the Department of Housing and Urban De-  
21 velopment and other Federal departments and agencies en-  
22 gaged in providing homeownership and housing opportu-  
23 nities for lower income families.

24 (f) (1) Not later than one hundred and twenty days  
25 after the close of each fiscal year, the Foundation shall prepare

1 and submit to the President and to the Congress a full report  
2 of its activities during such year. Such report shall include  
3 an account of the Foundation's experiences with the efforts  
4 of private and public organizations to expand homeowner-  
5 ship and housing opportunities for lower income families,  
6 together with such recommendations as it deems appropriate.

7 (2) Whenever in its judgment the general unavailability  
8 of mortgage funds is sufficiently serious to deter the Founda-  
9 tion from carrying out its objective of expanding homeown-  
10 ership and housing opportunities for lower income families,  
11 the Foundation shall, in its annual report or in a separate  
12 report to the President and the Congress, state its findings  
13 and make such recommendations for alternate means of  
14 financing housing for such families as it deems appropriate.

15 (g) (1) The financial transactions of the Foundation  
16 shall be audited by the General Accounting Office in accord-  
17 ance with the principles and procedures applicable to com-  
18 mercial corporate transactions and under such rules and regu-  
19 lations as may be prescribed by the Comptroller General  
20 of the United States. The representatives of the General  
21 Accounting Office shall have access to all books, accounts,  
22 financial records, reports, files, and all other papers, things,  
23 or property belonging to or in use by the Foundation and  
24 necessary to facilitate the audit, and they shall be afforded

1 full facilities for verifying transactions with the balances or  
2 securities held by depositories, fiscal agents, and custodians.  
3 The audit shall cover the fiscal year corresponding to that  
4 of the United States Government.

5 (2) A report of each such audit shall be made by the  
6 Comptroller General to the Congress not later than Janu-  
7 ary 15 following the close of the fiscal year for which the  
8 audit was made. The report shall set forth the scope of the  
9 audit and shall include a statement of assets and liabilities,  
10 capital and surplus or deficit; a statement of sources and  
11 application of funds; and such comments and information as  
12 may be deemed necessary to keep Congress informed of the  
13 operations and financial condition of the Foundation, to-  
14 gether with such recommendations with respect thereto as  
15 the Comptroller General may deem advisable. The report  
16 shall also show specifically any program, expenditure, or  
17 other financial transaction or undertaking observed in the  
18 course of the audit, which, in the opinion of the Comptroller  
19 General, has been carried on or made without authority of  
20 law. A copy of each report shall be furnished to the Presi-  
21 dent and to the Foundation at the time submitted to the  
22 Congress.

23 (h) Funds of the Foundation shall be deposited, to  
24 the extent practicable, in accounts with financial institu-  
25 tions which are actively engaged in making loans or are

1 otherwise carrying on activities in furtherance of home-  
2 ownership and housing opportunities for lower income  
3 families.

4 (i) There is authorized to be appropriated to the Foun-  
5 dation not to exceed \$10,000,000 to carry out the purposes  
6 of this section. Appropriations made hereunder shall remain  
7 available until expended.

8 NEW TECHNOLOGIES IN THE DEVELOPMENT OF HOUSING  
9 FOR LOWER INCOME FAMILIES

10 SEC. 110. (a) In order to encourage the use of new  
11 housing technologies in providing decent, safe, and sanitary  
12 housing for lower income families; to encourage large-scale  
13 experimentation in the use of such technologies; to provide  
14 a basis for comparison of such technologies with existing  
15 housing technologies in providing such housing; and to eval-  
16 uate the effect of local housing codes and zoning regulations  
17 on the large-scale use of new housing technologies in the  
18 provision of such housing, the Secretary of Housing and  
19 Urban Development (hereinafter referred to as the "Sec-  
20 retary") shall institute a program under which qualified or-  
21 ganizations, public and private, will submit plans for the  
22 development of housing for lower income families, using  
23 new and advanced technologies, on Federal land which has  
24 been made available by the Secretary for the purposes of  
25 this section, or on other land where (1) local building

1 regulations permit the construction of experimental housing,  
2 or (2) State or local law permits variances from building  
3 regulations in the construction of experimental housing for  
4 the purpose of testing and developing new building tech-  
5 nologies.

6 (b) The Secretary shall approve not more than five  
7 plans utilizing new housing technologies which are submitted  
8 to him pursuant to the program referred to in subsection (a)  
9 and which he determines are most promising in furtherance  
10 of the purposes of this section. In making such determination  
11 the Secretary shall consider—

12 (1) the potential of the technology employed for  
13 producing housing for lower income families on a large  
14 scale at a moderate cost;

15 (2) the extent to which the plan envisages en-  
16 vironmental quality;

17 (3) the possibility of mass production of the tech-  
18 nology; and

19 (4) the financial soundness of the organization  
20 submitting the plan, and the ability of such organization,  
21 alone or in combination with other organizations, to  
22 produce at least 1,000 dwelling units a year utilizing the  
23 technology proposed.

24 (c) In approving projects for mortgage insurance under  
25 section 233 (a) (2) of the National Housing Act, the Sec-

1   retary shall seek to achieve the construction of at least 1,000  
2   dwelling units a year over a five-year period for each of the  
3   various types of technologies proposed in approved plans  
4   under subsection (b). The Secretary shall evaluate each  
5   project with respect to which assistance is extended pursuant  
6   to this section with a view to determining (1) the detailed  
7   cost breakdown per dwelling unit, (2) the environmental  
8   quality achieved in each such unit, and (3) the effect which  
9   local housing codes and zoning regulations have, or would  
10   have if applicable, on the cost per dwelling unit.

11       (d) Notwithstanding the provisions of the Federal  
12   Property and Administrative Services Act of 1949, any  
13   land which is excess property within the meaning of such  
14   Act and which is determined by the Secretary to be suitable  
15   in furtherance of the purposes of this section may be trans-  
16   ferred to the Secretary upon his request.

17       (e) The Secretary shall, at the earliest practicable date,  
18   report his findings with respect to projects assisted pursuant  
19   to this section (including evaluations of each such project  
20   in accordance with subsection (c) ), together with such rec-  
21   ommendations for additional legislation as he determines  
22   to be necessary or desirable to expand the available supply  
23   of decent, safe, and sanitary housing for lower income fami-  
24   lies through the use of technologies the efficacy of which  
25   has been demonstrated under this section.

1       (f) Section 233 of the National Housing Act is  
2 amended—

3           (1) by inserting “(1)” after “SEC. 233. (a)” and  
4 by adding at the end of subsection (a) a new paragraph  
5 as follows:

6       “(2) The Secretary is further authorized to insure and  
7 to make commitments to insure, under this section, mort-  
8 gages (including advances on mortgages during construc-  
9 tion) secured by properties in projects to be carried out in  
10 accordance with plans approved by the Secretary under  
11 section 110 of the Housing and Urban Development Act of  
12 1968.”; and

13       (2) by inserting at the end of subsection (c) a  
14 new sentence as follows: “Any authority which the Sec-  
15 retary may exercise in connection with a mortgage, or  
16 property covered by a mortgage, insured under any  
17 other section of this title (including payments to reduce  
18 rentals for, or to facilitate home ownership by, lower  
19 income families) may be exercised in connection with a  
20 mortgage, or property covered by a mortgage, meeting  
21 the requirements of such other section (except as spec-  
22 ified in subsection (b)), which is insured under this  
23 section to the same extent and in the same manner as if  
24 the mortgage insured under this section was insured  
25 under such other section.”

1 TITLE II—RENTAL HOUSING FOR LOWER

2 INCOME FAMILIES

3 PART A—PRIVATE HOUSING

4 RENTAL AND COOPERATIVE HOUSING FOR LOWER

5 INCOME FAMILIES

6 SEC. 201. (a) Title II of the National Housing Act is  
7 amended by adding after section 235 (as added by section  
8 101 of this Act) the following new section:

9 “RENTAL AND COOPERATIVE HOUSING FOR LOWER

10 INCOME FAMILIES

11 “SEC. 236. (a) For the purpose of reducing rentals for  
12 lower income families, the Secretary is authorized to make,  
13 and to contract to make, periodic interest reduction pay-  
14 ments on behalf of the owner of a rental housing project  
15 designed for occupancy by lower income families, which  
16 shall be accomplished through payments to mortgagees hold-  
17 ing mortgages meeting the special requirements specified in  
18 this section.

19 “(b) Interest reduction payments with respect to a  
20 project shall only be made during such time as the project  
21 is operated as a rental housing project and is subject to a  
22 mortgage which meets the requirements of, and is insured  
23 under, subsection (j) of this section.

24 “(c) The interest reduction payments to a mortgagee  
25 by the Secretary on behalf of a project owner shall be in

1 an amount not exceeding the difference between the monthly  
2 payment for principal, interest, and mortgage insurance  
3 premium which the project owner as a mortgagor is obligated  
4 to pay under the mortgage and the monthly payment for  
5 principal and interest such project owner would be obligated  
6 to pay if the mortgage were to bear interest at the rate of  
7 1 per centum per annum.

8 “(d) The Secretary may include in the payment to the  
9 mortgagee such amount, in addition to the amount computed  
10 under subsection (c), as he deems appropriate to reimburse  
11 the mortgagee for its expenses in handling the mortgage.

12 “(e) As a condition for receiving the benefits of in-  
13 terest reduction payments, the project owner shall operate  
14 the project in accordance with such requirements with re-  
15 spect to tenant eligibility and rents as the Secretary may  
16 prescribe. Procedures shall be adopted by the Secretary  
17 for review of tenant incomes at intervals of two years (or at  
18 shorter intervals where the Secretary deems it desirable).

19 “(f) For each dwelling unit there shall be established  
20 with the approval of the Secretary (1) a basic rental charge  
21 determined on the basis of operating the project with pay-  
22 ments of principal and interest due under a mortgage bear-  
23 ing interest at the rate of 1 per centum per annum; and (2)  
24 a fair market rental charge determined on the basis of op-  
25 erating the project with payments of principal, interest, and

1 mortgage insurance premium which the mortgagor is obli-  
2 gated to pay under the mortgage covering the project. The  
3 rental for each dwelling unit shall be at the basic rental  
4 charge or such greater amount, not exceeding the fair mar-  
5 ket rental charge, as represents 25 per centum of the tenant's  
6 income.

7 “(g) The project owner shall, as required by the Sec-  
8 retary, accumulate, safeguard, and periodically pay to the  
9 Secretary all rental charges collected in excess of the basic  
10 rental charges. Such excess charges shall be deposited by  
11 the Secretary in a fund which may be used by him as a re-  
12 volving fund for the purpose of making interest reduction  
13 payments with respect to any rental housing project cov-  
14 ered by a mortgage insured under this section, subject to  
15 limits approved in appropriation Acts pursuant to subsection  
16 (i). Moneys in such fund not needed for current operations  
17 may be invested in bonds or other obligations of the United  
18 States or in bonds or other obligations guaranteed as to prin-  
19 cipal and interest by the United States.

20 “(h) In addition to establishing the requirements speci-  
21 fied in subsection (e), the Secretary is authorized to make  
22 such rules and regulations, to enter into such agreements,  
23 and to adopt such procedures as he may deem necessary or  
24 desirable to carry out the provisions of this section.

25 “(i) (1) There are authorized to be appropriated such

1 sums as may be necessary to carry out the provisions of this  
2 section, including such sums as may be necessary to make  
3 interest reduction payments under contracts entered into  
4 under this section. The aggregate amount of contracts to  
5 make such payments shall not exceed amounts approved in  
6 appropriation Acts, and payments pursuant to such contracts  
7 shall not exceed \$75,000,000 per annum prior to July 1,  
8 1969, which maximum dollar amount shall be increased by  
9 \$100,000,000 on July 1, 1969, and by \$125,000,000 on  
10 July 1, 1970.

11 “(2) Not more than 20 per centum of the total amount  
12 of interest reduction payments authorized to be contracted  
13 to be made pursuant to appropriation Acts shall be contracted  
14 to be made with respect to families, occupying rental housing  
15 projects insured under this section, whose incomes at the time  
16 of the initial renting of the projects are in excess of 70 per  
17 centum of the limits prescribed by the Secretary for occupants  
18 of projects financed with mortgages insured under section  
19 221 (d) (3) which bear interest at the below-market interest  
20 rate prescribed in the proviso of section 221 (d) (5) .

21 “(j) (1) The Secretary is authorized, upon application  
22 by the mortgagee, to insure a mortgage (including advances  
23 on such mortgage during construction) which meets the re-  
24 quirements of this subsection. Commitments for the insur-  
25 ance of such mortgages may be issued by the Secretary prior

1 to the date of their execution or disbursement thereon, upon  
2 such terms and conditions as he may prescribe.

3 “(2) As used in this subsection—

4 “(A) the terms ‘family’ and ‘families’ shall have  
5 the same meaning as in section 221;

6 “(B) the term ‘elderly or handicapped families’  
7 shall have the same meaning as in section 202 of the  
8 Housing Act of 1959; and

9 “(C) the terms ‘mortgage’, ‘mortgagee’, and ‘mort-  
10 gator’ shall have the same meaning as in section 201.

11 “(3) To be eligible for insurance under this subsection,  
12 a mortgage shall meet the requirements specified in subsec-  
13 tions (d) (1) and (d) (3) of section 221, except as such  
14 requirements are modified by this subsection. In the case of  
15 a project financed with a mortgage insured under this sub-  
16 section which involves a mortgagor other than a cooperative  
17 or a private nonprofit corporation or association and which  
18 is sold to a cooperative or a nonprofit corporation or associa-  
19 tion, the Secretary is further authorized to insure under this  
20 subsection a mortgage given by such purchaser in an amount  
21 not exceeding the appraised value of the property at the time  
22 of purchase, which value shall be based upon a mortgage  
23 amount on which the debt service can be met from the  
24 income of the property when operated on a nonprofit basis,

1 after payment of all operating expenses, taxes, and required  
2 reserves.

3 “(4) The mortgage to be insured under this subsection  
4 shall—

5 “(A) be executed by a private mortgagor eligible  
6 under subsection (d) (3) or (e) of section 221, or a  
7 private nonprofit corporation or other private nonprofit  
8 legal entity, a limited dividend corporation, or other  
9 limited dividend legal entity, or a cooperative housing  
10 corporation, which is the owner of a rental or cooperative  
11 housing project financed under a State or local program  
12 providing assistance through loans, loan insurance, or tax  
13 abatements, and which prior to completion of construc-  
14 tion or rehabilitation is approved for receiving the bene-  
15 fits of this section;

16 “(B) bear interest (exclusive of premium charges  
17 for insurance and service charges, if any) at not to ex-  
18 ceed such per centum per annum (not in excess of 6  
19 per centum), on the amount of the principal obligation  
20 outstanding at any time, as the Secretary finds necessary  
21 to meet the mortgage market; and

22 “(C) provide for complete amortization by periodic  
23 payments within such term as the Secretary may  
24 prescribe.

25 “(5) The property or project shall—

1           “(A) comply with such standards and conditions as  
2       the Secretary may prescribe to establish the acceptability  
3       of such property for mortgage insurance and may include  
4       such nondwelling facilities as the Secretary deems ade-  
5       quate and appropriate to serve the occupants and the  
6       surrounding neighborhood: *Provided*, That the project  
7       shall be predominantly residential and any nondwelling  
8       facility included in the mortgage shall be found by the  
9       Secretary to contribute to the economic feasibility of the  
10      project, and the Secretary shall give due consideration  
11      to the possible effect of the project on other business  
12      enterprises in the community: *Provided further*, That,  
13      in the case of a project designed primarily for occupancy  
14      by elderly or handicapped families, the project may in-  
15      clude related facilities for use by elderly or handicapped  
16      families, including cafeterias or dining halls, community  
17      rooms, workshops, infirmaries or other inpatient or out-  
18      patient health facilities, and other essential service  
19      facilities;

20           “(B) include five or more dwelling units; and

21           “(C) be designed primarily for use as a rental proj-  
22      ect to be occupied by lower income families or by  
23      elderly or handicapped families: *Provided*, That lower  
24      income persons who are less than sixty-two years of  
25      age shall be eligible for occupancy in such a project,

1 but not more than 10 per centum of the dwelling units  
2 in any such project shall be available for occupancy  
3 by such persons.

4 “(6) With the approval of the Secretary, the mortgagor  
5 may sell the individual dwelling units to lower income  
6 or elderly or handicapped purchasers. The Secretary  
7 may consent to the release of the mortgagor from his lia-  
8 bility under the mortgage or the credit instrument secured  
9 thereby, or consent to the release of parts of the mortgaged  
10 property from the lien of the mortgage, upon such terms and  
11 conditions as he may prescribe, and the mortgage may pro-  
12 vide for such release.

13 “(k) As used in this section the term ‘tenant’ includes  
14 a member of a cooperative, the term ‘rental housing proj-  
15 ect’ includes a cooperative housing project, and the terms  
16 ‘rental’ and ‘rental charge’ mean, with respect to members  
17 of a cooperative, the charges under the occupancy agree-  
18 ments between such members and the cooperative.

19 “(l) In determining the income of any person for the  
20 purposes of this section, there shall be deducted an amount  
21 equal to \$300 for each minor person who is a member of the  
22 immediate family of such person and living with such family,  
23 and the earnings of any such minor person shall not be  
24 included in the income of such person or his family.”

25 (b) (1) Section 212(a) of the National Housing Act

1 is amended by striking out “or 232” in the first sentence  
2 of the second paragraph and inserting in lieu thereof “, 232  
3 or 236”.

4 (2) Section 227 (a) of such Act is amended by striking  
5 out “or (viii) under section 234 (d)” and inserting in lieu  
6 thereof “(viii) under section 234 (d), or (ix) under section  
7 236”.

8 (3) Section 227 (c) of such Act is amended by striking  
9 out “or section 233 (b) (2)” each place it appears and in-  
10 serting in lieu thereof “section 233, or section 236”.

11 (c) The Secretary of Housing and Urban Develop-  
12 ment is authorized, upon such terms and conditions as he may  
13 prescribe, to transfer to section 236 (j) of the National  
14 Housing Act the insurance of a mortgage which has not  
15 been finally endorsed for insurance under section 221 (d) (3)  
16 of such Act and which has been approved for the below  
17 market interest rate prescribed in the proviso of section  
18 221 (d) (5) of such Act.

19 (d) The Secretary of Housing and Urban Develop-  
20 ment is authorized, upon such terms and conditions as he  
21 may prescribe, to insure under section 236 (j) of the Na-  
22 tional Housing Act a mortgage meeting the requirements of  
23 such section given to refinance a mortgage loan which was  
24 made under section 202 of the Housing Act of 1959: *Pro-*

1 *vided*, That the application for such insurance is filed with  
2 the Secretary on or before the date of project completion,  
3 or within such reasonable time thereafter as the Secretary  
4 may permit.

5 (e) (1) Section 101 (g) of the Housing and Urban  
6 Development Act of 1965 is amended by striking out “and  
7 231 (c) (3)” and inserting in lieu thereof “, 231 (c) (3),  
8 and 236”.

9 (2) Section 101 (j) (1) of such Act is amended by—

10 (A) striking out “and” at the end of subparagraph

11 (B) ;

12 (B) striking out the period at the end of subpar-  
13 agraph (C) and inserting in lieu thereof “; and”; and

14 (C) inserting a new subparagraph (D) to read  
15 as follows:

16 “(D) a private nonprofit corporation or other  
17 private nonprofit legal entity, a limited dividend  
18 corporation or other limited dividend legal entity,  
19 or a cooperative housing corporation, which is a  
20 mortgagor under a mortgage insured under section  
21 236 (j) of the National Housing Act which has been  
22 approved for receiving the benefits of this section:  
23 *Provided*, That payments shall not be made with  
24 respect to more than 20 per centum of the dwelling  
25 units in any property so financed.”

1 (f) Section 207 of the Appalachian Regional Develop-  
 2 ment Act of 1965 is amended—

3 (1) by inserting in the heading “AND SECTION  
 4 236” immediately after “SECTION 221”;

5 (2) by inserting “or section 236” after “section  
 6 221” each place it appears;

7 (3) by inserting “or ‘section 236’ ” after “‘section  
 8 221’ ” in subsection (a) ; and

9 (4) by inserting “, Government National Mort-  
 10 gage Association,” immediately after “Federal Housing  
 11 Administration” in subsection (c) .

12 RENT SUPPLEMENT PROGRAM

13 SEC. 202. (a) Section 101(a) of the Housing and  
 14 Urban Development Act of 1965 is amended by striking  
 15 out everything after the word “exceed” the second time the  
 16 word appears in the third sentence and inserting in lieu  
 17 thereof the following: “\$150,000,000 per annum prior to  
 18 July 1, 1969, which maximum dollar amount shall be in-  
 19 creased by \$40,000,000 on July 1, 1969, and by \$100,-  
 20 000,000 on July 1, 1970.”

21 (b) Section 101(b) of such Act is amended by insert-  
 22 ing after the first sentence the following: “Such term also  
 23 includes a private nonprofit corporation or other private non-  
 24 profit legal entity, a limited dividend corporation, or other

1 limited dividend legal entity, or a cooperative housing corpo-  
2 ration, which is the owner of a rental or cooperative housing  
3 project financed under a State or local program providing  
4 assistance through loans, loan insurance, or tax abatements,  
5 and which prior to completion of construction or rehabilita-  
6 tion is approved for receiving the benefits of this section.”

7           PART B—LOW-RENT PUBLIC HOUSING

8 INCREASED LOW-RENT PUBLIC HOUSING AUTHORIZATION

9       SEC. 203. (a) Section 10(e) of the United States  
10 Housing Act of 1937 is amended by striking out in the  
11 first sentence “\$366,250,000 per annum, which limit shall  
12 be increased by \$47,000,000 on the date of enactment of  
13 the Housing and Urban Development Act of 1965, and by  
14 further amounts of \$47,000,000 on July 1 in each of the  
15 years 1966, 1967, and 1968, respectively,” and inserting  
16 in lieu thereof the following: “\$554,250,000 per annum,  
17 which limit shall be increased by \$100,000,000 on the date  
18 of enactment of the Housing and Urban Development Act  
19 of 1968 and by further amounts of \$150,000,000 on July 1  
20 in each of the years 1969 and 1970,”.

21       (b) Section 20 of such Act is amended by—

22           (1) striking out “not to exceed \$1,500,000,000”

1 in the first sentence and inserting in lieu thereof "which  
2 shall not, unless authorized by the President, exceed  
3 \$1,500,000,000"; and

4 (2) inserting after the first sentence the following:  
5 "For the purpose of determining obligations incurred  
6 to make loans pursuant to this Act against any limita-  
7 tion otherwise applicable with respect to such loans, the  
8 Secretary shall estimate the maximum amount to be  
9 loaned at any one time pursuant to loan agreements then  
10 outstanding with public housing agencies."

11 UPGRADING MANAGEMENT AND SERVICES IN PUBLIC  
12 HOUSING PROJECTS

13 SEC. 204. Section 15 of the United States Housing  
14 Act of 1937 is amended by adding at the end thereof the  
15 following new paragraph:

16 "(10) The Secretary is authorized to enter into con-  
17 tracts to make grants to public housing agencies to assist,  
18 where necessary, in financing tenant services for families  
19 living in low-rent housing projects. In making such contracts  
20 and grants, the Secretary shall give preference to programs  
21 providing for the maximum feasible participation of the  
22 tenants in the development and operation of such tenant

1 services. There are authorized to be appropriated for the  
2 purposes of this paragraph not to exceed \$20,000,000 for  
3 the fiscal year ending June 30, 1969, and not to exceed  
4 \$40,000,000 for the fiscal year ending June 30, 1970. Any  
5 amounts so appropriated shall remain available until ex-  
6 pended, and any amounts authorized for any fiscal year under  
7 this paragraph but not appropriated may be appropriated for  
8 any succeeding fiscal year commencing prior to July 1,  
9 1970.”

10 PURCHASE OF UNITS BY TENANTS

11 SEC. 205. Section 15 (9) of the United States Housing  
12 Act of 1937 is amended by striking out “which is suitable  
13 by reason of its detached or semidetached construction” and  
14 inserting in lieu thereof “, if the property to be acquired is  
15 sufficiently separable from other property retained by the  
16 public housing agency to make it suitable”.

17 PUBLIC HOUSING IN INDIAN AREAS

18 SEC. 206. (a) Section 1 of the United States Housing  
19 Act of 1937 is amended by striking out “urban and rural  
20 nonfarm” in the first sentence and inserting in lieu thereof  
21 “urban, rural nonfarm, and Indian”.

22 (b) Section 10 (a) of such Act is amended by inserting  
23 “or Indian” after “nonfarm” in the fourth proviso.

1 TITLE III—FEDERAL HOUSING ADMINISTRA-  
2 TION INSURANCE OPERATIONS

3 MORTGAGE INSURANCE PREMIUMS FOR SERVICEMEN AND  
4 THEIR WIDOWS

5 SEC. 301. Section 222 of the National Housing Act is  
6 amended by—

7 (1) striking out “Secretary of the Treasury” each  
8 place it appears and inserting in lieu thereof “Secretary  
9 of Transportation”; and

10 (2) adding at the end thereof two new subsections  
11 as follows:

12 “(f) The Secretary is authorized to transfer to this sec-  
13 tion the insurance on any mortgage covering a single-family  
14 dwelling or a one-family unit in a condominium project in-  
15 sured under this Act, if the mortgage indebtedness thereof  
16 has been assumed by a serviceman who at the time of as-  
17 sumption is the owner of the property and either occupies the  
18 property or certifies that his failure to do so is the result of  
19 his military assignment, or, in the case of the United States  
20 Coast Guard, other assignment.

21 “(g) Where a serviceman dies while on active duty in  
22 the Armed Forces of the United States or in the United  
23 States Coast Guard, leaving a surviving widow as owner of

1 the property, the period of ownership (as such term is used  
2 in subsection (c) of this section) shall extend for two years  
3 beyond the date of the serviceman's death or until the date  
4 the widow disposes of the property, whichever date occurs  
5 first. The Secretary of Defense or the Secretary of Transpor-  
6 tation, as the case may be, shall notify such widow promptly  
7 following the serviceman's death of the additional costs to be  
8 borne by the mortgagor following termination of the two-  
9 year period."

10 SEASONAL HOMES

11 SEC. 302. Section 203 of the National Housing Act is  
12 amended by adding at the end thereof the following new  
13 subsection:

14 "(m) The Secretary is authorized to insure under this  
15 section any mortgage meeting the requirements of sub-  
16 section (b) of this section, except as modified by this  
17 subsection. To be eligible, the mortgage shall involve a  
18 principal obligation not in excess of \$15,000 and not in  
19 excess of 75 per centum of the appraised value of the prop-  
20 erty, as of the date the mortgage is accepted for insurance.  
21 The mortgage shall cover a dwelling for single-family occu-  
22 pancy which is approved for mortgage insurance prior to  
23 the beginning of construction. The dwelling need not be  
24 designed for year-round occupancy, but it shall (1) meet  
25 standards prescribed by the Secretary, and (2) be located

1 in an area where the Secretary finds it is not practicable to  
2 obtain conformity with many of the requirements essential  
3 to the insuring of mortgages on housing in built-up urban  
4 areas. The development of the property with respect to  
5 which the mortgage is executed shall be consistent with the  
6 conservation of water and other natural resources of the area,  
7 and such property shall be an acceptable risk, giving con-  
8 sideration to the economic potential of the area in which the  
9 dwelling is located and the contribution that the housing will  
10 make toward improving the area. The Secretary may sus-  
11 pend the issuance of commitments under this subsection for  
12 the insurance of mortgages secured by properties situated in  
13 any area, whenever he determines that (i) there is a serious  
14 and unusual shortage of mortgage funds for residential con-  
15 struction in such area, (ii) such insurance would affect ma-  
16 terially and adversely the availability of mortgage funds for  
17 residential construction in such area, and (iii) such suspen-  
18 sion would not have an adverse impact upon the balanced  
19 economic development of the area.”

## 20 MODIFICATIONS IN TERMS OF INSURED MORTGAGES

### 21 COVERING MULTIFAMILY PROJECTS

22 SEC. 303. Title II of the National Housing Act is  
23 amended by adding after section 238 (as added by section  
24 104 of this Act) the following section:

1       “MODIFICATIONS IN TERMS OF INSURED MORTGAGES  
2                               COVERING MULTIFAMILY PROJECTS

3       “SEC. 239. (a) The Secretary shall not consent to any  
4 request for an extension of the time for curing a default under  
5 any mortgage covering multifamily housing, as defined in the  
6 regulations of the Secretary, or for a modification of the terms  
7 of such mortgage, except in conformity with regulations pre-  
8 scribed by the Secretary in accordance with the provisions  
9 of this section. Except as otherwise hereinafter provided, such  
10 regulations shall require as a condition to the granting of any  
11 such request, that, during the period of such extension or  
12 modification, any part of the rents or other funds derived by  
13 the mortgagor from the property covered by the mortgage  
14 which is not required to meet actual and necessary expenses  
15 arising in connection with the operation of such property,  
16 including amortization charges under the mortgage, be held  
17 in trust by the mortgagor and distributed only with the con-  
18 sent of the Secretary. In prescribing regulations under this  
19 section the Secretary may provide for the granting of con-  
20 sent to any request for an extension of the time for curing  
21 a default under any mortgage covering multifamily housing,  
22 or for a modification of the terms of such mortgage, without  
23 regard to the foregoing requirement, in any case or class of  
24 cases in which an exemption from such requirement does not

1 (as determined by the Secretary) jeopardize the interests  
2 of the United States.

3 “(b) Whoever, as an owner of a property which is  
4 security for a mortgage described in subsection (a), or as  
5 a stockholder of a corporation owning such property, or as  
6 a beneficial owner under any business organization or trust  
7 owning such property, or as an officer, director, or agent of  
8 any such owner, (1) willfully uses or authorizes the use of  
9 any part of the rents or other funds derived from property  
10 covered by such mortgage in violation of a regulation pre-  
11 scribed by the Secretary under subsection (a), or (2) if  
12 such mortgage is determined, as provided in subsection (a),  
13 to be exempt from the requirement of any such regulation  
14 or is not otherwise covered by such regulation, willfully and  
15 knowingly uses or authorizes the use, while such mortgage is  
16 in default, of any part of the rents or other funds derived from  
17 the property covered by such mortgage for any purpose other  
18 than to meet actual and necessary expenses arising in con-  
19 nection with such property (including amortization charges  
20 under the mortgage), shall be fined not more than \$5,000  
21 or imprisoned not more than three years, or both.”

22 CONDOMINIUMS

23 SEC. 304. (a) Section 234 (c) of the National Housing  
24 Act is amended by striking out “rental housing, and (3)”

1 in the first sentence and inserting in lieu thereof the follow-  
 2 ing: “rental housing: *Provided*, That a one-family unit in  
 3 a multifamily project involving eleven or less units shall be  
 4 eligible for insurance without having been covered by a proj-  
 5 ect mortgage, and (3)”.

6 (b) Section 234 (c) of such Act is further amended by  
 7 striking out “(iii) 75 per centum” in the third sentence,  
 8 and inserting in lieu thereof “(iii) 80 per centum”.

9 (c) Section 234 (f) of such Act is amended by strik-  
 10 ing out “five” and inserting in lieu thereof “four”.

11 INSURANCE OF LOANS FOR PURCHASE OF FEE SIMPLE

12 TITLE FROM LESSORS

13 SEC. 305. (a) Title II of the National Housing Act  
 14 is amended by adding after section 239 (as added by sec-  
 15 tion 303 of this Act) the following section:

16 “PURCHASE OF FEE SIMPLE TITLE FROM LESSORS

17 “SEC. 240. (a) The Secretary is authorized, upon such  
 18 terms and conditions as he may prescribe, to make commit-  
 19 ments to insure and to insure loans made by financial insti-  
 20 tutions for the purpose of financing purchases by home-  
 21 owners of the fee simple title to property on which their  
 22 homes are located.

23 “(b) As used in this section—

24 “(1) the term ‘financial institution’ means a lender  
 25 approved by the Secretary as eligible for insurance

1 under section 2 or a mortgagee approved under section  
2 203 (b) (1) ; and

3 “ (2) the term ‘homeowner’ means a lessee under a  
4 long-term ground lease,

5 “ (c) To be eligible for insurance under this section, a  
6 loan shall—

7 “ (1) relate to property on which there is located  
8 a dwelling designed principally for a one-, two-, three-,  
9 or four-family residence;

10 “ (2) not exceed the cost of purchasing the fee  
11 simple title, or \$10,000 per family unit, whichever is  
12 the lesser;

13 “ (3) be limited to an amount which when added  
14 to any outstanding indebtedness related to the property  
15 (as determined by the Secretary) creates a total out-  
16 standing indebtedness which does not exceed the mort-  
17 gage limits prescribed in section 203 (b) ;

18 “ (4) bear interest at not to exceed such per centum  
19 per annum (not in excess of 6 per centum), on the  
20 amount of the principal obligation outstanding at any  
21 time, as the Secretary finds necessary to meet market  
22 conditions, and such other charges (including such serv-  
23 ice charge, appraisal, inspection, and other fees) as may  
24 be approved by the Secretary;

1           “(5) have a maturity satisfactory to the Secretary,  
2           but not to exceed twenty years from the beginning of  
3           amortization of the loan or three-quarters of the remain-  
4           ing economic life of the home, whichever is the lesser;  
5           and

6           “(6) comply with such other terms, conditions, and  
7           restrictions as the Secretary may prescribe.

8           “(d) The provisions of paragraphs (3), (5), (6), (7),  
9           (8), and (10) of section 220 (h) shall be applicable to loans  
10          insured under this section and, as applied to loans insured  
11          under this section, references in those paragraphs to ‘home  
12          improvement loans’ and ‘this subsection’ shall be construed  
13          to refer to loans under this section.”

14          (b) Section 5 (c) of the Home Owners Loan Act of  
15          1933, as amended (12 U.S.C. 1464 (c) ), is amended by  
16          adding immediately before the last paragraph the following  
17          new paragraph:

18          “Notwithstanding any other provisions of this subsec-  
19          tion, an association may invest in loans or obligations, or in-  
20          terests therein, as to which the association has the benefit of  
21          insurance under section 240 of the National Housing Act, or  
22          of a commitment or agreement therefor, and such invest-  
23          ments shall not be included in any percentage of assets or  
24          other percentage referred to in this subsection.”

1 EXTEND SECTION 221(d)(2) SALES HOUSING PROGRAM FOR  
 2 TWO-, THREE-, AND FOUR-FAMILY RESIDENCES TO ALL  
 3 LOW AND MODERATE INCOME FAMILIES

4 SEC. 306. Section 221 (d) (2) of the National Housing  
 5 Act is amended by striking out "a displaced family" at the  
 6 end of the first proviso and inserting in lieu thereof "the  
 7 mortgagor".

8 REMOVE DIVIDEND RESTRICTION FOR NONDWELLING FACIL-  
 9 ITIES IN SECTION 221 PROJECTS

10 SEC. 307. Section 221 (f) of the National Housing Act  
 11 is amended by striking out in the first sentence all that fol-  
 12 lows the word "mortgage" in the proviso and inserting in  
 13 lieu thereof ": *Provided further*, That, in the case of a mort-  
 14 gage which bears interest at the below-market interest rate  
 15 prescribed in the proviso of subsection (d) (5), the provi-  
 16 sions of section 220 (d) (3) (B) (iv) shall only apply if the  
 17 mortgagor waives the right to receive dividends on its equity  
 18 investment in the portion thereof devoted to commercial  
 19 facilities."

20 SUPPLEMENTAL LOAN PROGRAM FOR PROJECTS FINANCED  
 21 WITH FHA INSURED MORTGAGES

22 SEC. 308. Title II of the National Housing Act is  
 23 amended by adding after section 240 (as added by section  
 24 305 of this Act) the following new section:

## 1 “SUPPLEMENTAL LOANS FOR MULTIFAMILY PROJECTS

2 “SEC. 241. (a) With respect to a multifamily project  
3 or group practice facility covered by a mortgage insured  
4 under any section or title of this Act, the Secretary is author-  
5 ized, upon such terms and conditions as he may prescribe, to  
6 make commitments to insure, and to insure, supplemental  
7 loans (including advances during construction or improve-  
8 ment) made by financial institutions approved by the Secre-  
9 tary. As used in this section, ‘supplemental loan’ means a  
10 loan, advance of credit, or purchase of an obligation repre-  
11 senting a loan or advance of credit made for the purpose of  
12 financing improvements or additions to such project: *Pro-*  
13 *vided*, That a loan involving a nursing home covered by a  
14 mortgage insured under section 232 or a loan involving a  
15 group practice facility covered by a mortgage insured under  
16 title XI may also be made for the purpose of financing equip-  
17 ment to be used in the operation of such nursing home or  
18 facility.

19 “(b) To be eligible for insurance under this section, a  
20 supplemental loan shall—

21 “(1) be limited to 90 per centum of the amount  
22 which the Secretary estimates will be the value of such  
23 improvements, additions, and equipment, except that  
24 such amount, when added to the outstanding balance  
25 of the mortgage covering the project or facility, shall

1 not exceed the maximum mortgage amount insurable  
2 under the section or title pursuant to which the mortgage  
3 covering such project or facility is insured;

4 “(2) have a maturity satisfactory to the Secretary  
5 but not to exceed the remaining term of the mortgage;

6 “(3) bear interest (exclusive of premium charges  
7 for insurance and service charges, if any) at not to ex-  
8 ceed such per centum per annum (not in excess of 6 per  
9 centum), on the amount of the principal obligation out-  
10 standing at any time, as the Secretary finds necessary to  
11 meet market conditions;

12 “(4) be secured in such manner as the Secretary  
13 may require;

14 “(5) be governed by the labor standards provisions  
15 of section 212 that are applicable to the section or title  
16 pursuant to which the mortgage covering the project  
17 or facility is insured; and

18 “(6) contains such other terms, conditions, and  
19 restrictions as the Secretary may prescribe.

20 “(c) The provisions of subsections (d), (e), (g),  
21 (h), (i), (j), (k), (l), and (n) of section 207 shall be  
22 applicable to loans insured under this section, except that  
23 (1) all references to the term ‘mortgage’ shall be construed  
24 to refer to the term ‘loan’ as used in this section, (2) loans

1 involving projects covered by a mortgage insured under  
2 section 213 that is the obligation of the Cooperative Manage-  
3 ment Housing Insurance Fund shall be insured under and  
4 shall be the obligation of such fund, and (3) loans involving  
5 projects covered by a mortgage insured under section 236  
6 shall be insured under and shall be the obligation of the Spe-  
7 cial Risk Insurance Fund.”

8 HOME IMPROVEMENT LOANS—INCREASE IN MAXIMUM  
9 MATURITY, FINANCE CHARGE, AND LOAN AMOUNT

10 SEC. 309. Section 2 (b) of the National Housing Act is  
11 amended by—

12 (1) striking out “\$3,500” and inserting in lieu  
13 thereof “\$5,000”;

14 (2) striking out “five years” and inserting in lieu  
15 thereof “seven years”;

16 (3) striking out “\$5 discount” and inserting in lieu  
17 thereof “\$5.50 discount”; and

18 (4) striking out “\$4 discount” and inserting in lieu  
19 thereof “\$4.50 discount”.

20 EXPERIMENTAL HOUSING PROGRAM

21 SEC. 310. Section 233 of the National Housing Act is  
22 amended by—

23 (1) striking out “of this title” immediately before  
24 the semicolon in subsection (b) and inserting in lieu  
25 thereof “or titles of this Act”; and

(2) striking out “of this title” in subsection (e) and inserting in lieu thereof “or title of this Act”.

TERM OF FEDERAL HOUSING ADMINISTRATION MORTGAGES  
FOR LAND DEVELOPMENT

SEC. 311. Section 1002 (d) (1) of the National Housing Act is amended—

(1) by striking out “seven” and inserting in lieu thereof “ten”; and

(2) by striking out the semicolon and inserting in lieu thereof the following: “: *Provided*, That the Secretary may agree to a reasonable extension of the term of a mortgage, the maturity of which is limited by this paragraph to not more than ten years, if he determines that unusual or unforeseen circumstances make such extension necessary to avoid undue hardship to the mortgagor;”.

REHABILITATED MULTIFAMILY PROJECTS IN URBAN RE-  
NEWAL AREAS

SEC. 312. (a) Section 220 (d) (3) (B) (ii) of the National Housing Act is amended by inserting immediately preceding the semicolon at the end thereof “: *Provided further*, That the mortgage may involve the financing of the purchase of property which has been rehabilitated by a local public agency with Federal assistance pursuant to section

1 110 (c) (8) of the Housing Act of 1949, and, in such case,  
 2 the foregoing limitations upon the amount of the mortgage  
 3 shall be based upon the appraised value of the property as  
 4 of the date the mortgage is accepted for insurance”.

5 (b) Section 221 (d) (3) (iii) of the National Housing  
 6 Act is amended by inserting immediately preceding the colon  
 7 at the end of the first proviso “: *Provided further*, That the  
 8 mortgage may involve the financing of the purchase of prop-  
 9 erty which has been rehabilitated by a local public agency  
 10 with Federal assistance pursuant to section 110 (c) (8) of  
 11 the Housing Act of 1949, and, in such case, the amount of  
 12 the mortgage shall not exceed the appraised value of the  
 13 property as of the date the mortgage is accepted for  
 14 insurance”.

#### 15 MISCELLANEOUS HOUSING INSURANCE

16 SEC. 313. (a) Section 223 of the National Housing Act  
 17 is amended by—

18 (1) striking out that part of the text of subsection  
 19 (a) which precedes the first numbered paragraph and  
 20 inserting in lieu thereof the following: “Notwithstanding  
 21 any of the provisions of this Act and without regard to  
 22 limitations upon eligibility contained in any section or  
 23 title of this Act, the Secretary is authorized, upon appli-  
 24 cation by the mortgagee, to insure or make commitments

1 to insure under any section or title of this Act any  
2 mortgage—”;

3 (2) striking out in the first and second provisos of  
4 subsection (a) (7) “applicable to loans insured under  
5 section 203, 207, 213, 220, 221, 222, 231, 232, or  
6 233, as the case may be” and inserting in lieu thereof  
7 “prescribed under the applicable section or title of this  
8 Act”;

9 (3) striking out in subsection (c) each time it  
10 appears “this title” and inserting in lieu thereof “this  
11 Act”;

12 (4) striking out in subsection (c) “title I, title II,  
13 title VI, title VII, title VIII, or title IX” and in-  
14 serting in lieu thereof “any section or title of this  
15 Act”; and

16 (5) striking out at the end of subsection (c)  
17 “(except that in any case the payment of insurance  
18 shall be in debentures)”.

19 (b) Section 223 (d) of such Act is amended by striking  
20 out all that follows “as he may prescribe,” and inserting in  
21 lieu thereof the following: “insure under the same section  
22 as the original mortgage a loan by the mortgagee in an  
23 amount not exceeding the excess of the foregoing expenses  
24 over the project income. Such loan shall (1) bear interest

1 (exclusive of premium charges for insurance) at not to  
2 exceed the per centum per annum currently permitted for  
3 mortgages insured under the section under which it is to  
4 be insured, (2) be secured in such manner as the Secretary  
5 shall require, and (3) be limited to a term not exceeding  
6 the unexpired term of the original mortgage. The Secretary  
7 is authorized to collect a premium charge for insurance of  
8 loans pursuant to this subsection in an amount computed at  
9 the same premium rate as is applicable to the original  
10 mortgage. This premium shall be payable in cash or in  
11 debentures of the insurance fund under which the loan is  
12 insured at par plus accrued interest. In the event of a failure  
13 of the borrower to make any payment due under such loan  
14 or under the original mortgage, both the loan and original  
15 mortgage shall be considered in default, and if such default  
16 continues for a period of thirty days, the lender shall be  
17 entitled to insurance benefits, computed in the same manner  
18 as for the original mortgage, except that in determining the  
19 interest rate under section 224 for the debentures repre-  
20 senting the portion of the claim applicable to the loan, the  
21 date of the commitment to insure the loan and the insurance  
22 date of the loan shall be taken into consideration rather than  
23 the commitment or insurance date for the original mortgage.”

1 SUPPLEMENTARY LOANS FOR COOPERATIVE HOUSING PUR-  
2 CHASED FROM THE FEDERAL GOVERNMENT

3 SEC. 314. Section 213 (j) of the National Housing Act  
4 is amended by—

5 (1) inserting after the first sentence of paragraph  
6 (1) the following sentence: “The Secretary is further  
7 authorized to make commitments to insure and to insure  
8 supplementary cooperative loans (including advances  
9 during construction or improvement) with respect to  
10 any property purchased from the Federal Government  
11 by a nonprofit corporation or trust of the character  
12 described in paragraph (1) of subsection (a), if the  
13 property is covered by an uninsured mortgage repre-  
14 senting a part of the purchase price.”; and

15 (2) adding before the semicolon at the end of par-  
16 agraph (2) (B) the following: “, except that, in the  
17 case of repairs or improvements to a property covered by  
18 an uninsured mortgage dated more than twenty years  
19 prior to the date of the commitment to insure, of such  
20 magnitude that the Secretary deems them to be a major  
21 rehabilitation or modernization of such property, the loan  
22 may have a maturity date up to ten years in excess of  
23 the remaining term of the uninsured mortgage”.

## 1                   EQUIPMENT IN NURSING HOMES

2           SEC. 315. Section 232 of the National Housing Act is  
3 amended by—

4           (1) striking out the text of subsection (b) (2) and  
5 inserting in lieu thereof the following:

6           “(2) the term ‘mortgage’ means a first mortgage  
7 on real estate in fee simple, or on the interest of either  
8 the lessor or lessee thereof (A) under a lease for not  
9 less than ninety-nine years which is renewable, or (B)  
10 under a lease having a period of not less than fifty years  
11 to run from the date the mortgage was executed. The  
12 term ‘first mortgage’ means such classes of first liens as  
13 are commonly given to secure advances (including but  
14 not limited to advances during construction), on, or the  
15 unpaid purchase price of, real estate under the laws of  
16 the State in which the real estate is located, together  
17 with the credit instrument or instruments, if any, secured  
18 thereby, and any mortgage may be in the form of one or  
19 more trust mortgages or mortgage indentures or deeds  
20 of trust, securing notes, bonds, or other credit instru-  
21 ments, and, by the same instrument or by a separate  
22 instrument, may create a security interest in initial  
23 equipment, whether or not attached to the realty. The

1 term 'mortgagor' shall have the meaning set forth in  
2 section 207 (a) of this Act.”;

3 (2) striking out the text in subsection (d) which  
4 precedes the first numbered clause and inserting in lieu  
5 thereof the following:

6 “(d) In order to carry out the purposes of this  
7 section, the Secretary is authorized to insure any  
8 mortgage which covers a new or rehabilitated nursing  
9 home, including equipment to be used in its operation,  
10 subject to the following conditions:”; and

11 (3) striking out “when the proposed improvements  
12 are completed” before the period at the end of subsection  
13 (d) (2) and inserting in lieu thereof the following:  
14 “, including equipment to be used in the operation of the  
15 nursing home, when the proposed improvements are  
16 completed and the equipment is installed”.

17 FLEXIBLE INTEREST RATES FOR CERTAIN FHA INSURANCE  
18 PROGRAMS

19 SEC. 316. Section 3 (a) of the Act entitled “An Act to  
20 amend chapter 37 of title 38 of the United States Code with  
21 respect to the veterans' home loan program, to amend the  
22 National Housing Act with respect to interest rates on insured  
23 mortgages, and for other purposes”, approved May 7, 1968,

1 is amended by inserting “235 (j) (2) (C), 236 (j) (4) (B),  
2 240 (c) (4), 241 (b) (3),” after “234 (f),”.

3 SALE OF REHABILITATED UNITS IN MULTIFAMILY  
4 STRUCTURES

5 SEC. 317. (a) Section 221 (h) (2) (A) of the National  
6 Housing Act is amended to read as follows:

7 “(A) be executed by a private nonprofit cor-  
8 poration or association, approved by the Secretary,  
9 for financing the purchase and rehabilitation (with the  
10 intention of subsequent resale) of property comprising  
11 one or more tracts or parcels, whether or not contiguous,  
12 upon which there is located deteriorating or substandard  
13 housing consisting of (i) four or more single-family  
14 dwellings or detached, semidetached, or row construc-  
15 tion, or (ii) four or more one-family units in a structure  
16 or structures for which a plan of family unit ownership  
17 approved by the Secretary is established;”.

18 (b) Section 221 (h) of such Act is amended by adding  
19 at the end thereof a new paragraph as follows:

20 “(6) Where the Secretary has approved a plan of  
21 family unit ownership, the terms ‘single-family dwelling’,  
22 ‘single-family dwellings’, ‘individual dwelling’, and ‘indi-  
23 vidual dwellings’ shall mean a family unit or family units,  
24 together with the undivided interest (or interests) in the  
25 common areas and facilities.”

## LIMITATION ON PAYMENT OF INSURANCE BENEFITS

SEC. 318. (a) Title V of the National Housing Act is amended by adding at the end thereof a new section as follows:

## “LIMITATION ON PAYMENT OF INSURANCE BENEFITS

“SEC. 524. Notwithstanding any other provision of this Act, the amount paid by the Secretary on any insurance claim for the principal amount owing on any mortgage which is insured under this Act shall not exceed an amount equal to such principal amount, less any charges or discounts imposed, under a points or related system, upon the seller of the property securing such mortgage, or upon the mortgagor under such mortgage, or both, in connection with the financing of such mortgage.”

(b) The amendment made by this section shall not apply to any mortgage (1) insured under the National Housing Act prior to the date of enactment of the Housing and Urban Development Act of 1968, or (2) with respect to which a commitment to insure was entered into pursuant to such Act prior to such date.

## FEDERAL LOAN ADJUSTMENTS

SEC. 319. In the administration of the disaster loan program under section 7 (b) of the Small Business Act, any application for a loan thereunder in an amount of \$30,000 or less in the case of a homeowner, or \$100,000 or less in the

1 case of a business concern, may be granted, if such a loan is  
2 for the repair, rehabilitation, or replacement of property seri-  
3 ously damaged or destroyed as the result of a major disaster  
4 occurring after January 1, 1968, without regard to whether  
5 the required financial assistance is otherwise available from  
6 private sources.

7 TITLE IV—GUARANTEES FOR FINANCING NEW  
8 COMMUNITY LAND DEVELOPMENT

9 CITATION

10 SEC. 401. This title may be referred to as the “New  
11 Communities Act of 1968”.

12 PURPOSE

13 SEC. 402. It is the purpose of this title, by facilitating  
14 the enlistment of private capital in new community develop-  
15 ment, to encourage the development of new communities  
16 that—

17 (1) contribute to the general betterment of living  
18 conditions through the improved quality of community  
19 development made possible by a consistent design for  
20 the provision of homes, commercial and industrial facili-  
21 ties, public and community facilities, and open spaces;

22 (2) make substantial contributions to the sound  
23 and economic growth of the areas in which they are  
24 located;

(3) provide needed additions to the general housing supply;

(4) provide opportunities for innovation in housing and community development technology and in land use planning;

(5) enlarge housing and employment opportunities by increasing the range of housing choice and providing new investment opportunities for industry and commerce;

(6) encourage the maintenance and growth of a diversified local homebuilding industry; and

(7) include, to the greatest extent feasible, the employment of new and improved technology, techniques, materials, and methods in housing construction, rehabilitation, and maintenance under programs administered by the Department of Housing and Urban Development with a view to reducing the cost of such construction, rehabilitation, and maintenance, and stimulating the increased and sustained production of housing under such programs.

#### GUARANTEE AUTHORITY

SEC. 403. To carry out the purposes of this title the Secretary is authorized to guarantee, and enter into commitments to guarantee, the bonds, debentures, notes, and other obligations issued by new community developers to help fi-

1 nance new community development projects. The Secretary  
2 may make such guarantees and enter into such commitments,  
3 subject to the limitations contained in sections 404 and 405,  
4 upon such terms and conditions as he may prescribe, taking  
5 into account (1) the large initial capital investment required  
6 to finance sound new communities, (2) the extended period  
7 before initial returns on this type of investment can be ex-  
8 pected, (3) the irregular pattern of cash returns characteris-  
9 tic of such investment, and (4) the financial and security in-  
10 terests of the United States in connection with guarantees  
11 made under this title.

12 ELIGIBLE NEW COMMUNITY DEVELOPMENT

13 SEC. 404. No guarantee or commitment to guarantee  
14 may be made under this title unless the Secretary has de-  
15 termined that—

16 (1) the proposed new community (A) will be  
17 economically feasible in terms of economic base or po-  
18 tential for growth, and (B) will contribute to the  
19 orderly growth and development of the area of which it  
20 is a part;

21 (2) there is a practicable plan (including appropri-  
22 ate time schedules) for financing the land acquisition and  
23 land development costs of the proposed new community  
24 and for improving and marketing the land which, giving  
25 due consideration to the public purposes of this title and

1 the special problems involved in financing new com-  
2 munities, represents an acceptable financial risk to the  
3 United States;

4 (3) there is a sound internal development plan for  
5 the new community which (A) has received all govern-  
6 mental approvals required by State or local law or by  
7 the Secretary; and (B) is acceptable to the Secretary as  
8 providing reasonable assurance that the development  
9 will contribute to good living conditions in the area being  
10 developed, will be characterized by sound land use pat-  
11 terns, will include a proper balance of housing for fami-  
12 lies of low and moderate income, and will include or  
13 be served by such shopping, school, recreational, trans-  
14 portation, and other facilities as the Secretary deems  
15 satisfactory; and

16 (4) the internal development plan is consistent with  
17 a comprehensive plan which covers, or with comprehen-  
18 sive planning being carried on for, the area in which the  
19 land is situated, and which meets criteria established by  
20 the Secretary for such comprehensive plans or planning.

#### 21 ELIGIBLE OBLIGATIONS

22 SEC. 405. (a) Any bond, debenture, note or other obli-  
23 gation guaranteed under this title shall—

24 (1) be issued by a new community developer, other  
25 than a public body, approved by the Secretary on the

1 basis of financial, technical and administrative ability  
2 which demonstrates his capacity to carry out the pro-  
3 posed project;

4 (2) be issued to and held by investors approved  
5 by, or meeting requirements prescribed by, the Secre-  
6 tary, or if an offering to the public is contemplated, be  
7 underwritten upon terms and conditions approved by  
8 the Secretary;

9 (3) be issued to finance a program of land devel-  
10 opment (including acquisition or use of land) approved  
11 by the Secretary: *Provided*, That the Secretary shall,  
12 through cost certification procedures, escrow or trustee-  
13 ship requirements, or other means, insure that all pro-  
14 ceeds from the sale of obligations guaranteed under this  
15 title are expended pursuant to such program;

16 (4) involve a principal obligation in an amount  
17 not to exceed the lesser of (A) 80 per centum of the  
18 Secretary's estimate of the value of the property upon  
19 completion of the land development or (B) the sum  
20 of 75 per centum of the Secretary's estimate of the  
21 value of the land before development and 90 per centum  
22 of his estimate of the actual cost of the land development;

23 (5) bear interest at a rate satisfactory to the Sec-  
24 retary, such interest to be exclusive of any service  
25 charges and fees that may be approved by the Secretary;

1           (6) contain repayment and maturity provisions sat-  
2   isfactory to the Secretary; and

3           (7) contain provisions which the Secretary shall  
4   prescribe with respect to the protection of the security  
5   interests of the United States (including subrogation pro-  
6   visions), liens and releases of liens, payment of taxes,  
7   and such other matters as the Secretary may, in his dis-  
8   cretion, prescribe.

9           (b) The outstanding principal obligations guaranteed  
10 under this title with respect to a single new community  
11 development project shall at no time exceed \$50,000,000.

#### 12                               FEES AND CHARGES

13       SEC. 406. The Secretary is authorized to establish and  
14 collect fees for guarantees made under this title and may  
15 make such charges as he considers reasonable for the analy-  
16 sis of development and financing plans and for appraisals  
17 and inspections related to new community development proj-  
18 ects. On or before January 1, 1970, the Secretary shall  
19 make a report to the Congress concerning the fees and other  
20 charges under this title that he estimates will be adequate to  
21 provide income sufficient for a self-supporting program.

#### 22                               GUARANTEE FUND

23       SEC. 407. (a) To provide for the payment of any lia-  
24 bilities incurred as a result of guarantees made under this  
25 title, the Secretary is authorized to establish a revolving fund

1 which shall be comprised of (1) receipts from fees and  
2 charges; (2) recoveries under security or subrogation rights  
3 or other rights, and any other receipts obtained in connection  
4 with such guarantees; and (3) such sums, which are hereby  
5 authorized to be appropriated, as may be required for pro-  
6 gram operations and nonadministrative expenses and to make  
7 any and all payments guaranteed under this title.

8 (b) The full faith and credit of the United States is  
9 pledged to the payment of all guarantees made under this  
10 title with respect to both principal and interest, including  
11 (1) interest, as may be provided for in the guarantee,  
12 accruing between the date of default under a guaranteed  
13 obligation and the payment in full of the guarantee, and (2)  
14 principal and interest due under any debentures issued by  
15 the Secretary toward payment of guarantees made under  
16 this title.

17 (c) Notwithstanding any other provision of law relating  
18 to the acquisition, handling, improvement, or disposal of real  
19 and other property by the United States, the Secretary shall  
20 have power, for the protection of the interests of the guaran-  
21 tee fund authorized under this section, to pay out of such  
22 fund all expenses or charges in connection with the acqui-  
23 sition, handling, improvement, or disposal of any property  
24 acquired by him under this title; and notwithstanding any  
25 other provision of law, the Secretary shall also have power to

1 pursue to final collection by way of compromise or other-  
2 wise all claims acquired by him in connection with any se-  
3 curity, subrogation, or other rights obtained by him in carry-  
4 ing out this title.

5 (d) The aggregate of the outstanding principal obliga-  
6 tions guaranteed under this title shall at no time exceed  
7 \$250,000,000.

8 INCONTESTABILITY

9 SEC. 408. Any guarantee made by the Secretary under  
10 this title shall be conclusive evidence of the eligibility of the  
11 obligations for such guarantee, and the validity of any guar-  
12 antee so made shall be incontestable in the hands of a quali-  
13 fied holder of the guaranteed obligation except for fraud or  
14 material misrepresentation on the part of such holder.

15 ENCOURAGEMENT OF SMALL BUILDERS

16 SEC. 409. The Secretary shall adopt such requirements  
17 as he deems necessary to assure that new community con-  
18 struction assisted under this title will encourage the mainte-  
19 nance of a diversified local homebuilding industry and broad  
20 participation by builders, particularly small builders.

21 LABOR

22 SEC. 410. All laborers and mechanics employed by con-  
23 tractors or subcontractors in land development assisted under  
24 section 403 shall be paid wages at rates not less than those

1 prevailing on similar construction in the locality as deter-  
2 mined by the Secretary of Labor in accordance with the  
3 Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5).  
4 No assistance shall be extended under section 403 for land  
5 development without first obtaining adequate assurance that  
6 these labor standards will be maintained upon the construc-  
7 tion work involved in such development. The Secretary of  
8 Labor shall have, with respect to the labor standards specified  
9 in this section, the authority and functions set forth in Reor-  
10 ganization Plan Numbered 14 of 1950 (64 Stat. 1267), and  
11 section 2 of the Act of June 13, 1934 (40 U.S.C. 276c).

12 REAL PROPERTY TAXATION

13 SEC. 411. Nothing in this title shall be construed to  
14 exempt any real property that may be acquired and held by  
15 the Secretary as a result of the exercise of lien or subroga-  
16 tion rights from real property taxation to the same extent,  
17 according to its value, as other real property is taxed.

18 SUPPLEMENTARY GRANTS

19 SEC. 412. (a) The Secretary is authorized to make  
20 supplementary grants to State and local public bodies and  
21 agencies carrying out new community assistance projects,  
22 as defined in section 415(c), if the Secretary determines  
23 that such grants are necessary or desirable for carrying out  
24 a new community development project approved for assist-  
25 ance under section 403, and that a substantial number of

1 housing units for low and moderate income persons is to be  
2 made available through such development project.

3 (b) In no case shall any grant under this section exceed  
4 20 per centum of the cost of the new community assistance  
5 project for which the grant is made; and in no case shall the  
6 total Federal contributions to the cost of such project be  
7 more than 80 per centum.

8 (c) In carrying out his authority under this section the  
9 Secretary shall consult with the Secretary of Agriculture  
10 with respect to new community assistance projects assisted  
11 by that Department, and he shall, for the purpose of sub-  
12 section (b), accept that Department's certifications as to  
13 the cost of such projects.

14 (d) There are authorized to be appropriated for grants  
15 under this section not to exceed \$5,000,000 for the fiscal year  
16 ending June 30, 1969, and not to exceed \$25,000,000 for  
17 the fiscal year ending June 30, 1970. Any amounts so  
18 appropriated shall remain available until expended, and any  
19 amounts authorized for any fiscal year under this subsection  
20 but not appropriated may be appropriated for any succeeding  
21 fiscal year commencing prior to July 1, 1970.

22 GENERAL PROVISIONS AND RULES AND REGULATIONS

23 SEC. 413. In the performance of, and with respect to,  
24 the functions, powers, and duties vested in him by this title,  
25 the Secretary shall (in addition to any authority otherwise

1 vested in him) have the functions, powers, and duties (in-  
 2 cluding the authority to issue rules and regulations) set  
 3 forth in section 402, except subsections (c) (2), (d), and  
 4 (f), of the Housing Act of 1950: *Provided*, That subsec-  
 5 tion (a) (1) of section 402 shall not apply with respect to  
 6 functions, powers, and duties under section 412 of this title.

#### 7           AUDIT BY GENERAL ACCOUNTING OFFICE

8       SEC. 414. The financial transactions of recipients of Fed-  
 9 eral grants or of developers whose obligations are guaranteed  
 10 by the United States pursuant to this title may be audited by  
 11 the General Accounting Office under such rules and regula-  
 12 tions as may be prescribed by the Comptroller General of the  
 13 United States. The representatives of the General Accounting  
 14 Office shall have access to all books, accounts, records, re-  
 15 ports, files, and all other papers, things, or property belong-  
 16 ing to or in use by such developers or recipients of grants  
 17 pertaining to their financial transactions and necessary to  
 18 facilitate the audit.

#### 19                   DEFINITIONS

20       SEC. 415. As used in this title—

21       (a) The term “land development” means the process  
 22 of grading land, making, installing, or constructing water  
 23 lines and water supply installations, sewer lines and sewage  
 24 disposal installations, steam, gas, and electric lines and in-  
 25 stallations, roads, streets, curbs, gutters, sidewalks, storm

1 drainage facilities, and other installations or work, whether  
2 on or off the site, which the Secretary deems necessary or  
3 desirable to prepare land for residential, commercial, indus-  
4 trial, or other uses, or to provide facilities for public or com-  
5 mon use. The term "land development" shall not include any  
6 building unless it is (1) a building which is needed in con-  
7 nection with a water supply or sewage disposal installation  
8 or a steam, gas, or electric line or installation, or (2) a  
9 building, other than a school, which is to be owned and  
10 maintained jointly by the residents of the new community  
11 or is to be transferred to public ownership, but not prior  
12 to its completion.

13 (b) The term "actual costs" means the costs (exclu-  
14 sive of rebates or discounts) incurred by a new community  
15 developer in carrying out the land development assisted  
16 under this title. These costs may include amounts paid for  
17 labor, materials, construction contracts, land planning, engi-  
18 neers' and architects' fees, surveys, taxes, and interest dur-  
19 ing development, organizational and legal expenses, such  
20 allocation of general overhead expenses as are acceptable to  
21 the Secretary, and other items of expense incidental to devel-  
22 opment which may be approved by the Secretary. If the  
23 Secretary determines that there is an identity of interest  
24 between the new community developer and a contractor,  
25 there may be included as a part of actual costs an allowance

1 for the contractor's profit in an amount deemed reasonable  
2 by the Secretary.

3 (c) The term "new community assistance projects"  
4 means projects assisted by grants made under section 702  
5 of the Housing and Urban Development Act of 1965, sec-  
6 tion 306 (a) (2) of the Consolidated Farmers' Home Admin-  
7 istration Act, or title VII of the Housing Act of 1961.

8 CONFORMING AMENDMENTS

9 SEC. 416. (a) Section 202 (b) (4) of the Housing  
10 Amendments of 1955 is amended by adding before the  
11 period at the end of the second sentence "or under title IV  
12 of the Housing and Urban Development Act of 1968".

13 (b) The first paragraph of section 24 of the Federal  
14 Reserve Act is amended by striking out all that follows  
15 "national banking association" in the fourth sentence and  
16 adding "may make loans or purchase obligations for land  
17 development which are secured by mortgages insured under  
18 title X of the National Housing Act or guaranteed under  
19 title IV of the Housing and Urban Development Act of  
20 1968.".

21 (c) The next to last paragraph of section 5 (c) of the  
22 Home Owners' Loan Act of 1933 is amended by adding at  
23 the end thereof the following new sentence: "Without regard  
24 to any other provision of this subsection, an association may  
25 invest in loans or obligations, or interests therein, as to which

1 the association has the benefit of any guaranty under title IV  
2 of the Housing and Urban Development Act of 1968 as now  
3 or hereafter in effect, or of a commitment or agreement there-  
4 for, and such investments shall not be included in any per-  
5 centage of assets or other percentage referred to in this  
6 subsection.”

## 7 TITLE V—URBAN RENEWAL

8 SEC. 501. (a) Title I of the Housing Act of 1949 is  
9 amended by adding after the title heading the following new  
10 subheading:

11 “PART A—URBAN RENEWAL PROJECTS, DEMOLITION PRO-  
12 GRAMS, AND CODE ENFORCEMENT PROGRAMS”

13 (b) Title I of such Act is further amended by adding at  
14 the end thereof the following new part:

15 “PART B—NEIGHBORHOOD DEVELOPMENT PROGRAMS

16 “PURPOSE AND AUTHORITY

17 “SEC. 131. (a) To facilitate more rapid renewal and  
18 development of urban areas on an effective scale, and to en-  
19 courage more efficient and flexible utilization of public and  
20 private development opportunities by local communities in  
21 such areas, the Secretary is authorized to make financial as-  
22 sistance available under this title to local public agencies  
23 for undertakings and activities which are carried out under a  
24 neighborhood development program approved by him pur-  
25 suant to this part.

1       “(b) A neighborhood development program shall con-  
 2 sist of urban renewal project undertakings and activities in  
 3 one or more urban renewal areas which are planned and  
 4 carried out on the basis of annual increments in accordance  
 5 with the provisions of this title for planning and carrying out  
 6 urban renewal projects, except as modified by the provisions  
 7 of this part.

8       “(c) No application for financial assistance in planning  
 9 and carrying out a neighborhood development program shall  
 10 be approved by the Secretary unless—

11               “(1) the governing body of the locality has, by  
 12 resolution or ordinance, approved the proposed program  
 13 and the annual increment covered by the application  
 14 and authorized the filing of the application for financial  
 15 assistance; and

16               “(2) the Secretary has concluded that there is the  
 17 necessary capacity to carry out the undertakings and  
 18 activities included under the program.

19                               “FINANCIAL PROVISIONS

20       “SEC. 132. (a) Upon the approval of a neighborhood  
 21 development program by the Secretary, the cost of any under-  
 22 takings and activities authorized as part of the program shall  
 23 be financed in accordance with the loan, capital grant, and  
 24 project cost provisions of part A, except:

25               “(1) net project cost may be calculated on the basis

1 of costs incurred and proceeds derived for the account  
2 of the program during a specified twelve-month period,  
3 and may be recalculated for succeeding periods of twelve  
4 months to reflect additional costs and additional proceeds  
5 since the date of the last computation or recomputation;  
6 and

7 “(2) if property has been acquired but not disposed  
8 of prior to the computation or recomputation of net proj-  
9 ect cost, temporary loans made or secured under this title  
10 to finance undertakings or activities included in the pro-  
11 gram may remain outstanding until the property has  
12 been disposed of and the proceeds thereof, together with  
13 additional funds becoming available to the program, are  
14 sufficient to permit repayment of the loans.

15 “(b) In the event that gross project cost as computed  
16 for a specified twelve-month period is exceeded, with respect  
17 to that period, by the sum of (1) the sales price of land  
18 or other property sold, and (2) the imputed capital value  
19 of land or other property leased or retained by the local  
20 public agency in accordance with the provisions of the urban  
21 renewal plan, the local public agency shall pay to the  
22 Secretary two-thirds of the excess (or three-fourths in the  
23 case of a program on a three-fourths grant basis), which  
24 amount shall be available to the Secretary for grant payments  
25 under section 103.

## 1                                   “LOCAL GRANTS-IN-AID

2           “SEC. 133. (a) For the purpose of determining the  
3 eligibility of local grants-in-aid in connection with under-  
4 takings and activities carried out under a neighborhood  
5 development program, the three-year period referred to in  
6 section 110(d) shall be deemed to be a period of three  
7 years prior to the authorization by the Secretary of the  
8 first contract for financial assistance under the program which  
9 includes the urban renewal area which is benefited by the  
10 public improvement or facility for which credit is claimed;  
11 and the seven-year period referred to in clause (1) of sec-  
12 tion 112(b) shall be deemed to be a period of seven years  
13 prior to the date of authorization by the Secretary of the  
14 first contract for financial assistance under the program which  
15 includes the urban renewal area which is benefited by the  
16 expenditures for which credit is claimed.

17           “(b) No portion of the cost of a public improvement or  
18 public facility (to the extent otherwise eligible) may be in-  
19 cluded as a local grant-in-aid in computing the gross project  
20 cost of an approved program for any twelve-month period—

21                   “(1) prior to commencement of construction of the  
22 improvement or facility, or

23                   “(2) in excess of the amount actually expended or  
24 obligated by contract.

25           “(c) The provisions of section 104 with respect to the

1 pooling of local grants-in-aid among the various projects  
2 undertaken by a local public agency shall not be applicable  
3 with respect to any excess local grants-in-aid resulting from  
4 the urban renewal projects contained in a neighborhood de-  
5 velopment program.

6 "GENERAL PROVISIONS

7 "SEC. 134. (a) For purposes of this part—

8 " (1) the workable program requirement in section  
9 101 (c) shall apply to the authorization, rather than the  
10 execution, of any contract for loans or capital grants;

11 " (2) capital grants on a three-fourths basis may  
12 only be made under section 103 (a) (2) (B) ;

13 " (3) the relocation requirements specified in sec-  
14 tion 105 (c) shall apply to each annual increment of an  
15 approved program;

16 " (4) section 106 (g) (relating to transient hous-  
17 ing) shall apply to activities undertaken under approved  
18 programs, except that the determination as to need for  
19 transient housing shall be made with respect to any sale  
20 or lease of land for construction of such housing prior to  
21 such sale or lease; and

22 " (5) the requirement concerning demolition and  
23 removal of buildings and improvements stated in clause  
24 (A) of the sentence following paragraph (10) of sec-

1       tion 110 (c) shall apply to each annual increment of an  
2       approved program.

3       “(b) The approval by the Secretary of financial assist-  
4       ance for one or more annual increments of a neighborhood  
5       development program shall not be considered as obligating  
6       him to provide financial assistance for any subsequent annual  
7       increments.

8       “(c) The urban renewal plan referred to in section 110  
9       (b) may cover one or more of the urban renewal areas cov-  
10      ered by a neighborhood development program and such plan  
11      may be modified from time to time to cover additional urban  
12      renewal areas added to the program. The Secretary may  
13      establish such requirements, as he deems appropriate, pre-  
14      scribing the scope and content of such plan, taking into con-  
15      sideration, among other matters, the degree of detail needed  
16      in the plan to properly and expeditiously carry out the activi-  
17      ties and undertakings proposed in any annual increment of a  
18      neighborhood development program.”

19                                   INCREASED AUTHORIZATION

20       SEC. 502. (a) Section 103 (b) of the Housing Act  
21      of 1949 is amended by striking out in the first sentence  
22      everything after “exceed” and inserting in lieu thereof “\$7,-  
23      600,000,000, which amount shall be increased by \$1,400,-  
24      000,000 on July 1, 1969.”

25       (b) Section 103 (b) of such Act is further amended by

1 striking out “\$250,000,000” in the second sentence and in-  
2 serting in lieu thereof “\$600,000,000”.

3 REHABILITATION GRANTS

4 SEC. 503. (a) The second sentence of section 115 (a)  
5 of the Housing Act of 1949 is amended by striking out the  
6 words “a structure” and “structure” and inserting in lieu  
7 thereof “real property”.

8 (b) Section 115 (b) of such Act is amended by striking  
9 out “\$1,500” and inserting in lieu thereof “\$2,500”.

10 (c) Section 115 (a) of such Act is amended by insert-  
11 ing “(1)” after “(a)”, and by adding at the end thereof  
12 a new paragraph as follows:

13 “(2) In addition to the authority conferred by para-  
14 graph (1), and notwithstanding any other provision of this  
15 title, the Secretary is authorized, through the utilization of  
16 local public agencies where feasible, to make grants (payable  
17 from any grant funds provided under section 103 (b) ) to an  
18 individual or family, as described in subsection (b) , to cover  
19 the cost of repairs and improvements necessary to make real  
20 property owned and occupied by such individual or family  
21 conform to public standards for decent, safe, and sanitary  
22 housing. No grants shall be made under this paragraph in the  
23 case of any property, unless (A) such property is in an area  
24 within a locality (other than an urban renewal area) which  
25 the governing body of the locality has determined, and so

1 certifies to the Secretary, contains a substantial number of  
2 structures in need of such repairs and improvements, (B)  
3 there is in effect for the locality a workable program meeting  
4 the requirements of section 101 (c), and (C) the area is  
5 scheduled for rehabilitation or concentrated code enforcement  
6 within a reasonable time, and such repairs and improvements  
7 to any property are consistent with the plan for rehabilita-  
8 tion or concentrated code enforcement.”

9 REHABILITATION IN URBAN RENEWAL AREAS

10 SEC. 504. Section 110 (c) (8) of the Housing Act of  
11 1949 is amended by striking out (1) “guidance purposes,  
12 and”, and (2) the proviso at the end thereof.

13 DISPOSITION OF PROPERTY FOR LOW AND MODERATE  
14 INCOME HOUSING

15 SEC. 505. Section 107 (a) of the Housing Act of 1949  
16 is amended by—

17 (1) inserting “, section 221 (h) (1), section 235  
18 (j) (1), or section 236” after “or (d) (4)”;

19 (2) inserting “or lessee” after “purchaser” where it  
20 appears and “or lease” after “purchase”;

21 (3) striking out “rental or cooperative”; and

22 (4) striking out “moderate” and inserting in lieu  
23 thereof “low or moderate”.

1 GRANTS FOR LOW AND MODERATE INCOME HOUSING IN  
2 OPEN LAND PROJECTS

3 SEC. 506. Section 103 (a) (1) of the Housing Act of  
4 1949 is amended by inserting before the period at the end  
5 thereof the following: “, except that he may contract for  
6 a grant in an amount not to exceed two-thirds of the differ-  
7 ence between the proceeds from any land disposed of pur-  
8 suant to section 107, and the fair value of the land without  
9 regard to such section”.

10 URBAN RENEWAL LOAN CONTRACTS

11 SEC. 507. (a) Section 102 (c) of the Housing Act of  
12 1949 is amended by:

13 (1) striking out “at interest rates lower than pro-  
14 vided in the loan contract” in the first sentence; and

15 (2) inserting before the period at the end of the  
16 first sentence the following: “: *Provided*, That, if at  
17 any time during the undertaking of the project, the inter-  
18 est rate on such a loan from a source other than the  
19 Federal Government is greater than the rate at which  
20 funds could be made available under the Federal loan  
21 contract, the Secretary may make a supplemental grant  
22 to the local public agency in the amount of the difference  
23 between the interest cost from such sources and the

1 interest cost at the contract rate, and no part of the  
2 amount of any such grant shall be required to be con-  
3 tributed as a part of the local grant-in-aid”.

4 (b) Loan contracts outstanding on the date of enact-  
5 ment of this section may be amended to incorporate the  
6 provisions authorized by the amendment contained in sub-  
7 section (a) without regard to the proviso in section 110 (g)  
8 of the Housing Act of 1949.

9 PROJECT COMPLETION PRIOR TO DISPOSITION OF CERTAIN  
10 PROPERTY

11 SEC. 508. (a) Section 106 of the Housing Act of 1949  
12 is amended by adding at the end thereof the following new  
13 subsection:

14 “(i) Upon a determination by the Secretary that (1)  
15 not more than 5 per centum of the total area of land ac-  
16 quired as part of an urban renewal project remains to be  
17 disposed, (2) the local public agency does not expect  
18 to be able, due to circumstances beyond its control, to dis-  
19 pose of such land in the near future, (3) all other project  
20 activities are completed, and (4) the local public agency  
21 has agreed to dispose of or retain such land for uses in ac-  
22 cordance with the urban renewal plan, the urban renewal  
23 project may be deemed completed, and the net project cost  
24 may be computed and the capital grant paid.”

25 (b) Section 110 (f) of such Act is amended by insert-

1 ing before the period at the end thereof the following: “or  
 2 for subsequent disposition or retention as provided under  
 3 section 106 (i) ”.

#### 4 DEMOLITION GRANTS

5 SEC. 509. (a) The first sentence of section 116 (a) of  
 6 the Housing Act of 1949 is amended by inserting after “un-  
 7 sound” the following: “, a harborage or potential harborage  
 8 of rats,”.

9 (b) Section 116 (b) of such Act is amended by insert-  
 10 ing after the comma at the end of clause (2) the following:  
 11 “or will be consistent with a systematic rodent control pro-  
 12 gram being undertaken in the neighborhood,”.

#### 13 AIR RIGHTS SITES IN URBAN RENEWAL AREAS

14 SEC. 510. (a) Section 110 (c) (1) (iv) of the Hous-  
 15 ing Act of 1949 is amended by striking out “for use for indus-  
 16 trial development” and inserting in lieu thereof “for use for  
 17 the development of industrial or educational facilities”.

18 (b) Section 110 (c) (7) of such Act is amended by  
 19 striking out “for industrial development” and inserting in  
 20 lieu thereof “for the development of industrial or educational  
 21 facilities”.

#### 22 INTERIM ASSISTANCE FOR BLIGHTED AREAS

23 SEC. 511. Title I of the Housing Act of 1949 is amended  
 24 by adding after section 117 a new section as follows:

## 1           “INTERIM ASSISTANCE FOR BLIGHTED AREAS

2           “SEC. 118. Notwithstanding any other provision of this  
3 title, the Secretary is authorized to enter into contracts (in  
4 an aggregate amount not to exceed \$20,000,000 in any  
5 fiscal year) to make, and to make, grants as provided in this  
6 section (payable from any grant funds provided under section  
7 103 (b) ) to cities, other municipalities, and counties for the  
8 purpose of assisting such localities in carrying out programs to  
9 alleviate harmful conditions in slum and blighted areas which  
10 are planned for substantial clearance, rehabilitation, or fed-  
11 erally assisted code enforcement in the near future but in  
12 which some immediate public action is needed until clear-  
13 ance, rehabilitation, or code enforcement activities can be  
14 undertaken. Such grants shall not exceed two-thirds (or  
15 three-fourths in the case of any city, other municipality,  
16 or county having a population of fifty thousand or less  
17 according to the most recent decennial census) of the  
18 cost of planning and carrying out programs which may  
19 include (1) the repair of streets, sidewalks, parks, play-  
20 grounds, publicly owned utilities, and public buildings to  
21 meet needs consistent with the short-term continued use  
22 of the area prior to the undertaking of the contemplated  
23 clearance or upgrading activities, (2) the improvement of  
24 private properties to the extent needed to eliminate the most  
25 immediate dangers to public health and safety, (3) the

1 demolition of structures determined to be structurally un-  
2 sound or unfit for human habitation and which constitute a  
3 public nuisance and serious hazard to the public health and  
4 safety, (4) the establishment of temporary public play-  
5 grounds on vacant land within the area, and (5) the im-  
6 provement of garbage and trash collection, street cleaning,  
7 and similar activities. The Secretary shall encourage, wher-  
8 ever feasible, the employment of otherwise unemployed or  
9 underemployed residents of the area in carrying out the  
10 activities and undertakings assisted under this section. The  
11 provisions of sections 101 (c), 106, and 114 shall be appli-  
12 cable to activities and undertakings assisted under this  
13 section to the same extent as if such activities and under-  
14 takings were being carried out in an urban renewal area  
15 as part of an urban renewal project.”

#### 16 REHABILITATION LOANS

17 SEC. 512. (a) Section 312 (a) of the Housing Act of  
18 1964 is amended to read as follows:

19 “SEC. 312. (a) The Secretary is authorized, through  
20 the utilization of local public and private agencies where  
21 feasible, to make loans as herein provided to the owners  
22 and tenants of property to finance the rehabilitation of such  
23 property. No loan shall be made under this section unless—

24 “(1) (A) the property is situated in an urban re-  
25 newal area or an area in which a program of concen-

1       trated code enforcement activity is being carried out  
2       pursuant to section 117 of the Housing Act of 1949,  
3       and the rehabilitation is required to make the property  
4       conform to applicable code requirements or to carry out  
5       the objectives of the urban renewal plan for the area; or

6           “(B) (i) the property is in an area (other than  
7       an area described in subparagraph (A)) which the  
8       governing body of the locality has determined, and so  
9       certifies to the Secretary, contains a substantial number  
10      of structures in need of rehabilitation, (ii) there is in  
11      effect for the locality a workable program meeting the  
12      requirements of section 101(c) of the Housing Act  
13      of 1949, (iii) the property is residential and owner-  
14      occupied, (iv) the property is in need of rehabilitation  
15      and is in violation of the local minimum housing or  
16      similar code, and (v) the area is scheduled for rehabili-  
17      tation or concentrated code enforcement within a reason-  
18      able time, and the rehabilitation of this property is  
19      consistent with the plan for rehabilitation or code  
20      enforcement.

21           “(2) the applicant is unable to secure the necessary  
22      funds from other sources upon comparable terms and  
23      conditions; and

24           “(3) the loan is an acceptable risk taking into  
25      consideration the need for the rehabilitation, the security

1 available for the loan, and the ability of the applicant  
2 to repay the loan.”

3 (b) Section 312 (h) of such Act is amended by striking  
4 out “October 1, 1969” and inserting in lieu thereof “Octo-  
5 ber 1, 1970”.

## 6 LOW AND MODERATE INCOME HOUSING IN RESIDENTIAL

### 7 URBAN RENEWAL AREAS

8 SEC. 513. Section 105 (f) of the Housing Act of 1949  
9 is amended to read as follows:

10 “(f) A majority of the housing units provided in urban  
11 renewal areas which will be redeveloped for predominantly  
12 residential uses and which receive Federal recognition after  
13 the date of enactment of the Housing and Urban Develop-  
14 ment Act of 1968 shall be standard housing units for low  
15 and moderate income families or individuals.”

## 16 TITLE VI—URBAN PLANNING AND FACILITIES

### 17 COMPREHENSIVE PLANNING

18 SEC. 601. Section 701 of the Housing Act of 1954 is  
19 amended to read as follows:

#### 20 “COMPREHENSIVE PLANNING

21 “SEC. 701. (a) In order to assist State and local gov-  
22 ernments in solving planning problems, including those re-  
23 sulting from the increasing concentration of population in  
24 metropolitan and other urban areas and the out-migration  
25 from and lack of coordinated development of resources and

1 services in rural areas; to facilitate comprehensive planning  
2 for urban and rural development, including coordinated  
3 transportation systems, on a continuing basis by such govern-  
4 ments; and to encourage such governments to establish and  
5 improve planning staffs and techniques on an areawide basis,  
6 and to engage private consultants where their professional  
7 services are deemed appropriate by the assisted govern-  
8 ments, the Secretary is authorized to make planning grants  
9 to—

10           “(1) State planning agencies for the provision of  
11 planning assistance to (A) cities and other municipali-  
12 ties having a population of less than 50,000 according  
13 to the latest decennial census, and counties without  
14 regard to population: *Provided*, That grants shall be  
15 made under this paragraph for planning assistance to  
16 counties having a population of 50,000 or more, accord-  
17 ing to the latest decennial census, which are within  
18 metropolitan areas, only if (i) the Secretary finds that  
19 planning and plans for such county will be coordinated  
20 with the program of comprehensive planning, if any,  
21 which is being carried out for the metropolitan area of  
22 which the county is a part, and (ii) the aggregate  
23 amount of the grants made subject to this proviso does  
24 not exceed 15 per centum of the aggregate amount  
25 appropriated, after September 2, 1964, for the purposes

1 of this section, (B) any group of adjacent communities,  
2 either incorporated or unincorporated, having a total  
3 population of less than 50,000 according to the latest  
4 decennial census and having common or related urban  
5 planning problems, (C) cities, other municipalities, and  
6 counties, referred to in paragraph (3) of this subsec-  
7 tion and areas referred to in paragraph (4) of this sub-  
8 section, and (D) Indian reservations;

9 “(2) State, metropolitan, and regional planning  
10 agencies for metropolitan or regional planning;

11 “(3) cities, other municipalities, and counties which  
12 (A) are situated in redevelopment areas or economic  
13 development districts designated by the Secretary of  
14 Commerce under title IV of the Public Works and Eco-  
15 nomic Development Act of 1965, or (B) have suf-  
16 fered substantial damage as a result of a catastrophe  
17 which the President, pursuant to section 2(a) of ‘An  
18 Act to authorize Federal assistance to States and local  
19 governments in major disasters, and for other purposes’,  
20 approved September 30, 1950, as amended (42 U.S.C.  
21 1855a), has determined to be a major disaster;

22 “(4) official governmental planning agencies for  
23 areas where rapid urbanization has resulted or is expected  
24 to result from the establishment or rapid and substantial  
25 expansion of a Federal installation, or for areas where

1 rapid urbanization is expected to result on land developed  
2 or to be developed as a new community approved under  
3 section 1004 of the National Housing Act, or title IV of  
4 the Housing and Urban Development Act of 1968;

5 “(5) States for State and interstate comprehensive  
6 planning and for research and coordination activity re-  
7 lated thereto, including technical and other assistance  
8 for the establishment and operation of intrastate and  
9 interstate planning agencies;

10 “(6) State planning agencies for assistance to dis-  
11 trict planning, or planning for areas within districts,  
12 carried on by or for district planning agencies;

13 “(7) metropolitan and regional planning agencies,  
14 with the approval of the State planning agency or (in  
15 States where no such planning agency exists) of the  
16 Governor of the State, for the provision of planning  
17 assistance within the metropolitan area or region to  
18 cities, other municipalities, counties, groups of adjacent  
19 communities, or Indian reservations described in clauses  
20 (A), (B), (C), and (D) of paragraph (1) of this  
21 subsection;

22 “(8) official governmental planning agencies for  
23 any area where there has occurred a substantial reduc-  
24 tion in employment opportunities as the result of (A)  
25 the closing (in whole or in part) of a Federal instal-

1       lation, or (B) a decline in the volume of Government  
2       orders for the procurement of articles or materials pro-  
3       duced or manufactured in such area;

4       “ (9) tribal planning councils or other tribal bodies  
5       designated by the Secretary of the Interior for planning  
6       for an Indian reservation;

7       “ (10) the various regional commissions established  
8       by the Appalachian Regional Development Act of 1965  
9       or under the Public Works and Economic Develop-  
10      ment Act of 1965 for comprehensive planning for the  
11      regions established under such Acts (or State agencies  
12      or instrumentalities participating in such planning) ; and

13      “ (11) local development districts, certified under  
14      section 301 of the Appalachian Regional Development  
15      Act of 1965, for comprehensive planning for their en-  
16      tire areas, or for metropolitan planning, urban planning,  
17      county planning, or small municipality planning within  
18      such areas in the Appalachian region, and for planning  
19      for Appalachian regional programs.

20   Planning assisted under this section shall, to the maximum  
21   extent feasible, cover entire areas having common or related  
22   development problems. The Secretary shall encourage co-  
23   operation in preparing and carrying out plans among all  
24   interested municipalities, political subdivisions, public agen-  
25   cies, and other parties in order to achieve coordinated devel-

1 opment of entire areas. To the maximum extent feasible,  
2 pertinent plans and studies already made for areas shall be  
3 utilized so as to avoid unnecessary repetition of effort and  
4 expense. Planning which may be assisted under this section  
5 includes the preparation of comprehensive transportation  
6 surveys, studies, and plans to aid in solving problems of traf-  
7 fic congestion, facilitating the circulation of people and goods  
8 in metropolitan and other areas and reducing transportation  
9 needs. Planning carried out with assistance under this section  
10 shall also include a housing element as part of the prepara-  
11 tion of comprehensive land use plans, and this consideration  
12 of the housing needs and land use requirements for housing in  
13 each comprehensive plan shall take into account all available  
14 evidence of the assumptions and statistical basis upon which  
15 the projection of zoning, community facilities, and popula-  
16 tion growth is based, so that the housing needs of both the  
17 region and the local communities studied in the planning will  
18 be adequately covered in terms of existing and prospective  
19 in-migrant population growth. Funds available under this  
20 section shall be in addition to and may be used jointly with  
21 funds available for planning surveys and investigations under  
22 other federally aided programs, and nothing contained in this  
23 section shall be construed as affecting the authority of the  
24 Secretary of Transportation under section 307 of title 23,  
25 United States Code.

1       “(b) A planning grant made under subsection (a)  
2 shall not exceed two-thirds of the estimated cost of the work  
3 for which the grant is made: *Provided*, That such a grant  
4 may be made for up to 75 per centum of such estimated  
5 cost when made for planning primarily for (1) redevelop-  
6 ment areas, local development districts, or economic de-  
7 velopment districts, or portions thereof, described in para-  
8 graphs (3) (A) and (11) of subsection (a), (2) areas  
9 described in subsection (a) (8), and (3) the various regions,  
10 as described in subsection (a) (10). All grants made under  
11 this section shall be subject to terms and conditions pre-  
12 scribed by the Secretary. No portion of any grant made  
13 under this section shall be used for the preparation of plans  
14 for specific public works. The Secretary is authorized, not-  
15 withstanding the provisions of section 3648 of the Revised  
16 Statutes, as amended, to make advance or progress payments  
17 on account of any grant made under this section. There are  
18 authorized to be appropriated for the purposes of this section  
19 not to exceed \$265,000,000 prior to July 1, 1969, and not  
20 to exceed \$390,000,000 prior to July 1, 1970. Of the amount  
21 available prior to July 1, 1969, \$20,000,000 may be used  
22 only for district planning grants under subsection (a) (6),  
23 which amount shall be increased by \$10,000,000 on July 1,  
24 1969. Any amounts appropriated under this section shall  
25 remain available until expended: *Provided*, That of any funds

1 appropriated under this section, not to exceed an aggregate  
2 of \$10,000,000 plus 5 per centum of any funds so appro-  
3 priated may be used by the Secretary for studies, research,  
4 and demonstration projects, undertaken independently or by  
5 contract, for the development and improvement of techniques  
6 and methods for comprehensive planning and for the advance-  
7 ment of the purposes of this section, and for grants to assist  
8 in the conduct of studies and research relating to needed  
9 revisions in State statutes which create, govern, or control  
10 local governments and local governmental operations.

11 “(c) The Secretary is authorized, in areas embracing  
12 several municipalities or other political subdivisions, to en-  
13 courage planning on a unified regional, district, or metro-  
14 politan basis and to provide technical assistance for such  
15 planning and the solution of problems relating thereto.

16 “(d) It is the further intent of this section to encourage  
17 comprehensive planning, including transportation planning,  
18 for States, cities, counties, metropolitan areas, districts, re-  
19 gions, and Indian reservations and the establishment and  
20 development of the organizational units needed therefor. In  
21 extending financial assistance under this section, the Secre-  
22 tary may require such assurances as he deems adequate that  
23 the appropriate State and local agencies are making reason-  
24 able progress in the development of the elements of compre-  
25 hensive planning. The Secretary is authorized to provide

1 technical assistance to State and local governments and their  
2 agencies and instrumentalities, and to Indian tribal bodies,  
3 undertaking such planning and, by contract or otherwise, to  
4 make studies and publish information on related problems.

5 “(e) In the exercise of his responsibilities under this  
6 section, the Secretary shall consult with those officials of  
7 the Federal Government responsible for the administration  
8 of programs of Federal assistance to the States and munici-  
9 palities for various categories of public facilities and other  
10 comprehensively planned activities. He shall, particularly,  
11 consult with the Secretary of Agriculture prior to his ap-  
12 proval of any district planning grants under subsections  
13 (a) (6) and (g), and with the Secretary of Commerce  
14 prior to his approval of any planning grants which include  
15 any part of an economic development district as defined  
16 and designated under the Public Works and Economic De-  
17 velopment Act of 1965. The Secretary of Agriculture and  
18 the Secretary of Commerce, as appropriate, may provide  
19 technical assistance, with or without reimbursement, in con-  
20 nection with the establishment of districts by the Secretary  
21 of Housing and Urban Development and the carrying out  
22 of planning by such districts.

23 “(f) The consent of the Congress is hereby given to any  
24 two or more States to enter into agreements or compacts, not  
25 in conflict with any law of the United States, for cooperative

1 efforts and mutual assistance in the comprehensive planning  
2 for the growth and development of interstate, metropolitan,  
3 or other urban areas, and to establish such agencies, joint or  
4 otherwise, as they may deem desirable for making effective  
5 such agreements and compacts.

6       “(g) In addition to the planning grants authorized by  
7 subsection (a), the Secretary is further authorized to make  
8 grants to organizations composed of public officials whom  
9 he finds to be representative of the political jurisdictions with-  
10 in a metropolitan area, region, or district for the purpose of  
11 assisting such organization to undertake studies, collect data,  
12 develop metropolitan, regional, and district plans and pro-  
13 grams, and engage in such other activities as the Secretary  
14 finds necessary or desirable for the solution of the metropoli-  
15 tan, regional, or district problems in such areas, regions,  
16 or districts. To the maximum extent feasible, all grants under  
17 this subsection shall be for activities relating to all the de-  
18 velopmental aspects of the total metropolitan area, region, or  
19 district including, but not limited to, land use, transporta-  
20 tion, housing, economic development, natural resources de-  
21 velopment, community facilities, and the general improve-  
22 ment of living environments. A grant under this subsection  
23 shall not exceed two-thirds of the estimated cost of the work  
24 for which the grant is made.

25       “(h) In addition to the other grants authorized by this

1 section, the Secretary is authorized to make grants to assist  
2 any city, other municipality, or county in making a survey  
3 of the structures and sites in such locality which are deter-  
4 mined by its appropriate authorities to be of historic or  
5 architectural value. Any such survey shall be designed to  
6 identify the historic structures and sites in the locality, deter-  
7 mine the cost of their rehabilitation or restoration, and pro-  
8 vide such other information as may be necessary or appro-  
9 priate to serve as a foundation for a balanced and effective  
10 program of historic preservation in such locality. The aspects  
11 of any such survey which relate to the identification of his-  
12 toric and architectural values shall be conducted in accord-  
13 ance with criteria found by the Secretary to be comparable  
14 to those used in establishing the National Register main-  
15 tained by the Secretary of the Interior under other provisions  
16 of law; and the results of each such survey shall be made  
17 available to the Secretary of the Interior. A grant under  
18 this subsection shall not exceed two-thirds of the cost of the  
19 survey for which it is made, and shall be made to the appro-  
20 priate agency or entity specified in paragraphs (1) through  
21 (11) of subsection (a) or, if there is no such agency or  
22 entity which is qualified and willing to receive the grant and  
23 provide for its utilization in accordance with this subsection,  
24 directly to the city, other municipality, or county involved.

1 “(i) As used in this section—

2 “(1) The term ‘metropolitan area’ means a stand-  
3 ard metropolitan statistical area, as established by the  
4 Bureau of the Budget, subject, however, to such mod-  
5 ifications or extensions as the Secretary deems to be  
6 appropriate for the purposes of this section.

7 “(2) The term ‘region’ includes (A) all or part of  
8 the area of jurisdiction of one or more units of general  
9 local government, and (B) one or more metropolitan  
10 areas.

11 “(3) The term ‘district’ includes all or part of the  
12 area of jurisdiction of (A) one or more counties, and  
13 (B) one or more other units of general local govern-  
14 ment, but does not include any portion of a metropolitan  
15 area.

16 “(4) The term ‘comprehensive planning’ includes  
17 the following:

18 “(A) preparation, as a guide for governmental  
19 policies and action, of general plans with respect  
20 to (i) the pattern and intensity of land use, (ii)  
21 the provision of public facilities (including trans-  
22 portation facilities) and other government services,  
23 and (iii) the effective development and utilization  
24 of human and natural resources;

1           “(B) long-range physical and fiscal plans for  
2           such action;

3           “(C) programing of capital improvements and  
4           other major expenditures, based on a determination  
5           of relative urgency, together with definitive financ-  
6           ing plans for such expenditures in the earlier years  
7           of the program;

8           “(D) coordination of all related plans and  
9           activities of the State and local governments and  
10          agencies concerned; and

11          “(E) preparation of regulatory and adminis-  
12          trative measures in support of the foregoing.

13          Comprehensive planning for the purpose of districts  
14          shall not include the planning for or assistance to  
15          establishments in relocating from one area to another  
16          or to assist subcontractors whose purpose is to divest,  
17          or whose economic success is dependent upon divest-  
18          ing, other contractors or subcontractors of contracts  
19          theretofore customarily performed by them: *Provided*,  
20          That this limitation shall not be construed to prohibit  
21          assistance for the expansion of an existing business  
22          entity through the establishment of a new branch,  
23          affiliate, or subsidiary of such entity, if the Secretary

1 finds that the establishment of such branch, affiliate, or  
2 subsidiary will not result in an increase in unemploy-  
3 ment in the area of original location or in any other area  
4 where such entity conducts business operations, unless  
5 the Secretary has reason to believe that such branch,  
6 affiliate, or subsidiary is being established with the inten-  
7 tion of closing down the operations of the existing busi-  
8 ness entity in the area of its original location or in any  
9 other area where it conducts such operations.

10 “(5) The term ‘State planning agencies’ includes  
11 official State planning agencies and (in States where no  
12 such planning agency exists) agencies or instrumentalities  
13 of State government designated by the Governor  
14 of the State and acceptable to the Secretary.

15 “(6) The terms ‘metropolitan planning agencies’,  
16 ‘regional planning agencies’, and ‘district planning  
17 agencies’ mean official metropolitan, regional, and dis-  
18 trict planning agencies, or other agencies and instru-  
19 mentalities designated by the Governor (or Governors  
20 in the case of interstate planning), and acceptable to the  
21 Secretary, empowered under State or local law or inter-  
22 state compact to perform metropolitan, regional, or dis-  
23 trict planning, respectively: *Provided*, That such agen-  
24 cies and instrumentalities shall, to the greatest practi-  
25 cable extent, be composed of or responsible to the elected

officials of the unit or units of general local government for whose jurisdictions they are empowered to engage in planning.”

#### PLANNED AREAWIDE DEVELOPMENT

SEC. 602. (a) The heading of title II of the Demonstration Cities and Metropolitan Development Act of 1966 is amended to read as follows: “TITLE II—PLANNED AREAWIDE DEVELOPMENT”.

(b) Section 201 of such Act is amended to read as follows:

#### “FINDINGS AND DECLARATION OF PURPOSE

“SEC. 201. (a) The Congress hereby finds that the welfare of the Nation and of its people is directly dependent upon the sound and orderly development and the effective organization and functioning of our State and local governments.

“It further finds that it is essential that our State and local governments prepare, keep current, and carry out comprehensive plans and programs for their orderly physical development with a view to meeting efficiently all their economic and social needs.

“It further finds that our State and local governments are especially handicapped in this task by the complexity and scope of governmental services required, the multiplicity of political jurisdictions and agencies involved, and the inade-

1 quacy of the operational and administrative arrangements  
2 available for cooperation among them.

3 “It further finds that present requirements for areawide  
4 planning and programing in connection with various Federal  
5 programs have materially assisted in the solution of areawide  
6 problems, but that greater coordination of Federal programs  
7 and additional participation and cooperation are needed from  
8 the States and localities in perfecting and carrying out such  
9 efforts.

10 “(b) It is the purpose of this title to provide through  
11 greater coordination of Federal programs and through sup-  
12 plementary grants for certain federally assisted development  
13 projects, additional encouragement and assistance to States  
14 and localities for making comprehensive areawide planning  
15 and programing effective.”

16 (c) Section 202 of such Act is amended by striking out  
17 “metropolitan”, each place it appears, and inserting in lieu  
18 thereof “areawide”.

19 (d) (1) Section 205 of such Act is amended by striking  
20 out “metropolitan development”, each place it appears, and  
21 inserting in lieu thereof “areawide development”.

22 (2) Such section is further amended by striking out  
23 “metropolitan areas” and “metropolitan area” and inserting  
24 in lieu thereof “areas” and “area”, respectively.

25 (3) Such section is further amended by striking out

1 “metropolitanwide” each place it appears, and inserting in  
2 lieu thereof “areawide”.

3 (4) Such section is further amended by striking out  
4 “metropolitan planning”, each place it appears, and insert-  
5 ing in lieu thereof “areawide planning”.

6 (5) Such section is further amended by inserting “where  
7 appropriate,” after “(B)” in subsection (c) (1).

8 (6) Such section is further amended by striking out in  
9 subsection (f) the following: “within the metropolitanwide  
10 area”.

11 (e) (1) Paragraphs (1) and (2) of section 208 of  
12 such Act are amended by striking out “Metropolitan” and  
13 inserting in lieu thereof “Areawide”.

14 (2) Paragraph (7) of such section is amended—

15 (A) by striking out “or metropolitan or regional”  
16 and inserting in lieu thereof “, metropolitan, regional,  
17 or district”; and

18 (B) by striking out in the parenthetical phrase the  
19 word “metropolitan”.

20 (f) Section 206 (b) of such Act is amended by striking  
21 out the second sentence and inserting in lieu thereof the  
22 following: “Any amounts appropriated under this section  
23 shall remain available until expended, and any amounts  
24 authorized for any fiscal year under this section but not

1 appropriated may be appropriated for any succeeding fiscal  
2 year commencing prior to July 1, 1970.”

3 ADVANCE ACQUISITION OF LAND

4 SEC. 603. (a) Section 701 of the Housing and Urban  
5 Development Act of 1965 is amended by striking out in  
6 clause (3) thereof “in connection with the future construc-  
7 tion of public works and facilities.” and inserting in lieu  
8 thereof “in the future for public purposes.”

9 (b) Section 704 of such Act is amended to read as  
10 follows:

11 “SEC. 704. (a) In order to encourage and assist the  
12 timely acquisition of land planned to be utilized in the future  
13 for public purposes, the Secretary is authorized to make  
14 grants to States and local public bodies and agencies to assist  
15 in financing the acquisition of a fee simple estate or other  
16 interest in such land.

17 “(b) The amount of any grant made under this section  
18 shall not exceed the aggregate amount of reasonable interest  
19 charges on the loans or other financial obligations incurred to  
20 finance the acquisition of such land for a period not in excess  
21 of the lesser of (1) five years from the date of acquisition of  
22 such land, or (2) the period of time between the date on  
23 which the land was acquired and the date its use began for  
24 the purpose for which it was acquired: *Provided*, That where  
25 all or any portion of the cost of such land is not financed

1 through borrowings, the amount of the grant shall be com-  
2 puted on the basis of the aggregate amount of reasonable in-  
3 terest charges that the Secretary determines would have  
4 been required.

5 “(c) No grant shall be made under this section unless  
6 the Secretary determines that the land will be utilized for a  
7 public purpose within a reasonable period of time and that  
8 such utilization will contribute to economy, efficiency, and  
9 the comprehensively planned development of the area. The  
10 Secretary shall in all cases require that land acquired with  
11 the assistance of a grant under this section be utilized for a  
12 public purpose within five years after the date on which a  
13 contract to make such grant is entered into, unless (1) the  
14 Secretary determines that due to unusual circumstances a  
15 longer period of time is necessary and in the public interest,  
16 and (2) reports such determination promptly to the Com-  
17 mittees on Banking and Currency of the Senate and House  
18 of Representatives.

19 “(d) No land acquired with assistance under this sec-  
20 tion shall, without approval of the Secretary, be diverted  
21 from the purpose originally approved. The Secretary shall  
22 approve no such diversion unless he finds that the diversion  
23 is in accord with the then applicable comprehensive plan for  
24 the area. In cases of a diversion of land to other than a pub-

1   lic purpose, the Secretary may require repayment of the  
2   grant, or substitution of land of approximately equal fair  
3   market value, whichever he deems appropriate. An interim  
4   use of the land for a public or private purpose in accordance  
5   with standards prescribed by the Secretary, or approved by  
6   him, shall not constitute a diversion within the meaning of  
7   this subsection.

8       “(e) Notwithstanding any other provision of law, no  
9   project for which land is acquired with assistance under  
10   this section shall, solely as a result of such advance acqui-  
11   sition, be considered ineligible for the purpose of any other  
12   Federal loan or grant program, and the amount of the pur-  
13   chase price paid for the land by the recipient of a grant  
14   under this section may be considered an eligible cost for the  
15   purpose of such other Federal loan or grant program.”

16               WATER AND SEWER FACILITIES PROGRAM

17       SEC. 604. (a) Section 702 (c) of the Housing and  
18   Urban Development Act of 1965 is amended by striking  
19   out “July 1, 1968” and inserting in lieu thereof “October 1,  
20   1969”.

21       (b) Section 702 of such Act is amended by adding at  
22   the end thereof a new subsection as follows:

23       “(d) In the administration of this section the Secretary  
24   shall require that, to the greatest extent practicable, new  
25   job opportunities be provided for unemployed or underem-

1   ployed persons in connection with projects the financing of  
2   which is assisted under this section.”

3   AUTHORIZATIONS FOR THE WATER AND SEWER FACILITIES,  
4       NEIGHBORHOOD FACILITIES, AND ADVANCE ACQUISI-  
5       TION OF LAND PROGRAMS

6       SEC. 605. (a) Section 708 (a) of the Housing and  
7   Urban Development Act of 1965 is amended by adding at  
8   the end thereof the following: “In addition, there is author-  
9   ized to be appropriated for grants under section 702 not to  
10   exceed \$115,000,000 for the fiscal year commencing on July  
11   1, 1969.”

12       (b) Section 708 (b) of such Act is amended by striking  
13   out “July 1, 1969” and inserting in lieu thereof “July 1,  
14   1970”.

15       OPEN-SPACE LAND PROGRAM

16       SEC. 606. (a) Section 702 (b) of the Housing Act of  
17   1961 is amended to read as follows:

18       “(b) There are authorized to be appropriated, for the  
19   purpose of making grants under this title, not to exceed  
20   \$310,000,000 prior to July 1, 1969, and not to exceed  
21   \$460,000,000 prior to July 1, 1970. Any funds so appro-  
22   priated shall remain available until expended.”

23       (b) Section 708 (b) of such Act is amended by striking  
24   out “\$50,000” and inserting in lieu thereof “\$125,000”.

1 AUTHORIZE THE MAKING OF FEASIBILITY STUDIES IN THE  
2 PUBLIC WORKS PLANNING ADVANCES PROGRAM

3 SEC. 607. Section 702 (a) of the Housing Act of 1954  
4 is amended by inserting after "to aid in financing the cost of"  
5 the following: "feasibility studies,".

6 TITLE VII—URBAN MASS TRANSPORTATION  
7 GRANT AUTHORIZATIONS

8 SEC. 701. (a) Section 4 (b) of the Urban Mass Trans-  
9 portation Act of 1964 is amended by (1) striking out the  
10 word "and" where it first appears in the first sentence, and  
11 (2) inserting before the period at the end of the first sen-  
12 tence "; and \$190,000,000 for fiscal year 1970".

13 (b) Section 6 (c) of such Act is amended by (1) strik-  
14 ing out "\$50,000,000" and inserting in lieu thereof "\$56,-  
15 000,000", and (2) inserting at the end thereof the follow-  
16 ing: "On or after July 1, 1969, the Secretary may make  
17 available to finance projects under this section such additional  
18 sums out of the grant authorization provided in section 4 (b)  
19 as he deems appropriate."

20 DEFINITION OF MASS TRANSPORTATION

21 SEC. 702. Section 12 (c) (5) of the Urban Mass Trans-  
22 portation Act of 1964 is amended to read as follows:

23 "(5) the term 'mass transportation' means trans-  
24 portation by bus, rail, or other conveyance, either pub-  
25 licly or privately owned, which provides to the public

1       general or special service (but not including school buses  
2       or charter or sightseeing service) on a regular and con-  
3       tinuing basis.”

4   EXTENSION OF EMERGENCY PROGRAM UNDER THE URBAN  
5       MASS TRANSPORTATION ACT

6       SEC. 703. Section 5 of the Urban Mass Transportation  
7   Act of 1964 is amended by striking out “November 1, 1968”  
8   and inserting in lieu thereof “July 1, 1970”.

9       NON-FEDERAL SHARE OF NET PROJECT COST

10      SEC. 704. (a) Section 4 (a) of the Urban Mass Trans-  
11   portation Act of 1964 is amended by striking out the last  
12   sentence and inserting in lieu thereof the following: “The  
13   remainder of the net project cost shall be provided, in cash,  
14   from sources other than Federal funds. Not more than 50 per  
15   centum of such remainder may be provided from other than  
16   public sources, and any public or private transit system funds  
17   shall be provided solely from undistributed cash surpluses,  
18   replacement or depreciation funds or reserves available in  
19   cash, or new capital; except that in cases of demonstrated  
20   fiscal inability of an applicant actively engaged in preparing  
21   and effectuating a program for a unified or officially coordi-  
22   nated urban transportation system as part of the comprehen-  
23   sively planned development of the urban area, such re-  
24   mainder may be provided from other than public sources. No  
25   refund or reduction of the remainder of the net project cost

1 shall be made at any time unless there is at the same time a  
2 refund of a proportional amount of the Federal grant.”

3 (b) Section 5 of such Act is amended by striking out the  
4 last sentence and inserting in lieu thereof the following: “The  
5 remainder of the net project cost shall be provided, in cash,  
6 from sources other than Federal funds. Not more than 50  
7 per centum of such remainder may be provided from other  
8 than public sources, and any public or private transit system  
9 funds shall be provided solely from undistributed cash sur-  
10 pluses, replacement or depreciation funds or reserves avail-  
11 able in cash, or new capital; except that in cases of demon-  
12 strated fiscal inability of an applicant actively engaged in  
13 preparing and effectuating a program for a unified or offi-  
14 cially coordinated urban transportation system as part of  
15 the comprehensively planned development of the urban area,  
16 such remainder may be provided from other than public  
17 sources. No refund or reduction of the remainder of the net  
18 project cost shall be made at any time unless there is at the  
19 same time a refund of a proportional amount of the Federal  
20 grant.”

## 21 TITLE VIII—SECONDARY MORTGAGE MARKET

### 22 PURPOSES

23 SEC. 801. The purposes of this title include the partition  
24 of the Federal National Mortgage Association as heretofore  
25 existing into two separate and distinct corporations, each of

1 which shall have continuity and corporate succession as a  
2 separated portion of the previously existing corporation. One  
3 of such corporations, to be known as Federal National Mort-  
4 gage Association, will be a Government-sponsored private  
5 corporation, will retain the assets and liabilities of the pre-  
6 viously existing corporation accounted for under section 304  
7 of the Federal National Mortgage Association Charter Act.  
8 and will continue to operate the secondary market operations  
9 authorized by such section 304. The other, to be known as  
10 Government National Mortgage Association, will remain in  
11 the Government, will retain the assets and liabilities of the  
12 previously existing corporation accounted for under sections  
13 305 and 306 of such Act, and will continue to operate the  
14 special assistance functions and management and liquidating  
15 functions authorized by such sections 305 and 306.

16 AMENDMENTS TO THE FEDERAL NATIONAL MORTGAGE  
17 ASSOCIATION CHARTER ACT

18 SEC. 802. (a) The heading of title III of the National  
19 Housing Act is amended by striking out "FEDERAL NA-  
20 TIONAL MORTGAGE ASSOCIATION" and inserting in  
21 lieu thereof "NATIONAL MORTGAGE ASSOCIATIONS".

22 (b) Section 301 of such Act is amended—

23 (1) by striking out "in the Federal Government a";

24 (2) by striking out "facility for" and inserting in

25 lieu thereof "facilities for";

1           (3) by striking out “of such facility” and inserting  
2           in lieu thereof “thereof”;

3           (4) by striking out “facility to” and inserting in  
4           lieu thereof “facilities to”; and

5           (5) by striking out “the existing mortgage port-  
6           folio of the Federal National Mortgage Association” and  
7           inserting in lieu thereof “federally owned mortgage  
8           portfolios”.

9           (c) Section 302 (a) of such Act is amended—

10           (1) by inserting “(1)” immediately following  
11           “(a)”;

12           (2) by striking out “(hereinafter referred to as  
13           the ‘Association’)”; and

14           (3) by adding at the end thereof the following  
15           new paragraph:

16           “(2) On the effective date established pursuant to sec-  
17           tion 808 of the Housing and Urban Development Act of  
18           1968, the body corporate described in the foregoing para-  
19           graph shall cease to exist in that form and is hereby parti-  
20           tioned into two separate and distinct bodies corporate, each  
21           of which shall have continuity and corporate succession as a  
22           separated portion of the previously existing body corporate,  
23           as follows:

24           “(A) One of such separated portions shall be a body  
25           corporate without capital stock to be known as Government

1 National Mortgage Association (hereinafter referred to as  
2 the Association), which shall be in the Department of  
3 Housing and Urban Development and which shall retain  
4 the assets and liabilities acquired and incurred under sections  
5 305 and 306 prior to such effective date, including any and  
6 all liabilities incurred pursuant to section 302 (c). The Asso-  
7 ciation shall have succession until dissolved by Act of Con-  
8 gress. It shall maintain its principal office in the District of  
9 Columbia and shall be deemed, for purposes of venue in civil  
10 actions, to be a resident thereof. Agencies or offices may be  
11 established by the Association in such other place or places  
12 as it may deem necessary or appropriate in the conduct of  
13 its business.

14 “(B) The other such separated portion shall be a body  
15 corporate to be known as Federal National Mortgage Asso-  
16 ciation (hereinafter referred to as the corporation), which  
17 shall retain the assets and liabilities acquired and incurred  
18 under sections 303 and 304 prior to such effective date. The  
19 corporation shall have succession until dissolved by Act of  
20 Congress. It shall maintain its principal office in the District  
21 of Columbia and shall be deemed, for purposes of venue  
22 in civil actions, to be a resident thereof.”

23 (d) Section 302 (b) of such Act is amended—

24 (1) by striking out “the Association is authorized”

1 and inserting in lieu thereof “each of the bodies corporate  
2 named in subsection (a) (2) is authorized”;

3 (2) by striking out “lend (under section 304) on  
4 the security of,”;

5 (3) by inserting immediately before the colon  
6 “; and the corporation is authorized to lend on the  
7 security of any such mortgages and to purchase, sell,  
8 or otherwise deal in any securities guaranteed by the  
9 Association under section 306 (g)”; and

10 (4) by striking out “no mortgage may be pur-  
11 chased” and inserting in lieu thereof “the Association  
12 may not purchase any mortgage”.

13 (e) Section 302 (c) (1) of such Act is amended by  
14 striking out “, consistent with section 307,”.

15 (f) Section 302 (c) (2) (C) of such Act is amended to  
16 read as follows:

17 “(C) The Department of Housing and Urban  
18 Development.”.

19 (g) Section 302 (c) (2) of such Act is amended by  
20 striking out “incurred by the Federal National Mortgage”  
21 and inserting in lieu thereof “incurred by the”.

22 (h) The heading of section 303 of such Act is amended  
23 to read as follows: “CAPITALIZATION—FEDERAL NATIONAL  
24 MORTGAGE ASSOCIATION”.

25 (i) Section 303 (a) of such Act is amended—

1           (1) by striking out “nonvoting common stock” and  
2     inserting in lieu thereof “common stock, without par  
3     value, which shall be vested with all voting rights, each  
4     share being entitled to one vote with rights of cumula-  
5     tive voting at all elections of directors”;

6           (2) by striking out “nonvoting preferred stock” and  
7     inserting in lieu thereof “nonvoting preferred stock, with  
8     a par value of \$100 per share,”;

9           (3) by striking out the second and third sentences  
10    thereof and inserting in lieu thereof “The free transfera-  
11    bility of the common stock at all times to any person,  
12    firm, corporation, or other entity shall not be restricted  
13    except that, as to the corporation, it shall be transfer-  
14    able only on the books of the corporation.”;

15          (4) by striking out “of the capital surplus and the  
16    general surplus accounts”;

17          (5) by striking out “retire” and inserting in lieu  
18    thereof “retire, at par,”; and

19          (6) by striking out “the Association shall deem  
20    feasible” and inserting in lieu thereof “possible subse-  
21    quent to the effective date established pursuant to section  
22    808 of the Housing and Urban Development Act of  
23    1968”.

24          (j) Section 303 (b) of such Act is amended—

1           (1) by striking out “for its services” and inserting  
2           in lieu thereof “, which may be regarded as elements of  
3           pricing,”; and

4           (2) by striking out the last sentence thereof.

5           (k) Section 303 (c) of such Act is amended—

6           (1) by striking out “(only in denominations of  
7           \$100 or multiples thereof) ”;

8           (2) by inserting immediately after the first sen-  
9           tence thereof “In addition to the shares of common stock  
10          issued under the foregoing sentence, the corporation may  
11          issue additional shares in return for appropriate pay-  
12          ments into capital or capital and surplus. The corpora-  
13          tion shall at all times require each servicer of its mort-  
14          gages to own a minimum amount of common stock of the  
15          corporation, measured by its stated value. Such mini-  
16          mum amount shall not exceed 2 per centum, as deter-  
17          mined from time to time by the corporation with the  
18          approval of the Secretary of Housing and Urban De-  
19          velopment, of the aggregate outstanding principal balances  
20          of all mortgages of the corporation which have been  
21          purchased subsequent to the effective date established  
22          pursuant to section 808 of the Housing and Urban  
23          Development Act of 1968 and which are then serviced  
24          by such servicer for the corporation.”; and

25          (3) by striking out “the general surplus account

1 of the Association shall not be reduced through the pay-  
2 ment of dividends applicable to such common stock  
3 which exceed in the aggregate 5 per centum of the par  
4 value of the outstanding common stock of the Associa-  
5 tion” and inserting in lieu thereof “the aggregate amount  
6 of cash dividends paid on account of any share of such  
7 stock shall not exceed any rate which may be deter-  
8 mined from time to time by the Secretary of Housing  
9 and Urban Development to be a fair rate of return after  
10 consideration of the current earnings and capital condi-  
11 tion of the corporation”.

12 (l) Section 303 (d) of such Act is amended by striking  
13 out “\$225,000,000” and inserting in lieu thereof “\$225,-  
14 000,000; but no such stock may be issued subsequent to the  
15 effective date established pursuant to section 808 of the  
16 Housing and Urban Development Act of 1968”.

17 (m) Section 303 (g) of such Act is repealed.

18 (n) The heading of section 304 of such Act is amended  
19 to read as follows: “SECONDARY MARKET OPERATIONS—FED-  
20 ERAL NATIONAL MORTGAGE ASSOCIATION”.

21 (o) Section 304 (a) (1) of such Act is amended by  
22 striking out “and the Association shall not purchase any  
23 mortgage insured or guaranteed prior to the effective date of  
24 the Housing Act of 1954”.

25 (p) Section 304 (b) of such Act is amended by strik-

1 ing out “earnings, and in” and inserting in lieu thereof  
2 “earnings unless a greater ratio shall be fixed at any time  
3 or from time to time by the Secretary of Housing and Urban  
4 Development. In”.

5 (q) Section 304 (c) of such Act is amended by striking  
6 out “(1) all of the preferred stock of the Association held  
7 by the Secretary of the Treasury has been retired, or (2)”.

8 (r) Sections 303 and 304 of such Act, as amended by  
9 the foregoing subsections of this section, are further  
10 amended—

11 (1) by striking out “Association” each place it ap-  
12 pears and inserting in lieu thereof, in each such place,  
13 “corporation”; and

14 (2) by striking out “Association’s” each place it  
15 appears and inserting in lieu thereof, in each such place,  
16 “corporation’s”.

17 (s) The heading of section 305 of such Act is amended  
18 to read as follows: “SPECIAL ASSISTANCE FUNCTIONS—  
19 GOVERNMENT NATIONAL MORTGAGE ASSOCIATION”.

20 (t) The heading of section 306 of such Act is amended  
21 to read as follows: “MANAGEMENT AND LIQUIDATING  
22 FUNCTIONS—GOVERNMENT NATIONAL MORTGAGE ASSOCIA-  
23 TION”.

24 (u) Subsections (a) and (b) of section 307 of such  
25 Act are repealed.

1 (v) Section 307 (c) of such Act is amended by striking  
2 out "board of directors of the Association" and inserting in  
3 lieu thereof "Secretary of Housing and Urban Development".

4 (w) The heading of section 308 of such Act is amended  
5 to read as follows:

6 "MANAGEMENT".

7 (x) Section 308 of such Act is amended—

8 (1) by inserting "(a)" immediately following  
9 "308";

10 (2) by striking out the first two sentences thereof  
11 and inserting in lieu thereof "All the powers and duties  
12 of the Government National Mortgage Association shall  
13 be vested in the Secretary of Housing and Urban De-  
14 velopment and the Association shall be administered un-  
15 der the direction of the Secretary.";

16 (3) by striking out "the board shall determine" and  
17 inserting in lieu thereof "the Secretary shall determine";

18 (4) by striking out "Association. The chairman of  
19 the board" and inserting in lieu thereof "Association, and  
20 shall have power to adopt, amend, and repeal bylaws  
21 governing the performance of the powers and duties  
22 granted to or imposed upon it by law. The Secretary";

23 (5) by striking out "board of directors," and insert-  
24 ing in lieu thereof "Secretary,";

25 (6) by striking out the last sentence thereof; and

1           (7) by adding at the end thereof the following new  
2 subsection:

3       “(b) The Federal National Mortgage Association shall  
4 have a board of directors which shall consist of fifteen per-  
5 sons, one-third of whom shall be appointed annually by the  
6 Secretary, and the remainder of whom shall be elected annu-  
7 ally by the common stockholders. The board shall at all times  
8 have as members appointed by the Secretary at least one per-  
9 son from the homebuilding industry, at least one person from  
10 the mortgage lending industry, and at least one person from  
11 the real estate industry. Each member of the board of direc-  
12 tors shall be appointed or elected for a term ending on the  
13 date of the next annual meeting of the stockholders, except  
14 that any such member may be removed from office by the  
15 President for good cause. Any elective seat on the board  
16 which becomes vacant after the annual election of the direc-  
17 tors shall be filled by the board, but only for the unexpired  
18 portion of the term. Any appointive seat which becomes  
19 vacant shall be filled by appointment of the Secretary, but  
20 only for the unexpired portion of the term. Within the  
21 limitations of law and regulation, the board shall deter-  
22 mine the general policies which shall govern the opera-  
23 tions of the corporation, and shall have power to adopt,  
24 amend, and repeal bylaws governing the performance of  
25 the powers and duties granted to or imposed upon it by law.

1 The board of directors shall select and effect the appoint-  
2 ment of qualified persons to fill the offices of president and  
3 vice president, and such other offices as may be provided for  
4 in the bylaws. Any member of the board who is a full-time  
5 officer or employee of the Federal Government shall not,  
6 as such member, receive compensation for his services.”.

7 (y) Section 309 (a) of such Act is amended—

8 (1) by striking out “The Association” and insert-  
9 ing in lieu thereof “Each of the bodies corporate named  
10 in section 302 (a) (2)”;

11 (2) by striking out “by its board of directors, to  
12 adopt, amend, and repeal bylaws governing the per-  
13 formance of the powers and duties granted to or imposed  
14 upon it by law;”;

15 (3) by striking out “conduct its business” and in-  
16 serting in lieu thereof “conduct its business without re-  
17 gard to any qualification or similar statute”;

18 (4) by striking out “the Association may deem”  
19 and inserting in lieu thereof “it may deem”; and

20 (5) by striking out “the purposes of the Associa-  
21 tion” and inserting in lieu thereof “its purposes”.

22 (z) Section 309 (c) of such Act is amended—

23 (1) by striking out “(1)”;

24 (2) by striking out “The Association” and insert-

1       ing in lieu thereof “(1) The Government National  
2       Mortgage Association”;

3               (3) by striking out “, and (2) the Association  
4       shall, with respect to its secondary market operations  
5       under section 304 after the cutoff date referred to in  
6       section 303 (d) of this title, pay annually to the Secre-  
7       tary of the Treasury, for covering into miscellaneous  
8       receipts, an amount equivalent to the amount of Federal  
9       income taxes for which it would be subject if it were not  
10      exempt from such taxes with respect to such secondary  
11      market operations”; and

12              (4) by adding at the end thereof the following new  
13      paragraph:

14      “(2) The Federal National Mortgage Association, in-  
15      cluding its franchise, capital, reserves, surplus, mortgages or  
16      other security holdings, and income, shall be exempt from  
17      all taxation now or hereafter imposed by any State, terri-  
18      tory, possession, Commonwealth, or dependency of the  
19      United States, or by the District of Columbia, or by any  
20      county, municipality, or local taxing authority, except that  
21      any real property of the corporation shall be subject to State,  
22      territorial, county, municipal, or local taxation to the same  
23      extent as other real property is taxed.”

24              (aa) Section 309 (d) of such Act is amended—

1           (1) by inserting “(1)” immediately following  
2       “(d)”;

3           (2) by striking out “Chairman of the Board” and  
4       inserting in lieu thereof “Secretary of Housing and  
5       Urban Development”;

6           (3) by striking out “agents,” and inserting in lieu  
7       thereof “agents of the Government National Mortgage  
8       Association,”; and

9           (4) by adding at the end thereof the following  
10      new paragraph:

11      “(2) The board of directors of the Federal National  
12      Mortgage Association shall have the power to select and  
13      appoint or employ such officers, attorneys, employees, and  
14      agents, to vest them with such powers and duties, and to fix  
15      and to cause the corporation to pay such compensation to  
16      them for their services, as it may determine; and any such  
17      action shall be without regard to the Federal civil service  
18      and classification laws. Appointments, promotions, and sep-  
19      arations so made shall be based on merit and efficiency, and  
20      no political test or qualification shall be permitted or given  
21      consideration. Each officer and employee of the corporation  
22      who is employed by the corporation prior to the termination  
23      of the transitional period referred to in section 810 (b) of  
24      the Housing and Urban Development Act of 1968 and who

1 on the day previous to the beginning of such employment  
2 will have been subject to the civil service retirement law  
3 (subch. III of ch. 83 of title 5, United States Code),  
4 shall, so long as his employment by the corporation con-  
5 tinues without a break in continuity of service, continue  
6 to be subject to such law; and for the purpose of such law  
7 his employment by the corporation without a break in con-  
8 tinuity of service shall be deemed to be employment by the  
9 Government of the United States. The corporation shall con-  
10 tribute to the Civil Service Retirement and Disability Fund  
11 a sum as provided by section 8334 (a) of title 5, United  
12 States Code, except that such sum shall be determined by  
13 applying to the total basic pay (as defined in 5 U.S.C.  
14 8331 (3) and except as hereinafter provided) paid to the  
15 employees of the corporation who are covered by the civil  
16 service retirement law, the per centum rate determined an-  
17 nually by the United States Civil Service Commission to be  
18 the excess of the total normal cost per centum rate of the  
19 civil service retirement system over the employee deduction  
20 rate specified in section 8334 (a) of title 5, United States  
21 Code. The corporation shall also pay into the Civil Service  
22 Retirement and Disability Fund such portion of the cost of  
23 administration of the fund as is determined by the United  
24 States Civil Service Commission to be attributable to its  
25 employees. Notwithstanding the foregoing provisions, there

1 shall not be considered for the purposes of the civil service  
2 retirement law that portion of the basic pay in any one year  
3 of any officer or employee of the corporation which exceeds  
4 the basic pay provided for in section 5312 of title 5, United  
5 States Code, on the last day of such year. Except as provided  
6 in this subsection, the corporation shall not be subject to  
7 the provisions of title 5, United States Code.”

8 (bb) Section 309 (e) of such Act is amended—

9 (1) by striking out “body corporate created by  
10 section 302” and inserting in lieu thereof “bodies cor-  
11 porate named in section 302 (a) (2)”;

12 (2) by inserting “, ‘Government National Mort-  
13 gage Association’,” immediately following “‘Federal  
14 National Mortgage Association’”; and

15 (3) by striking out the second sentence and insert-  
16 ing in lieu thereof “Violations of the foregoing sentence  
17 may be enjoined by any court of general jurisdiction at  
18 the suit of the proper body corporate. In any such suit,  
19 the plaintiff may recover any actual damages flowing  
20 from such violation, and, in addition, shall be entitled to  
21 punitive damages (regardless of the existence or non-  
22 existence of actual damages) of not exceeding \$100 for  
23 each day during which such violation is committed or  
24 repeated.”

1       (cc) Section 309 (g) of such Act is amended to read as  
2 follows:

3       “(g) The Federal Reserve banks are authorized and  
4 directed to act as depositaries, custodians, and fiscal agents  
5 for each of the bodies corporate named in section 302 (a)  
6 (2), for its own account or as fiduciary, and such banks shall  
7 be reimbursed for such services in such manner as may be  
8 agreed upon; and each of such bodies corporate may itself act  
9 in such capacities, for its own account or as fiduciary, and for  
10 the account of others.”

11       (dd) Section 309 of such Act is amended by adding  
12 thereto the following new subsection:

13       “(h) The Secretary of Housing and Urban Develop-  
14 ment shall have general regulatory power over the Federal  
15 National Mortgage Association and shall make such rules  
16 and regulations as shall be necessary and proper to insure  
17 that the purposes of this title are accomplished. No stock,  
18 obligation, security, or other instrument shall be issued by  
19 the corporation without the prior approval of the Secretary.  
20 The Secretary may require that a reasonable portion of  
21 the corporation’s mortgage purchases be related to the  
22 national goal of providing adequate housing for low and  
23 moderate income families, but with reasonable economic  
24 return to the corporation. The Secretary may examine and  
25 audit the books and financial transactions of the corporation,

1 and he may require the corporation to make such reports  
2 on its activities as he deems advisable.”

3 (ee) Section 311 of such Act is amended—

4 (1) by striking out “the Association” and insert-  
5 ing in lieu thereof “either of the bodies corporate named  
6 in section 302 (a) (2)”; and

7 (2) by adding at the end thereof “All stock, obliga-  
8 tions, securities, participations, or other instruments  
9 issued pursuant to this title shall, to the same extent  
10 as securities which are direct obligations of or obliga-  
11 tions guaranteed as to principal or interest by the United  
12 States, be deemed to be exempt securities within the  
13 meaning of laws administered by the Securities and  
14 Exchange Commission; but all such issuances shall be  
15 made only with the approval of the Secretary of Hous-  
16 ing and Urban Development.”

17 PARTICIPATIONS

18 SEC. 803. Section 302 (c) (5) of the Federal National  
19 Mortgage Association Charter Act is amended by inserting  
20 at the end thereof the following: “In the event that the  
21 insufficiency required by the trustee is on account of principal  
22 maturities of outstanding beneficial interests or participations  
23 authorized to be issued pursuant to paragraph (4) of this  
24 subsection, or pursuant hereto, the trustee is authorized to  
25 elect to issue additional beneficial interests or participations

1 for refinancing purposes in lieu of requiring any trustor or  
2 trustors to make payments to the trustee from appropriated  
3 funds or other sources. Each such issue of beneficial in-  
4 terests or participations shall be in an amount determined by  
5 the trustee but not in excess of the aggregate amount which  
6 the trustee would otherwise require the trustor or trustors  
7 to pay from appropriated funds or other sources, and may be  
8 issued without regard to the provisions of paragraph (4)  
9 of this subsection. All refinancing issues of beneficial in-  
10 terests or participations shall be deemed to have been issued  
11 pursuant to the authority contained in the appropriation Act  
12 or Acts under which the beneficial interests or participations  
13 were originally issued.”

14 MORTGAGE-BACKED SECURITIES

15 SEC. 804. (a) Section 304 of the Federal National  
16 Mortgage Association Charter Act is amended by adding at  
17 the end thereof the following new subsection:

18 “(d) To provide a greater degree of liquidity to the  
19 mortgage investment market and an additional means of  
20 financing its operations under this section, the corporation is  
21 authorized to set aside any mortgages held by it under this  
22 section, and, upon approval of the Secretary of the Treasury,  
23 to issue and sell securities based upon the mortgages so set  
24 aside. Securities issued under this subsection may be in the  
25 form of debt obligations or trust certificates of beneficial in-

1 terest, or both. Securities issued under this subsection shall  
2 have such maturities and bear such rate or rates of interest  
3 as may be determined by the corporation with the approval  
4 of the Secretary of the Treasury. Securities issued by the cor-  
5 poration under this subsection shall, to the same extent as  
6 securities which are direct obligations of or obligations guar-  
7 anteed as to principal and interest by the United States, be  
8 deemed to be exempt securities within the meaning of laws  
9 administered by the Securities and Exchange Commission.  
10 Mortgages set aside pursuant to this subsection shall at all  
11 times be adequate to enable the corporation to make timely  
12 principal and interest payments on the securities issued and  
13 sold pursuant to this subsection.”

14 (b) Section 306 of such Act is amended by adding at  
15 the end thereof the following new subsection:

16 “(g) The Association is authorized, upon such terms and  
17 conditions as it may deem appropriate, to guarantee the  
18 timely payment of principal of and interest on such trust  
19 certificates or other securities as shall (1) be issued by the  
20 Federal National Mortgage Association under section 304  
21 (d), or by any other issuer approved for the purposes of this  
22 subsection by the Association, and (2) be based on and  
23 backed by a trust or pool composed of mortgages which are  
24 insured under the National Housing Act or title V of the

1 Housing Act of 1949, or which are insured or guaranteed  
2 under the Servicemen's Readjustment Act of 1944 or chap-  
3 ter 37 of title 38, United States Code. The Association  
4 shall collect from the issuer a reasonable fee for any guaranty  
5 under this subsection and shall make such charges as it may  
6 determine to be reasonable for the analysis of any trust or  
7 other security arrangement proposed by the issuer. In the  
8 event the issuer is unable to make any payment of principal  
9 of or interest on any security guaranteed under this sub-  
10 section, the Association shall make such payment as and  
11 when due in cash, and thereupon shall be subrogated fully  
12 to the rights satisfied by such payment. Any Federal, State,  
13 or other law to the contrary notwithstanding, the Association  
14 is hereby empowered, in connection with any guaranty under  
15 this subsection, whether before or after any default, to pro-  
16 vide by contract with the issuer for the extinguishment, upon  
17 default by the issuer, of any redemption, equitable, legal, or  
18 other right, title, or interest of the issuer in any mortgage  
19 or mortgages constituting the trust or pool against which the  
20 guaranteed securities are issued; and with respect to any  
21 issue of guaranteed securities, in the event of default and  
22 pursuant otherwise to the terms of the contract, the mort-  
23 gages that constitute such trust or pool shall become the  
24 absolute property of the Association subject only to the un-  
25 satisfied rights of the holders of the securities based on and

1 backed by such trust or pool. The full faith and credit of the  
2 United States is pledged to the payment of all amounts  
3 which may be required to be paid under any guaranty under  
4 this subsection. There shall be excluded from the total  
5 amounts set forth in subsection (c) the amounts of any  
6 mortgages acquired by the Association as a result of its op-  
7 erations under this subsection.”

8 (c) Section 5136 of the Revised Statutes is amended  
9 by adding at the end thereof the following:

10 “Ninth. To issue and sell securities which are guar-  
11 anteed pursuant to section 306 (g) of the National  
12 Housing Act.”

13 (d) The first proviso of section 21 (a) (1) of the Bank-  
14 ing Act of 1933 is amended by inserting “, or issuing secu-  
15 rities,” immediately following “investment securities”.

16 (e) Section 5 (c) of the Home Owners’ Loan Act of  
17 1933 is amended by adding at the end thereof a new para-  
18 graph as follows:

19 “Any such association may issue and sell securities  
20 which are guaranteed pursuant to section 306 (g) of the  
21 National Housing Act.”

22 SUBORDINATED AND CONVERTIBLE OBLIGATIONS

23 SEC. 805. Section 304 of the Federal National Mort-  
24 gage Association Charter Act is amended by adding thereto

1 (after subsection (d) as added by section 804 of this Act)  
2 the following new subsection:

3 “(e) For the purposes of this section, the corporation  
4 is authorized to issue, upon the approval of the Secretary  
5 of the Treasury, obligations which are subordinated to any  
6 or all other obligations of the corporation, including sub-  
7 sequent obligations. The obligations issued under this sub-  
8 section shall have such maturities and bear such rate or  
9 rates of interest as may be determined by the corporation  
10 with the approval of the Secretary of the Treasury and may  
11 be made redeemable at the option of the corporation before  
12 maturity in such manner as may be stipulated in such  
13 obligations. Any of such obligations may be made convert-  
14 ible into shares of common stock in such manner, at such  
15 price or prices, and at such time or times as may be stipulated  
16 therein. The total principal amount of such subordinated  
17 obligations which may be outstanding at any one time shall  
18 not exceed two times the sum of (1) the capital of the cor-  
19 poration represented by its outstanding common stock and  
20 (2) its surplus and undistributed earnings at such time. The  
21 outstanding total principal amount of such obligations which  
22 are entirely subordinated to the obligations of the corpora-  
23 tion issued or to be issued under subsection (b) shall be  
24 deemed to be capital of the corporation for the purpose of

1 determining the aggregate amount of obligations issued  
2 under subsection (b) which may be outstanding at any  
3 one time. Obligations issued by the corporation under this  
4 subsection shall, to the same extent as securities which are  
5 direct obligations of or obligations guaranteed as to principal  
6 or interest by the United States, be deemed to be exempt  
7 securities within the meaning of laws administered by the  
8 Securities and Exchange Commission. The corporation shall  
9 insert appropriate language in all of its obligations issued  
10 under this subsection clearly indicating that such obliga-  
11 tions, together with the interest thereon, are not guaranteed  
12 by the United States and do not constitute a debt or obliga-  
13 tion of the United States or of any agency or instrumen-  
14 tality thereof other than the corporation. The corporation is  
15 authorized to purchase in the open market any of its obli-  
16 gations outstanding under this subsection at any time and at  
17 any price.”

18 SPECIAL ASSISTANCE AUTHORIZATION

19 SEC. 806. Section 305(c) of the Federal National  
20 Mortgage Association Charter Act is amended—

21 (1) by striking out “and” after “July 1, 1967,”;

22 and

23 (2) by striking out the period and inserting in lieu  
24 thereof “, and by \$250,000,000 on July 1, 1969.”

## AMENDMENTS TO OTHER LAWS

SEC. 807. (a) Section 306 (b) of the Housing Act of 1959 is amended by striking out "Federal National Mortgage Association pursuant" and inserting in lieu thereof "Government National Mortgage Association pursuant".

(b) Section 312 (d) of the Housing Act of 1964 is amended by striking out "Federal" and inserting in lieu thereof "Government".

(c) Section 5 (b) of the Department of Housing and Urban Development Act is amended—

(1) by striking out "The Federal" and inserting in lieu thereof "The Government"; and

(2) by striking out ", and the position of President of said Association is hereby allocated among the positions referred to in section 7 (c) hereof".

(d) Section 7 (b) of the Department of Housing and Urban Development Act is repealed.

(e) Section 101 of the Government Corporation Control Act is amended by striking out "Federal National Mortgage Association" and inserting in lieu thereof "Government National Mortgage Association".

(f) Section 13 (4) (F) of the Public Buildings Act of 1959 is amended by striking out "Federal" and inserting in lieu thereof "Government".

(g) Section 6 (b) of the Participation Sales Act of

1 1966 is amended by striking out “secondary market opera-  
2 tions carried on by the Federal” and inserting in lieu thereof  
3 “the Government”.

4 (h) Section 1820 (e) of title 38, United States Code, is  
5 amended by striking out “Federal National” in three places  
6 and inserting in lieu thereof, in each such place, “Govern-  
7 ment National”.

8 (i) Section 709 of title 18, United States Code, is  
9 amended by striking out “Federal National Mortgage As-  
10 sociation” each place it appears and inserting in lieu thereof,  
11 in each such place, “Government National Mortgage As-  
12 sociation”.

13 (j) Section 5136 of the Revised Statutes is amended  
14 by inserting “or the Government National Mortgage Asso-  
15 ciation” immediately following “Federal National Mortgage  
16 Association”.

17 (k) Section 11 (h) of the Federal Home Loan Bank  
18 Act is amended by inserting “or the Government National  
19 Mortgage Association, in the stock of the Federal National  
20 Mortgage Association” immediately following “Federal Na-  
21 tional Mortgage Association”.

22 (l) Section 16 of the Federal Home Loan Bank Act  
23 is amended by inserting “or the Government National Mort-  
24 gage Association” immediately following “Federal National  
25 Mortgage Association”.

1 (m) Section 5 (c) of the Home Owners' Loan Act of  
2 1933 is amended by inserting "or the Government National  
3 Mortgage Association," immediately following "Federal Na-  
4 tional Mortgage Association" and by inserting "or the stock  
5 of the Federal National Mortgage Association" immediately  
6 after "any other agency of the United States".

7 (n) Section 8 (8) (E) of the Federal Credit Union  
8 Act is amended by inserting "or the Government National  
9 Mortgage Association" immediately following "Federal Na-  
10 tional Mortgage Association".

#### 11 EFFECTIVE DATE

12 SEC. 808. The amendments made by this title shall be  
13 effective from and after a date, no more than one hundred  
14 and twenty days following the date of enactment of this  
15 Act, as established by the Secretary of Housing and Urban  
16 Development. Notice of the establishment of such effective  
17 date shall be published in the Federal Register at least thirty  
18 days prior thereto.

#### 19 SAVINGS PROVISIONS

20 SEC. 809. (a) No cause of action by or against the  
21 Federal National Mortgage Association existing prior to the  
22 effective date established pursuant to section 808 shall abate  
23 by reason of this enactment. Any such cause of action may  
24 thereafter be asserted by or against the appropriate corpo-  
25 ration.

1       (b) No suit, action, or other proceeding commenced  
2 by or against the Federal National Mortgage Association,  
3 or any officer thereof in his official capacity, prior to the  
4 effective date established pursuant to section 808 shall abate  
5 by reason of this enactment. A court may at any time there-  
6 after during the pendency of any such litigation, on its own  
7 motion or that of any party, order that the same may be  
8 maintained by or against the appropriate corporation or the  
9 appropriate corresponding officer thereof.

10                               TRANSITIONAL PROVISIONS

11       SEC. 810. (a) On the effective date established pursuant  
12 to section 808 of this Act, each share of outstanding non-  
13 voting common stock, with a par value of \$100 per share,  
14 of the Federal National Mortgage Association shall be  
15 changed into and shall become one share of voting common  
16 stock, without par value, of such corporation.

17       (b) (1) The provisions of section 308 (b) of the Federal  
18 National Mortgage Association Charter Act (as added by  
19 section 802 (x) (7) of this Act) shall be applicable only  
20 to the extent that its provisions do not conflict with this  
21 subsection.

22       (2) For a transitional period after the effective date  
23 established pursuant to section 808 of this Act, the board of  
24 directors of the Federal National Mortgage Association shall  
25 consist of nine persons. For a term expiring on the date of

1 the first annual meeting of the corporation's stockholders, all  
2 members of the board shall be appointed by the Secretary  
3 of Housing and Urban Development. For a term beginning  
4 on such date, seven members of the board shall be appointed  
5 by the Secretary, and two members shall be elected by the  
6 common stockholders. For subsequent terms beginning prior  
7 to the termination of the transitional period, five members  
8 shall be appointed by the Secretary, and four members shall  
9 be elected by the common stockholders. For each term be-  
10 ginning prior to the termination of the transitional period,  
11 the Secretary shall appoint as a member of the board the  
12 president of the corporation. During the transitional period,  
13 the president of the corporation shall be appointed by the  
14 President, by and with the advice and consent of the Senate.

15 (3) The transitional period referred to in paragraph  
16 (2) shall come to an end at such time as the board of di-  
17 rectors shall find, with the approval of the Secretary, that  
18 not less than one-third of the corporation's common stock  
19 is owned by persons or institutions in the mortgage lending,  
20 homebuilding, real estate, or related businesses; but in no  
21 event shall it end sooner than May 1, 1970, nor later than  
22 May 1, 1973.

23 (c) From the effective date established pursuant to sec-  
24 tion 808 and until the retirement of the last of the outstand-  
25 ing shares of its preferred stock, the Federal National Mort-

1 gage Association shall be deemed to be a wholly owned  
2 corporation for the purposes of the Government Corporation  
3 Control Act. Notwithstanding the foregoing provisions of this  
4 paragraph, the financial transactions of the Federal National  
5 Mortgage Association shall continue to be subject to audit by  
6 the General Accounting Office for such period as there may  
7 be outstanding obligations of the Federal National Mortgage  
8 Association which are guaranteed as to principal or interest  
9 by the Government National Mortgage Association.

10 (d) Those persons who are the officers and employees  
11 of the Federal National Mortgage Association immediately  
12 prior to the effective date established pursuant to section  
13 808 shall become the officers and employees of the Govern-  
14 ment National Mortgage Association on such date. The  
15 Federal National Mortgage Association and the Government  
16 National Mortgage Association shall provide by contract for  
17 the conditions and methods under which and by which the  
18 Federal National Mortgage Association during the transi-  
19 tional period may employ those individuals who are em-  
20 ployees of the Government National Mortgage Association  
21 on such effective date; and may provide by contract for the  
22 operation by either of such corporations of any of the func-  
23 tions of the other. The Secretary of Housing and Urban  
24 Development shall make every reasonable effort to place in  
25 other comparable Federal positions any individuals who are

1 career or career-conditional employees of the Government  
2 National Mortgage Association on such effective date and  
3 who are subsequently during the transitional period neither  
4 employed by the Federal National Mortgage Association nor  
5 retained by the Government National Mortgage Association.

## 6 TITLE IX—NATIONAL HOUSING PARTNERSHIPS

### 7 STATEMENT OF PURPOSE

8 SEC. 901. The Congress finds that the volume of  
9 housing being produced for families and individuals of low  
10 or moderate income must be increased to meet the national  
11 goal of a decent home and a suitable living environment for  
12 every American family, and declares that it is the policy of  
13 the United States to encourage the widest possible partici-  
14 pation by private enterprise in the provision of housing for  
15 low and moderate income families. The Congress has there-  
16 fore determined that one or more private organizations should  
17 be created to encourage maximum participation by private  
18 investors in programs and projects to provide low or mod-  
19 erate income housing.

### 20 CREATION OF CORPORATIONS

21 SEC. 902. (a) There is hereby authorized to be created  
22 a private corporation for profit (hereinafter in this title  
23 referred to as the "corporation"). The corporation will not  
24 be an agency or establishment of the United States Govern-  
25 ment. The corporation shall be subject to the provisions of

1 this title and, to the extent consistent with this title, to the  
2 District of Columbia Business Corporation Act (D.C. Code,  
3 sec. 29-901 et seq.).

4 (b) Whenever the President finds it in the national  
5 interest to do so, he may cause the creation of an additional  
6 corporation or additional corporations to carry out the pur-  
7 poses of this title. All the provisions of this title shall there-  
8 upon become applicable to each such corporation, and to the  
9 limited partnership formed by it pursuant to section 907 of  
10 this title.

11 (c) Nothing in this title shall be construed to preclude  
12 private persons from creating other corporations and organiz-  
13 ing other partnerships, joint ventures, or associations for the  
14 purposes set forth in this title as the purposes of the corpora-  
15 tion and the partnership described in section 907 of this title.

16 PROCESS OF ORGANIZATION

17 SEC. 903. (a) The President of the United States shall  
18 appoint, by and with the advice and consent of the Senate,  
19 incorporators of the corporation, one of whom shall be desig-  
20 nated by the President to serve as chairman. The incorpora-  
21 tors shall serve as the initial board of directors until the first  
22 annual meeting of stockholders or until their successors are  
23 elected and have qualified.

24 (b) The incorporators shall take whatever actions are

1 necessary or appropriate to establish the corporation, includ-  
2 ing the filing of articles of incorporation as approved by the  
3 President.

4 (c) The incorporators shall also arrange for an initial  
5 offering of shares of stock in the corporation and of interests  
6 in the partnership described in section 907 of this title. If the  
7 incorporators deem it advisable in order to carry out the pur-  
8 poses of this title, the initial offering may be made upon  
9 terms which require the purchase of other securities of the  
10 corporation or of interests in such partnership.

11 DIRECTORS

12 SEC. 904. The corporation shall have a board of di-  
13 rectors (hereinafter in this section referred to as the  
14 "board"), consisting of fifteen members. Three members of  
15 the board shall be appointed by the President of the United  
16 States, by and with the advice and consent of the Senate,  
17 effective the date on which the other members are elected,  
18 and for terms of three years or until their successors have  
19 been appointed and have qualified, except that the first three  
20 members of the board so appointed shall continue in office  
21 for terms of one, two, and three years, respectively, and any  
22 member so appointed to fill a vacancy shall be appointed  
23 only for the unexpired term of the director whom he suc-  
24 ceeds. Twelve members of the board shall be elected by the  
25 stockholders.

## FINANCING THE CORPORATION

SEC. 905. The corporation shall have the power to create and issue the number of shares stated in its articles of incorporation. Such shares may be divided into one or more classes, any or all of which classes may consist of shares with par value or shares without par value, with such designations, preferences, voting powers, special or relative rights and such limitations, restrictions, or qualifications thereof as shall be stated in the articles of incorporation. The articles of incorporation may limit or deny the voting power of the shares of any class.

## PURPOSES AND POWERS OF THE CORPORATION

SEC. 906. (a) In order to achieve the objectives and to carry out the purposes of this title, the corporation is authorized to—

(1) plan, initiate, and carry out, pursuant to Federal programs or otherwise, the building or rehabilitation of housing and related facilities primarily for the benefit of families and individuals of low and moderate income;

(2) buy, own, manage, lease, or otherwise acquire or dispose of property in connection with the developments, projects, or undertakings referred to in clause (1) of this subsection (a); and

1           (3) provide such funds as may be necessary to  
2       accomplish the developments, projects, or undertakings  
3       referred to in clause (1) of this subsection (a).

4       (b) Included in the activities authorized to the corpora-  
5       tion for the accomplishment of the purposes indicated in  
6       subsection (a) of this section are, among others not spe-  
7       cifically named—

8           (1) to enter into partnerships, limited partnerships,  
9       joint ventures, and other associations with individuals,  
10      corporations, and private and governmental agencies,  
11      organizations, and institutions;

12          (2) to act as manager or general partner of any  
13      such partnership, venture, or association;

14          (3) to conduct or contract for research and studies  
15      related to the development, demonstration, and evalua-  
16      tion of improved techniques and methods of constructing,  
17      rehabilitating, and maintaining housing;

18          (4) to provide technical assistance to nonprofit  
19      corporations, limited dividend corporations, and others  
20      with respect to the planning, financing, construction,  
21      rehabilitation, maintenance, and management of housing  
22      for low and moderate income families and individuals;

23          (5) to make loans or grants, including grants of  
24      interests in housing and related facilities, to nonprofit  
25      corporations, limited dividend corporations, and others

1 in carrying out its activities under subsection (a) of this  
2 section; and

3 (6) to hire or accept the voluntary services of con-  
4 sultants, experts, advisory boards, and panels to aid the  
5 corporation in carrying out the purposes of this title.

6 (c) To carry out the foregoing purposes and engage in  
7 the foregoing activities, the corporation shall have the usual  
8 powers conferred upon a stock corporation by the District of  
9 Columbia Business Corporation Act.

10 NATIONAL HOUSING PARTNERSHIP

11 SEC. 907. (a) The corporation is authorized to arrange  
12 for the formation, as a separate organization, of a limited  
13 partnership (hereinafter in this title referred to as the "part-  
14 nership") under the District of Columbia Uniform Limited  
15 Partnership Act (D.C. Code, sec. 41-401 et seq.) for the  
16 purpose of engaging in any of the activities authorized for  
17 the corporation under section 906 of this title, and to enter  
18 into a partnership agreement governing the affairs of such  
19 limited partnership.

20 (b) The partnership shall be subject to the provisions,  
21 to the extent consistent with this title, of (1) the District of  
22 Columbia Uniform Limited Partnership Act, and (2) those  
23 provisions of the District of Columbia Uniform Partnership  
24 Act (D.C. Code, sec. 41-301 et seq.) made applicable by  
25 section 6 (2) of that Act (D.C. Code, sec. 41-305 (2) ). Not-

1 withstanding any inconsistency between the provisions of  
2 such Acts, or of any other law, and the provisions of this  
3 section, the partnership organized pursuant to this section  
4 shall be deemed to have the legal status of a limited partner-  
5 ship.

6 (c) The partnership is authorized to enter into partner-  
7 ships, limited partnerships, or joint ventures organized under  
8 applicable State or local law for the purpose of engaging in  
9 lower income housing developments, projects, or undertak-  
10 ings in particular localities.

11 (d) The corporation shall be the general partner in the  
12 partnership. The capital of the partnership and the contri-  
13 butions of the partners shall be in such amounts and at such  
14 times as are set forth in or pursuant to the partnership  
15 agreement.

16 (e) The partnership agreement shall include provi-  
17 sions designed to assure that (1) the partnership shall par-  
18 ticipate in lower income housing developments, projects, or  
19 undertakings in a manner designed to encourage the par-  
20 ticipation therein of local interests, and (2) in any such  
21 development, project, or undertaking the partnership shall  
22 not subscribe to more than 25 per centum (including equity  
23 investments made in services or property) of the aggregate  
24 initial equity investment unless, in the judgment of the cor-  
25 poration as general partner, the balance of the required

1 equity investment is not readily obtainable from other respon-  
2 sible investors residing or doing business in the local  
3 community.

4 (f) The partnership agreement may without limita-  
5 tion (1) permit each of the stockholders of the Corporation  
6 to become a member of the partnership as a limited partner,  
7 (2) authorize the inclusion of other limited partners in ad-  
8 dition to the stockholders of the corporation, (3) provide  
9 that the assignee of the partnership interest of a limited  
10 partner of the partnership who is also a stockholder of the  
11 corporation may not become a substituted limited partner  
12 unless he also acquired the assignor's stock of the corpora-  
13 tion, (4) include provisions requiring that the corporation  
14 as a general partner approve the substitution or addition  
15 of a member of the partnership.

16 (g) A corporation which is a limited partner in the  
17 partnership shall not become liable as a general partner by  
18 reason of the fact that (1) such corporation is a holder of  
19 shares of voting stock of the corporation constituting not  
20 more than 5 per centum of the total number of outstanding  
21 shares of such stock and exercises any of the rights (including  
22 voting rights) of a holder of such shares, and/or (2) a per-  
23 son who is an officer or director of such corporation (or of  
24 another corporation which controls, or is subject to the con-

1 trol of, or is under common control with, such corporation)  
2 is a director of the corporation and performs the duties of  
3 that office. The interest of a limited partner in the partnership  
4 shall not be treated as a stock interest in the corporation,  
5 notwithstanding that such interest of a limited partner may  
6 be proportionate to his stock interest in the corporation.

7 (h) The certificate of the partnership and any amend-  
8 ment thereof required by the District of Columbia Uniform  
9 Limited Partnership Act shall be executed and acknowledged  
10 by the corporation as member and by each other member  
11 of the partnership or his attorney-in-fact duly authorized by  
12 power of attorney in writing. The corporation may execute  
13 and acknowledge the certificate and any amendment thereof  
14 as attorney-in-fact for any member, member to be substi-  
15 tuted or added, or assigning member, by whom the certificate  
16 or amendment is required to be executed and acknowledged  
17 and who has appointed the corporation as such attorney.

18 REPORT TO CONGRESS AND RECORDS

19 SEC. 908. (a) The corporation shall submit an annual  
20 report to the President for transmittal to the Congress within  
21 six months after the end of its fiscal year. The report shall  
22 include a comprehensive and detailed report of the opera-  
23 tions, activities, and financial condition of the corporation  
24 and the partnership under this title.

25 (b) The accounts of the corporation and of the part-

1 nership shall be audited annually in accordance with generally  
2 accepted auditing standards by independent certified public  
3 accountants or independent licensed public accountants certi-  
4 fied or licensed by a regulatory authority of a State or other  
5 political subdivision of the United States.

#### 6 ANTITRUST LAWS

7 SEC. 909. Nothing contained herein shall affect the ap-  
8 plicability of the Federal antitrust laws to the activities of the  
9 corporation and the partnership created under this Act and  
10 of the persons participating therein or in partnerships, limited  
11 partnerships, or joint ventures with either of them.

#### 12 RIGHT TO REPEAL, ALTER, OR AMEND

13 SEC. 910. The right to repeal, alter, or amend this title  
14 at any time is expressly reserved.

#### 15 AMENDMENT TO BANKING LAWS

16 SEC. 911. Paragraph "Seventh" of section 5136 of the  
17 Revised Statutes, as amended (12 U.S.C. 24), is amended  
18 by adding at the end thereof the following: "Notwithstand-  
19 ing any other provision in this paragraph, the association  
20 may purchase for its own account shares of stock issued by  
21 a corporation authorized to be created pursuant to title IX  
22 of the Housing and Urban Development Act of 1968, and  
23 may make investments in a partnership, limited partnership,  
24 or joint venture formed pursuant to section 907 (a) or  
25 907 (c) of that title."

## 1 TITLE X—RURAL HOUSING

2 HOUSING FOR LOW AND MODERATE INCOME PERSONS AND  
3 FAMILIES

4 SEC. 1001. Title V of the Housing Act of 1949 is  
5 amended by adding at the end thereof the following new  
6 section:

7 “LOANS TO PROVIDE OCCUPANT-OWNED, RENTAL, AND CO-  
8 OPERATIVE HOUSING FOR LOW AND MODERATE INCOME  
9 PERSONS AND FAMILIES

10 “SEC. 521. (a) Notwithstanding the provisions of sec-  
11 tions 502, 517 (a), and 515, loans to persons of low or  
12 moderate income under section 502 or 517 (a) (1), and  
13 loans under section 515 to provide rental or cooperative  
14 housing and related facilities for persons and families of  
15 low or moderate income or elderly persons and elderly  
16 families, shall bear interest at a rate prescribed by the  
17 Secretary at not less than a rate determined by the Secre-  
18 tary of the Treasury taking into consideration the current  
19 average market yield on outstanding marketable obligations  
20 of the United States with remaining periods to maturity  
21 comparable to the average maturities of such loans, adjusted  
22 to the nearest one-eighth of 1 per centum, less not to exceed  
23 the difference between the adjusted rate determined by the  
24 Secretary of the Treasury and 1 per centum per annum:  
25 *Provided*, That such a loan may be made only when the

1 Secretary determines that the needs of the applicant for  
2 necessary housing cannot be met with financial assistance  
3 from other sources including assistance under section 235  
4 or 236 of the National Housing Act.

5 “(b) Housing and related facilities provided with loans  
6 described in subsection (a) shall be located in rural areas;  
7 and applicants eligible for such loans under section 502 or  
8 517 (a) (1), or for occupancy of housing provided with  
9 such loans under section 515, shall include otherwise quali-  
10 fied nonrural residents who will become rural residents.

11 “(c) There shall be reimbursed to the Rural Housing  
12 Insurance Fund by annual appropriations the amounts by  
13 which nonprincipal payments made from the fund during  
14 each fiscal year to the holders of insured loans described in  
15 subsection (a) exceed interest due from the borrowers dur-  
16 ing each year; and the Secretary from time to time may  
17 issue notes to the Secretary of the Treasury under section  
18 517 (h) to obtain amounts equal to such unreimbursed excess  
19 payments, pending the annual reimbursement by appro-  
20 priation.”

21 HOUSING FOR RURAL TRAINEES

22 SEC. 1002. Title V of the Housing Act of 1949 is  
23 amended by adding after section 521 (as added by section  
24 1001 of this Act) the following new section:

## 1                   “HOUSING FOR RURAL TRAINEES

2           “SEC. 552. (a) Upon the application of any State or  
3 political subdivision thereof, or any public or private non-  
4 profit organization, the Secretary is authorized, after con-  
5 sultation with the Secretary of Labor, the Secretary of  
6 Health, Education, and Welfare, the Secretary of Housing  
7 and Urban Development, and the Director of the Office of  
8 Economic Opportunity, and after the Secretary determines  
9 that the housing and related facilities cannot reasonably be  
10 provided in any other way, to provide financial and technical  
11 assistance for the establishment, in rural areas, of housing  
12 and related facilities for trainees and their families who are  
13 residents of a rural area and have a rural background, while  
14 such trainees are enrolled and participating in training  
15 courses designed to improve their employment capability.  
16 The selection of training sites and location of housing shall  
17 be made with due regard to the economic viability of the  
18 area, and only after consideration of a labor area survey  
19 and full coordination among all Government agencies having  
20 primary responsibility for administering related programs.

21           “(b) Housing and related facilities assisted under this  
22 section shall be safe and sanitary, constructed in the most eco-  
23 nomical manner, and of modest design, giving due consid-  
24 eration to the purposes to be served and the needs of the  
25 occupants, and may, in the discretion of the Secretary, in-

1 clude mobile family quarters. Design and location shall be  
2 such as to facilitate, as feasible, the use of such housing and  
3 related facilities for other purposes when no longer needed for  
4 the primary purpose.

5 “(c) The applicant shall contribute the necessary land,  
6 or funds to acquire such land, from its own resources, includ-  
7 ing land acquired by donation or from funds repayable under  
8 subsection (e) or borrowed from other sources.

9 “(d) No financial assistance shall be made available  
10 under this section unless, to the extent and for the periods re-  
11 quired by the Secretary, the applicant agrees that—

12 “(1) such housing will be maintained at all times  
13 in a safe and sanitary condition in accordance with stand-  
14 ards prescribed by State or local law, or, in the absence  
15 of such standards, with requirements prescribed by the  
16 Secretary;

17 “(2) priority shall be given at all times in grant-  
18 ing occupancy of such housing and facilities to the  
19 trainees and their families described in subsection (a);  
20 and

21 “(3) rentals charged them shall not exceed amounts  
22 approved by the Secretary after considering the portion  
23 of the actual total family income which the family can  
24 afford to pay for rent while meeting its other immedi-  
25 ate needs during occupancy.

1       “(e) The Secretary may make advances pursuant to  
2 any contract for financial assistance under this section at such  
3 times and in such manner as may be specified in the contract.  
4 Such advances for the purchase of land shall be repayable  
5 with interest and within a period not to exceed thirty-three  
6 years and may be made upon such security, if any, as the  
7 Secretary requires. Advances for other purposes may be  
8 made repayable with or without interest or nonrepayable, as  
9 determined by the Secretary on the basis of the anticipated  
10 income and cost of operation of the housing and related facili-  
11 ties, and the ability of each applicant to finance such facilities.  
12 Any advances shall be limited to cover the capital costs of  
13 constructing such facilities, plus interest on borrowings to  
14 cover such costs.

15       “(f) Should housing and related facilities assisted pur-  
16 suant to a contract under this section be sold to an ineligible  
17 transferee or diverted to a use other than its primary purpose  
18 within a period specified in the contract, all advances made  
19 under such contract shall be repaid to the Secretary, up to the  
20 amount of the sales price or the fair value of the property as  
21 determined by the Secretary, whichever is higher, with inter-  
22 est from the date of the sale or diversion. If no suitable alter-  
23 nate use of the property is available, as determined by the  
24 Secretary, after the purpose of this section can no longer be

1 served, the property shall be returned to its original condition  
2 by the recipient of the assistance.

3 “ (g) Interest charged on advances made under this sec-  
4 tion shall be at a rate, prescribed by the Secretary, which  
5 shall be not less than a rate determined by the Secretary of  
6 the Treasury taking into consideration the current average  
7 market yield on outstanding marketable obligations of the  
8 United States with remaining periods to maturity comparable  
9 to the average maturities of such loans, adjusted to the near-  
10 est one-eighth of 1 per centum, less not to exceed the differ-  
11 ence between the adjusted rate determined by the Secretary  
12 of the Treasury and 1 per centum per annum, as determined  
13 by the Secretary.

14 “ (h) The Secretary shall prescribe regulations to insure  
15 that Federal funds expended under this section are not  
16 wasted or dissipated.

17 “ (i) As used in this section: (1) the term ‘related  
18 facilities’ shall include any necessary community rooms or  
19 buildings, infirmaries, utilities, access roads, water and sewer  
20 services, and the minimum fixed or movable equipment de-  
21 termined by the Secretary to be necessary to make the  
22 housing reasonably habitable by trainees and their families;  
23 and (2) the term ‘trainee’ means any person receiving train-  
24 ing under any federally assisted training program.

1       “(j) There are authorized to be appropriated such sums  
2 as may be necessary to carry out this section.”

3                                   APPROPRIATIONS

4       SEC. 1003. Section 513 of the Housing Act of 1949 is  
5 amended by—

6               (1) striking out “and (e)” and inserting in lieu  
7 thereof “(e)”; and

8               (2) inserting before the period at the end thereof  
9 the following: “; and (f) such sums as may be required  
10 by the Secretary to administer the provisions of sections  
11 235 and 236 of the National Housing Act”.

12                               PURCHASE OF LAND FOR BUILDING SITES

13       SEC. 1004. Section 514 (f) (2) of the Housing Act of  
14 1949 is amended by—

15               (1) striking out “and (B)” and inserting in lieu  
16 thereof “(B)”; and

17               (2) inserting before the semicolon a comma and  
18 the following: “and (C) land necessary for an adequate  
19 site”.

20                               FEDERAL LOAN ADJUSTMENTS

21       SEC. 1005. In the administration of subtitle III of the  
22 Consolidated Farmers Home Administration Act of 1961,  
23 relating to emergency loans, any application for a loan there-  
24 under in an amount of \$30,000 or less may be granted if  
25 such loan is for the repair, rehabilitation, or replacement

1 of property seriously damaged or destroyed as the result  
2 of a major disaster occurring after January 1, 1968, with-  
3 out regard to whether the Secretary of Agriculture finds that  
4 the required financial assistance can be met by private,  
5 cooperative, or other responsible sources (including loans  
6 the Secretary of Agriculture is authorized to make or insure  
7 under any other provision of law).

8 TITLE XI—NATIONAL INSURANCE DEVELOP-  
9 MENT CORPORATION

10 SHORT TITLE

11 SEC. 1101. This title may be cited as the “National  
12 Insurance Development Corporation Act of 1968”.

13 FINDINGS AND DECLARATION OF PURPOSE

14 SEC. 1102 (a) The Congress finds that (1) the vitality  
15 of many American cities is being threatened by the deteriora-  
16 tion of their inner city areas; responsible owners of well-  
17 maintained residential, business, and other properties in many  
18 of these areas are unable to obtain adequate property in-  
19 surance coverage against fire, crime, and other perils; the  
20 lack of such insurance coverage accelerates the deterioration  
21 of these areas by discouraging private investment and re-  
22 stricting the availability of credit to repair and improve  
23 property; and this deterioration poses a serious threat to the  
24 national economy; (2) recent riots and other civil commo-

1 tion in many American cities have brought about abnor-  
2 mally high losses to the property insurance industry for  
3 which adequate reinsurance cannot be obtained at reasonable  
4 cost, and the risk of such losses will make most lines of  
5 property insurance even more difficult to obtain; (3) the  
6 capacity of the property insurance industry to provide ade-  
7 quate insurance is threatened, and the continuity of such  
8 property insurance protection is essential to the extension  
9 of credit in these areas; and (4) the national interest de-  
10 mands urgent action by the Congress to assure that essential  
11 lines of property insurance, including protection against riot  
12 and civil commotion damage, will be available to property  
13 owners at reasonable cost.

14 (b) It is therefore the purpose of this title to (1) en-  
15 courage and assist the various State insurance authorities and  
16 the property insurance industry to develop and carry out  
17 statewide programs which will make necessary property in-  
18 surance coverage against the fire, crime, and other perils  
19 more readily available for residential, business, and other  
20 properties meeting reasonable underwriting standards; and  
21 (2) provide a Federal program of reinsurance against abnor-  
22 mally high property insurance losses resulting from riots and  
23 other civil commotion and placing appropriate financial  
24 responsibility upon the States to share in such losses.

1       AMENDMENT OF THE NATIONAL HOUSING ACT

2       SEC. 1103. The National Housing Act is amended by  
3 adding at the end thereof the following new title:

4           “TITLE XII—NATIONAL INSURANCE

5                   DEVELOPMENT CORPORATION

6       “CREATION AND DISSOLUTION OF NATIONAL INSURANCE

7                   DEVELOPMENT CORPORATION

8       “SEC. 1201. (a) There is created within the Depart-  
9 ment of Housing and Urban Development, under the author-  
10 ity of the Secretary, a body corporate to be known as the  
11 National Insurance Development Corporation (hereinafter  
12 referred to as the ‘Corporation’).

13       “(b) (1) The powers of the Corporation under this title  
14 shall terminate on April 30, 1973, except to the extent  
15 necessary—

16           “(A) to continue reinsurance in accordance with  
17 the provisions of section 1223 (b) until April 30, 1976;

18           “(B) to process, verify, and pay claims for rein-  
19 sured losses and perform other necessary functions in  
20 connection therewith; and

21           “(C) to complete the liquidation and termination of  
22 the Corporation.

23       “(2) On April 30, 1976, or as soon thereafter as pos-

1 sible, the Secretary shall submit to the Congress for approval,  
2 a plan for the liquidation and termination of the Corporation.

3 "EXECUTIVE DIRECTOR

4 "SEC. 1202. (a) Subject to the provisions of section  
5 1201 (a), the management of the Corporation shall be vested  
6 in an Executive Director who shall be appointed by the  
7 President, by and with the advice and consent of the Senate.

8 "(b) The Executive Director shall not be an officer,  
9 director, or employee of any private insurance company  
10 nor shall he hold any stock in any such company.

11 "ADVISORY BOARD, MEETINGS, DUTIES, COMPENSATION,

12 AND EXPENSES

13 "SEC. 1203. (a) (1) There is established an Advisory  
14 Board (hereinafter called the 'Board') consisting of nine-  
15 teen members appointed by the Secretary. Members of the  
16 Board shall be selected from among representatives of the  
17 general public, the insurance industry, State and local gov-  
18 ernments, including State insurance authorities, and the  
19 Federal Government. Of these members of the Board, not  
20 more than six shall be regular, full-time employees of the  
21 Federal Government, and not less than four shall be repre-  
22 sentatives of the private insurance industry and not less than  
23 four shall be representatives of State insurance authorities.

24 "(2) The Secretary shall designate a Chairman and a  
25 Vice Chairman of the Board.

1       “(3) Each member shall serve for a term of two years  
2 or until his successor has been appointed, except that no  
3 person who is appointed while a full-time employee of a  
4 State or the Federal Government shall serve in such position  
5 after he ceases to be so employed, unless he is reappointed.

6       “(4) Any member appointed to fill a vacancy occurring  
7 prior to the expiration of the term for which his predecessor  
8 was appointed shall be appointed for the remainder of that  
9 term.

10       “(b) The Chairman shall preside at all meetings, and  
11 the Vice Chairman shall preside in the absence or disability  
12 of the Chairman. The Board may, in the absence of both the  
13 Chairman and Vice Chairman, elect any member to act as  
14 Chairman pro tempore. The Board shall meet at such times  
15 and places as it may fix and determine, but shall hold at least  
16 four regularly scheduled meetings a year. Special meetings  
17 may be held at the call of the Chairman or any three mem-  
18 bers of the Board.

19       “(c) The Board shall review the general policies of the  
20 Corporation, and shall advise the Secretary and the Corpora-  
21 tion with respect thereto, and shall perform such other func-  
22 tions as specified in this title.

23       “(d) The members of the Board shall not, by reason of  
24 such membership, be deemed to be employees of the United  
25 States, and such members, except those who are regular full-

1 time employees of the Government, shall receive for their  
2 services, as members, the per diem equivalent to the rate for  
3 GS-18 when engaged in the performance of their duties, and  
4 each member of the Board shall be allowed travel expenses  
5 including per diem in lieu of subsistence, as authorized by  
6 section 5703 of title 5, United States Code, for persons in  
7 the Government service employed intermittently.

8 "DEFINITIONS

9 "SEC. 1204. (a) When used in this title, unless the  
10 context otherwise requires, the term—

11 " (1) 'environmental hazard' means any hazardous  
12 condition that might give rise to loss under an insurance  
13 contract, but which is beyond the control of the property  
14 owner;

15 " (2) 'essential property insurance' means insurance  
16 against direct loss to property as defined and limited  
17 in standard fire policies and extended coverage endorse-  
18 ment thereon, as approved by the State insurance au-  
19 thority, and insurance for such types, classes, and loca-  
20 tions of property against the perils of vandalism, ma-  
21 licious mischief, burglary, or theft, as the Corporation by  
22 rule shall designate. Such insurance shall not include  
23 automobile insurance and shall not include insurance of  
24 such types of manufacturing risks as may be excluded  
25 by the State insurance authority;

1           “(3) ‘inspection facility’ means the rating bureau  
2           or other person designated by the State insurance au-  
3           thority to perform inspections under fair access to in-  
4           surance requirements plans under part A;

5           “(4) ‘insurer’ includes any insurance company or  
6           group of companies under common ownership which is  
7           authorized to engage in the insurance business under the  
8           laws of any State;

9           “(5) ‘pool’ means any pool or association of in-  
10          surance companies in any State which is formed, asso-  
11          ciated, or otherwise created for the purpose of making  
12          property insurance more readily available;

13          “(6) ‘losses resulting from riots or civil disorders’  
14          means losses resulting from riots or civil disorders  
15          under policies for standard lines of property insurance for  
16          which reinsurance is offered under section 1221, as deter-  
17          mined under regulations of the Corporation;

18          “(7) ‘property owner’ means any person having an  
19          insurable interest in real, personal, or mixed real and  
20          personal property;

21          “(8) ‘person’ includes any individual or group of  
22          individuals, corporation, partnership, association, or any  
23          other organized group of persons;

24          “(9) ‘reinsured losses’ means losses on reinsurance

1       claims and all direct expenses incurred in connection  
2       therewith including, but not limited to, expenses for  
3       processing, verifying, and paying such losses;

4           “(10) ‘standard line of property insurance’ in-  
5       cludes—

6           “(A) fire and extended coverage;

7           “(B) vandalism and malicious mischief;

8           “(C) other allied lines of fire insurance;

9           “(D) burglary and theft;

10          “(E) those portions of multiple peril policies  
11       covering similar perils to those provided in (A),  
12       (B), (C), and (D);

13          “(F) inland marine;

14          “(G) glass;

15          “(H) boiler and machinery;

16          “(I) ocean marine;

17          “(J) aircraft physical damage; and

18          “(K) such other lines generally offered to the  
19       public which include protection against damage from  
20       riot or civil commotion as the Corporation by regu-  
21       lation may designate;

22          “(11) ‘State’ means the several States, the Dis-  
23       trict of Columbia, the Commonwealth of Puerto Rico,  
24       Guam, American Samoa, and the Trust Territory of the  
25       Pacific;

1           “(12) ‘urban area’ includes any municipality or  
2           other political subdivision of a State, subject to popula-  
3           tion or other limitations defined in rules and regulations  
4           of the Corporation and such additional areas as desig-  
5           nated by the State insurance authority; and

6           “(13) ‘year’ means a calendar year, fiscal year of  
7           a company, or such other period of twelve months as  
8           designated by the Corporation.

9           “(b) The Corporation is authorized to define, by rules  
10          and regulations, any technical or trade term, insofar as such  
11          definition is not inconsistent with the provisions of this title.

12          “PART A—STATEWIDE PLANS TO ASSURE FAIR ACCESS  
13                                  TO INSURANCE REQUIREMENTS

14                                  “FAIR PLANS

15          “SEC. 1211. (a) Each insurer reinsured under this  
16          title by the Corporation shall cooperate with the State  
17          insurance authority in each State in which it is to acquire  
18          such reinsurance in establishing and carrying out statewide  
19          plans to assure fair access to insurance requirements (FAIR  
20          plans).

21          “(b) Such plans must be approved by, and ad-  
22          ministered under the supervision of, the State insur-  
23          ance authority, or be authorized or required by State law,  
24          and shall be designed to make essential property insurance  
25          more readily available in, but not necessarily limited to,

1 urban areas. Such plans may vary in detail from State to  
2 State because of local conditions, but all plans shall contain  
3 provision that—

4 “(1) no risk shall be written at surcharged rates  
5 or be denied insurance coverage for essential property  
6 insurance unless there has first been an inspection of  
7 the risk, without cost to the owner, by the inspection  
8 facility and a determination by the insurer, based on  
9 information in the inspection report and other sources,  
10 that the risk does not meet reasonable underwriting  
11 standards at the applicable premium rate;

12 “(2) inspections under the plan may be requested  
13 by the property owner, or his representative, an insurer,  
14 an insurance agent, broker or other producer, and such  
15 requests need not be made in writing;

16 “(3) the absence of a building owner or his repre-  
17 sentative during an inspection shall not preclude a tenant  
18 seeking insurance from obtaining an inspection under the  
19 plan;

20 “(4) following the inspection, a copy of the inspec-  
21 tion report shall be promptly sent by the inspection  
22 facility to the insurer or insurers, or to an all-industry  
23 placement facility, referred to under section 1212, as  
24 may be designated by the person requesting the  
25 inspection;

1           “(5) after the inspection report is received by an  
2 insurer, it shall promptly determine if the risk meets  
3 reasonable underwriting standards at the applicable  
4 premium rate, and shall promptly return to the inspec-  
5 tion facility the inspection report and provide an action  
6 report setting forth:

7           “(A) the amount of coverage it agrees to  
8 write; and if the insurer agrees to write the cover-  
9 age with a surcharge (if such a surcharge is au-  
10 thorized by the State insurance authority), the im-  
11 provements necessary before it will provide cover-  
12 age at an unsurcharged premium rate;

13           “(B) the amount of coverage it agrees to write  
14 if certain improvements specified in the action re-  
15 port are made; or

16           “(C) the specific reasons it declines to write  
17 coverage;

18           “(6) if the insurer declines the risk, or agrees to  
19 write it on condition that the property will be improved,  
20 it shall also promptly send a copy of both the inspection  
21 and action reports to the property owner and the State  
22 insurance authority, and at the time the insurer sends  
23 such reports to the property owner, it shall also explain  
24 his right, under applicable State laws, to appeal the  
25 decision of the insurer to the State insurance authority,

1        setting forth the procedures to be followed for such  
2        appeal;

3            “(7) all policies written pursuant to the plan shall  
4        be promptly written after inspection or reinspection and  
5        shall be separately coded so that appropriate records  
6        may be compiled for purposes of performing loss pre-  
7        vention and other studies of the operation of the plan;

8            “(8) the inspection facility shall submit to the  
9        State insurance authority, and to the Corporation,  
10       periodic reports setting forth information, by individual  
11       insurers, including the number of risks inspected under  
12       the plan, the number of risks accepted, the number of  
13       risks conditionally accepted and reinspections made,  
14       the number of risks declined, and such other informa-  
15       tion as the State insurance authority may request;

16           “(9) notice will be given to any policyholder a  
17       reasonable time prior to the cancellation or nonrenewal  
18       of any risk eligible under the plan (except in case of  
19       nonpayment of premium or evidence of incendiarism),  
20       to allow ample time for an application for new coverage  
21       to be made and a new policy to be written under the  
22       plan, and the insurer shall, in writing, explain to the  
23       policyholder the procedures for obtaining an inspection  
24       under the plan in the notice of cancellation or nonre-  
25       newal; and

1           “(10) a continuing public education program will  
2       be undertaken by the participating insurers, agents, and  
3       brokers to assure that the plan receives adequate public  
4       attention.

5           “ALL-INDUSTRY PLACEMENT FACILITY

6       “SEC. 1212. Any plan under this part shall include an  
7       all-industry placement facility doing business with every  
8       insurer participating in the plan in the State, and shall pro-  
9       vide that this facility shall perform certain functions includ-  
10      ing, but not limited to, the following:

11           “(1) upon request by, or on behalf of, any property  
12      owner requesting an inspection under the plan, seek to  
13      distribute risks equitably among the insurers with which  
14      it is doing business; and

15           “(2) seek to place insurance up to the full insurable  
16      value of the risk to be insured with one or more insurers  
17      with which it is doing business, except to the extent that  
18      deductibles, percentage participation clauses, and other  
19      underwriting devices are employed to meet special prob-  
20      lems of insurability.

21           “INDUSTRY COOPERATION

22       “SEC. 1213. (a) Every insurer seeking reinsurance from  
23       the Corporation shall file a statement with the State insur-  
24       ance authority in each State in which it is participating in  
25       such plan, pledging its full participation and cooperation in

1 carrying out the plan, and shall file a copy of such statement  
2 with the Corporation.

3 “(b) No insurer acquiring reinsurance from the Cor-  
4 poration shall direct any agent or broker or other producer  
5 not to solicit business through such a plan, nor shall any  
6 agent, broker, or other producer be penalized by such insurer  
7 in any way for submitting applications for insurance to an  
8 insurer under the plan.

9 “PLAN EVALUATION

10 “SEC. 1214. (a) In accordance with such rules and  
11 regulations as the Corporation may prescribe, the State  
12 insurance authority shall—

13 “(1) transmit to the Corporation any proposed or  
14 adopted plan, or amendments thereto; and

15 “(2) advise the Corporation, from time to time,  
16 concerning the operation of the plan, its effectiveness in  
17 providing essential property insurance, and the need to  
18 form a pool of insurers or adopt other programs to make  
19 essential property insurance more readily available in  
20 urban areas of the State.

21 “(b) The Corporation may, after full consultation with  
22 the Board, by rules and regulations, modify the plan criteria  
23 set forth under this part, if it finds, on the basis of experience,  
24 that such action is necessary or desirable to carry out the  
25 purposes of this title. The Corporation may also, with respect

1 to any State, waive compliance with one or more of the plan  
2 criteria, upon certification by the State insurance authority  
3 that compliance is unnecessary or inadvisable under local  
4 conditions or State law.

5 "PART B—REINSURANCE COVERAGE

6 "REINSURANCE OF LOSSES FROM RIOTS OR CIVIL  
7 DISORDERS

8 "SEC. 1221. (a) (1) The Corporation is authorized to  
9 offer to any insurer or pool, subject to the conditions set forth  
10 in section 1223, reinsurance against property losses resulting  
11 from riots or civil disorders in any one or more States.

12 "(2) Reinsurance shall be offered to any such insurer  
13 only on all standard lines of property insurance enumerated  
14 under subparagraphs (A) through (E) of section 1204 (a)  
15 (10) together, and any insurer or pool purchasing such  
16 reinsurance shall also be eligible to purchase reinsurance  
17 on any one or more standard lines of property insurance  
18 enumerated under subparagraphs (F) through (J) of  
19 section 1204 (a) (10) or which may be designated by  
20 regulation pursuant to subparagraph (K) of that section.

21 "(b) Reinsurance coverage under this section may be  
22 provided by the Corporation immediately following the  
23 enactment of this title to any insurer or pool in any State  
24 on a temporary basis, and on such terms and conditions as  
25 may be agreed upon, and coverage under such terms and

1 conditions may be bound with respect to any such insurer  
2 or pool by means of a written binder which shall remain  
3 in force not more than ninety days and shall expire at the  
4 earlier of either—

5 “(1) the termination of such ninety-day period, or

6 “(2) the effective date of any governing contract,  
7 agreement, treaty, or other arrangement entered into  
8 between the insurer or pool and the Corporation under  
9 section 1222 for the purpose of providing reinsurance  
10 coverage against losses resulting from riots or civil  
11 disorders.

12 “(c) No reinsurance will be offered to any insurer or  
13 pool in a State after the expiration of the written binder  
14 entered into under subsection (b), unless there is in effect  
15 in such State a plan as set forth under part A, and the in-  
16 surer is participating in such plan, and unless in those States  
17 where a pool has been established pursuant to State law,  
18 the insurer is participating in such a pool.

19 “REINSURANCE AGREEMENTS AND PREMIUMS

20 “SEC. 1222. (a) During the first year following enact-  
21 ment of this title, the Corporation is authorized to enter into  
22 any contract, agreement, treaty, or other arrangement with  
23 any insurer or pool for reinsurance coverage, in considera-  
24 tion of payment of such premiums, fees, or other charges by  
25 insurers or pools which the Corporation, after full consulta-

1 tion with the Board, deems to be adequate to obtain aggregate  
2 reinsurance premiums for deposit in the National Insurance  
3 Development Fund in excess of the estimated amount of  
4 insured riot losses during the calendar year 1967, on the  
5 assumption that a substantial proportion of the property in-  
6 surance written will be reinsured under this title, and there-  
7 after the Corporation may increase or decrease such premi-  
8 ums for reinsurance if it is found, after full consultation with  
9 the Board and the National Association of Insurance Com-  
10 missioners, that such action is necessary or appropriate to  
11 carry out the purposes of this title.

12 “(b) Reinsurance offered by the Corporation shall re-  
13 imburse an insurer for its total proved and approved claims  
14 for losses resulting from riots or civil disorders during the  
15 term of the reinsurance contract, agreement, treaty, or other  
16 arrangement, in excess of the amount of the insurer’s  
17 retention of such losses as provided in such reinsur-  
18 ance contract, agreement, treaty, or other arrangement  
19 entered into under this section.

20 “(c) Such contracts, agreements, treaties, or other ar-  
21 rangements may include any terms and conditions which  
22 the Corporation deems necessary to carry out the purposes  
23 of this title. The premium rates, terms and conditions of  
24 such contracts with insurers or pools, throughout the coun-  
25 try, in any one year shall be uniform.

1       “(d) Any contract, agreement, treaty, or other arrange-  
2       ment for reinsurance under this section shall be for a term  
3       expiring on April 30, 1969, and on April 30 each year  
4       thereafter, and shall be entered into within ninety days after  
5       the effective date of this title or within ninety days prior  
6       to April 30 each year thereafter, or within ninety days after  
7       an insurer is authorized to write insurance eligible for re-  
8       insurance in a State which it was not authorized to write  
9       in the preceding year.

10                       “CONDITIONS OF REINSURANCE

11       “SEC. 1223. (a) Subject to the provisions of subsection  
12       (b) reinsurance shall not be offered by the Corporation in  
13       a State or be applicable to insurance policies written in that  
14       State by an insurer—

15               “(1) after one year following the effective date of  
16       this title, or, if the appropriate State legislative body  
17       has not met in regular session during that year, by the  
18       close of its next regular session, in any State which has  
19       not adopted appropriate legislation, retroactive to the  
20       effective date of this title, under which the State, its  
21       political subdivisions, or a governmental corporation or  
22       fund established pursuant to State law, will reimburse  
23       the Corporation, in an amount up to 5 per centum of  
24       the aggregate property insurance premiums earned in  
25       that State during the preceding calendar year on those

1 lines of insurance reinsured by the Corporation in that  
2 State during that year, such that the Corporation may be  
3 reimbursed for amounts paid by it in respect to reinsured  
4 losses that occurred in that State during a calendar year  
5 in excess of reinsurance premiums received in that State  
6 during the same calendar year in which the losses oc-  
7 curred plus the excess of the total premiums received by  
8 the Corporation for reinsurance in that State during a  
9 preceding period measured from the end of the most  
10 recent calendar year with respect to which the Corpora-  
11 tion was reimbursed for losses under this Act over any  
12 amounts paid by the Corporation for reinsured losses that  
13 occurred during this same period;

14 “(2) after thirty days following notification to the  
15 insurer that the Corporation finds (after consultation  
16 with the State insurance authority) that there has not  
17 been adopted by the State, or the property insurance  
18 industry in that State, a suitable program or programs,  
19 in addition to plans under part A, to make essential  
20 property insurance available without regard to environ-  
21 mental hazards, and that such action is necessary to  
22 carry out the purposes of this title, except that this  
23 paragraph shall not become effective until two years  
24 after the effective date of this title, or at such earlier

1       date as the Corporation, after consultation with the  
2       State insurance authority may determine;

3           “(3) after thirty days following notification to any  
4       insurer that the Corporation or the State insurance au-  
5       thority, finds that such insurer is not fully participating—

6           “(A) in the plan in the State;

7           “(B) where it exists, in a pool; and

8           “(C) where it exists, in any other program  
9       found by the Corporation to aid in making essential  
10      property insurance more readily available in the  
11      State:

12      *Provided*, That the Corporation shall not make any  
13      such finding with respect to any insurer unless (i) prior  
14      to making such finding the Corporation has requested  
15      and considered the views of the State insurance author-  
16      ity as to whether such findings should be made, or (ii)  
17      the Corporation has made such a request in writing to  
18      the State insurance authority and such authority has  
19      failed to respond thereto within a reasonable period of  
20      time after receiving such request;

21           “(4) following a merger, acquisition, consolidation  
22      or reorganization involving one or more insurers having  
23      lines of property insurance in the State reinsured by the  
24      Corporation and one or more insurers with or without  
25      such reinsurance, unless the surviving company—

1           “(A) meets the criteria of eligibility for rein-  
2           surance, other than as provided under section 1222  
3           (d) ; and

4           “(B) within ten days pays any reinsurance  
5           premiums due; or

6           “(5) upon receipt of notice from the insurer or pool  
7           that it desires to cancel its reinsurance agreement with  
8           the Corporation in the State.

9           “(b) Notwithstanding the foregoing provisions of this  
10          section, reinsurance may be continued for the term of the  
11          policies written prior to the date of termination or non-  
12          renewal of reinsurance under this section, for as long as the  
13          insurer pays reinsurance premiums annually in such amounts  
14          as determined under section 1222, based on the annual pre-  
15          miums earned on such reinsured policies, and for the pur-  
16          pose of this subsection, the renewal, extension, modification,  
17          or other change in a policy, for which any additional pre-  
18          mium is charged, shall be deemed to be a policy written on  
19          the date such change was made.

20          “RECOVERY OF PREMIUMS: STATUTE OF LIMITATIONS

21          “SEC. 1224. (a) The Corporation, in a suit brought in a  
22          United States district court, shall be entitled to recover from  
23          any insurer the amount of any unpaid premiums lawfully  
24          payable by such insurer to the Corporation.

25          “(b) No action or proceeding shall be brought for the

1 recovery of any premium due to the Corporation for reinsur-  
2 ance, or for the recovery of any premium paid to the Cor-  
3 poration in excess of the amount due to it, unless such action  
4 or proceeding shall have been brought within five years after  
5 the right accrued for which the claim is made, except that,  
6 where the insurer has made or filed with the Corporation a  
7 false or fraudulent annual statement, or other document with  
8 the intent to evade, in whole or in part, the payment of  
9 premiums, the claim shall not be deemed to have accrued  
10 until the discovery by the Corporation.

11 "PART C—PROVISIONS OF GENERAL APPLICABILITY

12 "CLAIMS AND JUDICIAL REVIEW

13 "SEC. 1231. (a) All reinsurance claims for losses under  
14 this title shall be submitted by insurers in accordance with  
15 terms and conditions as may be established by the  
16 Corporation.

17 "(b) (1) Upon disallowance of any claim against the  
18 Corporation under color of reinsurance made available under  
19 this title, or upon refusal of the claimant to accept the amount  
20 allowed upon any such claim, the claimant may institute an  
21 action against the Corporation on such claim in the United  
22 States district court for the district in which a major portion  
23 (in terms of value) of the claim arose.

24 "(2) Any such action must be begun within one year  
25 after the date upon which the claimant received from the

1 Corporation written notice of disallowance or partial dis-  
2 allowance of the claim, and exclusive jurisdiction is hereby  
3 conferred upon United States district courts to hear and  
4 determine such actions without regard to the amount in  
5 controversy.

6 “FISCAL INTERMEDIARIES AND SERVICING AGENTS

7 “SEC. 1232. (a) In order to provide for maximum  
8 efficiency in the administration of the reinsurance program  
9 under this title, and in order to facilitate the expeditious pay-  
10 ment of any funds under such program, the Corporation may  
11 enter into contracts with any insurer, or pool, or other person  
12 for the purpose of providing for the performance of any  
13 or all of the following functions:

14 “(1) estimating or determining any amounts of  
15 payments for reinsurance claims;

16 “(2) receiving from the Corporation and disbursing  
17 and accounting for funds in making payments for rein-  
18 surance claims;

19 “(3) auditing the records of any insurer or other  
20 person to the extent necessary to assure that proper pay-  
21 ments are made;

22 “(4) establishing the basis of liability for reinsur-  
23 ance payments, including the total amount of proved  
24 and approved claims which may be payable to any

1 insurer, and the total amount of premiums earned by  
2 any insurer in the respective States for reinsured lines  
3 of property insurance; and

4 “(5) otherwise assisting in any manner provided  
5 in the contract to further the purposes of this title.

6 “(b) (1) Any such contract may require the insurer,  
7 pool, or other person, or any of its officers or employees certi-  
8 fying payments or disbursing funds pursuant to the contract,  
9 or otherwise participating in carrying out the contract, to  
10 give surety bond to the Corporation in such amounts as it  
11 may deem appropriate.

12 “(2) In the absence of gross negligence or intent to  
13 defraud the Corporation—

14 “(A) no individual designated pursuant to a con-  
15 tract under this section to certify payments shall be  
16 liable with respect to any payment certified by him  
17 under this section; and

18 “(B) no officer of the United States disbursing  
19 funds shall be liable with respect to any otherwise  
20 proper payment by him if it was based on a voucher  
21 signed by an individual designated pursuant to a contract  
22 under this section to certify payments.

23 “NATIONAL INSURANCE DEVELOPMENT FUND

24 “SEC. 1233. (a) To carry out the programs authorized  
25 under this title, the Secretary is authorized to establish a

1 National Insurance Development Fund (hereinafter called  
2 the fund) which shall be available, without fiscal year limi-  
3 tation—

4 “(1) to make such payments as may, from time  
5 to time, be required of the Corporation under reinsur-  
6 ance contracts under this title;

7 “(2) to pay such administrative expenses of the  
8 Corporation as may be necessary or appropriate to carry  
9 out the purposes of this title; and

10 “(3) to repay to the Secretary of the Treasury such  
11 sums, including interest thereon, as may be borrowed  
12 from him under section 520 (b) .

13 “(b) The fund shall be credited with—

14 “(1) reinsurance premiums, fees, or other charges  
15 which may be paid or collected in connection with re-  
16 insurance provided under part B;

17 “(2) interest which may be earned on investments  
18 of the fund;

19 “(3) such amounts as may be advanced to the  
20 fund from appropriations in order to maintain the fund  
21 in an operative condition adequate to meet its liabilities;

22 “(4) receipts from any other source which may,  
23 from time to time, be credited to the fund; and

24 “(5) funds borrowed by the Secretary under sec-  
25 tion 520 (b) and deposited in the fund.

1       “(c) If, after any amounts which may have been ad-  
2 vanced to the fund from appropriations have been credited  
3 to the appropriation from which advanced (including inter-  
4 est thereon at the rate prescribed under section 520 (b) ), the  
5 Secretary determines that the moneys of the fund are in  
6 excess of current needs, he may request the investment of  
7 such amounts as he deems advisable by the Secretary of the  
8 Treasury in obligations issued or guaranteed by the United  
9 States.

10       “RECORDS, ANNUAL STATEMENT, AND AUDITS

11       “SEC. 1234. (a) Any insurer acquiring reinsurance  
12 from the Corporation shall furnish the Corporation with  
13 such summaries and analyses of information in their records  
14 as may be necessary to carry out the purposes of this title,  
15 in such form as the Corporation, in cooperation with the  
16 State insurance authority, shall, by rules and regulations,  
17 prescribe. The Corporation shall make use of State insurance  
18 authority examination reports and facilities to the maximum  
19 extent feasible.

20       “(b) Any insurer acquiring reinsurance from the Corpo-  
21 ration shall file with the Corporation a true and correct copy  
22 of any annual statement, or amendment thereof, filed with  
23 the State insurance authority of its domiciliary State, at the  
24 time it files such statement or amendment with such State  
25 insurance authority.

1       “(c) Any insurer or other person executing any con-  
2 tract, agreement, or other appropriate arrangement with the  
3 Corporation under section 1222 or section 1232, shall keep  
4 reasonable records which fully disclose the total costs of  
5 the programs undertaken or the services being rendered, and  
6 such other records as will facilitate an effective audit of  
7 liability for reinsurance payments by the Corporation.

8       “(d) The Corporation and the Comptroller General of  
9 the United States, or any of their duly authorized repre-  
10 sentatives, shall have access for the purpose of investigation,  
11 audit, and examination to any books, documents, papers,  
12 and records of any insurer or other person that are pertinent  
13 to the costs of any program undertaken for, or services  
14 rendered to, the Corporation. Such audits shall be conducted  
15 to the maximum extent feasible in cooperation with the State  
16 insurance authorities and through the use of their examining  
17 facilities.

18       STUDY OF REINSURANCE AND OTHER PROGRAMS

19       “SEC. 1235. (a) The Corporation is authorized and  
20 directed to conduct a study of reinsurance and other means  
21 to help assure—

22               “(1) an adequate market for burglary and theft and  
23 other property insurance in urban areas; and

24               “(2) adequate availability of surety bonds for con-  
25 struction contractors in urban areas.

1       “(b) The Corporation shall submit the results of this  
2 study, together with appropriate recommendations to the  
3 Secretary for transmittal to the President and the Congress  
4 no later than one year following the date of enactment of  
5 this title.

6                               “OTHER STUDIES

7       “SEC. 1236. (a) The Corporation, in cooperation with  
8 State insurance authorities and the private insurance indus-  
9 try, is authorized to undertake such studies as may be neces-  
10 sary to carry out the purposes of this title, including, but not  
11 limited to, inquiries concerning—

12               “(1) the operation of plans under part A;

13               “(2) the extent to which essential property insur-  
14 ance is unavailable in urban areas;

15               “(3) the market for private reinsurance; and

16               “(4) loss prevention methods and procedures, in-  
17 surance marketing methods, and underwriting tech-  
18 niques.

19                               “GENERAL POWERS OF CORPORATION

20       “SEC. 1237. (a) For the purpose of carrying out its  
21 functions under this title, the Corporation shall have power:

22               “(1) to have a corporate seal which may be altered  
23 at pleasure and to use the same by causing it, or a fac-

1 simile thereof, to be impressed or affixed or in any other  
2 manner reproduced;

3 “(2) to sue and be sued;

4 “(3) to enter into and perform contracts, leases,  
5 cooperative agreements, or other transactions, on such  
6 terms as the Corporation may deem appropriate, and  
7 consent to modification thereof, without regard to sec-  
8 tions 3648 and 3709 of the Revised Statutes, as amended  
9 (31 U.S.C. 529 and 41 U.S.C. 5), and section 322 of  
10 the Act of June 30, 1932, as amended (40 U.S.C.  
11 278a) ;

12 “(4) to appoint and fix the compensation of such  
13 personnel as may be necessary for the conduct of its  
14 business in accordance with the provisions of title 5,  
15 United States Code, governing appointment in the com-  
16 petitive service, and chapter 51 and subchapter III  
17 of chapter 53 of such title relating to classification and  
18 General Schedule pay rates, and to obtain the services  
19 of experts and consultants in accordance with section  
20 3109 of title 5, United States Code, at rates for indi-  
21 viduals not to exceed the per diem equivalent for  
22 GS-18;

23 “(5) except as may be otherwise provided in this

1 title, in the Government Corporation Control Act, or in  
2 any other laws specifically applicable to Government  
3 corporations, to determine the necessity for and the char-  
4 acter and amount of its obligations and expenditures and  
5 the manner in which they shall be incurred, allowed,  
6 paid, and accounted for, except that necessary expenses  
7 in connection with the payment of reinsured losses, in-  
8 cluding any audits or other inquiries, shall be considered  
9 nonadministrative expenses;

10 “(6) to issue such rules and regulations deemed  
11 necessary or appropriate by the Executive Director,  
12 after full consultation with the Board, after notice, and  
13 hearing if granted, as required by the Administrative  
14 Procedure Act, to carry out the purposes of this title;  
15 and

16 “(7) to exercise all powers specifically granted by  
17 the provisions of this title and such incidental powers as  
18 are necessary to carry out the purposes of this title.

19 “(b) All suits of a civil nature at common law or in  
20 equity to which the Corporation shall be a party shall be  
21 deemed to arise under the laws of the United States, except  
22 that no attachment, injunction, garnishment, or other similar  
23 process, mesne or final, shall be issued against the Corpora-  
24 tion or its property.

1 “SERVICES AND FACILITIES OF OTHER AGENCIES—UTILIZA-  
2 TION OF PERSONNEL, SERVICES, FACILITIES, AND  
3 INFORMATION

4 “SEC. 1238. The Corporation may, with the consent of  
5 the agency concerned, accept and utilize on a reimbursable  
6 basis, the officers, employees, services, facilities, and infor-  
7 mation of any agency of the Federal Government, except  
8 that any such agency having custody of any data relating  
9 to any of the matters within the jurisdiction of the Corpora-  
10 tion shall, to the extent permitted by law, upon request of  
11 the Corporation, make such data available to the Corpora-  
12 tion without reimbursement.

13 “ADVANCE PAYMENTS AND FINALITY OF CERTAIN  
14 FINANCIAL TRANSACTIONS

15 “SEC. 1239. (a) Notwithstanding the provisions of  
16 any other law to the contrary, any financial transaction  
17 relating to reinsurance under this title shall be final and con-  
18 clusive upon all officers of the United States.

19 “(b) Any payments which are made under the authority  
20 of this title may be made, after necessary adjustments on  
21 account of previously made underpayments or overpayments,  
22 in advance or by way of reimbursement. Payments by the  
23 Corporation may be made in such installments and on such  
24 conditions as the Corporation may determine.

## 1 "TAXATION

2 "SEC. 1240. (a) The Corporation, including its re-  
3 serves, surplus, and income shall be exempt from all taxation  
4 now or hereafter imposed by the United States, or by any  
5 State, or any subdivision thereof, except any real property  
6 acquired by the Corporation as a result of reinsurance shall  
7 be subject to taxation by any State or political subdivision  
8 thereof, to the same extent, according to its value as other  
9 real property is taxed.

10 "(b) Any measures undertaken by any State to meet or  
11 to fund its obligations under section 1223 (a) (1) shall not  
12 be the subject of any retaliatory or fiscal imposition by any  
13 other State.

## 14 "ANNUAL REPORT

15 "SEC. 1241. The Secretary shall include in his annual  
16 report a report of operations of the Corporation and its  
17 activities.

## 18 "APPROPRIATIONS

19 "SEC. 1242. There are hereby authorized to be appro-  
20 priated such sums as may be necessary to carry out this  
21 title."

## 22 FINANCING

23 SEC. 1104. Section 520 (b) of the National Housing Act  
24 is amended by inserting "(1)" after the word "necessary"  
25 in the first sentence, and by striking out the period at the end

1 of such sentence and inserting in lieu thereof “, and (2) to  
2 make payments for reinsured losses under title XII of this  
3 Act.”.

4 GOVERNMENT CORPORATION CONTROL ACT

5 SEC. 1105. Section 101 of the Government Corporation  
6 Control Act is amended by inserting after “Federal Housing  
7 Administration,” “National Insurance Development Cor-  
8 poration,”.

9 COMPENSATION OF EXECUTIVE DIRECTOR

10 SEC. 1106. Section 5315 of title 5, United States Code,  
11 is amended by inserting the following new paragraph at the  
12 end thereof:

13 “(90) Executive Director, National Insurance Develop-  
14 ment Corporation.”

15 CLARIFYING AMENDMENTS TO ACTS REFERRING TO  
16 DISASTERS

17 SEC. 1107. (a) Section 7 (b) (1) of the Small Busi-  
18 ness Act is amended by inserting “, riots or civil disorders,”  
19 before “or other catastrophes”.

20 (b) Section 101 (c) (2) (E) of the Housing and Urban  
21 Development Act of 1965 is amended by striking out  
22 “natural”.

23 (c) Section 111 of the Housing Act of 1949 is amend-  
24 ed by striking out “the Secretary” after “disaster,” and in-  
25 serting in lieu thereof “or which the Secretary has deter-

1 mined is in need of such redevelopment or rehabilitation  
2 as a result of a riot or civil disorder, he”.

3 (d) Section 203 (h) of the National Housing Act is  
4 amended by inserting “riot or civil disorder,” before “or  
5 other catastrophe”.

6 (e) No person who has been convicted of committing a  
7 felony during said riot or civil disorder shall be permitted to  
8 benefit from disaster relief provisions of the disaster relief  
9 laws of the United States.

## 10 TITLE XII—NATIONAL FLOOD INSURANCE

### 11 SHORT TITLE

12 SEC. 1201. This title may be cited as the “National  
13 Flood Insurance Act of 1968”.

### 14 FINDINGS AND DECLARATION OF PURPOSE

15 SEC. 1202. (a) The Congress finds that (1) from time  
16 to time flood disasters have created personal hardships and  
17 economic distress which have required unforeseen disaster  
18 relief measures and have placed an increasing burden on the  
19 Nation’s resources; (2) despite the installation of preventive  
20 and protective works and the adoption of other public pro-  
21 grams designed to reduce losses caused by flood damage,  
22 these methods have not been sufficient to protect adequately  
23 against growing exposure to future flood losses; (3) as a  
24 matter of national policy, a reasonable method of sharing  
25 the risk of flood losses is through a program of flood insur-

1   ance which can complement and encourage preventive and  
2   protective measures; and (4) if such a program is initiated  
3   and carried out gradually, it can be expanded as knowledge  
4   is gained and experience is appraised, thus eventually mak-  
5   ing flood insurance coverage available on reasonable terms  
6   and conditions to persons who have need for such protection.

7       (b) The Congress also finds that (1) many factors have  
8   made it uneconomic for the private insurance industry alone  
9   to make flood insurance available to those in need of such  
10   protection on reasonable terms and conditions; but (2) a  
11   program of flood insurance with large-scale participation of  
12   the Federal Government and carried out to the maximum  
13   extent practicable by the private insurance industry is feasi-  
14   ble and can be initiated.

15       (c) The Congress further finds that (1) a program of  
16   flood insurance can promote the public interest by providing  
17   appropriate protection against the perils of flood losses and  
18   encouraging sound land use by minimizing exposure of prop-  
19   erty to flood losses; and (2) the objectives of a flood insur-  
20   ance program should be integrally related to a unified  
21   national program for flood plain management and, to this  
22   end, it is the sense of Congress that within two years follow-  
23   ing the effective date of this title, the President should  
24   transmit to the Congress for its consideration any further  
25   proposals necessary for such a unified program, including

1 proposals for the allocation of costs among beneficiaries of  
2 flood protection.

3 (d) It is therefore the purpose of this title to (1) au-  
4 thorize a flood insurance program by means of which flood  
5 insurance, over a period of time, can be made available on  
6 a nationwide basis through the cooperative efforts of the  
7 Federal Government and the private insurance industry, and  
8 (2) provide flexibility in the program so that such flood  
9 insurance may be based on workable methods of pooling  
10 risks, minimizing costs, and distributing burdens equitably  
11 among those who will be protected by flood insurance and  
12 the general public.

13 (e) It is the further purpose of this title to (1) en-  
14 courage State and local governments to make appropriate  
15 land use adjustments to constrict the development of land  
16 which is exposed to flood damage and minimize damage  
17 caused by flood losses, (2) guide the development of pro-  
18 posed future construction, where practicable, away from loca-  
19 tions which are threatened by flood hazards, (3) encourage  
20 lending and credit institutions, as a matter of national policy,  
21 to assist in furthering the objectives of the flood insurance  
22 program, (4) assure that any Federal assistance provided  
23 under the program will be related closely to all flood-related  
24 programs and activities of the Federal Government, and

1 (5) authorize continuing studies of flood hazards, in order  
2 to provide for a constant reappraisal of the flood insurance  
3 program and its effect on land use requirements.

4 AMENDMENTS TO THE FEDERAL FLOOD INSURANCE ACT OF  
5 1956

6 SEC. 1203. (a) The second sentence of section 15 (e)  
7 of the Federal Flood Insurance Act of 1956 (79 Stat. 1078)  
8 is amended—

9 (1) by striking out “rate” the second time it  
10 appears in such sentence, and inserting in lieu thereof  
11 “market yield”, and

12 (2) by striking out “as of the last day of”, and  
13 inserting in lieu thereof “during”.

14 (b) Section 15 (e) of such Act is further amended by  
15 striking out the last sentence thereof.

16 (c) Sections 2 through 14, subsections (a) through  
17 (d), and (f) and (g) of section 15, and sections 16 through  
18 23 of such Act are hereby repealed.

19 DEFINITIONS

20 SEC. 1204. As used in this title, the term—

21 (1) “Flood” shall have such meaning as may be  
22 prescribed in regulations of the Secretary, and may in-  
23 clude inundation from the overflow of streams, rivers,  
24 or other bodies of water, and from tidal surges, abnor-

1 mally high tidal water, tidal waves, hurricanes, and other  
2 severe storms or deluge;

3 (2) "United States" (when used in a geographic  
4 sense), and "State", respectively, include the several  
5 States, the District of Columbia, the territories and pos-  
6 sessions, and the Commonwealth of Puerto Rico;

7 (3) "Insurance company", "other insurer", "insur-  
8 ance agents and brokers" include any organizations and  
9 persons authorized to engage in the insurance business  
10 under the laws of any State (as "State" is defined in  
11 paragraph (2) ) ;

12 (4) "Insurance adjustment organizations" includes  
13 any organizations and persons engaged in the business of  
14 adjusting loss claims arising under insurance policies  
15 issued by any insurance company or other insurer au-  
16 thorized to engage in the insurance business under the  
17 laws of any State (as "State" is defined in paragraph  
18 (2) ) ;

19 (5) "Person" includes any individual or group  
20 of individuals, corporation, partnership, association, or  
21 any other organized group of persons, including State  
22 and local governments and agencies thereof; and

23 (6) "Secretary" means the Secretary of Housing  
24 and Urban Development.

## 1 CHAPTER I—THE NATIONAL FLOOD INSURANCE PROGRAM

## 2 BASIC AUTHORITY

3 SEC. 1205. (a) To carry out the purposes of this title,  
4 the Secretary is authorized to establish and carry out a na-  
5 tional flood insurance program which will enable interested  
6 persons to purchase insurance against loss resulting from  
7 physical damage to or loss of real property or personal prop-  
8 erty related thereto arising from any flood occurring in the  
9 United States.

10 (b) In carrying out the flood insurance program the  
11 Secretary shall, to the maximum extent practicable, encour-  
12 age and arrange for—

13 (1) appropriate financial participation and risk-  
14 sharing in the program by insurance companies or other  
15 insurers, and

16 (2) other appropriate participation on other than a  
17 risk-sharing basis by insurance companies or other in-  
18 surers, insurance agents and brokers, and insurance  
19 adjustment organizations,

20 in accordance with the provisions of chapter II.

## 21 SCOPE OF PROGRAM AND PRIORITIES

22 SEC. 1206. (a) In carrying out the flood insurance pro-  
23 gram the Secretary shall afford a priority to making flood

1 insurance available to cover residential properties which are  
2 designed for the occupancy of from one to four families.

3 (b) If on the basis of—

4 (1) studies and investigations undertaken and car-  
5 ried out and information received or exchanged under  
6 section 1208, and

7 (2) such other information as may be necessary,  
8 the Secretary determines that it would be feasible to  
9 extend the flood insurance program to cover other prop-  
10 erties, he may take such action under this title as from  
11 time to time may be necessary in order to make flood  
12 insurance available to cover, on such basis as may be  
13 feasible, any types and classes of—

14 (A) other residential properties,

15 (B) business properties,

16 (C) agricultural properties,

17 (D) properties occupied by private nonprofit  
18 organizations, and

19 (E) properties owned by State and local gov-  
20 ernments and agencies thereof,

21 and any such extensions of the program to any types  
22 and classes of these properties shall from time to time be  
23 prescribed in regulations.

24 (c) The Secretary shall make flood insurance available

1 in only those States or areas (or subdivisions thereof) which  
2 he has determined have—

3 (1) evidenced a positive interest in securing flood  
4 insurance coverage under the flood insurance program,  
5 and

6 (2) given satisfactory assurance that by June 30,  
7 1970, permanent land use and control measures will have  
8 been adopted for the State or area (or subdivision)  
9 which are consistent with the comprehensive criteria for  
10 land management and use developed under section 302,  
11 and that the application and enforcement of such meas-  
12 ures will commence as soon as technical information on  
13 floodways and on controlling flood elevations is available.

14 NATURE AND LIMITATION OF INSURANCE COVERAGE

15 SEC. 1207. (a) The Secretary from time to time shall,  
16 after consultation with the advisory committee authorized  
17 under section 1219 and appropriate representatives of the in-  
18 surance authorities of the respective States, provide by regu-  
19 lation for general terms and conditions of insurability which  
20 shall be applicable to properties eligible for flood insurance  
21 coverage under section 1206, including—

22 (1) the types, classes, and locations of any such  
23 properties which shall be eligible for flood insurance;

24 (2) the nature of and limits of loss or damage in

1 any areas (or subdivisions thereof) which may be  
2 covered by such insurance;

3 (3) the classification, limitation, and rejection of  
4 any risks which may be advisable;

5 (4) appropriate minimum premiums;

6 (5) appropriate loss-deductibles; and

7 (6) any other terms and conditions relating to in-  
8 surance coverage or exclusion which may be necessary  
9 to carry out the purpose of this title.

10 (b) In addition to any other terms and conditions under  
11 subsection (a), such regulations shall provide that—

12 (1) any flood insurance coverage based on charge-  
13 able premium rates (under section 1209) which are less  
14 than estimated premium rates (under section 1208 (a)  
15 (1) ), shall not exceed—

16 (A) in the case of residential properties which  
17 are designed for the occupancy of from one to four  
18 families,

19 (i) \$15,000 aggregate liability for any  
20 dwelling unit, and \$30,000 for any single dwell-  
21 ing structure containing more than one dwell-  
22 ing unit, and

23 (ii) \$5,000 aggregate liability per dwell-  
24 ing unit for any contents related thereto; and

25 (B) in the case of any other properties which

1           may become eligible for flood insurance coverage  
2           under section 1206, \$30,000 aggregate liability for  
3           any single structure; and

4           (2) any flood insurance coverage which may be  
5           made available in excess of any of the limits specified  
6           in subparagraphs (A) and (B) shall be based only on  
7           chargeable premium rates (under section 1209) which  
8           are not less than estimated premium rates (under sec-  
9           tion 1208(a)(1)), and the amount of such excess  
10          coverage shall not in any case exceed an amount which  
11          is equal to any such limit so specified.

12                       ESTIMATES OF PREMIUM RATES

13          SEC. 1208. (a) The Secretary is authorized to undertake  
14          and carry out such studies and investigations, and to receive  
15          or exchange such information as may be necessary, to esti-  
16          mate on an area, subdivision, or other appropriate basis—

17               (1) the risk premium rates for flood insurance  
18          which,

19               (A) based on consideration of the risk involved  
20          and accepted actuarial principles, and

21               (B) including—

22                       (i) applicable operating costs and allow-  
23                       ances prescribed under section 1212 to be re-  
24                       flected in such rates, and

25                       (ii) any administrative expenses (or por-

1                   tion of such expenses) of carrying out the flood  
2                   insurance program which, in his discretion,  
3                   should properly be reflected in such rates,  
4       would be required in order to make such insurance avail-  
5       able on an actuarial basis for any types and classes of  
6       properties for which insurance coverage shall be avail-  
7       able under section 1206;

8               (2) the rates, if less than the rates estimated under  
9       paragraph (1), which would be reasonable, would en-  
10      courage prospective insureds to purchase flood insurance,  
11      and would be consistent with the purposes of this title;  
12      and

13             (3) the extent, if any, to which federally assisted  
14      or other flood protection measures initiated after the  
15      effective date of this title affect such rates.

16           (b) In carrying out subsection (a), the Secretary shall,  
17   to the maximum extent feasible and on a reimbursement  
18   basis, utilize the services of the Department of the Army,  
19   the Department of the Interior, the Department of Agricul-  
20   ture, the Department of Commerce, and the Tennessee Valley  
21   Authority, and, as appropriate, other Federal departments  
22   or agencies, and for such purposes, may enter into agree-  
23   ments or other appropriate arrangements with any persons.

24           (c) The Secretary shall give priority to conducting  
25   studies and investigations, or making estimates under this

1 section in those States or areas (or subdivisions thereof)  
2 which he has determined have evidenced a positive interest  
3 in securing flood insurance coverage under the flood in-  
4 surance program.

5 ESTABLISHMENT OF CHARGEABLE PREMIUM RATES

6 SEC. 1209. (a) On the basis of estimates made under  
7 section 1208 and such other information as may be necessary,  
8 the Secretary from time to time shall, after consultation with  
9 the advisory committee authorized under section 1219 and  
10 appropriate representatives of the insurance authorities of  
11 the respective States, by regulation prescribe—

12 (1) chargeable premium rates for any types and  
13 classes of properties for which insurance coverage shall  
14 be available under section 1206 (at less than the esti-  
15 mated risk premium rates under section 1208 (a) (1),  
16 if necessary), and

17 (2) the terms and conditions under which and  
18 areas (including subdivisions thereof) within which  
19 such rates shall apply.

20 (b) Such rates shall, insofar as practicable, be—

21 (1) based on a consideration of the respective risks  
22 involved, including differences in risks due to land use  
23 measures, floodproofing, flood forecasting, and similar  
24 measures,

1           (2) adequate, on the basis of accepted actuarial  
2           principles, to provide reserves for anticipated losses, or,  
3           if less than such amount, consistent with the objective  
4           of making flood insurance available, where necessary,  
5           at reasonable rates so as to encourage prospective in-  
6           sureds to purchase such insurance, and

7           (3) stated so as to reflect the basis for such rates,  
8           including the differences (if any) between the estimated  
9           risk premium rates under paragraph (1) of section  
10          1208 (a), and the estimated rates under paragraph (2)  
11          of such section.

12          (c) Notwithstanding any other provision of this title,  
13          the chargeable rate with respect to any property, the con-  
14          struction or substantial improvement of which the Secretary  
15          determines has been started after identification of the area  
16          in which such property is located has been published un-  
17          der paragraph (1) of section 1260, shall not be less than  
18          the estimated risk premium rate for such area (or subdivi-  
19          sion thereof) under section 1208 (a) (1).

20          (d) In the event any chargeable premium rate pre-  
21          scribed under this section is—

22               (1) at a rate which is not less than the estimated  
23               risk premium rate under section 1208 (a) (1), and

24               (2) such rate includes any amount for administra-  
25               tive expenses of carrying out the flood insurance program

1        which have been estimated under clause (ii) of section  
2        1208 (a) (1) (B),  
3        a sum equal to such amount shall be paid to the Secretary,  
4        and he shall deposit such sum in the fund authorized under  
5        section 1211.

6                    TREASURY BORROWING AUTHORITY

7        SEC. 1210. (a) All authority which was vested in the  
8        Housing and Home Finance Administrator by virtue of  
9        section 15 (e) of the Federal Flood Insurance Act of 1956  
10       (70 Stat. 1084) (pertaining to the issue of notes or other  
11       obligations to the Secretary of the Treasury), as amended  
12       by subsections (a) and (b) of section 1203, shall be avail-  
13       able to the Secretary for the purpose of carrying out this title.

14       (b) Any funds borrowed by the Secretary under this  
15       authority shall, from time to time, be deposited in the  
16       National Flood Insurance Fund established under section  
17       1211.

18                    NATIONAL FLOOD INSURANCE FUND

19        SEC. 1211. (a) To carry out the flood insurance pro-  
20        gram authorized by this title, the Secretary is authorized to  
21        establish in the Treasury of the United States a National  
22        Flood Insurance Fund (hereinafter referred to as the "fund")  
23        which shall be available, without fiscal year limitation—

24                (1) for making such payments as may, from time  
25        to time, be required under section 1234;

1           (2) to pay reinsurance claims under the excess  
2           loss reinsurance coverage provided under section 1235;

3           (3) to repay to the Secretary of the Treasury such  
4           sums as may be borrowed from him (together with  
5           interest) in accordance with the authority provided in  
6           section 1210; and

7           (4) to pay such administrative expenses (or por-  
8           tion of such expenses) of carrying out the flood insurance  
9           program as he may deem necessary; and

10          (5) for the purposes specified in subsection (d)  
11          under the conditions provided therein.

12          (b) The fund shall be credited with—

13               (1) such funds borrowed in accordance with the  
14               authority provided in section 1210 as may from time  
15               to time be deposited in the fund;

16               (2) premiums, fees, or other charges which may be  
17               paid or collected in connection with the excess loss  
18               reinsurance coverage provided under section 1235;

19               (3) such amounts as may be advanced to the fund  
20               from appropriations in order to maintain the fund in  
21               an operative condition adequate to meet its liabilities;

22               (4) interest which may be earned on investments  
23               of the fund pursuant to subsection (c) ;

24               (5) such sums as are required to be paid to the  
25               Secretary under section 1209 (d) ; and

(6) receipts from any other operations under this title which may, from time to time, be credited to the fund (including premiums under the conditions specified in subsection (d), and salvage proceeds, if any, resulting from reinsurance coverage).

(c) If after—

(1) all outstanding obligations have been liquidated, and

(2) any outstanding amounts which may have been advanced to the fund from appropriations authorized under section 1275 (a) (2) (B) have been credited to the appropriation from which advanced, with interest accrued at the rate prescribed under section 15 (e) of the Federal Flood Insurance Act of 1956, as amended by section 1203 (a) of this title,

the Secretary determines that the moneys of the fund are in excess of current needs, he may request the investment of such amounts as he deems advisable by the Secretary of the Treasury in obligations issued or guaranteed by the United States.

(d) In the event the Secretary makes a finding in accordance with the provisions of section 1240 that operation of the flood insurance program, in whole or in part, should be carried out through the facilities of the Federal Govern-

1 ment, the fund shall be available for all such purposes inci-  
2 dent thereto, including—

3 (1) the costs incurred in the adjustment and pay-  
4 ment of any claims for losses, and

5 (2) payment of applicable operating costs pre-  
6 scribed under section 1212,

7 for so long as the program is so carried out, and in such  
8 event any premiums paid shall be deposited by the Secretary  
9 to the credit of the fund.

10 OPERATING COSTS AND ALLOWANCES

11 SEC. 1212. (a) The Secretary from time to time shall  
12 negotiate with appropriate representatives of the insurance  
13 industry for the purpose of establishing—

14 (1) a current schedule of operating costs applicable  
15 to both risk-sharing insurance companies or other in-  
16 surers, and insurance companies and other insurers, insur-  
17 ance agents and brokers, and insurance adjustment orga-  
18 nizations participating on other than a risk-sharing  
19 basis, and

20 (2) a current schedule of operating allowances ap-  
21 plicable to risk-sharing insurance companies or other  
22 insurers,

23 which may be payable in accordance with the provisions of  
24 chapter II, and such schedules, from time to time, shall be  
25 prescribed in regulations.

(b) For purposes of subsection (a) —

(1) the term “operating costs” shall include, without limiting such term, the following:

(A) expense reimbursements covering the direct, actual, and necessary expenses incurred in connection with selling and servicing flood insurance coverage;

(B) reasonable compensation payable for selling and servicing flood insurance coverage, or commissions or service fees paid to producers;

(C) loss adjustment expenses;

(D) other direct, actual, and necessary expenses which the Secretary finds are incurred in connection with selling or servicing flood insurance coverage; and

(2) the term “operating allowances” shall include, without limiting such term, amounts for profit and contingencies which the Secretary finds reasonable and necessary to carry out the purposes of this title.

#### PAYMENT OF CLAIMS

SEC. 1213. The Secretary is authorized to prescribe regulations establishing the general method or methods by which proved and approved claims for losses may be adjusted and paid for any damage to or loss of property which is

1 covered by flood insurance made available under the pro-  
2 visions of this title.

3 DISSEMINATION OF FLOOD INSURANCE INFORMATION

4 SEC. 1214. The Secretary shall take such action as may,  
5 from time to time, be necessary in order to make informa-  
6 tion and data available to the public and to any State or  
7 local agency or official, with regard to—

8 (1) the flood insurance program, its coverage and  
9 objectives, and

10 (2) estimated and chargeable flood insurance  
11 premium rates, including the basis for and differences  
12 between such rates in accordance with the provisions  
13 of section 1209.

14 PROHIBITION AGAINST CERTAIN DUPLICATIONS OF  
15 BENEFITS

16 SEC. 1215. (a) Notwithstanding the provisions of any  
17 other law, no Federal disaster assistance shall be made avail-  
18 able to any person—

19 (1) for the physical loss, destruction, or damage of  
20 real or personal property, to the extent that such loss,  
21 destruction, or damage is covered by a valid claim which  
22 may be adjusted and paid under flood insurance made  
23 available under the authority of this title, or

24 (2) except in the situation provided for under para-  
25 graph (3) for the physical loss, destruction, or damage

1 of real and personal property, to the extent that such  
2 loss, destruction, or damage could have been covered by  
3 a valid claim under flood insurance which had been made  
4 available under the authority of this title, if—

5 (A) such loss, destruction, or damage occurred  
6 subsequent to one year following the date flood  
7 insurance was made available in the area (or sub-  
8 division thereof) in which such property or the  
9 major part thereof was located, and

10 (B) such property was eligible for flood insur-  
11 ance under this title at that date,

12 and in such circumstances the extent that such loss,  
13 destruction, or damage could have been covered shall  
14 be presumed (for purposes of this subsection) to be an  
15 amount not less than the maximum limit of insurable  
16 loss or damage applicable to such property in such  
17 area (or subdivision thereof), pursuant to regulations  
18 under section 1207, at the time insurance was made  
19 available in such area (or subdivision thereof) ;

20 (3) in order to assure that the provisions of para-  
21 graph (2) will not create undue hardship for low-income  
22 persons who might otherwise benefit from the provision  
23 of Federal disaster assistance, the Secretary shall provide  
24 by regulation, for the circumstances in which the pro-

visions of paragraph (2) shall not be applicable to any such persons.

(b) For purposes of this section "Federal disaster assistance" shall include any Federal financial assistance which may be made available to any person as a result of—

(1) a major disaster (within the meaning of that term as determined by the President pursuant to the Act entitled "An Act to authorize Federal assistance to State and local governments in major disasters, and for other purposes", as amended (42 U.S.C. 1855-1855g.) ,

(2) a natural disaster, as determined by the Secretary of Agriculture pursuant to section 321 of the Consolidated Farmers Home Administration Act of 1961 (7 U.S.C. 1961) , and

(3) a disaster with respect to which loans may be made under section 7 (b) of the Small Business Act, as amended (15 U.S.C. 636 (b) ) .

(c) For purposes of section 10 of the Disaster Relief Act of 1966 (80 Stat. 1316) , the term "financial assistance" shall be deemed to include any flood insurance which is made available under this title.

#### STATE AND LOCAL LAND USE CONTROLS

SEC. 1216. After June 30, 1970, no new flood insurance coverage shall be provided under this title in any area (or

1 subdivision thereof) unless an appropriate public body shall  
2 have adopted permanent land use and control measures (with  
3 effective enforcement provisions) which the Secretary finds  
4 are consistent with the comprehensive criteria for land man-  
5 agement and use under section 1261.

#### 6 PROPERTIES IN VIOLATION OF STATE AND LOCAL LAW

7 SEC. 1217. No new flood insurance coverage shall be  
8 provided under this title for any property which the Secre-  
9 tary finds has been declared by a duly constituted State or  
10 local zoning authority, or other authorized public body, to  
11 be in violation of State or local laws, regulations, or ordi-  
12 nances which are intended to discourage or otherwise restrict  
13 land development or occupancy in flood-prone areas.

#### 14 COORDINATION WITH OTHER PROGRAMS

15 SEC. 1218. In carrying out this title, the Secretary shall  
16 consult with other departments and agencies of the Federal  
17 Government, and interstate, State, and local agencies having  
18 responsibilities for flood control, flood forecasting, and flood  
19 damage prevention, in order to assure that the programs of  
20 such agencies and the flood insurance program authorized  
21 under this title are mutually consistent.

#### 22 ADVISORY COMMITTEE

23 SEC. 1219. (a) The Secretary shall appoint a flood  
24 insurance advisory committee without regard to the civil

1 service laws, and such committee shall advise the Secretary  
2 in the preparation of any regulations prescribed in accordance  
3 with this title, with respect to policy matters arising in the  
4 administration of this title, and shall perform such other  
5 responsibilities as the Secretary may, from time to time,  
6 assign to such committee.

7 (b) Such committee shall consist of not more than  
8 fifteen persons and such persons shall be selected from among  
9 representatives of—

- 10 (1) the insurance industry,
- 11 (2) State and local governments,
- 12 (3) lending institutions,
- 13 (4) the home building industry, and
- 14 (5) the general public.

15 (c) Members of the committee shall, while attending  
16 conferences or meetings thereof, be entitled to receive com-  
17 pensation at a rate fixed by the Secretary but not exceed-  
18 ing \$100 per day, including traveltime, and while so serving  
19 away from their homes or regular places of business they  
20 may be allowed travel expenses, including per diem in lieu  
21 of subsistence, as is authorized under section 5703 of title

1 5, United States Code, for persons in the Government serv-  
2 ice employed intermittently.

3 INITIAL PROGRAM LIMITATION

4 SEC. 1220. The face amount of flood insurance coverage  
5 outstanding and in force at any one time under this title  
6 shall not exceed the sum of \$2,500,000,000.

7 REPORT TO THE PRESIDENT

8 SEC. 1221. The Secretary shall include a report of opera-  
9 tions under this title in the annual report to the President  
10 for submission to the Congress required by section 8 of the  
11 Department of Housing and Urban Development Act.

12 CHAPTER II—ORGANIZATION AND ADMINISTRATION OF  
13 THE FLOOD INSURANCE PROGRAM

14 ORGANIZATION AND ADMINISTRATION

15 SEC. 1230. Following such consultation with representa-  
16 tives of the insurance industry as may be necessary, the Sec-  
17 retary shall implement the flood insurance program author-  
18 ized under chapter I in accordance with the provisions of part  
19 A of this chapter and, if a determination is made by him  
20 under section 1240, under part B of this chapter.

1 PART A—INDUSTRY PROGRAM WITH FEDERAL FINANCIAL  
2 ASSISTANCE

3 INDUSTRY FLOOD INSURANCE POOL

4 SEC. 1231. (a) The Secretary is authorized to encour-  
5 age and otherwise assist any insurance company or companies  
6 and other insurers which meet the requirements prescribed  
7 under subsection (b) to form, associate, or otherwise join  
8 together in a pool—

9 (1) in order to provide the flood insurance coverage  
10 authorized under chapter I; and

11 (2) for the purpose of assuming, on terms and  
12 conditions as may be agreed upon, such financial respon-  
13 sibility as will enable such companies and other insurers,  
14 with the Federal financial and other assistance available  
15 under this title, to assume a reasonable proportion of  
16 responsibility for the adjustment and payment of claims  
17 for losses under the flood insurance program.

18 (b) In order to promote the effective administration of  
19 the flood insurance program under this part, and to assure  
20 that the objectives of this title are furthered, the Secretary  
21 is authorized to prescribe appropriate requirements for insur-  
22 ance companies or other insurers participating in such pool  
23 including, but not limited to, minimum requirements for  
24 capital or surplus or assets.

## 1        AGREEMENTS WITH FLOOD INSURANCE POOL

2        SEC. 1232. (a) The Secretary is authorized to enter into  
3 such agreements with any pool which is formed, associated,  
4 or otherwise created under this part, as he deems necessary  
5 to carry out the purpose of this title.

6        (b) Such agreements shall specify—

7            (1) the terms and conditions under which risk  
8 capital will be available for the adjustment and payment  
9 of claims,

10           (2) the terms and conditions under which such pool  
11 (and the companies or other insurers participating  
12 therein) shall participate in premiums received and  
13 profits or losses realized or sustained,

14           (3) the maximum amount of profit established by  
15 the Secretary under section 1212 (and prescribed in  
16 regulations under section 1212 (a) ), which may be  
17 realized by such pool (and the companies or other  
18 insurers participating therein),

19           (4) the terms and conditions under which operat-  
20 ing costs and allowances prescribed under section 1212  
21 may be paid, and

22           (5) the terms and conditions under which pre-  
23 mium equalization payments under section 1234 will

1        be made and reinsurance claims under section 1235  
2        will be paid.

3 (c) In addition, such agreements shall contain such  
4 provisions as the Secretary finds necessary to assure that—

(1) no company or other insurer which meets the requirements prescribed under section 1231(b) and which has indicated an intention to participate in the flood insurance program on a risk-sharing basis, will be excluded from participating in any such pool,

10           (2) the companies or other insurers participating in  
11       such pool will take whatever action may be necessary  
12       to provide continuity of flood insurance coverage by  
13       such pool, and

(3) any insurance companies, other insurers, agents and brokers, and insurance adjustment organizations will be permitted to cooperate with such pool as fiscal agents or otherwise, on other than a risk-sharing basis, to the maximum extent practicable.

## 19 JUDICIAL REVIEW

20        SEC. 1233. Such companies and other insurers which  
21 form, associate, or otherwise join together in a pool under  
22 this part may adjust and pay all claims for proved and  
23 approved losses covered by flood insurance in accordance  
24 with the provisions of this title and, upon disallowance by  
25 any such companies or other insurers of any such claim, or

1 upon the refusal of the claimant to accept the amount allowed  
2 upon any such claim, the claimant, within one year after the  
3 date of mailing of notice of disallowance or partial disallow-  
4 ance of the claim, may institute an action on such claim  
5 against the companies or other insurers in the United States  
6 district court for the district in which the insured property  
7 or the major part thereof shall have been situated, and  
8 jurisdiction is hereby conferred upon such court to hear  
9 and determine such action without regard to the amount  
10 in controversy.

11           PREMIUM EQUALIZATION PAYMENTS

12       SEC. 1234. (a) The Secretary shall, on such terms  
13 and conditions as he may from time to time prescribe, make  
14 periodic payments to such pool as may be formed, associated,  
15 or otherwise created under section 1231, in recognition of  
16 such reductions in chargeable premium rates under section  
17 1209 below estimated premium rates under section 1208  
18 (a) (1) as are required in order to make flood insurance  
19 available on reasonable terms and conditions.

20       (b) Such payments shall be based only on the aggregate  
21 amount of flood insurance retained by such pool after ceding  
22 reinsurance in accordance with the provisions of section  
23 1235, and shall not exceed an aggregate amount in any  
24 payment period equal to the sum of the following:

25           (1) (A) an amount for losses which bears the same

1 ratio to the amount of all proved and approved claims  
2 for losses under this title during any designated period as

3 (B) the amount equal to the difference between

4 (i) the sum of all premium payments for flood  
5 insurance coverage in force under this title during  
6 such designated period which would have been pay-  
7 able during such period if all such coverage were  
8 based on estimated risk premium rates under section  
9 1208 (a) (1) (excluding any administrative ex-  
10 penses which may be reflected in such rates, as  
11 specified in clause (ii) of section 1208 (a) (1) (B),  
12 and

13 (ii) the sum of premium payments actually  
14 paid or payable for such insurance under this title  
15 during such period,

16 bears to the amount specified in clause (i) of this sub-  
17 paragraph; and

18 (2) subject to the terms and conditions specified  
19 in the agreement entered into under section 1232, a pro-  
20 portionate amount for appropriate operating costs and  
21 allowances prescribed under section 1212 during any  
22 designated period, which bears the same ratio to a total  
23 amount during such period as the ratio specified in  
24 paragraph (1) (B).

25 (c) Designated periods under this section and the

1 methods for determining the sum of premiums paid or pay-  
2 able during such periods shall be established by the Secretary.

### 3 REINSURANCE COVERAGE

4 SEC. 1235. (a) The Secretary is authorized to take  
5 such action as may be necessary in order to make available  
6 to such pool as may be formed, associated, or otherwise  
7 created under section 1231, reinsurance for losses (due to  
8 claims for proved and approved losses covered by flood in-  
9 surance) which are in excess of losses assumed by such pool  
10 in accordance with the excess loss agreement entered into  
11 under subsection (c).

12 (b) Such reinsurance shall be made available pursuant  
13 to contract, agreement, or any other arrangement, in con-  
14 sideration of such payment of a premium, fee, or other charge  
15 as the Secretary finds necessary to cover anticipated losses  
16 and other costs of providing such reinsurance.

17 (c) The Secretary is authorized to negotiate an excess  
18 loss agreement, from time to time, under which the amount  
19 of flood insurance retained by such pool, after ceding rein-  
20 surance, shall be adequate to further the purposes of this  
21 title, consistent with the objective of maintaining appropriate  
22 financial participation and risk sharing to the maximum ex-  
23 tent practicable on the part of participating insurance com-  
24 panies and other insurers.

25 (d) All reinsurance claims for losses in excess of losses

1 assumed by such pool shall be submitted on a portfolio basis  
2 by such pool in accordance with terms and conditions as may  
3 be established by the Secretary.

4 (e) Such pool shall make no distribution of earnings for  
5 a period of up to five years based on flood insurance pre-  
6 miums, unless the aggregate cumulative premiums, fees, or  
7 other charges established for excess loss reinsurance under  
8 subsection (b) and collected for deposit in the National  
9 Flood Insurance Fund exceeds the aggregate cumulative ex-  
10 penses paid for reinsurance claims by such fund.

## 11 PART B—GOVERNMENT PROGRAM

### 12 FEDERAL OPERATION OF THE PROGRAM

13 SEC. 1240. (a) If at any time after consultation with  
14 representatives of the insurance industry, the Secretary deter-  
15 mines that operation of the flood insurance program as pro-  
16 vided under part A cannot be carried out, or that such opera-  
17 tion, in itself, would be assisted materially by the Federal  
18 Government's assumption, in whole (or in part), of the  
19 operational responsibility for flood insurance under this title  
20 (on a temporary or other basis) he shall promptly under-  
21 take any necessary arrangements to carry out the program  
22 of flood insurance authorized under chapter I through the  
23 facilities of the Federal Government, utilizing, for purposes of  
24 providing flood insurance coverage, either—

25 (1) insurance companies and other insurers, insur-

1       ance agents and brokers, and insurance adjustment orga-  
2       nizations, as fiscal agents of the United States,

3           (2) officers and employees of the Department of  
4       Housing and Urban Development, and such other officers  
5       and employees of any executive agency (as defined in  
6       section 105 of title 5 of the United States Code) as the  
7       Secretary and the head of any such agency may, from  
8       time to time, agree upon, on a reimbursement or other  
9       basis, or

10       (3) both the alternatives specified in paragraphs  
11       (1) and (2).

12       (b) Upon making the determination referred to in sub-  
13       section (a), the Secretary shall make a report to Congress  
14       of his determination to implement the program of flood in-  
15       surance authorized under chapter I through the facilities of  
16       the Federal Government. This report shall—

17           (1) state the reasons for such determination,

18           (2) be supported by pertinent findings,

19           (3) indicate the extent to which it is anticipated  
20       that the insurance industry will be utilized in providing  
21       flood insurance coverage under the program, and

22           (4) contain such recommendations as the Secretary  
23       deems advisable.

24       No action may be taken to implement this report until after

1 it has been before the Congress for at least ninety days,  
2 during all of which time the Congress has been in session.

3           ADJUSTMENT AND PAYMENT OF CLAIMS

4       SEC. 1241. In the event the program is carried out as  
5 provided in section 1240, the Secretary shall be authorized to  
6 adjust and make payment of any claims for proved and  
7 approved losses covered by flood insurance, and upon dis-  
8 allowance by the Secretary of any such claim, or upon the  
9 refusal of the claimant to accept the amount allowed upon any  
10 such claim, the claimant, within one year after the date of  
11 mailing of notice of disallowance or partial disallowance  
12 by the Secretary, may institute an action against the Secre-  
13 tary on such claim in the United States district court for the  
14 district in which the insured property or the major part  
15 thereof shall have been situated, and jurisdiction is hereby  
16 conferred upon such court to hear and determine such action  
17 without regard to the amount in controversy.

18       PART C—PROVISIONS OF GENERAL APPLICABILITY

19           SERVICES BY INSURANCE INDUSTRY

20       SEC. 1245. (a) In administering the flood insurance  
21 program under this chapter, the Secretary is authorized to  
22 enter into any contracts, agreements, or other appropriate  
23 arrangements as may, from time to time, be necessary for the  
24 purpose of utilizing, on terms and conditions which may be  
25 agreed upon, the facilities and services of any insurance com-

panies or other insurers, insurance agents and brokers, or insurance adjustment organizations, and such contracts, agreements, or arrangements may also include provision for payment of applicable operating costs and allowances for such facilities and services prescribed under section 1212.

(b) Any such contracts, agreements, or other arrangements may be entered into without regard to the provisions of section 3709 of the Revised Statutes, as amended (41 U.S.C. 5), or any other provision of law requiring competitive bidding.

#### USE OF INSURANCE POOLS, COMPANIES, OR OTHER PRIVATE

#### ORGANIZATIONS FOR CERTAIN PAYMENTS

SEC. 1246. (a) In order to provide for maximum efficiency in the administration of the flood insurance program and in order to facilitate the expeditious payment of any Federal funds under the flood insurance program authorized by this title, the Secretary may enter into contracts with any pool which may be formed, associated, or otherwise created under section 1231, or any insurance companies or other private organizations, for the purpose of securing performance by such pool, company, or organization of any or all of the following responsibilities:

(1) estimate and later determine any amounts of payments to be made;

1           (2) receive from the Secretary, disburse, and ac-  
2           count for funds in making such payments;

3           (3) make such audits of the records of any insur-  
4           ance company, other insurers, agent or broker, or in-  
5           surance adjustment organization, as may be necessary  
6           to assure that proper payments are made; and

7           (4) otherwise assist in such manner as the con-  
8           tract may provide to further the purposes of this title.

9           (b) Any contract with any pool, insurance company, or  
10          other private organization under this section may contain  
11          such terms and conditions as the Secretary finds necessary or  
12          appropriate for carrying out responsibilities under subsec-  
13          tion (a), and may provide for payment of any costs which  
14          the Secretary determines are incidental to carrying out such  
15          responsibilities which are covered by the contract.

16          (c) Any contract entered into under subsection (a)  
17          may be entered into without regard to section 3709 of the  
18          Revised Statutes (41 U.S.C. 5) or any other provision of  
19          law requiring competitive bidding.

20          (d) No such contract may be entered into with any  
21          pool, insurance company, or other private organization under  
22          this section unless the Secretary finds that it will perform  
23          its obligations under the contract efficiently and effectively,  
24          and will meet such requirements as to financial responsibility,  
25          legal authority, and other matters as he finds pertinent.

1       (e) (1) Any such contract may require such pool,  
2 company, or organization or any of its officers or employees  
3 certifying payments or disbursing funds pursuant to the con-  
4 tract, or otherwise participating in carrying out the contract,  
5 to give surety bond to the United States in such amount as  
6 the Secretary may deem appropriate.

7       (2) No individual designated pursuant to a contract  
8 under this section to certify payments shall, in the absence  
9 of gross negligence or intent to defraud the United States, be  
10 liable with respect to any payments certified by him under  
11 this section.

12       (3) No officer disbursing funds shall, in the absence of  
13 gross negligence or intent to defraud the United States, be  
14 liable with respect to any payment by him under this section  
15 if it was based upon a voucher signed by an individual desig-  
16 nated to certify payments as provided in paragraph (2) of  
17 this subsection.

18       (f) Any contracts entered into under this section shall  
19 be for a term of one year, and may be made automatically  
20 renewable from term to term in the absence of notice by  
21 either party of an intention to terminate at the end of the  
22 current term; except that the Secretary may terminate any  
23 such contract at any time (after reasonable notice to the  
24 pool, company, or organization involved) if he finds that  
25 the pool, company, or organization has failed substantially

1 to carry out the contract, or is carrying out the contract  
2 in a manner inconsistent with the efficient and effective  
3 administration of the flood insurance program authorized  
4 under this title.

5 SETTLEMENT AND ARBITRATION

6 SEC. 1247. (a) The Secretary is authorized to make  
7 final settlement of any claims or demands which may arise  
8 as a result of any financial transactions which he is author-  
9 ized to carry out under this chapter, and may, to assist him  
10 in making any such settlement, refer any disputes relating  
11 to such claims or demands to arbitration, with the consent  
12 of the parties concerned.

13 (b) Such arbitration shall be advisory in nature, and  
14 any award, decision, or recommendation which may be  
15 made shall become final only upon the approval of the  
16 Secretary.

17 RECORDS AND AUDITS

18 SEC. 1248. (a) Any flood insurance pool formed, asso-  
19 ciated, or otherwise created under section 1231 of this title  
20 receiving financial assistance under part A of this chapter  
21 and any such pool, or insurance company or other private  
22 organization executing any contract, agreement, or other ap-  
23 propriate arrangement with the Secretary under parts B and  
24 C of this chapter shall keep such records as the Secretary  
25 shall prescribe, including records which fully disclose the

1 total costs of the program undertaken or the services being  
2 rendered, and other records as will facilitate an effective  
3 audit.

4 (b) The Secretary and the Comptroller General of the  
5 United States, or any of their duly authorized representatives,  
6 shall have access for the purpose of audit and examination to  
7 any books, documents, papers, and records of the pool, in-  
8 surance company, or other private organizations that are  
9 pertinent to the costs of the program undertaken or the  
10 services being rendered.

11 CHAPTER III—COORDINATION OF FLOOD INSURANCE  
12 WITH LAND-MANAGEMENT PROGRAMS IN FLOOD-  
13 PRONE AREAS

14 IDENTIFICATION OF FLOOD-PRONE AREAS

15 SEC. 1260. The Secretary is authorized to consult with,  
16 receive information from, and to enter into any agreements  
17 or other arrangements with the Secretaries of the Army, the  
18 Interior, Agriculture, and Commerce, the Tennessee Valley  
19 Authority, and the heads of other Federal departments or  
20 agencies (on a reimbursement basis), or the head of any  
21 State or local agency, in order that he may—

22 (1) identify and publish information with respect  
23 to all flood plain areas, including coastal areas located  
24 in the United States, which have special flood hazards,

1        within five years following the effective date of this  
2        title, and

3            (2) establish flood risk zones in all such areas, and  
4        make estimates with respect to the rates of probable  
5        flood-caused loss for the various flood risk zones for  
6        each of these areas, within fifteen years following such  
7        date.

8            CRITERIA FOR LAND MANAGEMENT AND USE

9        SEC. 1261. (a) The Secretary is authorized to carry out  
10       studies or investigations, utilizing the existing facilities and  
11       services of other Federal departments or agencies to the  
12       maximum extent practicable, and State and local govern-  
13       mental agencies, and any other organizations, with respect to  
14       the adequacy of State and local measures in flood-prone  
15       areas, as to land management and use, flood control, flood  
16       zoning, and flood damage prevention, and may enter into  
17       any contracts, agreements, or other appropriate arrangements  
18       to carry out such authority.

19       (b) Such studies and investigations shall include, but  
20       not be limited to, laws, regulations, or ordinances relating to  
21       encroachments and obstructions on stream channels and  
22       floodways, the orderly development and use of flood plains  
23       of rivers or streams, floodway encroachment lines, or flood  
24       plain zoning, building codes, building permits, and subdi-  
25       vision or other building restrictions.

1       (c) On the basis of such studies and investigations, and  
2 such other information as he deems necessary, the Secre-  
3 tary from time to time shall develop comprehensive criteria  
4 designed to encourage, where necessary, the adoption of  
5 permanent State and local measures which, to the maximum  
6 extent feasible, will—

7           (1) constrict the development of land which is ex-  
8 posed to flood damage where appropriate,

9           (2) guide the development of proposed construc-  
10 tion away from locations which are threatened by flood  
11 hazards,

12           (3) assist in reducing damage caused by floods, and

13           (4) otherwise improve the long-range land man-  
14 agement and use of flood-prone areas,

15 and shall work closely with and provide any necessary tech-  
16 nical assistance to State, interstate, and local governmental  
17 agencies, to encourage the application of such criteria and  
18 the adoption and enforcement of such measures.

19       PURCHASE OF CERTAIN INSURED PROPERTIES

20       SEC. 1262. The Secretary may, when he determines that  
21 the public interest would be served thereby, enter into nego-  
22 tiations with any owner of real property or interests therein  
23 which—

24           (1) was located in any flood-risk area, as deter-  
25 mined by the Secretary;

1           (2) was covered by flood insurance under the flood  
2           insurance program authorized under this title; and

3 (3) was damaged substantially beyond repair by  
4 flood;

5 and may purchase such property or interests therein, for sub-  
6 sequent transfer, by sale, lease, donation, or otherwise, to  
7 any State or local agency which enters into an agreement  
8 with the Secretary that such property shall, for a period not  
9 less than forty years following transfer, be used for only such  
10 purposes as the Secretary may, by regulation, determine to  
11 be consistent with sound land management and use in such  
12 area.

13 CHAPTER IV—APPROPRIATIONS AND MISCELLANEOUS  
14 PROVISIONS

## 15 STUDIES OF OTHER NATURAL DISASTERS

16        SEC. 1270. (a) The Secretary is authorized to under-  
17    take such studies as may be necessary for the purpose of de-  
18    termining the extent to which insurance protection against  
19    earthquakes or any other natural disaster perils, other than  
20    flood, is not available from public or private sources, and the  
21    feasibility of such insurance protection being made available.

(b) Studies under this section shall be carried out, to the maximum extent practicable, with the cooperation of other Federal departments and agencies and State and local agencies, and the Secretary is authorized to consult with,

1 receive information from, and to enter into any necessary  
2 agreements or other arrangements with such other Federal  
3 departments or agencies (on a reimbursement basis) or State  
4 and local agencies.

#### 5 PAYMENTS

6 SEC. 1271. Any payments under this title may be  
7 made (after necessary adjustment on account of previously  
8 made underpayments or overpayments) in advance or by  
9 way of reimbursement, and in such installments and on such  
10 conditions as the Secretary may determine.

#### 11 GOVERNMENT CORPORATION CONTROL ACT

12 SEC. 1272. The provisions of the Government Corpora-  
13 tion Control Act, as amended, shall apply to the program  
14 authorized under this title to the same extent as applicable  
15 to wholly owned Government corporations.

#### 16 FINALITY OF CERTAIN FINANCIAL TRANSACTIONS

17 SEC. 1273. Notwithstanding the provisions of any other  
18 law to the contrary, any—

19 (1) financial transaction authorized to be carried  
20 out under this title, and

21 (2) payment authorized to be made or to be re-  
22 ceived in connection with any such financial transaction,  
23 shall be final and conclusive upon all officers of the Govern-  
24 ment.

## 1 ADMINISTRATIVE EXPENSES

2 SEC. 1274. Any administrative expenses which may be  
3 sustained by the Federal Government in carrying out the  
4 flood insurance program authorized under this title may be  
5 paid out of appropriated funds.

## 6 APPROPRIATIONS

7 SEC. 1275. (a) There are hereby authorized to be  
8 appropriated such sums as may from time to time be neces-  
9 sary to carry out this title, including sums—

10 (1) to cover administrative expenses authorized  
11 under section 1274;

12 (2) to reimburse the fund established under sec-  
13 tion 1211 for—

14 (A) premium equalization payments under sec-  
15 tion 1234 which have been made from such fund;  
16 and

17 (B) reinsurance claims paid under the excess  
18 loss reinsurance coverage provided under section  
19 1235; and

20 (3) to make such other payments as may be neces-  
21 sary to carry out the purposes of this title.

22 (b) All such funds shall be available without fiscal  
23 year limitation.

## EFFECTIVE DATE

SEC. 1276. This title shall take effect one hundred and twenty days following the date of its enactment, except that the Secretary, on the basis of a finding that conditions exist necessitating the prescribing of an additional period, may prescribe a later effective date which in no event shall be more than one hundred and eighty days following such date of enactment.

## TITLE XIII—INTERSTATE LAND SALES

## SHORT TITLE

SEC. 1301. This title may be cited as the "Interstate Land Sales Full Disclosure Act".

## DEFINITIONS

SEC. 1302. For the purposes of this title, the term—

(1) "Secretary" means the Secretary of Housing and Urban Development;

(2) "person" means an individual, or an unincorporated organization, partnership, association, corporation, trust, or estate;

(3) "subdivision" means any land which is divided or proposed to be divided into fifty or more lots, whether contiguous or not, for the purpose of sale or lease as part of a common promotional plan and where sub-

1       divided land is offered for sale or lease by a single  
2       developer, or a group of developers acting in concert,  
3       and such land is contiguous or is known, designated, or  
4       advertised as a common unit or by a common name such  
5       land shall be presumed, without regard to the number of  
6       lots covered by each individual offering, as being offered  
7       for sale or lease as part of a common promotional plan;

8           (4) "developer" means any person who, directly or  
9       indirectly, sells or leases, or offers to sell or lease, or  
10      advertises for sale or lease any lots in a subdivision;

11          (5) "agent" means any person who represents, or  
12      acts for or on behalf of, a developer in selling or leasing,  
13      or offering to sell or lease, any lot or lots in a subdivi-  
14      sion; but shall not include an attorney at law whose rep-  
15      resentation of another person consists solely of rendering  
16      legal services;

17          (6) "blanket encumbrance" means a trust deed,  
18      mortgage, or any other lien or encumbrance, including  
19      an option or contract to sell or a trust agreement, affect-  
20      ing a subdivision or affecting more than one lot offered  
21      within a subdivision; except that such term shall not  
22      include any lien or other encumbrance arising as the  
23      result of the imposition of any tax assessment by any  
24      public authority;

(7) "interstate commerce" means trade or commerce among the several States;

(8) "State" includes the several States, the District of Columbia, the Commonwealth of Puerto Rico, and the territories and possessions of the United States;

(9) "purchaser" means an actual or prospective purchaser or lessee of any lot in a subdivision;

(10) "offer" includes any inducement, solicitation, or attempt to encourage a person to acquire a lot in a subdivision.

#### EXEMPTIONS

SEC. 1303. (a) Unless the method of disposition is adopted for the purpose of evasion of this title, the provisions of this title shall not apply to—

(1) the sale or lease of real estate not pursuant to a common promotional plan to offer or sell fifty or more lots in a subdivision;

(2) the sale or lease of lots in a subdivision, all of which are five acres or more in size;

(3) the sale or lease of any improved land on which there is a residential, commercial, or industrial building, or to the sale or lease of land under a contract obligating the seller to erect such a building thereon within a period of two years;

1           (4) the sale or lease of real estate under or pur-  
2           suant to court order;

3           (5) the sale of evidences of indebtedness secured  
4           by a mortgage or deed of trust on real estate;

5           (6) the sale of securities issued by a real estate in-  
6           vestment trust;

7           (7) the sale or lease of real estate by any govern-  
8           ment or government agency;

9           (8) the sale or lease of cemetery lots;

10          (9) the sale or lease of lots to any person who  
11          acquires such lots for the purpose of engaging in the  
12          business of constructing residential, commercial, or in-  
13          dustrial buildings or for the purpose of resale or lease of  
14          such lots to persons engaged in such business;

15          (10) the sale or lease of real estate which is free  
16          and clear of all liens, encumbrances and adverse claims  
17          if each and every purchaser or his or her spouse has  
18          personally inspected the lot which he purchases and if  
19          the developer executes a written affirmation to that effect  
20          to be made a matter of record in accordance with rules  
21          and regulations of the Secretary.

22          (b) The Secretary may from time to time, pursuant  
23          to rules and regulations issued by him, exempt from any of  
24          the provisions of this title any subdivision or any lots in a sub-  
25          division, if he finds that the enforcement of this title with

1 respect to such subdivision or lots is not necessary in the  
2 public interest and for the protection of purchasers by reason  
3 of the small amount involved or the limited character of  
4 the public offering.

5 PROHIBITIONS RELATING TO THE SALE OR LEASE OF LOTS  
6 IN SUBDIVISIONS

7 SEC. 1304. (a) It shall be unlawful for any developer  
8 or agent, directly or indirectly, to make use of any means or  
9 instruments of transportation or communication in inter-  
10 state commerce, or of the mails—

11 (1) to sell or lease any lot in any subdivision unless  
12 a statement of record with respect to such lot is in effect  
13 in accordance with section 1307 and a printed property  
14 report, meeting the requirements of section 1308, is fur-  
15 nished to the purchaser in advance of the signing of any  
16 contract or agreement for sale or lease by the purchaser;  
17 and

18 (2) in selling or leasing, or offering to sell or lease,  
19 any lot in a subdivision—

20 (A) to employ any device, scheme, or artifice  
21 to defraud, or

22 (B) to obtain money or property by means of  
23 a misrepresentation with respect to any information  
24 included in the statement of record or the property  
25 report or with respect to any other information

1           pertinent to the lot or the subdivision and upon  
2           which the purchaser relies, or

3 (C) to engage in any transaction, practice, or  
4 course of business which operates or would operate  
5 as a fraud or deceit upon a purchaser.

(b) Any contract or agreement for the purchase or leasing of a lot in a subdivision covered by this title, where the property report has not been given to the purchaser in advance or at the time of his signing, shall be voidable at the option of the purchaser. A purchaser may revoke such contract or agreement within forty-eight hours, where he has received the property report less than forty-eight hours before he signed the contract or agreement, and the contract or agreement shall so provide; except that the contract or agreement may stipulate that the foregoing revocation authority shall not apply in the case of a purchaser who (1) has read the property report and inspected the lot to be purchased or leased in advance of signing the contract or agreement, and (2) acknowledges by his signature that he has made such inspection and has read and understood such report.

22 REGISTRATION OF SUBDIVISIONS

23 SEC. 1305. (a) A subdivision may be registered by  
24 filing with the Secretary a statement of record, meeting the  
25 requirements of this title and such rules and regulations as

1 may be prescribed by the Secretary in furtherance of the  
2 provisions of this title. A statement of record shall be deemed  
3 effective only as to the lots specified therein.

4 (b) At the time of filing a statement of record, or any  
5 amendment thereto, the developer shall pay to the Secre-  
6 tary a fee, not in excess of \$1,000, in accordance with a  
7 schedule to be fixed by the regulations of the Secretary.

8 (c) The filing with the Secretary of a statement of  
9 record, or of an amendment thereto, shall be deemed to have  
10 taken place upon the receipt thereof, accompanied by pay-  
11 ment of the fee required by subsection (b).

12 (d) The information contained in or filed with any state-  
13 ment of record shall be made available to the public under  
14 such regulations as the Secretary may prescribe and copies  
15 thereof shall be furnished to every applicant at such reason-  
16 able charge as the Secretary may prescribe.

17 INFORMATION REQUIRED IN STATEMENT OF RECORD

18 SEC. 1306. The statement of record shall contain the  
19 information and be accompanied by the documents specified  
20 hereinafter in this section—

21 (1) the name and address of each person having  
22 an interest in the lots in the subdivision to be covered  
23 by the statement of record and the extent of such  
24 interest;

25 (2) a legal description of, and a statement of the

1 total area included in, the subdivision and a statement of  
2 the topography thereof, together with a map showing  
3 the division proposed and the dimensions of the lots to be  
4 covered by the statement of record and their relation to  
5 existing streets and roads;

6 (3) a statement of the condition of the title to the  
7 land comprising the subdivision, including all encum-  
8 brances thereon;

9 (4) a statement of the general terms and condi-  
10 tions, including the range of selling prices or rents at  
11 which it is proposed to dispose of the lots in the sub-  
12 division;

13 (5) a statement of the present condition of access  
14 to the subdivision, the availability of sewage disposal  
15 facilities and other public utilities (including water, elec-  
16 tricity, gas, and telephone facilities) in the subdivision,  
17 the proximity in miles of the subdivision to nearby mu-  
18 nicipalities, and the nature of any improvements to be  
19 installed by the developer and his estimated schedule for  
20 completion;

21 (6) in the case of any subdivision or portion thereof  
22 against which there exists a blanket encumbrance, a  
23 statement of the consequences for an individual pur-  
24 chaser of a failure, by the person or persons bound, to  
25 fulfill obligations under the instrument or instruments

1 creating such encumbrance and the steps, if any, taken  
2 to protect the purchaser in such eventuality;

3 (7) (A) copy of its articles of incorporation, with all  
4 amendments thereto, if the developer is a corporation;  
5 (B) copies of all instruments by which the trust is  
6 created or declared, if the developer is a trust; (C)  
7 copies of its articles of partnership or association and  
8 all other papers pertaining to its organization, if the  
9 developer is a partnership, unincorporated association,  
10 joint stock company, or any other form of organization;  
11 and (D) if the purported holder of legal title is a person  
12 other than developer, copies of the above documents  
13 for such person;

14 (8) copies of the deed or other instrument estab-  
15 lishing title to the subdivision in the developer or other  
16 person and copies of any instrument creating a lien or  
17 encumbrance upon the title of developer or other person,  
18 or copies of the opinion or opinions of counsel in respect  
19 to the title to the subdivision in the developer or other  
20 person, or copies of the title insurance policy guarantee-  
21 ing such title;

22 (9) copies of all forms of conveyance to be used  
23 in selling or leasing lots to purchasers;

24 (10) copies of instruments creating easements or  
25 other restrictions;

1           (11) such certified and uncertified financial state-  
2           ments as the Secretary may require; and

3           (12) such other information and such other docu-  
4           ments and certifications as the Secretary may require  
5           as being reasonably necessary or appropriate for the  
6           protection of purchasers.

7           TAKING EFFECT OF STATEMENTS OF RECORD AND

8                           AMENDMENTS THERETO

9           SEC. 1307. (a) Except as hereinafter provided, the ef-  
10          fective date of a statement of record, or any amendment  
11          thereto, shall be the thirtieth day after the filing thereof or  
12          such earlier date as the Secretary may determine, having due  
13          regard to the public interest and the protection of purchasers.  
14          If any amendment to any such statement is filed prior to the  
15          effective date of the statement, the statement shall be deemed  
16          to have been filed when such amendment was filed; except  
17          that such an amendment filed with the consent of the Secre-  
18          tary, or filed pursuant to an order of the Secretary, shall be  
19          treated as being filed as of the date of the filing of the state-  
20          ment of record. When a developer records additional lands to  
21          be offered for disposition, he may consolidate the subsequent  
22          statement of record with any earlier recording offering sub-  
23          divided land for disposition under the same promotional plan.  
24          At the time of consolidation the developer shall include in

1 the consolidated statement of record any material changes in  
2 the information contained in the earlier statement.

3 (b) If it appears to the Secretary that a statement of  
4 record, or any amendment thereto, is on its face incomplete  
5 or inaccurate in any material respect, the Secretary shall so  
6 advise the developer within a reasonable time after the filing  
7 of the statement or the amendment, but prior to the date the  
8 statement or amendment would otherwise be effective. Such  
9 notification shall serve to suspend the effective date of the  
10 statement or the amendment until thirty days after the  
11 developer files such additional information as the Secretary  
12 shall require. Any developer, upon receipt of such notice,  
13 may request a hearing, and such hearing shall be held within  
14 twenty days of receipt of such request by the Secretary.

15 (c) If, at any time subsequent to the effective date of a  
16 statement of record, a change shall occur affecting any ma-  
17 terial fact required to be contained in the statement, the  
18 developer shall promptly file an amendment thereto. Upon  
19 receipt of any such amendment, the Secretary may, if he  
20 determines such action to be necessary or appropriate in the  
21 public interest or for the protection of purchasers, suspend  
22 the statement of record until the amendment becomes effec-  
23 tive.

1       (d) If it appears to the Secretary at any time that a  
2 statement of record, which is in effect, includes any untrue  
3 statement of a material fact or omits to state any material  
4 fact required to be stated therein or necessary to make the  
5 statements therein not misleading, the Secretary may, after  
6 notice by personal service or by sending of confirmed tele-  
7 graphic notice, and after opportunity for hearing (at a time  
8 fixed by the Secretary) within fifteen days after such notice,  
9 issue an order suspending the statement of record. When such  
10 statement has been amended in accordance with such order,  
11 the Secretary shall so declare and thereupon the order shall  
12 cease to be effective.

13       (e) The Secretary is hereby empowered to make an  
14 examination in any case to determine whether an order  
15 should issue under subsection (d). In making such examina-  
16 tion, the Secretary or anyone designated by him shall have  
17 access to and may demand the production of any books and  
18 papers of, and may administer oaths and affirmations to and  
19 examine, the developer, any agents, or any other person, in  
20 respect of any matter relevant to the examination. If the  
21 developer or any agents shall fail to cooperate, or shall ob-  
22 struct or refuse to permit the making of an examination, such  
23 conduct shall be proper ground for the issuance of an order  
24 suspending the statement of record.

1       (f) Any notice required under this section shall be sent  
2 to or served on the developer or his authorized agent.

3           INFORMATION REQUIRED IN PROPERTY REPORT

4       SEC. 1308. (a) A property report relating to the lots in  
5 a subdivision shall contain such of the information contained  
6 in the statement of record, and any amendments thereto, as  
7 the Secretary may deem necessary, but need not include the  
8 documents referred to in paragraphs (7) to (11), inclusive,  
9 of section 1306. A property report shall also contain such  
10 other information as the Secretary may by rules or regulations  
11 require as being necessary or appropriate in the public inter-  
12 est or for the protection of purchasers.

13       (b) The property report shall not be used for any  
14 promotional purposes before the statement of record becomes  
15 effective and then only if it is used in its entirety. No per-  
16 son may advertise or represent that the Secretary approves  
17 or recommends the subdivision or the sale or lease of lots  
18 therein. No portion of the property report shall be under-  
19 scored, italicized, or printed in larger or bolder type than the  
20 balance of the statement unless the Secretary requires or  
21 permits it.

22           COOPERATION WITH STATE AUTHORITIES

23       SEC. 1309. (a) In administering this title, the Secretary  
24 shall cooperate with State authorities charged with the re-

1 sponsibility of regulating the sale of lots in subdivisions which  
2 are also subject to this title and may accept for filing under  
3 section 1305 and declare effective as a statement of record,  
4 if he finds such action to be appropriate in the public interest  
5 or for the protection of purchasers, material filed with and  
6 found acceptable by such authorities.

7 (b) Nothing in this title shall affect the jurisdiction of  
8 the real estate commission (or any agency or office perform-  
9 ing like functions) of any State over any subdivision or any  
10 person.

#### 11 CIVIL LIABILITIES

12 SEC. 1310. (a) Where any part of a statement of record,  
13 when such part became effective, contained an untrue state-  
14 ment of a material fact or omitted to state a material fact  
15 required to be stated therein, any person acquiring a lot  
16 in the subdivision covered by such statement of record from  
17 the developer or his agent during such period the statement  
18 remained uncorrected (unless it is proved that at the time of  
19 such acquisition he knew of such untruth or omission) may,  
20 either at law or in equity, in any court of competent juris-  
21 diction, sue the developer.

22 (b) Any developer or agent, who sells or leases a lot  
23 in a subdivision—

24 (1) in violation of section 1304, or

25 (2) by means of a property report which contained

1       an untrue statement of a material fact or omitted to  
2       state a material fact required to be stated therein, may  
3       be sued by the purchaser of such lot.

4       (c) The suit authorized under subsection (a) or (b)  
5       may be to recover such damages as shall represent the  
6       difference between the amount paid for the lot and the cost  
7       of any improvements thereto, and the lesser of (1) the  
8       value thereof as of the time such suit was brought, or (2)  
9       the price at which such lot shall have been disposed of in  
10      a bona fide market transaction before suit, or (3) the price  
11      at which such lot shall have been disposed of after suit in  
12      a bona fide market transaction but before judgment. In any  
13      suit under this section the court may, in its discretion, require  
14      an undertaking for the payment of the costs of such suit,  
15      including reasonable attorney's fees, and if judgment shall  
16      be rendered against a party litigant, upon the motion of the  
17      other party litigant, such costs may be assessed in favor of  
18      such party litigant (whether or not such undertaking has  
19      been required), if the court believes the suit or the defense  
20      to have been without merit, in an amount sufficient to reim-  
21      burse him for the reasonable expenses incurred by him,  
22      in connection with such suit, such costs to be taxed in the  
23      manner usually provided for taxing of costs in the court in  
24      which the suit was heard.

25      (d) Every person who becomes liable to make any

1 payment under this section may recover contribution as in  
2 cases of contract from any person who, if sued separately,  
3 would have been liable to make the same payment, unless  
4 the person who has become liable was, and the other was  
5 not, guilty of fraudulent misrepresentation.

6 (e) In no case shall the amount recoverable under this  
7 section exceed the sum of the purchase price of the lot, the  
8 cost of improvements, and reasonable court costs.

9 COURT REVIEW OF ORDERS

10 SEC. 1311. (a) Any person, aggrieved by an order or  
11 determination of the Secretary issued after a hearing, may  
12 obtain a review of such order or determination in the court of  
13 appeals of the United States, within any circuit wherein such  
14 person resides or has his principal place of business, or in the  
15 United States Court of Appeals for the District of Columbia,  
16 by filing in such court, within sixty days after the entry of  
17 such order or determination, a written petition praying that  
18 the order or determination of the Secretary be modified or  
19 be set aside in whole or in part. A copy of such petition shall  
20 be forthwith transmitted by the clerk of the court to the  
21 Secretary, and thereupon the Secretary shall file in the court  
22 the record upon which the order or determination complained  
23 of was entered, as provided in section 2112 of title 28, United  
24 States Code. No objection to an order or determination of  
25 the Secretary shall be considered by the court unless such

1 objection shall have been urged before the Secretary. The  
2 finding of the Secretary as to the facts, if supported by evi-  
3 dence, shall be conclusive. If either party shall apply to the  
4 court for leave to adduce additional evidence, and shall show  
5 to the satisfaction of the court that such additional evidence  
6 is material and that there were reasonable grounds for failure  
7 to adduce such evidence in the hearing before the Secretary,  
8 the court may order such additional evidence to be taken  
9 before the Secretary and to be adduced upon a hearing in  
10 such manner and upon such terms and conditions as to the  
11 court may seem proper. The Secretary may modify his find-  
12 ings as to the facts by reason of the additional evidence so  
13 taken, and shall file such modified or new findings, which, if  
14 supported by evidence, shall be conclusive, and his recom-  
15 mendation, if any, for the modification or setting aside of the  
16 original order. The jurisdiction of the court shall be exclusive  
17 and its judgment and decree, affirming, modifying, or setting  
18 aside, in whole or in part, any order of the Secretary, shall  
19 be final, subject to review by the Supreme Court of the  
20 United States upon certiorari or certification as provided in  
21 section 1254 of title 28, United States Code.

22 (b) The commencement of proceedings under subsec-  
23 tion (a) shall not, unless specifically ordered by the court,  
24 operate as a stay of the Secretary's order.

# 1 LIMITATION OF ACTIONS

SEC. 1312. No action shall be maintained to enforce any liability created under section 1310 (a) or (b) (2) unless brought within one year after the discovery of the untrue statement or the omission, or after such discovery should have been made by the exercise of reasonable diligence, or, if the action is to enforce a liability created under section 1310 (b) (1), unless brought within two years after the violation upon which it is based. In no event shall any such action be brought by a purchaser more than three years after the sale or lease to such purchaser.

CONTRARY STIPULATIONS VOID

13        SEC. 1313. Any condition, stipulation, or provision bind-  
14        ing any person acquiring any lot in a subdivision to waive  
15        compliance with any provision of this title or of the rules and  
16        regulations of the Secretary shall be void.

## 17 ADDITIONAL REMEDIES

18        SEC. 1314. The rights and remedies provided by this  
19 title shall be in addition to any and all other rights and reme-  
20 dies that may exist at law or in equity.

21 INVESTIGATIONS, INJUNCTIONS, AND PROSECUTION OF  
22 OFFENSES

23 SEC. 1315. (a) Whenever it shall appear to the Secre-  
24 tary that any person is engaged or about to engage in any  
25 acts or practices which constitute or will constitute a viola-

1 tion of the provisions of this title, or of any rule or regula-  
2 tion prescribed pursuant thereto, he may, in his discretion,  
3 bring an action in any district court of the United States, or  
4 the United States District Court for the District of Columbia  
5 to enjoin such acts or practices, and, upon a proper showing,  
6 a permanent or temporary injunction or restraining order  
7 shall be granted without bond. The Secretary may transmit  
8 such evidence as may be available concerning such acts or  
9 practices to the Attorney General who may, in his discretion,  
10 institute the appropriate criminal proceedings under this title.

11 (b) The Secretary may, in his discretion, make such  
12 investigations as he deems necessary to determine whether  
13 any person has violated or is about to violate any provision  
14 of this title or any rule or regulation prescribed pursuant  
15 thereto, and may require or permit any person to file with  
16 him a statement in writing, under oath or otherwise as the  
17 Secretary shall determine, as to all the facts and circum-  
18 stances concerning the matter to be investigated. The Secre-  
19 tary is authorized, in his discretion, to publish information  
20 concerning any such violations, and to investigate any facts,  
21 conditions, practices, or matters which he may deem neces-  
22 sary or proper to aid in the enforcement of the provisions  
23 of this title, in the prescribing of rules and regulations there-  
24 under, or in securing information to serve as a basis for

1 recommending further legislation concerning the matters to  
2 which this title relates.

3 (c) For the purpose of any such investigation, or any  
4 other proceeding under this title, the Secretary, or any of-  
5 ficer designated by him, is empowered to administer oaths  
6 and affirmations, subpoena witnesses, compel their attendance,  
7 take evidence, and require the production of any books,  
8 papers, correspondence, memorandums, or other records  
9 which the Secretary deems relevant or material to the in-  
10 quiry. Such attendance of witnesses and the production of  
11 any such records may be required from any place in the  
12 United States or any State at any designated place of hearing.

13 (d) In case of contumacy by, or refusal to obey a sub-  
14 pena issued to, any person, the Secretary may invoke the  
15 aid of any court of the United States within the jurisdiction  
16 of which such investigation or proceeding is carried on, or  
17 where such person resides or carries on business, in requir-  
18 ing the attendance and testimony of witnesses and the pro-  
19 duction of books, papers, correspondence, memorandums,  
20 and other records and documents. And such court may issue  
21 an order requiring such person to appear before the Sec-  
22 retary or any officer designated by the Secretary, there to  
23 produce records, if so ordered, or to give testimony touching  
24 the matter under investigation or in question; and any fail-  
25 ure to obey such order of the court may be punished by

1 such court as a contempt thereof. All process in any such  
2 case may be served in the judicial district whereof such  
3 person is an inhabitant or wherever he may be found. Any  
4 person who shall, without just cause, fail or refuse to attend  
5 and testify or to answer any lawful inquiry or to produce  
6 books, papers, correspondence, memorandums, and other  
7 records and documents, if in his power so to do, in obedience  
8 to the subpoena of the Secretary, shall be guilty of a mis-  
9 demeanor and, upon conviction, shall be subject to a fine of  
10 not more than \$1,000 or to imprisonment for a term of not  
11 more than one year, or both.

12 (e) No person shall be excused from attending and  
13 testifying or from producing books, papers, correspondence,  
14 memorandums, and other records and documents before the  
15 Secretary, or in obedience to the subpoena of the Secretary or  
16 any officer designated by him, or in any cause or proceeding  
17 instituted by the Secretary, on the ground that the testimony  
18 or evidence, documentary or otherwise, required of him may  
19 tend to incriminate him or subject him to a penalty or for-  
20 feiture; but no individual shall be prosecuted or subject to  
21 any penalty or forfeiture for or on account of any transaction,  
22 matter, or thing concerning which he is compelled, after hav-  
23 ing claimed his privilege against self-incrimination, to testify  
24 or produce evidence, documentary or otherwise, except that  
25 such individual so testifying shall not be exempt from prose-

1 cution and punishment for perjury committed in so  
2 testifying.

3 ADMINISTRATION

4 SEC. 1316. (a) The authority and responsibility for ad-  
5 ministering this title shall be in the Secretary of Housing  
6 and Urban Development who may delegate any of his func-  
7 tions, duties, and powers to employees of the Department of  
8 Housing and Urban Development or to boards of such em-  
9 ployees, including functions, duties, and powers with respect  
10 to investigating, hearing, determining, ordering, or otherwise  
11 acting as to any work, business, or matter under this title.  
12 The persons to whom such delegations are made with respect  
13 to hearing functions, duties, and powers shall be appointed  
14 and shall serve in the Department in compliance with sec-  
15 tions 3105, 3344, 5362, and 7521 of title 5 of the United  
16 States Code. The Secretary shall by rule prescribe such  
17 rights of appeal from the decisions of his hearing examiners  
18 to other hearing examiners or to other officers in the Depart-  
19 ment, to boards of officers or to himself, as shall be appro-  
20 priate and in accordance with law.

21 (b) All hearings shall be public and appropriate records  
22 thereof shall be kept.

23 UNLAWFUL REPRESENTATIONS

24 SEC. 1317. The fact that a statement of record with re-  
25 spect to a subdivision has been filed or is in effect shall not be

1 deemed a finding by the Secretary that the statement of  
2 record is true and accurate on its face, or be held to mean the  
3 Secretary has in any way passed upon the merits of, or given  
4 approval to, such subdivision. It shall be unlawful to make,  
5 or cause to be made, to any prospective purchaser any repre-  
6 sentation contrary to the foregoing.

#### 7 PENALTIES

8 SEC. 1318. Any person who willfully violates any of the  
9 provisions of this title or the rules and regulations prescribed  
10 pursuant thereto, or any person who willfully, in a statement  
11 of record filed under, or in a property report issued pursuant  
12 to, this title, makes any untrue statement of a material fact  
13 or omits to state any material fact required to be stated  
14 therein, shall upon conviction be fined not more than \$5,000  
15 or imprisoned not more than five years, or both.

#### 16 RULES, REGULATIONS, AND ORDERS

17 SEC. 1319. The Secretary shall have authority from time  
18 to time to make, issue, amend, and rescind such rules and  
19 regulations and such orders as are necessary or appropriate  
20 to the exercise of the functions and powers conferred upon  
21 him elsewhere in this title. For the purpose of his rules and  
22 regulations, the Secretary may classify persons and matters  
23 within his jurisdiction and prescribe different requirements  
24 for different classes of persons or matters.

## 1 JURISDICTION OF OFFENSES AND SUITS

2 SEC. 1320. (a) The district courts of the United States,  
3 the United States courts of any territory, and the United  
4 States District Court for the District of Columbia shall have  
5 jurisdiction of offenses and violations under this title and  
6 under the rules and regulations prescribed by the Secretary  
7 pursuant thereto, and, concurrent with State courts, of all  
8 suits in equity and actions at law brought to enforce any  
9 liability or duty created by this title. Any such suit or action  
10 may be brought to enforce any liability or duty created by  
11 this title. Any such suit or action may be brought in the  
12 district wherein the defendant is found or is an inhabitant  
13 or transacts business, or in the district where the offer or  
14 sale took place, if the defendant participated therein, and  
15 process in such cases may be served in any other district of  
16 which the defendant is an inhabitant or wherever the de-  
17 fendant may be found. Judgments and decrees so rendered  
18 shall be subject to review as provided in sections 1254 and  
19 1291 of title 28, United States Code. No case arising under  
20 this title and brought in any State court of competent juris-  
21 diction shall be removed to any court of the United States,  
22 except where the United States or any officer or employee of  
23 the United States in his official capacity is a party. No costs  
24 shall be assessed for or against the Secretary in any proceed-

1 ing under this title brought by or against him in the Supreme  
2 Court or such other courts.

### 3 APPROPRIATIONS

4 SEC. 1321. There are authorized to be appropriated such  
5 sums as may be necessary to carry out this title.

### 6 EFFECTIVE DATE

7 SEC. 1322. This title shall take effect upon the expira-  
8 tion of one hundred and eighty days after the date of its  
9 enactment.

## 10 TITLE XIV—TEN-YEAR HOUSING PROGRAM

### 11 DECLARATION OF PURPOSE

12 SEC. 1401. The Congress finds and declares that the  
13 national commitment to the goal of “a decent home and a  
14 suitable living environment for every American family”,  
15 as set forth in section 2 of the Housing Act of 1949, can  
16 be fulfilled in a ten-year period by the effective utilization,  
17 in accordance with a definite plan, of the available resources  
18 and capabilities existing in the public and private sectors of  
19 the economy. It is the purpose of this title to provide for  
20 the development of such a plan and to require periodic  
21 reporting with respect to the execution thereof.

### 22 REPORT OUTLINING PLAN

23 SEC. 1402. Not later than January 15, 1969, the  
24 President shall make a report to the Congress setting forth

1 a plan, to be carried out over a period of ten years (June 30,  
2 1968, to June 30, 1978), for the elimination of all substand-  
3 ard housing and the realization of the goal referred to in sec-  
4 tion 1401. Such plan shall—

5 (1) indicate the number of new or rehabilitated  
6 housing units which it is anticipated will have to be  
7 provided, with or without Government assistance, during  
8 each fiscal year of the ten-year period, in order to achieve  
9 the objectives of the plan, showing the number of such  
10 units which it is anticipated will have to be provided  
11 under each of the various Federal programs designed to  
12 assist in the provision of housing;

13 (2) indicate the reduction in the number of oc-  
14 cupied substandard housing units which it is anticipated  
15 will have to occur during each fiscal year of the ten-  
16 year period in order to achieve the objectives of the plan;

17 (3) provide an estimate of the cost of carrying out  
18 the plan for each of the various Federal programs and  
19 for each fiscal year during the ten-year period to the  
20 extent that such costs will be reflected in the Federal  
21 budget;

22 (4) make recommendations with respect to any  
23 legislative action which is necessary or desirable to  
24 achieve the objectives of the plan; and

1           (5) provide such other pertinent data, estimates,  
2       and recommendations as the President deems advisable.  
3   Such report shall, in addition, contain a projection of the resi-  
4   dential mortgage market needs and prospects during the com-  
5   ing year, including an estimate of the requirements with  
6   respect to the availability, need, and flow of mortgage funds  
7   (particularly in declining urban and rural areas) during such  
8   year, together with such recommendations as may be deemed  
9   appropriate for encouraging the availability of such funds.

10                               PERIODIC REPORTS

11       SEC. 1403. On January 15, 1970, and on each suc-  
12   ceeding year through 1978, the President shall submit to the  
13   Congress a report which shall—

14           (1) compare the results achieved during the pre-  
15   ceding fiscal year for the completion of new or reha-  
16   bilitated housing units and the reduction in occupied  
17   substandard housing with the objectives established for  
18   such year under the plan;

19           (2) if the comparison provided under clause (1)  
20   shows a failure to achieve the objectives set for such  
21   year, indicate (A) the reasons for such failure; (B)  
22   the steps being taken to achieve the objectives of the  
23   plan during each of the remaining fiscal years of the

1        ten-year period; and (C) any necessary revision in the  
2        objectives established under the plan for each such  
3        year;

(3) project residential mortgage market needs and prospects for the coming calendar year including an estimate of the requirements with respect to the availability, need, and flow of mortgage funds (particularly in declining urban and rural areas) during such period, in order to achieve the objectives of the plan;

(4) provide an analysis of the monetary and fiscal policies of the Government for the coming calendar year required to achieve the objectives of the plan and the impact upon the domestic economy of achieving the plan's objectives for such period;

15           (5) make recommendations with respect to any  
16       additional legislative action which is necessary or desir-  
17       able to achieve the objectives of the plan; and

(6) provide such other pertinent data, estimates,  
and recommendations as the President deems advisable.

## 20 FINAL REPORT

SEC. 1404. On January 15, 1979, the President shall submit to the Congress a final report showing in detail the extent to which the objectives of the plan have been realized. If such objectives have not been achieved, such report shall contain an analysis of the reasons therefor, together with

1 such recommendations as the President deems advisable for  
2 achieving such objectives at the earliest possible date.

## 3 TITLE XV—MISCELLANEOUS

### 4 MODEL CITIES

5 SEC. 1501. (a) Section 111 (a) of the Demonstration  
6 Cities and Metropolitan Development Act of 1966 is  
7 amended by—

8 (1) striking out the word “and” the second time  
9 it appears; and

10 (2) inserting before the period at the end thereof  
11 “, and not to exceed \$12,000,000 for the fiscal year  
12 ending June 30, 1969”.

13 (b) Section 111 (b) of such Act is amended by—

14 (1) striking out the word “and” the third time  
15 it appears; and

16 (2) inserting before the period at the end thereof “,  
17 and not to exceed \$1,000,000,000 for the fiscal year  
18 ending on June 30, 1970”.

19 (c) Section 111 (c) of such Act is amended to read as  
20 follows:

21 “(c) Any amounts appropriated under this section shall  
22 remain available until expended, and any amounts author-  
23 ized for any fiscal year under this section but not appropri-  
24 ated may be appropriated for any succeeding fiscal year  
25 commencing prior to July 1, 1970.”

## 1 URBAN RENEWAL DEMONSTRATION GRANT PROGRAM

2 SEC. 1502. (a) Section 314 (a) of the Housing Act of  
3 1954 is amended by—

4 (1) striking out in the first sentence “to public  
5 bodies, including cities and other political subdivisions,”  
6 and inserting in lieu thereof “to public bodies (includ-  
7 ing cities and other political subdivisions) and nonprofit  
8 organizations”;

9 (2) inserting after the first sentence the following:  
10 “In the case of any such grant to a nonprofit organiza-  
11 tion, the Secretary shall require that the assisted activi-  
12 ties and undertakings are not inconsistent with the  
13 program of the local public agency.”; and

14 (3) striking out in the second sentence “No such  
15 grant shall exceed two-thirds of the cost, as determined  
16 or estimated by the Secretary, of such activities or  
17 undertakings,” and inserting in lieu thereof the follow-  
18 ing: “No such grant shall exceed 90 per centum of the  
19 cost, as determined or estimated by the Secretary, of  
20 the assisted activities or undertakings,”.

21 (b) Section 314 (c) of such Act is amended by striking  
22 out “\$10,000,000” and inserting in lieu thereof “\$20,-  
23 000,000.”

1 AUTHORIZATION FOR URBAN INFORMATION AND TECHNICAL ASSISTANCE SERVICES PROGRAM

3 SEC. 1503. (a) The first sentence of section 906 of the  
4 Demonstration Cities and Metropolitan Development Act of  
5 1966 is amended by striking out "and not to exceed \$5,000,-  
6 000 for the fiscal year ending June 30, 1968" and inserting  
7 in lieu thereof "not to exceed \$5,000,000 for each of the  
8 fiscal years 1968 and 1969, and not to exceed \$15,000,000  
9 for fiscal year 1970".

10 (b) The second sentence of section 906 of such Act is  
11 amended to read as follows: "Any amounts appropriated  
12 under this section shall remain available until expended, and  
13 any amounts authorized for any fiscal year under this section  
14 but not appropriated may be appropriated for any succeeding  
15 fiscal year commencing prior to July 1, 1970."

16 ADVANCES IN TECHNOLOGY IN HOUSING AND URBAN  
17 DEVELOPMENT

18 SEC. 1504. (a) Section 1010 (d) of the Demonstration  
19 Cities and Metropolitan Development Act of 1966 is  
20 amended by inserting before the period at the end of the  
21 first sentence the following: ", and not to exceed such sums  
22 for subsequent fiscal years as may be necessary".

23 (b) Section 1010 (c) of such Act is amended by strik-

1 ing out “two years” in the second sentence and inserting in  
2 lieu thereof “four years”.

3 (c) Section 1010 (a) of such Act is amended—

4 (1) by striking out “and” at the end of paragraph  
5 (1) ;

6 (2) by striking out the period at the end of para-  
7 graph (2) and inserting in lieu thereof “; and”; and

8 (3) by adding after paragraph (2) a new para-  
9 graph as follows:

10 “(3) require, to the greatest extent feasible, the  
11 employment of new and improved technology, tech-  
12 niques, materials, and methods in housing construction,  
13 rehabilitation, and maintenance under programs admin-  
14 istered by the Department of Housing and Urban Devel-  
15 opment with a view to reducing the cost of such construc-  
16 tion, rehabilitation, and maintenance, and stimulating the  
17 increased and sustained production of housing under such  
18 programs.”

19 COLLEGE HOUSING

20 SEC. 1505. (a) The heading of section 401 of the  
21 Housing Act of 1950 is amended by striking out “LOANS”  
22 and inserting in lieu thereof “ASSISTANCE IN THE FORM OF  
23 LOANS OR ANNUAL GRANTS”.

24 (b) Section 401 (a) of such Act is amended to read  
25 as follows:

1       “(a) To assist educational institutions in providing  
2 housing and other educational facilities for students and  
3 faculties, the Secretary may make loans of funds to such  
4 institutions for the construction of such facilities or may, as  
5 an alternative to all or part of the loan (in the case of any  
6 such institution), make annual grants to the institution to  
7 reduce the cost of its borrowing from other sources for such  
8 construction: *Provided*, That no such assistance shall be pro-  
9 vided unless (1) the educational institution involved is un-  
10 able to secure the necessary funds for the construction from  
11 other sources upon terms and conditions equally as favorable  
12 as the terms and conditions applicable to loans under this  
13 title, and (2) the Secretary finds that such construction will  
14 be undertaken in an economical manner, and that it is not or  
15 will not be of elaborate or extravagant design or materials.”

16       (c) Section 401 (c) of such Act is amended—

17               (1) by inserting “(1)” after “(c)”;

18               (2) by striking out “of (1)” and “or (2)” and  
19 inserting in lieu thereof “of (A)” and “or (B)”, respec-  
20 tively; and

21               (3) by adding at the end thereof the following new  
22 paragraph:

23       “(2) Annual grants to an educational institution with  
24 respect to any housing or other educational facilities shall be  
25 made over a fixed period not exceeding 40 years, and

1 provision for such grants shall be embodied in a contract  
2 guaranteeing their payment over such period. Each such  
3 grant shall be in an amount equal to the difference between  
4 (A) the average annual debt service which would be required  
5 to be paid, during the life of the loan, on the amount bor-  
6 rowed from other sources for the construction of such facili-  
7 ties, and (B) the average annual debt service which the  
8 institution would have been required to pay, during the  
9 life of the loan, with respect to such amounts if the applicable  
10 interest rate were the rate specified in paragraph (1):  
11 *Provided*, That the amount on which such grant is based  
12 shall be approved by the Secretary but in no event shall  
13 exceed the total development cost of the facilities.”

14 (d) Section 401 (d) of such Act is amended by insert-  
15 ing “(1)” after “(d)”, and by adding at the end thereof  
16 the following new paragraph:

17 “(2) There are hereby authorized to be appropriated  
18 to the Secretary such sums as may be necessary, together  
19 with loan principal and interest payments made by educa-  
20 tional institutions assisted with loans made hereunder, for  
21 payments on notes or other obligations issued by the Secre-  
22 tary under this section.”

23 (e) Section 401 (f) of such Act is amended to read as  
24 follows:

25 “(f) (1) There are hereby authorized to be appropri-

1 ated to the Secretary such sums as may be necessary for the  
2 payment of annual grants to educational institutions in ac-  
3 cordance with this section.

4 “(2) Contracts for annual grants under this section shall  
5 not be entered into in an aggregate amount greater than is  
6 authorized in appropriation Acts; and in any event the total  
7 amount of annual grants which may be paid to educational  
8 institutions in any year pursuant to contracts entered into  
9 under this section shall not exceed \$10,000,000, which  
10 amount shall be increased by \$10,000,000 on July 1, 1969.”

11 (f) Section 403 of such Act is amended by striking  
12 out “the funds provided for in this title in the form of loans”  
13 and inserting in lieu thereof “the amount of the funds pro-  
14 vided for in this title in the form of loans, and not more than  
15  $12\frac{1}{2}$  per centum of the funds provided for in this title for  
16 grants.”

17 (g) (1) Section 401 (g) of such Act is amended to  
18 read as follows:

19 “(g) Except as otherwise provided in the second para-  
20 graph of section 404 (b), in the case of any loan which is  
21 made under this section to a nonprofit student housing co-  
22 operative corporation referred to in clause (5) of section  
23 404 (b), or which is obtained from other sources by such a  
24 corporation and is the subject of a contract for annual grants  
25 entered into under this section, the Secretary shall require

1 that the note securing such loan be cosigned by the educa-  
2 tional institution (referred to in clause (1) of such section)  
3 at which such corporation is located, and that, in the event  
4 of the dissolution of such corporation, title to the housing  
5 constructed with such loan will vest in such educational  
6 institution.”

7 (2) Clause (3) (B) of section 404 (b) of such Act is  
8 amended by striking out “of any loan secured under this  
9 title” and inserting in lieu thereof the following: “of any  
10 loan which is made under section 401, or is the subject of a  
11 contract for annual grants entered into under section 401,”.

12 (3) Clause (4) of section 404 (b) of such Act is  
13 amended by striking out “to obtain loans” and inserting in  
14 lieu thereof “to obtain loans or grants”.

15 (4) The second paragraph of section 404 (b) of such  
16 Act is amended by inserting after “clause (5) of this sub-  
17 section,” the following: “and in the case of any loan which  
18 is obtained from other sources by such a corporation and  
19 is the subject of a contract for annual grants entered into  
20 under section 401,”.

21 FEDERAL-STATE TRAINING PROGRAMS

22 SEC. 1506. (a) Title VIII of the Housing Act of 1964  
23 is amended—

24 (1) by inserting after “urban centers,” in section  
25 801 (b) the following: “and with business firms and

associations, labor unions, and other interested associations and organizations,";

(2) by striking out "technical and professional people" in sections 801 (b) (1) and 802 (a) (1) and inserting in lieu thereof "technical, professional, and other persons with the capacity to master and employ such skills"; and

(3) by inserting after "which has responsibility for community development" in sections 801 (b) (1) and 802 (a) (1) the following: ", or by a private non-profit organization which is conducting or has responsibility for housing and community development programs".

(b) Section 805 of such Act is amended by inserting "Guam, American Samoa, the Trust Territory of the Pacific Islands," after "the Commonwealth of Puerto Rico,".

#### ADDITIONAL ASSISTANT SECRETARY OF HOUSING

#### URBAN DEVELOPMENT

SEC. 1507. (a) The first sentence of section 4 (a) of the Department of Housing and Urban Development Act is amended by striking out "five" and inserting in lieu thereof "six".

(b) Paragraph (87) of section 5315 of title 5, United States Code, is amended by striking out "(4)" and inserting in lieu thereof "(6)".

## 1 INTERNATIONAL HOUSING

2 SEC. 1508. Section 604 of the Housing Act of 1957 is  
3 amended to read as follows:

4 "SEC. 604. (a) The Secretary of Housing and Urban  
5 Development may exchange data relating to housing and  
6 urban planning and development with other nations and  
7 assemble such data from other nations, through participation  
8 in international conferences and other means, where such ex-  
9 change or assembly is deemed by him to be beneficial in  
10 carrying out his responsibilities under the Department of  
11 Housing and Urban Development Act or other legislation.  
12 In carrying out his responsibilities under this subsection the  
13 Secretary may—

14 "(1) pay the expenses of participation in activi-  
15 ties conducted under authority of this section including,  
16 but not limited to, the compensation, travel expense, and  
17 per diem in lieu of subsistence, of persons serving in an  
18 advisory capacity while away from their homes or reg-  
19 ular places of business in connection with attendance at  
20 international meetings and conferences, or other travel  
21 for the purpose of exchange or assembly of data relating  
22 to housing and urban planning and development; but  
23 such travel expenses shall not exceed those authorized  
24 for regular officers and employees traveling in connec-  
25 tion with said activities; and

1       “(2) accept from international organizations, for-  
2       eign countries, and private nonprofit foundations, funds,  
3       services, facilities, materials, and other donations to be  
4       utilized jointly in carrying out activities under this  
5       section.

6       “(b) International programs and activities carried out  
7       by the Secretary under the authority provided in subsection  
8       (a) shall be subject to the approval of the Secretary of  
9       State for the purpose of assuring that such authority shall  
10      be exercised in a manner consistent with the foreign policy  
11      of the United States.”

12      LOW-RENT PUBLIC HOUSING—CORPORATE STATUS

13      SEC. 1509. (a) The first sentence of section 3 of the  
14      United States Housing Act of 1937 is amended by striking  
15      “a body corporate of perpetual duration to be known as”.

16      (b) Section 17 of such Act is repealed. The capital stock  
17      referred to in such section shall be retired, and the sum of  
18      \$1,000,000 represented by such stock shall be returned to  
19      the Treasury of the United States.

20      (c) Such Act is amended by adding a new section 17  
21      as follows:

22      “SEC. 17. In the performance of, and with respect to,  
23      functions, powers, and duties under this Act, the Secretary  
24      shall have (in addition to any authority otherwise vested in  
25      him) the functions, powers, and duties set forth in subsec-

1 tions (a), (b), and (e) of section 402 of the Housing  
2 Act of 1950.”

3 (d) Section 101 of the Government Corporation Con-  
4 trol Act is amended by striking out “Federal Public Hous-  
5 ing Authority (or United States Housing Authority) and  
6 including public housing projects financed through appropri-  
7 ated funds and operations thereof;”.

8 ELIGIBILITY FOR RENT SUPPLEMENT PAYMENTS

9 SEC. 1510. Notwithstanding any other provision of law  
10 respecting the date after which a mortgage must have been  
11 approved for mortgage insurance under section 221 (d) (3),  
12 of the National Housing Act, the Secretary of Housing and  
13 Urban Development is authorized to make, and contract to  
14 make, rent supplement payments under the provisions of  
15 section 101 of the Housing and Urban Development Act of  
16 1965 to the owners of housing projects known as the 114th  
17 Street rehabilitation project and the 114th Street rehabili-  
18 tation project numbered 2, in New York City, New York,  
19 (project numbers 012-33501 and 012-33512).

20 CONSOLIDATION OF LOW-RENT PUBLIC HOUSING PROJECTS

21 IN THE DISTRICT OF COLUMBIA

22 SEC. 1511. All projects now operated and maintained  
23 by the National Capital Housing Authority pursuant to title  
24 I of the District of Columbia Alley Dwelling Act are deemed

1 to be low-rent housing projects and may be consolidated, pur-  
2 suant to section 15 (6) of the United States Housing Act of  
3 1937, into any contract for annual contributions covering  
4 projects maintained and operated pursuant to title II of the  
5 Alley Dwelling Act.

6 URBAN RENEWAL PROJECT IN GARDEN CITY, MICHIGAN

7 SEC. 1512. Notwithstanding the date of commencement  
8 of construction of the Florence Primary School in Garden  
9 City, Michigan, local expenditures made in connection with  
10 such school shall, to the extent otherwise eligible, be counted  
11 as a local grant-in-aid toward the Cherry Hill urban renewal  
12 project (Mich. R-46) for purposes of title I of the Housing  
13 Act of 1949.

14 URBAN RENEWAL PROJECT IN SACRAMENTO, CALIFORNIA

15 SEC. 1513. Notwithstanding the date of commencement  
16 of construction of the storm drainage system in the Capitol  
17 Mall Riverfront urban renewal project (Calif. R-67) in  
18 Sacramento, California, local expenditures made in connec-  
19 tion with such storm drainage system located in that project,  
20 to the extent otherwise eligible, shall be counted as a local  
21 grant-in-aid toward the Capitol Mall Riverfront urban re-  
22 newal project (Calif. R-67) for purposes of title I of the  
23 Housing Act of 1949.

## SELF-HELP STUDIES

SEC. 1514. (a) Section 207 of the Housing Act of 1961 is amended by inserting after the words "improved means" the following: " , including the study of self-help in the construction, rehabilitation, and maintenance of housing for low-income persons and families and the methods of selecting, involving, and directing such persons and families in self-help activities,".

(b) The Secretary of Housing and Urban Development shall make a report to the Congress, within one year after the date of enactment of this Act, setting forth the results of the self-help studies and demonstrations carried out under section 207 of the Housing Act of 1961, together with such recommendations as he deems appropriate.

## EARTHQUAKE STUDY

SEC. 1515. Section 5 of the Southeast Hurricane Disaster Relief Act of 1965 is amended by striking out "three years after the appropriation of funds for this study" and inserting in lieu thereof "June 30, 1969".

## TECHNICAL AMENDMENTS

SEC. 1516. (a) Section 110 (c) of the Housing Act of 1949 is amended by striking "paragraphs (7), (8), and (9)" in the second unnumbered paragraph following the numbered paragraphs and inserting in lieu thereof "paragraphs (7), (8), (9), and (10)".

1       (b) Section 110(d) of the Housing Act of 1949 is  
2 amended by striking out “clauses (2), (3)” and inserting in  
3 lieu thereof “clauses (2), (3), (7)”.

4       (c) Section 110(e) of the Housing Act of 1949 is  
5 amended by striking out “and (9)” in clause (i) and insert-  
6 ing in lieu thereof “(9), and (10)”.

7       (d) Section 1101(c)(3) of the National Housing Act  
8 is amended by inserting “from the beginning of amortiza-  
9 tion of the mortgage” immediately after “twenty-five years”.

10       (e) Section 213(o) of the National Housing Act is  
11 amended by adding at the end thereof four new sentences  
12 as follows: “Moneys in the Cooperative Management Hous-  
13 ing Insurance Fund not needed for current operations of  
14 the fund shall be deposited with the Treasurer of the United  
15 States to the credit of the Cooperative Management Hous-  
16 ing Insurance Fund or invested in bonds or other obliga-  
17 tions of, or in bonds or other obligations guaranteed as to  
18 principal and interest by, the United States. The Secretary  
19 may, with the approval of the Secretary of the Treasury,  
20 purchase in the open market debentures which are the  
21 obligations of the Cooperative Management Housing Insur-  
22 ance Fund. Such purchases shall be made at a price which  
23 will provide an investment yield of not less than the yield  
24 obtainable from other investments authorized by this sub-

1 section. Debentures so purchased shall be canceled and not  
2 reissued.”

3 (f) Section 810 (e) of the National Housing Act is  
4 amended by—

5 (1) striking “private corporation, association, co-  
6 operative society, or trust” in the first sentence and  
7 inserting in lieu thereof “mortgagor approved by the  
8 Secretary”, and

9 (2) striking “corporation, association, cooperative  
10 society, or trust” in the third and fourth sentences and  
11 inserting in lieu thereof “mortgagor”.

12 HOME OWNERS’ LOAN ACT OF 1933

13 SEC. 1517. (a) (1) Section 5 (c) of the Home Owners’  
14 Loan Act of 1933, as amended (12 U.S.C. 1464 (c) ), is  
15 amended by inserting after the first semicolon in the second  
16 proviso of the first paragraph the following: “or in time  
17 deposits, certificates, or accounts of any bank the deposits  
18 of which are insured by the Federal Deposit Insurance  
19 Corporation;”.

20 (2) The first sentence of the next to the last para-  
21 graph of section 5 (c) of such Act is amended—

22 (A) by inserting “(1)” immediately before  
23 “invest”;

24 (B) by striking out “(1)” before “secured”;

1 (C) by inserting “, now or hereafter in effect,”  
2 after “National Housing Act”; and

3 (D) by striking out all that follows “(2)” and  
4 inserting in lieu thereof the following: “acquire and hold  
5 investments in housing project loans, or interests therein,  
6 having the benefit of any guaranty under section 221  
7 of the Foreign Assistance Act of 1961, as now or here-  
8 after in effect, or loans, or interests therein, having the  
9 benefit of any guaranty under section 224 of such Act,  
10 or any commitment or agreement with respect to such  
11 loans, or interests therein, made pursuant to either of  
12 such sections.”

13 (b) Section 5 (c) of such Act is amended by inserting  
14 in the second paragraph after “property alteration, repair,  
15 or improvement” the following: “, including the construction  
16 of new structures related to residential use of the property”.

17 (c) Section 5 (c) of such Act is amended by adding  
18 at the end thereof a new paragraph as follows:

19 “Any such association may invest in loans, or interests  
20 in loans, to financial institutions, with respect to which  
21 the United States or any agency or instrumentality thereof  
22 has any function of examination or supervision, secured by  
23 loans, obligations, or investments in which it has any  
24 statutory authority to invest directly.”

## 1                                   FEDERAL HOME LOAN BANK ACT

2           SEC. 1518. Section 12 of the Federal Home Loan Bank  
3 Act, as amended (12 U.S.C. 1432), is amended by insert-  
4 ing “(a)” after “SEC. 12.”, and by adding at the end  
5 thereof a new subsection as follows:

6           “(b) Subject to such regulations as may be prescribed  
7 by the board, one or more Federal home loan banks may  
8 acquire, hold, or dispose of, in whole or in part, or facilitate  
9 such acquisition, holding, or disposition by members of any  
10 such bank of, housing project loans, or interests therein,  
11 having the benefit of any guaranty under section 221 of  
12 the Foreign Assistance Act of 1961, as now or hereafter in  
13 effect, or loans, or interests therein, having the benefit of  
14 any guaranty under section 224 of such Act, or any com-  
15 mitment or agreement with respect to such loans, or interests  
16 therein, made pursuant to either of such sections.”

## 17                                   FEDERAL RESERVE ACT

18           SEC. 1519. Section 24 of the Federal Reserve Act, as  
19 amended (12 U.S.C. 371), is amended—

20                   (1) by striking out “twenty-four months”, wher-  
21 ever it appears in the third paragraph and inserting in  
22 lieu thereof “thirty-six months”;

23                   (2) by striking out “when the entire amount of  
24 such obligation is sold to the association”, wherever it  
25 appears in the first and second paragraphs, and inserting

1 in lieu thereof "in whole or in part and at any time or  
2 times prior to the maturity of such obligation"; and

3 (3) by striking out the last paragraph and inserting  
4 in lieu thereof the following:

5 "Loans made to any borrower (i) where the association  
6 looks for repayment by relying primarily on the borrower's  
7 general credit standing and forecast of income, with or with-  
8 out other security, or (ii) where the association relies on  
9 other security as collateral for the loans (including but not  
10 limited to a guaranty of a third party), and where, in either  
11 case described in clause (i) or (ii) above, the association  
12 wishes to take a mortgage, deed of trust, or other instrument  
13 upon real estate (whether or not constituting a first lien) as  
14 a precaution against contingencies, such loans shall not be  
15 considered as real estate loans within the meaning of this  
16 section but shall be classed as ordinary non-real-estate loans."

17 RELEASE FROM LIABILITY UNDER VETERANS' HOME LOAN

18 PROGRAM

19 SEC. 1520. (a) Section 1817 of title 38, United States  
20 Code, is amended (1) by striking out "Whenever" at the  
21 beginning of such section and inserting in lieu thereof "(a)  
22 Whenever"; and (2) by adding at the end of such section  
23 a new subsection as follows:

24 "(b) In order that any veteran who disposes of resi-

1   dential property securing a guaranteed, insured, or direct  
2   loan obtained by him will be informed of the release provi-  
3   sions of subsection (a) of this section, the Administrator  
4   shall require as a condition to guaranteeing or insuring any  
5   home loan under this chapter (including any loan guaranteed  
6   under section 1811 (g) of this title) that the holder of the  
7   instrument creating and securing the loan agree to notify, in  
8   accordance with regulations prescribed by the Administrator,  
9   the veteran, on whose behalf the loan was guaranteed, in-  
10   sured, or made, of the provisions of subsection (a) of this  
11   section before such holder agrees to permit any third person  
12   to assume the obligations of the veteran under the terms of  
13   such instrument. Notification to a veteran under this sub-  
14   section shall include an explanation of his liability in the  
15   event of his failure to obtain a release under subsection (a)  
16   of this section and of any effect such failure may have on  
17   his eligibility for benefits under this chapter. Failure by a  
18   holder of any such instrument to give notice to a veteran  
19   in accordance with regulations of the Administrator shall  
20   release the United States from any obligation on any such  
21   loan. A signed statement by the veteran to the effect that  
22   he has received the notification provided for in this subsection  
23   shall constitute prima facie evidence that such notification  
24   was given.”

25       (b) The amendment made by subsection (a) of this

1 section shall be applicable in the case of all home loans  
2 guaranteed or insured under chapter 37 of title 38, United  
3 States Code, on and after the date of enactment of this  
4 Act (including loans guaranteed under section 1811 (g) of  
5 that title). The Administrator shall take such action as he  
6 deems necessary and appropriate to provide for the notifica-  
7 tion prescribed by section 1817 (b) of title 38, United States  
8 Code, as added by subsection (a) of this section, in the  
9 case of veterans who dispose of residential property with  
10 respect to which they obtained guaranteed, insured, or di-  
11 rect loans prior to the date of enactment of this Act.

12 SHELTER FOR DISASTER VICTIMS

13 SEC. 1521. (a) The President is authorized to provide  
14 dwelling accommodations for any individual or family when-  
15 ever he determines—

16 (1) that such individual or family occupied a house  
17 (as an owner or tenant) which was destroyed, or dam-  
18 aged to such an extent that it is uninhabitable, as the  
19 result of a major disaster occurring after January 1,  
20 1968;

21 (2) that such action is necessary to avoid severe  
22 hardship on the part of such individual family; and

23 (3) that such owner or tenant cannot otherwise  
24 provide suitable dwelling accommodations for himself  
25 and/or his family.

1       (b) Such dwelling accommodations, including mobile  
2 homes, as may be necessary to meet the need, shall be pro-  
3 vided through acquisition, acquisition and rehabilitation, or  
4 lease. Dwelling accommodations in such housing shall be  
5 made available to any such individual or family for such  
6 period as may be necessary to enable the individual or fam-  
7 ily to find other decent, safe, and sanitary housing which is  
8 within his or its ability to finance. Rentals shall be estab-  
9 lished for such accommodations, under such rules and regula-  
10 tions as the President may prescribe and shall take into con-  
11 sideration the financial ability of the occupant. In cases of  
12 financial hardship, rentals may be compromised or adjusted  
13 for a period not to exceed twelve months, but in no case shall  
14 any such individual or family be required to incur a monthly  
15 housing expense (including any fixed expense relating to the  
16 amortization of debt owing on a house destroyed or damaged  
17 in a disaster) which is in excess of 25 per centum of the  
18 individual's or family monthly income.

19       (c) In the performance of, and with respect to, the  
20 powers and duties conferred upon him by this section, the  
21 President may—

22               (1) prescribe such rules and regulations as he deems  
23 necessary to carry out the purposes of this section;

(2) exercise such powers and duties either directly or through such Federal agency or agencies as he may designate;

(3) sell or exchange at public or private sale, or lease, any real property acquired or constructed under this section;

(4) obtain insurance against loss in connection with any such real property;

(5) enter into agreements to pay annual sums in lieu of taxes to any State or local taxing authority with respect to any such real property; and

(6) include in any contract or instrument made pursuant to this section, such conditions and provisions as he deems necessary to assure that the purposes of this section will be achieved.

(d) Such sums as may be necessary to carry out the provisions of this section are authorized to be appropriated.

#### SPECIAL STUDIES OF SAVINGS AND LOAN INDUSTRY

SEC. 1522. That part of chapter IV of the Second Supplemental Appropriation Act, 1966, which relates to expenses necessary for special studies of the savings and loan industry is amended by striking out "1968" and inserting "1969".

## SMALL BUSINESS ACT

1  
2 SEC. 1523. Subsection (a) of section 4 of the Small Busi-  
3 ness Act is amended by inserting immediately after "the  
4 Commonwealth of Puerto Rico," the following: "the Trust  
5 Territory of the Pacific Islands,".

Passed the Senate May 28 (legislative day, May 27),  
1968.

Attest:

FRANCIS R. VALEO,

*Secretary.*

---

## AN ACT

---

To assist in the provision of housing for low and moderate income families, and to extend and amend laws relating to housing and urban development.

---

MAY 29, 1968

Referred to the Committee on Banking and Currency

# H. R. 17989

---

## IN THE HOUSE OF REPRESENTATIVES

JUNE 19, 1968

Mr. PATMAN (for himself, Mr. BARRETT, Mrs. SULLIVAN, Mr. REUSS, Mr. ASHLEY, Mr. MOORHEAD, Mr. ST GERMAIN, Mr. GONZALEZ, Mr. MINISH, Mr. HANNA, Mr. ANNUNZIO, Mr. REES, Mr. WOLFF, Mr. HALPERN, Mr. FRIEDEL, and Mr. PEPPER) introduced the following bill; which was referred to the Committee on Banking and Currency

---

## A BILL

To assist in the provision of housing for low and moderate income families, and to extend and amend laws relating to housing and urban development.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*  
3       That this Act may be cited as the "Housing and Urban  
4       Development Act of 1968".

### DECLARATION OF POLICY

5  
6       SEC. 2. The Congress affirms the national goal, as set  
7       forth in section 2 of the Housing Act of 1949, of "a decent  
8       home and a suitable living environment for every American  
9       family".

1     The Congress finds that this goal has not been fully  
2 realized for many of the Nation's lower income families;  
3 that this is a matter of grave national concern; and that  
4 there exist in the public and private sectors of the economy  
5 the resources and capabilities necessary to the full realiza-  
6 tion of this goal.

7     The Congress declares that in the administration of those  
8 housing programs authorized by this Act which are designed  
9 to assist families with incomes so low that they could not  
10 otherwise decently house themselves, and of other Govern-  
11 ment programs designed to assist in the provision of housing  
12 for such families, the highest priority and emphasis should  
13 be given to meeting the housing needs of those families for  
14 which the national goal has not become a reality; and in  
15 the carrying out of such programs there should be the fullest  
16 practicable utilization of the resources and capabilities of  
17 private enterprise and of individual self-help techniques.

18     JOBS IN HOUSING; EMPLOYMENT OPPORTUNITIES FOR  
19     LOWER INCOME PERSONS IN CONNECTION WITH ASSISTED  
20     PROJECTS

21     SEC. 3. In the administration of the programs authorized  
22 by sections 235 and 236 of the National Housing Act, the  
23 below-market interest rate program under section 221 (d)  
24 (3) of such Act, the low-rent public housing program under  
25 the United States Housing Act of 1937, and the rent supple-

1 ment program under section 101 of the Housing and Urban  
2 Development Act of 1965, the Secretary of Housing and  
3 Urban Development shall require that, to the greatest extent  
4 feasible, opportunities for employment arising in connection  
5 with the construction or rehabilitation of projects assisted  
6 under such programs be given to lower income persons  
7 residing in the area of such projects.

8 IMPROVED ARCHITECTURAL DESIGN IN GOVERNMENT

9 HOUSING PROGRAMS

10 SEC. 4. The Congress finds that Federal aids to housing  
11 have not contributed fully to improvement in architectural  
12 standards. This objective has been contemplated in Federal  
13 housing legislation since the establishment of mortgage insur-  
14 ance through the Federal Housing Administration.

15 The Congress commends the Department of Housing and  
16 Urban Development for its recent efforts to improve archi-  
17 tectural standards through competitive design awards and in  
18 other ways but at the same time recognizes that this impor-  
19 tant objective requires high priority if Federal aid is to make  
20 its full communitywide contribution toward improving our  
21 urban environment.

22 The Congress further finds that even within the neces-  
23 sary budget limitations on housing for low and moderate in-  
24 come families architectural design could be improved not only

1 to make the housing more attractive but to make it better  
2 suited to the needs of occupants.

3 The Congress declares that in the administration of  
4 housing programs which assist in the provision of housing for  
5 low and moderate income families, emphasis should be given  
6 to encouraging good design as an essential component of such  
7 housing and to developing housing which will be of such  
8 quality as to reflect its important relationship to the archi-  
9 tectural standards of the neighborhood and community in  
10 which it is situated, consistent with prudent budgeting.

## 11 TITLE I—LOW AND MODERATE INCOME

### 12 HOUSING

#### 13 HOMEOWNERSHIP FOR LOW AND MODERATE INCOME

#### 14 FAMILIES

15 SEC. 101. (a) Title II of the National Housing Act is  
16 amended by adding at the end thereof the following new  
17 section:

#### 18 “HOMEOWNERSHIP FOR LOW AND MODERATE INCOME

#### 19 FAMILIES

20 “SEC. 235. (a) For the purpose of assisting low and  
21 moderate income families in acquiring homeownership or in  
22 acquiring membership in a cooperative association operating  
23 a housing project, the Secretary is authorized to make, and  
24 to contract to make, periodic assistance payments on behalf  
25 of such homeowners and cooperative members. The assist-

1   ance shall be accomplished through payments to mortgagees  
2   holding mortgages meeting the special requirements specified  
3   in this section.

4       “(b) To qualify for assistance payments, the homeowner  
5   or the cooperative member shall be of low or moderate  
6   income and satisfy eligibility requirements prescribed by the  
7   Secretary, and—

8           “(1) the homeowner shall be a mortgagor under a  
9   mortgage which meets the requirements of and is insured  
10   under subsection (i) or (j) (4) of this section: *Pro-*  
11   *vided*, That a mortgage meeting the requirements of sub-  
12   section (i) (3) (A) of this section but insured under  
13   section 237 may qualify for assistance payments if such  
14   mortgage was executed by a mortgagor who is deter-  
15   mined not to be an acceptable credit risk for mortgage  
16   insurance purposes (but otherwise eligible) under sub-  
17   section (j) (4) of this section or under section 221 (d)  
18   (2) or 234 (c) and accepted as a reasonably satisfac-  
19   tory credit risk under section 237; or

20       “(2) the cooperative association of which the family  
21   is a member shall operate a housing project the con-  
22   struction or substantial rehabilitation of which has been  
23   financed with a mortgage insured under section 213 and  
24   which has been completed within two years prior to the  
25   filing of the application for assistance payments and the

1 dwelling unit has had no previous occupant other than  
2 the family: *Provided*, That assistance payments may be  
3 made with respect to a dwelling unit in an existing  
4 cooperative project which meets such standards as the  
5 Secretary may prescribe: *Provided further*, That a pref-  
6 erence shall be given in contracting to make periodic  
7 assistance payments under this section to a family which  
8 qualifies as a displaced family as defined in section 221  
9 (f), or a family which includes five or more minor  
10 persons, or a family occupying low-rent public housing:  
11 *Provided further*, That the amount of the mortgage  
12 attributable to the dwelling unit shall involve a principal  
13 obligation not in excess of \$15,000 (\$17,500 in any  
14 geographical area where the Secretary authorizes an  
15 increase on the basis of a finding that cost levels so  
16 require), except that with respect to any family with  
17 five or more persons the foregoing limits shall be  
18 \$17,500 and \$20,000, respectively.

19 “(c) The assistance payments to a mortgagee by the  
20 Secretary on behalf of a mortgagor shall be made during  
21 such time as the mortgagor shall continue to occupy the prop-  
22 erty which secures the mortgage: *Provided*, That assistance  
23 payments may be made on behalf of a homeowner who assumes  
24 a mortgage insured under subsection (j) (4) with respect to  
25 which assistance payments have been made on behalf of the

1 previous owner, if the homeowner is approved by the Secretary  
2 as eligible for receiving such assistance. The payment shall be  
3 in an amount not exceeding the lesser of—

4 “(1) the balance of the monthly payment for prin-  
5 cipal, interest, taxes, insurance, and mortgage insurance  
6 premium due under the mortgage remaining unpaid after  
7 applying 20 per centum of the mortgagor’s income: *Pro-*  
8 *vided*, That, in determining a mortgagor’s income for the  
9 purposes of this paragraph, there shall be deducted an  
10 amount equal to \$200 for each minor person who is a  
11 member of the immediate family of, and living with, the  
12 mortgagor, and the earnings of any such minor person  
13 shall not be included in the income of such mortgagor; or

14 “(2) the difference between the amount of the  
15 monthly payment for principal, interest, and mortgage  
16 insurance premium which the mortgagor is obligated to  
17 pay under the mortgage and the monthly payment for  
18 principal and interest which the mortgagor would be obli-  
19 gated to pay if the mortgage were to bear interest at the  
20 rate of 1 per centum per annum.

21 “(d) Assistance payments to a mortgagee by the  
22 Secretary on behalf of a family holding membership in a  
23 cooperative association operating a housing project shall be  
24 made only during such time as the family is an occupant of  
25 such project and shall be in amounts computed on the basis

1 of the formula set forth in subsection (c) applying the co-  
2 operative member's proportionate share of the obligations  
3 under the project mortgage to the items specified in the  
4 formula.

5 “(e) The Secretary may include in the payment to the  
6 mortgagee such amount, in addition to the amount computed  
7 under subsection (c), (d), or (j) (7), as he deems appro-  
8 priate to reimburse the mortgagee for its expenses in han-  
9 dling the mortgage.

10 “(f) Procedures shall be adopted by the Secretary  
11 for recertifications of the mortgagor's (or cooperative mem-  
12 ber's) income at intervals of two years (or at shorter in-  
13 tervals where the Secretary deems it desirable) for the  
14 purpose of adjusting the amount of such assistance payments  
15 within the limits of the formula described in subsection (c).

16 “(g) The Secretary shall prescribe such regulations as  
17 he deems necessary to assure that the sales price of, or other  
18 consideration paid in connection with, the purchase by a  
19 homeowner of the property with respect to which assistance  
20 payments are to be made is not increased above the ap-  
21 praised value on which the maximum mortgage which the  
22 Secretary will insure is computed.

23 “(h) There are authorized to be appropriated such  
24 sums as may be necessary to carry out the provisions of this  
25 section, including such sums as may be necessary to make the

1 assistance payments under contracts entered into under this  
2 section. The aggregate amount of contracts to make such  
3 payments shall not exceed amounts approved in appropria-  
4 tion Acts, and payments pursuant to such contracts shall  
5 not exceed \$75,000,000 per annum prior to July 1, 1969,  
6 which maximum dollar amount shall be increased by \$100,-  
7 000,000 on July 1, 1969, and by \$125,000,000 on July 1,  
8 1970.

9 “(i) (1) The Secretary is authorized, upon applica-  
10 tion by the mortgagee, to insure a mortgage executed by a  
11 mortgagor who meets the eligibility requirements for assist-  
12 ance payments prescribed by the Secretary under subsection  
13 (b). Commitments for the insurance of such mortgages may  
14 be issued by the Secretary prior to the date of their execution  
15 or disbursement thereon, upon such terms and conditions  
16 as the Secretary may prescribe.

17 “(2) To be eligible for insurance under this subsection,  
18 a mortgage shall meet the requirements of section 221  
19 (d) (2) or 234 (c), except as such requirements are modi-  
20 fied by this subsection.

21 “(3) A mortgage to be insured under this subsection  
22 shall—

23 “(A) involve a single-family dwelling which has  
24 been approved by the Secretary prior to the beginning  
25 of construction or substantial rehabilitation, or a two-

1 family dwelling one of the units of which is to be oc-  
2 cupied by the owner if the dwelling is purchased with  
3 the assistance of a nonprofit organization and is approved  
4 by the Secretary prior to the beginning of substantial  
5 rehabilitation, or a one-family unit in a condominium  
6 project (together with an undivided interest in the com-  
7 mon areas and facilities serving the project) which is  
8 released from a multifamily project the construction or  
9 substantial rehabilitation of which has been completed  
10 within two years prior to the filing of the application for  
11 assistance payments with respect to such family unit and  
12 the unit has had no previous occupant other than the  
13 mortgagor: *Provided*, That the mortgage may involve an  
14 existing dwelling or a family unit in an existing con-  
15 dominium project if the dwelling or family unit meets  
16 such standards as the Secretary may prescribe, or if  
17 assistance payments have been made on behalf of the  
18 previous owner of the dwelling or family unit with re-  
19 spect to a mortgage insured under subsection (j) (4) :  
20 *Provided further*, That a preference in extending mort-  
21 gage insurance under this subsection shall be given to a  
22 mortgagor who qualifies as a displaced family as defined  
23 in section 221 (f) , or a family which includes five or  
24 more minor persons, or a family occupying low-rent  
25 public housing: *Provided further*, That the mortgage

1 may involve a dwelling unit in an existing project cov-  
2 ered by a mortgage insured under section 236 or in an  
3 existing project receiving the benefits of financial assist-  
4 ance under section 101 of the Housing and Urban Devel-  
5 opment Act of 1965;

6 “(B) where it is to cover a one-family unit in a  
7 condominium project, have a principal obligation not ex-  
8 ceeding \$15,000 (\$17,500 in any geographical area  
9 where the Secretary authorizes an increase on the basis  
10 of a finding that cost levels so require), except that with  
11 respect to any family with five or more persons the fore-  
12 going limits shall be \$17,500 and \$20,000, respectively;  
13 and

14 “(C) be executed by a mortgagor who shall have  
15 paid (i) in the case of a displaced family as defined in  
16 section 221 (f), at least \$200, or (ii), in the case of  
17 any other family, at least 3 per centum (or such larger  
18 amount as the Secretary may require) of the Secretary’s  
19 estimate of the cost of acquisition, in cash or its equiva-  
20 lent, which amount in either instance may be applied for  
21 the payment of settlement costs and initial payments for  
22 taxes, hazard insurance, mortgage insurance premiums,  
23 and other prepaid expenses.

24 “(j) (1) In addition to mortgages insured under the  
25 provisions of subsection (i), the Secretary is authorized,

1 upon application by the mortgagee, to insure a mortgage  
2 (including advances under such mortgage during rehabilita-  
3 tion) which is executed by a nonprofit organization to finance  
4 the purchase of housing, and the rehabilitation of such hous-  
5 ing if it is deteriorating or substandard, for subsequent resale  
6 to low or moderate income home purchasers who meet the  
7 eligibility requirements for assistance payments prescribed by  
8 the Secretary under subsection (b) . Commitments for the in-  
9 surance of such mortgages may be issued by the Secretary  
10 prior to the date of their execution or disbursement thereon,  
11 upon such terms and conditions as the Secretary may  
12 prescribe.

13 “(2) To be eligible for insurance under paragraph (1)  
14 of this subsection, a mortgage shall—

15 “(A) be executed by a private nonprofit organiza-  
16 tion, approved by the Secretary, for the purpose of  
17 financing the purchase (with the intention of subsequent  
18 resale) , and rehabilitation where the housing involved is  
19 deteriorating or substandard, of property comprising one  
20 or more tracts or parcels, whether or not contiguous,  
21 consisting of (i) four or more single-family dwellings  
22 of detached, semidetached, or row construction, or (ii)  
23 four or more one-family units in a structure or structures  
24 for which a plan of family unit ownership approved by  
25 the Secretary is established; except that in a case not

1 involving the rehabilitation of deteriorating or substand-  
2 ard housing the property purchased may consist of one or  
3 more such dwellings or units;

4 “(B) be in a principal amount not exceeding the  
5 appraised value of the property at the time of its pur-  
6 chase under the mortgage plus the estimated cost of any  
7 rehabilitation;

8 “(C) bear interest (exclusive of premium charges  
9 for insurance and service charge, if any) at not to exceed  
10 such per centum per annum (not in excess of 6 per  
11 centum), on the amount of the principal obligation out-  
12 standing at any time, as the Secretary finds necessary to  
13 meet the mortgage market;

14 “(D) provide for complete amortization (subject to  
15 paragraph (4) (E) ) by periodic payments within such  
16 term as the Secretary may prescribe; and

17 “(E) provide for the release of individual single-  
18 family dwellings from the lien of the mortgage upon  
19 their sale in accordance with paragraph (4).

20 “(3) No mortgage shall be insured under paragraph  
21 (1) unless the mortgagor shall have demonstrated to the  
22 satisfaction of the Secretary that (A) the property involved  
23 is located in a neighborhood which is sufficiently stable and  
24 contains sufficient public facilities and amenities to support  
25 long-term values, or (B) the purchase or rehabilitation of

1 such property plus the mortgagor's related activities and  
2 the activities of other owners of housing in the neighborhood,  
3 together with actions to be taken by public authorities, will  
4 be of such scope and quality as to give reasonable promise  
5 that a stable environment will be created in the neighbor-  
6 hood.

7 “(4) (A) No mortgage shall be insured under para-  
8 graph (1) unless the mortgagor enters into an agreement,  
9 satisfactory to the Secretary, that it will offer to sell the  
10 dwellings involved, after purchase and upon completion of  
11 any rehabilitation, to low or moderate income individuals or  
12 families meeting the eligibility requirements established by  
13 the Secretary under subsection (b).

14 “(B) The Secretary is authorized to insure under this  
15 paragraph mortgages executed to finance the sale of in-  
16 dividual dwellings to low or moderate income purchasers as  
17 provided in subparagraph (A). Any such mortgage shall—

18 “(i) be in a principal amount not in excess of that  
19 portion of the unpaid principal balance of the blanket  
20 mortgage covering the property which is allocable to the  
21 individual dwelling involved;

22 “(ii) bear interest at the same rate as the blanket  
23 mortgage; and

24 “(iii) provide for complete amortization by periodic  
25 payments within a term equal to the remaining term

1 (determined without regard to subparagraph (E) ) of  
2 such blanket mortgage.

3 “(C) The price for which any individual dwelling is sold  
4 under this paragraph shall be in an amount equal to that  
5 portion of the unpaid principal balance of the blanket mort-  
6 gage covering the property which is allocable to the dwelling  
7 plus such additional amount, not less than \$200 (which may  
8 be applied in whole or in part toward closing costs), as the  
9 Secretary may determine to be reasonable.

10 “(D) Upon the sale under this paragraph of any indi-  
11 vidual dwelling, such dwelling shall be released from the  
12 lien of the blanket mortgage. Until all of the individual  
13 dwellings in the property covered by the blanket mortgage  
14 have been sold, the mortgagor shall hold and operate the  
15 dwellings remaining unsold at any given time, in such  
16 manner and under such terms as the Secretary may prescribe,  
17 as though they constituted rental units.

18 “(E) Upon the sale under this paragraph of all the  
19 individual dwellings in the property covered by the blanket  
20 mortgage and the release of all individual dwellings from  
21 the lien of the blanket mortgage, the insurance of the blanket  
22 mortgage shall be terminated and no adjusted premium  
23 charge shall be charged by the Secretary upon such  
24 termination.

1       “(5) Where the Secretary has approved a plan of  
2 family unit ownership, the terms ‘single-family dwelling’,  
3 ‘single-family dwellings’, ‘individual dwelling’, and ‘individ-  
4 ual dwellings’ shall mean a family unit or family units,  
5 together with the undivided interest (or interests) in the  
6 common areas and facilities.

7       “(6) For purposes of this subsection, the terms ‘single-  
8 family dwelling’ and ‘single-family dwellings’ (except for  
9 purposes of paragraph (5)) shall include a two-family  
10 dwelling which has been approved by the Secretary if one  
11 of the units is to be occupied by the owner.

12       “(7) In addition to the assistance payments authorized  
13 under subsection (b), the Secretary may make such pay-  
14 ments to a mortgagee on behalf of a nonprofit organization  
15 which is a mortgagor under the provisions of paragraph  
16 (1) in an amount not exceeding the difference between the  
17 monthly payment for principal, interest, and mortgage  
18 insurance premium which the mortgagor is obligated to pay  
19 under the mortgage and the monthly payment for principal  
20 and interest such mortgagor would be obligated to pay if the  
21 mortgage were to bear interest at the rate of 1 per centum  
22 per annum.

23       “(k) The Secretary shall from time to time allocate  
24 and transfer to the Secretary of Agriculture, for use (in ac-  
25 cordance with the terms and conditions of this section) in

1 rural areas and small towns, a reasonable portion of the total  
2 authority to contract to make assistance payments as ap-  
3 proved in appropriation Acts under subsection (h).”

4 (b) (1) Section 221 (d) (2) (A) of the National Hous-  
5 ing Act is amended—

6 (A) by striking out “not to exceed (i) \$12,500”  
7 and inserting in lieu thereof “not to exceed (i)  
8 \$15,000 (or \$17,500, if the mortgagor’s family includes  
9 five or more persons)”; and

10 (B) by striking out “not to exceed \$15,000” in  
11 the second proviso and inserting in lieu thereof “not to  
12 exceed \$17,500 (or \$20,000 if the mortgagor’s family  
13 includes five or more persons)”.

14 (2) Section 221 (d) (2) (B) of such Act is amended—

15 (A) by inserting “, in cash or its equivalent” be-  
16 fore the semicolon after “acquisition cost” in the first  
17 proviso; and

18 (B) by inserting before the semicolon after “ap-  
19 praised value” at the end thereof the following: “: *Pro-*  
20 *vided further*, That, if the mortgagor is the owner and  
21 an occupant of the property, such mortgagor shall to  
22 the maximum extent feasible be given the opportunity  
23 to contribute the value of his labor as equity in such  
24 dwelling”.

1       (c) (1) Section 221 (h) (5) (B) (ii) of such Act is  
2 amended to read as follows:

3               “(ii) bear interest at the same rate as the  
4 principal mortgage or such lower rate, not less than  
5 1 per centum, as the Secretary may prescribe if in  
6 his judgment the purchaser’s income is sufficiently  
7 low to justify the lower rate, and provide for com-  
8 plete amortization within a term equal to the  
9 remaining term (determined without regard to  
10 subparagraph (E) ) of such principal mortgage.”

11       (2) Section 221 (h) (4) of such Act is amended by  
12 striking out “\$20,000,000” and inserting in lieu thereof  
13 “\$50,000,000”.

14       (3) Section 221 (h) of such Act is further amended by  
15 adding at the end thereof the following new paragraph:

16       “(6) In addition to the mortgages that may be insured  
17 under paragraphs (1) and (5), the Secretary is authorized  
18 to insure under this subsection, upon such terms and con-  
19 ditions as he may prescribe, mortgages which are executed  
20 by individuals or families that meet the income criteria  
21 prescribed in paragraph (5) (A) and are executed for the  
22 purpose of financing the rehabilitation or improvement of  
23 single-family dwellings of detached, semidetached, or row  
24 construction that are owned and occupied in each instance by

1 a mortgagor who has purchased the dwelling from a non-  
2 profit organization of the type described in this subsection.

3 To be eligible for such insurance, a mortgage shall—

4 “(A) be in a principal amount not exceeding the  
5 lesser of \$15,000 or the sum of the estimated cost of  
6 repair and rehabilitation and the Secretary’s estimate  
7 of the value of the property before repair and rehabilita-  
8 tion, except that in no case involving refinancing shall  
9 such mortgage exceed such estimated cost of repair and  
10 rehabilitation and the amount (as determined by the  
11 Secretary) required to refinance existing indebtedness  
12 secured by the property;

13 “(B) bear interest (exclusive of premium charges  
14 for insurance and service charge, if any) at 3 per centum  
15 per annum or such lower rate, not less than 1 per centum,  
16 as the Secretary may prescribe if in his judgment the  
17 mortgagor’s income is sufficiently low to justify the  
18 lower rate;

19 “(C) involve a mortgagor that shall have paid on  
20 account of the property at the time of the rehabilitation  
21 such amount (which shall not be less than \$200 in cash  
22 or its equivalent, but which may be applied in whole or  
23 in part toward closing costs) as the Secretary may de-

1        termine to be reasonable and appropriate under the  
2        circumstances; and

3            “(D) contain a provision that if the low-income  
4        mortgagor does not continue to occupy the property, the  
5        interest rate shall increase to the highest rate permissible  
6        under this section and the regulations of the Secretary  
7        effective at the time of commitment for insurance of the  
8        mortgage; except that the increase in interest rate shall  
9        not be applicable if the property is sold and the pur-  
10      chaser is (i) a nonprofit organization which has been  
11      engaged in purchasing and rehabilitating deteriorating  
12      and substandard housing with financing under a mort-  
13      gage insured under paragraph (1) of this subsection,  
14      (ii) a public housing agency having jurisdiction under  
15      the United States Housing Act of 1937 over the area  
16      where the dwelling is located, or (iii) a low-income pur-  
17      chaser approved for the purposes of this paragraph by  
18      the Secretary.”

19      (4) The purchase of any individual dwelling, sold by  
20      a nonprofit organization pursuant to the provisions of section  
21      221 (h) (5) of the National Housing Act after the date of  
22      enactment of this section, may be financed with a mortgage  
23      insured under the provisions of section 235 (j) (4) of such  
24      Act, but such mortgage shall bear interest at the rate pro-  
25      vided in section 235 (j) (2) (C) of such Act.

1 (d) Section 212 (a) of such Act is amended by in-  
2 serting "or section 235 (j) (1)" after "subsection (h) (1)"  
3 each place it appears.

4 (e) The Secretary of Housing and Urban Develop-  
5 ment is authorized to provide, or contract with public or  
6 private organizations to provide, such budget, debt manage-  
7 ment, and related counseling services to mortgagors whose  
8 mortgages are insured under section 235 (i) or 235 (j)  
9 (4) of the National Housing Act as he determines to be  
10 necessary to assist such mortgagors in meeting the respon-  
11 sibilities of homeownership. There are authorized to be  
12 appropriated such sums as may be necessary to carry out  
13 the provisions of this subsection.

14 CREDIT ASSISTANCE

15 SEC. 102. (a) Title II of the National Housing Act  
16 is amended by adding after section 236 (as added by sec-  
17 tion 201 of this Act) the following new section:

18 "SPECIAL MORTGAGE INSURANCE ASSISTANCE

19 "SEC. 237. (a) The purpose of this section is to help  
20 provide adequate housing for families of low and moderate  
21 income, including those who, for reasons of credit history,  
22 irregular income patterns caused by seasonal employment,  
23 or other factors, are unable to meet the credit requirements  
24 of the Secretary for the purchase of a single-family home  
25 financed by a mortgage insured under section 203, 220,

1 221, 234, or 235 (j) (4), but who, through the incentive  
2 of homeownership and counseling assistance, appear to be  
3 able to achieve homeownership.

4 “(b) The Secretary is authorized upon application by  
5 the mortgagee to insure under this section any mortgage  
6 meeting the requirements of this section.

7 “(c) To be eligible for insurance under this section, a  
8 mortgage shall—

9 “(1) meet the requirements of section 203, 220  
10 (d) (3) (A), 221 (d) (2), 221 (h) (5), 221 (i), 234  
11 (c), or 235 (j) (4) except as such requirements are  
12 modified by this section;

13 “(2) involve a principal obligation (including such  
14 initial service charges, and such appraisal, inspection,  
15 and other fees, as the Secretary shall approve) in an  
16 amount not to exceed \$15,000: *Provided*, That the Sec-  
17 retary may increase the amount to not exceed \$17,500  
18 in any geographical area where he finds that cost levels  
19 so require: *Provided further*, That no mortgage meeting  
20 the requirements of section 203 (h) or 203 (i) shall be  
21 eligible for insurance under this section if its principal  
22 obligation is in excess of the maximum limits prescribed  
23 in such section;

24 “(3) be executed by a mortgagor who the Secre-  
25 tary has determined, after a full and complete study of

1 the case, would not be an acceptable credit risk for mort-  
2 gage insurance purposes under section 203, 220, 221,  
3 234, or 235 (j) (4), because of his credit standing, debt  
4 obligations, total annual income, or income characteris-  
5 tics, but who the Secretary is satisfied would be a reason-  
6 ably satisfactory credit risk, consistent with the objec-  
7 tives stated in subsection (a), if he were to receive  
8 budget, debt management, and related counseling: *Pro-*  
9 *vided*, That, in determining whether the mortgagor is a  
10 reasonably satisfactory credit risk, the Secretary shall  
11 review the credit history of the applicant giving special  
12 consideration to those delinquent accounts which were  
13 ultimately paid by the applicant and to extenuating  
14 factors which may have caused credit accounts of the  
15 applicant to become delinquent; and the Secretary shall  
16 also give special consideration to income characteristics  
17 of applicants whose total income over the two years prior  
18 to their applications has remained at levels of eligibility  
19 (as required under paragraph (4) of this subsection),  
20 but who, because of the character of their seasonal em-  
21 ployment or for other reasons, have not maintained con-  
22 tinuous employment under one employer during that  
23 time; and

24 “(4) require monthly payments which, in combi-  
25 nation with local real estate taxes on the property in-

1       volved, do not exceed 25 per centum of the applicant's  
2       income, based on his average monthly income during the  
3       year prior to his application or the average monthly  
4       income during the three years prior to his application,  
5       whichever is higher.

6       “(d) The Secretary shall give preference in approving  
7       mortgage insurance applications under this section to families  
8       living in public housing units, especially those families re-  
9       quired to leave public housing because their incomes have  
10      risen beyond the maximum prescribed income limits, and  
11      families eligible for residence in public housing who have  
12      been displaced from federally assisted urban renewal areas.

13      “(e) The Secretary is authorized to provide, or contract  
14      with public or private organizations to provide, such budget,  
15      debt management, and related counseling services to mort-  
16      gagors whose mortgages are insured under this section as he  
17      determines to be necessary to meet the objectives of this sec-  
18      tion. The Secretary may also provide such counseling to  
19      otherwise eligible families who lack sufficient funds to supply  
20      a downpayment to help them to save an amount necessary  
21      for that purpose.

22      “(f) The aggregate principal balance of all mortgages  
23      insured under this section and outstanding at one time shall  
24      not exceed \$100,000,000.

25      “(g) There are authorized to be appropriated such sums

1 as may be necessary to carry out the provisions of subsec-  
2 tion (e) of this section."

3 (b) Section 226 of the National Housing Act is  
4 amended by inserting "235 (i), 237," after "234,".

5 RELAXATION OF MORTGAGE INSURANCE REQUIREMENTS

6 IN CERTAIN URBAN NEIGHBORHOODS

7 SEC. 103. (a) Section 223 of the National Housing Act  
8 is amended by adding at the end thereof a new subsection as  
9 follows:

10 " (e) Notwithstanding any of the provisions of this title  
11 except section 212, and without regard to limitations upon  
12 eligibility contained in any section of this title, the Secretary  
13 is authorized, upon application by the mortgagee, to insure  
14 under any section of this title a mortgage executed in con-  
15 nection with the repair, rehabilitation, construction, or pur-  
16 chase of property located in an older, declining urban area in  
17 which the conditions are such that one or more of the eligi-  
18 bility requirements applicable to the section of this title under  
19 which insurance is sought could not be met, if the Secretary  
20 finds that (1) the area is reasonably viable, giving consid-  
21 eration to the need for providing adequate housing for  
22 families of low and moderate income in such area, and (2)  
23 the property is an acceptable risk in view of such considera-  
24 tion. The insurance of a mortgage pursuant to this subsection  
25 shall be the obligation of the Special Risk Insurance Fund."

1 (b) Section 203 (l) of such Act is repealed.

2 SPECIAL RISK INSURANCE FUND

3 SEC. 104. (a) Title II of the National Housing Act is  
4 amended by adding after section 237 (as added by section  
5 102 of this Act) the following new section:

6 "PAYMENT OF INSURANCE—SPECIAL RISK INSURANCE  
7 FUND

8 "SEC. 238. (a) (1) Any mortgagee under a mortgage  
9 insured under section 235 (i), 235 (j) (4), or 237 shall be  
10 entitled to receive the benefits of the insurance as provided in  
11 section 204 (a) with respect to mortgages insured under sec-  
12 tion 203. The provisions of subsections (b), (c), (d), (g),  
13 (j), and (k) of section 204 shall be applicable to mortgages  
14 insured under section 235 (i), 235 (j) (4), or 237, except that  
15 all references therein to the 'Mutual Mortgage Insurance Fund'  
16 shall be construed to refer to the 'Special Risk Insurance  
17 Fund', and all references therein to section 203 shall be con-  
18 strued to refer to section 235 (i), 235 (j) (4), or 237, as  
19 may be appropriate.

20 "(2) Any mortgagee under a mortgage insured under  
21 section 235 (j) (1) or 236 shall be entitled to receive the  
22 benefits of insurance as provided in section 207 (g) with  
23 respect to mortgages insured under section 207. The pro-  
24 visions of subsections (d), (e), (h), (i), (j), (k), (l),  
25 and (n) of section 207 shall be applicable to mortgages in-

1   sured under section 235 (j) (1) or 236, except that all  
2   references therein to the 'General Insurance Fund' shall be  
3   construed to refer to the 'Special Risk Insurance Fund' and  
4   the premium charge provided in section 207 (d) shall be  
5   payable only in cash or debentures of the Special Risk  
6   Insurance Fund.

7       “(3) In lieu of the amount of insurance benefits com-  
8   puted pursuant to paragraph (1) or (2) of this subsection,  
9   the Secretary, in his discretion and in accordance with such  
10  regulations as he may prescribe, may (with respect to any  
11  mortgage loan acquired by him) compute and pay insur-  
12  ance benefits to the mortgagee in a total amount equal to the  
13  unpaid principal balance of the loan plus any accrued inter-  
14  est and any advances approved by the Secretary and made  
15  previously by the mortgagee under the provisions of the  
16  mortgage.

17       “(b) There is hereby created a Special Risk Insurance  
18  Fund (hereinafter referred to as the 'fund') which shall be  
19  used by the Secretary as a revolving fund for carrying out  
20  the mortgage insurance obligations of sections 223 (e), 233  
21  (a) (2), 235, 236, and 237, and the Secretary is hereby au-  
22  thorized to advance to the fund the sum of \$5,000,000 from  
23  the General Insurance Fund established pursuant to the pro-  
24  visions of section 519. Such advance shall be repayable at  
25  such times and at such rates of interest as the Secretary

1 deems appropriate. Premium charges, adjusted premium  
2 charges, inspection and other fees, service charges, and any  
3 other income received by the Secretary under sections 223  
4 (e), 235, 236, and 237, together with all earnings on the  
5 assets of the fund, shall be credited to the fund. All payments  
6 made pursuant to claims of mortgagees with respect to mort-  
7 gages insured under sections 235, 236, and 237 or pursuant  
8 to section 223 (e) or 233 (a) (2), cash adjustments, the  
9 principal of and interest paid on debentures which are the  
10 obligation of the fund, expenses incurred in connection with  
11 or as a consequence of the acquisition and disposal of property  
12 acquired under such sections, and all administrative ex-  
13 penses in connection with the mortgage insurance op-  
14 erations under such sections shall be paid out of the  
15 fund. There is authorized to be appropriated such sums  
16 as may be needed from time to time to cover losses sustained  
17 by the fund in carrying out the mortgage insurance obliga-  
18 tions of sections 223 (e), 233 (a) (2), 235, 236, and 237.  
19 Moneys in the fund not needed for current operations of the  
20 fund shall be deposited with the Treasurer of the United  
21 States to the credit of the fund or invested in bonds or other  
22 obligations of, or in bonds or other obligations guaranteed by,  
23 the United States. The Secretary, with the approval of the  
24 Secretary of the Treasury, may purchase in the open market  
25 debentures which are the obligation of the fund. Such pur-

1 chases shall be made at a price which will provide an invest-  
 2 ment yield of not less than the yield obtained from other in-  
 3 vestments authorized by this section. Debentures so purchased  
 4 shall be canceled and not reissued."

5 (b) Section 224 of such Act is amended by striking  
 6 out "or section 233" and inserting in lieu thereof "section  
 7 233, or section 238".

8 (c) Section 519 (e) of such Act is amended by inserting  
 9 after "section 213 (k)" the following: ", or the provisions  
 10 of sections 223 (e), 233 (a) (2), 235, 236, and 237".

#### 11 CONDOMINIUM AND COOPERATIVE OWNERSHIP FOR LOW

#### 12 AND MODERATE INCOME FAMILIES

13 SEC. 105. (a) Section 221 of the National Housing  
 14 Act is amended by adding at the end thereof two new sub-  
 15 sections as follows:

16 "(i) (1) The Secretary is authorized, with respect to  
 17 any project involving a mortgage insured under subsection  
 18 (d) (3) which bears interest at the below-market interest  
 19 rate prescribed in the proviso of subsection (d) (5), to per-  
 20 mit a conversion of the ownership of such project to a plan  
 21 of family unit ownership. Under such plan, each family  
 22 unit shall be eligible for individual ownership and provision  
 23 shall be included for the sale of the family units, together  
 24 with an undivided interest in the common areas and facilities  
 25 which serve the project, to low or moderate income pur-

1 chasers. The Secretary shall obtain such agreements as he  
2 determines to be necessary to assure continued maintenance  
3 of the common areas and facilities. Upon such sale, the family  
4 unit and the undivided interest in the common areas shall  
5 be released from the lien of the project mortgage.

6 “(2) (A) The Secretary is authorized, upon applica-  
7 tion by the mortgagee, to insure under this subsection mort-  
8 gages financing the purchase of individual family units under  
9 the plan prescribed in paragraph (1). Commitments may be  
10 issued by the Secretary for the insurance of such mortgages  
11 prior to the date of their execution or disbursement thereon,  
12 upon such terms and conditions as the Secretary may pre-  
13 scribe. To be eligible for such insurance, the mortgage  
14 shall—

15 “(i) be executed by a mortgagor having an income  
16 within the limits prescribed by the Secretary for occu-  
17 pants of projects financed with a mortgage insured un-  
18 der subsection (d) (3) which bears interest at the  
19 below-market rate prescribed in the proviso of subsec-  
20 tion (d) (5) ;

21 “(ii) involve a principal obligation (including such  
22 initial service charges, and such appraisal, inspection,  
23 and other fees, as the Secretary shall approve) in an  
24 amount not to exceed the Secretary’s estimate of the ap-  
25 praised value of the family unit, including the mort-

gagor's interest in the common areas and facilities, as of the date the mortgage is accepted for insurance;

“(iii) bear interest at a rate determined by the Secretary (which may vary in accordance with the regulations of the Secretary promulgated pursuant to the last sentence of paragraph (4) of this subsection) but not less than the below-market rate in effect under the proviso of subsection (d) (5) at the date of the commitment for insurance; and

“(iv) provide for complete amortization by periodic payments within such term as the Secretary may prescribe, but not to exceed the lesser of forty years from the beginning of amortization of the mortgage or three-quarters of the Secretary's estimate of the remaining economic life of the building improvements.

“(B) The price for which the individual family unit is sold to the low or moderate income purchaser shall not exceed the appraised value of the property, as determined under subparagraph (A) (ii), except that the purchaser shall be required to pay on account of the property at the time of purchase at least such amount, in cash or its equivalent (which shall be not less than 3 per centum of such price, but which may be applied in whole or in part toward closing costs), as the Secretary may determine to be reasonable and appropriate.

1       “(3) Upon the sale of all of the family units covered  
2 by the project mortgage, and the release of all of the family  
3 units (including the undivided interest allocable to each unit  
4 in the common areas and facilities) from the lien of the proj-  
5 ect mortgage, the insurance of the project mortgage shall be  
6 terminated and no adjusted premium charge shall be collected  
7 by the Secretary upon such termination.

8       “(4) Any mortgage covering an individual family unit  
9 insured under this subsection shall contain a provision that,  
10 if the original mortgagor does not continue to occupy the  
11 property, the interest rate shall increase to the highest rate  
12 permissible under this section and the regulations of the  
13 Secretary effective at the time the commitment was issued  
14 for the insurance of the project mortgage; except that the  
15 requirement for an increase in interest rate shall not be appli-  
16 cable if the property is sold and the purchaser is (i) a non-  
17 profit purchaser approved by the Secretary, or (ii) a low  
18 or moderate income purchaser who has an income within  
19 the limits prescribed by the Secretary for occupants of proj-  
20 ects financed with a mortgage insured under subsection  
21 (d) (3) which bears interest at the below-market rate pre-  
22 scribed in the proviso of subsection (d) (5). The mortgage  
23 shall also contain a provision that, if the Secretary determines  
24 that the annual income of the original mortgagor (or a pur-  
25 chaser described in clause (ii) of the preceding sentence) has

1 increased to an amount enabling payment of a greater rate  
2 of interest, the interest rate of the individual mortgage may  
3 be increased up to the highest rate permissible under the  
4 regulations of the Secretary for mortgages insured under this  
5 section effective at the time the commitment was issued for  
6 the insurance of the mortgage.

7 “(5) For the purpose of this subsection—

8 “(i) the term ‘mortgage’, when used in relation  
9 to a mortgage insured under paragraph (2) of this  
10 subsection, includes a first mortgage given to secure the  
11 unpaid purchase price of a fee interest in, or a long-  
12 term lease-hold interest in, a one-family unit in a multi-  
13 family project and an undivided interest in the common  
14 areas and facilities which serve the project; and

15 “(ii) the term ‘common areas and facilities’ includes  
16 the land and such commercial, community, and other  
17 facilities as are approved by the Secretary.

18 “(j) (1) The Secretary is authorized, with respect to  
19 any rental project involving a mortgage insured under sub-  
20 section (d) (3) which bears interest at the below-market  
21 interest rate prescribed in the proviso of subsection (d) (5),  
22 to permit a conversion of the ownership of such project  
23 to a cooperative approved by the Secretary. Membership  
24 in such cooperative shall be made available only to those

1 families having an income within the limits prescribed by  
2 the Secretary for occupants of projects financed with a  
3 mortgage insured under subsection (d) (3) which bears  
4 interest at such below-market rate: *Provided*, That families  
5 residing in the rental project at the time of its conversion  
6 to a cooperative who do not meet such income limits may  
7 be permitted to become members in the cooperative under  
8 such special terms and conditions as the Secretary may  
9 prescribe.

10 “(2) The Secretary is authorized, upon application by  
11 the mortgagee, to insure under this subsection cooperative  
12 mortgages financing the purchase of projects meeting the  
13 requirements of paragraph (1). Commitments may be issued  
14 by the Secretary for the insurance of such mortgages prior  
15 to the date of their execution or disbursement thereon, upon  
16 such terms and conditions as the Secretary may prescribe.  
17 To be eligible for such insurance, the mortgage shall—

18 “(i) involve a principal obligation (including such  
19 initial service charges and appraisal, inspection, and other  
20 fees as the Secretary shall approve) in an amount not  
21 exceeding the appraised value of the property for con-  
22 tinued use as a cooperative, which value shall be based  
23 upon a mortgage amount on which the debt service can  
24 be met from the income of the property when operated

1 on a nonprofit basis, after the payment of all operating  
2 expenses, taxes, and required reserves;

3 “(ii) bear interest at the below-market rate pre-  
4 scribed in the proviso of subsection (d) (5) ; and

5 “(iii) provide for complete amortization within such  
6 term as the Secretary may prescribe.”

7 (b) Section 221 (g) (1) of such Act is amended by  
8 striking out “or paragraph (5) of subsection (h) of this  
9 section” and inserting in lieu thereof “paragraph (5) of sub-  
10 section (h) of this section, or paragraph (2) of subsection  
11 (i) of this section”.

12 (c) Section 221 (g) (2) of such Act is amended by  
13 striking out “or paragraph (1) of subsection (h)” and  
14 inserting in lieu thereof “paragraph (1) of subsection (h) of  
15 this section, or paragraph (2) of subsection (j) ,”.

16 (d) Section 221 (f) of such Act is amended by insert-  
17 ing after “subsection (h) ” in the third sentence of the second  
18 paragraph the following: “, (i) , or (j) ”.

19 ASSISTANCE TO NONPROFIT SPONSORS OF LOW AND  
20 MODERATE INCOME HOUSING

21 SEC. 106. (a) The Secretary of Housing and Urban  
22 Development is authorized to provide, or contract with public  
23 or private organizations to provide, information, advice, and  
24 technical assistance with respect to the construction, re-

1 habilitation, and operation by nonprofit organizations of  
2 housing for low or moderate income families. Assistance by  
3 the Secretary may include—

4           (1) the assembly, correlation, publication, and dis-  
5       semination of information with respect to the construc-  
6       tion, rehabilitation, and operation of low and moderate  
7       income housing, and

8           (2) the provision of advice and technical assistance  
9       with respect to the construction, rehabilitation, and op-  
10      eration of low and moderate income housing.

11       (b) (1) The Secretary is authorized to make loans to  
12 nonprofit organizations for the necessary expenses, prior to  
13 construction, in planning, and obtaining financing for, the re-  
14 habilitation or construction of housing for low or moderate in-  
15 come families under any federally assisted program. Such  
16 loans shall be made without interest and shall not exceed 80  
17 per centum of the reasonable costs expected to be incurred in  
18 planning, and in obtaining financing for, such housing prior  
19 to the availability of financing, including, but not limited  
20 to, preliminary surveys and analyses of market needs, pre-  
21 liminary site engineering and architectural fees, site acqui-  
22 sition, application and mortgage commitment fees, and con-  
23 struction loan fees and discounts. The Secretary shall require  
24 repayment of loans made under this subsection, under such  
25 terms and conditions as he may require, upon completion

1 of the project or sooner, and may cancel any part or all of  
2 a loan if he determines that it cannot be recovered from  
3 the proceeds of any permanent loan made to finance the  
4 rehabilitation or construction of the housing.

5 (2) The Secretary shall determine prior to the making  
6 of any loan that the nonprofit organization meets such re-  
7 quirements with respect to financial responsibility and stabil-  
8 ity as he may prescribe.

9 (3) There are authorized to be appropriated for the pur-  
10 poses of this subsection not to exceed \$7,500,000 for the  
11 fiscal year ending June 30, 1969, and not to exceed \$10,-  
12 000,000 for the fiscal year ending June 30, 1970. Any  
13 amounts so appropriated shall remain available until ex-  
14 pended, and any amounts authorized for any fiscal year under  
15 this paragraph but not appropriated may be appropriated  
16 for any succeeding fiscal year.

17 (4) All funds appropriated for the purposes of this sub-  
18 section shall be deposited in a fund which shall be known  
19 as the Low and Moderate Income Sponsor Fund, and which  
20 shall be available without fiscal year limitation and be ad-  
21 ministered by the Secretary as a revolving fund for carrying  
22 out the purposes of this subsection. Sums received in repay-  
23 ment of loans made under this subsection shall be deposited  
24 in such fund.

## 1 NATIONAL HOMEOWNERSHIP FOUNDATION

2 SEC. 107. (a) (1) There is hereby created a body cor-  
3 porate to be known as the "National Homeownership Foun-  
4 dation" (hereinafter referred to as the "Foundation") to  
5 carry out a continuing program of encouraging private and  
6 public organizations at the national, community, and neigh-  
7 borhood levels to provide increased homeownership and  
8 housing opportunities in urban and rural areas for lower  
9 income families through such means as—

10 (A) encouraging the investment in, and sponsoring  
11 of, housing for lower income families;

12 (B) encouraging the establishment of programs of  
13 assistance and counseling to lower income families to  
14 enable them better to achieve and afford adequate  
15 housing;

16 (C) providing a broad range of technical assistance  
17 through publications and advisory services to public and  
18 private organizations which are carrying out, or are  
19 desirous of carrying out, programs to expand homeown-  
20 ership and housing opportunities for lower income fam-  
21 ilies; and

22 (D) providing grants and loans to public and pri-  
23 vate organizations carrying out homeownership and  
24 housing opportunity programs for lower income families  
25 to help cover some of the expenses of such programs.

1       (2) The Foundation shall be deemed to be a corpora-  
2   tion without members organized and established under the  
3   provisions of the District of Columbia Nonprofit Corpora-  
4   tion Act, with all the rights, powers, and responsibilities  
5   thereof except as limited by this section and any amend-  
6   ments thereto. This section shall constitute the articles of  
7   incorporation and charter of the Foundation, which shall  
8   not be an agency or instrumentality of the United States  
9   Government. The Congress expressly reserves the exclusive  
10   right to alter or amend this charter. The Foundation shall  
11   have succession until dissolved by Act of Congress. The  
12   Foundation shall maintain its principal office in the District  
13   of Columbia.

14       (3) No part of the net earnings of the Foundation  
15   shall inure to the benefit of any private person, and no sub-  
16   stantial part of its activities shall be devoted to attempting  
17   to influence legislation. The Foundation shall not participate  
18   or intervene in any political campaign on behalf of any  
19   candidate for public office. The Foundation shall be oper-  
20   ated and administered at all times as a charitable and edu-  
21   cational foundation.

22       (4) No employee or officer of the Foundation shall  
23   receive compensation in excess of that received by or here-  
24   after prescribed by law for heads of executive departments.

25       (5) The Foundation shall make maximum use of exist-

1 ing public and private agencies and programs, and in carry-  
2 ing out its functions the Foundation is authorized to con-  
3 tract with individuals, private corporations, organizations,  
4 and associations, and with agencies of the Federal, State, and  
5 local governments.

6 (6) The Foundation is authorized to receive donations  
7 and grants from individuals and from public and private  
8 organizations, foundations, and agencies.

9 (7) The Foundation may use only donated funds, or  
10 funds derived from payment of interest on loans made by it,  
11 for the principal and interest payments on any borrowings.

12 (b) (1) The Foundation shall have a Board of Direc-  
13 tors consisting of eighteen members, fifteen of whom shall  
14 be appointed by the President of the United States, with  
15 the advice and consent of the Senate. The other three mem-  
16 bers shall be, ex officio, the Secretary of Housing and Urban  
17 Development, the Secretary of Agriculture, and the Director  
18 of the Office of Economic Opportunity. The President shall  
19 appoint one of the fifteen appointed members to serve as  
20 Chairman of the Board during his term of office as a member.

21 (2) Within thirty days after the date of enactment of  
22 this Act, the President shall appoint the fifteen appointed  
23 members of the Board. Not more than five of such members  
24 shall, at the time of their appointment, be serving full time  
25 as officers or employees of the Federal Government, or as

1 officers or employees of any State or local government.  
2 Each appointed member of the Board shall hold office for  
3 a term of three years, except that (A) any member ap-  
4 pointed to fill a vacancy prior to the expiration of the term  
5 for which his predecessor was appointed shall be appointed  
6 for the remainder of such term, and (B) the terms of the  
7 members first taking office shall expire, as designated by  
8 the President at the time of appointment, five at the end of  
9 the first year, five at the end of the second year, and five  
10 at the end of the third year after the date of appointment.  
11 Members of the Board, however appointed, shall be eligible  
12 for reappointment, but at no time shall there be more than  
13 five members of the Board who at the time of their appoint-  
14 ment or reappointment were full-time officers or employees  
15 of the Federal Government or of any State or local govern-  
16 ment.

17 (3) Appointed members of the Board who are not  
18 employees of the Federal Government, while attending  
19 meetings or conferences of the Board or otherwise serving  
20 on business of the Board, shall be entitled to receive com-  
21 pensation at rates fixed by the President, but not exceeding  
22 \$100 per day, including travel time, and while so serving  
23 away from their homes or regular places of business they  
24 may be allowed travel expenses, including per diem in lieu  
25 of subsistence, as authorized by section 5703 of title 5,

1 United States Code, for persons in the Government service  
2 employed intermittently.

3 (4) The Board shall appoint an Executive Director  
4 of the Foundation. The Executive Director shall be the chief  
5 executive officer of the Foundation and shall serve at the  
6 pleasure of the Board, and all other executive officers and  
7 employees of the Board shall be responsible to him. The  
8 Board shall also cause to be appointed a secretary, a treas-  
9 urer, and such other officers as may be necessary to conduct  
10 properly the business of the Foundation, and shall provide  
11 for filling vacancies in such offices.

12 (5) The Board shall adopt bylaws for the Foundation  
13 which shall be made available for public inspection upon  
14 request.

15 (c) (1) The Foundation shall assist public and private  
16 organizations, at their request, in initiating, developing,  
17 and conducting programs to expand homeownership and  
18 housing opportunities for lower income families. To provide  
19 such assistance and to carry out the purposes of this section,  
20 the Foundation is authorized to—

21 (A) carry out a continuing program of encourag-  
22 ing private and public organizations at the national,  
23 community, and neighborhood levels in the establish-  
24 ment of such programs;

25 (B) assist in the formation of organizations the

1 purpose of which is the development and carrying out  
2 of such programs, including the establishment of local  
3 development funds for financing housing for lower in-  
4 come families through the pooling of moneys from  
5 private sources;

6 (C) identify and arrange for the technical and  
7 managerial assistance and personnel needed for the suc-  
8 cessful operation of such programs by public and private  
9 organizations;

10 (D) assist public and private organizations in ob-  
11 taining the mortgage financing, insurance, and other  
12 requirements or aids necessary for conducting programs  
13 of housing construction, rehabilitation, or improvement  
14 for lower income families;

15 (E) arrange for, or provide on a limited basis,  
16 training for persons in the skills needed in administering  
17 programs of homeownership and housing opportunity  
18 for lower income families;

19 (F) encourage research and innovation, and collect  
20 and make available such information as may be desirable  
21 to further the purposes of this section, including but not  
22 limited to such activities as the sponsoring of seminars,  
23 conferences, and meetings, and the establishment of a  
24 continuing information program to acquaint lower in-  
25 come families with the means they can use to improve

1 the quality of their housing and the homeownership and  
2 housing opportunities available to them;

3 (G) assist private and public organizations in estab-  
4 lishing, in connection with their homeownership and  
5 housing opportunity programs for lower income families,  
6 counseling and similar activities designed to advise lower  
7 income families of the means available to better them-  
8 selves economically through job training and manpower  
9 development programs; and

10 (H) perform other similar services in order to fur-  
11 ther the purposes of this section.

12 (2) The Foundation may, if it deems it appropriate,  
13 charge a reasonable fee for any assistance or services pro-  
14 vided under this subsection.

15 (d) (1) In order to assist public and private organiza-  
16 tions which are carrying out homeownership and housing  
17 opportunity programs for lower income families to fill unmet  
18 needs, initiate exceptional programs, and experiment with  
19 new approaches and programs, the Foundation is author-  
20 ized, subject to such terms and conditions as it may prescribe,  
21 to make grants and loans to such organizations to help defray  
22 the following expenses:

23 (A) organizational and administrative expenses in-  
24 curred in commencing the operation of a program, or in  
25 expanding an existing program, to the extent that the

activities are related to providing homeownership and housing opportunities for lower income families;

(B) necessary preconstruction costs incurred for architectural assistance, land options, application fees, and similar items; and

(C) the cost of carrying out programs providing counseling or similar services to lower income families for whom housing is being provided, in order to enable those families better to achieve and afford adequate housing, in such matters as home management, budget management, and home maintenance.

(2) In order to be eligible for a grant or loan under this subsection, the organization seeking such assistance shall demonstrate to the satisfaction of the Foundation that the funds requested are not otherwise available from Federal sources: *Provided*, That a grant or loan under this subsection may be provided to help cover that portion of the cost of an eligible activity not covered by Federal funds.

(3) The Foundation shall encourage cooperation between public and private organizations carrying out programs of homeownership and housing opportunity for lower income families and the neighborhoods and communities affected by such programs. To help assure such cooperation and in order to coordinate, to the maximum extent feasible, any construction or rehabilitation activities with the develop-

1 ment goals of the neighborhood or community affected, no  
2 application for a loan or grant under this subsection shall be  
3 considered unless such application has been submitted to the  
4 governing body of the community affected, or to such other  
5 entity of local government as may be designated by the gov-  
6 erning body, for such recommendations as the local govern-  
7 ing body or its designee may desire to make. Any recom-  
8 mendations so made shall be given careful consideration by  
9 the Foundation before taking final action on any such appli-  
10 cation. If, upon the expiration of thirty days after any such  
11 application has been submitted to such governing body or its  
12 designee, such body or designee fails to provide such recom-  
13 mendations, the application may be considered without the  
14 benefit of such recommendations.

15 (e) The Foundation shall coordinate its activities and  
16 consult with the Department of Housing and Urban De-  
17 velopment and other Federal departments and agencies en-  
18 gaged in providing homeownership and housing opportu-  
19 nities for lower income families.

20 (f) (1) Not later than one hundred and twenty days  
21 after the close of each fiscal year, the Foundation shall pre-  
22 pare and submit to the President and to the Congress a full  
23 report of its activities during such year. Such report shall  
24 include an account of the Foundation's experiences with the  
25 efforts of private and public organizations to expand home-

1 ownership and housing opportunities for lower income fam-  
2 ilies, together with such recommendations as it deems  
3 appropriate.

4 (2) Whenever in its judgment the general unavailability  
5 of mortgage funds is sufficiently serious to deter the Founda-  
6 tion from carrying out its objective of expanding homeown-  
7 ership and housing opportunities for lower income families,  
8 the Foundation shall, in its annual report or in a separate  
9 report to the President and the Congress, state its findings  
10 and make such recommendations for alternate means of  
11 financing housing for such families as it deems appropriate.

12 (g) (1) The financial transactions of the Foundation  
13 shall be audited by the General Accounting Office in accord-  
14 ance with the principles and procedures applicable to com-  
15 mercial corporate transactions and under such rules and regu-  
16 lations as may be prescribed by the Comptroller General  
17 of the United States. The representatives of the General  
18 Accounting Office shall have access to all books, accounts,  
19 financial records, reports, files, and all other papers, things,  
20 or property belonging to or in use by the Foundation and  
21 necessary to facilitate the audit, and they shall be afforded  
22 full facilities for verifying transactions with the balances or  
23 securities held by depositories, fiscal agents, and custodians.  
24 The audit shall cover the fiscal year corresponding to that  
25 of the United States Government.

1       (2) A report of each such audit shall be made by the  
2 Comptroller General to the Congress not later than Janu-  
3 ary 15 following the close of the fiscal year for which the  
4 audit was made. The report shall set forth the scope of the  
5 audit and shall include a statement of assets and liabilities,  
6 capital, and surplus or deficit; a statement of sources and  
7 application of funds; and such comments and information as  
8 may be deemed necessary to keep the Congress informed of  
9 the operations and financial condition of the Foundation,  
10 together with such recommendations with respect thereto as  
11 the Comptroller General may deem advisable. The report  
12 shall also show specifically any program, expenditure, or  
13 other financial transaction or undertaking, observed in the  
14 course of the audit, which, in the opinion of the Comptroller  
15 General, has been carried on or made without authority of  
16 law. A copy of each report shall be furnished to the Presi-  
17 dent and to the Foundation at the time submitted to the  
18 Congress.

19       (h) Funds of the Foundation shall be deposited, to  
20 the extent practicable, in accounts with financial institu-  
21 tions which are actively engaged in making loans or are  
22 otherwise carrying on activities in furtherance of home-  
23 ownership and housing opportunities for lower income  
24 families.

1 (i) There is authorized to be appropriated to the Foun-  
2 dation not to exceed \$10,000,000 to carry out the purposes  
3 of this section. Appropriations made hereunder shall remain  
4 available until expended.

5 NEW TECHNOLOGIES IN THE DEVELOPMENT OF HOUSING  
6 FOR LOWER INCOME FAMILIES

7 SEC. 108. (a) In order to encourage the use of new  
8 housing technologies in providing decent, safe, and sanitary  
9 housing for lower income families; to encourage large-scale  
10 experimentation in the use of such technologies; to provide  
11 a basis for comparison of such technologies with existing  
12 housing technologies in providing such housing; and to evalu-  
13 ate the effect of local housing codes and zoning regulations  
14 on the large-scale use of new housing technologies in the  
15 provision of such housing, the Secretary of Housing and  
16 Urban Development (hereinafter referred to as the "Sec-  
17 retary") shall institute a program under which qualified  
18 organizations, public and private, will submit plans for  
19 the development of housing for lower income families,  
20 using new and advanced technologies, on Federal land  
21 which has been made available by the Secretary for the  
22 purposes of this section, or on other land where (1) local  
23 building regulations permit the construction of experimental

1 housing, or (2) State or local law permits variances from  
2 building regulations in the construction of experimental hous-  
3 ing for the purpose of testing and developing new building  
4 technologies.

5 (b) The Secretary shall approve not more than five  
6 plans utilizing new housing technologies which are submitted  
7 to him pursuant to the program referred to in subsection (a)  
8 and which he determines are most promising in furtherance  
9 of the purposes of this section. In making such determination  
10 the Secretary shall consider—

11 (1) the potential of the technology employed for  
12 producing housing for lower income families on a large  
13 scale at a moderate cost;

14 (2) the extent to which the plan envisages environ-  
15 mental quality;

16 (3) the possibility of mass production of the tech-  
17 nology; and

18 (4) the financial soundness of the organization sub-  
19 mitting the plan, and the ability of such organization,  
20 alone or in combination with other organizations, to pro-  
21 duce at least one thousand dwelling units a year utilizing  
22 the technology proposed.

23 (c) In approving projects for mortgage insurance under  
24 section 233 (a) (2) of the National Housing Act (as added  
25 by subsection (f) of this section), the Secretary shall seek

1 to achieve the construction of at least one thousand dwelling  
2 units a year over a five-year period for each of the various  
3 types of technologies proposed in approved plans under sub-  
4 section (b). The Secretary shall evaluate each project with  
5 respect to which assistance is extended pursuant to this sec-  
6 tion with a view to determining (1) the detailed cost break-  
7 down per dwelling unit, (2) the environmental quality  
8 achieved in each such unit, and (3) the effect which local  
9 housing codes and zoning regulations have, or would have if  
10 applicable, on the cost per dwelling unit.

11 (d) Notwithstanding the provisions of the Federal Prop-  
12 erty and Administrative Services Act of 1949, any land  
13 which is excess property within the meaning of such Act  
14 and which is determined by the Secretary to be suitable in  
15 furtherance of the purposes of this section may be trans-  
16 ferred to the Secretary upon his request.

17 (e) The Secretary shall, at the earliest practicable date,  
18 report his findings with respect to projects assisted pursuant  
19 to this section (including evaluations of each such project in  
20 accordance with subsection (c) ), together with such recom-  
21 mendations for additional legislation as he determines to be  
22 necessary or desirable to expand the available supply of  
23 decent, safe, and sanitary housing for lower income families  
24 through the use of technologies the efficacy of which has been  
25 demonstrated under this section.

1       (f) (1) Section 233 (a) of the National Housing Act is  
2 amended—

3           (A) by inserting “(1)” after “(a)”,

4           (B) by redesignating clauses (1), (2), and (3)  
5 as clauses (A), (B), and (C), respectively, and

6           (C) by adding at the end thereof the following new  
7 paragraph:

8       “(2) The Secretary is further authorized to insure and  
9 to make commitments to insure, under this section, mortgages  
10 (including advances on mortgages during construction)  
11 secured by properties in projects to be carried out in accord-  
12 ance with plans approved by the Secretary under section 108  
13 of the Housing and Urban Development Act of 1968.”.

14       (2) Section 233 (c) of such Act is amended by inserting  
15 at the end thereof the following new sentence: “Any author-  
16 ity which the Secretary may exercise in connection with a  
17 mortgage, or property covered by a mortgage, insured under  
18 any other section of this title (including payments to reduce  
19 rentals for, or to facilitate homeownership by, lower income  
20 families) may be exercised in connection with a mortgage, or  
21 property covered by a mortgage, meeting the requirements  
22 of such other section (except as specified in subsection (b)),  
23 which is insured under this section to the same extent and in  
24 the same manner as if the mortgage insured under this sec-  
25 tion was insured under such other section.”

## INSURANCE PROTECTION FOR HOMEOWNERS

SEC. 109. (a) The Secretary of Housing and Urban Development is authorized, in cooperation with the private insurance industry, to develop a plan for the establishment at the earliest practicable date of an insurance program to help homeowners in meeting mortgage payments in times of personal economic adversity. Such insurance program shall be designed to protect mortgagors against foreclosure due to curtailment of income resulting from factors beyond their effective control, including such factors as death, disability, illness, and unemployment. Such insurance program shall also be designed to be actuarially sound through the use of premiums, fees, extended or increased payment schedules, or other similar methods, in conjunction with such Federal participation as may be necessary.

(b) Within six months following the date of enactment of this Act, the Secretary shall report to the Congress on his actions under this section, and shall recommend to the Congress such legislation as he deems appropriate to authorize him to enter into agreements with any insurance company, or any corporation or joint enterprise formed to provide home mortgage insurance protection, for the purpose of reinsuring insurance reserve funds, subsidizing premium payments on behalf of lower income mortgagors, or otherwise making possible the insurance protection of homeowners in accordance

1 with subsection (a). In preparing such recommendations the  
2 Secretary shall consult with other agencies or instrumentali-  
3 ties of the United States which insure or guarantee home  
4 mortgages in order that such legislation as may be recom-  
5 mended affords equal benefits to mortgagors participating in  
6 their programs.

7 TITLE II—RENTAL HOUSING FOR LOW AND  
8 MODERATE INCOME FAMILIES

9 PART A—PRIVATE HOUSING

10 RENTAL AND COOPERATIVE HOUSING FOR LOW AND  
11 MODERATE INCOME FAMILIES

12 SEC. 201. (a) Title II of the National Housing Act is  
13 amended by adding after section 235 (as added by section  
14 101 of this Act) the following new section:

15 “RENTAL AND COOPERATIVE HOUSING FOR LOW AND  
16 MODERATE INCOME FAMILIES

17 “SEC. 236. (a) For the purpose of reducing rentals for  
18 low and moderate income families, the Secretary is author-  
19 ized to make, and to contract to make, periodic interest  
20 reduction payments on behalf of the owner of a rental housing  
21 project designed for occupancy by low and moderate income  
22 families, which shall be accomplished through payments to  
23 mortgagees holding mortgages meeting the special require-  
24 ments specified in this section.

25 “(b) Interest reduction payments with respect to a

1 project shall only be made during such time as the project  
2 is operated as a rental housing project and is subject to a  
3 mortgage which meets the requirements of, and is insured  
4 under, subsection (j) of this section: *Provided*, That interest  
5 reduction payments may be made with respect to a rental  
6 or cooperative housing project owned by a private nonprofit  
7 corporation or other private nonprofit entity, a limited divi-  
8 dend corporation or other limited dividend entity, or a co-  
9 operative housing corporation, which is financed under a State  
10 or local program providing assistance through loans, loan in-  
11 surance, or tax abatements, and which, prior to completion of  
12 construction or rehabilitation, is approved for receiving the  
13 benefits of this section.

14 “(c) The interest reduction payments to a mortgagee  
15 by the Secretary on behalf of a project owner shall be in an  
16 amount not exceeding the difference between the monthly  
17 payment for principal, interest, and mortgage insurance  
18 premium which the project owner as a mortgagor is obligated  
19 to pay under the mortgage and the monthly payment for  
20 principal and interest such project owner would be obligated  
21 to pay if the mortgage were to bear interest at the rate of  
22 1 per centum per annum.

23 “(d) The Secretary may include in the payment to the  
24 mortgagee such amount, in addition to the amount computed

1 under subsection (c), as he deems appropriate to reimburse  
2 the mortgagee for its expenses in handling the mortgage.

3 “(e) As a condition for receiving the benefits of in-  
4 terest reduction payments, the project owner shall operate  
5 the project in accordance with such requirements with re-  
6 spect to tenant eligibility and rents as the Secretary may  
7 prescribe. Procedures shall be adopted by the Secretary  
8 for review of tenant incomes at intervals of two years (or at  
9 shorter intervals where the Secretary deems it desirable).

10 “(f) For each dwelling unit there shall be established  
11 with the approval of the Secretary (1) a basic rental charge  
12 determined on the basis of operating the project with pay-  
13 ments of principal and interest due under a mortgage bear-  
14 ing interest at the rate of 1 per centum per annum; and (2)  
15 a fair market rental charge determined on the basis of op-  
16 erating the project with payments of principal, interest, and  
17 mortgage insurance premium which the mortgagor is obli-  
18 gated to pay under the mortgage covering the project. The  
19 rental for each dwelling unit shall be at the basic rental  
20 charge or such greater amount, not exceeding the fair market  
21 rental charge, as represents 20 per centum of the tenant’s  
22 income.

23 “(g) The project owner shall, as required by the Sec-  
24 retary, accumulate, safeguard, and periodically pay to the  
25 Secretary all rental charges collected in excess of the basic

1 rental charges. Such excess charges shall be deposited by  
2 the Secretary in a fund which may be used by him as a re-  
3 volving fund for the purpose of making interest reduction  
4 payments with respect to any rental housing project cov-  
5 ered by a mortgage insured under this section, subject to  
6 limits approved in appropriation Acts pursuant to subsection  
7 (i). Moneys in such fund not needed for current operations  
8 may be invested in bonds or other obligations of the United  
9 States or in bonds or other obligations guaranteed as to prin-  
10 cipal and interest by the United States.

11 “(h) In addition to establishing the requirements speci-  
12 fied in subsection (e), the Secretary is authorized to make  
13 such rules and regulations, to enter into such agreements,  
14 and to adopt such procedures as he may deem necessary or  
15 desirable to carry out the provisions of this section.

16 “(i) There are authorized to be appropriated such sums  
17 as may be necessary to carry out the provisions of this sec-  
18 tion, including such sums as may be necessary to make  
19 interest reduction payments under contracts entered into  
20 under this section. The aggregate amount of contracts to  
21 make such payments shall not exceed amounts approved in  
22 appropriation Acts, and payments pursuant to such contracts  
23 shall not exceed \$75,000,000 per annum prior to July 1,  
24 1969, which maximum dollar amount shall be increased by

1 \$100,000,000 on July 1, 1969, and by \$125,000,000 on  
2 July 1, 1970.

3 “(j) (1) The Secretary is authorized, upon application  
4 by the mortgagee, to insure a mortgage (including advances  
5 on such mortgage during construction) which meets the re-  
6 quirements of this subsection. Commitments for the insur-  
7 ance of such mortgages may be issued by the Secretary prior  
8 to the date of their execution or disbursement thereon, upon  
9 such terms and conditions as he may prescribe.

10 “(2) As used in this subsection—

11 “(A) the terms ‘family’ and ‘families’ shall have  
12 the same meaning as in section 221;

13 “(B) the term ‘elderly or handicapped families’  
14 shall have the same meaning as in section 202 of the  
15 Housing Act of 1959; and

16 “(C) the terms ‘mortgage’, ‘mortgagee’, and ‘mort-  
17 gator’ shall have the same meaning as in section 201.

18 “(3) To be eligible for insurance under this subsection,  
19 a mortgage shall meet the requirements specified in subsec-  
20 tions (d) (1) and (d) (3) of section 221, except as such  
21 requirements are modified by this subsection. In the case of  
22 a project financed with a mortgage insured under this sub-  
23 section which involves a mortgagor other than a cooperative  
24 or a private nonprofit corporation or association and which  
25 is sold to a cooperative or a nonprofit corporation or associa-

1 tion, the Secretary is further authorized to insure under this  
2 subsection a mortgage given by such purchaser in an amount  
3 not exceeding the appraised value of the property at the time  
4 of purchase, which value shall be based upon a mortgage  
5 amount on which the debt service can be met from the  
6 income of the property when operated on a nonprofit basis,  
7 after payment of all operating expenses, taxes, and required  
8 reserves.

9 “(4) A mortgage to be insured under this subsection  
10 shall—

11 “(A) be executed by a private mortgagor eligible  
12 under subsection (d) (3) or (e) of section 221;

13 “(B) bear interest (exclusive of premium charges  
14 for insurance and service charges, if any) at not to ex-  
15 ceed such per centum per annum (not in excess of 6 per  
16 centum), on the amount of the principal obligation out-  
17 standing at any time, as the Secretary finds necessary to  
18 meet the mortgage market; and

19 “(C) provide for complete amortization by periodic  
20 payments within such term as the Secretary may  
21 prescribe.

22 “(5) The property or project shall—

23 “(A) comply with such standards and conditions as  
24 the Secretary may prescribe to establish the acceptability  
25 of the property for mortgage insurance and may include

1       such nondwelling facilities as the Secretary deems ade-  
2       quate and appropriate to serve the occupants and the  
3       surrounding neighborhood: *Provided*, That the project  
4       shall be predominantly residential and any nondwelling  
5       facility included in the mortgage shall be found by the  
6       Secretary to contribute to the economic feasibility of the  
7       project, and the Secretary shall give due consideration  
8       to the possible effect of the project on other business  
9       enterprises in the community: *Provided further*, That,  
10      in the case of a project designed primarily for occupancy  
11      by elderly or handicapped families, the project may in-  
12      clude related facilities for use by elderly or handicapped  
13      families, including cafeterias or dining halls, community  
14      rooms, workshops, infirmaries or other inpatient or out-  
15      patient health facilities, and other essential service  
16      facilities;

17           “(B) include five or more dwelling units; and

18           “(C) be designed primarily for use as a rental proj-  
19      ect to be occupied by low and moderate income families  
20      or by elderly or handicapped families: *Provided*, That  
21      low and moderate income persons who are less than  
22      sixty-two years of age shall be eligible for occupancy in  
23      such a project, but not more than 10 per centum of the  
24      dwelling units in any such project shall be available for  
25      occupancy by such persons.

1       “(6) With the approval of the Secretary, the mortgagor  
2 may sell the individual dwelling units to low and moderate  
3 income or elderly or handicapped purchasers. The Secretary  
4 may consent to the release of the mortgagor from his lia-  
5 bility under the mortgage and the credit instrument secured  
6 thereby, or consent to the release of parts of the mortgaged  
7 property from the lien of the mortgage, upon such terms and  
8 conditions as he may prescribe, and the mortgage may pro-  
9 vide for such release.

10       “(k) As used in this section the term ‘tenant’ includes  
11 a member of a cooperative; the term ‘rental housing proj-  
12 ect’ includes a cooperative housing project; and the terms  
13 ‘rental’ and ‘rental charge’ mean, with respect to members  
14 of a cooperative, the charges under the occupancy agree-  
15 ments between such members and the cooperative.

16       “(l) The Secretary shall from time to time allocate  
17 and transfer to the Secretary of Agriculture, for use (in  
18 accordance with the terms and conditions of this section)  
19 in rural areas and small towns, a reasonable portion of the  
20 total authority to contract to make periodic interest re-  
21 duction payments as approved in appropriation Acts under  
22 subsection (i).”

23       (b) (1) Section 212 (a) of such Act is amended by  
24 striking out “or 232” in the first sentence of the second  
25 paragraph and inserting in lieu thereof “, 232, or 236”.

1       (2) Section 227 (a) of such Act is amended by striking  
2 out “or (viii) under section 234 (d)” and inserting in lieu  
3 thereof “(viii) under section 234 (d), or (ix) under section  
4 236”.

5       (3) Section 227 (c) of such Act is amended by striking  
6 out “or section 233 (b) (2)” each place it appears and in-  
7 serting in lieu thereof “section 233, or section 236”.

8       (c) The Secretary of Housing and Urban Develop-  
9 ment is authorized, upon such terms and conditions as he may  
10 prescribe, to transfer to section 236 (j) of the National  
11 Housing Act the insurance of a mortgage which has not  
12 been finally endorsed for insurance under section 221 (d) (3)  
13 of such Act and which has been approved for the below-  
14 market interest rate prescribed in the proviso of section  
15 221 (d) (5) of such Act.

16       (d) The Secretary of Housing and Urban Develop-  
17 ment is authorized, upon such terms and conditions as he  
18 may prescribe, to insure under section 236 (j) of the Na-  
19 tional Housing Act a mortgage meeting the requirements of  
20 such section which is given to refinance a mortgage loan  
21 made under section 202 of the Housing Act of 1959: *Pro-*  
22 *vided*, That the application for such insurance is filed with  
23 the Secretary on or before the date of project completion,  
24 or within such reasonable time thereafter as the Secretary  
25 may permit.

1 (e) (1) Section 101 (d) of the Housing and Urban De-  
2 velopment Act of 1965 is amended by striking out “one-  
3 fourth” and inserting in lieu thereof “one-fifth”.

4 (2) Section 101 (g) of such Act is amended by striking  
5 out “or 231 (c) (3)” and inserting in lieu thereof “, 231  
6 (c) (3), or 236”.

7 (3) Section 101 (j) (1) of such Act is amended—

8 (A) by striking out “and” at the end of subpara-  
9 graph (B) ;

10 (B) by striking out the period at the end of sub-  
11 paragraph (C) and inserting in lieu thereof “; and”;  
12 and

13 (C) by inserting after subparagraph (C) a new  
14 subparagraph as follows:

15 “(D) a private nonprofit corporation or other  
16 private nonprofit legal entity, a limited dividend  
17 corporation or other limited divided legal entity, or a  
18 cooperative housing corporation, which is a mortgagor  
19 under a mortgage insured under section 236 (j) of the  
20 National Housing Act which has been approved for  
21 receiving the benefits of this section: *Provided*, That pay-  
22 ments shall not be made with respect to more than 20  
23 per centum of the dwelling units in any property so  
24 financed.”

1 (f) Section 207 of the Appalachian Regional Develop-  
2 ment Act of 1965 is amended—

3 (1) by inserting in the heading “AND SECTION  
4 236” immediately after “SECTION 221”;

5 (2) by inserting “or section 236” after “section  
6 221” each place it appears;

7 (3) by inserting “or ‘section 236’ ” after “‘section  
8 221’ ” in subsection (a) ; and

9 (4) by inserting “, Government National Mort-  
10 gage Association,” immediately after “Federal Housing  
11 Administration” in subsection (c) .

12 (g) The first sentence of section 305 (i) of the National  
13 Housing Act is amended—

14 (1) by striking out “or (3)” and inserting in lieu  
15 thereof “(3)”, and

16 (2) by inserting after “221 (e)” the following:  
17 “, or (4) a mortgage insured under section 236”.

#### 18 RENT SUPPLEMENT PROGRAM

19 SEC. 202. (a) Section 101 (a) of the Housing and  
20 Urban Development Act of 1965 is amended by striking  
21 out everything after the word “exceed” the second time the  
22 word appears in the third sentence and inserting in lieu  
23 thereof the following: “\$150,000,000 per annum prior to  
24 July 1, 1969, which maximum dollar amount shall be in-

1    creased by \$40,000,000 on July 1, 1969, and by \$100,-  
2    000,000 on July 1, 1970.”

3            (b) Section 101 (b) of such Act is amended by insert-  
4    ing after the first sentence the following: “Such term also  
5    includes a private nonprofit corporation or other private non-  
6    profit legal entity, a limited dividend corporation or other  
7    limited dividend legal entity, or a cooperative housing corpo-  
8    ration, which is the owner of a rental or cooperative housing  
9    project financed under a State or local program providing  
10   assistance through loans, loan insurance, or tax abatement  
11   and which prior to completion of construction or rehabilita-  
12   tion is approved for receiving the benefits of this section.”

13            PART B—LOW-RENT PUBLIC HOUSING

14    INCREASED LOW-RENT PUBLIC HOUSING AUTHORIZATION

15            SEC. 203. (a) Section 10 (e) of the United States  
16   Housing Act of 1937 is amended by striking out  
17   “\$366,250,000 per annum, which limit shall be increased  
18   by \$47,000,000 on the date of enactment of the Housing  
19   and Urban Development Act of 1965, and by further  
20   amounts of \$47,000,000 on July 1 in each of the years  
21   1966, 1967, and 1968, respectively,” in the first sentence  
22   and inserting in lieu thereof the following: “\$554,250,000  
23   per annum, which limit shall be increased by \$100,000,000

1 on the date of enactment of the Housing and Urban De-  
 2 velopment Act of 1968 and by further amounts of \$150,-  
 3 000,000 on July 1 in each of the years 1969 and 1970,”.

4 (b) Section 20 of such Act is amended—

5 (1) by striking out “not to exceed \$1,500,000,000”  
 6 in the first sentence and inserting in lieu thereof “which  
 7 shall not, unless authorized by the President, exceed  
 8 \$1,500,000,000”; and

9 (2) by inserting after the first sentence the follow-  
 10 ing: “For the purpose of determining obligations incurred  
 11 to make loans pursuant to this Act against any limita-  
 12 tion otherwise applicable with respect to such loans, the  
 13 Secretary shall estimate the maximum amount to be  
 14 loaned at any one time pursuant to loan agreements then  
 15 outstanding with public housing agencies.”

16 UPGRADING MANAGEMENT AND SERVICES IN PUBLIC  
 17 HOUSING PROJECTS

18 SEC. 204. Section 15 of the United States Housing Act  
 19 of 1937 is amended by adding at the end thereof the fol-  
 20 lowing new paragraph:

21 “(10) The Secretary is authorized to enter into con-  
 22 tracts to make grants to public housing agencies to assist,  
 23 where necessary, in financing tenant services for families

1 living in low-rent housing projects. In making such con-  
2 tracts and grants, the Secretary shall give preference to  
3 programs providing for the maximum feasible participation  
4 of the tenants in the development and operation of such  
5 tenant services. For purposes of this paragraph the term  
6 'tenant services' includes (without being limited to) the fol-  
7 lowing services and activities for families living in low-rent  
8 housing projects: counseling on household management,  
9 housekeeping, budgeting, money management, child care,  
10 and similar matters; advice as to resources for job training  
11 and placement, education, welfare, health, and other com-  
12 munity services; services which are directly related to meet-  
13 ing tenant needs and providing a wholesome living environ-  
14 ment, including intertenant activities; and referral to ap-  
15 propriate agencies when necessary for the provision of such  
16 services. To the maximum extent available and appropriate,  
17 existing public and private agencies in the community shall  
18 be used for the provision of such services. There are author-  
19 ized to be appropriated for the purposes of this paragraph  
20 not to exceed \$20,000,000 for the fiscal year ending June  
21 30, 1969, and not to exceed \$40,000,000 for the fiscal year  
22 ending June 30, 1970."

## 1 PURCHASE OF UNITS BY TENANTS

2 SEC. 205. Section 15 (9) of the United States Housing  
3 Act of 1937 is amended by striking out "which is suitable  
4 by reason of its detached or semidetached construction" and  
5 inserting in lieu thereof ", if the property to be acquired is  
6 sufficiently separable from other property retained by the  
7 public housing agency to make it suitable".

## 8 PUBLIC HOUSING IN INDIAN AREAS

9 SEC. 206. (a) Section 1 of the United States Housing  
10 Act of 1937 is amended by striking out "urban and rural  
11 nonfarm" in the first sentence and inserting in lieu thereof  
12 "urban, rural nonfarm, and Indian".

13 (b) Section 10 (a) of such Act is amended by inserting  
14 "or Indian" after "nonfarm" in the fourth proviso.

## 15 LIMITATION ON HIGH-RISE STRUCTURES IN LOW-RENT

## 16 PUBLIC HOUSING PROJECTS

17 SEC. 207. Section 15 of the United States Housing Act  
18 of 1937 is amended by adding at the end thereof (after the  
19 new paragraph added by section 204 of this Act) the fol-  
20 lowing new paragraph:

21 "(11) Except in the case of housing predominantly for  
22 the elderly, upon enactment of this paragraph, the Secretary  
23 shall not approve high-rise elevator projects for families with

1 children unless he makes a determination that there is no  
2 practical alternative.”

3 PROHIBITION AGAINST CERTAIN LIMITATIONS ON TYPES  
4 OR CATEGORIES OF LOW-RENT HOUSING IN PRIVATE  
5 ACCOMMODATIONS

6 SEC. 208. The first sentence of section 23 (d) of the  
7 United States Housing Act of 1937 is amended by inserting  
8 before the period at the end thereof the following: “(and no  
9 limitation not specifically provided for in this section shall  
10 be imposed by regulations of the Authority on the types or  
11 categories of structures or dwelling units, qualifying under  
12 subsection (a) (3) and approved under subsection (c),  
13 which may be so used in any community)”.

14 LIMITATION ON NUMBER OF UNITS OF LOW-RENT HOUSING  
15 IN PRIVATE ACCOMMODATIONS PER STRUCTURE

16 SEC. 209. The first sentence of section 23 (c) of the  
17 United States Housing Act of 1937 is amended by striking  
18 out “not exceeding 10 per centum of the units in any single  
19 structure except” and inserting in lieu thereof the following:  
20 “not exceeding, in the case of any single structure, the lesser  
21 of (i) ten units or 10 per centum of the units in the structure,  
22 whichever is greater, or (ii) 50 per centum of the units in  
23 the structure, with such lesser number being increased (if

1 it is not a whole number) to the next higher whole number;  
2 except”.

3 SALE TO TENANTS OF LOW-RENT HOUSING IN PRIVATE  
4 ACCOMMODATIONS

5 SEC. 210. (a) Section 23 (f) of the United States  
6 Housing Act of 1937 is amended by inserting “(1)” after  
7 “shall not apply to”, and by inserting before the period at  
8 the end thereof the following: “, or (2) housing purchased  
9 (or in the process of purchase) by the public housing  
10 agency for resale to tenants as provided in subsection (g)”.

11 (b) Section 23 of such Act is further amended by adding  
12 at the end thereof the following new subsection:

13 “(g) To the extent authorized in contracts entered into  
14 by the Authority with a public housing agency, such agency  
15 may purchase any structure containing one or more dwelling  
16 units leased to provide low-rent housing in private accom-  
17 modations under this section for the purpose of reselling the  
18 structure to the tenant or tenants of the structure or to a  
19 group of such tenants occupying units aggregating in value  
20 at least 80 per centum of the structure’s total value. Any  
21 such resale shall be made subject to such terms and condi-  
22 tions (including provision for deferment of the required  
23 downpayment and for elimination of or adjustments in the  
24 required interest payments during a temporary period) as

1 may be necessary to enable the tenants involved to make  
2 the purchase without undue financial hardship.”

3 ADDITIONAL SUBSIDY FOR LARGE FAMILIES AND FAMILIES  
4 OF UNUSUALLY LOW INCOME

5 SEC. 211. (a) Section 2 (2) of the United States  
6 Housing Act of 1937 is amended by inserting at the end  
7 thereof the following new sentences: “The term ‘large fam-  
8 ilies’ means families which include four or more minors.  
9 The term ‘families of unusually low income’ means families  
10 with incomes below the income level established by the  
11 public housing agency, as approved by the Authority, who  
12 could not be housed without the additional subsidy author-  
13 ized under section 10 (a).”

14 (b) The first proviso in section 10 (a) of such Act is  
15 amended—

16 (1) by inserting after “an elderly family,” the fol-  
17 lowing: “or a large family, or a family of unusually  
18 low income,”;

19 (2) by striking out “to lease the dwelling unit to  
20 an elderly or displaced family at a rental it could afford  
21 and”; and

22 (3) by striking out “. and, in the case of displaced  
23 families, if and to the extent that the average or esti-  
24 mated average rental for units so occupied by such

1 families was less than the rental which the Authority  
2 determines, on the basis of the average or estimated  
3 average project rentals, would have been established  
4 in leasing the units to families which were neither  
5 elderly nor similarly displaced”.

6 TITLE III—FEDERAL HOUSING ADMINISTRA-  
7 TION INSURANCE OPERATIONS

8 MORTGAGE INSURANCE PREMIUMS FOR SERVICEMEN AND  
9 THEIR WIDOWS

10 SEC. 301. Section 222 of the National Housing Act is  
11 amended—

12 (1) by striking out “Secretary of the Treasury”  
13 each place it appears and inserting in lieu thereof “Sec-  
14 retary of Transportation”; and

15 (2) by adding at the end thereof two new sub-  
16 sections as follows:

17 “(f) The Secretary is authorized to transfer to this sec-  
18 tion the insurance on any mortgage covering a single-family  
19 dwelling or a one-family unit in a condominium project in-  
20 sured under this Act, if the mortgage indebtedness thereof  
21 has been assumed by a serviceman who at the time of as-  
22 sumption is the owner of the property and either occupies the  
23 property or certifies that his failure to do so is the result of  
24 his military assignment, or, in the case of the United States  
25 Coast Guard, other assignment.

1       “(g) Where a serviceman dies while on active duty in  
2 the Armed Forces of the United States or in the United  
3 States Coast Guard, leaving a surviving widow as owner of  
4 the property, the period of ownership by the serviceman  
5 (within the meaning of subsection (c) of this section) shall  
6 extend for two years beyond the date of the serviceman’s  
7 death or until the date the widow disposes of the property,  
8 whichever date occurs first. The Secretary of Defense or the  
9 Secretary of Transportation, as the case may be, shall notify  
10 such widow promptly following the serviceman’s death of  
11 the additional costs to be borne by the mortgagor following  
12 termination of the two-year period.”

13       MODIFICATIONS IN TERMS OF INSURED MORTGAGES

14               COVERING MULTIFAMILY PROJECTS

15       SEC. 302. Title II of the National Housing Act is  
16 amended by adding after section 238 (as added by section  
17 104 of this Act) the following new section:

18       “MODIFICATIONS IN TERMS OF INSURED MORTGAGES

19               COVERING MULTIFAMILY PROJECTS

20       “SEC. 239. (a) The Secretary shall not consent to any  
21 request for an extension of the time for curing a default under  
22 any mortgage covering multifamily housing, as defined in the  
23 regulations of the Secretary, or for a modification of the terms  
24 of such mortgage, except in conformity with regulations pre-  
25 scribed by the Secretary in accordance with the provisions

1 of this section. Such regulations shall require, as a condition  
2 to the granting of any such request, that, during the period  
3 of such extension or modification, any part of the rents or  
4 other funds derived by the mortgagor from the property  
5 covered by the mortgage which is not required to meet  
6 actual and necessary expenses arising in connection with the  
7 operation of such property, including amortization charges  
8 under the mortgage, be held in trust by the mortgagor and  
9 distributed only with the consent of the Secretary; except  
10 that the Secretary may provide for the granting of consent  
11 to any request for an extension of the time for curing a  
12 default under any mortgage covering multifamily housing,  
13 or for a modification of the terms of such mortgage, without  
14 regard to the foregoing requirement, in any case or class of  
15 cases in which an exemption from such requirement does not  
16 (as determined by the Secretary) jeopardize the interests of  
17 the United States.

18 “(b) Whoever, as an owner of a property which is  
19 security for a mortgage described in subsection (a), or as  
20 a stockholder of a corporation owning such property, or as  
21 a beneficial owner under any business organization or trust  
22 owning such property, or as an officer, director, or agent of  
23 any such owner, (1) willfully uses or authorizes the use of  
24 any part of the rents or other funds derived from property  
25 covered by such mortgage in violation of a regulation pre-

1 scribed by the Secretary under subsection (a), or (2) if  
2 such mortgage is determined, as provided in subsection (a),  
3 to be exempt from the requirement of any such regulation  
4 or is not otherwise covered by such regulation, willfully and  
5 knowingly uses or authorizes the use, while such mortgage is  
6 in default, of any part of the rents or other funds derived from  
7 the property covered by such mortgage for any purpose other  
8 than to meet actual and necessary expenses arising in con-  
9 nection with such property (including amortization charges  
10 under the mortgage), shall be fined not more than \$5,000  
11 or imprisoned not more than three years, or both.”

#### 12 CONDOMINIUMS

13 SEC. 303. (a) Section 234 (c) of the National Housing  
14 Act is amended by striking out “rental housing, and (3)”  
15 in the first sentence and inserting in lieu thereof the fol-  
16 lowing: “rental housing: *Provided*, That a one-family  
17 unit in a multifamily project involving eleven or less units  
18 shall be eligible for insurance without having been covered  
19 by a project mortgage, and (3)”.

20 (b) Section 234 (c) of such Act is further amended by  
21 striking out “(iii) 75 per centum” in the third sentence  
22 and inserting in lieu thereof “(iii) 80 per centum”.

23 (c) Section 234 (f) of such Act is amended by strik-  
24 ing “five” and inserting in lieu thereof “four”.

1 INSURANCE OF LOANS FOR PURCHASE OF FEE SIMPLE

2 TITLE FROM LESSORS

3 SEC. 304. (a) Title II of the National Housing Act  
4 is amended by adding after section 239 (as added by sec-  
5 tion 302 of this Act) the following new section:

6 "PURCHASE OF FEE SIMPLE TITLE FROM LESSORS

7 "SEC. 240. (a) The Secretary is authorized, upon such  
8 terms and conditions as he may prescribe, to make commit-  
9 ments to insure and to insure loans made by financial insti-  
10 tutions for the purpose of financing purchases by home-  
11 owners of the fee simple title to property on which their  
12 homes are located.

13 "(b) As used in this section—

14 "(1) the term 'financial institution' means a lender  
15 approved by the Secretary as eligible for insurance under  
16 section 2 or a mortgagee approved under section  
17 203 (b) (1) ; and

18 "(2) the term 'homeowner' means a lessee under a  
19 long-term ground lease.

20 "(c) To be eligible for insurance under this section, a  
21 loan shall—

22 "(1) relate to property on which there is located  
23 a dwelling designed principally for a one-, two-, three-,  
24 or four-family residence;

25 "(2) not exceed the cost of purchasing the fee

1        simple title, or \$10,000 per family unit, whichever is  
2        the lesser;

3            “(3) be limited to an amount which when added  
4        to any outstanding indebtedness related to the property  
5        (as determined by the Secretary) creates a total out-  
6        standing indebtedness which does not exceed the appli-  
7        cable mortgage limit prescribed in section 203 (b) ;

8            “(4) bear interest at not to exceed such per  
9        centum per annum (not to exceed 6 per centum), on  
10       the amount of the principal obligation outstanding at  
11       any time, as the Secretary finds necessary to meet mar-  
12       ket conditions, and such other charges (including service  
13       charges and appraisal, inspection, and other fees) as  
14       may be approved by the Secretary;

15           “(5) have a maturity satisfactory to the Secretary,  
16       but not to exceed twenty years from the beginning of  
17       amortization of the loan or three-quarters of the remain-  
18       ing economic life of the home, whichever is the lesser;  
19       and

20           “(6) comply with such other terms, conditions, and  
21       restrictions as the Secretary may prescribe.

22           “(d) The provisions of paragraphs (3), (5), (6), (7),  
23       (8), and (10) of section 220 (h) shall be applicable to loans  
24       insured under this section and, as applied to loans insured  
25       under this section, references in those paragraphs to ‘home

1 improvement loans' and 'this subsection' shall be construed  
2 to refer to loans under this section."

3 (b) Section 5 (c) of the Home Owners' Loan Act of  
4 1933 (12 U.S.C. 1464 (c) ) is amended by adding im-  
5 mediately before the last paragraph the following new  
6 paragraph:

7 "Notwithstanding any other provision of this subsec-  
8 tion, an association may invest in loans or obligations, or in-  
9 terests therein, as to which the association has the benefit of  
10 insurance under section 240 of the National Housing Act, or  
11 of a commitment or agreement therefor, and such invest-  
12 ments shall not be included in any percentage of assets or  
13 other percentage referred to in this subsection."

14 EXTENSION OF SECTION 221(d)(2) SALES HOUSING PROGRAM

15 FOR TWO-, THREE-, AND FOUR-FAMILY RESIDENCES TO

16 ALL LOW AND MODERATE INCOME FAMILIES

17 SEC. 305. Section 221 (d) (2) of the National Housing  
18 Act is amended by striking out "a displaced family" at the  
19 end of the first proviso and inserting in lieu thereof "the  
20 mortgagor".

21 REMOVAL OF DIVIDEND RESTRICTION FOR NONDWELLING

22 FACILITIES IN SECTION 221 PROJECTS

23 SEC. 306. Section 221 (f) of the National Housing Act  
24 is amended by striking out in the first sentence all that fol-  
25 lows the word "mortgage" in the proviso and inserting in  
26 lieu thereof ": *Provided further*, That, in the case of a mort-

1 gage which bears interest at the below-market interest rate  
 2 prescribed in the proviso of subsection (d) (5), the provi-  
 3 sions of section 220 (d) (3) (B) (iv) shall only apply if the  
 4 mortgagor waives the right to receive dividends on its equity  
 5 investment in the portion thereof devoted to commercial  
 6 facilities.”

7 SUPPLEMENTAL LOAN PROGRAM FOR PROJECTS FINANCED  
 8 WITH FEDERAL HOUSING ADMINISTRATION INSURED  
 9 MORTGAGES

10 SEC. 307. Title II of the National Housing Act is  
 11 amended by adding after section 240 (as added by section  
 12 304 of this Act) the following new section:

13 “SUPPLEMENTAL LOANS FOR MULTIFAMILY PROJECTS

14 “SEC. 241. (a) With respect to a multifamily project or  
 15 group practice facility covered by a mortgage insured under  
 16 any section or title of this Act, the Secretary is authorized,  
 17 upon such terms and conditions as he may prescribe, to make  
 18 commitments to insure, and to insure, supplemental loans  
 19 (including advances during construction or improvement)  
 20 made by financial institutions approved by the Secretary.  
 21 As used in this section, ‘supplemental loan’ means a loan, ad-  
 22 vance of credit, or purchase of an obligation representing a  
 23 loan or advance of credit made for the purpose of financing  
 24 improvements or additions to such project or facility: *Pro-*  
 25 *vided*, That a loan involving a nursing home covered by a

1 mortgage insured under section 232 or a loan involving a  
2 group practice facility covered by a mortgage insured under  
3 title XI may also be made for the purpose of financing equip-  
4 ment to be used in the operation of such nursing home or  
5 facility.

6 “(b) To be eligible for insurance under this section,  
7 a supplemental loan shall—

8 “(1) be limited to 90 per centum of the amount  
9 which the Secretary estimates will be the value of such  
10 improvements, additions, and equipment, except that  
11 such amount, when added to the outstanding balance of  
12 the mortgage covering the project or facility, shall not  
13 exceed the maximum mortgage amount insurable under  
14 the section or title pursuant to which the mortgage cover-  
15 ing such project or facility is insured;

16 “(2) have a maturity satisfactory to the Secretary  
17 but not to exceed the remaining term of the mortgage;

18 “(3) bear interest (exclusive of premium charges  
19 for insurance and service charges, if any) at not to ex-  
20 ceed such per centum per annum (not in excess of 6 per  
21 centum), on the amount of the principal obligation out-  
22 standing at any time, as the Secretary finds necessary to  
23 meet market conditions;

24 “(4) be secured in such manner as the Secretary  
25 may require;

“ (5) be governed by the labor standards provisions of section 212 that are applicable to the section or title pursuant to which the mortgage covering the project or facility is insured; and

“ (6) contain such other terms, conditions, and restrictions as the Secretary may prescribe.

“ (c) The provisions of subsections (d), (e), (g), (h), (i), (j), (k), (l), and (n) of section 207 shall be applicable to loans insured under this section, except that (1) all references to the term ‘mortgage’ shall be construed to refer to the term ‘loan’ as used in this section, (2) loans involving projects covered by a mortgage insured under section 213 that is the obligation of the Cooperative Management Housing Insurance Fund shall be insured under and shall be the obligation of such fund, and (3) loans involving projects covered by a mortgage insured under section 236 shall be insured under and shall be the obligation of the Special Risk Insurance Fund.”

HOME IMPROVEMENT LOANS—INCREASE IN MAXIMUM  
MATURITY, FINANCE CHARGE, AND LOAN AMOUNT

SEC. 308. Section 2 (b) of the National Housing Act is amended—

(1) by striking out “\$3,500” and inserting in lieu thereof “\$5,000”;

1           (2) by striking out “five years” and inserting in  
2           lieu thereof “seven years”;

3           (3) by striking out “\$5 discount” and inserting in  
4           lieu thereof “\$5.50 discount”; and

5           (4) by striking out “\$4 discount” and inserting in  
6           lieu thereof “\$4.50 discount”.

7                           EXPERIMENTAL HOUSING PROGRAM

8           SEC. 309. Section 233 of the National Housing Act is  
9           amended—

10           (1) by striking out “of this title” immediately be-  
11           fore the semicolon in subsection (b) and inserting in lieu  
12           thereof “or titles of this Act”; and

13           (2) by striking out “of this title” in subsection (e)  
14           and inserting in lieu thereof “or title of this Act”.

15                           TERM OF FEDERAL HOUSING ADMINISTRATION MORTGAGES

16   FOR LAND DEVELOPMENT

17           SEC. 310. Section 1002 (d) (1) of the National Housing  
18           Act is amended by striking out “seven years” and inserting  
19           in lieu thereof “ten years”.

20                           REHABILITATED MULTIFAMILY PROJECTS IN URBAN RE-

21   NEWAL AREAS

22           SEC. 311. (a) Section 220 (d) (3) (B) (ii) of the  
23           National Housing Act is amended by inserting immediately  
24           before the semicolon at the end thereof “: *Provided further,*  
25           That the mortgage may involve the financing of the pur-

1 chase of property which has been rehabilitated by a local  
2 public agency with Federal assistance pursuant to section  
3 110 (c) (8) of the Housing Act of 1949, and, in such case,  
4 the foregoing limitations upon the amount of the mortgage  
5 shall be based upon the appraised value of the property as  
6 of the date the mortgage is accepted for insurance”.

7 (b) Section 221 (d) (3) (iii) of such Act is amended  
8 by inserting immediately before the colon at the end of the  
9 first proviso “: *Provided further*, That the mortgage may  
10 involve the financing of the purchase of property which has  
11 been rehabilitated by a local public agency with Federal  
12 assistance pursuant to section 110 (c) (8) of the Housing  
13 Act of 1949, and, in such case, the amount of the mortgage  
14 shall not exceed the appraised value of the property as of the  
15 date the mortgage is accepted for insurance”.

16 MISCELLANEOUS HOUSING INSURANCE

17 SEC. 312. (a) Section 223 of the National Housing Act  
18 is amended—

19 (1) by striking out so much of subsection (a) as  
20 precedes paragraph (1) and inserting in lieu thereof the  
21 following:

22 “(a) Notwithstanding any of the provisions of this  
23 Act and without regard to limitations upon eligibility con-  
24 tained in any section or title of this Act, the Secretary is  
25 authorized, upon application by the mortgagee, to insure

1 or make commitments to insure under any section or title  
2 of this Act any mortgage—”;

3 (2) by striking out “applicable to loans insured  
4 under section 203, 207, 213, 220, 221, 222, 231, 232,  
5 or 233, as the case may be” in the first and second  
6 provisos of subsection (a) (7) and inserting in lieu  
7 thereof “prescribed under the applicable section or title  
8 of this Act”;

9 (3) by striking out “this title” each time it appears in  
10 subsection (c) and inserting in lieu thereof “this Act”;

11 (4) by striking out “title I, title II, title VI, title  
12 VII, title VIII, or title IX” in subsection (c) and in-  
13 serting in lieu thereof “any section or title of this Act”;  
14 and

15 (5) by striking out “(except that in any case the  
16 payment of insurance shall be in debentures)” at the end  
17 of subsection (c).

18 (b) Section 223 (d) of such Act is amended by striking  
19 out all that follows “as he may prescribe,” and inserting  
20 in lieu thereof the following: “insure under the same section  
21 as the original mortgage a loan by the mortgagee in an  
22 amount not exceeding the excess of the foregoing expenses  
23 over the project income. Such loan shall (1) bear interest  
24 (exclusive of premium charges for insurance) at not to  
25 exceed the per centum per annum currently permitted for

1 mortgages insured under the section under which it is to  
2 be insured, (2) be secured in such manner as the Secretary  
3 shall require, and (3) be limited to a term not exceeding  
4 the unexpired term of the original mortgage. The Secretary  
5 is authorized to collect a premium charge for insurance of  
6 loans pursuant to this subsection in an amount computed at  
7 the same premium rate as is applicable to the original  
8 mortgage. This premium shall be payable in cash or in  
9 debentures of the insurance fund under which the loan is  
10 insured at par plus accrued interest. In the event of a failure  
11 of the borrower to make any payment due under such loan  
12 or under the original mortgage, both the loan and original  
13 mortgage shall be considered in default, and if such default  
14 continues for a period of thirty days, the lender shall be  
15 entitled to insurance benefits, computed in the same manner  
16 as for the original mortgage, except that in determining the  
17 interest rate under section 224 for the debentures repre-  
18 senting the portion of the claim applicable to the loan, the  
19 date of the commitment to insure the loan and the insurance  
20 date of the loan shall be taken into consideration rather than  
21 the commitment or insurance date for the original mortgage.”

22 SUPPLEMENTARY LOANS FOR COOPERATIVE HOUSING PUR-  
23 CHASED FROM THE FEDERAL GOVERNMENT

24 SEC. 313. Section 213 (j) of the National Housing Act  
25 is amended—

1           (1) by inserting after the first sentence of paragraph  
2           (1) the following sentence: "The Secretary is further  
3           authorized to make commitments to insure and to insure  
4           supplementary cooperative loans (including advances  
5           during construction or improvement) with respect to  
6           any property purchased from the Federal Government  
7           by a nonprofit corporation or trust of the character  
8           described in paragraph (1) of subsection (a), if the  
9           property is covered by an uninsured mortgage repre-  
10          senting a part of the purchase price."; and

11          (2) by adding before the semicolon at the end of  
12          paragraph (2) (B) the following: "; except that, in  
13          the case of repairs or improvements to a property cov-  
14          ered by an uninsured mortgage dated more than twenty  
15          years prior to the date of the commitment to insure, of  
16          such magnitude that the Secretary deems them to be a  
17          major rehabilitation or modernization of such property,  
18          the loan may have a maturity date up to ten years in  
19          excess of the remaining term of the uninsured mort-  
20          gage".

21                               EQUIPMENT IN NURSING HOMES

22          SEC. 314. Section 232 of the National Housing Act is  
23          amended—

24               (1) by striking out subsection (b) (2) and insert-  
25          ing in lieu thereof the following:

1           “(2) the term ‘mortgage’ means a first mortgage  
2     on real estate in fee simple, or on the interest of either  
3     the lessor or lessee thereof (A) under a lease for not  
4     less than ninety-nine years which is renewable, or (B)  
5     under a lease having a period of not less than fifty years  
6     to run from the date the mortgage was executed. The  
7     term ‘first mortgage’ means such classes of first liens as  
8     are commonly given to secure advances (including but  
9     not limited to advances during construction) on, or the  
10    unpaid purchase price of, real estate under the laws of  
11    the State in which the real estate is located, together  
12    with the credit instrument or instruments, if any, secured  
13    thereby, and any mortgage may be in the form of one or  
14    more trust mortgages or mortgage indentures or deeds  
15    of trust, securing notes, bonds, or other credit instru-  
16    ments, and, by the same instrument or by a separate  
17    instrument, may create a security interest in initial  
18    equipment, whether or not attached to the realty. The  
19    term ‘mortgagor’ shall have the meaning set forth in  
20    section 207 (a) of this Act.”;

21           (2) by striking out so much of subsection (d) as  
22    precedes paragraph (1) and inserting in lieu thereof the  
23    following:

24           “(d) In order to carry out the purposes of this section,  
25    the Secretary is authorized to insure any mortgage which

1 covers a new or rehabilitated nursing home, including equip-  
 2 ment to be used in its operation, subject to the following  
 3 conditions:”; and

4 (3) by striking out “when the proposed improve-  
 5 ments are completed” before the period at the end of  
 6 subsection (d) (2) and inserting in lieu thereof the  
 7 following: “, including equipment to be used in the  
 8 operation of the nursing home, when the proposed  
 9 improvements are completed and the equipment is  
 10 installed”.

11 FLEXIBLE INTEREST RATES FOR CERTAIN FHA INSURANCE  
 12 PROGRAMS

13 SEC. 315. Section 3 (a) of the Act entitled “An Act to  
 14 amend chapter 37 of title 38 of the United States Code with  
 15 respect to the veterans’ home loan program, to amend the  
 16 National Housing Act with respect to interest rates on in-  
 17 sured mortgages, and for other purposes”, approved May 7,  
 18 1968, is amended by inserting “235 (j) (2) (C), 236  
 19 (j) (4) (B), 240 (c) (4), 241 (b) (3), 242 (d) (3) (B),”  
 20 after “234 (f),”.

21 FHA SECTION 221(h) PROGRAM

22 SEC. 316. (a) Section 221 (h) (2) (A) of the National  
 23 Housing Act is amended to read as follows:

24 “(A) be executed by a private nonprofit corpora-

tion or association, approved by the Secretary, for financing the purchase and rehabilitation (with the intention of subsequent resale) of property comprising one or more tracts or parcels, whether or not contiguous, upon which there is located deteriorating or substandard housing consisting of (i) four or more single-family dwellings of detached, semidetached, or row construction, or (ii) four or more one-family units in a structure or structures for which a plan of family unit ownership approved by the Secretary is established;”.

(b) Section 221 (h) of such Act is amended by adding at the end thereof (after the new paragraph added by section 101 (c) (3) of this Act) two new paragraphs as follows:

“(7) Where the Secretary has approved a plan of family unit ownership, the terms ‘single-family dwelling’, ‘single-family dwellings’, ‘individual dwelling’, and ‘individual dwellings’ shall mean a family unit or family units, together with the undivided interest (or interests) in the common areas and facilities.

“(8) For purposes of this subsection, the terms ‘single-family dwelling’ and ‘single-family dwellings’ (except for purposes of paragraph (7) ) shall include a two-family dwelling which has been approved by the Secretary if one of the units is to be occupied by the owner.”

## HOUSING IN OUTLYING AREAS

SEC. 317. Section 203 (i) of the National Housing Act is amended by striking out “not in excess of \$12,500” and inserting in lieu thereof “not in excess of \$15,000”.

## TITLE IV—URBAN RENEWAL

## NEIGHBORHOOD DEVELOPMENT PROGRAMS

SEC. 401. (a) Title I of the Housing Act of 1949 is amended by adding after the title heading the following new subheading:

“PART A—URBAN RENEWAL PROJECTS, DEMOLITION PROGRAMS, AND CODE ENFORCEMENT PROGRAMS”

(b) Title I of such Act is further amended by adding at the end thereof the following new part:

“PART B—NEIGHBORHOOD DEVELOPMENT PROGRAMS

“PURPOSE AND AUTHORITY

“SEC. 131. (a) To facilitate more rapid renewal and development of urban areas on an effective scale, and to encourage more efficient and flexible utilization of public and private development opportunities by local communities in such areas, the Secretary is authorized to make financial assistance available under this title to local public agencies for undertakings and activities which are carried out under a neighborhood development program approved by him pursuant to this part.

“(b) A neighborhood development program shall con-

1 sist of urban renewal project undertakings and activities in  
2 one or more urban renewal areas which are planned and  
3 carried out on the basis of annual increments in accordance  
4 with the provisions of this title for planning and carrying out  
5 urban renewal projects, except as modified by the provisions  
6 of this part.

7 “(c) No application for financial assistance in planning  
8 and carrying out a neighborhood development program shall  
9 be approved by the Secretary unless—

10 “(1) the governing body of the locality has, by  
11 resolution or ordinance, approved the proposed program  
12 and the annual increment covered by the application  
13 and authorized the filing of the application for financial  
14 assistance; and

15 “(2) the Secretary has concluded that there is the  
16 necessary capacity to carry out the undertakings and  
17 activities included under the program.

18 “FINANCIAL PROVISIONS

19 “SEC. 132. (a) Upon the approval of a neighborhood  
20 development program by the Secretary, the cost of any  
21 undertakings and activities authorized as part of the program  
22 shall be financed in accordance with the loan, capital grant,  
23 and project cost provisions of part A, except that—

24 “(1) net project cost may be calculated on the basis

1 of costs incurred and proceeds derived for the account  
2 of the program during a specified twelve-month period,  
3 and may be recalculated for succeeding periods of twelve  
4 months to reflect additional costs and additional proceeds  
5 since the date of the last computation or recomputation;  
6 and

7 “(2) if property has been acquired but not disposed  
8 of prior to the computation or recomputation of net proj-  
9 ect cost, temporary loans made or secured under this title  
10 to finance undertakings or activities included in the pro-  
11 gram may remain outstanding until the property has  
12 been disposed of and the proceeds thereof, together with  
13 additional funds becoming available to the program, are  
14 sufficient to permit repayment of the loans.

15 “(b) In the event that gross project cost as computed  
16 for a specified twelve-month period is exceeded, with respect  
17 to that period, by the sum of (1) the sales price of land  
18 or other property sold, and (2) the imputed capital value  
19 of land or other property leased or retained by the local  
20 public agency in accordance with the provisions of the urban  
21 renewal plan, the local public agency shall pay to the  
22 Secretary two-thirds of the excess (or three-fourths in the  
23 case of a program on a three-fourths grant basis), which  
24 amount shall be available to the Secretary for grant payments  
25 under section 103.

1                   “LOCAL GRANTS-IN-AID

2           “SEC. 133. (a) For the purpose of determining the  
3 eligibility of local grants-in-aid in connection with under-  
4 takings and activities carried out under a neighborhood  
5 development program, the three-year period referred to in  
6 the second paragraph of section 110 (d) shall be deemed to  
7 be a period of three years prior to the authorization by the  
8 Secretary of the first contract for financial assistance under  
9 the program which includes the urban renewal area which is  
10 benefited by the public improvement or facility for which  
11 credit is claimed; and the seven-year period referred to in  
12 clause (1) of section 112 (b) shall be deemed to be a period  
13 of seven years prior to the date of authorization by the Secre-  
14 tary of the first contract for financial assistance under the  
15 program which includes the urban renewal area which is  
16 benefited by the expenditures for which credit is claimed.

17           “(b) No portion of the cost of a public improvement or  
18 public facility (to the extent otherwise eligible) may be in-  
19 cluded as a local grant-in-aid in computing the gross project  
20 cost of an approved program for any twelve-month period—

21                   “(1) prior to commencement of construction of the  
22 improvement or facility, or

23                   “(2) in excess of the amount actually expended or  
24 obligated by contract.

1       “(c) The provisions of section 104 with respect to the  
2 pooling of local grants-in-aid among the various projects  
3 undertaken by a local public agency shall not be applicable  
4 with respect to any excess local grants-in-aid resulting from  
5 the urban renewal projects contained in a neighborhood de-  
6 velopment program.

7                               “GENERAL PROVISIONS

8       “SEC. 134. (a) For purposes of this part—

9               “(1) the workable program requirement in section  
10 101 (c) shall apply to the authorization, rather than the  
11 execution, of any contract for loans or capital grants;

12               “(2) capital grants on a three-fourths basis may  
13 only be made under section 103 (a) (2) (B) ;

14               “(3) the relocation requirements specified in sec-  
15 tion 105 (c) shall apply to each annual increment of an  
16 approved program;

17               “(4) section 106 (g) (relating to transient hous-  
18 ing) shall apply to activities undertaken under approved  
19 programs, except that the determination as to need for  
20 transient housing shall be made with respect to any sale  
21 or lease of land for construction of such housing prior to  
22 such sale or lease; and

23               “(5) the requirement concerning demolition and  
24 removal of buildings and improvements stated in clause  
25 (A) of the sentence following paragraph (10) of sec-

1       tion 110 (c) shall apply to each annual increment of an  
2       approved program.

3       “(b) The approval by the Secretary of financial assist-  
4       ance for one or more annual increments of a neighborhood  
5       development program shall not be considered as obligating  
6       him to provide financial assistance for any subsequent annual  
7       increments.

8       “(c) The urban renewal plan referred to in section 110  
9       (b) may cover one or more of the urban renewal areas cov-  
10      ered by a neighborhood development program and such plan  
11      may be modified from time to time to cover additional urban  
12      renewal areas added to the program. The Secretary may  
13      establish such requirements as he deems appropriate pre-  
14      scribing the scope and content of such plan, taking into con-  
15      sideration, among other matters, the degree of detail needed  
16      in the plan to properly and expeditiously carry out the activi-  
17      ties and undertakings proposed in any annual increment of a  
18      neighborhood development program.”

19      (c) Notwithstanding any requirement or condition to the  
20      contrary in section 6 or 20 (i) of the District of Columbia  
21      Redevelopment Act of 1945 or in any other provision of  
22      law, the District of Columbia Redevelopment Land Agency  
23      may plan and undertake neighborhood development programs  
24      under part B of title I of the Housing Act of 1949 (as  
25      added by this section), subject to all of the provisions of

1 such Act of 1945 to the extent not inconsistent with such  
2 part B, and any such program shall be regarded as comply-  
3 ing with the requirements of such sections 6 and 20 (i) and  
4 of such other provision of law if it meets the applicable re-  
5 quirements established under such part B.

6 INCREASED AUTHORIZATION

7 SEC. 402. (a) Section 103 (b) of the Housing Act  
8 of 1949 is amended by striking out everything in the first  
9 sentence after "exceed" and inserting in lieu thereof  
10 "\$7,600,000,000, which amount shall be increased by  
11 \$1,400,000,000 on July 1, 1969".

12 (b) Section 103 (b) of such Act is further amended by  
13 striking out "\$250,000,000" in the second sentence and  
14 inserting in lieu thereof "\$600,000,000".

15 REHABILITATION GRANTS

16 SEC. 403. (a) The second sentence of section 115  
17 (a) of the Housing Act of 1949 is amended by striking out  
18 the words "a structure" and "such structure" and inserting  
19 in lieu thereof "real property" and "such real property",  
20 respectively.

21 (b) Section 115 (b) of such Act is amended by striking  
22 out "\$1,500" and inserting in lieu thereof "\$3,000".

23 (c) Section 115 (a) of such Act is amended by insert-  
24 ing "(1)" after "(a)", and by adding at the end thereof a  
25 new paragraph as follows:

1       “(2) In addition to the authority conferred by para-  
2 graph (1), and notwithstanding any other provision of this  
3 title, the Secretary is authorized, through the utilization of  
4 local public agencies where feasible, to make grants (pay-  
5 able from any grant funds provided under section 103 (b) )  
6 to an individual or family, as described in subsection (c), to  
7 cover the cost of repairs and improvements necessary to make  
8 real property owned and occupied by such individual or  
9 family conform to public standards for decent, safe, and sani-  
10 tary housing as required by applicable codes. No grants shall  
11 be made under this paragraph in the case of any property  
12 unless such property is in an area within a locality (other  
13 than an urban renewal area or an area in which a program  
14 of concentrated code enforcement is being carried out pur-  
15 suant to section 117) which the governing body of the local-  
16 ity has determined, and so certifies to the Secretary, contains  
17 a substantial number of structures in need of rehabilitation.

18       (d) Section 115 of such Act is further amended—

19               (1) by redesignating subsection (b) as subsection  
20               (c) and inserting after subsection (a) a new subsection  
21               (b) as follows:

22       “(b) The Secretary is authorized to make grants (pay-  
23 able from any grant funds provided under section 103 (b) ) ,  
24 through the utilization of local public and private agencies

1 where feasible, to an individual or family, as described in  
2 subsection (c), who owns and occupies real property which  
3 has been determined to be uninsurable because of physical  
4 hazards after an inspection pursuant to a statewide property  
5 insurance plan approved by the Secretary under title XII  
6 of the National Housing Act. Such grants may only be  
7 made to rehabilitate such property to the extent which the  
8 Secretary determines to be necessary to make it meet  
9 reasonable underwriting standards imposed by such plan  
10 and only where the property is located in an area which the  
11 Secretary determines (1) is sufficiently stable and contains  
12 sufficient public facilities and amenities to support long-term  
13 values, or (2) is one in which public or private actions are  
14 being carried out, or are proposed to be carried out, of such  
15 scope and quality as to give reasonable promise that a stable  
16 environment will be created.”; and

17 (2) by striking out “subsection (b)” in subsection  
18 (a) and inserting in lieu thereof “subsection (c)”.

19 REHABILITATION IN URBAN RENEWAL AREAS

20 SEC. 404. Section 110(c) (8) of the Housing Act of  
21 1949 is amended by striking out (1) “guidance purposes,  
22 and”, and (2) the proviso at the end thereof.

DISPOSITION OF PROPERTY FOR LOW AND MODERATE  
INCOME HOUSING

SEC. 405. Section 107 (a) of the Housing Act of 1949  
is amended—

(1) by inserting “or other approved purchaser or  
lessee,” after “public body or agency,”;

(2) by inserting “, section 221 (h) (1), section  
235 (j) (1), or section 236” after “or (d) (4)”;

(3) by inserting “or lessee” after “a purchaser”  
and after “such purchaser”, and “or lease” after  
“purchase”;

(4) by striking out “rental or cooperative”; and

(5) by striking out “moderate” and inserting in lieu  
thereof “low or moderate”.

CAPITAL GRANTS FOR LOW AND MODERATE INCOME HOUS-  
ING IN OPEN LAND PROJECTS

SEC. 406. Section 103 (a) (1) of the Housing Act of  
1949 is amended by inserting before the period at the end  
thereof the following: “, except that he may contract for  
such a grant in an amount not to exceed two-thirds of the  
difference between the proceeds from any land disposed of

1 pursuant to section 107 and the fair value of the  
2 land without regard to such section”.

3 URBAN RENEWAL LOAN CONTRACTS

4 SEC. 407. (a) Section 102 (c) of the Housing Act of  
5 1949 is amended—

6 (1) by striking out “at interest rates lower than  
7 provided in the loan contract” in the first sentence; and

8 (2) by inserting before the period at the end of the  
9 first sentence the following: “: *Provided*, That, if at  
10 any time during the undertaking of the project, the inter-  
11 est rate on such a loan from a source other than the  
12 Federal Government is greater than the rate at which  
13 funds could be made available under the Federal loan  
14 contract, the Secretary may make a supplemental grant  
15 to the local public agency in the amount of the difference  
16 between the interest cost from such sources and the  
17 interest cost at the contract rate, and no part of the  
18 amount of any such grant shall be required to be con-  
19 tributed as a part of the local grant-in-aid”.

20 (b) Loan contracts outstanding on the date of enact-  
21 ment of this section may be amended to incorporate the  
22 provisions authorized by the amendment contained in sub-  
23 section (a) without regard to the proviso in section 110 (g)  
24 of the Housing Act of 1949.

1 PROJECT COMPLETION PRIOR TO DISPOSITION OF CERTAIN  
2 PROPERTY

3 SEC. 408. (a) Section 106 of the Housing Act of 1949  
4 is amended by adding at the end thereof the following new  
5 subsection:

6 “(i) Upon a determination by the Secretary that (1)  
7 not more than 5 per centum of the total area of land ac-  
8 quired as part of an urban renewal project remains to be  
9 disposed of, (2) the local public agency does not expect  
10 to be able, due to circumstances beyond its control, to dis-  
11 pose of such land in the near future, (3) all other project  
12 activities are completed, and (4) the local public agency  
13 has agreed to dispose of or retain such land for uses in ac-  
14 cordance with the urban renewal plan, the urban renewal  
15 project may be deemed completed, and the net project cost  
16 may be computed and the capital grant paid.”

17 (b) Section 110 (f) of such Act is amended by insert-  
18 ing before the period at the end thereof the following: “or  
19 for subsequent disposition or retention as provided under  
20 section 106 (i) ”.

21 REHABILITATION LOANS

22 SEC. 409. (a) The first sentence of section 312 (d) of  
23 the Housing Act of 1964 is amended to read as follows:  
24 “There is authorized to be appropriated for each fiscal year

1 such amounts as may be necessary which shall constitute a  
2 revolving fund to be used by the Secretary in carrying out  
3 this section.”

4 (b) Section 312 (h) of such Act is amended by striking  
5 out “October 1, 1969” and inserting in lieu thereof “June  
6 30, 1973”.

7 (c) Section 312 (a) of such Act is amended to read  
8 as follows:

9 “(a) The Secretary is authorized, through the utilization  
10 of local public and private agencies where feasible, to make  
11 loans as herein provided to the owners and tenants of prop-  
12 erty to finance the rehabilitation of such property. No loan  
13 shall be made under this section unless—

14 “(1) (A) the property is situated in an urban re-  
15 newal area or an area in which a program of concen-  
16 trated code enforcement activity is being carried out  
17 pursuant to section 117 of the Housing Act of 1949,  
18 and the rehabilitation is required to make the property  
19 conform to applicable code requirements or to carry out  
20 the objectives of the urban renewal plan for the area  
21 and, in addition, to generally improve the condition of  
22 the property; or

23 “(B) (i) the property is in an area (other than an  
24 area described in subparagraph (A) ) which the govern-  
25 ing body of the locality has determined, and so certifies

1 to the Secretary, contains a substantial number of struc-  
2 tures in need of rehabilitation and (ii) the property is  
3 residential, owner-occupied, and in need of substantial  
4 rehabilitation;

5 “(2) the applicant is unable to secure the necessary  
6 funds from other sources upon comparable terms and  
7 conditions; and

8 “(3) the loan is an acceptable risk taking into con-  
9 sideration the need for the rehabilitation, the security  
10 available for the loan, and the ability of the applicant  
11 to repay the loan.”

12 (d) Section 312 of such Act is further amended—

13 (1) by inserting “or” after the semicolon at the  
14 end of paragraph (1) (B) in subsection (a) (as  
15 amended by subsection (c) of this section), and by  
16 inserting after such paragraph (1) (B) the following  
17 new subparagraph:

18 “(C) (i) the property has been determined to be  
19 uninsurable because of physical hazards after an in-  
20 spection pursuant to a statewide property insurance plan  
21 approved by the Secretary under title XII of the Na-  
22 tional Housing Act, (ii) the loan is made to the owner  
23 or tenant of the property to finance rehabilitation which  
24 the Secretary determines to be necessary to make the

1 property meet reasonable underwriting standards, and  
 2 (iii) the property is located in an area which the Secre-  
 3 tary determines is sufficiently stable and contains suffi-  
 4 cient public facilities and amenities to support long-term  
 5 values, or is one in which public or private actions are  
 6 being carried out, or are proposed to be carried out, of  
 7 such scope and quality as to give reasonable promise that  
 8 a stable environment will be created;” and

9 (2) by striking out “or” after “applicable codes”  
 10 in subsection (b) (1) and inserting in lieu thereof a  
 11 comma, and by inserting after “urban renewal plan” in  
 12 such subsection “, or a Statewide property insurance  
 13 plan”.

#### 14 DEMOLITION GRANTS

15 SEC. 410. (a) The first sentence of section 116 (a) of  
 16 the Housing Act of 1949 is amended by inserting after “un-  
 17 sound” the following: “, a harborage or potential harborage  
 18 of rats,”.

19 (b) Section 116 (b) of such Act is amended by inserting  
 20 after the comma at the end of clause (2) the following:  
 21 “or will be consistent with a systematic rodent control pro-  
 22 gram being undertaken in the neighborhood,”.

#### 23 AIR RIGHTS SITES IN URBAN RENEWAL AREAS

24 SEC. 411. (a) Section 110 (c) (1) (iv) of the Hous-  
 25 ing Act of 1949 is amended by striking out “for use for indus-

1 trial development” and inserting in lieu thereof “for use for  
2 the development of industrial or educational facilities”.

3 (b) Section 110(c) (7) of such Act is amended by  
4 striking out “for industrial development” and inserting in  
5 lieu thereof “for the development of industrial or educational  
6 facilities”.

7 INTERIM ASSISTANCE FOR BLIGHTED AREAS

8 SEC. 412. Title I of the Housing Act of 1949 is amended  
9 by adding after section 117 a new section as follows:

10 “INTERIM ASSISTANCE FOR BLIGHTED AREAS

11 “SEC. 118. Notwithstanding any other provision of this  
12 title, the Secretary is authorized to enter into contracts (in  
13 an aggregate amount not to exceed \$40,000,000 in any fiscal  
14 year) to make, and to make, grants as provided in this sec-  
15 tion (payable from any grant funds provided under section  
16 103 (b) ) to cities, other municipalities, and counties for the  
17 purpose of assisting such localities in carrying out programs to  
18 alleviate harmful conditions in slum and blighted areas which  
19 are planned for substantial clearance, rehabilitation, or fed-  
20 erally assisted code enforcement in the near future but in  
21 which some immediate public action is needed until clear-  
22 ance, rehabilitation, or code enforcement activities can be  
23 undertaken. Such grants shall not exceed two-thirds (or  
24 three-fourths in the case of any city, other municipality,

1 or county having a population of fifty thousand or less  
2 according to the most recent decennial census) of the  
3 cost of planning and carrying out programs which may  
4 include (1) the repair of streets, sidewalks, parks, play-  
5 grounds, publicly owned utilities, and public buildings to  
6 meet needs consistent with the short-term continued use  
7 of the area prior to the undertaking of the contemplated  
8 clearance or upgrading activities, (2) the improvement of  
9 private properties to the extent needed to eliminate the most  
10 immediate dangers to public health and safety, (3) the  
11 demolition of structures determined to be structurally un-  
12 sound or unfit for human habitation and which constitute a  
13 public nuisance and serious hazard to the public health and  
14 safety, (4) the establishment of temporary public play-  
15 grounds on vacant land within the area, and (5) the im-  
16 provement of garbage and trash collection, street cleaning,  
17 and similar activities. The Secretary shall encourage, wher-  
18 ever feasible, the employment of otherwise unemployed or  
19 underemployed residents of the area in carrying out the  
20 activities and undertakings assisted under this section. The  
21 provisions of sections 101 (c), 106, and 114 shall be appli-  
22 cable to activities and undertakings assisted under this  
23 section to the same extent as if such activities and under-

1 takings were being carried out in an urban renewal area  
2 as part of an urban renewal project.”

3     LOW AND MODERATE INCOME HOUSING IN RESIDENTIAL  
4                     URBAN RENEWAL AREAS

5     SEC. 413. Section 105 (f) of the Housing Act of 1949  
6 is amended to read as follows:

7     “(f) A majority of the housing units provided in each  
8 community’s total of such approved urban renewal projects as  
9 will be redeveloped for predominantly residential uses and  
10 which receive Federal recognition after the date of enactment  
11 of the Housing and Urban Development Act of 1968 shall be  
12 standard housing units for low and moderate income families  
13 or individuals: *Provided*, That the units in each community’s  
14 total of such approved urban renewal projects which are for  
15 low income families or individuals shall constitute at least 20  
16 per centum of the units in such projects.”

17     WORKABLE PROGRAM REQUIREMENT IN CASE OF INDIAN  
18                     TRIBES

19     SEC. 414. Section 101 (c) of the Housing Act of 1949 is  
20 amended by inserting after “1964” in the second proviso the  
21 following: “or, in the case of an Indian tribe, band, or nation,  
22 commencing January 1, 1969”.

## 1 TITLE V—URBAN PLANNING AND FACILITIES

## 2 COMPREHENSIVE PLANNING

3 SEC. 501. Section 701 of the Housing Act of 1954 is  
4 amended to read as follows:

## 5 “COMPREHENSIVE PLANNING

6 “SEC. 701. (a) In order to assist State and local gov-  
7 ernments in solving planning problems, including those  
8 resulting from the increasing concentration of population in  
9 metropolitan and other urban areas and the out-migration  
10 from and lack of coordinated development of resources and  
11 services in rural areas; to facilitate comprehensive planning  
12 for urban and rural development, including coordinated trans-  
13 portation systems, on a continuing basis by such governments;  
14 and to encourage such governments to establish and improve  
15 planning staffs and techniques on an areawide basis, and to  
16 engage private consultants where their professional services  
17 are deemed appropriate by the assisted governments, the  
18 Secretary is authorized to make planning grants to—

19 “(1) State planning agencies for the provision of  
20 planning assistance to (A) cities and other municipal-  
21 ities having a population of less than 50,000 ac-  
22 cording to the latest decennial census, and counties  
23 without regard to population: *Provided*, That grants  
24 shall be made under this paragraph for planning assist-  
25 ance to counties having a population of 50,000 or more,

1 according to the latest decennial census, which are  
2 within metropolitan areas, only if (i) the Secretary finds  
3 that planning and plans for such county will be co-  
4 ordinated with the program of comprehensive planning,  
5 if any, which is being carried out for the metropolitan  
6 area of which the county is a part, and (ii) the aggre-  
7 gate amount of the grants made subject to this proviso  
8 does not exceed 15 per centum of the aggregate amount  
9 appropriated, after September 2, 1964, for the purposes  
10 of this section, (B) any group of adjacent communities,  
11 either incorporated or unincorporated, having a total pop-  
12 ulation of less than 50,000 according to the latest  
13 decennial census and having common or related urban  
14 planning problems, (C) cities, other municipalities, and  
15 counties referred to in paragraph (3) of this subsection,  
16 and areas referred to in paragraph (4) of this subsec-  
17 tion, and (D) Indian reservations;

18 “(2) State, metropolitan, and regional planning  
19 agencies for metropolitan or regional planning, and to  
20 cities within metropolitan areas for planning which is  
21 part of comprehensive metropolitan planning and which  
22 shall supplement and be coordinated with State, metro-  
23 politan, and regional planning;

24 “(3) cities, other municipalities, and counties which

1       (A) are situated in redevelopment areas or economic  
2       development districts designated by the Secretary of  
3       Commerce under title IV of the Public Works and Eco-  
4       nomic Development Act of 1965, or (B) have suffered  
5       substantial damage as a result of a catastrophe which  
6       the President, pursuant to section 2(a) of the Act  
7       entitled 'An Act to authorize Federal assistance to States  
8       and local governments in major disasters, and for other  
9       purposes', approved September 30, 1950, as amended  
10      (42 U.S.C. 1855a), has determined to be a major  
11      disaster;

12       “(4) official governmental planning agencies for  
13      areas where rapid urbanization has resulted or is ex-  
14      pected to result from the establishment or rapid and  
15      substantial expansion of a Federal installation, or for  
16      areas where rapid urbanization is expected to result on  
17      land developed or to be developed as a new community  
18      approved under section 1004 of the National Housing  
19      Act;

20       “(5) States for State and interstate comprehensive  
21      planning and for research and coordination activity re-  
22      lated thereto, including technical and other assistance  
23      for the establishment and operation of intrastate and  
24      interstate planning agencies;

25       “(6) State planning agencies for assistance to dis-

1        trict planning, or planning for areas within districts,  
2        carried on by or for district planning agencies;

3            “(7) metropolitan and regional planning agencies,  
4        with the approval of the State planning agency or (in  
5        States where no such planning agency exists) of the  
6        Governor of the State, for the provision of planning as-  
7        sistance within the metropolitan area or region to cities,  
8        other municipalities, counties, groups of adjacent com-  
9        munities, or Indian reservations described in clauses  
10       (A), (B), (C), and (D) of paragraph (1) of this  
11       subsection;

12           “(8) official governmental planning agencies for  
13        any area where there has occurred a substantial reduc-  
14        tion in employment opportunities as the result of (A)  
15        the closing (in whole or in part) of a Federal installa-  
16        tion, or (B) a decline in the volume of Government  
17        orders for the procurement of articles or materials pro-  
18        duced or manufactured in such area;

19           “(9) tribal planning councils or other tribal bodies  
20        designated by the Secretary of the Interior for planning  
21        for an Indian reservation;

22           “(10) the Appalachian Regional Commission,  
23        established by the Appalachian Regional Development  
24        Act of 1965, for comprehensive planning for the Appa-  
25        lachian region as defined by section 403 of such Act

1 (or State agencies or instrumentalities participating in  
2 such planning) ; and

3 “(11) local development districts, certified under  
4 section 301 of the Appalachian Regional Development  
5 Act of 1965, for comprehensive planning for their entire  
6 areas, or for metropolitan planning, urban planning,  
7 county planning, or small municipality planning within  
8 such areas in the Appalachian region, and for planning  
9 for Appalachian regional programs.

10 Planning assisted under this section shall, to the maximum  
11 extent feasible, cover entire areas having common or related  
12 development problems. The Secretary shall encourage co-  
13 operation in preparing and carrying out plans among all  
14 interested municipalities, political subdivisions, public agen-  
15 cies, and other parties in order to achieve coordinated devel-  
16 opment of entire areas. To the maximum extent feasible,  
17 pertinent plans and studies already made for areas shall be  
18 utilized so as to avoid unnecessary repetition of effort and  
19 expense. Planning which may be assisted under this section  
20 includes the preparation of comprehensive transportation  
21 surveys, studies, and plans to aid in solving problems of  
22 traffic congestion, facilitating the circulation of people and  
23 goods in metropolitan and other areas and reducing trans-  
24 portation needs. Planning carried out with assistance under  
25 this section shall also include a housing element as part of the

1 preparation of comprehensive land use plans, and this con-  
2 sideration of the housing needs and land use requirements  
3 for housing in each comprehensive plan shall take into ac-  
4 count all available evidence of the assumptions and statistical  
5 basis upon which the projection of zoning, community facili-  
6 ties, and population growth is based, so that the housing  
7 needs of both the region and the local communities studied  
8 in the planning will be adequately covered in terms of exist-  
9 ing and prospective in-migrant population growth. Funds  
10 available under this section shall be in addition to and may  
11 be used jointly with funds available for planning surveys  
12 and investigations under other federally aided programs, and  
13 nothing contained in this section shall be construed as affect-  
14 ing the authority of the Secretary of Transportation under  
15 section 307 of title 23, United States Code.

16 “(b) A planning grant made under subsection (a) shall  
17 not exceed two-thirds of the estimated cost of the work for  
18 which the grant is made: *Provided*, That such a grant may  
19 be made for up to 75 per centum of such estimated cost when  
20 made for planning primarily for (1) redevelopment areas,  
21 local development districts, or economic development districts,  
22 or portions thereof, described in paragraphs (3) (A) and  
23 (11) of subsection (a), (2) areas described in subsection  
24 (a) (8), and (3) the Appalachian region, as described in

1 subsection (a) (10). All grants made under this section shall  
2 be subject to terms and conditions prescribed by the Secre-  
3 tary. No portion of any grant made under this section shall  
4 be used for the preparation of plans for specific public works.  
5 The Secretary is authorized, notwithstanding the provisions  
6 of section 3648 of the Revised Statutes, as amended, to make  
7 advance or progress payments on account of any grant made  
8 under this section. There are authorized to be appropriated  
9 for the purposes of this section not to exceed \$265,000,000  
10 prior to July 1, 1969, and not to exceed \$390,000,000 prior  
11 to July 1, 1970. Of the amount available prior to July 1,  
12 1969, \$20,000,000 may be used only for district planning  
13 grants under subsection (a) (6), which amount shall be  
14 increased by \$10,000,000 on July 1, 1969. Any amounts  
15 appropriated under this section shall remain available until  
16 expended: *Provided*, That of any funds appropriated under  
17 this section, not to exceed an aggregate of \$10,000,000 plus  
18 5 per centum of the funds so appropriated may be used by  
19 the Secretary for studies, research, and demonstration proj-  
20 ects, undertaken independently or by contract, for the devel-  
21 opment and improvement of techniques and methods for com-  
22 prehensive planning and for the advancement of the purposes  
23 of this section, and for grants to assist in the conduct of  
24 studies and research relating to needed revisions in State

1 statutes which create, govern, or control local governments  
2 and local governmental operations.

3 “(c) The Secretary is authorized, in areas embracing  
4 several municipalities or other political subdivisions, to en-  
5 courage planning on a unified regional, district, or metro-  
6 politan basis and to provide technical assistance for such  
7 planning and the solution of problems relating thereto.

8 “(d) It is the further intent of this section to encourage  
9 comprehensive planning, including transportation planning,  
10 for States, cities, counties, metropolitan areas, districts, re-  
11 gions, and Indian reservations and the establishment and  
12 development of the organizational units needed therefor. In  
13 extending financial assistance under this section, the Secre-  
14 tary may require such assurances as he deems adequate that  
15 the appropriate State and local agencies are making reason-  
16 able progress in the development of the elements of com-  
17 prehensive planning. The Secretary is authorized to provide  
18 technical assistance to State and local governments and their  
19 agencies and instrumentalities, and to Indian tribal bodies,  
20 undertaking such planning and, by contract or otherwise, to  
21 make studies and publish information on related problems.

22 “(e) In the exercise of his responsibilities under this  
23 section, the Secretary shall consult with those officials of  
24 the Federal Government responsible for the administration of

1 programs of Federal assistance to the States and municipali-  
2 ties for various categories of public facilities and other com-  
3 prehensively planned activities. He shall, particularly, con-  
4 sult with the Secretary of Agriculture prior to his approval  
5 of any district planning grants under subsections (a) (6) and  
6 (g). The Secretary of Agriculture may provide technical  
7 assistance, with or without reimbursement, in connection with  
8 the establishment of such districts and the carrying out of  
9 such planning.

10 “(f) The consent of the Congress is hereby given to any  
11 two or more States to enter into agreements or compacts, not  
12 in conflict with any law of the United States, for cooperative  
13 efforts and mutual assistance in the comprehensive planning  
14 for the growth and development of interstate, metropolitan,  
15 or other urban areas, and to establish such agencies, joint or  
16 otherwise, as they may deem desirable for making effective  
17 such agreements and compacts.

18 “(g) In addition to the planning grants authorized by  
19 subsection (a), the Secretary is further authorized to make  
20 grants to organizations composed of public officials repre-  
21 sentative of the political jurisdictions within the metropolitan  
22 area, region, or district for the purpose of assisting such  
23 organizations to undertake studies, collect data, develop  
24 metropolitan, regional, and district plans and programs,  
25 and engage in such other activities as the Secretary finds

1 necessary or desirable for the solution of the metropolitan,  
2 regional, or district problems in such areas, regions, or  
3 districts. To the maximum extent feasible, all grants under  
4 this subsection shall be for activities relating to all the de-  
5 velopmental aspects of the total metropolitan area, region, or  
6 district including, but not limited to, land use, transportation,  
7 housing, economic development, natural resources develop-  
8 ment, community facilities, and the general improvement of  
9 living environments. A grant under this subsection shall not  
10 exceed two-thirds of the estimated cost of the work for which  
11 the grant is made.

12 “(h) In addition to the other grants authorized by this  
13 section, the Secretary is authorized to make grants to assist  
14 any city, other municipality, or county in making a survey  
15 of the structures and sites in such locality which are de-  
16 termined by its appropriate authorities to be of historic or  
17 architectural value. Any such survey shall be designed to  
18 identify the historic structures and sites in the locality, deter-  
19 mine the cost of their rehabilitation or restoration, and pro-  
20 vide such other information as may be necessary or appro-  
21 priate to serve as a foundation for a balanced and effective  
22 program of historic preservation in such locality. The aspects  
23 of any such survey which relate to the identification of his-  
24 toric and architectural values shall be conducted in accord-

1   ance with criteria found by the Secretary to be comparable  
2   to those used in establishing the national register main-  
3   tained by the Secretary of the Interior under other provisions  
4   of law; and the results of each such survey shall be made  
5   available to the Secretary of the Interior. A grant under this  
6   subsection shall not exceed two-thirds of the cost of the sur-  
7   vey for which it is made, and shall be made to the appro-  
8   priate agency or entity specified in paragraphs (1) through  
9   (11) of subsection (a) or, if there is no such agency or en-  
10   tity which is qualified and willing to receive the grant and  
11   provide for its utilization in accordance with this subsection,  
12   directly to the city, other municipality, or county involved.

13       “(i) As used in this section—

14       “(1) The term ‘metropolitan area’ means a standard  
15   metropolitan statistical area, as established by the Bureau of  
16   the Budget, subject, however, to such modifications or exten-  
17   sions as the Secretary deems to be appropriate for the pur-  
18   poses of this section.

19       “(2) The term ‘region’ includes (A) all or part of the  
20   area of jurisdiction of one or more units of general local  
21   government, and (B) one or more metropolitan areas.

22       “(3) The term ‘district’ includes all or part of the area  
23   of jurisdiction of (A) one or more counties, and (B) one or  
24   more other units of general local government, but does not  
25   include any portion of a metropolitan area.

1       “(4) The term ‘comprehensive planning’ includes the  
2 following:

3           “(A) preparation, as a guide for governmental  
4 policies and action, of general plans with respect to  
5 (i) the pattern and intensity of land use, (ii) the pro-  
6 vision of public facilities (including transportation fa-  
7 cilities) and other government services, and (iii) the  
8 effective development and utilization of human and  
9 natural resources;

10          “(B) long-range physical and fiscal plans for such  
11 action;

12          “(C) programing of capital improvements and  
13 other major expenditures, based on a determination of  
14 relative urgency, together with definitive financing plans  
15 for such expenditures in the earlier years of the program;

16          “(D) coordination of all related plans and activities  
17 of the State and local governments and agencies con-  
18 cerned; and

19          “(E) preparation of regulatory and administrative  
20 measures in support of the foregoing.

21 Comprehensive planning for the purpose of districts  
22 shall not include planning for or assistance to estab-  
23 lishments in relocating from one area to another or  
24 assist subcontractors whose purpose is to divest, or whose  
25 economic success is dependent upon divesting, other con-

1 tractors or subcontractors of contracts theretofore customarily  
2 performed by them: *Provided*, That this limitation shall not  
3 be construed to prohibit assistance for the expansion of an  
4 existing business entity through the establishment of a new  
5 branch, affiliate, or subsidiary of such entity, if the Secretary  
6 finds that the establishment of such branch, affiliate, or sub-  
7 sidiary will not result in an increase in unemployment in  
8 the area of original location or in any other area where such  
9 entity conducts business operations, unless the Secretary has  
10 reason to believe that such branch, affiliate, or subsidiary  
11 is being established with the intention of closing down the  
12 operations of the existing business entity in the area of its  
13 original location or in any other area where it conducts such  
14 operations.

15 “ (5) The term ‘State planning agencies’ includes official  
16 State planning agencies and (in States where no such plan-  
17 ning agency exists) agencies or instrumentalities of State  
18 government designated by the Governor of the State and  
19 acceptable to the Secretary.

20 “ (6) The terms ‘metropolitan planning agencies’,  
21 ‘regional planning agencies’, and ‘district planning agencies’  
22 mean official metropolitan, regional, and district planning  
23 agencies, or other agencies and instrumentalities designated  
24 by the Governor (or Governors in the case of interstate

1 planning), and acceptable to the Secretary, empowered  
2 under State or local law or interstate compact to perform  
3 metropolitan, regional, or district planning, respectively:  
4 *Provided*, That such agencies and instrumentalities shall,  
5 to the greatest practicable extent, be composed of or respon-  
6 sible to the elected officials of the unit or units of general  
7 local government for whose jurisdictions they are empowered  
8 to engage in planning.”

9                   PLANNED AREAWIDE DEVELOPMENT

10       SEC. 502. (a) The heading of title II of the Demon-  
11 stration Cities and Metropolitan Development Act of 1966  
12 is amended to read as follows: “TITLE II—PLANNED  
13 AREAWIDE DEVELOPMENT”.

14       (b) Section 201 of such Act is amended to read as  
15 follows:

16                   “FINDINGS AND DECLARATION OF PURPOSE

17       “SEC. 201. (a) The Congress hereby finds that the  
18 welfare of the Nation and of its people is directly dependent  
19 upon the sound and orderly development and the effective  
20 organization and functioning of our State and local govern-  
21 ments.

22       “It further finds that it is essential that our State and  
23 local governments prepare, keep current, and carry out com-  
24 prehensive plans and programs for their orderly physical

1 development with a view to meeting efficiently all their  
2 economic and social needs.

3 “It further finds that our State and local governments  
4 are especially handicapped in this task by the complexity  
5 and scope of governmental services required, the multiplicity  
6 of political jurisdictions and agencies involved, and the inade-  
7 quacy of the operational and administrative arrangements  
8 available for cooperation among them.

9 “It further finds that present requirements for areawide  
10 planning and programing in connection with various Federal  
11 programs have materially assisted in the solution of areawide  
12 problems, but that greater coordination of Federal programs  
13 and additional participation and cooperation are needed from  
14 the States and localities in perfecting and carrying out such  
15 efforts.

16 “(b) It is the purpose of this title to provide through  
17 greater coordination of Federal programs, and through sup-  
18 plementary grants for certain federally assisted development  
19 projects, additional encouragement and assistance to States  
20 and localities for making comprehensive areawide planning  
21 and programing effective.”

22 (c) Section 202 of such Act is amended by striking out  
23 “metropolitan” each place it appears and inserting in lieu  
24 thereof “areawide”.

25 (d) (1) Section 205 of such Act is amended by striking

1 out “metropolitan development” each place it appears and  
2 inserting in lieu thereof “areawide development”.

3 (2) Such section is further amended by striking out  
4 “metropolitan areas” and “metropolitan area” and inserting  
5 in lieu thereof “areas” and “area”, respectively.

6 (3) Such section is further amended by striking out  
7 “metropolitanwide” each place it appears, and inserting in  
8 lieu thereof “areawide”.

9 (4) Such section is further amended by striking out  
10 “metropolitan planning” each place it appears and insert-  
11 ing in lieu thereof “areawide planning”.

12 (5) Such section is further amended by inserting “where  
13 appropriate,” after “(B)” in subsection (c) (1).

14 (6) Such section is further amended by striking out  
15 “within the metropolitanwide area” in subsection (f).

16 (e) (1) Paragraphs (1) and (2) of section 208 of  
17 such Act are amended by striking out “Metropolitan” and  
18 inserting in lieu thereof “Areawide”.

19 (2) Paragraph (7) of such section is amended—

20 (A) by striking out “or metropolitan or regional”  
21 and inserting in lieu thereof “, metropolitan, regional,  
22 or district”; and

23 (B) by striking out “metropolitan” in the paren-  
24 thetical phrase.

25 (f) Section 206 (b) of such Act is amended by striking

1 out the second sentence and inserting in lieu thereof the  
2 following: "Any amounts appropriated under this section  
3 shall remain available until expended, and any amounts  
4 authorized for any fiscal year under this section but not  
5 appropriated may be appropriated for any succeeding fiscal  
6 year commencing prior to July 1, 1970."

7                   ADVANCE ACQUISITION OF LAND

8           SEC. 503. (a) Section 701 of the Housing and Urban  
9 Development Act of 1965 is amended by striking out "in  
10 connection with the future construction of public works and  
11 facilities" in clause (3) and inserting in lieu thereof "in the  
12 future for public purposes".

13           (b) Section 704 of such Act is amended to read as  
14 follows:

15                   "ADVANCE ACQUISITION OF LAND

16           "SEC. 704. (a) In order to encourage and assist the  
17 timely acquisition of land planned to be utilized in the future  
18 for public purposes, the Secretary is authorized to make  
19 grants to States and local public bodies and agencies to assist  
20 in financing the acquisition of a fee simple estate or other  
21 interest in such land.

22           "(b) The amount of any grant made under this section  
23 shall not exceed the aggregate amount of reasonable interest  
24 charges on the loans or other financial obligations incurred to  
25 finance the acquisition of such land for a period not in excess

1 of the lesser of (1) five years from the date of acquisition of  
2 such land or (2) the period of time between the date on  
3 which the land was acquired and the date its use began for  
4 the purpose for which it was acquired: *Provided*, That where  
5 all or any portion of the cost of such land is not financed  
6 through borrowings, the amount of the grant shall be com-  
7 puted on the basis of the aggregate amount of reasonable  
8 interest charges that the Secretary determines would have  
9 been required.

10 “(c) No grant shall be made under this section unless  
11 the Secretary determines that the land will be utilized for  
12 a public purpose within a reasonable period of time and that  
13 such utilization will contribute to economy, efficiency, and  
14 the comprehensively planned development of the area. The  
15 Secretary shall in all cases require that land acquired with  
16 the assistance of a grant under this section be utilized for a  
17 public purpose within five years after the date on which a  
18 contract to make such grant is entered into, unless the  
19 Secretary (1) determines that due to unusual circumstances  
20 a longer period of time is necessary and in the public interest,  
21 and (2) reports such determination promptly to the Com-  
22 mittees on Banking and Currency of the Senate and House  
23 of Representatives.

24 “(d) No land acquired with assistance under this sec-

1 tion shall, without approval of the Secretary, be diverted  
2 from the purpose originally approved. The Secretary shall  
3 approve no such diversion unless he finds that the diversion  
4 is in accord with the then applicable comprehensive plan for  
5 the area. In cases of a diversion of land to other than a pub-  
6 lic purpose, the Secretary may require repayment of the  
7 grant, or substitution of land of approximately equal fair  
8 market value, whichever he deems appropriate. An interim  
9 use of the land for a public or private purpose in accordance  
10 with standards prescribed by the Secretary, or approved by  
11 him, shall not constitute a diversion within the meaning of  
12 this subsection.

13 “(e) Notwithstanding any other provision of law, no  
14 project for which land is acquired with assistance under  
15 this section shall, solely as a result of such advance acquisi-  
16 tion, be considered ineligible for the purpose of any other  
17 Federal loan or grant program, and the amount of the pur-  
18 chase price paid for the land by the recipient of a grant  
19 under this section may be considered an eligible cost for the  
20 purpose of such other Federal loan or grant program.”

21 **WATER AND SEWER FACILITIES PROGRAM**

22 **SEC. 504.** (a) Section 702(c) of the Housing and  
23 Urban Development Act of 1965 is amended by striking out  
24 “July 1, 1968” and inserting in lieu thereof “October 1,  
25 1969”.

(b) Section 702 (b) of such Act is amended—

(1) by inserting after “community” the first time it appears the following: “, or an unincorporated area served by a water district or improvement district,”;

(2) by inserting after “community” each subsequent time it appears the following: “or area”; and

(3) by striking out “a basic public sewer facility” and inserting in lieu thereof “a basic public water or sewer facility”.

(c) Section 702 of such Act is amended by adding at the end thereof a new subsection as follows:

“(d) In the administration of this section the Secretary shall require that, to the greatest extent practicable, new job opportunities be provided for unemployed or underemployed persons in connection with projects the financing of which is assisted under this section.”

**AUTHORIZATIONS FOR THE WATER AND SEWER FACILITIES,  
NEIGHBORHOOD FACILITIES, AND ADVANCE ACQUISITION OF LAND PROGRAMS**

SEC. 505. (a) Section 708 (b) of the Housing and Urban Development Act of 1965 is amended by striking out “July 1, 1969” and inserting in lieu thereof “July 1, 1970”.

(b) Section 708 (a) of such Act is amended by striking out “\$200,000,000 for grants under section 702” and inserting in lieu thereof “\$200,000,000 (or \$500,000,000

1 in the case of any such fiscal year commencing after June 30,  
2 1967) for grants under section 702”.

3 OPEN-SPACE LAND PROGRAM

4 SEC. 506. (a) Section 702 (b) of the Housing Act of  
5 1961 is amended to read as follows:

6 “(b) There are authorized to be appropriated, for the  
7 purpose of making grants under this title, not to exceed  
8 \$310,000,000 prior to July 1, 1969, and not to exceed  
9 \$460,000,000 prior to July 1, 1970. Any amounts appro-  
10 priated under this section shall remain available until ex-  
11 pended.”

12 (b) Section 708 (b) of such Act is amended by striking  
13 out “\$50,000” and inserting in lieu thereof “\$125,000”.

14 AUTHORIZATION TO MAKE FEASIBILITY STUDIES IN THE  
15 PUBLIC WORKS PLANNING ADVANCES PROGRAM

16 SEC. 507. Section 702 (a) of the Housing Act of 1954  
17 is amended by inserting after “to aid in financing the cost of”  
18 the following: “feasibility studies,”.

19 TITLE VI—URBAN MASS TRANSPORTATION

20 GRANT AUTHORIZATIONS

21 SEC. 601. (a) Section 4 (b) of the Urban Mass Trans-  
22 portation Act of 1964 is amended (1) by striking out the  
23 word “and” where it first appears in the first sentence, and  
24 (2) by inserting before the period at the end of the first sen-  
25 tence “; and \$190,000,000 for fiscal year 1970”.

(b) Section 6 (c) of such Act is amended (1) by striking out "\$50,000,000" and inserting in lieu thereof "\$56,000,000", and (2) by inserting at the end thereof the following: "On or after July 1, 1969, the Secretary may make available to finance projects under this section such additional sums out of the grant authorization provided in section 4 (b) as he deems appropriate."

#### DEFINITION OF MASS TRANSPORTATION

SEC. 602. Section 12 (c) (5) of the Urban Mass Transportation Act of 1964 is amended to read as follows:

"(5) the term 'mass transportation' means transportation by bus, rail, or other conveyance, either publicly or privately owned, which provides to the public general or special service (but not including school buses or charter or sightseeing service) on a regular and continuing basis."

#### EXTENSION OF EMERGENCY PROGRAM UNDER THE URBAN MASS TRANSPORTATION ACT

SEC. 603. Section 5 of the Urban Mass Transportation Act of 1964 is amended by striking out "November 1, 1968" and inserting in lieu thereof "October 1, 1969".

#### NON-FEDERAL SHARE OF NET PROJECT COST

SEC. 604. (a) Section 4 (a) of the Urban Mass Transportation Act of 1964 is amended by striking out the last

1 sentence and inserting in lieu thereof the following: "The  
2 remainder of the net project cost shall be provided, in cash,  
3 from sources other than Federal funds. Not more than 50 per  
4 centum of such remainder may be provided from other than  
5 public sources, and any public or private transit system funds  
6 shall be provided solely from undistributed cash surpluses,  
7 replacement or depreciation funds or reserves available in  
8 cash, or new capital; except that in cases of demonstrated  
9 fiscal inability of an applicant actively engaged in preparing  
10 and effectuating a program for a unified or officially coordi-  
11 nated urban transportation system as part of the comprehen-  
12 sively planned development of the urban area, such re-  
13 mainder may be provided from other than public sources. No  
14 refund or reduction of the remainder of the net project cost  
15 shall be made at any time unless there is at the same time a  
16 refund of a proportional amount of the Federal grant."

17 (b) Section 5 of such Act is amended by striking out the  
18 last sentence and inserting in lieu thereof the following: "The  
19 remainder of the net project cost shall be provided, in cash,  
20 from sources other than Federal funds. Not more than 50  
21 per centum of such remainder may be provided from other  
22 than public sources, and any public or private transit system  
23 funds shall be provided solely from undistributed cash sur-  
24 pluses, replacement or depreciation funds or reserves avail-  
25 able in cash, or new capital; except that in cases of demon-

1 strated fiscal inability of an applicant actively engaged in  
2 preparing and effectuating a program for a unified or offi-  
3 cially coordinated urban transportation system as part of  
4 the comprehensively planned development of the urban area,  
5 such remainder may be provided from other than public  
6 sources. No refund or reduction of the remainder of the net  
7 project cost shall be made at any time unless there is at the  
8 same time a refund of a proportional amount of the Federal  
9 grant.”

## 10 TITLE VII—SECONDARY MORTGAGE MARKET

### 11 PURPOSES

12 SEC. 701. The purposes of this title include the partition  
13 of the Federal National Mortgage Association as heretofore  
14 existing into two separate and distinct corporations, each of  
15 which shall have continuity and corporate succession as a  
16 separated portion of the previously existing corporation. One  
17 of such corporations, to be known as Federal National Mort-  
18 gage Association, will be a Government-sponsored private  
19 corporation, will retain the assets and liabilities of the pre-  
20 viously existing corporation accounted for under section 304  
21 of the Federal National Mortgage Association Charter Act,  
22 and will continue to operate the secondary market operations  
23 authorized by such section 304. The other, to be known as  
24 Government National Mortgage Association, will remain in  
25 the Government, will retain the assets and liabilities of the

1 previously existing corporation accounted for under sections  
2 305 and 306 of such Act, and will continue to operate the  
3 special assistance functions and management and liquidating  
4 functions authorized by such sections 305 and 306.

5 AMENDMENTS TO THE FEDERAL NATIONAL MORTGAGE  
6 ASSOCIATION CHARTER ACT

7 SEC. 702. (a) The heading of title III of the National  
8 Housing Act is amended by striking out “FEDERAL NA-  
9 TIONAL MORTGAGE ASSOCIATION” and inserting  
10 in lieu thereof “NATIONAL MORTGAGE ASSOCIA-  
11 TIONS”.

12 (b) Section 301 of such Act is amended—

13 (1) by striking out “in the Federal Government a”;

14 (2) by striking out “facility for” and inserting in  
15 lieu thereof “facilities for”;

16 (3) by striking out “of such facility” and inserting  
17 in lieu thereof “thereof”;

18 (4) by striking out “facility to” and inserting in lieu  
19 thereof “facilities to”; and

20 (5) by striking out “the existing mortgage port-  
21 folio of the Federal National Mortgage Association”  
22 and inserting in lieu thereof “federally owned mortgage  
23 portfolios”.

24 (c) Section 302 (a) of such Act is amended—

1           (1) by inserting “(1)” immediately following  
2       “(a)”;

3           (2) by striking out “(hereinafter referred to as  
4       the ‘Association’)”; and

5           (3) by adding at the end thereof the following  
6       new paragraph:

7       “(2) On the effective date established pursuant to sec-  
8       tion 708 of the Housing and Urban Development Act of  
9       1968, the body corporate described in the foregoing para-  
10      graph shall cease to exist in that form and is hereby parti-  
11      tioned into two separate and distinct bodies corporate, each  
12      of which shall have continuity and corporate succession as a  
13      separated portion of the previously existing body corporate,  
14      as follows:

15       “(A) One of such separated portions shall be a body  
16      corporate without capital stock to be known as Government  
17      National Mortgage Association (hereinafter referred to as  
18      the ‘Association’), which shall be in the Department of  
19      Housing and Urban Development and which shall retain  
20      the assets and liabilities acquired and incurred under sections  
21      305 and 306 prior to such effective date, including any and  
22      all liabilities incurred pursuant to section 302 (c). The Asso-  
23      ciation shall have succession until dissolved by Act of Con-  
24      gress. It shall maintain its principal office in the District of

1 Columbia and shall be deemed, for purposes of venue in civil  
2 actions, to be a resident thereof. Agencies or offices may be  
3 established by the Association in such other place or places  
4 as it may deem necessary or appropriate in the conduct of  
5 its business.

6 “(B) The other such separated portion shall be a body  
7 corporate to be known as Federal National Mortgage Asso-  
8 ciation (hereinafter referred to as the ‘corporation’), which  
9 shall retain the assets and liabilities acquired and incurred  
10 under sections 303 and 304 prior to such effective date. The  
11 corporation shall have succession until dissolved by Act of  
12 Congress. It shall maintain its principal office in the District  
13 of Columbia and shall be deemed, for purposes of venue  
14 in civil actions, to be a resident thereof.”.

15 (d) Section 302 (b) of such Act is amended—

16 (1) by striking out “the Association is authorized”  
17 and inserting in lieu thereof “each of the bodies corporate  
18 named in subsection (a) (2) is authorized”;

19 (2) by striking out “lend (under section 304) on  
20 the security of,”;

21 (3) by inserting immediately before the colon in  
22 the first sentence “; and the corporation is authorized to  
23 lend on the security of any such mortgages and to pur-  
24 chase, sell, or otherwise deal in any securities guaranteed  
25 by the Association under section 306 (g)”; and

1           (4) by striking out “no mortgage may be pur-  
2       chased” and inserting in lieu thereof “the Association  
3       may not purchase any mortgage”.

4       (e) Section 302 (c) (1) of such Act is amended by  
5       striking out “, consistent with section 307,”.

6       (f) Section 302 (c) (2) (C) of such Act is amended to  
7       read as follows:

8           “(C) The Department of Housing and Urban  
9       Development.”.

10       (g) Section 302 (c) (2) of such Act is amended by  
11       striking out “incurred by the Federal National Mortgage”  
12       and inserting in lieu thereof “incurred by the”.

13       (h) The heading of section 303 of such Act is amended  
14       to read as follows: “CAPITALIZATION—FEDERAL NATIONAL  
15       MORTGAGE ASSOCIATION”.

16       (i) Section 303 (a) of such Act is amended—

17           (1) by striking out “nonvoting common stock” and  
18       inserting in lieu thereof “common stock, without par  
19       value, which shall be vested with all voting rights, each  
20       share being entitled to one vote with rights of cumula-  
21       tive voting at all elections of directors”;

22           (2) by striking out “nonvoting preferred stock” and  
23       inserting in lieu thereof “nonvoting preferred stock, with  
24       a par value of \$100 per share,”;

25           (3) by striking out the second and third sentences

1       thereof and inserting in lieu thereof "The free transfera-  
2       bility of the common stock at all times to any person,  
3       firm, corporation, or other entity shall not be restricted  
4       except that, as to the corporation, it shall be transfer-  
5       able only on the books of the corporation.";

6               (4) by striking out "of the capital surplus and the  
7       general surplus accounts";

8               (5) by striking out "retire" and inserting in lieu  
9       thereof "retire, at par,"; and

10              (6) by striking out "the Association shall deem  
11       feasible" and inserting in lieu thereof "possible subse-  
12       quent to the effective date established pursuant to section  
13       708 of the Housing and Urban Development Act of  
14       1968".

15       (j) Section 303 (b) of such Act is amended—

16              (1) by striking out "for its services" and inserting  
17       in lieu thereof ", which may be regarded as elements of  
18       pricing,"; and

19              (2) by striking out the last sentence.

20       (k) Section 303 (c) of such Act is amended—

21              (1) by striking out "(only in denominations of  
22       \$100 or multiples thereof)";

23              (2) by inserting immediately after the first sen-  
24       tence the following: "In addition to the shares of com-  
25       mon stock issued under the foregoing sentence, the corpo-

1 ration may issue additional shares in return for appropri-  
2 ate payments into capital or capital and surplus. The  
3 corporation shall at all times require each servicer of its  
4 mortgages to own a minimum amount of common stock  
5 of the corporation, measured by its stated value. Such  
6 minimum amount shall not exceed 2 per centum, as de-  
7 termined from time to time by the corporation with the  
8 approval of the Secretary of Housing and Urban Devel-  
9 opment, of the aggregate outstanding principal balances  
10 of all mortgages of the corporation which have been  
11 purchased subsequent to the effective date established  
12 pursuant to section 708 of the Housing and Urban  
13 Development Act of 1968 and which are then serviced  
14 by such servicer for the corporation.”; and

15 (3) by striking out “the general surplus account  
16 of the Association shall not be reduced through the pay-  
17 ment of dividends applicable to such common stock  
18 which exceed in the aggregate 5 per centum of the par  
19 value of the outstanding common stock of the Associa-  
20 tion” and inserting in lieu thereof “the aggregate amount  
21 of cash dividends paid on account of any share of such  
22 stock shall not exceed any rate which may be deter-  
23 mined from time to time by the Secretary of Housing  
24 and Urban Development to be a fair rate of return after

1        consideration of the current earnings and capital condi-  
2        tion of the corporation”.

3        (l) Section 303 (d) of such Act is amended by striking  
4        out “\$225,000,000” and inserting in lieu thereof “\$225,-  
5        000,000; but no such stock may be issued subsequent to the  
6        effective date established pursuant to section 708 of the  
7        Housing and Urban Development Act of 1968”.

8        (m) Section 303 (f) of such Act is amended by strik-  
9        ing out “contributions, and” and inserting in lieu thereof  
10       “contributions, to purchase additional shares of such stock,  
11       and”.

12       (n) Section 303 (g) of such Act is repealed.

13       (o) The heading of section 304 of such Act is amended  
14       to read as follows: “SECONDARY MARKET OPERATIONS—FED-  
15       ERAL NATIONAL MORTGAGE ASSOCIATION”.

16       (p) Section 304 (a) (1) of such Act is amended by  
17       striking out “and the Association shall not purchase any  
18       mortgage insured or guaranteed prior to the effective date of  
19       the Housing Act of 1954”.

20       (q) Section 304 (b) of such Act is amended by strik-  
21       ing out “earnings, and in” and inserting in lieu thereof  
22       “earnings unless a greater ratio shall be fixed at any time  
23       or from time to time by its board of directors. In”.

24       (r) Section 304 (c) of such Act is amended by striking

1 out “(1) all of the preferred stock of the Association held  
2 by the Secretary of the Treasury has been retired, or (2)”.

3 (s) Sections 303 and 304 of such Act, as amended by  
4 the foregoing subsections of this section, are further  
5 amended—

6 (1) by striking out “Association” each place it ap-  
7 pears and inserting in lieu thereof, in each such place,  
8 “corporation”; and

9 (2) by striking out “Association’s” each place it  
10 appears and inserting in lieu thereof, in each such place,  
11 “corporation’s”.

12 (t) The heading of section 305 of such Act is amended  
13 to read as follows: “SPECIAL ASSISTANCE FUNCTIONS—  
14 GOVERNMENT NATIONAL MORTGAGE ASSOCIATION”.

15 (u) The heading of section 306 of such Act is amended  
16 to read as follows: “MANAGEMENT AND LIQUIDATING  
17 FUNCTIONS—GOVERNMENT NATIONAL MORTGAGE ASSOCIA-  
18 TION”.

19 (v) Subsections (a) and (b) of section 307 of such  
20 Act are repealed.

21 (w) Section 307 of such Act is further amended—

22 (1) by striking out “SEC. 307.”;

23 (2) by striking out “(c) All of the benefits and

1 burdens incident to the administration of” and inserting  
2 in lieu thereof the following:

3 “SEC. 307. All of the benefits and burdens incident to  
4 the administration of”; and

5 (3) by striking out “board of directors of the Asso-  
6 ciation” and inserting in lieu thereof “Secretary of Hous-  
7 ing and Urban Development”.

8 (x) The heading of section 308 of such Act is amended  
9 to read as follows: “MANAGEMENT”.

10 (y) Section 308 of such Act is amended—

11 (1) by inserting “(a)” immediately following  
12 “308”;

13 (2) by striking out the first two sentences and  
14 inserting in lieu thereof “All the powers and duties of the  
15 Government National Mortgage Association shall be  
16 vested in the Secretary of Housing and Urban Develop-  
17 ment and the Association shall be administered under  
18 the direction of the Secretary.”;

19 (3) by striking out “the board shall determine” and  
20 inserting in lieu thereof “the Secretary shall determine”;

21 (4) by striking out “Association. The chairman of  
22 the board” and inserting in lieu thereof “Association, and  
23 shall have power to adopt, amend, and repeal bylaws  
24 governing the performance of the powers and duties  
25 granted to or imposed upon it by law. The Secretary”;

1           (5) by striking out "by the board of directors," and  
2       inserting in lieu thereof "by the Secretary,";

3           (6) by striking out the last sentence; and

4           (7) by adding at the end thereof the following new  
5       subsection:

6       “(b) The Federal National Mortgage Association shall  
7       have a board of directors which shall consist of fifteen per-  
8       sons, one-third of whom shall be appointed annually by the  
9       President of the United States, and the remainder of whom  
10      shall be elected annually by the common stockholders. The  
11      board shall at all times have as members appointed by the  
12      President at least one person from the homebuilding industry,  
13      at least one person from the mortgage lending industry, and  
14      at least one person from the real estate industry. Each  
15      member of the board of directors shall be appointed or  
16      elected for a term ending on the date of the next annual  
17      meeting of the stockholders, except that any such member  
18      may be removed from office by the President for good cause.  
19      Any elective seat on the board which becomes vacant after  
20      the annual election of the directors shall be filled by the board,  
21      but only for the unexpired portion of the term. Any appoin-  
22      tive seat which becomes vacant shall be filled by appointment  
23      of the President, but only for the unexpired portion of the  
24      term. Within the limitations of law and regulation, the board

1 shall determine the general policies which shall govern the  
2 operations of the corporation, and shall have power to adopt,  
3 amend, and repeal bylaws governing the performance of the  
4 powers and duties granted to or imposed upon it by law. The  
5 board of directors shall select and effect the appointment of  
6 qualified persons to fill the offices of president and vice presi-  
7 dent, and such other offices as may be provided for in the  
8 bylaws. Any member of the board who is a full-time officer  
9 or employee of the Federal Government shall not, as such  
10 member, receive compensation for his services.”

11 (z) Section 309 (a) of such Act is amended—

12 (1) by striking out “The Association” and insert-  
13 ing in lieu thereof “Each of the bodies corporate named  
14 in section 302 (a) (2)”;

15 (2) by striking out “by its board of directors, to  
16 adopt, amend, and repeal bylaws governing the per-  
17 formance of the powers and duties granted to or imposed  
18 upon it by law;”;

19 (3) by striking out “conduct its business” and in-  
20 serting in lieu thereof “conduct its business without re-  
21 gard to any qualification or similar statute”;

22 (4) by striking out “the Association may deem”  
23 and inserting in lieu thereof “it may deem”; and

24 (5) by striking out “the purposes of the Associa-  
25 tion” and inserting in lieu thereof “its purposes”.

1 (aa) Section 309 (c) of such Act is amended—

2 (1) by striking out “(1)”;

3 (2) by striking out “The Association” and insert-  
4 ing in lieu thereof “(1) The Association”;

5 (3) by striking out “, and (2) the Association  
6 shall, with respect to its secondary market operations  
7 under section 304 after the cutoff date referred to in  
8 section 303 (d) of this title, pay annually to the Secre-  
9 tary of the Treasury, for covering into miscellaneous  
10 receipts, an amount equivalent to the amount of Federal  
11 income taxes for which it would be subject if it were not  
12 exempt from such taxes with respect to such secondary  
13 market operations”; and

14 (4) by adding at the end thereof the following new  
15 paragraph:

16 “(2) The corporation, including its franchise, capital,  
17 reserves, surplus, mortgages or other security holdings, and  
18 income, shall be exempt from all taxation now or hereafter  
19 imposed by any State, territory, possession, Commonwealth,  
20 or dependency of the United States, or by the District of Co-  
21 lumbia, or by any county, municipality, or local taxing au-  
22 thority, except that any real property of the corporation shall  
23 be subject to State, territorial, county, municipal, or local  
24 taxation to the same extent as other real property is taxed.”

1 (bb) Section 309 (d) of such Act is amended—

2 (1) by inserting “(1)” immediately following  
3 “(d)”;

4 (2) by striking out “Chairman of the Board” and  
5 inserting in lieu thereof “Secretary of Housing and  
6 Urban Development”;

7 (3) by striking out “agents,” and inserting in lieu  
8 thereof “agents of the Association,”; and

9 (4) by adding at the end thereof the following  
10 new paragraph:

11 “(2) The board of directors of the corporation shall  
12 have the power to select and appoint or employ such  
13 officers, attorneys, employees, and agents, to vest them  
14 with such powers and duties, and to fix and to cause  
15 the corporation to pay such compensation to them for  
16 their services, as it may determine; and any such action  
17 shall be without regard to the Federal civil service and  
18 classification laws. Appointments, promotions, and sep-  
19 arations so made shall be based on merit and efficiency, and  
20 no political test or qualification shall be permitted or given  
21 consideration. Each officer and employee of the corporation  
22 who is employed by the corporation prior to the termination  
23 of the transitional period referred to in section 710 (b) of  
24 the Housing and Urban Development Act of 1968 and who  
25 on the day previous to the beginning of such employment

1 will have been subject to the civil service retirement law  
2 (subch. III of ch. 83 of title 5, United States Code)  
3 shall, so long as his employment by the corporation con-  
4 tinues without a break in continuity of service, continue  
5 to be subject to such law; and for the purpose of such law  
6 his employment by the corporation without a break in con-  
7 tinuity of service shall be deemed to be employment by the  
8 Government of the United States. The corporation shall con-  
9 tribute to the Civil Service Retirement and Disability Fund  
10 a sum as provided by section 8334 (a) of title 5, United  
11 States Code, except that such sum shall be determined by  
12 applying to the total basic pay (as defined in 5 U.S.C.  
13 8331 (3) and except as hereinafter provided) paid to the  
14 employees of the corporation who are covered by the civil  
15 service retirement law, the per centum rate determined an-  
16 nually by the United States Civil Service Commission to be  
17 the excess of the total normal cost per centum rate of the  
18 civil service retirement system over the employee deduction  
19 rate specified in section 8334 (a) of title 5, United States  
20 Code. The corporation shall also pay into the Civil Service  
21 Retirement and Disability Fund such portion of the cost of  
22 administration of the fund as is determined by the United  
23 States Civil Service Commission to be attributable to its  
24 employees. Notwithstanding the foregoing provisions, there

1 shall not be considered for the purposes of the civil service  
2 retirement law that portion of the basic pay in any one year  
3 of any officer or employee of the corporation which exceeds  
4 the basic pay provided for in section 5312 of title 5, United  
5 States Code, on the last day of such year. Except as provided  
6 in this subsection, the corporation shall not be subject to  
7 the provisions of title 5, United States Code.”

8 (cc) Section 309 (e) of such Act is amended—

9 (1) by striking out “body corporate created by  
10 section 302” and inserting in lieu thereof “bodies cor-  
11 porate named in section 302 (a) (2)”;

12 (2) by inserting “, ‘Government National Mort-  
13 gage Association’,” immediately following “‘Federal  
14 National Mortgage Association’”; and

15 (3) by striking out the second sentence and insert-  
16 ing in lieu thereof the following: “Violations of the fore-  
17 going sentence may be enjoined by any court of general  
18 jurisdiction at the suit of the proper body corporate. In  
19 any such suit, the plaintiff may recover any actual dam-  
20 ages flowing from such violation, and, in addition, shall  
21 be entitled to punitive damages (regardless of the exist-  
22 ence or nonexistence of actual damages) of not exceed-  
23 ing \$100 for each day during which such violation is  
24 committed or repeated.”

1       (dd) Section 309 (g) of such Act is amended to read as  
2 follows:

3       “(g) The Federal Reserve banks are authorized and  
4 directed to act as depositaries, custodians, and fiscal agents  
5 for each of the bodies corporate named in section 302 (a)  
6 (2), for its own account or as fiduciary, and such banks shall  
7 be reimbursed for such services in such manner as may be  
8 agreed upon; and each of such bodies corporate may itself act  
9 in such capacities, for its own account or as fiduciary, and for  
10 the account of others.”

11       (ee) Section 309 of such Act is amended by adding  
12 at the end thereof the following new subsection:

13       “(h) The Secretary of Housing and Urban Develop-  
14 ment shall have general regulatory power over the Federal  
15 National Mortgage Association and shall make such rules and  
16 regulations as shall be necessary and proper to insure that  
17 the purposes of this title are accomplished. No stock,  
18 obligation, security, or other instrument shall be issued  
19 by the corporation without the prior approval of the  
20 Secretary. The Secretary may require that a reason-  
21 able portion of the corporation's mortgage purchases be  
22 related to the national goal of providing adequate hous-  
23 ing for low and moderate income families, but with rea-

1 sonable economic return to the corporation. The Secretary  
2 may examine and audit the books and financial transactions of  
3 the corporation, and he may require the corporation to make  
4 such reports on its activities as he deems advisable.”

5 (ff) Section 311 of such Act is amended—

6 (1) by striking out “the Association” and insert-  
7 ing in lieu thereof “either of the bodies corporate named  
8 in section 302 (a) (2)”; and

9 (2) by adding at the end thereof the following: “All  
10 stock, obligations, securities, participations, or other in-  
11 struments issued pursuant to this title shall, to the same  
12 extent as securities which are direct obligations of or ob-  
13 ligations guaranteed as to principal or interest by the  
14 United States, be deemed to be exempt securities within  
15 the meaning of laws administered by the Securities and  
16 Exchange Commission; but all such issuances shall be  
17 made only with the approval of the Secretary of Hous-  
18 ing and Urban Development.”

19 PARTICIPATIONS

20 SEC. 703. Section 302 (c) (5) of the National Housing  
21 Act is amended by inserting at the end thereof the follow-  
22 ing: “In the event that the insufficiency required by the  
23 trustee is on account of principal maturities of outstanding  
24 beneficial interests or participations authorized to be issued  
25 pursuant to paragraph (4) of this subsection, or pursuant

1 hereto, the trustee is authorized to elect to issue additional  
2 beneficial interests or participations for refinancing purposes  
3 in lieu of requiring any trustor or trustors to make pay-  
4 ments to the trustee from appropriated funds or other sources.  
5 Each such issue of beneficial interests or participations  
6 shall be in an amount determined by the trustee but  
7 not in excess of the aggregate amount which the trustee  
8 would otherwise require the trustor or trustors to pay  
9 from appropriated funds or other sources, and may be  
10 issued without regard to the provisions of paragraph (4)  
11 of this subsection. All refinancing issues of beneficial in-  
12 terests or participations shall be deemed to have been issued  
13 pursuant to the authority contained in the appropriation Act  
14 or Acts under which the beneficial interests or participations  
15 were originally issued.”

16 **MORTGAGE-BACKED SECURITIES**

17 SEC. 704. (a) Section 304 of the National Housing Act  
18 is amended by adding at the end thereof the following new  
19 subsection:

20 “(d) To provide a greater degree of liquidity to the  
21 mortgage investment market and an additional means of  
22 financing its operations under this section, the corporation is  
23 authorized to set aside any mortgages held by it under this  
24 section, and, upon approval of the Secretary of the Treasury,  
25 to issue and sell securities based upon the mortgages so set

1 aside. Securities issued under this subsection may be in the  
2 form of debt obligations or trust certificates of beneficial in-  
3 terest, or both. Securities issued under this subsection shall  
4 have such maturities and bear such rate or rates of interest  
5 as may be determined by the corporation with the approval  
6 of the Secretary of the Treasury. Securities issued by the cor-  
7 poration under this subsection shall, to the same extent as  
8 securities which are direct obligations of or obligations guar-  
9 anteed as to principal and interest by the United States, be  
10 deemed to be exempt securities within the meaning of laws  
11 administered by the Securities and Exchange Commission.  
12 Mortgages set aside pursuant to this subsection shall at all  
13 times be adequate to enable the corporation to make timely  
14 principal and interest payments on the securities issued and  
15 sold pursuant to this subsection.”

16 (b) Section 306 of such Act is amended by adding at  
17 the end thereof the following new subsection:

18 “(g) The Association is authorized, upon such terms and  
19 conditions as it may deem appropriate, to guarantee the timely  
20 payment of principal of and interest on such trust certificates  
21 or other securities as shall (1) be issued by the corporation  
22 under section 304 (d), or by any other issuer approved for the  
23 purposes of this subsection by the Association, and (2) be  
24 based on and backed by a trust or pool composed of mortgages  
25 which are insured under the National Housing Act or title V

1 of the Housing Act of 1949, or which are insured or guaran-  
2 teed under the Servicemen's Readjustment Act of 1944 or  
3 chapter 37 of title 38, United States Code. The Association  
4 shall collect from the issuer a reasonable fee for any guaranty  
5 under this subsection and shall make such charges as it may  
6 determine to be reasonable for the analysis of any trust or  
7 other security arrangement proposed by the issuer. In the  
8 event the issuer is unable to make any payment of principal  
9 of or interest on any security guaranteed under this sub-  
10 section, the Association shall make such payment as and  
11 when due in cash, and thereupon shall be subrogated fully  
12 to the rights satisfied by such payment. Any Federal, State,  
13 or other law to the contrary notwithstanding, the Association  
14 is hereby empowered, in connection with any guaranty under  
15 this subsection, whether before or after any default, to pro-  
16 vide by contract with the issuer for the extinguishment, upon  
17 default by the issuer, of any redemption, equitable, legal, or  
18 other right, title, or interest of the issuer in any mortgage  
19 or mortgages constituting the trust or pool against which the  
20 guaranteed securities are issued; and with respect to any  
21 issue of guaranteed securities, in the event of default and  
22 pursuant otherwise to the terms of the contract, the mort-  
23 gages that constitute such trust or pool shall become the  
24 absolute property of the Association subject only to the un-  
25 satisfied rights of the holders of the securities based on and

1 backed by such trust or pool. The full faith and credit of the  
2 United States is pledged to the payment of all amounts  
3 which may be required to be paid under any guaranty under  
4 this subsection. There shall be excluded from the total  
5 amounts set forth in subsection (c) the amounts of any  
6 mortgages acquired by the Association as a result of its  
7 operations under this subsection.”

8 SUBORDINATED AND CONVERTIBLE OBLIGATIONS

9 SEC. 705. Section 304 of the National Housing Act is  
10 amended by adding thereto (after subsection (d) as added  
11 by section 704 of this Act) the following new subsection:

12 “(e) For the purposes of this section, the corporation  
13 is authorized to issue, upon the approval of the Secretary  
14 of the Treasury, obligations which are subordinated to any  
15 or all other obligations of the corporation, including sub-  
16 sequent obligations. The obligations issued under this sub-  
17 section shall have such maturities and bear such rate or  
18 rates of interest as may be determined by the corporation  
19 with the approval of the Secretary of the Treasury and may  
20 be made redeemable at the option of the corporation before  
21 maturity in such manner as may be stipulated in such  
22 obligations. Any of such obligations may be made convert-  
23 ible into shares of common stock in such manner, at such  
24 price or prices, and at such time or times as may be stipulated  
25 therein. The total principal amount of such subordinated

1 obligations which may be outstanding at any one time shall  
2 not exceed two times the sum of (1) the capital of the cor-  
3 poration represented by its outstanding common stock and  
4 (2) its surplus and undistributed earnings at such time. The  
5 outstanding total principal amount of such obligations which  
6 are entirely subordinated to the obligations of the corpora-  
7 tion issued or to be issued under subsection (b) shall be  
8 deemed to be capital of the corporation for the purpose of  
9 determining the aggregate amount of obligations issued  
10 under subsection (b) which may be outstanding at any  
11 one time. Obligations issued by the corporation under this  
12 subsection shall, to the same extent as securities which are  
13 direct obligations of or obligations guaranteed as to principal  
14 or interest by the United States, be deemed to be exempt  
15 securities within the meaning of laws administered by the  
16 Securities and Exchange Commission. The corporation shall  
17 insert appropriate language in all of its obligations issued  
18 under this subsection clearly indicating that such obligations,  
19 together with the interest thereon, are not guaranteed by  
20 the United States and do not constitute a debt or obliga-  
21 tion of the United States or of any agency or instrumen-  
22 tality thereof other than the corporation. The corporation is  
23 authorized to purchase in the open market any of its obli-  
24 gations outstanding under this subsection at any time and at  
25 any price.”

## 1 SPECIAL ASSISTANCE AUTHORIZATION

2 SEC. 706. Section 305 (c) of the National Housing Act  
3 is amended—

4 (1) by striking out “and” after “July 1, 1967,”;  
5 and

6 (2) by striking out the period and inserting in lieu  
7 thereof “, and by \$500,000,000 on July 1, 1969.”

## 8 AMENDMENTS TO OTHER LAWS

9 SEC. 707. (a) Section 306 (b) of the Housing Act of  
10 1959 is amended by striking out “Federal National Mort-  
11 gage Association pursuant” and inserting in lieu thereof  
12 “Government National Mortgage Association pursuant”.

13 (b) Section 312 (d) of the Housing Act of 1964 is  
14 amended by striking out “Federal” and inserting in lieu  
15 thereof “Government”.

16 (c) Section 5 (b) of the Department of Housing and  
17 Urban Development Act is amended—

18 (1) by striking out “The Federal” and inserting  
19 in lieu thereof “The Government”; and

20 (2) by striking out “, and the position of the Presi-  
21 dent of said Association is hereby allocated among the  
22 positions referred to in section 7 (c) hereof”.

23 (d) Section 7 (b) of the Department of Housing and  
24 Urban Development Act is repealed.

25 (e) Section 101 of the Government Corporation Control

1 Act is amended by striking out “Federal National Mortgage  
2 Association” and inserting in lieu thereof “Government Na-  
3 tional Mortgage Association”.

4 (f) Section 13 (4) (F) of the Public Buildings Act  
5 of 1959 is amended by striking out “Federal” and inserting  
6 in lieu thereof “Government”.

7 (g) Section 6 (b) of the Participation Sales Act of  
8 1966 is amended by striking out “secondary market opera-  
9 tions carried on by the Federal” and inserting in lieu thereof  
10 “the Government”.

11 (h) Section 1820 (e) of title 38, United States Code, is  
12 amended by striking out “Federal National” in three places  
13 and inserting in lieu thereof, in each such place, “Govern-  
14 ment National”.

15 (i) Section 709 of title 18, United States Code, is  
16 amended by striking out “Federal National Mortgage As-  
17 sociation” each place it appears and inserting in lieu thereof,  
18 in each such place, “Government National Mortgage As-  
19 sociation”.

20 (j) Section 5136 of the Revised Statutes is amended  
21 by inserting “or the Government National Mortgage Asso-  
22 ciation” immediately following “Federal National Mortgage  
23 Association”.

24 (k) Section 11 (h) of the Federal Home Loan Bank

1 Act is amended by inserting “or the Government National  
2 Mortgage Association, in the stock of the Federal National  
3 Mortgage Association” immediately following “Federal Na-  
4 tional Mortgage Association”.

5 (l) Section 16 of the Federal Home Loan Bank Act is  
6 amended by inserting “or the Government National Mortgage  
7 Association” immediately following “Federal National Mort-  
8 gage Association”.

9 (m) Section 5 (c) of the Home Owners’ Loan Act of  
10 1933 is amended by inserting “or the Government National  
11 Mortgage Association,” immediately following “Federal Na-  
12 tional Mortgage Association” and by inserting “or the stock  
13 of the Federal National Mortgage Association” immediately  
14 after “any other agency of the United States”.

15 (n) Section 8 (8) (E) of the Federal Credit Union Act  
16 is amended by inserting “or the Government National Mort-  
17 gage Association” immediately following “Federal National  
18 Mortgage Association”.

19 **EFFECTIVE DATE**

20 SEC. 708. The amendments made by this title shall be  
21 effective from and after a date, no more than one hundred  
22 and twenty days following the date of enactment of this  
23 Act, as established by the Secretary of Housing and Urban  
24 Development. Notice of the establishment of such effective

1 date shall be published in the Federal Register at least thirty  
2 days prior thereto.

3 SAVINGS PROVISIONS

4 SEC. 709. (a) No cause of action by or against the  
5 Federal National Mortgage Association existing prior to the  
6 effective date established pursuant to section 708 shall abate  
7 by reason of the enactment of this title. Any such cause of  
8 action may thereafter be asserted by or against the appro-  
9 priate corporate body named in section 302 (a) (2) of the  
10 National Housing Act.

11 (b) No suit, action, or other proceeding commenced  
12 by or against the Federal National Mortgage Association,  
13 or any officer thereof in his official capacity, prior to the  
14 effective date established pursuant to section 708 shall abate  
15 by reason of the enactment of this title. A court may at  
16 any time thereafter during the pendency of any such litiga-  
17 tion, on its own motion or that of any party, order that the  
18 litigation may be maintained by or against the appropriate  
19 corporate body named in section 302 (a) (2) of the Na-  
20 tional Housing Act or the appropriate corresponding officer  
21 thereof.

22 TRANSITIONAL PROVISIONS

23 SEC. 710. (a) On the effective date established pursuant  
24 to section 708 of this Act, each share of outstanding non-

1 voting common stock, with a par value of \$100 per share,  
2 of the Federal National Mortgage Association shall be  
3 changed into and shall become one share of voting common  
4 stock, without par value, of such corporation.

5 (b) (1) The provisions of section 308 (b) of the Na-  
6 tional Housing Act (is added by section 702 (y) (7) of  
7 this Act) shall be applicable only to the extent that its  
8 provisions do not conflict with this subsection.

9 (2) For a transitional period after the effective date  
10 established pursuant to section 708 of this Act, the board of  
11 directors of the Federal National Mortgage Association shall  
12 consist of nine persons. For a term expiring on the date of  
13 the first annual meeting of the corporation's stockholders, all  
14 members of the board shall be appointed by the Secretary  
15 of Housing and Urban Development. For a term beginning  
16 on such date, seven members of the board shall be appointed  
17 by the Secretary, and two members shall be elected by the  
18 common stockholders. For subsequent terms beginning prior  
19 to the termination of the transitional period, five members  
20 shall be appointed by the Secretary, and four members shall  
21 be elected by the common stockholders. For each term be-  
22 ginning prior to the termination of the transitional period,  
23 the Secretary shall appoint as a member of the board the

1 president of the corporation. During the transitional period,  
2 the president of the corporation shall be appointed by the  
3 President, by and with the advice and consent of the Senate,  
4 and may be removed from office by the President for good  
5 cause.

6 (3) The transitional period referred to in paragraph  
7 (2) shall come to an end at such time as the board of di-  
8 rectors shall find, with the approval of the Secretary, that  
9 not less than one-third of the corporation's common stock  
10 is owned by persons or institutions in the mortgage lending,  
11 homebuilding, real estate, or related businesses; but in no  
12 event shall it end sooner than May 1, 1970, or later than  
13 May 1, 1973.

14 (c) From the effective date established pursuant to sec-  
15 tion 708 and until the retirement of the last of the outstand-  
16 ing shares of its preferred stock, the Federal National Mort-  
17 gage Association shall be deemed to be a wholly owned  
18 corporation for the purposes of the Government Corporation  
19 Control Act. Notwithstanding the foregoing provisions of this  
20 paragraph, the financial transactions of the Federal National  
21 Mortgage Association shall continue to be subject to audit by  
22 the General Accounting Office for such period as there may

1 be outstanding obligations of the Federal National Mortgage  
2 Association which are guaranteed as to principal or interest  
3 by the Government National Mortgage Association.

4 (d) Those persons who are the officers and employees  
5 of the Federal National Mortgage Association immediately  
6 prior to the effective date established pursuant to section  
7 708 shall become the officers and employees of the Govern-  
8 ment National Mortgage Association on such date. The  
9 Federal National Mortgage Association and the Government  
10 National Mortgage Association shall provide by contract for  
11 the conditions and methods under which and by which the  
12 Federal National Mortgage Association during the transi-  
13 tional period may employ those individuals who are em-  
14 ployees of the Government National Mortgage Association  
15 on such effective date; and may provide by contract for the  
16 operation by either of such corporations of any of the func-  
17 tions of the other. The Secretary of Housing and Urban  
18 Development shall make every reasonable effort to place in  
19 other comparable Federal positions any individuals who are  
20 career or career-conditional employees of the Government  
21 National Mortgage Association on such effective date and  
22 who are subsequently during the transitional period neither  
23 employed by the Federal National Mortgage Association nor  
24 retained by the Government National Mortgage Association.

## 1 TITLE VIII—NATIONAL HOUSING

## 2 PARTNERSHIPS

## 3 STATEMENT OF PURPOSE

4 SEC. 801. The Congress finds that the volume of  
5 housing being produced for families and individuals of low  
6 or moderate income must be increased to meet the national  
7 goal of a decent home and a suitable living environment for  
8 every American family, and declares that it is the policy of  
9 the United States to encourage the widest possible partici-  
10 pation by private enterprise in the provision of housing for  
11 low or moderate income families. The Congress has there-  
12 fore determined that one or more private organizations should  
13 be created to encourage maximum participation by private  
14 investors in programs and projects to provide low and mod-  
15 erate income housing.

## 16 CREATION OF CORPORATIONS

17 SEC. 802. (a) There is hereby authorized to be created  
18 a private corporation for profit (hereinafter in this title  
19 referred to as the "corporation"). The corporation will not  
20 be an agency or establishment of the United States Govern-  
21 ment. The corporation shall be subject to the provisions of  
22 this title and, to the extent consistent with this title, to the  
23 District of Columbia Business Corporation Act (D.C. Code,  
24 sec. 29-901 et seq.).

1       (b) Whenever the President finds it in the national  
2 interest to do so, he may cause the creation of an additional  
3 corporation or additional corporations to carry out the pur-  
4 poses of this title. All the provisions of this title shall there-  
5 upon become applicable to each such corporation, and to the  
6 limited partnership formed by it pursuant to section 807.

7       (c) Nothing in this title shall be construed to preclude  
8 private persons from creating other corporations and organiz-  
9 ing other partnerships, joint ventures, or associations for the  
10 purposes set forth in this title as the purposes of the corpora-  
11 tion and the partnership described in section 807.

12                                   PROCESS OF ORGANIZATION

13       SEC. 803. (a) The President of the United States shall  
14 appoint, by and with the advice and consent of the Senate,  
15 incorporators of the corporation, one of whom shall be desig-  
16 nated by the President to serve as chairman. The incorpora-  
17 tors shall serve as the initial board of directors until the first  
18 annual meeting of stockholders or until their successors are  
19 elected and have qualified.

20       (b) The incorporators shall take whatever actions are  
21 necessary or appropriate to establish the corporation, includ-  
22 ing the filing of articles of incorporation as approved by the  
23 President.

24       (c) The incorporators shall also arrange for an initial  
25 offering of shares of stock in the corporation and of interests

1 in the partnership described in section 807 of this title. If the  
2 incorporators deem it advisable in order to carry out the pur-  
3 poses of this title, the initial offering may be made upon  
4 terms which require the purchase of other securities of the  
5 corporation or of interests in such partnership.

#### 6 DIRECTORS

7 SEC. 804. The corporation shall have a board of di-  
8 rectors (hereinafter in this section referred to as the  
9 "board"), consisting of fifteen members. Three members of  
10 the board shall be appointed by the President of the United  
11 States, by and with the advice and consent of the Senate,  
12 effective on the date on which the other members are elected,  
13 and for terms of three years or until their successors have  
14 been appointed and have qualified, except that the first three  
15 members of the board so appointed shall continue in office  
16 for terms of one, two, and three years, respectively, and any  
17 member so appointed to fill a vacancy shall be appointed  
18 only for the unexpired term of the director whom he suc-  
19 ceeds. Twelve members of the board shall be elected by the  
20 stockholders.

#### 21 FINANCING THE CORPORATION

22 SEC. 805. The corporation shall have the power to  
23 create and issue the number of shares stated in its articles  
24 of incorporation. Such shares may be divided into one or

1 more classes, any or all of which classes may consist of  
2 shares with par value or shares without par value, with such  
3 designations, preferences, voting powers, and special or rela-  
4 tive rights and such limitations, restrictions, or qualifications  
5 thereof as shall be stated in the articles of incorporation.  
6 The articles of incorporation may limit or deny the voting  
7 power of the shares of any class.

8 PURPOSES AND POWERS OF THE CORPORATION

9 SEC. 806. (a) In order to achieve the objectives and  
10 carry out the purposes of this title, the corporation is  
11 authorized to—

12 (1) plan, initiate, and carry out, pursuant to Fed-  
13 eral programs or otherwise, the building or rehabilita-  
14 tion of housing and related facilities primarily for the  
15 benefit of families and individuals of low or moderate  
16 income;

17 (2) buy, own, manage, lease, or otherwise acquire  
18 or dispose of property in connection with the develop-  
19 ments, projects, or undertakings referred to in paragraph  
20 (1); and

21 (3) provide such funds as may be necessary to  
22 accomplish the developments, projects, or undertakings  
23 referred to in paragraph (1).

24 (b) Included in the activities authorized to the corpora-  
25 tion for the accomplishment of the purposes indicated in

1 subsection (a) of this section are, among others not spe-  
2 cifically named—

3           (1) to enter into partnerships, limited partnerships,  
4 joint ventures, and other associations with individuals,  
5 corporations, and private and governmental agencies,  
6 organizations, and institutions;

7           (2) to act as manager or general partner of any  
8 such partnership, venture, or association;

9           (3) to conduct or contract for research and studies  
10 related to the development, demonstration, and evalua-  
11 tion of improved techniques and methods of constructing,  
12 rehabilitating, and maintaining housing;

13           (4) to provide technical assistance to nonprofit  
14 corporations, limited dividend corporations, and others  
15 with respect to the planning, financing, construction,  
16 rehabilitation, maintenance, and management of housing  
17 for low and moderate income families and individuals;

18           (5) to make loans or grants, including grants of  
19 interests in housing and related facilities, to nonprofit  
20 corporations, limited dividend corporations, and others,  
21 in carrying out its activities under subsection (a) of this  
22 section; and

23           (6) to hire or accept the voluntary services of con-  
24 sultants, experts, advisory boards, and panels to aid the  
25 corporation in carrying out the purposes of this title.

1       (c) To carry out the foregoing purposes and engage in  
2 the foregoing activities, the corporation shall have the usual  
3 powers conferred upon a stock corporation by the District of  
4 Columbia Business Corporation Act.

5       (d) Nothing in this title shall have the effect of waiving  
6 or otherwise affecting the applicability of the provisions  
7 of the Davis-Bacon Act (40 U.S.C. 267a—276a-5), or any  
8 other law requiring compliance with labor standards, in the  
9 case of any construction to which such provisions would  
10 otherwise apply.

11                   NATIONAL HOUSING PARTNERSHIP

12       SEC. 807. (a) The corporation is authorized to arrange  
13 for the formation, as a separate organization, of a limited  
14 partnership (hereinafter in this title referred to as the “part-  
15 nership”) under the District of Columbia Uniform Limited  
16 Partnership Act (D.C. Code, sec. 41-401 et seq.) for the  
17 purpose of engaging in any of the activities authorized for  
18 the corporation under section 906 of this title, and to enter  
19 into a partnership agreement governing the affairs of such  
20 limited partnership.

21       (b) The partnership shall be subject to the provisions,  
22 to the extent consistent with this title, of (1) the District of  
23 Columbia Uniform Limited Partnership Act and (2) those  
24 provisions of the District of Columbia Uniform Partnership  
25 Act (D.C. Code, sec. 41-301 et seq.) made applicable by

1 section 6 (2) of that Act (D.C. Code, sec. 41-305 (2) ). Not-  
2 withstanding any inconsistency between the provisions of  
3 such Acts, or of any other law, and the provisions of this  
4 section, the partnership organized pursuant to this section  
5 shall be deemed to have the legal status of a limited partner-  
6 ship.

7 (c) The partnership is authorized to enter into partner-  
8 ships, limited partnerships, or joint ventures organized under  
9 applicable State or local law for the purpose of engaging in  
10 low and moderate income housing developments, projects, or  
11 undertakings in particular localities.

12 (d) The corporation shall be the general partner in the  
13 partnership. The capital of the partnership and the contri-  
14 butions of the partners shall be in such amounts and at such  
15 times as are set forth in or pursuant to the partnership  
16 agreement.

17 (e) The partnership agreement shall include provi-  
18 sions designed to assure that (1) the partnership shall par-  
19 ticipate in low and moderate income housing developments,  
20 projects, or undertakings in a manner designed to encourage  
21 the participation therein of local interests, and (2) in any  
22 such development, project, or undertaking the partnership  
23 shall not subscribe to more than 25 per centum (including  
24 equity investments made in services or property) of the  
25 aggregate initial equity investment unless, in the judgment

1 of the corporation as general partner, the balance of the  
2 required equity investment is not readily obtainable from  
3 other responsible investors residing or doing business in the  
4 local community.

5 (f) The partnership agreement may without limita-  
6 tion (1) permit each of the stockholders of the corporation  
7 to become a member of the partnership as a limited partner,  
8 (2) authorize the inclusion of other limited partners in ad-  
9 dition to the stockholders of the corporation, (3) provide  
10 that the assignee of the partnership interest of a limited  
11 partner of the partnership who is also a stockholder of the  
12 corporation may not become a substituted limited partner  
13 unless he also acquires the assignor's stock of the corporation,  
14 and (4) include provisions requiring that the corporation  
15 as a general partner approve the substitution or addition  
16 of a member of the partnership.

17 (g) A corporation which is a limited partner in the  
18 partnership shall not become liable as a general partner by  
19 reason of the fact that (1) such corporation is a holder of  
20 shares of voting stock of the corporation constituting not  
21 more than 5 per centum of the total number of outstanding  
22 shares of such stock and exercises any of the rights (including  
23 voting rights) of a holder of such shares, and/or (2) a per-  
24 son who is an officer or director of such corporation (or of  
25 another corporation which controls or is subject to the con-

1 trol of, or is under common control with, such corporation)  
2 is a director of the corporation and performs the duties of  
3 that office. The interest of a limited partner in the partnership  
4 shall not be treated as a stock interest in the corporation,  
5 notwithstanding that such interest of a limited partner may  
6 be proportionate to his stock interest in the corporation.

7 (h) The certificate of the partnership and any amend-  
8 ment thereof required by the District of Columbia Uniform  
9 Limited Partnership Act shall be executed and acknowledged  
10 by the corporation as member and by each other member  
11 of the partnership or his attorney-in-fact duly authorized by  
12 power of attorney in writing. The corporation may execute  
13 and acknowledge the certificate and any amendment thereof  
14 as attorney-in-fact for any member, member to be substi-  
15 tuted or added, or assigning member, by whom the certificate  
16 or amendment is required to be executed and acknowledged  
17 and who has appointed the corporation as such attorney.

18 REPORT TO CONGRESS AND RECORDS

19 SEC. 808. (a) The corporation shall submit an annual  
20 report to the President for transmittal to the Congress within  
21 six months after the end of its fiscal year. The report shall  
22 include a comprehensive and detailed report of the opera-  
23 tions, activities, and financial condition of the corporation  
24 and the partnership under this title.

25 (b) The accounts of the corporation and of the part-

1 nership shall be audited annually in accordance with gener-  
2 ally accepted auditing standards by independent certified  
3 public accountants or independent licensed public accountants  
4 certified or licensed by a regulatory authority of a State or  
5 other political subdivision of the United States.

6 ANTITRUST LAWS

7 SEC. 809. Nothing contained herein shall affect the ap-  
8 plicability of the Federal antitrust laws to the activities of the  
9 corporation and the partnership created under this title and  
10 of the persons participating therein or in partnerships, limited  
11 partnerships, or joint ventures with either of them.

12 RIGHT TO REPEAL, ALTER, OR AMEND

13 SEC. 810. The right to repeal, alter, or amend this title  
14 at any time is expressly reserved.

15 AMENDMENT TO BANKING LAWS

16 SEC. 811. Paragraph "Seventh" of section 5136 of  
17 the Revised Statutes (12 U.S.C. 24) is amended by  
18 adding at the end thereof the following: "Notwithstand-  
19 ing any other provision in this paragraph, the association  
20 may purchase for its own account shares of stock issued by  
21 a corporation authorized to be created pursuant to title VIII  
22 of the Housing and Urban Development Act of 1968, and  
23 may make investments in a partnership, limited partnership,  
24 or joint venture formed pursuant to section 807(a) or  
25 807(c) of that Act."

## 1 TITLE IX—RURAL HOUSING

2 HOUSING FOR LOW AND MODERATE INCOME PERSONS AND  
3 FAMILIES

4 SEC. 901. Title V of the Housing Act of 1949 is  
5 amended by adding at the end thereof the following new  
6 section:

7 “LOANS TO PROVIDE OCCUPANT-OWNED, RENTAL, AND CO-  
8 OPERATIVE HOUSING FOR LOW AND MODERATE INCOME  
9 PERSONS AND FAMILIES

10 “SEC. 521. (a) Notwithstanding the provisions of sec-  
11 tions 502, 517 (a), and 515, loans to persons of low or  
12 moderate income under section 502 or 517 (a) (1), and  
13 loans under section 515 to provide rental or cooperative  
14 housing and related facilities for persons and families of  
15 low or moderate income or elderly persons and elderly  
16 families, shall bear interest at a rate prescribed by the  
17 Secretary at not less than a rate determined by the Secre-  
18 tary of the Treasury taking into consideration the current  
19 average market yield on outstanding marketable obligations  
20 of the United States with remaining periods to maturity  
21 comparable to the average maturities of such loans, adjusted  
22 to the nearest one-eighth of 1 per centum, less not to exceed  
23 the difference between the adjusted rate determined by the  
24 Secretary of the Treasury and 1 per centum per annum:

1 *Provided*, That such a loan may be made only when the  
2 Secretary determines that the needs of the applicant for  
3 necessary housing cannot be met with financial assistance  
4 from other sources including assistance under section 235  
5 or 236 of the National Housing Act: *Provided further*, That  
6 interest on loans under section 502 or 517 (a) to victims  
7 of natural disasters shall not exceed the rate which would  
8 be applicable to such loans under section 502 without regard  
9 to this section.

10 “(b) Housing and related facilities provided with loans  
11 described in subsection (a) shall be located in rural areas;  
12 and applicants eligible for such loans under section 502 or  
13 517 (a) (1), or for occupancy of housing provided with  
14 such loans under section 515, shall include otherwise quali-  
15 fied nonrural residents who will become rural residents.

16 “(c) There shall be reimbursed to the Rural Housing  
17 Insurance Fund by annual appropriations the amounts by  
18 which nonprincipal payments made from the fund during  
19 each fiscal year to the holders of insured loans described in  
20 subsection (a) exceed interest due from the borrowers dur-  
21 ing each year; and the Secretary from time to time may  
22 issue notes to the Secretary of the Treasury under section  
23 517 (h) to obtain amounts equal to such unreimbursed excess  
24 payments, pending the annual reimbursement by appro-  
25 priation.”

## HOUSING FOR RURAL TRAINEES

SEC. 902. Title V of the Housing Act of 1949 is amended by adding after section 521 (as added by section 901 of this Act) the following new section:

## “HOUSING FOR RURAL TRAINEES

“SEC. 522. (a) Upon the application of any State or political subdivision thereof, or any public or private non-profit organization, the Secretary is authorized, after consultation with the Secretary of Labor, the Secretary of Health, Education, and Welfare, the Secretary of Housing and Urban Development, and the Director of the Office of Economic Opportunity, and after the Secretary determines that the housing and related facilities cannot reasonably be provided in any other way, to provide financial and technical assistance for the establishment, in rural areas, of housing and related facilities for trainees and their families who are residents of a rural area and have a rural background, while such trainees are enrolled and participating in training courses designed to improve their employment capability. The selection of training sites and location of housing shall be made with due regard to the economic viability of the area, and only after consideration of a labor area survey and full coordination among all Government agencies having primary responsibility for administering related programs.

1       “(b) Housing and related facilities assisted under this  
2 section shall be safe and sanitary, constructed in the most eco-  
3 nomical manner, and of modest design, giving due consid-  
4 eration to the purposes to be served and the needs of the  
5 occupants, and may, in the discretion of the Secretary, in-  
6 clude mobile family quarters. Design and location shall be  
7 such as to facilitate, as feasible, the use of such housing and  
8 related facilities for other purposes when no longer needed for  
9 the primary purpose.

10       “(c) The applicant shall contribute the necessary land,  
11 or funds to acquire such land, from its own resources, includ-  
12 ing land acquired by donation or from funds repayable under  
13 subsection (e) or borrowed from other sources.

14       “(d) No financial assistance shall be made available  
15 under this section unless, to the extent and for the periods  
16 required by the Secretary, the applicant agrees that—

17               “(1) such housing will be maintained at all times  
18 in a safe and sanitary condition in accordance with stand-  
19 ards prescribed by State or local law, or, in the absence  
20 of such standards, with requirements prescribed by the  
21 Secretary;

22               “(2) priority shall be given at all times, in grant-  
23 ing occupancy of such housing and facilities, to the  
24 trainees and their families described in subsection (a);  
25 and

1           “(3) rentals charged them shall not exceed amounts  
2       approved by the Secretary after considering the portion  
3       of the actual total family income which the family can  
4       afford to pay for rent while meeting its other immedi-  
5       ate needs during occupancy.

6           “(e) The Secretary may make advances pursuant to  
7       any contract for financial assistance under this section at such  
8       times and in such manner as may be specified in the contract.  
9       Such advances for the purchase of land shall be repayable  
10      with interest and within a period not to exceed thirty-three  
11      years and may be made upon such security, if any, as the  
12      Secretary requires. Advances for other purposes may be  
13      made repayable with or without interest or nonrepayable, as  
14      determined by the Secretary on the basis of the anticipated  
15      income and cost of operation of the housing and related facili-  
16      ties and the ability of each applicant to finance such facilities.  
17      Any advances shall be limited to cover the capital costs of  
18      constructing such facilities, plus interest on borrowings to  
19      cover such costs.

20          “(f) Should housing and related facilities assisted pur-  
21      suant to a contract under this section be sold to an ineligible  
22      transferee or diverted to a use other than its primary purpose  
23      within a period specified in the contract, all advances made  
24      under such contract shall be repaid to the Secretary, up to the  
25      amount of the sales price or the fair value of the property as

1 determined by the Secretary, whichever is higher, with inter-  
2 est from the date of the sale or diversion. If no suitable alter-  
3 nate use of the property is available, as determined by the  
4 Secretary, after the purpose of this section can no longer be  
5 served, the property shall be returned to its original condition  
6 by the recipient of the assistance.

7 “(g) Interest charged on advances made under this sec-  
8 tion shall be at a rate, prescribed by the Secretary, which  
9 shall be not less than a rate determined by the Secretary of  
10 the Treasury taking into consideration the current average  
11 market yield on outstanding marketable obligations of the  
12 United States with remaining periods to maturity comparable  
13 to the average maturities of such loans, adjusted to the near-  
14 est one-eighth of 1 per centum, less not to exceed the differ-  
15 ence between the adjusted rate determined by the Secretary  
16 of the Treasury and 1 per centum per annum, as determined  
17 by the Secretary.

18 “(h) The Secretary shall prescribe regulations to insure  
19 that Federal funds expended under this section are not  
20 wasted or dissipated.

21 “(i) As used in this section (1) the term ‘related  
22 facilities’ shall include any necessary community rooms or  
23 buildings, infirmaries, utilities, access roads, water and sewer  
24 services, and the minimum fixed or movable equipment de-  
25 termined by the Secretary to be necessary to make the

1 housing reasonably habitable by trainees and their families;  
2 and (2) the term 'trainee' means any person receiving train-  
3 ing under any federally assisted training program.

4 " (j) All laborers and mechanics employed in connec-  
5 tion with the provision of housing and related facilities as-  
6 sisted under this section, where such housing includes 8 or  
7 more dwelling units, shall be paid wages at rates not less  
8 than those prevailing on similar construction in the locality  
9 as determined by the Secretary of Labor in accordance with  
10 the Davis-Bacon Act, as amended (40 U.S.C. 276a—  
11 276a-5) ; and no assistance shall be extended under this sec-  
12 tion with respect to such housing and the related facilities  
13 without first obtaining adequate assurance that these labor  
14 standards will be maintained upon the construction work  
15 involved. The Secretary of Labor shall have, with respect to  
16 the labor standards specified in this subsection, the authority  
17 and functions set forth in Reorganization Plan Numbered 14  
18 of 1950 (64 Stat. 1267) and section 2 of the Act of June  
19 13, 1934 (40 U.S.C. 276c).

20 " (k) There are authorized to be appropriated such sums  
21 as may be necessary to carry out this section."

#### 22 APPROPRIATIONS

23 SEC. 903. Section 513 of the Housing Act of 1949 is  
24 amended—

1           (1) by striking out “and (e)” and inserting in lieu  
2 thereof “(e)”; and

3           (2) by inserting before the period at the end thereof  
4 the following: “; and (f) such sums as may be required  
5 by the Secretary to administer the provisions of sections  
6 235 and 236 of the National Housing Act”.

7           PURCHASE OF LAND FOR BUILDING SITES

8       SEC. 904. Section 514 (f) (2) of the Housing Act of  
9 1949 is amended—

10           (1) by striking out “and” before “(B)”, and

11           (2) by inserting before the semicolon at the end  
12 thereof the following: “and (C) land necessary for an  
13 adequate site”.

14           MUTUAL AND SELF-HELP HOUSING

15       SEC. 905. Title V of the Housing Act of 1949 is  
16 amended by adding after section 522 (as added by section  
17 902 of this Act) the following new section:

18           “MUTUAL AND SELF-HELP HOUSING

19       “SEC. 523. (a) The purposes of this section are (1)  
20 to make financial assistance available on reasonable terms  
21 and conditions in rural areas and small towns to needy low-  
22 income individuals and their families who, with the benefit  
23 of technical assistance and overall guidance and supervision,  
24 participate in approved programs of mutual or self-help  
25 housing by acquiring and developing necessary land, ac-

1 quiring building materials, providing their own labor, and  
2 working cooperatively with others for the provision of de-  
3 cent, safe, and sanitary dwellings for themselves, their fam-  
4 ilies, and others in the area or town involved, and (2) to  
5 facilitate the efforts of both public and private nonprofit  
6 organizations providing assistance to such individuals to  
7 contribute their technical and supervisory skills toward more  
8 effective and comprehensive programs of mutual or self-  
9 help housing in rural areas and small towns wherever  
10 necessary.

11 “(b) In order to carry out the purposes of this section,  
12 the Secretary of Agriculture (in this section referred to as  
13 the “Secretary”) is authorized—

14 “(1) to make grants to, or contract with, public or  
15 private nonprofit corporations, agencies, institutions,  
16 organizations, and other associations approved by him, to  
17 pay part or all of the costs of developing, conducting,  
18 administering, or coordinating effective and compre-  
19 hensive programs of technical and supervisory assistance  
20 which will aid needy low-income individuals and their  
21 families in carrying out mutual or self-help housing  
22 efforts;

23 “(2) to make loans, on such terms and conditions  
24 and in such amounts as he deems necessary, to needy

1 low-income individuals participating in programs of  
2 mutual or self-help housing approved by him, for the  
3 acquisition and development of land and for the purchase  
4 of such other building materials as may be necessary in  
5 order to enable them, by providing substantially all of  
6 their own labor, and by cooperating with others partici-  
7 pating in such programs, to carry out to completion the  
8 construction of decent, safe, and sanitary dwellings for  
9 such individuals and their families, subject to the follow-  
10 ing limitations:

11 “(A) there is reasonable assurance of repay-  
12 ment of the loan;

13 “(B) the amount of the loan, together with  
14 other funds which may be available, is adequate to  
15 achieve the purpose for which the loan is made;

16 “(C) the credit assistance is not otherwise  
17 available on like terms or conditions from private  
18 sources or through other Federal, State, or local pro-  
19 grams;

20 “(D) the loan bears interest at a rate not to ex-  
21 ceed 3 per centum per annum on the unpaid balance  
22 of principal, plus such additional charge, if any,  
23 toward covering other costs of the loan program as  
24 the Secretary may determine to be consistent with  
25 its purposes; and

1           “(E) the loan is repayable within not more  
2           than thirty-three years.

3           “(c) In determining whether to extend financial assist-  
4           ance under paragraph (1) or (2) of subsection (b), the  
5           Secretary shall take into consideration, among other factors,  
6           the suitability of the area within which construction will be  
7           carried out to the type of dwelling which can be provided  
8           under mutual or self-help housing programs, the extent to  
9           which the assistance will facilitate the provision of more  
10          decent, safe, and sanitary housing conditions than presently  
11          exist in the area, the extent to which the assistance will be  
12          utilized efficiently and expeditiously, the extent to which the  
13          assistance will effect an increase in the standard of living of  
14          low-income individuals participating in the mutual or self-  
15          help housing program, and whether the assistance will fulfill  
16          a need in the area which is not otherwise being met through  
17          other programs, including those carried out by other Federal,  
18          State, or local agencies.

19          “(d) As used in this section, the term ‘construction’ in-  
20          cludes the erection of new dwellings, and the rehabilitation,  
21          alteration, conversion, or improvement of existing structures.

22          “(e) The Secretary is authorized to establish appropri-  
23          ate criteria and procedures in order to determine the eligibil-  
24          ity of applicants for the financial assistance provided under  
25          this section, including criteria and procedures with respect to

1 the periodic review of any construction carried out with such  
2 financial assistance.

3 “(f) There are hereby authorized to be appropriated for  
4 each fiscal year commencing after June 30, 1968, and ending  
5 prior to July 1, 1973, such sums, not in excess of \$5,000,000  
6 for any such fiscal year, as may be necessary to carry out the  
7 provisions of this section. No grant or loan may be made or  
8 contract entered into under the authority of this section after  
9 June 30, 1973, except pursuant to a commitment or other  
10 obligation entered into pursuant to this section before that  
11 date.”

12 TITLE X—URBAN PROPERTY PROTECTION  
13 AND REINSURANCE

14 SHORT TITLE

15 SEC. 1001. This title may be cited as the “Urban Prop-  
16 erty Protection and Reinsurance Act of 1968.”

17 FINDINGS AND DECLARATION OF PURPOSE

18 SEC. 1002. (a) The Congress finds that (1) the vitality  
19 of many American cities is being threatened by the deteriora-  
20 tion of their inner city areas; responsible owners of well-  
21 maintained residential, business, and other properties in many  
22 of these areas are unable to obtain adequate property insur-  
23 ance coverage against fire, crime, and other perils; the lack  
24 of such insurance coverage accelerates the deterioration of  
25 these areas by discouraging private investment and restrict-

1 ing the availability of credit to repair and improve property  
2 therein; and this deterioration poses a serious threat to the  
3 national economy; (2) recent riots and other civil commo-  
4 tion in many American cities have brought about abnormally  
5 high losses to the private property insurance industry for  
6 which adequate reinsurance cannot be obtained at reasonable  
7 cost, and the risk of such losses will make most lines of prop-  
8 erty insurance even more difficult to obtain; (3) the capacity  
9 of the private property insurance industry to provide ade-  
10 quate insurance is threatened, and the continuity of such  
11 property insurance protection is essential to the extension  
12 of credit in these areas; and (4) the national interest  
13 demands urgent action by the Congress to assure that essen-  
14 tial lines of property insurance, including lines providing pro-  
15 tection against riot and civil commotion damage will be  
16 available to property owners at reasonable cost.

17 (b) The purposes of this title are, therefore, to (1) en-  
18 courage and assist the various State insurance authorities and  
19 the property insurance industry to develop and carry out  
20 statewide programs which will make necessary property in-  
21 surance coverage against the fire, crime, and other perils  
22 more readily available for residential, business, and other  
23 properties meeting reasonable underwriting standards; and  
24 (2) provide a Federal program of reinsurance against ab-  
25 normally high property insurance losses resulting from riots

1 and other civil commotion, placing appropriate financial  
2 responsibility upon the States to share in such losses.

3 AMENDMENT OF THE NATIONAL HOUSING ACT

4 SEC. 1003. The National Housing Act is amended by  
5 adding at the end thereof the following new title:

6 "TITLE XII—NATIONAL INSURANCE  
7 DEVELOPMENT PROGRAM

8 "PROGRAM AUTHORITY

9 "SEC. 1201. (a) The Secretary is authorized to estab-  
10 lish and carry out the programs provided for in parts A, B,  
11 and C of this title.

12 "(b) (1) The powers of the Secretary under this title  
13 shall terminate on April 30, 1973, except to the extent  
14 necessary—

15 "(A) to continue reinsurance in accordance with  
16 the provisions of section 1223 (b) until April 30, 1976;

17 "(B) to process, verify, and pay claims for rein-  
18 sured losses and perform other necessary functions in  
19 connection therewith; and

20 "(C) to complete the liquidation and termination of  
21 the reinsurance program.

22 "(2) On April 30, 1976, or as soon thereafter as pos-  
23 sible, the Secretary shall submit to the Congress, for its  
24 approval, a plan for the liquidation and termination of the  
25 reinsurance program.

1     “ADVISORY BOARD; MEETINGS, DUTIES, COMPENSATION,  
2                 AND EXPENSES

3       “SEC. 1202. (a) (1) There is established an Advisory  
4 Board (hereinafter called the ‘Board’) consisting of nineteen  
5 members appointed by the Secretary. Members of the Board  
6 shall be selected from among representatives of the general  
7 public, the insurance industry, State and local governments  
8 including State insurance authorities, and the Federal Gov-  
9 ernment. Of these members of the Board, not more than six  
10 shall be regular full-time employees of the Federal Govern-  
11 ment, and not less than four shall be representatives of the  
12 private insurance industry and not less than four shall be  
13 representatives of State insurance authorities.

14           “(2) The Secretary shall designate a Chairman and a  
15 Vice Chairman of the Board.

16       “(3) Each member shall serve for a term of two years  
17 or until his successor has been appointed, except that no  
18 person who is appointed while a full-time employee of a State  
19 or the Federal Government shall serve in such position after  
20 he ceases to be so employed, unless he is reappointed.

21       “(4) Any member appointed to fill a vacancy occurring  
22 prior to the expiration of the term for which his predecessor  
23 was appointed shall be appointed for the remainder of that  
24 term.

1       “(b) The Chairman shall preside at all meetings, and  
2 the Vice Chairman shall preside in the absence or disability  
3 of the Chairman. In the absence of both the Chairman and  
4 Vice Chairman, the Secretary may appoint any member  
5 to act as Chairman pro tempore. The Board shall meet at  
6 such times and places as it or the Secretary may fix and  
7 determine, but shall hold at least four regularly scheduled  
8 meetings a year. Special meetings may be held at the call  
9 of the Chairman or any three members of the Board, or at  
10 the call of the Secretary.

11       “(c) The Board shall review general policies and shall  
12 advise the Secretary with respect thereto, and perform such  
13 other functions as are specified in this title.

14       “(d) The members of the Board shall not, by reason of  
15 such membership, be deemed to be employees of the United  
16 States, and such members, except those who are regular full-  
17 time employees of the Government, shall receive for their  
18 services, as members, the per diem equivalent to the rate for  
19 grade GS-18 of the General Schedule under section 5332  
20 of title 5, United States Code, when engaged in the per-  
21 formance of their duties, and each member of the Board  
22 shall be allowed travel expenses, including per diem in lieu  
23 of subsistence, as authorized by section 5703 of such title for  
24 persons in the Government service employed intermittently.

## 1 "DEFINITIONS

2 "SEC. 1203. (a) When used in this title, unless the  
3 context otherwise requires, the term—

4 "(1) 'environmental hazard' means any hazardous  
5 condition that might give rise to loss under an insurance  
6 contract, but which is beyond the control of the property  
7 owner;

8 "(2) 'essential property insurance' means insur-  
9 ance against direct loss to property as defined and  
10 limited in standard fire policies and extended coverage  
11 endorsement thereon, as approved by the State insur-  
12 ance authority and the Secretary, and insurance for such  
13 types, classes, and locations of property against the perils  
14 of vandalism, malicious mischief, burglary, or theft, as  
15 the Secretary by rule shall designate. Such insurance  
16 shall not include automobile insurance and shall not  
17 include insurance on such types of manufacturing risks  
18 as may be excluded by the State insurance authority;

19 "(3) 'inspection facility', with respect to any State,  
20 means any rating bureau or other person designated by  
21 the State insurance authority to perform inspections  
22 under fair access to insurance requirements plans under  
23 part A;

24 "(4) 'insurer' includes any insurance company or

1 group of companies under common ownership which is  
2 authorized to engage in the insurance business under the  
3 laws of any State;

4 “(5) ‘pool’ means any pool or association of insur-  
5 ance companies in any State which is formed, associated,  
6 or otherwise created for the purpose of making property  
7 insurance more readily available;

8 “(6) ‘losses resulting from riots or civil disorders’  
9 means losses resulting from riots or civil disorders under  
10 policies for standard lines of property insurance for which  
11 reinsurance is offered under section 1221, as determined  
12 under regulations of the Secretary;

13 “(7) ‘property owner’, with respect to any real,  
14 personal, or mixed real and personal property, means  
15 any person having an insurable interest in such property;

16 “(8) ‘person’ includes any individual or group of  
17 individuals, corporation, partnership, or association, or  
18 any other organized group of persons;

19 “(9) ‘reinsured losses’ means losses on reinsurance  
20 claims and all direct expenses incurred in connection  
21 therewith including, but not limited to, expenses for  
22 processing, verifying, and paying such losses;

23 “(10) ‘standard line of property insurance’ in-  
24 cludes—

25 “(A) fire and extended coverage;

- 1           “(B) vandalism and malicious mischief;  
2           “(C) other allied lines of fire insurance;  
3           “(D) burglary and theft;  
4           “(E) those portions of multiple peril policies  
5 covering perils similar to those provided for in sub-  
6 paragraphs (A), (B), (C), and (D);  
7           “(F) inland marine;  
8           “(G) glass;  
9           “(H) boiler and machinery;  
10           “(I) ocean marine;  
11           “(J) aircraft physical damage; and  
12           “(K) such other lines generally offered to the  
13 public which include protection against damage from  
14 riot or civil commotion as the Secretary by regu-  
15 lation may designate;  
16           “(11) ‘State’ means the several States, the Dis-  
17 trict of Columbia, the Commonwealth of Puerto Rico,  
18 Guam, American Samoa, and the Trust Territory of the  
19 Pacific;  
20           “(12) ‘urban area’ includes any municipality or  
21 other political subdivision of a State, subject to popula-  
22 tion or other limitations defined in rules and regulations  
23 of the Secretary and such additional areas as may be  
24 designated by the State insurance authority; and  
25           “(13) ‘year’ means a calendar year, fiscal year of

1 a company, or such other period of twelve months as  
2 may be designated by the Secretary.

3       “(b) The Secretary is authorized to define, by rules  
4   and regulations, any technical or trade term, insofar as such  
5   definition is not inconsistent with the provisions of this title.

6 “PART A—STATEWIDE PLANS TO ASSURE FAIR ACCESS  
7 TO INSURANCE REQUIREMENTS

## 8 "FAIR PLANS

9           “SEC. 1211. (a) Each insurer reinsured under this title  
10 shall cooperate with the State insurance authority in each  
11 State in which it is to acquire such reinsurance in establishing  
12 and carrying out statewide plans to assure fair access to insur-  
13 ance requirements (FAIR plans).

14       “(b) Such plans must be approved by the State in-  
15       surance authority, or be authorized or required by State  
16       law, and shall be designed to make essential property insur-  
17       ance more readily available in, but not necessarily limited to,  
18       urban areas. Such plans may vary in detail from State to  
19       State because of local conditions, but all plans shall contain  
20       provision that—

21           “(1) no risk shall be written at surcharged rates  
22           or be denied insurance coverage for essential property  
23           insurance unless there has first been an inspection of  
24           the risk, without cost to the owner, by an inspection  
25           facility and a determination by the insurer, based on

1 information in the inspection report and other sources,  
2 that the risk does not meet reasonable underwriting  
3 standards at the applicable premium rate;

4 “(2) inspections under the plan may be requested  
5 by the property owner or his representative, the insurer,  
6 or the insurance agent, broker or other producer, and  
7 such requests need not be made in writing;

8 “(3) the absence of a building owner or his repre-  
9 sentative during an inspection shall not preclude a tenant  
10 seeking insurance from obtaining an inspection under the  
11 plan;

12 “(4) following the inspection, a copy of the inspec-  
13 tion report shall be promptly sent by the inspection  
14 facility to the insurer or insurers, or to an all-industry  
15 placement facility referred to under section 1212, as  
16 may be designated by the person requesting the  
17 inspection;

18 “(5) after the inspection report is received by an  
19 insurer, it shall promptly determine if the risk meets  
20 reasonable underwriting standards at the applicable  
21 premium rate, and shall promptly return to the inspec-  
22 tion facility the inspection report and provide an action  
23 report setting forth—

24 “(A) (i) the amount of coverage it agrees to  
25 write; and if the insurer agrees to write the cover-

1           age with a surcharge (if such a surcharge is  
2           authorized by the State insurance authority), the  
3           improvements necessary before it will provide cov-  
4           erage at an unsurcharged premium rate; and

5           “(ii) the amount of coverage it agrees to write  
6           if certain improvements specified in the action report  
7           are made; or

8           “(B) the specific reasons it declines to write  
9           coverage;

10          “(6) if the insurer declines the risk, or agrees to  
11          write the coverage sought on condition that the property  
12          will be improved, it shall also promptly send a copy of  
13          both the inspection and action reports to the property  
14          owner and the State insurance authority, and at the time  
15          the insurer sends such reports to the property owner, it  
16          shall also explain his right, under applicable State laws,  
17          to appeal the decision of the insurer to the State insur-  
18          ance authority, setting forth the procedures to be fol-  
19          lowed for such appeal;

20          “(7) all policies written pursuant to the plan shall  
21          be promptly written after inspection or reinspection and  
22          shall be separately coded so that appropriate records  
23          may be compiled for purposes of performing loss pre-  
24          vention and other studies of the operation of the plan;

25          “(8) the inspection facility shall submit to the

1 State insurance authority and to the Secretary periodic  
2 reports setting forth information, by individual insurers,  
3 including the number of risks inspected under the plan,  
4 the number of risks accepted, the number of risks condi-  
5 tionally accepted and reinspections made, the number  
6 of risks declined, and such other information as the State  
7 insurance authority may request;

8 “(9) notice will be given to any policyholder a  
9 reasonable time prior to the cancellation or nonrenewal  
10 of any risk eligible under the plan (except in case of  
11 nonpayment of premium or evidence of incendiarism),  
12 to allow ample time for an application for new coverage  
13 to be made and a new policy to be written under the  
14 plan, and the insurer shall, in writing, explain to the  
15 policyholder the procedures for obtaining an inspection  
16 under the plan in the notice of cancellation or nonre-  
17 newal; and

18 “(10) a continuing public education program will  
19 be undertaken by the participating insurers, agents, and  
20 brokers to assure that the plan receives adequate public  
21 attention.

22 “ALL-INDUSTRY PLACEMENT FACILITY

23 “SEC. 1212. Any plan under this part shall include an  
24 all-industry placement facility doing business with every

1 insurer participating in the plan in the State, and shall  
2 provide that this facility shall perform certain functions  
3 including, but not limited to, the following:

4       “(1) seeking, upon request by or on behalf of any  
5       property owner requesting an inspection under the plan,  
6       to distribute the risks involved equitably among the  
7       insurers with which it is doing business; and

8       “(2) seeking to place insurance up to the full  
9       insurable value of the risk to be insured with one or  
10      more insurers with which it is doing business, except  
11      to the extent that deductibles, percentage participation  
12      clauses, and other underwriting devices are employed to  
13      meet special problems of insurability.

14                       “INDUSTRY COOPERATION

15       “SEC. 1213. (a) Every insurer seeking reinsurance  
16      under this title shall file a statement with the State insurance  
17      authority in each State in which it is participating in a plan  
18      under this part, pledging its full participation and cooperation  
19      in carrying out the plan, and shall file a copy of such state-  
20      ment with the Secretary.

21       “(b) No insurer acquiring reinsurance under this title  
22      shall direct any agent or broker or other producer not to  
23      solicit business through such a plan, nor shall any agent,  
24      broker, or other producer be penalized by such insurer in

1 any way for submitting applications for insurance to an  
2 insurer under the plan.

3 "PLAN EVALUATION

4 "SEC. 1214. (a) In accordance with such rules and  
5 regulations as the Secretary may prescribe, each State  
6 insurance authority shall—

7 " (1) transmit to the Secretary any proposed or  
8 adopted plan, or amendments thereto; and

9 " (2) advise the Secretary, from time to time,  
10 concerning the operation of the plan, its effectiveness in  
11 providing essential property insurance, and the need to  
12 form a pool of insurers or adopt other programs to make  
13 essential property insurance more readily available in  
14 urban areas of the State.

15 " (b) The Secretary may, after full consultation with  
16 the Board, by rules and regulations, modify the plan criteria  
17 set forth under this part, if it finds, on the basis of experi-  
18 ence, that such action is necessary or desirable to carry out  
19 the purposes of this title. The Secretary may also, with  
20 respect to any State, waive compliance with one or more of  
21 the plan criteria, upon certification by the State insurance  
22 authority that compliance is unnecessary or inadvisable  
23 under local conditions or State law.

1                   “PART B—REINSURANCE COVERAGE

2                   “REINSURANCE OF LOSSES FROM RIOTS OR CIVIL

3                                   DISORDERS

4           “SEC. 1221. (a) (1) The Secretary is authorized to  
5 offer to any insurer or pool, subject to the conditions set forth  
6 in section 1223, reinsurance against property losses resulting  
7 from riots or civil disorders in any one or more States.

8           “(2) Reinsurance shall be offered to any such insurer  
9 or pool only on all standard lines of property insurance  
10 enumerated under subparagraphs (A) through (E) of sec-  
11 tion 1203 (a) (10) together, and any insurer or pool purchas-  
12 ing such reinsurance shall also be eligible to purchase rein-  
13 surance on any one or more standard lines of property insur-  
14 ance enumerated under subparagraphs (F) through (J)  
15 of section 1203 (a) (10) or which may be designated by  
16 regulation pursuant to subparagraph (K) of that sec-  
17 tion.

18           “(b) Reinsurance coverage under this section may be  
19 provided immediately following the enactment of this title  
20 to any insurer or pool in any State on a temporary basis,  
21 and on such terms and conditions as may be agreed upon,  
22 and coverage under such terms and conditions may be bound  
23 with respect to any such insurer or pool by means of a writ-  
24 ten binder which shall remain in force not more than ninety  
25 days and shall expire at the earlier of either—

1           “(1) the termination of such ninety-day period, or

2           “(2) the effective date of any governing contract,

3       agreement, treaty, or other arrangement entered into be-

4       tween the insurer or pool and the Secretary under sec-

5       tion 1222 for the purpose of providing reinsurance cov-

6       erage against losses resulting from riots or civil disorders.

7       “(c) No reinsurance shall be offered to any insurer or

8       pool in a State after the expiration of the written binder

9       entered into under subsection (b), unless there is in effect in

10      such State a plan as set forth under part A and the insurer

11      or pool is participating in such plan, and unless, in the case

12      of an insurer in a State where a pool has been established

13      pursuant to State law, the insurer is participating in such a

14      pool.

15           “REINSURANCE AGREEMENTS AND PREMIUMS

16       “SEC. 1222. (a) During the first year following the

17      date of the enactment of this title, the Secretary is authorized

18      to enter into any contract, agreement, treaty, or other ar-

19      rangement with any insurer or pool for reinsurance coverage,

20      in consideration of payment of such premiums, fees, or other

21      charges by insurers or pools which the Secretary, after full

22      consultation with the Board, deems to be adequate to obtain

23      aggregate reinsurance premiums for deposit in the National

24      Insurance Development Fund established under section 1233

25      in excess of the estimated amount of insured riot losses dur-

1 ing the calendar year 1967, on the assumption that a sub-  
2 stantial proportion of the property insurance written will be  
3 reinsured under this title, and thereafter the Secretary may  
4 increase or decrease such premiums for reinsurance if it is  
5 found after full consultation with the Board and the National  
6 Association of Insurance Commissioners that such action is  
7 necessary or appropriate to carry out the purposes of this  
8 title.

9       “(b) Reinsurance offered under this title shall reimburse  
10 an insurer or pool for its total proved and approved claims  
11 for covered losses resulting from riots or civil disorders dur-  
12 ing the term of the reinsurance contract, agreement, treaty,  
13 or other arrangement, over and above the amount of the  
14 insurer’s or pool’s retention of such losses as provided in such  
15 reinsurance contract, agreement, treaty, or other arrange-  
16 ment entered into under this section.

17       “(c) Such contracts, agreements, treaties, or other ar-  
18 rangements may be made without regard to section 3679  
19 (a) of the Revised Statutes of the United States (31 U.S.C.  
20 665 (a) ), and shall include any terms and conditions which  
21 the Secretary deems necessary to carry out the purposes  
22 of this title. The premium rates, terms, and conditions of  
23 such contracts with insurers or pools, throughout the coun-  
24 try, in any one year shall be uniform.

25       “(d) Any contract, agreement, treaty, or other arrange-

1 ment for reinsurance under this section shall be for a term  
2 expiring on April 30, 1969, and on April 30 each year  
3 thereafter, and shall be entered into within ninety days after  
4 the date of the enactment of this title or within ninety days  
5 prior to April 30 each year thereafter, or within ninety days  
6 after an insurer is authorized to write insurance eligible for  
7 reinsurance in a State which it was not authorized to write  
8 in the preceding year.

9 "CONDITIONS OF REINSURANCE

10 "SEC. 1223. (a) Subject to the provisions of subsection  
11 (b), reinsurance shall not be offered by the Secretary in  
12 a State or be applicable to insurance policies written in that  
13 State by an insurer—

14 " (1) after one year following the date of the enact-  
15 ment of this title, or, if the appropriate State legislative  
16 body has not met in regular session during that year, by  
17 the close of its next regular session, in any State which  
18 has not adopted appropriate legislation, retroactive to  
19 the date of the enactment of this title, under which the  
20 State, its political subdivisions, or a governmental cor-  
21 poration or fund established pursuant to State law, will  
22 reimburse the Secretary, in an amount up to 5 per  
23 centum of the aggregate property insurance premiums  
24 earned in that State during the preceding calendar year  
25 on those lines of insurance reinsured by the Secretary in

1       that State during the current year, such that the Secretary  
2       may be reimbursed for amounts paid by him in respect  
3       to reinsured losses that occurred in that State during a  
4       calendar year in excess of (A) reinsurance premiums  
5       received in that State during the same calendar year  
6       plus (B) the excess of (i) the total premiums received  
7       by the Secretary for reinsurance in that State during a  
8       preceding period measured from the end of the most  
9       recent calendar year with respect to which the Secre-  
10      tary was reimbursed for losses under this title over (ii)  
11      any amounts paid by the Secretary for reinsured losses  
12      that occurred during this same period;

13           “(2) after thirty days following notification to the  
14      insurer that the Secretary finds that there has not  
15      been adopted by the State, or the property insurance  
16      industry in that State, a suitable program or programs,  
17      in addition to plans under part A, to make essential  
18      property insurance available without regard to environ-  
19      mental hazards, and that such action is necessary to  
20      carry out the purposes of this title; except that this  
21      paragraph shall not become effective until two years  
22      after the date of the enactment of this title, or at such  
23      earlier date as the Secretary, after consultation with  
24      the State insurance authority, may determine;

1 “(3) after thirty days following notification to the  
2 insurer that the Secretary, or the State insurance author-  
3 ity, finds that such insurer is not fully participating—

4 “(A) in the plan in the State;

5 “(B) where it exists, in a pool; and

6 “(C) where it exists, in any other program  
7 found by the Secretary to aid in making essential  
8 property insurance more readily available in the  
9 State;

10 “(4) following a merger, acquisition, consolidation  
11 or reorganization involving one or more insurers having  
12 lines of property insurance in the State reinsured under  
13 this title and one or more insurers with or without  
14 such reinsurance, unless the surviving company—

15 “(A) meets the criteria of eligibility for rein-  
16 surance, other than as provided under section 1222  
17 (d) ; and

18 “(B) within ten days pays any reinsurance  
19 premiums due; or

20 “(5) upon receipt of notice from the insurer or pool  
21 that it desires to cancel its reinsurance agreement with  
22 the Secretary in the State.

23 “(b) Notwithstanding the foregoing provisions of this  
24 section, reinsurance may be continued for the term of the

1 policies written prior to the date of termination or non-  
2 renewal of reinsurance under this section, for as long as the  
3 insurer pays reinsurance premiums annually in such amounts  
4 as are determined under section 1222, based on the annual  
5 premiums earned on such reinsured policies, and for the pur-  
6 pose of this subsection, the renewal, extension, modification,  
7 or other change in a policy, for which any additional pre-  
8 mium is charged, shall be deemed to be a policy written on  
9 the date such change was made.

10 “RECOVERY OF PREMIUMS; STATUTE OF LIMITATIONS

11 “SEC. 1224. (a) The Secretary, in a suit brought in the  
12 appropriate United States district court, shall be entitled to  
13 recover from any insurer the amount of any unpaid premiums  
14 lawfully payable by such insurer to the Secretary.

15 “(b) No action or proceeding shall be brought for the  
16 recovery of any premium due to the Secretary for reinsur-  
17 ance, or for the recovery of any premium paid to the Sec-  
18 retary in excess of the amount due to him, unless such action  
19 or proceeding shall have been brought within five years after  
20 the right accrued for which the claim is made, except that,  
21 where the insurer has made or filed with the Secretary a  
22 false or fraudulent annual statement, or other document with  
23 the intent to evade, in whole or in part, the payment of  
24 premiums, the claim shall not be deemed to have accrued  
25 until its discovery by the Secretary.

1       “PART C—PROVISIONS OF GENERAL APPLICABILITY

2               “CLAIMS AND JUDICIAL REVIEW

3       “SEC. 1231. (a) All reinsurance claims for losses under  
4 this title shall be submitted by insurers in accordance with  
5 such terms and conditions as may be established by the  
6 Secretary.

7       “(b) (1) Upon disallowance of any claim under color  
8 of reinsurance made available under this title, or upon re-  
9 fusals of the claimant to accept the amount allowed upon any  
10 such claim, the claimant may institute an action against the  
11 Secretary on such claim in the United States district court  
12 for the district in which a major portion (in terms of value)  
13 of the claim arose.

14       “(2) Any such action must be begun within one year  
15 after the date upon which the claimant received written  
16 notice of disallowance or partial disallowance of the claim,  
17 and exclusive jurisdiction is hereby conferred upon United  
18 States district courts to hear and determine such actions  
19 without regard to the amount in controversy.

20               “FISCAL INTERMEDIARIES AND SERVICING AGENTS

21       “SEC. 1232. (a) In order to provide for maximum  
22 efficiency in the administration of the reinsurance program  
23 under this title, and in order to facilitate the expeditious  
24 payment of any funds under such program, the Secretary  
25 may enter into contracts with any insurer, pool, or other

1 person, for the purpose of providing for the performance of  
2 any or all of the following functions:

3 “(1) estimating or determining any amounts of  
4 payments for reinsurance claims;

5 “(2) receiving and disbursing and accounting for  
6 funds in making payments for reinsurance claims;

7 “(3) auditing the records of any insurer, pool, or  
8 other person to the extent necessary to assure that  
9 proper payments are made;

10 “(4) establishing the basis of liability for reinsur-  
11 ance payments, including the total amount of proved  
12 and approved claims which may be payable to any  
13 insurer, and the total amount of premiums earned by  
14 any insurer in the respective States for reinsured lines  
15 of property insurance; and

16 “(5) otherwise assisting in any manner provided  
17 in the contract to further the purposes of this title.

18 “(b) (1) Any such contract may require the insurer,  
19 pool, or other person, or any of its officers or employees  
20 certifying payments or disbursing funds pursuant to the con-  
21 tract, or otherwise participating in carrying out the contract,  
22 to give surety bond to the United States in such amounts as  
23 the Secretary may deem appropriate.

24 “(2) In the absence of gross negligence or intent to  
25 defraud the United States—

1           “(A) no individual designated pursuant to a con-  
2       tract under this section to certify payments shall be liable  
3       with respect to any payment certified by him under this  
4       section; and

5           “(B) no officer of the United States disbursing funds  
6       shall be liable with respect to any otherwise proper pay-  
7       ment by him if it was based on a voucher signed by an  
8       individual designated pursuant to a contract under this  
9       section to certify payments.

10       “NATIONAL INSURANCE DEVELOPMENT FUND

11       “SEC. 1233. (a) To carry out the programs authorized  
12   under this title, the Secretary is authorized to establish a  
13   National Insurance Development Fund (hereinafter called  
14   the ‘fund’) which shall be available, without fiscal year  
15   limitations—

16           “(1) to make such payments as may, from time to  
17       time, be required under reinsurance contracts under this  
18       title;

19           “(2) to pay such administrative expenses as may  
20       be necessary or appropriate to carry out the purposes of  
21       this title; and

22           “(3) to repay to the Secretary of the Treasury such  
23       sums, including interest thereon, as may be borrowed  
24       from him for purposes of such programs under section  
25       520 (b).

1       “(b) The fund shall be credited with—

2               “(1) reinsurance premiums, fees, and other charges  
3       which may be paid or collected in connection with re-  
4       insurance provided under part B;

5               “(2) interest which may be earned on investments  
6       of the fund;

7               “(3) such amounts as may be advanced to the  
8       fund from appropriations in order to maintain the fund  
9       in an operative condition adequate to meet its liabilities;

10              “(4) receipts from any other source which may,  
11       from time to time, be credited to the fund; and

12              “(5) funds borrowed by the Secretary under sec-  
13       tion 520 (b) and deposited in the fund.

14              “(c) If, after any amounts which may have been ad-  
15       vanced to the fund from appropriations have been credited  
16       to the appropriation from which advanced (including inter-  
17       est thereon at the rate prescribed under section 520 (b) ), the  
18       Secretary determines that the moneys of the fund are in  
19       excess of current needs, he may request the investment of  
20       such amounts as he deems advisable by the Secretary of the  
21       Treasury in obligations issued or guaranteed by the United  
22       States.

23              “RECORDS, ANNUAL STATEMENT, AND AUDITS

24              “SEC. 1234. (a) Any insurer or pool acquiring reinsur-  
25       ance under this title shall furnish the Secretary with such

1 summaries and analyses of information in its records as  
2 may be necessary to carry out the purposes of this title, in  
3 such form as the Secretary, in cooperation with the State  
4 insurance authority, shall, by rules and regulations, pre-  
5 scribe. The Secretary shall make use of State insurance  
6 authority examination reports and facilities to the maximum  
7 extent feasible.

8       “(b) Any insurer or pool acquiring reinsurance under  
9 this title shall file with the Secretary a true and correct  
10 copy of any annual statement, or amendment thereof, filed  
11 with the State insurance authority of its domiciliary State,  
12 at the time it files such statement or amendment with such  
13 State insurance authority.

14       “(c) Any insurer or other person executing any con-  
15 tract, agreement, or other appropriate arrangement with the  
16 Secretary under section 1222 or section 1232 shall keep  
17 reasonable records which fully disclose the total costs of the  
18 programs undertaken or the services being rendered, and  
19 such other records as will facilitate an effective audit of lia-  
20 bility for reinsurance payments by the Secretary.

21       “(d) The Secretary and the Comptroller General of  
22 the United States, or any of their duly authorized repre-  
23 sentatives, shall have access for the purpose of investigation,  
24 audit, and examination to any books, documents, papers,  
25 and records of any insurer or other person that are pertinent

1 to the costs of any program undertaken for, or services ren-  
2 dered to, the Secretary. Such audits shall be conducted to  
3 the maximum extent feasible in cooperation with the State  
4 insurance authorities and through the use of their examining  
5 facilities.

6 "STUDY OF REINSURANCE AND OTHER PROGRAMS

7 "SEC. 1235. (a) The Secretary is authorized and di-  
8 rected to conduct a study of reinsurance and other means  
9 to help assure—

10 " (1) an adequate market for burglary and theft and  
11 other property insurance in urban areas; and

12 " (2) adequate availability of surety bonds for con-  
13 struction contractors in urban areas.

14 " (b) The Secretary shall submit the results of this study,  
15 together with appropriate recommendations, to the President  
16 and Congress no later than one year following the date of  
17 the enactment of this title.

18 "OTHER STUDIES

19 "SEC. 1236. (a) The Secretary is authorized to under-  
20 take such studies as may be necessary to carry out the pur-  
21 poses of this title including, but not limited to, inquiries  
22 concerning—

23 " (1) the operation of plans under part A;

24 " (2) the extent to which essential property insur-  
25 ance is unavailable in urban areas;

1 “(3) the market for private reinsurance; and

2 “(4) loss prevention methods and procedures, in-  
3 surance marketing methods, and underwriting techniques.

4 “(b) To such extent and under such circumstances as  
5 he deems appropriate, the Secretary may conduct any study  
6 authorized under this section in cooperation with State insur-  
7 ance authorities and the private insurance industry.

8 “GENERAL POWERS

9 “SEC. 1237. In the performance of, and with respect to,  
10 the functions, powers, and duties vested in him by this title,  
11 the Secretary shall (in addition to any authority otherwise  
12 vested in him) have the functions, powers, and duties (in-  
13 cluding the authority to issue rules and regulations) set forth  
14 in section 402, except subsections (c) (2), (d), and (f), of  
15 the Housing Act of 1950.

16 “SERVICES AND FACILITIES OF OTHER AGENCIES—UTILI-  
17 ZATION OF PERSONNEL, SERVICES, FACILITIES, AND  
18 INFORMATION

19 “SEC. 1238. The Secretary may, with the consent of  
20 the agency concerned, accept and utilize, on a reimbursable  
21 basis, the officers, employees, services, facilities, and infor-  
22 mation of any agency of the Federal Government, except  
23 that any such agency having custody of any data relating  
24 to any of the matters within the jurisdiction of the Secretary

1 shall, to the extent permitted by law, upon request of the  
2 Secretary, make such data available to the Secretary.

3 "ADVANCE PAYMENTS

4 "SEC. 1239. Any payments which are made under the  
5 authority of this title may be made, after necessary adjust-  
6 ments on account of previously made underpayments or over-  
7 payments in advance or by way of reimbursement. Payments  
8 may be made in such installments and on such conditions as  
9 the Secretary may determine.

10 "TAXATION

11 "SEC. 1240. (a) The National Insurance Development  
12 Fund, including its reserves, surplus, and income, shall be  
13 exempt from all taxation now or hereafter imposed by the  
14 United States, or by any State, or any subdivision thereof,  
15 except that any real property acquired by the Secretary as a  
16 result of reinsurance shall be subject to taxation by any State  
17 or political subdivision thereof, to the same extent, according  
18 to its value, as other real property is taxed.

19 "(b) Any measures undertaken by any State to meet  
20 or to fund its obligations under section 1223 (a) (1) shall  
21 not be the subject of any retaliatory or fiscal imposition by  
22 any other State.

1                               “APPROPRIATIONS

2           “SEC. 1241. There are hereby authorized to be appro-  
3   priated such sums as may be necessary to carry out this  
4   title.”

5                               FINANCING

6           SEC. 1004. Section 520 (b) of the National Housing  
7   Act is amended by inserting “(1)” after “necessary” in the  
8   first sentence, and by striking out the period at the end of  
9   such sentence and inserting in lieu thereof “, and (2) to make  
10   payments for reinsured losses under title XII of this Act:  
11   *Provided, however,* That borrowings to make payments for  
12   reinsured losses under title XII shall be limited to \$150,-  
13   000,000 or such further sum as the Congress, by joint res-  
14   olution, may from time to time determine.”

15                   TITLE XI—NATIONAL FLOOD INSURANCE

16                               SHORT TITLE

17           SEC. 1101. This title may be cited as the “National  
18   Flood Insurance Act of 1968”.

19                               FINDINGS AND DECLARATION OF PURPOSE

20           SEC. 1102. (a) The Congress finds that (1) from time  
21   to time flood disasters have created personal hardships and  
22   economic distress which have required unforeseen disaster

1 relief measures and have placed an increasing burden on the  
2 Nation's resources; (2) despite the installation of preventive  
3 and protective works and the adoption of other public pro-  
4 grams designed to reduce losses caused by flood damage,  
5 these methods have not been sufficient to protect adequately  
6 against growing exposure to future flood losses; (3) as a  
7 matter of national policy, a reasonable method of sharing  
8 the risk of flood losses is through a program of flood insur-  
9 ance which can complement and encourage preventive and  
10 protective measures; and (4) if such a program is initiated  
11 and carried out gradually, it can be expanded as knowledge  
12 is gained and experience is appraised, thus eventually mak-  
13 ing flood insurance coverage available on reasonable terms  
14 and conditions to persons who have need for such protection.

15 (b) The Congress also finds that (1) many factors have  
16 made it uneconomic for the private insurance industry alone  
17 to make flood insurance available to those in need of such  
18 protection on reasonable terms and conditions; but (2) a  
19 program of flood insurance with large-scale participation of  
20 the Federal Government and carried out to the maximum  
21 extent practicable by the private insurance industry is feasi-  
22 ble and can be initiated.

23 (c) The Congress further finds that (1) a program of  
24 flood insurance can promote the public interest by providing  
25 appropriate protection against the perils of flood losses and

1 encouraging sound land use by minimizing exposure of prop-  
2 erty to flood losses; and (2) the objectives of a flood insur-  
3 ance program should be integrally related to a unified  
4 national program for flood plain management and, to this  
5 end, it is the sense of Congress that within two years follow-  
6 ing the date of the enactment of this Act the President should  
7 transmit to the Congress for its consideration any further  
8 proposals necessary for such a unified program, including  
9 proposals for the allocation of costs among beneficiaries of  
10 flood protection.

11 (d) It is therefore the purpose of this title to (1) au-  
12 thorize a flood insurance program by means of which flood  
13 insurance, over a period of time, can be made available on  
14 a nationwide basis through the cooperative efforts of the  
15 Federal Government and the private insurance industry,  
16 and (2) provide flexibility in the program so that such flood  
17 insurance may be based on workable methods of pooling  
18 risks, minimizing costs, and distributing burdens equitably  
19 among those who will be protected by flood insurance and  
20 the general public.

21 (e) It is the further purpose of this title to (1) en-  
22 courage State and local governments to make appropriate  
23 land use adjustments to constrict the development of land  
24 which is exposed to flood damage and minimize damage  
25 caused by flood losses, (2) guide the development of pro-

1 posed future construction, where practicable, away from loca-  
2 tions which are threatened by flood hazards, (3) encourage  
3 lending and credit institutions, as a matter of national policy,  
4 to assist in furthering the objectives of the flood insurance  
5 program, (4) assure that any Federal assistance provided  
6 under the program will be related closely to all flood-related  
7 programs and activities of the Federal Government, and  
8 (5) authorize continuing studies of flood hazards in order  
9 to provide for a constant reappraisal of the flood insurance  
10 program and its effect on land use requirements.

11 AMENDMENTS TO THE FEDERAL FLOOD INSURANCE ACT OF

12 1956

13 SEC. 1103. (a) The second sentence of section 15 (e) of  
14 the Federal Flood Insurance Act of 1956 (79 Stat. 1078)  
15 is amended—

16 (1) by striking out “rate” the second time it  
17 appears in such sentence, and inserting in lieu thereof  
18 “market yield”, and

19 (2) by striking out “as of the last day of”, and  
20 inserting in lieu thereof “during”.

21 (b) Section 15 (e) of such Act is further amended by  
22 striking out the last sentence thereof.

23 (c) Sections 2 through 14, subsections (a) through  
24 (d), and (f) and (g) of section 15, and sections 16 through  
25 23 of such Act are hereby repealed.

1 CHAPTER I—THE NATIONAL FLOOD INSURANCE  
2 PROGRAM

3 BASIC AUTHORITY

4 SEC. 1105. (a) To carry out the purposes of this title,  
5 the Secretary of Housing and Urban Development is author-  
6 ized to establish and carry out a national flood insurance  
7 program which will enable interested persons to purchase  
8 insurance against loss resulting from physical damage to or  
9 loss of real property or personal property related thereto  
10 arising from any flood occurring in the United States.

11 (b) In carrying out the flood insurance program the  
12 Secretary shall, to the maximum extent practicable, en-  
13 courage and arrange for—

14 (1) appropriate financial participation and risk  
15 sharing in the program by insurance companies and other  
16 insurers, and

17 (2) other appropriate participation, on other than a  
18 risk-sharing basis, by insurance companies and other in-  
19 surers, insurance agents and brokers, and insurance ad-  
20 justment organizations,

21 in accordance with the provisions of chapter II.

22 SCOPE OF PROGRAM AND PRIORITIES

23 SEC. 1106. (a) In carrying out the flood insurance pro-  
24 gram the Secretary shall afford a priority to making flood

1 insurance available to cover residential properties which are  
2 designed for the occupancy of from one to four families and  
3 business properties which are owned or leased and operated  
4 by small business concerns.

5 (b) If on the basis of—

6 (1) studies and investigations undertaken and car-  
7 ried out and information received or exchanged under  
8 section 1108, and

9 (2) such other information as may be necessary,  
10 the Secretary determines that it would be feasible to extend  
11 the flood insurance program to cover any types or classes of—

12 (A) other residential properties,

13 (B) other business properties,

14 (C) agricultural properties,

15 (D) properties occupied by private nonprofit orga-  
16 nizations, or

17 (E) properties owned by State and local govern-  
18 ments and agencies thereof,

19 he shall transmit such determination to the Congress together  
20 with his recommendations with respect to any such exten-  
21 sion of the program.

22 (c) The Secretary shall make flood insurance available  
23 in only those States or areas (or subdivisions thereof) which  
24 he has determined have—

25 (1) evidenced a positive interest in securing flood

insurance coverage under the flood insurance program,  
and

(2) given satisfactory assurance that by June 30, 1970, permanent land use and control measures will have been adopted for the State or area (or subdivision) which are consistent with the comprehensive criteria for land management and use developed under section 1161, and that the application and enforcement of such measures will commence as soon as technical information on floodways and on controlling flood elevations is available.

#### NATURE AND LIMITATION OF INSURANCE COVERAGE

SEC. 1107. (a) The Secretary shall from time to time, after consultation with the advisory committee authorized under section 1119, appropriate representatives of the pool formed or otherwise created under section 1131, and appropriate representatives of the insurance authorities of the respective States, provide by regulation for general terms and conditions of insurability which shall be applicable to properties eligible for flood insurance coverage under section 1106, including—

(1) the types, classes, and locations of any such properties which shall be eligible for flood insurance;

(2) the nature and limits of loss or damage in any areas (or subdivisions thereof) which may be covered by such insurance;

1           (3) the classification, limitation, and rejection of  
2           any risks which may be advisable;

3           (4) appropriate minimum premiums;

4           (5) appropriate loss-deductibles; and

5           (6) any other terms and conditions relating to in-  
6           surance coverage or exclusion which may be necessary  
7           to carry out the purposes of this title.

8           (b) In addition to any other terms and conditions under  
9           subsection (a), such regulations shall provide that—

10           (1) any flood insurance coverage based on charge-  
11           able premium rates under section 1109 which are less  
12           than the estimated premium rates under section 1108

13           (a) (1) shall not exceed—

14                   (A) in the case of residential properties which  
15                   are designed for the occupancy of from one to four  
16                   families—

17                           (i) \$17,500 aggregate liability for any  
18                           dwelling unit, and \$30,000 for any single dwell-  
19                           ing structure containing more than one dwelling  
20                           unit, and

21                           (ii) \$5,000 aggregate liability per dwell-  
22                           ing unit for any contents related to such unit;

23                   (B) in the case of business properties which are  
24                   owned or leased and operated by small business con-  
25                   cerns, an aggregate liability with respect to any sin-

1       gle structure, including any contents thereof related  
2       to premises of small business occupants (as that term  
3       is defined by the Secretary) , which shall be equal to  
4       (i) \$30,000 plus (ii) \$5,000 multiplied by the  
5       number of such occupants and shall be allocated  
6       among such occupants (or among the occupant or  
7       occupants and the owner) under regulations pre-  
8       scribed by the Secretary; except that the aggregate  
9       liability for the structure itself may in no case exceed  
10      \$30,000; and

11           (C) in the case of any other properties which  
12      may become eligible for flood insurance coverage  
13      under section 1106—

14           (i) \$30,000 aggregate liability for any  
15      single structure, and

16           (ii) \$5,000 aggregate liability per dwell-  
17      ing unit for any contents related to such unit  
18      in the case of residential properties, or per  
19      occupant (as that term is defined by the Sec-  
20      retary) for any contents related to the premises  
21      occupied in the case of any other properties; and

22      (2) any flood insurance coverage which may be  
23      made available in excess of any of the limits specified  
24      in subparagraph (A) , (B) , or (C) of paragraph (1)  
25      (or allocated to any person under subparagraph (B)

1 of such paragraph) shall be based only on chargeable  
2 premium rates under section 1109 which are not less  
3 than the estimated premium rates under section 1108  
4 (a) (1), and the amount of such excess coverage shall  
5 not in any case exceed an amount which is equal to the  
6 applicable limit so specified (or allocated).

7 ESTIMATES OF PREMIUM RATES

8 SEC. 1108. (a) The Secretary is authorized to under-  
9 take and carry out such studies and investigations and  
10 receive or exchange such information as may be necessary  
11 to estimate, and shall from time to time estimate, on an  
12 area, subdivision, or other appropriate basis—

13 (1) the risk premium rates for flood insurance  
14 which—

15 (A) based on consideration of the risk involved  
16 and accepted actuarial principles, and

17 (B) including—

18 (i) the applicable operating costs and al-  
19 lowances set forth in the schedules prescribed  
20 under section 1112 and reflected in such rates,  
21 and

22 (ii) any administrative expenses (or por-  
23 tion of such expenses) of carrying out the flood  
24 insurance program which, in his discretion,  
25 should properly be reflected in such rates,

1 would be required in order to make such insurance avail-  
2 able on an actuarial basis for any types and classes of  
3 properties for which insurance coverage is available  
4 under section 1106 (a) (or is recommended to the Con-  
5 gress under section 1106 (b) ) ;

6 (2) the rates, if less than the rates estimated under  
7 paragraph (1), which would be reasonable, would  
8 encourage prospective insureds to purchase flood insur-  
9 ance, and would be consistent with the purposes of this  
10 title; and

11 (3) the extent, if any, to which federally assisted  
12 or other flood protection measures initiated after the  
13 date of the enactment of this title affect such rates.

14 (b) In carrying out subsection (a), the Secretary shall,  
15 to the maximum extent feasible and on a reimbursement  
16 basis, utilize the services of the Department of the Army, the  
17 Department of the Interior, the Department of Agriculture,  
18 the Department of Commerce, and the Tennessee Valley  
19 Authority, and, as appropriate, other Federal departments  
20 or agencies, and for such purposes may enter into agree-  
21 ments or other appropriate arrangements with any persons.

22 (c) The Secretary shall give priority to conducting  
23 studies and investigations and making estimates under this  
24 section in those States or areas (or subdivisions thereof)  
25 which he has determined have evidenced a positive interest

1 in securing flood insurance coverage under the flood in-  
2 surance program.

3 ESTABLISHMENT OF CHARGEABLE PREMIUM RATES

4 SEC. 1109. (a) On the basis of estimates made under  
5 section 1108 and such other information as may be necessary,  
6 the Secretary shall from time to time, after consultation with  
7 the advisory committee authorized under section 1119, ap-  
8 propriate representatives of the pool formed or otherwise  
9 created under section 1131, and appropriate representatives  
10 of the insurance authorities of the respective States, pre-  
11 scribe by regulation—

12 (1) chargeable premium rates for any types and  
13 classes of properties for which insurance coverage shall  
14 be available under section 1106 (at less than the esti-  
15 mated risk premium rates under section 1108 (a) (1),  
16 where necessary), and

17 (2) the terms and conditions under which, and the  
18 areas (including subdivisions thereof) within which,  
19 such rates shall apply.

20 (b) Such rates shall, insofar as practicable, be—

21 (1) based on a consideration of the respective risks  
22 involved, including differences in risks due to land use  
23 measures, floodproofing, flood forecasting, and similar  
24 measures,

25 (2) adequate, on the basis of accepted actuarial

principles, to provide reserves for anticipated losses, or, if less than such amount, consistent with the objective of making flood insurance available where necessary at reasonable rates so as to encourage prospective insureds to purchase such insurance and with the purposes of this title, and

(3) stated so as to reflect the basis for such rates, including the differences (if any) between the estimated risk premium rates under section 1108 (a) (1) and the estimated rates under section 1108 (a) (2).

(c) Notwithstanding any other provision of this title, the chargeable rate with respect to any property, the construction or substantial improvement of which the Secretary determines has been started after the identification of the area in which such property is located has been published under paragraph (1) of section 1160, shall not be less than the applicable estimated risk premium rate for such area (or subdivision thereof) under section 1108 (a) (1).

(d) In the event any chargeable premium rate prescribed under this section—

(1) is a rate which is not less than the applicable estimated risk premium rate under section 1108 (a) (1), and

(2) includes any amount for administrative ex-

1       penses of carrying out the flood insurance program  
2       which have been estimated under clause (ii) of section  
3       1108 (a) (1) (B),

4 a sum equal to such amount shall be paid to the Secretary,  
5 and he shall deposit such sum in the National Flood Insur-  
6 ance Fund established under section 1111.

## 7 FINANCING

8 SEC. 1110. (a) All authority which was vested in  
9 the Housing and Home Finance Administrator by virtue of  
10 section 15 (e) of the Federal Flood Insurance Act of 1956  
11 (70 Stat. 1084) (pertaining to the issue of notes or other  
12 obligations to the Secretary of the Treasury), as amended by  
13 subsections (a) and (b) of section 1103 of this Act, shall be  
14 available to the Secretary for the purpose of carrying out  
15 the flood insurance program under this title; except that the  
16 total amount of notes and obligations which may be issued  
17 by the Secretary pursuant to such authority shall not exceed  
18 \$150,000,000.

(b) Any funds borrowed by the Secretary under this authority shall, from time to time, be deposited in the National Flood Insurance Fund established under section 1111.

22 NATIONAL FLOOD INSURANCE FUND

SEC. 1111. (a) To carry out the flood insurance program authorized by this title, the Secretary is authorized to establish in the Treasury of the United States a National Flood

1 Insurance Fund (hereinafter referred to as the "fund")  
2 which shall be available, without fiscal year limitation—

3 (1) for making such payments as may, from time  
4 to time, be required under section 1134;

5 (2) to pay reinsurance claims under the excess  
6 loss reinsurance coverage provided under section 1135;

7 (3) to repay to the Secretary of the Treasury such  
8 sums as may be borrowed from him (together with  
9 interest) in accordance with the authority provided in  
10 section 1110; and

11 (4) for the purposes specified in subsection (d)  
12 under the conditions provided therein.

13 (b) The fund shall be credited with—

14 (1) such funds borrowed in accordance with the  
15 authority provided in section 1110 as may from time  
16 to time be deposited in the fund;

17 (2) premiums, fees, or other charges which may be  
18 paid or collected in connection with the excess loss rein-  
19 surance coverage provided under section 1135;

20 (3) such amounts as may be advanced to the fund  
21 from appropriations in order to maintain the fund in an  
22 operative condition adequate to meet its liabilities;

23 (4) interest which may be earned on investments  
24 of the fund pursuant to subsection (c) ;

1           (5) such sums as are required to be paid to the  
2       Secretary under section 1109 (d) ; and

3           (6) receipts from any other operations under this  
4       title (including premiums under the conditions specified  
5       in subsection (d) , and salvage proceeds, if any, resulting  
6       from reinsurance coverage) .

7       (c) If, after—

8           (1) all outstanding obligations of the fund have  
9       been liquidated, and

10          (2) any outstanding amounts which may have been  
11       advanced to the fund from appropriations authorized  
12       under section 1176 (a) (2) (B) have been credited to  
13       the appropriation from which advanced, with interest  
14       accrued at the rate prescribed under section 15 (e) of  
15       the Federal Flood Insurance Act of 1956, as in effect  
16       immediately prior to the enactment of this title,

17       the Secretary determines that the moneys of the fund are in  
18       excess of current needs, he may request the investment of  
19       such amounts as he deems advisable by the Secretary of the  
20       Treasury in obligations issued or guaranteed by the United  
21       States.

22       (d) In the event the Secretary makes a finding in  
23       accordance with the provisions of section 1140 that operation  
24       of the flood insurance program, in whole or in part, should  
25       be carried out through the facilities of the Federal Govern-

1 ment, the fund shall be available for all purposes incident  
2 thereto, including—

3 (1) costs incurred in the adjustment and payment  
4 of any claims for losses, and

5 (2) payment of applicable operating costs set forth  
6 in the schedules prescribed under section 1112,  
7 for so long as the program is so carried out, and in such  
8 event any premiums paid shall be deposited by the Secretary  
9 to the credit of the fund.

10 OPERATING COSTS AND ALLOWANCES

11 SEC. 1112. (a) The Secretary shall from time to time  
12 negotiate with appropriate representatives of the insurance  
13 industry for the purpose of establishing—

14 (1) a current schedule of operating costs applicable  
15 both to risk-sharing insurance companies and other in-  
16 surers and to insurance companies and other insurers,  
17 insurance agents and brokers, and insurance adjustment  
18 organizations participating on other than a risk-sharing  
19 basis, and

20 (2) a current schedule of operating allowances ap-  
21 plicable to risk-sharing insurance companies and other  
22 insurers,

23 which may be payable in accordance with the provisions of  
24 chapter II, and such schedules shall from time to time be  
25 prescribed in regulations.

1 (b) For purposes of subsection (a) —

2 (1) The term “operating costs” shall (without  
3 limiting such term) include—

4 (A) expense reimbursements covering the  
5 direct, actual, and necessary expenses incurred in  
6 connection with selling and servicing flood insurance  
7 coverage;

8 (B) reasonable compensation payable for sell-  
9 ing and servicing flood insurance coverage, or com-  
10 missions or service fees paid to producers;

11 (C) loss adjustment expenses; and

12 (D) other direct, actual, and necessary ex-  
13 penses which the Secretary finds are incurred in  
14 connection with selling or servicing flood insurance  
15 coverage; and

16 (2) the term “operating allowances” shall (with-  
17 out limiting such term) include amounts for profit and  
18 contingencies which the Secretary finds reasonable and  
19 necessary to carry out the purposes of this title.

20 PAYMENT OF CLAIMS

21 SEC. 1113. The Secretary is authorized to prescribe regu-  
22 lations establishing the general method or methods by which  
23 proved and approved claims for losses may be adjusted and  
24 paid for any damage to or loss of property which is covered

1 by flood insurance made available under the provisions  
2 of this title.

3 DISSEMINATION OF FLOOD INSURANCE INFORMATION

4 SEC. 1114. The Secretary shall from time to time take  
5 such action as may be necessary in order to make informa-  
6 tion and data available to the public, and to any State or local  
7 agency or official, with regard to—

8 (1) the flood insurance program, its coverage and  
9 objectives, and

10 (2) estimated and chargeable flood insurance  
11 premium rates, including the basis for and differences  
12 between such rates in accordance with the provisions  
13 of section 1109.

14 PROHIBITION AGAINST CERTAIN DUPLICATIONS OF  
15 BENEFITS

16 SEC. 1115. (a) Notwithstanding the provisions of any  
17 other law, no Federal disaster assistance shall be made avail-  
18 able to any person—

19 (1) for the physical loss, destruction, or damage of  
20 real or personal property, to the extent that such loss,  
21 destruction, or damage is covered by a valid claim which  
22 may be adjusted and paid under flood insurance made  
23 available under the authority of this title, or

24 (2) except in the situation provided for under sub-

1 section (b), for the physical loss, destruction, or damage  
2 of real or personal property, to the extent that such loss,  
3 destruction, or damage could have been covered by a  
4 valid claim under flood insurance which had been made  
5 available under the authority of this title, if—

6 (A) such loss, destruction, or damage occurred  
7 subsequent to one year following the date flood  
8 insurance was made available in the area (or sub-  
9 division thereof) in which such property or the  
10 major part thereof was located, and

11 (B) such property was eligible for flood insur-  
12 ance under this title at that date;

13 and in such circumstances the extent that such loss,  
14 destruction, or damage could have been covered shall  
15 be presumed (for purposes of this subsection) to be an  
16 amount not less than the maximum limit of insurable  
17 loss or damage applicable to such property in such area  
18 (or subdivision thereof), pursuant to regulations under  
19 section 1107, at the time insurance was made available  
20 in such area (or subdivision thereof).

21 (b) In order to assure that the provisions of subsection  
22 (a) (2) will not create undue hardship for low-income per-  
23 sons who might otherwise benefit from the provision of  
24 Federal disaster assistance, the Secretary shall provide by  
25 regulation for the circumstances in which the provisions of

1 subsection (a) (2) shall not be applicable to any such  
2 persons.

3 (c) For purposes of this section, "Federal disaster assist-  
4 ance" shall include any Federal financial assistance which  
5 may be made available to any person as a result of—

6 (1) a major disaster (within the meaning of that  
7 term as determined by the President pursuant to the  
8 Act entitled "An Act to authorize Federal assistance to  
9 State and local governments in major disasters, and  
10 for other purposes", as amended (42 U.S.C. 1855–  
11 1855g) ),

12 (2) a natural disaster, as determined by the Secre-  
13 tary of Agriculture pursuant to section 321 of the Con-  
14 solidated Farmers Home Administration Act of 1961  
15 (7 U.S.C. 1961) , or

16 (3) a disaster with respect to which loans may be  
17 made under section 7 (b) of the Small Business Act (15  
18 U.S.C. 636 (b) ) .

19 (d) For purposes of section 10 of the Disaster Relief  
20 Act of 1966 (80 Stat. 1320) , the term "financial assistance"  
21 shall be deemed to include any flood insurance which is  
22 made available under this title.

23 STATE AND LOCAL LAND USE CONTROLS

24 SEC. 1116. After June 30, 1970, no new flood insurance  
25 coverage shall be provided under this title in any area (or

1 subdivision thereof) unless an appropriate public body shall  
2 have adopted permanent land use and control measures (with  
3 effective enforcement provisions) which the Secretary finds  
4 are consistent with the comprehensive criteria for land man-  
5 agement and use under section 1161.

6 PROPERTIES IN VIOLATION OF STATE AND LOCAL LAW

7 SEC. 1117. No new flood insurance coverage shall be  
8 provided under this title for any property which the Sec-  
9 retary finds has been declared by a duly constituted State  
10 or local zoning authority, or other authorized public body,  
11 to be in violation of State or local laws, regulations, or  
12 ordinances which are intended to discourage or otherwise  
13 restrict land development or occupancy in flood-prone areas.

14 COORDINATION WITH OTHER PROGRAMS

15 SEC. 1118. In carrying out this title, the Secretary shall  
16 consult with other departments and agencies of the Federal  
17 Government, and with interstate, State, and local agencies  
18 having responsibilities for flood control, flood forecasting, or  
19 flood damage prevention, in order to assure to the maximum  
20 extent practicable that the programs of such agencies and  
21 the flood insurance program authorized under this title are  
22 mutually consistent.

23 ADVISORY COMMITTEE

24 SEC. 1119. (a) The Secretary shall appoint a flood in-  
25 surance advisory committee, without regard to the provisions

1 of title 5, United States Code, governing appointments in the  
2 competitive service, and such committee shall advise the  
3 Secretary in the preparation of any regulations prescribed in  
4 accordance with this title and with respect to policy matters  
5 arising in the administration of this title, and shall perform  
6 such other responsibilities as the Secretary may, from time  
7 to time, assign to such committee.

8 (b) Such committee shall consist of not more than fif-  
9 teen persons and such persons shall be selected from among  
10 representatives of—

- 11 (1) the insurance industry,
- 12 (2) State and local governments,
- 13 (3) lending institutions,
- 14 (4) the homebuilding industry, and
- 15 (5) the general public.

16 (c) Members of the committee shall, while attending  
17 conferences or meetings thereof, be entitled to receive com-  
18 pensation at a rate fixed by the Secretary but not exceeding  
19 \$100 per day, including traveltime, and while so serving  
20 away from their homes or regular places of business they  
21 may be allowed travel expenses, including per diem in lieu  
22 of subsistence, as is authorized under section 5703 of title  
23 5, United States Code, for persons in the Government serv-  
24 ice employed intermittently.

1                                    INITIAL PROGRAM LIMITATION

2            SEC. 1120. The face amount of flood insurance coverage  
3 outstanding and in force at any one time under this title  
4 shall not exceed the sum of \$2,500,000,000.

5                                    REPORT TO THE PRESIDENT

6            SEC. 1121. The Secretary shall include a report of opera-  
7 tions under this title in the annual report to the President  
8 for submission to the Congress required by section 8 of the  
9 Department of Housing and Urban Development Act.

10    CHAPTER II—ORGANIZATION AND ADMINISTRA-  
11            TION OF THE FLOOD INSURANCE PROGRAM

12                                    ORGANIZATION AND ADMINISTRATION

13            SEC. 1130. Following such consultation with representa-  
14 tives of the insurance industry as may be necessary, the Sec-  
15 retary shall implement the flood insurance program author-  
16 ized under chapter I in accordance with the provisions of part  
17 A of this chapter and, if a determination is made by him  
18 under section 1140, under part B of this chapter.

19    PART A—INDUSTRY PROGRAM WITH FEDERAL FINAN-  
20                                    CIAL ASSISTANCE

21                                    INDUSTRY FLOOD INSURANCE POOL

22            SEC. 1131. (a) The Secretary is authorized to encourage  
23 and otherwise assist any insurance companies and other in-  
24 surers which meet the requirements prescribed under sub-

1 section (b) to form, associate, or otherwise join together in  
2 a pool—

3 (1) in order to provide the flood insurance cover-  
4 age authorized under chapter I; and

5 (2) for the purpose of assuming, on such terms and  
6 conditions as may be agreed upon, such financial respon-  
7 sibility as will enable such companies and other insurers,  
8 with the Federal financial and other assistance available  
9 under this title, to assume a reasonable proportion of  
10 responsibility for the adjustment and payment of claims  
11 for losses under the flood insurance program.

12 (b) In order to promote the effective administration  
13 of the flood insurance program under this part, and to assure  
14 that the objectives of this title are furthered, the Secretary  
15 is authorized to prescribe appropriate requirements for insur-  
16 ance companies and other insurers participating in such pool  
17 including, but not limited to, minimum requirements for  
18 capital or surplus or assets.

19 AGREEMENTS WITH FLOOD INSURANCE POOL

20 SEC. 1132. (a) The Secretary is authorized to enter into  
21 such agreements with the pool formed or otherwise created  
22 under this part as he deems necessary to carry out the  
23 purposes of this title.

24 (b) Such agreements shall specify—

1           (1) the terms and conditions under which risk  
2 capital will be available for the adjustment and payment  
3 of claims,

4           (2) the terms and conditions under which the pool  
5 (and the companies and other insurers participating  
6 therein) shall participate in premiums received and  
7 profits or losses realized or sustained,

8           (3) the maximum amount of profit, established by  
9 the Secretary and set forth in the schedules prescribed  
10 under section 1112, which may be realized by such pool  
11 (and the companies and other insurers participating  
12 therein),

13           (4) the terms and conditions under which operating  
14 costs and allowances set forth in the schedules prescribed  
15 under section 1112 may be paid, and

16           (5) the terms and conditions under which pre-  
17 mium equalization payments under section 1134 will be  
18 made and reinsurance claims under section 1135 will be  
19 paid.

20           (c) In addition, such agreements shall contain such  
21 provisions as the Secretary finds necessary to assure that—

22           (1) no insurance company or other insurer which  
23 meets the requirements prescribed under section 1131

24           (b), and which has indicated an intention to participate

1 in the flood insurance program on a risk-sharing basis,  
2 will be excluded from participating in the pool,

3 (2) the insurance companies and other insurers par-  
4 ticipating in the pool will take whatever action may be  
5 necessary to provide continuity of flood insurance cover-  
6 age by the pool, and

7 (3) any insurance companies and other insurers,  
8 insurance agents and brokers, and insurance adjustment  
9 organizations will be permitted to cooperate with the  
10 pool as fiscal agents or otherwise, on other than a risk-  
11 sharing basis, to the maximum extent practicable.

12 ADJUSTMENT AND PAYMENT OF CLAIMS AND JUDICIAL  
13 REVIEW

14 SEC. 1133. The insurance companies and other insurers  
15 which form, associate, or otherwise join together in the pool  
16 under this part may adjust and pay all claims for proved and  
17 approved losses covered by flood insurance in accordance  
18 with the provisions of this title and, upon the disallowance  
19 by any such company or other insurer of any such claim, or  
20 upon the refusal of the claimant to accept the amount al-  
21 lowed upon any such claim, the claimant, within one year  
22 after the date of mailing of notice of disallowance or partial  
23 disallowance of the claim, may institute an action on such  
24 claim against such company or other insurer in the United

1 States district court for the district in which the insured  
 2 property or the major part thereof shall have been situated,  
 3 and jurisdiction is hereby conferred upon such court to hear  
 4 and determine such action without regard to the amount in  
 5 controversy.

6                   PREMIUM EQUALIZATION PAYMENTS

7           SEC. 1134. (a) The Secretary, on such terms and condi-  
 8 tions as he may from time to time prescribe, shall make  
 9 periodic payments to the pool formed or otherwise created  
 10 under section 1131, in recognition of such reductions in  
 11 chargeable premium rates under section 1109 below esti-  
 12 mated premium rates under section 1108 (a) (1) as are re-  
 13 quired in order to make flood insurance available on reason-  
 14 able terms and conditions.

15           (b) Such payments shall be based only on the aggregate  
 16 amount of flood insurance retained by the pool after ceding  
 17 reinsurance in accordance with the provisions of section 1135,  
 18 and shall not exceed an aggregate amount in any payment  
 19 period equal to the sum of the following:

20           (1) an amount for losses which bears the same  
 21 ratio to the amount of all proved and approved claims  
 22 for losses under this title during any designated period  
 23 as the amount equal to the difference between—

24           (A) the sum of all premium payments for flood

1 insurance coverage in force under this title during  
2 such designated period which would have been pay-  
3 able during such period if all such coverage were  
4 based on estimated risk premium rates under section  
5 1108 (a) (1) (excluding any administrative ex-  
6 penses which may be reflected in such rates, as  
7 specified in clause (ii) of section 1108 (a) (1)  
8 (B) ), and

9 (B) the sum of the premium payments actually  
10 paid or payable for such insurance under this title  
11 during such period,

12 bears to the amount specified in clause (A) ; and

13 (2) subject to the terms and conditions specified in  
14 the agreements entered into with the pool under section  
15 1132, a proportionate amount for appropriate operating  
16 costs and allowances (as set forth in the schedules pre-  
17 scribed under section 1112) during any designated  
18 period which bears the same ratio to the total amount  
19 of such operating costs and allowances during such  
20 period as the ratio specified in paragraph (1) .

21 (c) Designated periods under this section and the  
22 methods for determining the sum of premiums paid or pay-  
23 able during such periods shall be established by the Sec-  
24 retary.

## 1 REINSURANCE COVERAGE

2 SEC. 1135. (a) The Secretary is authorized to take  
3 such action as may be necessary in order to make available,  
4 to the pool formed or otherwise created under section 1131,  
5 reinsurance for losses (due to claims for proved and approved  
6 losses covered by flood insurance) which are in excess of  
7 losses assumed by such pool in accordance with the excess  
8 loss agreement entered into under subsection (c).

9 (b) Such reinsurance shall be made available pursuant  
10 to contract, agreement, or any other arrangement, in con-  
11 sideration of such payment of a premium, fee, or other charge  
12 as the Secretary finds necessary to cover anticipated losses  
13 and other costs of providing such reinsurance.

14 (c) The Secretary is authorized to negotiate an excess  
15 loss agreement, from time to time, under which the amount  
16 of flood insurance retained by the pool, after ceding rein-  
17 surance, shall be adequate to further the purposes of this  
18 title, consistent with the objective of maintaining appropriate  
19 financial participation and risk sharing to the maximum ex-  
20 tent practicable on the part of participating insurance com-  
21 panies and other insurers.

22 (d) All reinsurance claims for losses in excess of losses  
23 assumed by the pool shall be submitted on a portfolio basis  
24 by such pool in accordance with terms and conditions estab-  
25 lished by the Secretary.

## 1       PART B—GOVERNMENT PROGRAM WITH INDUSTRY

## 2                       ASSISTANCE

## 3                       FEDERAL OPERATION OF THE PROGRAM

4       SEC. 1140. (a) If at any time, after consultation with  
5 representatives of the insurance industry, the Secretary deter-  
6 mines that operation of the flood insurance program as pro-  
7 vided under part A cannot be carried out, or that such opera-  
8 tion, in itself, would be assisted materially by the Federal  
9 Government's assumption, in whole or in part, of the opera-  
10 tional responsibility for flood insurance under this title (on a  
11 temporary or other basis), he shall promptly undertake any  
12 necessary arrangements to carry out the program of flood  
13 insurance authorized under chapter I through the facilities of  
14 the Federal Government, utilizing, as may be practicable for  
15 purposes of providing flood insurance coverage, insurance  
16 companies and other insurers, insurance agents and brokers,  
17 and insurance adjustment organizations, as fiscal agents of  
18 the United States.

19       (b) Upon making the determination referred to in sub-  
20 section (a), and at least thirty days prior to implementing  
21 the program of flood insurance authorized under chapter I  
22 through the facilities of the Federal Government, the Secre-  
23 tary shall make a report to the Congress and such report  
24 shall—

1           (1) state the reasons for such determination,  
2           (2) be supported by pertinent findings,  
3           (3) indicate the extent to which it is anticipated  
4 that the insurance industry will be utilized in providing  
5 flood insurance coverage under the program, and  
6           (4) contain such recommendations as the Secretary  
7 deems advisable.

8 ADJUSTMENT AND PAYMENT OF CLAIMS AND JUDICIAL  
9 REVIEW

SEC. 1141. In the event the program is carried out as provided in section 1140, the Secretary shall be authorized to adjust and make payment of any claims for proved and approved losses covered by flood insurance, and upon the disallowance by the Secretary of any such claim, or upon the refusal of the claimant to accept the amount allowed upon any such claim, the claimant, within one year after the date of mailing of notice of disallowance or partial disallowance by the Secretary, may institute an action against the Secretary on such claim in the United States district court for the district in which the insured property or the major part thereof shall have been situated, and jurisdiction is hereby conferred upon such court to hear and determine such action without regard to the amount in controversy.

## 1 PART C—PROVISIONS OF GENERAL APPLICABILITY

## 2 SERVICES BY INSURANCE INDUSTRY

3 SEC. 1145. (a) In administering the flood insurance  
4 program under this chapter, the Secretary is authorized to  
5 enter into any contracts, agreements, or other appropriate ar-  
6 rangements which may, from time to time, be necessary for  
7 the purpose of utilizing, on such terms and conditions as may  
8 be agreed upon, the facilities and services of any insurance  
9 companies or other insurers, insurance agents and brokers, or  
10 insurance adjustment organizations; and such contracts,  
11 agreements, or arrangements may include provision for pay-  
12 ment of applicable operating costs and allowances for such  
13 facilities and services as set forth in the schedules prescribed  
14 under section 1112.

15 (b) Any such contracts, agreements, or other arrange-  
16 ments may be entered into without regard to the provisions  
17 of section 3709 of the Revised Statutes (41 U.S.C. 5) or  
18 any other provision of law requiring competitive bidding.

19 USE OF INSURANCE POOL, COMPANIES, OR OTHER PRIVATE  
20 ORGANIZATIONS FOR CERTAIN PAYMENTS

21 SEC. 1146. (a) In order to provide for maximum effi-  
22 ciency in the administration of the flood insurance program  
23 and in order to facilitate the expeditious payment of any

1 Federal funds under such program, the Secretary may enter  
2 into contracts with pool formed or otherwise created under  
3 section 1131, or any insurance company or other private  
4 organization, for the purpose of securing performance by such  
5 pool, company, or organization of any or all of the following  
6 responsibilities:

7 (1) estimating and later determining any amounts  
8 of payments to be made;

9 (2) receiving from the Secretary, disbursing, and  
10 accounting for funds in making such payments;

11 (3) making such audits of the records of any insur-  
12 ance company or other insurer, insurance agent or  
13 broker, or insurance adjustment organization as may be  
14 necessary to assure that proper payments are made; and

15 (4) otherwise assisting in such manner as the con-  
16 tract may provide to further the purposes of this title.

17 (b) Any contract with the pool or an insurance com-  
18 pany or other private organization under this section may  
19 contain such terms and conditions as the Secretary finds  
20 necessary or appropriate for carrying out responsibilities  
21 under subsection (a), and may provide for payment of any  
22 costs which the Secretary determines are incidental to carry-  
23 ing out such responsibilities which are covered by the  
24 contract.

25 (c) Any contract entered into under subsection (a)

1 may be entered into without regard to section 3709 of the  
2 Revised Statutes (41 U.S.C. 5) or any other provision of  
3 law requiring competitive bidding.

4 (d) No contract may be entered into under this section  
5 unless the Secretary finds that the pool, company, or orga-  
6 nization will perform its obligations under the contract effi-  
7 ciently and effectively, and will meet such requirements as  
8 to financial responsibility, legal authority, and other matters  
9 as he finds pertinent.

10 (e) (1) Any such contract may require the pool, com-  
11 pany, or organization or any of its officers or employees  
12 certifying payments or disbursing funds pursuant to the  
13 contract, or otherwise participating in carrying out the  
14 contract, to give surety bond to the United States in such  
15 amount as the Secretary may deem appropriate.

16 (2) No individual designated pursuant to a contract  
17 under this section to certify payments shall, in the absence  
18 of gross negligence or intent to defraud the United States, be  
19 liable with respect to any payment certified by him under  
20 this section.

21 (3) No officer disbursing funds shall, in the absence of  
22 gross negligence or intent to defraud the United States, be  
23 liable with respect to any payment by him under this section  
24 if it was based upon a voucher signed by an individual desig-

1 nated to certify payments as provided in paragraph (2) of  
2 this subsection.

3 (f) Any contract entered into under this section shall  
4 be for a term of one year, and may be made automatically  
5 renewable from term to term in the absence of notice by  
6 either party of an intention to terminate at the end of the  
7 current term; except that the Secretary may terminate any  
8 such contract at any time (after reasonable notice to the  
9 pool, company, or organization involved) if he finds that  
10 the pool, company, or organization has failed substantially  
11 to carry out the contract, or is carrying out the contract  
12 in a manner inconsistent with the efficient and effective  
13 administration of the flood insurance program authorized  
14 under this title.

15 SETTLEMENT AND ARBITRATION

16 SEC. 1147. (a) The Secretary is authorized to make  
17 final settlement of any claims or demands which may arise  
18 as a result of any financial transactions which he is author-  
19 ized to carry out under this chapter, and may, to assist him  
20 in making any such settlement, refer any disputes relating  
21 to such claims or demands to arbitration, with the consent  
22 of the parties concerned.

1       (b) Such arbitration shall be advisory in nature, and  
2 any award, decision, or recommendation which may be  
3 made shall become final only upon the approval of the  
4 Secretary.

5                       RECORDS AND AUDITS

6       SEC. 1148. (a) The flood insurance pool formed or  
7 otherwise created under part A of this chapter, and any insur-  
8 ance company or other private organization executing any  
9 contract, agreement, or other appropriate arrangement with  
10 the Secretary under part B of this chapter or this part, shall  
11 keep such records as the Secretary shall prescribe, including  
12 records which fully disclose the total costs of the program  
13 undertaken or the services being rendered, and such other  
14 records as will facilitate an effective audit.

15       (b) The Secretary and the Comptroller General of the  
16 United States, or any of their duly authorized representatives,  
17 shall have access for the purpose of audit and examination to  
18 any books, documents, papers, and records of the pool and  
19 any such insurance company or other private organization  
20 that are pertinent to the costs of the program undertaken or  
21 the services being rendered.

1 CHAPTER III—COORDINATION OF FLOOD INSUR-  
2 ANCE WITH LAND-MANAGEMENT PRO-  
3 GRAMS IN FLOOD-PRONE AREAS

4 IDENTIFICATION OF FLOOD-PRONE AREAS

5 SEC. 1160. The Secretary is authorized to consult with,  
6 receive information from, and enter into any agreements  
7 or other arrangements with the Secretaries of the Army, the  
8 Interior, Agriculture, and Commerce, the Tennessee Valley  
9 Authority, and the heads of other Federal departments or  
10 agencies, on a reimbursement basis, or with the head of any  
11 State or local agency, in order that he may—

12 (1) identify and publish information with respect  
13 to all flood plain areas, including coastal areas located  
14 in the United States, which have special flood hazards,  
15 within five years following the date of the enactment of  
16 this Act, and

17 (2) establish flood-risk zones in all such areas, and  
18 make estimates with respect to the rates of probable  
19 flood-caused loss for the various flood-risk zones for  
20 each of these areas, within fifteen years following such  
21 date.

22 CRITERIA FOR LAND MANAGEMENT AND USE

23 SEC. 1161. (a) The Secretary is authorized to carry out  
24 studies and investigations, utilizing to the maximum extent  
25 practicable the existing facilities and services of other Fed-

1 eral departments or agencies, and State and local govern-  
2 mental agencies, and any other organizations, with respect to  
3 the adequacy of State and local measures in flood-prone  
4 areas as to land management and use, flood control, flood  
5 zoning, and flood damage prevention, and may enter into  
6 any contracts, agreements, or other appropriate arrangements  
7 to carry out such authority.

8 (b) Such studies and investigations shall include, but  
9 not be limited to, laws, regulations, or ordinances relating to  
10 encroachments and obstructions on stream channels and  
11 floodways, the orderly development and use of flood plains  
12 of rivers or streams, floodway encroachment lines, and flood  
13 plain zoning, building codes, building permits, and subdivi-  
14 sion or other building restrictions.

15 (c) On the basis of such studies and investigations, and  
16 such other information as he deems necessary, the Secre-  
17 tary shall from time to time develop comprehensive criteria  
18 designed to encourage, where necessary, the adoption of  
19 permanent State and local measures which, to the maximum  
20 extent feasible, will—

21 (1) constrict the development of land which is ex-  
22 posed to flood damage where appropriate,

23 (2) guide the development of proposed construc-  
24 tion away from locations which are threatened by flood  
25 hazards,

- 1           (3) assist in reducing damage caused by floods, and  
2           (4) otherwise improve the long-range land man-  
3           agement and use of flood-prone areas,  
4   and he shall work closely with and provide any necessary  
5   technical assistance to State, interstate, and local govern-  
6   mental agencies, to encourage the application of such criteria  
7   and the adoption and enforcement of such measures.

8           PURCHASE OF CERTAIN INSURED PROPERTIES

9           SEC. 1162. The Secretary may, when he determines that  
10   the public interest would be served thereby, enter into nego-  
11   tiations with any owner of real property or interest therein  
12   which—

13           (1) was located in any flood-risk area, as deter-  
14   mined by the Secretary,

15           (2) was covered by flood insurance under the flood  
16   insurance program authorized under this title, and

17           (3) was damaged substantially beyond repair by  
18   flood while so covered,

19   and may purchase such property or interests therein, for sub-  
20   sequent transfer, by sale, lease, donation, or otherwise, to  
21   any State or local agency which enters into an agreement  
22   with the Secretary that such property shall, for a period not  
23   less than forty years following transfer, be used for only such  
24   purposes as the Secretary may, by regulation, determine to

1 be consistent with sound land management and use in such  
2 area.

3 CHAPTER IV—APPROPRIATIONS AND  
4 MISCELLANEOUS PROVISIONS

5 DEFINITIONS

6 SEC. 1170. As used in this title—

7 (1) the term “flood” shall have such meaning as  
8 may be prescribed in regulations of the Secretary, and  
9 may include inundation from rising waters or from the  
10 overflow of streams, rivers, or other bodies of water,  
11 or from tidal surges, abnormally high tidal water, tidal  
12 waves, tsunamis, hurricanes, or other severe storms or  
13 deluge;

14 (2) the terms “United States” (when used in a  
15 geographic sense) and “State” includes the several  
16 States, the District of Columbia, the territories and  
17 possessions, the Commonwealth of Puerto Rico, and the  
18 Trust Territory of the Pacific Islands;

19 (3) the terms “insurance company”, “other in-  
20 surer”, and “insurance agent or broker” include any  
21 organizations and persons authorized to engage in the  
22 insurance business under the laws of any State;

23 (4) the term “insurance adjustment organization”  
24 includes any organizations and persons engaged in the

1 business of adjusting loss claims arising under insurance  
2 policies issued by any insurance company or other  
3 insurer;

4 (5) the term "person" includes any individual or  
5 group of individuals, corporation, partnership, associa-  
6 tion, or any other organized group of persons, including  
7 State and local governments and agencies thereof; and

8 (6) the term "Secretary" means the Secretary of  
9 Housing and Urban Development.

10 STUDIES OF OTHER NATURAL DISASTERS

11 SEC. 1171. (a) The Secretary is authorized to undertake  
12 such studies as may be necessary for the purpose of deter-  
13 mining the extent to which insurance protection against  
14 earthquakes or any other natural disaster perils, other than  
15 flood, is not available from public or private sources, and the  
16 feasibility of such insurance protection being made available.

17 (b) Studies under this section shall be carried out, to  
18 the maximum extent practicable, with the cooperation of  
19 other Federal departments and agencies and State and local  
20 agencies, and the Secretary is authorized to consult with,  
21 receive information from, and enter into any necessary  
22 agreements or other arrangements with such other Federal  
23 departments and agencies (on a reimbursement basis) and  
24 such State and local agencies.

## PAYMENTS

SEC. 1172. Any payments under this title may be made (after necessary adjustment on account of previously made underpayments or overpayments) in advance or by way of reimbursement, and in such installments and on such conditions, as the Secretary may determine.

## GOVERNMENT CORPORATION CONTROL ACT

SEC. 1173. The provisions of the Government Corporation Control Act shall apply to the program authorized under this title to the same extent as they apply to wholly owned Government corporations.

## FINALITY OF CERTAIN FINANCIAL TRANSACTIONS

SEC. 1174. Notwithstanding the provisions of any other law—

(1) any financial transaction authorized to be carried out under this title, and

(2) any payment authorized to be made or to be received in connection with any such financial transaction, shall be final and conclusive upon all officers of the Government.

## ADMINISTRATIVE EXPENSES

SEC. 1175. Any administrative expenses which may be sustained by the Federal Government in carrying out the

1 flood insurance program authorized under this title may be  
2 paid out of appropriated funds.

## 3 APPROPRIATIONS

4 SEC. 1176. (a) There are hereby authorized to be ap-  
5 propriated such sums as may from time to time be necessary  
6 to carry out this title, including sums—

7           (1) to cover administrative expenses authorized  
8           under section 1175;

9                   (2) to reimburse the National Flood Insurance  
10       Fund established under section 1111 for—

11 (A) premium equalization payments under sec-  
12 tion 1134 which have been made from such fund;  
13 and

14                    (B) reinsurance claims paid under the excess  
15                    loss reinsurance coverage provided under section  
16                    1135; and

17 (3) to make such other payments as may be neces-  
18 sary to carry out the purposes of this title.

(b) All such funds shall be available without fiscal year limitation.

TITLE XII—MORTGAGE INSURANCE FOR  
NONPROFIT HOSPITALS

AMENDMENT TO NATIONAL HOUSING ACT

SEC. 1201. Title II of the National Housing Act is amended by adding at the end thereof (after the new section added by section 307 of this Act) the following new section:

“MORTGAGE INSURANCE FOR NONPROFIT HOSPITALS

“SEC. 242. (a) The purpose of this section is to assist the provision of urgently needed hospitals for the care and treatment of persons who are acutely ill or who otherwise require medical care and related services of the kind customarily furnished only (or most effectively) by hospitals.

“(b) For the purposes of this section—

“(1) the term ‘hospital’ means a facility—

“(A) which provides community service for inpatient medical care of the sick or injured (including obstetrical care) ;

“(B) not more than 50 per centum of the total patient days of which during any year are customar-

1           ily assignable to the categories of chronic conva-  
2           lescent and rest, drug and alcoholic, epileptic, men-  
3           tally deficient, mental, nervous and mental, and  
4           tuberculosis; and

5           “(C) which is owned and operated by one or  
6           more nonprofit corporations or associations no part  
7           of the net earnings of which inures, or may lawfully  
8           inure, to the benefit of any private shareholder or  
9           individual; and

10          “(2) the terms ‘mortgage’ and ‘mortgagor’ shall  
11          have the meanings respectively set forth in section  
12          207 (a) of this Act, except that the mortgage, by the  
13          same instrument or by a separate instrument, may  
14          create a security interest in initial equipment, whether  
15          or not attached to the realty.

16          “(c) The Secretary is authorized to insure any mort-  
17          gage (including advances on such mortgage during construc-  
18          tion) in accordance with the provisions of this section upon  
19          such terms and conditions as he may prescribe and to make  
20          commitments for insurance of such mortgage prior to the  
21          date of its execution or disbursement thereon.

22          “(d) In order to carry out the purpose of this section,  
23          the Secretary is authorized to insure any mortgage which  
24          covers a new or rehabilitated hospital, including equipment

1 to be used in its operation, subject to the following  
2 conditions:

3 “(1) The mortgage shall be executed by a mortgagor  
4 approved by the Secretary. The Secretary may in his dis-  
5 cretion require any such mortgagor to be regulated or re-  
6 stricted as to charges and methods of financing, and, in  
7 addition thereto, if the mortgagor is a corporate entity, as to  
8 capital structure and rate of return. As an aid to the regula-  
9 tion or restriction of any mortgagor with respect to any of  
10 the foregoing matters, the Secretary may make such con-  
11 tracts with and acquire for not to exceed \$100 such stock  
12 or interest in such mortgagor as he may deem necessary.  
13 Any stock or interest so purchased shall be paid for out of  
14 the General Insurance Fund, and shall be redeemed by the  
15 mortgagor at par upon the termination of all obligations  
16 of the Secretary under the insurance.

17 “(2) The mortgage shall involve a principal obligation  
18 in an amount not to exceed \$25,000,000, and not to exceed  
19 90 per centum of the estimated replacement cost of the  
20 property or project, including equipment to be used in the  
21 operation of the hospital, when the proposed improvements  
22 are completed and the equipment is installed.

23 “(3) The mortgage shall—

1           “(A) provide for complete amortization by periodic  
2       payments within such term as the Secretary shall pre-  
3       scribe, and

4           “(B) bear interest (exclusive of premium charges  
5       for insurance and service charges, if any) at not to ex-  
6       ceed such per centum per annum (not in excess of 6  
7       per centum), on the amount of the principal obligation  
8       outstanding at any time, as the Secretary finds neces-  
9       sary to meet the mortgage market.

10          “(4) The Secretary shall not insure any mortgage under  
11       this section unless he has received, from the State agency  
12       designated in accordance with section 604 (a) (1) of the  
13       Public Health Service Act for the State in which is located  
14       the hospital covered by the mortgage, a certification that (1)  
15       there is a need for such hospital, and (2) there are in force  
16       in such State or the political subdivision of the State in which  
17       the proposed hospital would be located reasonable minimum  
18       standards of licensure and methods of operation for hospitals.  
19       No such mortgage shall be insured under this section unless  
20       the Secretary has received such assurance as he may deem  
21       satisfactory from the State agency that such standards will  
22       be applied and enforced with respect to any hospital located  
23       in the State for which mortgage insurance is provided under  
24       this section.

25          “(e) The Secretary may consent to the release of a part

1 or parts of the mortgaged property or project from the lien  
2 of any mortgage insured under this section upon such terms  
3 and conditions as he may prescribe.

4 “(f) The activities and functions provided for in this  
5 section shall be carried out by the agencies involved so as  
6 to encourage programs that undertake responsibility to pro-  
7 vide comprehensive health care, including outpatient and  
8 preventive care, as well as hospitalization, to a defined popu-  
9 lation.

10 “(g) The provisions of subsections (d), (e), (g),  
11 (h), (i), (j), (k), (l), and (n) of section 207 shall apply  
12 to mortgages insured under this section and all references  
13 therein to section 207 shall be deemed to refer to this  
14 section.”

#### 15 LABOR STANDARDS

16 SEC. 1202. Section 212 (a) of the National Hous-  
17 ing Act is amended by inserting after the fifth sentence the  
18 following new sentence: “The provisions of this section shall  
19 also apply to the insurance of any mortgage under section  
20 242, except that compliance with such provisions may be  
21 waived by the Secretary in cases or classes of cases where  
22 laborers or mechanics, not otherwise employed at any time  
23 on the project, voluntarily donate their services without com-  
24 pensation for the purpose of lowering the costs of construc-  
25 tion and the Secretary determines that any amounts thereby

1 saved are fully credited to the nonprofit corporation or asso-  
2 ciation undertaking the construction; and each laborer or  
3 mechanic employed on any facility covered by a mortgage  
4 insured under section 242 shall receive compensation at a  
5 rate not less than one and one-half times his basic rate of pay  
6 for all hours worked in any workweek in excess of eight  
7 hours in any workday or forty hours in the workweek, as the  
8 case may be.”

9 TITLE XIII—HOUSING GOALS AND ANNUAL  
10 HOUSING REPORT

11 REAFFIRMATION OF GOAL

12 SEC. 1301. The Congress finds that the supply of the  
13 Nation’s housing is not increasing rapidly enough to meet  
14 the national housing goal, established in the Housing Act  
15 of 1949, of the “realization as soon as feasible of the goal  
16 of a decent home and a suitable living environment for every  
17 American family”. The Congress reaffirms this national  
18 housing goal and determines that it should be met within  
19 the next decade by the construction or rehabilitation of  
20 twenty-six million housing units, six million of these for  
21 low and moderate income families

22 ANNUAL HOUSING REPORT

23 SEC. 1302. The Secretary of Housing and Urban De-  
24 velopment shall annually submit to the President and to  
25 the Council of Economic Advisers in time to provide basic

1 material for the Economic Report of the President a re-  
 2 port of (1) his estimate of the number of standard housing  
 3 units produced through new construction and rehabilitation,  
 4 private and public, in the preceding year, (2) his estimate  
 5 of the number of such units produced for low and moderate  
 6 income families, (3) his assessment of whether the ten-  
 7 year housing goal set forth above is being met, (4) his  
 8 recommendation of the current annual goal to meet the ten-  
 9 year goal, and (5) his recommendations of the legislative  
 10 and administrative actions necessary to achieve the ten-year  
 11 goal.

## 12 TITLE XIV—MISCELLANEOUS

### 13 MODEL CITIES

14 SEC. 1401. (a) Section 111 (a) of the Demonstration  
 15 Cities and Metropolitan Development Act of 1966 is  
 16 amended—

17 (1) by striking out “and” the second time it ap-  
 18 pears; and

19 (2) by inserting before the period at the end thereof  
 20 “, and not to exceed \$12,000,000 for the fiscal year  
 21 ending June 30, 1969”.

22 (b) Section 111 (b) of such Act is amended—

23 (1) by striking out “and” the third time it appears;  
 24 and

25 (2) by inserting before the period at the end thereof

1 “, and not to exceed \$1,000,000,000 for the fiscal year  
2 ending June 30, 1970”.

3 (c) Section 111 (c) of such Act is amended to read as  
4 follows:

5 “(c) Any amounts appropriated under this section shall  
6 remain available until expended, and any amounts author-  
7 ized for any fiscal year under this section but not appropri-  
8 ated may be appropriated for any succeeding fiscal year  
9 commencing prior to July 1, 1970.”

10 URBAN RENEWAL DEMONSTRATION GRANT PROGRAM

11 SEC. 1402. (a) Section 314 (a) of the Housing Act of  
12 1954 is amended—

13 (1) by striking out in the first sentence “to public  
14 bodies, including cities and other political subdivisions,”  
15 and inserting in lieu thereof “to public bodies (includ-  
16 ing cities and other political subdivisions) and nonprofit  
17 organizations,”;

18 (2) by inserting after the first sentence the follow-  
19 ing: “In the case of any such grant to a nonprofit orga-  
20 nization, the Secretary shall require that the assisted ac-  
21 tivities and undertakings are not inconsistent with the  
22 program of the local public agency.”; and

23 (3) by striking out in the second sentence “No such  
24 grant shall exceed two-thirds of the cost, as determined

1 or estimated by said Secretary, of such activities or  
2 undertakings,” and inserting in lieu thereof the follow-  
3 ing: “No such grant shall exceed 90 per centum of the  
4 cost, as determined or estimated by the Secretary, of  
5 the assisted activities or undertakings,”.

6 (b) Section 314 (c) of such Act is amended by striking  
7 out “\$10,000,000” and inserting in lieu thereof “\$20,-  
8 000,000”.

9 AUTHORIZATION FOR URBAN INFORMATION AND

10 TECHNICAL ASSISTANCE SERVICES PROGRAM

11 SEC. 1403. (a) The first sentence of section 906 of the  
12 Demonstration Cities and Metropolitan Development Act of  
13 1966 is amended by striking out “and not to exceed \$5,000,-  
14 000 for the fiscal year ending June 30, 1968” and inserting  
15 in lieu thereof “not to exceed \$5,000,000 for each of the  
16 fiscal years 1968 and 1969, and not to exceed \$15,000,000  
17 for fiscal year 1970”.

18 (b) The second sentence of section 906 of such Act is  
19 amended to read as follows: “Any amounts appropriated  
20 under this section shall remain available until expended, and  
21 any amounts authorized for any fiscal year under this section  
22 but not appropriated may be appropriated for any succeeding  
23 fiscal year commencing prior to July 1, 1970.”

1 ADVANCES IN TECHNOLOGY IN HOUSING AND URBAN  
2 DEVELOPMENT

3        SEC. 1404. (a) Section 1010(d) of the Demonstration  
4        Cities and Metropolitan Development Act of 1966 is  
5        amended by inserting before the period at the end of the  
6        first sentence the following: “, which amounts shall be in-  
7        creased in subsequent fiscal years by such sums as may be  
8        necessary”.

9           (b) Section 1010 (c) of such Act is amended by strik-  
10   ing out “two years” in the second sentence and inserting in  
11   lieu thereof “three years”.

## 12 COLLEGE HOUSING

13 SEC. 1405. (a) The heading of section 401 of the  
14 Housing Act of 1950 is amended by striking out "LOANS"  
15 and inserting in lieu thereof "ASSISTANCE IN THE FORM OF  
16 LOANS OR ANNUAL GRANTS".

(b) Section 401 (a) of such Act is amended to read  
as follows:

19       “(a) To assist educational institutions in providing  
20 housing and other educational facilities for students and  
21 faculties, the Secretary may make loans of funds to such  
22 institutions for the construction or purchase of such facilities  
23 or may, as an alternative to all or part of the loan (in the  
24 case of any such institution), make annual grants to the  
25 institution to reduce the cost of its borrowing from other

1 sources for such construction or purchase: *Provided*, That  
2 no such assistance shall be provided unless (1) the educa-  
3 tional institution involved is unable to secure the necessary  
4 funds for the construction or purchase from other sources  
5 upon terms and conditions equally as favorable as the terms  
6 and conditions applicable to loans under this title, and (2)  
7 the Secretary finds that any such construction will be under-  
8 taken in an economical manner, and that any such facilities  
9 are not or will not be of elaborate or extravagant design or  
10 materials.”

11 (c) Section 401 (c) of such Act is amended—

12 (1) by inserting “(1)” after “(c)”;

13 (2) by striking out “of (1)” and “or (2)” and  
14 inserting in lieu thereof “of (A)” and “or (B)”, respec-  
15 tively; and

16 (3) by adding at the end thereof the following new  
17 paragraph:

18 “(2) Annual grants to an educational institution with  
19 respect to any housing or other educational facilities shall be  
20 made over a fixed period not exceeding 40 years, and  
21 provision for such grants shall be embodied in a contract  
22 guaranteeing their payment over such period. Each such  
23 grant shall be in an amount equal to the difference between  
24 (A) the average annual debt service which would be required  
25 to be paid, during the life of the loan, on the amount bor-

1 rowed from other sources for the construction of such facili-  
2 ties, and (B) the average annual debt service which the  
3 institution would have been required to pay, during the  
4 life of the loan, with respect to such amounts if the applicable  
5 interest rate were the rate specified in paragraph (1) :  
6 *Provided*, That the amount on which such grant is based  
7 shall be approved by the Secretary but in no event shall  
8 exceed the total development cost of the facilities.”

9 (d) Section 401 (d) of such Act is amended by insert-  
10 ing “(1)” after “(d)”, and by adding at the end thereof  
11 the following new paragraph:

12 “(2) There are hereby authorized to be appropriated  
13 to the Secretary such sums as may be necessary, together  
14 with loan principal and interest payments made by educa-  
15 tional institutions assisted with loans made hereunder, for  
16 payments on notes or other obligations issued by the Secre-  
17 tary under this section.”

18 (e) Section 401 (f) of such Act is amended to read as  
19 follows:

20 “(f) (1) There are hereby authorized to be appropri-  
21 ated to the Secretary such sums as may be necessary for the  
22 payment of annual grants to educational institutions in ac-  
23 cordance with this section.

24 “(2) Contracts for annual grants under this section shall  
25 not be entered into in an aggregate amount greater than is

1 authorized in appropriation Acts; and in any event the total  
2 amount of annual grants which may be paid to educational  
3 institutions in any year pursuant to contracts entered into  
4 under this section shall not exceed \$10,000,000, which  
5 amount shall be increased by \$10,000,000 on July 1, 1969.”

6 (f) Section 403 of such Act is amended by striking  
7 out “the funds provided for in this title in the form of loans”  
8 and inserting in lieu thereof “the amount of the funds pro-  
9 vided for in this title in the form of loans, and not more than  
10  $12\frac{1}{2}$  per centum of the funds provided for in this title for  
11 grants,”.

12 (g) (1) Section 401 (g) of such Act is amended to  
13 read as follows:

14 “(g) Except as otherwise provided in the second para-  
15 graph of section 404 (b), in the case of any loan which is  
16 made under this section to a nonprofit student housing co-  
17 operative corporation referred to in clause (5) of section  
18 404 (b), or which is obtained from other sources by such a  
19 corporation and is the subject of a contract for annual grants  
20 entered into under this section, the Secretary shall require  
21 that the note securing such loan be cosigned by the educa-  
22 tional institution (referred to in clause (1) of such section)  
23 at which such corporation is located, and that, in the event  
24 of the dissolution of such corporation, title to the housing

1 constructed with such loan will vest in such educational  
2 institution.”

3 (2) Clause (3) (B) of section 404 (b) of such Act is  
4 amended by striking out “of any loan secured under this  
5 title” and inserting in lieu thereof the following: “of any  
6 loan which is made under section 401, or is the subject of a  
7 contract for annual grants entered into under section 401,”.

8 (3) Clause (4) of section 404 (b) of such Act is  
9 amended by striking out “to obtain loans” and inserting in  
10 lieu thereof “to obtain loans or grants”.

11 (4) The second paragraph of section 404 (b) of such  
12 Act is amended by inserting after “clause (5) of this sub-  
13 section,” the following: “and in the case of any loan which  
14 is obtained from other sources by such a corporation and  
15 is the subject of a contract for annual grants entered into  
16 under section 401,”.

17 (h) Section 404 (c) of such Act is amended by in-  
18 serting before the period at the end thereof the following:  
19 “; except that in the case of the purchase of facilities such  
20 term means the cost as approved by the Secretary”.

21 **HOUSING FOR THE ELDERLY**

22 **SEC. 1406.** (a) Section 202 (a) of the Housing Act of  
23 1959 is amended—

24 (1) by inserting in paragraph (1) after “corpora-  
25 tions,” the following: “limited profit sponsors,”;

(2) by inserting in paragraph (2) after “(as defined in subsection (d) (2) ),” the following: “to any limited profit sponsor approved by the Secretary,”; and

(3) by inserting in paragraph (3) after “Secretary” the following: “, except that in the case of other than a corporation, consumer cooperative, or public body or agency the amount of the loan shall not exceed 90 per centum of the development cost”.

(b) Section 202 (c) (3) of such Act is amended by striking out “full”.

#### FEDERAL-STATE TRAINING PROGRAMS

SEC. 1407. (a) Title VIII of the Housing Act of 1964 is amended—

(1) by inserting after “urban centers,” in section 801 (b) the following: “and with business firms and associations, labor unions, and other interested associations and organizations,”;

(2) by striking out “technical and professional people” in sections 801 (b) (1) and 802 (a) (1) and inserting in lieu thereof “technical, professional, and other persons with the capacity to master and employ such skills”; and

(3) by inserting after “which has responsibility for community development” in sections 801 (b) (1) and 802 (a) (1) the following: “, or by a private non-

1 profit organization which is conducting or has responsi-  
2 bility for housing and community development pro-  
3 grams”.

4 (b) Section 805 of such Act is amended by inserting  
5 “Guam, American Samoa, the Trust Territory of the Pacific  
6 Islands,” after “the Commonwealth of Puerto Rico,”.

7 ADDITIONAL ASSISTANT SECRETARY OF HOUSING AND  
8 URBAN DEVELOPMENT

9 SEC. 1408. (a) The first sentence of section 4 (a) of  
10 the Department of Housing and Urban Development Act is  
11 amended by striking out “five” and inserting in lieu thereof  
12 “six”.

13 (b) Paragraph (87) of section 5315 of title 5, United  
14 States Code, is amended by striking out “(4)” and inserting  
15 in lieu thereof “(6)”.

16 INTERNATIONAL HOUSING

17 SEC. 1409. Section 604 of the Housing Act of 1957 is  
18 amended to read as follows:

19 “SEC. 604. (a) The Secretary of Housing and Urban  
20 Development may exchange data relating to housing and  
21 urban planning and development with other nations and  
22 assemble such data from other nations, through participation  
23 in international conferences and other means, where such ex-  
24 change or assembly is deemed by him to be beneficial in  
25 carrying out his responsibilities under the Department of

1 Housing and Urban Development Act or other legislation.  
2 In carrying out his responsibilities under this subsection the  
3 Secretary may—

4 “(1) pay the expenses of participation in activi-  
5 ties conducted under authority of this section including,  
6 but not limited to, the compensation, travel expenses, and  
7 per diem in lieu of subsistence of persons serving in an  
8 advisory capacity while away from their homes or reg-  
9 ular places of business in connection with attendance at  
10 international meetings and conferences, or other travel  
11 for the purpose of exchange or assembly of data relating  
12 to housing and urban planning and development; but  
13 such travel expenses shall not exceed those authorized  
14 for regular officers and employees traveling in connec-  
15 tion with said activities; and

16 “(2) accept from international organizations, for-  
17 eign countries, and private nonprofit foundations, funds,  
18 services, facilities, materials, and other donations to be  
19 utilized jointly in carrying out activities under this  
20 section.

21 “(b) International programs and activities carried out  
22 by the Secretary under the authority provided in subsection  
23 (a) shall be subject to the approval of the Secretary of  
24 State for the purpose of assuring that such authority shall

1 be exercised in a manner consistent with the foreign policy  
2 of the United States.”

3 LOW-RENT PUBLIC HOUSING—CORPORATE STATUS

4 SEC. 1410. (a) The first sentence of section 3 of the  
5 United States Housing Act of 1937 is amended by striking  
6 out “a body corporate of perpetual duration to be known as”.

7 (b) Section 17 of such Act is repealed. The capital stock  
8 referred to in such section shall be retired, and the sum of  
9 \$1,000,000 represented by such stock shall be returned to  
10 the Treasury of the United States.

11 (c) Such Act is amended by inserting after section 16  
12 a new section 17 as follows:

13 “SEC. 17. In the performance of, and with respect to, his  
14 functions, powers, and duties under this Act, the Secretary  
15 shall have (in addition to any authority otherwise vested in  
16 him) the functions, powers, and duties set forth in subsec-  
17 tions (a), (b), and (e) of section 402 of the Housing  
18 Act of 1950.”

19 (d) Section 101 of the Government Corporation Control  
20 Act is amended by striking out “United States Housing  
21 Authority and including public housing projects financed  
22 through appropriated funds and operations thereof;”.

23 ELIGIBILITY FOR RENT SUPPLEMENT PAYMENTS

24 SEC. 1411. Notwithstanding any other provision of law  
25 respecting the date after which a mortgage must have been

1 approved for mortgage insurance under section 221 (d) (3)  
2 of the National Housing Act, the Secretary of Housing and  
3 Urban Development is authorized to make, and contract to  
4 make, rent supplement payments under the provisions of  
5 section 101 of the Housing and Urban Development Act of  
6 1965 to the owners of the housing projects known as the  
7 114th Street rehabilitation project and the 114th Street  
8 rehabilitation project numbered 2, in New York City, New  
9 York (project numbers 012-33501 and 012-33512).

10 CONSOLIDATION OF LOW-RENT PUBLIC HOUSING PROJECTS  
11 IN THE DISTRICT OF COLUMBIA

12 SEC. 1412. All projects now operated and maintained  
13 by the National Capital Housing Authority pursuant to title  
14 I of the District of Columbia Alley Dwelling Act are deemed  
15 to be low-rent housing projects and may be consolidated, pur-  
16 suant to section 15 (6) of the United States Housing Act of  
17 1937, into any contract for annual contributions covering  
18 projects maintained and operated pursuant to title II of the  
19 District of Columbia Alley Dwelling Act.

20 URBAN RENEWAL PROJECT IN GARDEN CITY, MICHIGAN

21 SEC. 1413. Notwithstanding the date of commencement  
22 of construction of the Florence Primary School in Garden  
23 City, Michigan, local expenditures made in connection with  
24 such school shall, to the extent otherwise eligible, be counted

1 as a local grant-in-aid toward the Cherry Hill urban renewal  
2 project (Mich. R-46) for purposes of title I of the Housing  
3 Act of 1949.

4 URBAN RENEWAL PROJECT IN SACRAMENTO, CALIFORNIA

5 SEC. 1414. Notwithstanding the date of commencement  
6 of construction of the storm drainage system in the Capitol  
7 Mall Riverfront urban renewal project (Calif. R-67) in  
8 Sacramento, California, local expenditures made in connec-  
9 tion with such storm drainage system located in that project  
10 shall, to the extent otherwise eligible, be counted as a local  
11 grant-in-aid toward that project for purposes of title I of the  
12 Housing Act of 1949.

13 SELF-HELP STUDIES

14 SEC. 1415. (a) Section 207 of the Housing Act of 1961  
15 is amended by inserting after the words "improved means"  
16 the following: " , including the study of self-help in the con-  
17 struction, rehabilitation, and maintenance of housing for low-  
18 income persons and families and the methods of selecting,  
19 involving, and directing such persons and families in self-  
20 help activities,".

21 (b) The Secretary of Housing and Urban Development  
22 shall make a report to the Congress, within one year after  
23 the date of enactment of this Act, setting forth the results of  
24 the self-help studies and demonstrations carried out under

1 section 207 of the Housing Act of 1961, together with such  
2 recommendations as he deems appropriate.

3 EARTHQUAKE STUDY

4 SEC. 1416. Section 5 of the Southeast Hurricane Dis-  
5 aster Relief Act of 1965 is amended by striking out "three  
6 years after the appropriation of funds for this study" and  
7 inserting in lieu thereof "June 30, 1969".

8 HOME OWNERS' LOAN ACT OF 1933

9 SEC. 1417. (a) Section 5 (b) of the Home Owners'  
10 Loan Act of 1933 is amended to read as follows:

11 " (b) (1) An association may raise capital in the form  
12 of such savings deposits, shares, or other accounts, for fixed,  
13 minimum, or indefinite periods of time (all of which are  
14 referred to in this section as savings accounts and all of which  
15 shall have the same priority upon liquidation) as are author-  
16 ized by its charter or by regulations of the Board, and may  
17 issue such passbooks, time certificates of deposit, or other  
18 evidence of savings accounts as are so authorized. Holders of  
19 savings accounts and obligors of an association shall, to such  
20 extent as may be provided by its charter or by regulations of  
21 the Board, be members of the association, and shall have such  
22 voting rights and such other rights as are thereby provided.  
23 Except as may be otherwise authorized by the association's  
24 charter or regulation of the Board in the case of savings

1 accounts for fixed or minimum terms of not less than thirty  
2 days, the payment of any savings account shall be subject to  
3 the right of the association to require such advance notice,  
4 not less than thirty days, as shall be provided for by the  
5 charter of the association or the regulations of the Board.  
6 The payment of withdrawals from savings accounts in the  
7 event an association does not pay all withdrawals in full  
8 (subject to the right of the association to require notice)  
9 shall be subject to such rules and procedures as may be pre-  
10 scribed by the association's charter or by regulation of the  
11 Board, but any association which, except as authorized in  
12 writing by the Board, fails to make full payment of any with-  
13 drawal when due shall be deemed to be in an unsafe or  
14 unsound condition to transact business within the meaning of  
15 subsection (d) of this section. Savings accounts shall not be  
16 subject to check or to withdrawal or transfer on negotiable  
17 or transferable order or authorization to the association, but  
18 the Board may by regulation provide for withdrawal or  
19 transfer of savings accounts upon nontransferable order or  
20 authorization.

21       “(2) To such extent as the Board may authorize by  
22 regulation or advice in writing, an association may borrow,  
23 may give security, and may issue such notes, bonds, deben-  
24 tures, or other obligations, or other securities (except capital  
25 stock) as the Board may so authorize.”

1 (b) Section 5 (c) of the Home Owners' Loan Act of  
2 1933 is amended—

3 (1) by striking out “shares” in the first sentence  
4 and inserting in lieu thereof “savings accounts or securi-  
5 ties”; and

6 (2) by inserting after the first semicolon in the  
7 second proviso the following words: “or in time deposits,  
8 certificates, or accounts of any bank the deposits of  
9 which are insured by the Federal Deposit Insurance  
10 Corporation;”.

11 (c) Section 5 (c) of such Act is amended by adding  
12 immediately after the second paragraph thereof the following  
13 new paragraph:

14 “Without regard to any other provision of this sub-  
15 section, any such association may make and invest in any  
16 loan not exceeding \$5,000—

17 “(A) for the repair, equipping, alteration, or im-  
18 provement of any real property, including the construc-  
19 tion of new structures related to residential use of the  
20 property, or

21 “(B) for the purpose of mobile home financing,  
22 subject to such prohibitions, limitations, and conditions  
23 as the Board may by regulation prescribe.”

24 (d) Section 5 (c) of such Act is amended by adding at  
25 the end thereof a new paragraph as follows:

1       “Any such association may invest in loans, or interests  
2   in loans secured by loans, obligations, or investments in which  
3   it has any statutory authority to invest directly.”

4                   FEDERAL HOME LOAN BANK ACT

5       SEC. 1418. Section 12 of the Federal Home Loan Bank  
6   Act, as amended (12 U.S.C. 1432), is amended by inserting  
7   “(a)” after “SEC. 12.”, and by adding at the end thereof a  
8   new subsection as follows:

9       “(b) Subject to such regulations as may be prescribed  
10   by the Board, one or more Federal home loans banks may  
11   acquire, hold, or dispose of, in whole or in part, or facilitate  
12   such acquisition, holding, or disposition by members of any  
13   such bank of, housing project loans, or interests therein, hav-  
14   ing the benefit of any guaranty under section 221 of the For-  
15   eign Assistance Act of 1961, as now or hereafter in effect, or  
16   loans, or interests therein, having the benefit of any guaranty  
17   under section 224 of such Act, or any commitment or agree-  
18   ment with respect to such loans, or interests therein, made  
19   pursuant to either of such sections.”

20                   TECHNICAL AMENDMENTS

21       SEC. 1419. (a) Section 110 (c) of the Housing Act of  
22   1949 is amended by striking out “paragraphs (7), (8), and  
23   (9)” in the second unnumbered paragraph following the  
24   numbered paragraphs and inserting in lieu thereof “para-  
25   graphs (7), (8), (9), and (10)”.

1 (b) Section 110(d) of the Housing Act of 1949 is  
2 amended by striking out "clauses (2), (3)" and inserting in  
3 lieu thereof "clauses (2), (3), (7)".

4 (c) Section 110(e) of the Housing Act of 1949 is  
5 amended by striking out "and (9)" in clause (i) and insert-  
6 ing in lieu thereof "(9), and (10)".

7 (d) Section 1101(c)(3) of the National Housing Act  
8 is amended by inserting "from the beginning of amortiza-  
9 tion of the mortgage" immediately after "twenty-five years".

10 (e) Section 213(o) of the National Housing Act is  
11 amended by adding at the end thereof four new sentences  
12 as follows: "Moneys in the Cooperative Management Hous-  
13 ing Insurance Fund not needed for current operations of  
14 the fund shall be deposited with the Treasurer of the United  
15 States to the credit of the Cooperative Management Hous-  
16 ing Insurance Fund or invested in bonds or other obliga-  
17 tions of, or in bonds or other obligations guaranteed as to  
18 principal and interest by, the United States. The Secretary  
19 may, with the approval of the Secretary of the Treasury,  
20 purchase in the open market debentures which are the  
21 obligations of the Cooperative Management Housing Insur-  
22 ance Fund. Such purchases shall be made at a price which  
23 will provide an investment yield of not less than the yield  
24 obtainable from other investments authorized by this sub-

1 section. Debentures so purchased shall be canceled and not  
2 reissued.”

3 (f) Section 810 (e) of the National Housing Act is  
4 amended—

5 (1) by striking out “private corporation, associa-  
6 tion, cooperative society, or trust” in the first sentence  
7 and inserting in lieu thereof “mortgagor approved by  
8 the Secretary”, and

9 (2) by striking out “corporation, association, co-  
10 operative society, or trust” in the third and fourth  
11 sentences and inserting in lieu thereof “mortgagor”.

12 (g) Section 220 (d) (2) (B) of the National Housing  
13 Act is amended by striking out “corporations restricted by”  
14 and inserting in lieu thereof “corporations or other legal  
15 entities restricted by or under”.

90TH CONGRESS  
2d Session

**H. R. 17989**

---

Mr. ST GERMAIN, Mr. GONZALEZ, Mr. MIN-  
ISH, Mr. HANNA, Mr. ANNUNZIO, Mr. REES,  
Mr. WOLFE, Mr. HALPERN, Mr. FRIEDEL, and  
Mr. PEPPER

---

JUNE 19, 1968

Referred to the Committee on Banking and Currency

House June 20, 1968

- 3 -

~~p. H5333~~

4. HOUSING. The Banking and Currency Committee voted to report (but did not actually report) H. R. 17989, to assist in the provision of housing for low- and moderate-income families, and to extend and amend laws relating to housing and urban development (p. D581). The committee was given until midnight Tues., June 25, to file its report (~~p. H5219~~).
5. MANPOWER; HUNGER. The Education and Labor Committee voted to report (but did not actually report) H. R. 15045, amended, to extend certain provisions under the Manpower Development and Training Act; and H. R. 17144, amended, to establish a Commission on Hunger. p. D581
6. VEHICLE SAFETY. Received from GSA a proposed bill "to repeal Public Law 88-515"; to Interstate and Foreign Commerce Committee. p. H5333
7. POVERTY. Rep. Berry spoke in support of the bill to grant a tax incentive to any industry which would move onto an Indian reservation and provide employment for the Indian people. p. H5219
8. LEGISLATIVE PROGRAM. Rep. Albert announced that on Mon. the House will consider bills on National Wildlife Refuge land disposals and use of the metric system, and on Tues. and the balance of the week the farm bill, the federal-aid highway bill and the Labor-HEW and legislative branch appropriation bills. pp. H5320-1
9. ADJOURNED until Mon., June 24. p. H5333

#### SENATE

10. APPROPRIATIONS. H. R. 17734, the second supplemental appropriation bill, 1968, which includes items for defense, increased pay costs for Federal employees, and grants to states for public assistance, was reported by the Appropriations Committee June 19, during adjournment (S. Rept. 1269). Attached to this Digest is a table showing the committee action on the bill.
11. HOLIDAYS. The Judiciary Committee voted to report (but did not actually report) H. R. 15951, to provide for uniform annual observances of certain legal public holidays on Mondays. p. D579

#### EXTENSION OF REMARKS

12. FEDERAL AID. Rep. Dellenback inserted portions of Gov. Rockefeller's address in which he proposed a "totally new system for distributing Federal funds to States and localities." p. E5649
13. EMPLOYMENT. Rep. Joelson expressed hope that the Senate would restore funds for the Equal Employment Opportunity Commission. pp. E5658-9
14. INFLATION. Rep. Berry inserted an article which shows that inflation has boosted taxes to the highest levels in history. pp. E5661-2

15. CENSUS. Rep. Nelsen proposed drastically cutting down the mandatory questions in the 1970 census. pp. E5663-4
16. MONETARY PROBLEMS. Rep. Rhodes, Ariz., commended and inserted a speech which presents a "perceptive analysis" of this Nation's monetary problems. pp. E5674-7
17. OPINION POLL. Rep. Minshall inserted the results of a questionnaire, including items of interest to this Department. pp. E5682-3

BILLS INTRODUCED

18. PERSONNEL. H. R. 18023 by Rep. Denney, to protect the civilian employees of the executive branch of the U. S. Government in the enjoyment of their constitutional rights and to prevent unwarranted governmental invasions of their privacy; to Post Office and Civil Service Committee. Remarks of author p. E56.
